have got to see that the dry areas get more quantity of water. We do not want to neglect them. Our idea is to see that the dry areas are given the required amount of water. That is exactly our idea in having the National Water Grid. I do not want to take much time of the House in this regard. It would have been better if the hon. Members will meet me in the Central Hall so that it would be my privilege to explain everything to them and to take their suggestions. There is nothing fixed in the matter. There is no necessity for the hon. Members from West Bengal to feel that the National Water Grid will effect Calcutta.

What I want to submit is this. The national water grid which we are conceiving of is with a view to seeing that enough water is given for the development of dry areas in the country and nothing more than that. I am very glad to note that many hon. Members have thrown out many suggestions. And everybody wants that water should be treated as a national resource and that we should have National Water Council. This is a very good suggestion. In fact, we are moving in that direction. A bill has been drafted and the hon. Prime Minister has requested the various Chief Ministers to give their own opinions. We are waiting for replies. After the opinions are received, we shall do the needful in the matter. Under our Constitution, that is necessary. I am very glad to note that nobody has spoken against this.

Shri Modak had said that minor irrigation was not being given the proper importance and no mention is made in this report with regard to that. I want to submit that the minor irrigation belongs to my very distinguished senior colleague, Shri Fakhruddin Ali Ahmed Saheb. It is under the Ministry of Agriculture. That Ministry is spending quite a lot of money. They have spent as much as Rs. 1400 crores. From the private funds, Rs. 1,200 crores was spent totalling to nearly equal to the amount

spent on major and medium irrigations. You all know the importance of the minor irrigation.

Shri Mirdha referred to the Rajasthan-Nagaur link. That is exactly the idea of the national water grid. We have got an idea of taking the canal from Chambal along the Banas river and going over the hump at Ajmer, Bikaner and then into the Rajasthan Canal. Through Shri Ranabhadur Singh, Dr. Karni Singh has wanted that Churu district should be irrigated. These are really bad, drought-affected areas. It is our endeavour to see that these areas are irrigated.

I am glad many hon. members including Shri Ranabhadur Singh referred to the Bansagar project. It is an extremely valuable project across the Sone river. Three States—U.P., M.P. and Bihar are involved in it. We have got near agreement but still in matters like these last minute troubles arise. We are only hoping that we would be able to sort them out and take up the project.

Shri Mahajan was saying that Pong Dam is a blunder. Perhaps he said it in a rhetoric. But he tried to support it by saying that half a million tonnes of food is lost by submerging of land the additional food production will be only 1 million tonnes. It is not so. The facts are that Pong Dam will irrigate 30 lakhs of acres and 3 million tonnes of foodgrains will be produced. The land submerged is capable of giving only 24,000 tonnes of foodgrains. So, it is not a blunder. It is something different.

I shall now come to power.

SHRI BIBHUTI MISHRA: What about Gandak?

DR. K. L. RAO: Mishraji and Tiwarji mentioned about Gandak. I am glad the Minister of Agriculture is here. It is a very important project. Gandak Project is probably the biggest project in India. It irrigates 38

lakh acres and will produce crops like rice and sugarcane. Bhakra irrigates 34 lakh acres, but there the use of water is very restricted. Only 8 million acre feet of water is used in Bhakra. For the same area, we are using twice the quantity of water in Gandak Project because there is plenty of water in Gandak; it is three times the size of Sutlej. We are going to produce a lot of foodgrains. It is a very important project. We have spent Rs. 144 crores on it. Out of a potential of 7 lakh acres, our utilisation has been only 3 and half lakh acres. A number of committees have gone into the slow progress of irrigation. We know what exactly the difficulties are. We have to sort them out. I wanted to discuss it with Mr. Fakhruddin Ali Ahmed and the Chief Minister. The time has come when we should get into action. All the committees have pointed out that there are lot of delays in acquiring the necessary land. There are gaps in small channels where everybody wants bridges. Then there are some areas like Sikrana which are subject to floods and some flood protection works must be constructed. So, there are some obstructions which are making the progress slow. I am so sorry that after spending a considerable amount of money—Rs. 144 crores out of Rs. 224 crores which is the total cost—we have not advanced very far. Actually we should have done at least 15 lakh acres. This is something which we should go into very carefully. Also, we have only one Development Commissioner for the entire area.

I think it is high time that we should divide it into patches of 10 lakhs of acres and have teams to give a push in the matter of development and use of this water. There can also be some special development officers and land acquisition officers so that the work may be pushed on with vigour. There are some of the aspects which we have to look into. I agree with the hon. Members that we have to pay attention to this.

SHRI BIBHUTI MISHRA: Is the Central Government going to take over the Gandak Project?

DR. K. L. RAO: The take-over is a very big controversy. We are most anxious to see that the project comes into being. That is the most important thing.

SHRI KRISHNA CHANDRA HALDER: Because of the recurring floods in the river Damodar, is it true that they are considering two dams?

DR. K. L. RAO: As I said in the beginning, 50 hon. Members have participated in the discussion and each member has mentioned at least five projects. So, I am selecting only the most important ones. If I have got time at the end, I will refer to the other projects.

AN HON. MEMBER: What about the Brahmaputra Flood Control Board?

DR. K. L. RAO: As my colleague stated when he intervened in the debate, the Brahmaputra Flood Control Board is going to be appointed under the Central auspices with the Chief Minister of Assam as Chairman. A Bill is under preparation for that. When it is ready it will be circulated to the State Governments for comments and then it would be possible to take action.

Regarding Jalkundi, it is indeed a very good project. Unfortunately, it is located completely inside Nepal territory. If the U.P. Government is anxious to take it up, we have to undertake investigations for which we have got to take the permission of Nepal. We are helpless in this matter.

As the time at my disposal is limited, I will now come to the most important subject of power, to which every hon. Member has referred. As hon. Members have said, power is a very important infra-structure, the tool in order to forge the economic

growth and social well-being of a country. During the last ten years we have done very considerable work. From a mere 7 million kw, we have now gone on to 18 million kw. We have been adding at the rate of one million kw. every year and this in turn has created a thirst for power and now a situation has come when you cannot go back, you must go on generating more and more power. It has become absolutely essential for us to see that more and more power is generated. If there is shortage of power it will create a difficult situation. As it happens, the little power shortage we have this year has caused such immense damage more than the damage that has been caused to this country in the worst year of floods, cyclones and drought combined together. The total damage that has been done to this country through all these three calamities is much less than what has been caused by the power shortage. Therefore, it is absolutely necessary for us to see that power is made up. If we are not able to make up power, then it is much better to go slow with economic developments than to create a power shortage.

The present conditions are that power must be used on a big scale, on an adequate scale. Our calculations show, either of the Planning Commission or of the Ministry, that essentially we should add 18-20 million kv. of power in the Fifth Plan. A question can be asked: How can you do that? We have been adding only 1 million kw. of power, how are we going to add 3-4 million kw. every year? This is a natural question that the hon. Members are entitled to ask. But the other side is that, if you do not do that, the country is going back. That is the main point.

For example, in the field of rural electrification, whereas 10 years back, the number of pumping sets was only 3 lakhs, today it is 22 lakhs. We want to have 25 lakhs more of pumping sets in the next five years. Where

from are we going to get power for all these pumping sets? The power has to come. Otherwise we better stop here. We have set up the Rural Electrification Corporation. In every rural area, they are setting up projects in every corner of the country. The rural India has been awakened and the rural India wants power. The industries want power. Everywhere, there is a demand for power. Therefore, the situation has developed that we must develop power to meet the needs of our country.

Then, a point was raised about transmission losses. It is often said about transmission losses that it is something bad. It looks as though, if you save 1 per cent of the transmission losses shortage will be made up. Transmission losses are particularly heavy in five States, namely, Punjab, Haryana, Uttar Pradesh, Andhra Pradesh and Tamil Nadu. It is in these States that the percentage of agricultural load is the highest. It is more than 20 per cent. That is, in those States where the power used for agricultural purposes is much more than in other States, the loss is more than 20 per cent. In Tamil Nadu and in Punjab also, more than one-fourth of power is used only for agriculture. In such areas, naturally, the loss is more. The power is supplied through the induction motors and these reduce the power factor. Also a number of loads are also added on the same line from time to time. So, the losses are very heavy in rural areas. I have set up an investigation staff in Punjab and other areas to go and find out what are the losses and what are the remedies to be taken up. In fact, I have advised the Rural Electrification Corporation to participate in investigations to see what can be done. As a result of the preliminary investigations, we find that it is possible by using what we call capacitors, a small device costing about Rs. 200 for each motor, the power loss can be reduced by nearly 5-10 per cent. In this way, the power factor can be improved. Therefore, we

are now directing hereafter the people who are going to have connections to provide capacitors also. Then, the number of distribution lines must also be multiplied. On the same line, if you go on adding any number of pumps, any amount of load, that will result in voltage fluctuation and the losses are high. I am glad to say that the Rural Electrification Corporation has set up a 'system improvement' loan, a separate loan, which will be given to the State Electricity Boards to reduce losses. The loan is on concessional rate. So, that will be an incentive for them. By doing all this, in the next year, we hope to have a reduction in the losses to the extent of nearly 5-10 per cent. As I submitted, the transmission losses are not heavy in other States. In the case of Orissa it is six per cent. Even in the best European country, it is more than six per cent. It is so because no power is used in Orissa except for the main industries; no appreciable power is used in rural Orissa. Generally, the losses are 11 to 12 per cent in advanced countries. Our aim is to reduce the losses to 12 to 15 per cent in the first instance and we are taking necessary steps for that. But that is not going to help very much in the matter of power generation. In power generation, you must go in a massive way. Our efforts must be to develop as much power as possible.

Some hon. members have referred to a number of projects....

SHRI SHYAMNANDAN MISHRA (Begusarai): There has been a view expressed that our power installations have been working only to the extent of 38 per cent of their capacity, and that view goes uncontradicted. Would you throw some light on that?

DR. K. L. RAO: I would tell you, I thought I would not spend time on that. Take, for example, the power stations in our country. Most of the thermal power stations are worki

[Dr. K. L. Rao]

very well except in the eastern sector, that is to say, Bihar and Bengal, and in Tamil Nadu at places called Neiveli and Ennore. Except these places, the others are working very well. We generally consider 4,500 hours in a year as good working hours.

SHRI SHYAMNANDAN MISHRA: What is the overall figure?

DR. K. L. RAO: If a machine works 4,500 hours in a year, we consider that the plant is working very well, because it has got to undergo maintenance repairs two months in a year and there are many other considerations. Therefore, a performance of 4,500 hours in a year is quite good. In England, the thermal stations are working 4,500 hours in a year. All over the world, quite a number of countries work about that limit—4,500 hours in a year. There are some small stations like Amarkantak and Nellore which work 7,000 hours. Unfortunately, stations like Patratu, Talcher—Talcher is one of the very bad stations in Orissa—Durgapur and Bandel are working at less than 2,000 hours or 3,000 hours....

AN HON. MEMBER: Why so?

DR. K. L. RAO: There are quite a number of reasons for that, and I will not go into them now. What I would submit is that, by and large, in this country, the thermal stations are not doing badly except in the eastern sector. I will briefly say why the eastern sector is like that. The main reason is that, in the eastern sector, we use coal very indiscriminately, and coal in that area contains abrasive material, machines get worn-out. We have repeatedly asked them to use three-stage washeries—to use the coal from the middle washery and not to use the last one. But they have not introduced it with the result that things are bad. Also, some of the machines supplied at that time have been bad. Also, the machines

are old. These are some of the reasons. But we have got two committees. We are watching very carefully to improve, as much as possible, the thermal stations in the eastern sector....

SHRI SHYAMNANDAN MISHRA: Why do you not give us the figures about overall utilisation? What is the overall figure?

DR. K. L. RAO: Each station has got a different capacity. I can give you the list; I shall send you the list giving the information in the case of each State.

SHRI JYOTIRMOY BOSU (Diamond Harbour): The Eastern States are far below the national average. What steps are you going to take to bring them on par with other States?

DR. K. L. RAO: What the hon. Member is talking about is the per capita consumption of power. At the end of the Fourth Plan the per capita consumption will be 120 kilowatt hours. But, there are as many as seven States where the per capita consumption is only 60—120. Assam is still worse. It is only 30.

SHRI D. K. PANDA: Orissa.

SHRI M. SATYANARAYAN RAO (Karimnagar): Andhra Pradesh is the second lowest.

DR. K. L. RAO: Lowest is Assam—30.

SHRI BIBHUTI MISHRA: We are the worst.

DR. K. L. RAO: North Bihar is so.

What I am submitting is that there is an imbalance of power consumption in this country. We have got to rectify these things by putting up more generating stations and that is the plan we have got for the Fourth Plan. It is a difficult problem but

we have got to do it because power stations in India give the support for all developmental activities and it is also a source of employment for the local areas and also for the development of that area.

I am sorry, with regard to the Muzaffarpur power station, the technical experts' committee passed it a year back, but, still it is lingering. It has not yet been sanctioned by the Planning Commission.

There is one thing about rural electrification. There are four States—Assam, Bihar, West Bengal and Orissa, where rural electrification is very bad....

SHRI JYOTTRMOY BOSU: What are you going to do to bring them to the level of other States?

DR. K. L. RAO: The Rural Electrification Corporation has given considerable sums of money to these four States. For example, West Bengal was given Rs. 21 crores and similarly, other States also have been given, though Assam got a much smaller amount. But, what we find is that the implementation is very slow. It is not moving. The hon. Member there is very active, but he is not pushing up matters in his own State..

SHRI M. SATYANARAYAN RAO: He is active in the Parliament, but not in the field.... (Interruptions).

DR. K. L. RAO: I have discussed this matter with the Chairman of the Rural Electrification Corporation and we are going to post a special officer at Gauhati, one special officer in Bhubaneswar and see that more schemes could be taken up and also see to the implementation of those schemes.

SHRI D. K. PANDA: They are moving slow, that officer also will join hands with them. I want to know whether Mr. Rao will be prepared to publicly censure such of the

State Governments which are not moving swiftly.

DR. K. L. RAO: What I want to submit is that we have got to watch these four States very carefully. We are trying to see that we have a separate cell for each State to watch the progress. But, in the beginning, there are always difficulties. I do not blame them really, because, in the beginning, unless it is organized, it is difficult. For example in Tamil Nadu, six lakhs of pumping wells have come up....

SHRI DINESH CHANDRA GOSWAMI (Gauhati): Have you got any targets set to remove these imbalances?

DR. K. L. RAO: That depends upon implementation.... (Interruptions).

I have got a few things more to say. The Chair will ring the bell at 5 p.m.

An hon. Member referred to Geothermal power. We have hot springs in Manikaran in Himachal Pradesh. There, the steam is coming out of the ground and that steam can be utilised for generation of power. There is also a similar place in Konkan on the Western Ghats and some other areas. We have consulted the United Nations expert who was here last month and he has given a very useful report and he has gone back and we hope to start investigation in the month of September or October after the rains are over. This is real mighty source and if we could tap it, we would then be producing power on a big scale. However, it is just a chance, like oil drilling. As you all know, earth is a gigantic furnace except the top mantle of about 10 to 20 miles which is only coal. The rest is hot, completely hot and as soon as the water gets in contact with this, steam is generated and it gets locked up and that provides the basis of geothermal generation of power.

[Dr. K. L. Rao]

Then, Sir, there is one more point about rural electrification which I wish to deal with.

The hon. Member who spoke on this subject said that we have electrified 1.34 lakhs of villages, but since we have got 5.66 lakhs of villages, we will be taking at least 50 years to electrify all the villages. I wish to point out that of these 5.6 lakhs of villages that we have, villages of 3.5 lakhs are having population less than 500. Eighty per cent of the rural population live in 2.1 lakhs of villages. I wish to repeat this, so that this may be clearly understood, namely, that out of 5.6 lakhs of villages, eighty per cent of our rural population live in 2.1 lakhs of villages, but on the other hand we have got 20 per cent population living in 3.5 lakhs of villages. Therefore, what we are trying to do is to electrify as far as possible the bigger villages. With the rural electrification that we have done so far we have served 40 per cent of our rural population and we hope to cover 80 per cent by the end of the Fifth Plan. Only 20 per cent will be left who are living in small villages. We have to depend for the electrification of the smaller villages on what is called the Fuel Cell. Last time when I went to the United States I saw they were about to market the Fuel Cell. This is a small box containing all the parts. kerosene or natural gas is used as fuel. Power is produced that is sufficient for two or three pumping sets. This will serve the villages which are very small in size. If by the next 15 years we will be able to develop the fuel cell I am sure this will be the answer to some of our smaller villages. We hope to cover 80 per cent of our population in the next five years. If the Fuel Cell is developed, we will be able to give power throughout the country in the succeeding decade.

There is one other interesting point which I wish to tell to hon. Members. India is a very interesting country.

Even in advanced countries you have got to do much of propaganda or promotional activity but in our country it is not like that. There is a huge backlog of applications for pumpsets. Intelligent as they are, our people have known the value of electricity and therefore there is no necessity of promotional activity in this country. Just tell them: Here is electricity. They will take it up and there will be no difficulty at all. It is our earnest endeavour to serve the rural population with electricity as early as possible.

Some references were made about local power houses, Gorakpur area, Vijayawada Thermal Station and a few hon. Members referred to some local areas. Gorakpur must have come a long time back. It is very important to have a power house in the eastern U.P. That is what we are trying to do. The hon. Member from Laccadive said that power is supplied at high cost. He comes from a remotest island. Diesel has to be taken there. If there is any possibility of bringing coal to that area or if there is any other possibility of generating more power there, I will look into it.

SHRI D. K. PANDA: I raised an important question about the Gujarat Government having sold one thermal power station.

DR. K. L. RAO: I have been asked about it a number of times and I have relied about it many a time. That particular power station has got additional steam. Steam is being wasted. It will be useful for an industry and hence the transaction. It is a small power station.

SHRI K. SURYANARAYANA (Eluru): I had asked about the Vijayawada thermal station. The technical sanction of the Government of India and Planning Commission has already been obtained.

DR. K. L. RAO: Vijayawada thermal station is yet to be sanctioned by Planning Commission. The technical committee has passed. I only hope that it will be sanctioned soon and taken up.

In final conclusion I would say power Supply is indeed an important and a challenging task. We must realise that a large amount of work lies ahead of us. I have already asked for a separate rural load survey to be conducted so that we may know what are their wants going to be. An enormous load is going up. It is our task to see that we supply power for those loads. If we look back on our past performance we will not be able to do it. We must know that we do not exist to repeat the past but to build up a better future which will bring prosperity to us all.

SHRI BIBHUTI MISHRA: What are you going to do about water-logging?

MR. CHAIRMAN: One by one, please. Mr. Kotoki.

SHRI LILADHAR KOTOKI (Now-gong): I had stated that the Governor of Assam in his Address to the Legislative Assembly had said that the Government of Assam had agreed to the draft legislation for the Centre to take over the control of the floods of the Brahmaputra. I would like to know when Government are going to bring forward that legislation. My hon. friend Shri Tarun Gogoi has also wanted to know whether Government are going to introduce the Bill during this session or else how soon Government propose to bring forward the legislation. That is a question to which our people would like to have an answer.

SHRI VIRBHADRA SINGH (Mandi): The hon. Minister has just now stated that the policy is to electrify villages which have a population of five hundred

and above. I would like to point out that this policy cannot be applied to the villages in the hills where most of the villages have a population of less than five hundred. So, the policy in regard to rural electrification in the hill areas cannot be the same as that for the villages in the plains.

SHRI DINESH JOARDER: The hon. Minister has referred to the necessity of generating more power for the north-eastern part of the country. What about the thermal plant that was to be set up at Dalkhola? It has been announced that that power plant is now going to be shifted to some other place. I would like to know whether this is correct, and how long it would take to set up the plant. Again, in regard to the Mahanandi river, flood control scheme a complaint had already been made by me in this House earlier today and I would like the hon. Minister to reply to these questions of mine.

SHRI KRISHNA CHANDRA HALDER: It has been stated that to save the embankments on the Lower Damodar, we have to construct two dams in Bihar, and it is known that Government have acquired land for the construction of the two dams. I would like to know whether this is a fact or not. I would also like to know whether Government are going to take up the Ajoy project or not during the Fifth Five Year Plan.

श्री रामावतार झा (पटना) :
सभापति महोदय, बिहार के अखबारों में जोरों से चर्चा हो रही है कि इलैक्ट्रिसिटी बोर्ड का ईस्टर्न जोन का जो दफ्तर पटना में है, उसे वहां से हटा कर कलकत्ता ले जाने की बात चल रही है, क्या यह बात सही है, यदि हां, तो इस के क्या कारण हैं ? जो थर्मल पावर स्टेशन कटिहार में बनाने की मांग उठ रही है, जिस के बारे में वहां के प्रतिनिधियों की मंत्री महोदय से बात भी हो चुकी है,

[श्री रामावतार शास्त्री]

उस के बारे में मंत्री महोदय की क्या राय है?

SHRI MOHANRAJ KALINGARAYAR (Pollachi): The hon. Minister in his speech did not throw much light on the Cauveri water dispute on which two States are having a big problem for a very long time. Would the hon. Minister tell us more in detail about this?

SHRI JYOTIRMOY BOSU: According to the information that I have before me, the percentage of villages electrified in the eastern zone is as follows: in Assam, it is 2.5, in Bihar 11.79, Orissa 2.71 and in West Bengal it is 7.89 whilst the national average percentage is 19.89. Will the hon. Minister kindly tell us what specific steps he wants to take with a time-bound programme in order to bring these States on a par with the national average?

श्री कमल मिश्र मधुकर (केसरिया) : मैं जानना चाहता हूँ कि उत्तर बिहार में मुजफ्फरपुर और मोतीहारी के बीच में जो थर्मल पावर स्टेशन बनाने की मंत्री महोदय ने घोषणा की है, लेकिन कोई कार्यवाही नहीं हुई है, उस के बारे में सरकार कब तक कार्यवाही करने जा रही है ?

SHRI B. N. REDDY (Niryalguda): Recently, the hon. Minister himself had declared in Andhra Pradesh that in respect of power, Andhra Pradesh was in a grave crisis and steps should be taken to meet at least its minimum requirements. I would like to know what steps have been taken in this regard.

SHRI M. SATYANARAYAN RAO: Although we have got plenty of coal and all raw materials to generate electricity in Andhra Pradesh, yet Andhra Pradesh is the second lowest in the country. Is it because Dr.

K. L. Rao who is the hon. Minister in charge is not in a position to do anything, because he belongs to Andhra Pradesh. This is a fact. I would like to know the reasons for not generating electricity in Andhra Pradesh in spite of raw materials being available there.

SHRI VASANT SATHE: With a view to conserving electricity, are Government thinking of having a national power grid, and how soon it is planned to be brought into effect?

श्री भागीरथ भंडार (शाबुआ) : मैं मंत्री महोदय से जानना चाहता हूँ, नर्वदा प्रोजेक्ट के बारे में बहुत लम्बे समय से विचार चल रहा है, कितने समय में निर्णय उस में हो जायगा ? आखिर इस की कोई सीमा तो होनी चाहिए ।

SHRI BHALJIBHAI PARMAR (Dohad): I would like to know when the award in regard to the Narmada river dispute which is to be given by the Prime Minister will be given.

श्री राम कवर (टोंक) : राजस्थान एक ऐसा प्रदेश है जिसका कोई न कोई कोना सूखे से, अकाल से हमेशा पीड़ित रहता है । तो राजस्थान के लिए कोई विशेष योजना बिजली की मंत्री महोदय बना रहे हैं ? दूसरी बात बिजली के नये कनेक्शन जो दिए गए हैं पिछले दो तीन सालों में उस की पद्धति कुछ ऐसी है कि जिन किसानों को कुओं में पानी बहुत थोड़ा था, जो बहुत कम बिजली इस्तेमाल कर पाए उनके भी बिजली के बिल चार चार सौ पांच पांच सौ रुपये आ गए हैं । यह क्या पद्धति है कुछ समझ में नहीं आती । किसान इससे बहुत परेशान हैं । इसकी तरफ मंत्री महोदय ध्यान देंगे ?

SHRI PARIPOORNANAND PAINULI (Tehri-Garhwal): Is the hon. Minister aware of the fact that the highest dam in Arisa the Tehri Dam, is being delayed simply because the

problem of rehabilitation of and compensation to all the oustees is not being solved? Would the hon. Minister announce in this House that this problem would be tackled soon so that there is no further delay in the execution of this project?

SHRI ARJUN SETHI: I would like to know when the hon. Minister is deputing a central team to finalise the location of the site of the proposed Bhimkund dam project in Orissa.

श्री पन्नालाल बारपाल : मैं जानना चाहता हूँ कि मेरे निर्वाचन क्षेत्र गंगानगर में बहुत से नलकूप लगे हैं लेकिन आज तक उनको विद्युत शक्ति नहीं दी गई है, आप कब तक उनको विद्युत शक्ति देने वाले हैं और दूसरी बात—राजस्थान एलेक्ट्रिसिटी बोर्ड के चेयरमैन को हटा कर क्या उसके खिलाफ सी० बी० आई० की एन्क्वायरी कराएंगे या नहीं ?

SHRI SHIVAJI RAO S. DESHMUKH (Parabhani): Is the hon. Minister aware of the fact that he is being blamed increasingly in the national press as the principal figure responsible for the power shortage in the country, particularly since the power shortage is not totally due to failure of rains and consequent lack of water, but also due to reduction in thermal power and more so reduction in nuclear power generated as in the Tarapur Nuclear Power station the power generated is hardly the size of an atom?

SHRI C. D. GAUTAM (Balaghat): I would like to know when the Upper Venue Ganga project in Sawni district and the Seethakasa project in the Balaghat district, both in MP, will be undertaken.

SHRI D. K. PANDA: What steps are Government going to take to overcome the power shortage in Orissa by

linking Joda with Chandil and linking Talcher with Mohana so as to meet the requirement of 15 mm. for the Berhampur area and the additional requirement of the Raigada area?

SHRI MADHURYYA HALDAR (Mathurapur): I would like to know about the Sunderbans Delta project which will irrigate 10 lakh acres of land in that area and also about the drainage sluices in that area.

SHRI SHIVNATH SINGH (Jhunjhunu): The other day, the hon. Minister, in reply to an unstarred question, stated that the engineers in Rajasthan have made a survey and demanded 40,000 cusecs of water from the Ganges floodwaters. Now, the Minister has said that there is no decision yet taken and that the question will be decided when the national grid system is taken up and discussed. Now, the national grid system is a long term question. Would the hon. Minister think over this question again and give his earliest consideration for Rajasthan?

DR. K. L. RAO: I find that the hon. Members have repeated what they had said in their speeches in order to get answers. I shall reply to them briefly.

The first question was about the waterlogging in the Gandak area. As I have said in the course of my reply, especially on the upper reaches of the Tirhut canal, there is waterlogging due to flooding and so on. In that area we have got to investigate some schemes. They have been investigating one Sikrana embankment and that is coming with a sanction of about Rs. 5½ crores. Later on also, in North Bihar, in the higher reaches, it is very important for us to do a lot of investigation. It is not so in the Saran district; it is plain, and there is no drainage problem and there is no difficulty. But in Tirhut canal, we have to be very careful. I have asked the Government of Bihar to go into it very

[Dr. K. L. Rao]

thoroughly and prepare schemes. There is no escape from it. As irrigation develops, all these defects will be rectified.

Then there was a question about rural electrification of the hills. The rural electrification on the hills, we have to do it by microhydel schemes in some areas, with smaller, local sources of water falling. But it is always very costly. So, we have to try to get power as much as possible from the main transmission lines. For example, when the Bacheswar project comes up, there will be ample power. It is awaiting approval of Government of Nepal as it concerns both the State Government and Nepal. What is necessary there will be done to produce power. Anyway, I would submit to the hon. Member from that particular area that if they come up with any specific suggestions we will try to pursue the matter and try to see that these projects in those particular areas are sanctioned.

Several Hon. Members rose—

MR. CHAIRMAN: Order please. No more questions. Let him reply and finish. No interruptions please.

DR. K. L. RAO: Then, about the Brahmaputra, and the Brahmaputra Control Commission, the hon. Member asked when that legislation will come. At the moment, what is happening is, we have prepared the draft Bill and it is under scrutiny by the Ministry of Law. They promised to give it on the 15th. Today, it is the 16th. Yesterday it must have come in. The only point here is, after it comes in, it has to go back again to the Assam Government for their scrutiny and general approval and then come back again. If it comes in time we can take it up; otherwise, it will have to wait.

Then, about the Dhalkola power station, I do not know why there should be so much excitement about

this and Katihar. What we want is power, and not this kind of excitement. We want to try to do it and locate the power station. Two States are in need, and we want to locate, if possible half the power house in West Bengal and half of the power house in Bihar, and try to sanction the project. Nobody has shifted the location of the Power House. Nothing like that is under consideration. The project has yet to be sanctioned by the Government of India. I suggested that the Government of India's money may be spent on it because the States involved are very backward, especially north Bihar and West Bengal. It is under consideration. If it were purely a State project, say, at Malda or Katihar, they would have sanctioned it straightaway. There would have been no difficulty. But this has to be gone into, in all the details. With regard to the lower Damodar and Ajoy rivers, there was discussion between the Chief Minister of both the States in August of last year. The Chief Minister said that they would discuss it between themselves. They appointed a study team, and in the study team, the items are under study are the Ajoy river, the areas required, the construction of the dam, all these subjects. The study team has not submitted its report. After the report is submitted to the Chief Ministers, they would approach the Union Minister of Irrigation and Power for assistance, later on, if necessary. That is the condition. I would come in only at the stage when there is difference between two Chief Ministers. I do not come in if they settle it between themselves.

There was mention about the shifting of office to Calcutta from Patna. I am sorry I do not know it myself. I shall go into that question. Officers probably had some reasons for the existing state of affairs and the location of load despatch Station I shall go into that.

About the Inter-State Cauvery river water dispute referred to by my hon. friend, there is nothing I can say now.

It is for the State Chief Ministers to meet. They will meet on the 29th of this month, all the three Chief Ministers. This particular dispute is a difficult one. In fact one of the ideas of the national water grid is to feed the Cauvery a little more, so that the dispute may resolve itself. About the Muzafarpur station, about Dalkola also, I have already submitted what we have done. These are pending clearance by the Planning Commission. The main trouble about such projects is perhaps lack of money. For these projects there was no money in the Fourth Plan and therefore they have got to wait for the Fifth Plan. This way it creates delay. Delay means power shortage in the country. I have been pressing for such projects to be sanctioned and started. I shall press again as hon. Members are anxious about it.

Two Members asked the reasons for the power situation in the Andhra Pradesh. The reason is simple; the neglect of the State Government not to attach importance to power. In this country there are some States which have not attached importance to power and Andhra Pradesh is one of them. They attached more importance to irrigation and they spent a lot of money. Largest amount of money on irrigation compared to other States was spent in Andhra Pradesh. I quite agree that Andhra Pradesh has coal and hydel sources. It should have been one of the States which should have supplied power rather than borrow from other States. At present it is a very unhappy state of affairs. I hope, in the years to come, we shall be able to push forward with power development scheme. It would mean that they may have to sacrifice on some of the other sectors and put in their finance in the power sector.

We have been trying to develop national power grid. We have got good transmission system and we can send power right from Jammu down to the far south. But we cannot do

that in a very big way unless we put in 400 KV lines. But as I explained we can send some power even now. Mysore sent to Gujarat last year some power when Mysore had a plenty of power. Reference was made to Narmadha project. In such questions difficulties will always arise. A lot of emotions are built up. The hon. Prime Minister took great care and trouble to give all chances to the parties to give as much representations as possible. They have represented once, twice, thrice. All the representations have been made to her and she is seized of the matter.

I hope that there will be no other obstacle. When the main decision comes, we should accept it without any further hesitation. That is the main problem. Especially, in the case of water, a large amount of emotion is built up.

As I said, Rajasthan is one of the several States which stand again considerably from a national water grid. Ganga water will be let down into Narmada and from the Narmada river water flows to Rajasthan areas. Thus Rajasthan depends for water on other States. That is why Rajasthan gets better attention than other States.

As regards U.P., it has not got money now to take up actively the Teri Project. Now that the Fifth Five Year Plan is coming in, funds would be made available to new projects. About the Bhim Kund and Rangati, there is a lot of controversy. Actually, we have allotted some money. Both the projects are subjected to controversy. There are two parties involved. When we do something controversy starts. We are trying to settle this.

There is some difficulty about power supply in Orissa. Talcher-Balimela transmission line is under construction now. The main line from Thiruvilla to Balimela will be completed in a short period of time. Then there will be power supply from

[Dr. K. L. Rao]

Balmela to Ganjam. But connection between Thiruvilla and Talcher will take a long time because, if I remember correctly, the distance between these two places will be 320 k.m.. So, that will take some time.

About Tiesta Project, both in Bihar and West Bengal about 10 lakhs of acres will be irrigated. We have got to discuss with our great neighbour, Bangla Desh. Two parties are involved. It will take some time. We have asked Bihar and West Bengal to settle various details regarding the project. Beyond this, I am afraid, I cannot say anything about this since I have already exceeded my time.

17.30 hrs.

[DR. SARADISH ROY in the chair]

MR. CHAIRMAN: There are some Cut Motions which have been moved. I shall put all of them together to the vote of the House.

All the Cut Motions were put and negatived.

MR. CHAIRMAN: The question is:

"That the respective sums not exceeding the amounts on Revenue Account and Capital Account shown in the fourth column of the order paper be granted to the President to complete the sums necessary to defray the charges that will come in course of payment during the year ending the 31st day of March, 1974, in respect of the heads of demands entered in the second column thereof against Demand Nos. 63 to 65 relating to the Ministry of Irrigation and Power."

The motion was adopted.

[The Motions for Demands for Grants which were adopted by the Lok Sabha, are reproduced below—Ed.]

DEMAND NO. 63—MINISTRY OF IRRIGATION AND POWER

"That a sum not exceeding Rs. 8,29,84,000 on Revenue Account be granted to the President to complete the sum necessary to defray the

charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Ministry of Irrigation and Power'."

DEMAND NO. 64—IRRIGATION AND FLOOD CONTROL SCHEMES

"That a sum not exceeding Rs. 12,94,81,000 on Revenue Account and not exceeding Rs. 7,01,33,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Irrigation and Flood Control Schemes'."

DEMAND NO. 65—POWER SCHEMES

"That a sum not exceeding Rs. 4,91,12,000 on Revenue Account and not exceeding Rs. 56,32,07,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Power Schemes'."

17.31 hrs.

MINISTRY OF AGRICULTURE

MR. CHAIRMAN: The House will now take up discussion and voting of Demands Nos. 1 to 9 relating to the Ministry of Agriculture, for which 6 hours have been allotted. The Minister of Parliamentary Affairs has suggested that the time may be increased by 3 hours, I hope the House agrees to it.

HON. MEMBERS: Yes.

MR. CHAIRMAN: Hon. Members present in the House who are desirous of moving their cut motions may send slips to the Table within 15 minutes indicating the serial numbers of the cut motions they would like to move.

DEMAND No. 1—DEPARTMENT OF AGRICULTURE

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 1,21,88,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Agriculture'."

DEMAND No. 2—AGRICULTURE

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 70,79,90,000 on Revenue Account and not exceeding Rs. 239,06,33,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Agriculture'." *

DEMAND No. 3—FISHERIES

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 2,63,34,000 on Revenue Account and not exceeding Rs. 75,25,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Fisheries'."

DEMAND No. 4—ANIMAL HUSBANDRY AND DAIRY DEVELOPMENT

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 2,78,30,000 on Revenue Account and not exceeding Rs. 12,12,86,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Animal Husbandry and Dairy Development'."

DEMAND No. 5—FOREST

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 4,84,43,000 on Revenue Account and not exceeding Rs. 4,17,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Forest'."

DEMAND No. 6—PAYMENTS TO INDIAN COUNCIL OF AGRICULTURE RESEARCH

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 28,45,94,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Payments to Indian Council of Agriculture Research'."

DEMAND No. 7—DEPARTMENT OF FOOD

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 134,27,94,000 on Revenue Account and not exceeding Rs. 7,44,27,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Food'."

DEMAND No. 8—DEPARTMENT OF COMMUNITY DEVELOPMENT

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 46,91,18,000 on Revenue Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending

[Mr. Chairman]

the 31st day of March, 1974, in respect of 'Department of Community Development'."

DEMAND NO. 9—DEPARTMENT OF CO-OPERATION

MR. CHAIRMAN: Motion moved:

"That a sum not exceeding Rs. 2,79,00,000 on Revenue Account and not exceeding Rs. 30,50,47,000 on Capital Account be granted to the President to complete the sum necessary to defray the charges which will come in course of payment during the year ending the 31st day of March, 1974, in respect of 'Department of Cooperation'."

The Demands are before the House.

SHRI JYOTIRMOY BOSU (Diamond Harbour): I beg to move:

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Government's callous attitude towards the drought-affected areas in the country. (9)]

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Failure of the so-called green revolution to make any impact on the rural economy and this "green revolution" has accentuated the social and economic tension in the countryside. (10)]

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Failure to take necessary steps for the stabilisation of agricultural prices. (11)]

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Failure to formulate and implement new and radical land legislations in the interests of the

peasantry as the present land legislations (including ceiling legislations) are directed mainly at strengthening the stranglehold of the rich peasants in the countryside. (12)]

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Failure to take vigorous and positive steps for sustained growth in agricultural production which even after 25 years of independence, remains very much subject to the vagaries of nature. (13)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to take action against the Food Corporation of India against which allegations of serious nature have been levelled in the House. (31)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to direct the Government of Haryana to abide by the Central and State laws, rules and regulations in respect of export of rice from Haryana to Maharashtra. (32)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Refusal to nationalise the Sugar Industry in spite of repeated demands raised by large sections of the public in the country. (33)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to ensure economic price to the sugar-cane growers. (34)]

"That the demand under the head 'Department of Agriculture be reduced by Rs. 100."

[Failure to direct the State Government of Haryana to abide by the provisions of the Land Acquisition Act, which is a Central Act, in respect of acquisition of land in the district of Gurgaon, Haryana, for a Private Company, viz, Maruti and Co., Ltd. (40)]

SHRI D. K. PANDA (Bhamjanagar): I beg to move:

"That the demand under the head 'Department of Food' be reduced to Re. 1."

[Failure to nationalise sugar industries in the Private sector in the country. (27)]

"That the demand under the head 'Department of Agriculture be reduced to Re. 1."

[Failure to complete the minor irrigation schemes long proposed to be completed. (39)]

"That the demand under the head 'Agriculture' be reduced to Re. 1."

[Failure in forthwith rejecting the proposal of the All-India Sugar Millowners' Association to take over and run the sick sugar mills in the country. (81)]

"That the demand under the head 'Agriculture' be reduced to Re. 1."

[Failure in evaluating an integrated policy on sugar. (82)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to give priority to agro-industries in all the States in general and in Orissa in particular. (83)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to establish a sugar industry at Nayagarh in Orissa and

a jute industry in Cuttack district in Orissa. (84)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to present the interim report of the Industry Committee on sugar industries during the current session. (85)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to develop agro-industries in each state wherever there are possibilities. (86)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to introduce the Orissa Land Reforms Amendment Bill in its original form immediately during this session. (87)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need to take effective steps for distribution of Government fallow land of 20 lakh acres in Orissa among the landless Adivasis and Harijans through popular committees. (88)]

SHRI RAMAVATAR SHASTRI (Patna): I beg to move:

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to supply full quantity of toned milk to token holders at D.M.S. depots. (42)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to start home delivery service by D.M.S. (43)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to look into complaints regarding distribution of milk at D.M.S. depots (44)].

[Shri Ramavatar Shastri]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to check malpractices by the staff at D.M.S. depots (45)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to supply milk in time by D.M.S. to Tcken holders (46)].

SHRI K. SURYANARAYANA (Eluru): I beg to move:

"That the demand under the head 'Department of Agriculture' be reduced by Rs. 100."

[Failure to constitute Tobacco Board immediately for the benefit of the tobacco growers in the country (47)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure in implementation of land reforms schemes in the various States (48)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure in proper distribution of chemical fertilizers to the farmers in time (49)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to distribute the Government land to the landless agricultural families in Kolleru area West Godawari district of Andhra Pradesh (50)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to provide sufficient credit facilities to the small and marginal farmers (51)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to start Crop and Cattle Insurance Company for the benefit of the farmers (52)].

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to nationalise the sugar factories in the country (53)].

"That the demand under the head 'Department of Co-operation' be reduced to Re. 1."

[Failure to supply required material such as iron and steel and cement to the new co-operative sugar factories under construction (54)].

"That the demand under the head 'Department of Co-operation' be reduced to Re. 1."

[Failure to recommend to the State Governments to recruit qualified technical persons to manage the co-operative sugar mills (55)].

"That the demand under the head 'Department of Co-operation' be reduced by Rs. 100."

[Failure in working of co-operative rice mills in Andhra Pradesh due to lack of working capital (56)].

"That the demand under the head 'Department of Co-operation' be reduced by Rs. 100."

[Failure in working of Super Bazars due to mismanagement and lack of proper supervision by State Governments (57)].

"That the demand under the head 'Department of Co-operation' be reduced by Rs. 100."

[Need to allocate more funds to the new co-operative sugar factories which are under construction as the cost of the material has gone high than originally planned (58)].

"That the demand under the head 'Department of Co-operation' be reduced by Rs. 100."

[Failure to organise the Co-operative Labour Societies in all the States (59)].

"That the demand under the head 'Department of Co-operation' be reduced by Rs. 100."

[Failure to organise producers-cum-consumers co-operative societies in the country (60)].

SHRI GADADHAR SAHA (Birbhum): I beg to move:

"That the demand under the head 'Agriculture' be reduced to Re. 1."

[Failure to provide employment to the uneducated and landless agricultural labourers to save them from starvation and starvation deaths (41)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need for increase in allotment of minor irrigation scheme and fund to West Bengal Government for construction of shallow tube-wells, in cluster on Government owned and operated scheme and on loan scheme for backward Birbhum District and other districts of West Bengal. (62)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Desirability of increase in allotment of minor irrigation schemes and financial assistance to West Bengal for construction of deep tube-wells and river lift irrigations for backward Birbhum district and other districts of West Bengal (63)].

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to provide chemical fertiliser at reasonable (fixed) rate and high yielding variety of

seeds (wheat and paddy) in time and provide loan to the medium small farmers. (64)]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Failure to stop eviction and give protection against eviction to share croppers (65).]

"That the demand under the head 'Agriculture' be reduced by Rs. 100."

[Need for increase in number of poultry block units, poultry village units, fishery block units, and fishery village units set up and to be set up in every district of West Bengal during the Fourth Five Year Plan. (66)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to check black marketing and adulteration in foodgrains and essential commodities. (67)]

"That the demand under the head 'Department of Food' be reduced by Rs. 100."

[Failure to check price rise in foodgrains. (68)]

"That the demand under the head 'Department of Food' be reduced to Rs. 100."

[Failure to get the closed sugar mill at Ahmadpur in the district of Birbhum of West Bengal reopened and reinstate the jobless workers there. (69)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Failure to implement the recommendations of the Consultative Committee on Community Development and Panchayat Raj. (70)]

[Shri Gadadhar Saha]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Need to advise the Panchayat Department, Government of West Bengal to avoid carelessness and arbitrary attitude in the matters of acquisition of land for extension of existing road for Shibnagar in the district of Birbhum in terms of provision of Land Acquisition Act which is a Central Act. (71)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Failure to release the funds allocated to West Bengal and so many other State Governments under Crash Scheme for Rural Employment during 1972-73. (72)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Need for increase in allotment of units and blocks under special nutrition programme and applied nutrition for coverage of total areas of all districts of West Bengal affected by drought during Fourth Five Year Plan period. (73)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Need for sanction of many more schemes and allotment of early release of more funds under Crash Scheme for Rural Employment for backward Birbhum district and other districts of West Bengal (74)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Need for extension of feeding programmes for inclusion of all

pre-school and school children and expectant mothers in West Bengal and other State Governments. (75)]

"That the demand under the head 'Department of Community Development' be reduced by Rs. 100."

[Failure to hold regular election to Panchayat Raj bodies in West Bengal and to introduce direct election to all Panchayat Raj bodies there. (76)]

MR. CHAIRMAN: The cut motions also are before the House.

*SHRI B. N. REDDY (Niryalguda): Mr. Chairman, Sir, it need not be particularly stated that agriculture is the most important field of activity in this country. Therefore the field of agriculture can be considered as the touch stone to the efficacy of the various policies of the Government of India. To state briefly, the present condition of our agricultural production is that we are forced to import foodgrains from USA, let alone achieving self-sufficiency in the matter, after a continuous rule of Congress Party for 25 years. The Government itself stated that a major portion of our country is in the grip of famine and drought.

Today this country's food situation has deteriorated to such a level that it is not in a position to fulfil the targets set by the Government. It is doubtful very much whether the food production would touch the hundred million ton level.

The fact that production has deteriorated, that we are forced to depend on other countries for import of food grains continuously, and a major portion of the country is in the grip of famine, go to prove the miserable

*The original speech was delivered in Telugu.

failure of the so called socialist policies that are professed by the Government. The slogan of self-reliance has been reduced to an illusion and the slogan of Garibi Hatao has become a melo-dramatic farce. By way of illustration, as to how the Government has shamelessly failed in fulfilling its professions and promises, I would like to quote here from the speech of hon. Minister Shri Fakhrudin Ali Ahmed made during the last Budget session. "But in spite of the bad weather conditions in some parts of the country like drought in Maharashtra, Andhra Pradesh and Mysore, floods in Bihar, U.P. and West Bengal and cyclone in Orissa, I hope we shall end the year with a production of 112 to 113 million tonnes of foodgrains." The Minister further states that "Five years ago, we had declared that we shall stop all concessional imports from outside. That promise has been fulfilled by us. Not only concessional imports of foodgrains have been stopped, but we are no longer importing foodgrains even on commercial account. I hope in a few commodities, we shall become self-sufficient within two to three years time." I need not separately mention here that the estimates of the Minister have proved to be wrong and the Government has failed. It is strange to see this Government taking shelter in such outmoded and ancient excuses like monsoon for its failure in the agricultural field. This monsoon is the only shelter that is available to the Government from the Finance Minister Chavan to Agriculture Minister Shri Shinde.

The Congress has been in power for the last 25 years. For the last 10 years the Government has been proclaiming from the roof tops vociferously that the country is advancing towards self-reliance in the field of agriculture. In an age of space rocket and great industrial advancement it is a clear proof of failure of the insolvent and incompetent policies of the Government when it takes shelter in such age-old explanations as failure of monsoon. Mr. Chairman, Sir, I would submit that it is shameful that

this Government is taking shelter in such lame excuses.

If you see the extent of irrigation only 21 per cent of the cultivable area of land is irrigated. It would be an undisputed fact that the conditions would have been different if this Government had really helped the poor farmer in his endeavour and rescue him from the clutches of capitalistic land holders. The present state of affairs, on the other hand, is the result of the policies of this Government to shield and safeguard the interests of the landlords. I therefore submit, Mr. Chairman, Sir, that it is improper, baseless and absurd for this Government to blame mother nature for the failure of their bankrupt policies.

Now I would like to take up some points in detail. Coming to the agricultural production we are yet to see the Government achieve target of 112 million tons of foodgrains. I hope the Minister would be in a position to state that the country has achieved a hundred million ton target at least. But the present conditions in the field of agriculture in the country reveal a different story. That the 3/4 of the the country is in the grip of severe famine is a fact which has been stated by the Government itself. In a review of drought situation in India it has been stated that "227 districts out of 340 and a population of about 20 crores out of 56 crores have been affected under drought conditions in the country in varying degrees." We know that the Government has come out with facts in this connection. Which State is not in the grip of famine these days? We know that Bengal is in the grip of severe famine that people are migrating in large numbers. The Government is aware of the fact that the State of Andhra Pradesh is being crushed under the severe famine for the last two years. It is also a fact that all the members here have submitted to the Government that the State Government of Andhra Pradesh is completely paralysed and not in a position to face the

[Shri B. N. Reddy]

situation of famine there. The State is forced to beg for food from other States because of this situation. We cannot hide the fact, even if we want to, that people are forced to migrate with bag and baggage to other areas due to lack of fodder for the cattle, food and drinking water in the State of Maharashtra. What answer has the Minister to give in such a situation? The Minister states that the Government is taking all relief measures necessary to combat such a situation. I would like to ask the Minister as to why we are forced to face such a situation? Why did not the Government take necessary preventive steps? The fact that 3/4 of the country is in the grip of drought or famine is unequivocal proof of the failure of the policies of this Government. I would like to submit that the present famine conditions are like a judgement on the bankrupt and futile policies of the Government.

You talk of green revolution as a great solution to all these problems. They say that they are helping the farmer in getting fertilizer, and in following new and scientific techniques in the field of production. I think that Shri Fakhruddin Ali Ahmad or Shri Shinde may not talk so confidently of this green revolution as they did last time. Here I would like to quote Miss Frankel, a consultant to the US Aid Mission in India. In her book, 'India's Green Revolution' she writes: "Nevertheless, the benefits have been heavily weighted in favour of the large farmer (the cultivator with 25-30 acres or more) who has been able to exploit full potential of the new technology. Although 15 to 25 acres farmers have also experienced absolute increases in output and income, the gap between the large and medium farmers has undoubtedly widened. Small farmers, those with 10 to 15 acres have so far made only marginal gains, and ultimately they may even find their farm operations over-capitalised and uneconomic. Some farmers with less than 10 acres

have experienced an absolute deterioration in their economic position with the increasing difficulty of finding leased land on reasonable terms.' This is the result of the green revolution. Another fact that has been brought out in a recent survey that was undertaken in Punjab is that there is an increase in the number of large landholders. A scientist by name Shri Asoke Rudra stated that "In fact, a research study has reported that in the Punjab land owned by big farmers increased between 1955-56 to 1967-68 by almost 9.5 per cent. This average hides a significant variation in the rates of expansion. Farms of the size groups 20-25 acres expanded by 4 per cent whereas those of the size groups 100-150 acres increased by 45 per cent. Most of the addition to the size took place through purchases." I therefore like to submit that this green revolution has created a green class instead of ameliorating the conditions of the small farmers. It is clear fact that this green revolution has in no way helped in the increase of standard of living of the weaker sections of the society. I would therefore submit here that our rulers should undertake a thorough study in order to assess the conditions in which our villagers are living at present. People living below the poverty line increased from 50 per cent to 70 per cent. There is no doubt that a majority of these are the people living in villages. Another noteworthy fact is the increase in the number of agricultural labourers.

This Government is proclaiming that it would distribute surplus land to the landless poor. But what do we see? Because of its policy of safeguarding and supporting these vested interests, the small farmers are forced to become landless agricultural labourers. In Bengal we know what had happened in the so called socialist regime of Shri Siddhartha Shanker Ray. A majority of the share croppers who were given land were squeezed out of that land because of oppressive policies of the present day Government. Because this Government is openly

supporting the exploitation of the landless poor by the capitalist landlords, these poor farmers are denuded of their small holdings and are forced to become agricultural labourers. Here I would like to state that in 1961 the percentage of cultivators was 53 per cent whereas in 1971 they have dwindled to 41 per cent. When the agricultural labourers were 16.1 per cent in 1961 the number increased to 25.8 in 1971. How did such a situation arise? Today the Government says that they are determined to distribute surplus land to the landless poor. But the glaring fact is that the small farmer is being exploited by the unscrupulous capitalist landlord. Can you deny this? Can you disprove it? You cannot.

Due to a recent study on unemployment it has been quoted that the number of unemployed people is of the order of 25 million. This is the number that is accounted for. We would not know as to what would be the number that is not accounted for. The unemployment is growing day by day.

Coming to the availability of food the Government says that it has procured the total available foodgrains. The main question is whether the availability of foodgrains have increased to the farmer who is the main source of production? It is of no consequence if you say that you are getting foodgrains from USA or USSR. According to Economic Survey 1972-73 the availability of foodgrains is 430 grams in 1956. It is 428 grams in 1972. This proves the fact that availability of food has been reduced. If you see in terms of ounces it is 15.21 in 1956 and 15.11 in 1972. Can you say that you are in a position to supply foodgrains to the common man at reasonable prices? How many fair price shops are there in the villages? I would like to state the position in the State of Andhra Pradesh. When the situation worsened you have opened fair price shops here and there. The so called rate of Re. 1 a kilo at which price rice is supposed to be supplied,

which fact you took pains to propagate in the Radio, was not available in any fair price shop. The rate which you have determined for paddy is a higher rate than that which is prevalent in the market. If you try to make this procurement as a trump card for all evils it will not solve the problem. This fact is proved amply by the situation which is existing now.

Coming to land reforms it has become a shameful drama of mockery in your hands. I have stated this even last time. In reply to a question hon. Shri Shinde stated that 50 to 60 lakhs of acres of land would be available for distribution. Previously it has been stated by the Planning Commission that the surplus land available for distribution would be 4 crore acres. Where is the comparison between 4 crores and 50 or 60 lakhs? If you see the availability when you actually go to distribute the land in the States the position, Mr. Chairman, is as follows:—“If you take the estimates of the availability of the land after these Acts, the picture becomes clear. When the Madhya Pradesh Government adopted a ceiling law, the Government expected 17,16,000 acres of land to become surplus. But the present estimates show that not more than 50,000 acres of land can be available for distribution. In Rajasthan, against the original expectation of 21,60,000 hectares of surplus land being available, it is now estimated that only 5,20,063 hectares of surplus land can be distributed...” In this way, from lakhs it has come down to thousands in every State. In Andhra Pradesh the Chief Minister has stated that the land reforms would be implemented immediately. After the State has been plunged into factional fights for separation of the State into Andhra and Telengana, the implementation of land reforms has been indefinitely postponed. Even in Orissa the land reforms have met with the same fate because of internal strife for power. We know what to expect in Bihar? They want only power and means to that power. They are not interested

[Shri B. N. Reddy]

in the welfare of the down trodden masses. That is why the variation in the figures that are stated by the Planning Commission and the Government. The Government is further interested to secure its position of power and that is why it is trying to hoodwink the people at large.

Recently the Planning Commission has constituted a task force, which states "The land reform measures adopted since Independence have failed to bring about the required changes in the agrarian sector". Among the reasons for poor performance, it is mentioned 'lack of political will' and the hiatus between precept and practice and the inadequacy of the administrative organisation in practically every State." Therefore this Government lacks the will to implement the land reforms. They have only a will to keep their position of power in tact. It is only for this purpose that they have distributed land if any. The question today is whether the Government is determined to do away with the system of landlordism and release the down trodden and the oppressed from the clutches of these landlords. The way the Government is implementing its policies prove their intentions to be otherwise. The Government itself constitutes of capitalists and landlords in a different garb. That is why our leader stated that it is not land to the tiller, it is land to the landlords. It is not land reforms but it is landlords reforms.

On the basis of the Chief Ministers Conference held in last July this Government has formulated certain guidelines. What are those guidelines? Do they leave some land to the landless? These guidelines only help the eviction of the poor and small farmers from their lands. They help concentration of landed property in hands of rich landlords. Under these guidelines one can hold 27 acres of perennially irrigated land and create one such unit for each major member of the family. These are the guidelines that

were set by the great socialists Shri Shinde and Shri Fakhruddin Ali Ahmed. Therefore the crux of the problem is that this system of landlordism should be broken and the people that are being exploited for generations should be rescued from the clutches of these landlords. That this Government is not keen on such a task is proved by the history. This Government in their anxiety to retain power and to protect the interests of the landlords goes to the extent of oppressing the weaker sections of the society. This Government's hands are polluted with the blood of the poor, the down trodden and the weaker sections of the society.

Finally, I would like to conclude that the so-called revolutionary slogans which you take cannot any longer hoodwink the people. The only solution to this problem is that the people should rise unitedly to fight oppression, exploitation by the vested interests. I can also assure this power hungry Government that it cannot hoodwink the people for long.

श्री चन्द्र भाल मनी तिवारी (बलरामपुर) : सभापति महोदय, एग्रीकल्चर की डिमान्ड्स पर जो चर्चा आरम्भ हुई है इसमें मैं मंत्री महोदय का हार्दिक स्वागत करता हूँ और इस डिमान्ड का समर्थन करता हूँ। हमको आज इस डिमान्ड की बैकग्राउण्ड पर जाना चाहिए। बैकग्राउण्ड इसका यह है कि जो हमारी बुनियादी जरूरियात हैं उनको पूरा करने के लिए किन साधनों की आवश्यकता है। हमारे अनाज को पैदा करने के लिए विशेषतया खाद और पानी की आवश्यकता है। हमारे क्षेत्र में खाद का जो उत्पादन हो रहा है या जो अगले एक या दो साल में होने जा रहा है उसकी मात्रा, मुझे ऐसा महसूस होता है कि बहुत ही कम होगी। इसकी उपयोगिता लोगों की समझ में आ गई है और मैं मंत्री महोदय से आशा करूंगा कि वे इस पर ज्यादा ध्यान देंगे। जगह ब जगह फर्टिलाइजर के कारखाने खोलेंगे ताकि हमारी

खेती की प्राबल्य हल हो जाये। दूसरी सुविधा खाद के कारखाने बनाने से नहीं मिलेगी बल्कि उसका प्राप्ति डिस्ट्रिब्यूशन आवश्यक है। इसके लिए हमारे व्यूरोक्रेट्स अथवा हमारे जिम्मेदार अशस्त्रास बहुत सक्रिय कदम उठावेंगे नहीं तो जैसे देश में भ्रष्टाचार के एक आघ्र नमूने मिलते ही रहते हैं, हो सकता है उनका आधिक्य हो जाये।

दूसरा पहलू है सिंचाई का। सिंचाई के लिए हमारी सरकार ने बहुत से साधन हाथ में लिए हैं लेकिन फिर भी जो 70 प्रतिशत लोग भारतवर्ष में खेती पर लगे हुए हैं उनके लिए अभी उतना प्रोग्राम हाथ में नहीं लिया गया है। इसका कारण है कि अभी हमें अपार सम्पत्ति इसमें लगानी है जो अभी कुछ दुर्लभ सा नजर आता है। हमारा एकोनामिक डिमबैलेन्स जो खेती के कारण ही हमारे देश में हुआ करता है, जिसको हम महसूस भी करते हैं उसको पूर करने के लिए हमें खेती पर अधिक साधन जुटाने होंगे। कुछ हमारी खेती पानी में फंसी हुई है, यानी वहां वाटरलॉगिंग है। वहां के लिए आवश्यक है कि या तो हम चैनल्स बनाये या ड्रेनेज बनायें या फिर वहां पर पम्प्स लगा दें जिससे पानी वहां से हट कर दूसरी जगह चला जाये। इससे दो लाभ होंगे। एक तो हम पानी से सिंचाई कर सकते हैं और दूसरे वहां पर हमारी फसल भी हो सकती है। हमारे देश में अभी बहुत से क्षेत्र ऐसे पड़े हुए हैं जैसे हमने देखा हरियाणा में कुछ रेगिस्तानी भाग है और कुछ वाटरलॉगिंग के इलाके हैं जो कि बिहार में पड़े हैं, यू० पी० और बंगाल में भी हैं। अगर हम उन क्षेत्रों को ज्यादा इस्तेमाल करने की कोशिश करे तो जैसा अभी मेरे मित्र ने कहा, जमीन के डिस्ट्रिब्यूशन का जो सवाल है उसको भी बहुत कुछ हल कर सकते हैं। हमारे यू० पी० में झांसी के एरिया में, बुन्देलखण्ड के एरिया में इतनी जमीनें पड़ी हुई हैं कि जिसका अगर हम आपस्ली इस्तेमाल कर सकें तो मैं समझता हूं

यू० पी० का जो एक तिहाई हिस्सा बेकार सा नजर आता है वह उपजाऊ हो जाये तो हमारे देश की प्राबल्य हल हो सकती है न कि केवल यू० पी० की। यू० पी० की पापुलेशन इस देश की एक बटा 6 है। यहां के बहुत से आदमी दूसरी जगहों पर जाते हैं क्योंकि वहां पर उसे खेती के साधन मिलते नहीं हैं। अब हम इसको ज्यादा सफल बनाने के लिये क्या क्या कदम उठावें इस पर मैं प्रकाश डालूंगा। हमें जमीन की सील करनी पड़ी। प्रान्तों ने सील किया। इसमें हमें यह अनुभव होता है कि हमारी पैदावार घटी, यद्यपि कि बढ़नी चाहिये। लेकिन घटी। कारण कि खेती को जोतने के लिये जो हमें ट्रैक्टर की आवश्यकता थी वह जमीन....

MR. CHAIRMAN: Please continue your speech tomorrow. Now we take up Half-an-Hour Discussion.

18 hrs.

ARREST OF MEMBERS—Contd.

MR. CHAIRMAN: I have to inform the House that the Speaker has received the following telegram, dated the 15th April, 1973, from the Superintendent of Police, Ujjain:—

“Shri Phool Chand Verma, Member, Lok Sabha, was arrested on the 15th April, 1973, at 15.30 hours, under Sections 3/7, Essential Commodities Act, for violating ban on Inter District Movement of Food-grains. Shri Verma was remanded to judicial custody under the order of the sub-Divisional Magistrate. Presently he is lodged in Bhaderongarh Jail, Ujjain.”

HALF-AN-HOUR DISCUSSION

PURCHASE OF SHARES OF SHAW WALLACE AND COMPANY.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Mr. Chairman, Sir, today's discussion will reveal a story of back-door deal between Indian tycoons, bags of foreign exchange owners and greedy British Merchant adventurers. Foreign banks, especially British, and chartered banks like Punjab National Bank and United Commercial Bank have been involved and the Government of India is a silent spectator.

It is all about Shaw Wallace and Company which is very prosperous. They had given a dividend of 17 per cent in 1970 and 27.5 per cent in 1971.

The whole thing reads like a detective novel. It is a story of manipulation and evasion and inter-locking of companies. Shaw Wallace has been dealing with essential commodities like food, flour, wines and spirit, fertilisers, medicines, animal feed and engineering. People are paying through their nose for these commodities. Similar thing happened recently in the case of Amalgamated Coal Fields Ltd. and the price paid for this vast property was only Rs. 45.40 lakhs. I want to ask this question whether such a vast property could be sold for this sum. The balance was paid in black money by Mr. Poddar to the owners of this Amalgamated Coal Fields Ltd.

In reply to Unstarred Question No. 4763 it says: holding of Shaw Wallace and Company is held by:

1. R. G. Shaw & Co. Ltd.,
2. Shaw Darby & Co. Ltd.
3. Shaw Scott & Co. Ltd.
4. Thames Rice Milling Co. Ltd.

The Company Law Board has passed an order that any transfer of shares held by the above companies shall be void for a period of three years. I am told that the whole deal is an accomplished fact. This is only an eye-wash. The Government has misled the House. Before the takeover attempt 39 per cent of the foreign holdings were in the hands of these four companies. On 24-12-1971 the London Financial Times had said:

"R. G. Shaw and SIME DARBY holdings have stated that talks are going on which might lead to a closer association between the two. Both are London based merchanting and plantation interests. Each has a holding of more than 30 per cent in the other. The market thinks SIME DARBY will bid for Shaw, whose shares jumped from 190 d. to 800 d. valuing the company at £ 18.2 million."

It further said on 23rd March, 1972:

"SIME DARBY holdings and R. G. Shaw & Co. announce that the scheme providing for the merger was sanctioned by the High Court on March 20, and will become effective tomorrow."

So, the four companies were wholly owned subsidiaries of Shaw Darby Trading Ltd., and an attempt was made to get the ownership and control of these four companies. This was being done through a stage-managed operation, namely the setting up of a company for this purpose and Luxembourg which has liberal laws was chosen for this purpose, and the services of a suitable showman, namely Kalyan Basu whose mental stability was questioned by the Canadian Government's letter dated 12th June, 1972, were obtained for this purpose. These people wanted Mr. Kalyan Bosu, and he wanted to settle down in London after completion of the deal. And he staged a complaint. He thought that he would get enough

money which would enable him to settle down in London. Among these collaborator is Mr. S Deb, brother-in-law, superintendent of Hukamchand Jute Mills which is owned by Birlas, G. D. Kothari, a very close relation of Birlas and the principal operator is K. K. Birla, brother-in-law of B. P. Poddar who has already considerable bulk shares in Shaw Wallace & Co. The root of this evil is stockpile of black foreign exchange abroad, and a thorough probe is wanted, and it should be done if necessary through private detective agencies.

18.05 hrs.

[SHRI K. N. TIWARY in the Chair]

The cable speaks for itself. This was from Kalyan Bosu to Mr. Jhubber, a Jew Solicitor in London. It reads:

"K. absolutely out. B funds will be transferred 14th September 1972."

K. means Kalyan Bosu and B means Birlas.

I have got with me here a copy of the affidavit which reads thus. It is an affidavit made by the Government. It says:

"Thereafter, he met Mr. G. D. Kothari on 28th June, 1972 at the Ruby House, Calcutta. Shri Basu claimed to have known Shri G. D. Kothari since 1960, when Shri Basu discussed with Kothari about the financing of an aluminium rolling plant to be imported by Shri Kothari in India. Shri Basu claims that his meeting with Shri G. D. Kothari was by way of courtesy call. Shri Basu also met Mr. Wadswley of M/s Place Siddon & Gough.

This was a British-controlled company.

This was on 27th June, 1972. Let me now give an extract from the cable. It reads thus. It is a telegram

addressed to Mr. Jhubber care Thomas Cooper, TLX 886344, London. It reads thus:

"K absolutely out. B funds will be transferred your account 14 September stop suspect our inclusion arranging further solicited tomorrow stop bank guarantee will be advised after Reserve Bank India written clearance stop Also note do not give information

Bosu care Deb."

No permission from the Reserve Bank was, of course, ever sought.

An overdraft from the Chartered Bank was also sought. It says:

"It is also submitted that Shri Bosu has already entered into a firm agreement for purchase of shares of R. G. Shaw & Co. Ltd., London at a price of pond 18 lakh equivalent to Rs. 3.24 crores, for which purpose he appears to have, as reported earlier, obtained an overdraft of *19,70,000 from the Chartered Bank, equivalent to Rs. 3.7 crores, thereby contravening the provisions of section 4 (1) (a) of the Foreign Exchange Regulations Act."

I want to ask the hon. Minister: can he reply to our satisfaction against what the Chartered Bank allowed this overdraft? I can say Kalyan Basu had no money. Let us see what Kalyan Basu was worth. This is from page 3 of the affidavit:

"Inquiries further reveal that the said Shri Kalyan Basu also owned a house in Basel, Switzerland, which was registered in his own name and the house was sold by the Swiss Government a couple of years ago for liquidation of the said Shri Basu's debts which, according to the information received, amounted to over a half million francs.

"Information received further indicates that the rents and taxes

[Shri Jyotirmoy Bosu]

on the house had not been paid for a long time and were ultimately recovered from the sale proceeds of this house."

Let us see what they say more about it.

"Message dated 8-4-72 from the French Police to Interpol Hq: 'According to a complaint received by the French Police, Bosu was suspected of cheating involving 10,000 only franks committed in beginning of 1971. As a result of action taken taken by the Canadian Police...

MR. CHAIRMAN: He is also Basu.

SHRI JYOTIRMOY BOSU: He is another Basu unfortunately.

"...regarding the Toronto case, the fraud charges against Basu was suspended as he was ordered for deportation. Basu was finally deported from Canada by Japanese Air Line..." etc. etc.

Then it says:

"Letter dated 21-7-72 from German Police to Interpol Hq: 'Preliminary proceedings at Dusseldorf pending against Basu for hit and run driving and the embezzlement of a motor car hired by him, and also for two fraud cases'."

Then it says:

"Letter dated 11-1-72 from French Police to Interpol Hq: 'There was a complaint against Basu in France for cheating involving 10,000 francs in the beginning of 1971'."

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): Why does he not come to the points raised in the half hour discussion?

SHRI JYOTIRMOY BOSU: Do not get worried.

Then:

"Inquiries were also conducted with the Canadian authorities which disclosed the following:—

"...A Canadian company would be incorporated to own the investments. No mention was made of what securities would actually be pledged or their term. The transaction was not concluded because of Basu's lack of creditworthiness"

The French police wanted him for not supporting his wife and children. Yet in his memorandum addressed to the Prime Minister, he said he had accumulated foreign exchange capital to the tune of \$25 million which is about Rs. 18 crores. This is nothing but a smokescreen. Let us see his background, integrity and character.

In 1952, this man was involved in a case in Calcutta. He deserted his wife and children. The Swiss Government refused him entry. Under the Canadian Government letter dated 12-6-72, he was deported from Canada. On 8-6-72, he appeared before the Immigration Appeal Bench at Toronto. But the appeal fell through. He even stole a car.

Then this very man adores the Prime Minister and dedicates himself to *garibi hato*. Here is a booklet which he has published where he says:

"I have seen you on television and have heard your mammoth call of *garibi hatao*."

Of course, he has now denied it—

"I decided to join the team and make my contribution to the nation, as a businessman..." etc. etc.

These are all high-sounding words and so I had better not go into them.

I want to ask the Government, Mr. CBI, I mean Shri Ramniwas Mirdha: What was the Government of India doing? What were the CBI, the RBI and the Company Law Department doing? Why was section 4 IPC not applied?

Kalyan Basu left India on 8-7-72, but returned on 27-8-72 to Delhi. My question is: Did he meet any Minister here? My report is that he did meet a Minister. On 21-9-72, he left and returned on 4-11-72. This way he made three trips before he was arrested. There was a warrant against him, issued by Interpol in 1970. The NCB Canada's letter addressed to New Delhi.

MR. CHAIRMAN: Do not go into so much of detail.

SHRI JYOTIRMOY BOSU: It says that "he has attempted many frauds in this country (Canada), using fraudulent letters of credit of bank in Switzerland. He is also well known to the police in Germany and France for similar frauds concerning finances. He is also presently wanted in Switzerland for non-support of his wife, etc. The mental stability is questioned on his activities should be watched as he will no doubt attempt further crimes. I have notified the interested Bureaux by radio."

The advice from the French police came on 8-4-1972; from the German police on 3-3-1972. The Canadian Government said that Basu was a specialist in crimes of financial swindles, and no doubt he would continue his activities. On 16-6-1972, Kalyan Basu reached Calcutta on deportation. Then came the cable to the Punjab National Bank from the manufacturers, Hanover Trust, London.

The question arises, what about the story that has been given out—the bank swindle of Rs. 76 crores, that is, five crores in dollars and 2.15 crores in Swiss francs. It is nothing but a smokescreen. Why no prosecution was

launched because it involves a lot of money, and it is this money that one is talking about; the money which they are spending to get control of Shaw Wallace & Co. This is nothing but India's black money is foreign exchange. The method is, deposit black money in foreign exchange through one door of a bank and take overdraft from the other. The collaborating Chartered Bank should not be allowed to do business in this country. Their assets should be frozen. You must punish the Punjab National Bank, the Reserve Bank of India and the CBI, for they have taken no steps. Deliberately they have been bribed and a lot of money went through and that is why this man had so much of freedom of movement. The Shaw Wallace company's employees were alerted and they rushed to us; things came to light. We raised questions here and we raised the issue here, and this Government took the stand, "No information to the Reserve Bank of India." You are nothing better than Rip Van Winkle. You are always in sleep. I want to ask Mr. Chavan here, who immobilised the CBI which is controlled by the Prime Minister herself. I want to ask, is it not the same story that happened the Oriental Carpet Manufacturing Company, by Sudarshan Birla, and the man went to Shri Lalit Narayan Mishra? Shri Lalit Narayan Mishra must have taken him to Mr. Mirdha. I ask Mr. Mirdha to say yes or no whether you have stayed in the OCM guest house in Amritsar seven days before their search? I want to ask him a straight question. Say yes or no.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): I can straightway say that I never stayed in that guest house. (*Interruptions*).

SHRI JYOTIRMOY BOSU: I am very glad to hear that. Two promises were raided.

MR. CHAIRMAN: There is one thing Mr. Bosu. Before you levy any such charge, you must verify the facts.

SHRI JYOTIRMOY BOSU: I have given it in writing. I have given notice under the rules well in advance. You are cautious, and I admire you.

MR. CHAIRMAN: You have given notice; that is true, but without verifying it, you are making a charge. It should not be done like that.

SHRI JYOTIRMOY BOSU: He has denied it. He has said no. I am glad to hear that.

Now, I am told that a senior Cabinet Minister, and one recently promoted State Minister are deeply involved in this matter. They are showing a lot of interest in the Shaw Wallace matter.

The Calcutta paper said that the Prime Minister knew Kalyan Basu. We want a statement on this. Why is it that the Deputy Director, Mr. Guha, whose house had been recently burgled, has been transferred? They spread chloroform and they were in deep sleep for two hours, and the papers were taken out and torn into pieces. I want to ask the Government—Mr. Mirdha particularly—has any enquiry been instituted as to who has done it, because there is a suspicion that even a Government agency is behind it.

I want to ask why this Mr. Guha has been transferred to another department one year prematurely. We demand his return till the enquiry is completed. At the same time, I demand that the voting rights of the four sterling companies should be frozen immediately, because Kalyan Basu claims that he has them already under his control. There are four directors' vacancies. They should take employees' representatives and an additional Government director. Why not take over the company? A thorough probe is absolutely essential in

the following matters; one, sale of two coal companies to Shri B. P. Poddar; two, sale of R. G. Shaw shares to Shaw Wallace & Co.; three, the magnitude of illegal accumulation of foreign exchange account by Shaw Wallace & Co., or the account of Shaw Wallace & Co., in the United Kingdom.

This is a very serious matter. This country is being bled white and the money in black form is taken out and the Government is callous. Either they are hand in gloves with them or they are having an eternal sleep. I thank Mr. Mirdha and I wanted to get it clarified.

SHRI INDRAJIT GUPTA (Alipore): I should like to seek a couple of clarifications arising out of the order passed under section 250 (4) of the Companies Act on 18th December, 1972 banning the transfer of equity shares in this company. This order among other things speaks about substantial block of shares held by public financial institutions. I want to know whether it is a fact, or not, that the present board of directors are practically the nominees of the employees of the same Sime Darby R. G. Shaw Group including Mr. Hayward himself. By this order of December 18, while they have banned the transfer of shares, does it not mean also that this board of directors of Shaw Wallace is kept intact for the next three years and therefore through the voting rights which they control they are in a position to carry on all sorts of back door deals during the next three years? Why, along-with this order another order has not been passed under section 250(3) freezing the voting rights of these four sterling companies? Have they any such move under contemplation? We are told that Mr. Hayward as a nominee of Sime Darby R. G. Shaw still holds by proxy 38.63 per cent. of Shaw Wallace shares. What steps are contemplated if any, to curb these loop-holes which still exist there.

Secondly, I want to know whether any enquiry or investigation as demanded here in the House earlier has been ordered into the activities of four managing directors? I refer to the famous sale by R. G. Shaw of Shaw Wallace shares which were sold for £ 5 each but immediately after the sale their value appreciated to £12. The same two directors, who were directors in both the companies manipulated the sale in such a way that the prices would appreciate immediately after the sale. Has any enquiry been held into this and also into the transfer of the two coal companies, which Mr. Bosu referred to, to Mr. B. P. Poddar, another director of Shaw Wallace? Is any enquiry proposed to be held into the allegations about the considerable amount of illegal foreign exchange which is accumulated in the London account of the Shaw Wallace Company? Is there any proposal to change the composition of the board of directors? This is the most vital question. If large blocks are held by the Government financial institutions why no Government nominees have been put on the board? When partnership of employees in management is being talked about why are the employees' representatives not allowed to buy shares? They are willing to collect the money and buy a part of the shares which will also entitle them to representation on the board of directors and they have made an offer. What is being done about all these things? Till now the board is left intact as it is packed with the people who are nominees of R.G. Shaw Group. That means the whole company including those 34,000 indirect employees are still being kept poised in a most precarious condition.

I would like to know what is the Government's over-all policy in this matter?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): Sir, I listened to the speech made by my friend, Shri Bosu

and Shri Indrajit Gupta, very carefully. Shri Gupta has raised certain points. I shall come to the points raised by Shri Gupta. The points raised by him for the half-an-hour discussion are being taken up by me and the rest of them are irrelevant.

SHRI JYOTIRMOY BOSU: How can I irrelevant?

SHRI D. R. CHAVAN: Your point with regard to an unstarred question has been answered by me. Out of that question, this half-an-hour discussion arises. It is not clear as to why the transfer of shares has been declared void only for a period of three years. And what will happen after three years? This is point number one. Further, you desire to know as to when exactly is the enforcement directorate expected to finish the inquiries. This is your point number two. The third point is this. In the meanwhile, several thousand employees are passing through a time of suspense. The reported move to shift the head office and other offices from Calcutta has given rise to apprehension and anxiety. These are three points that he has raised.

SHRI JYOTIRMOY BOSU: What about the other question?

SHRI D. R. CHAVAN: The question was about the transfer of the four companies—non-resident foreign companies of the shares of Shaw Wallace & Company. This was the question that was answered. The answer given was that these transfers had been frozen. If any transfer takes place after the order that was passed by the Company Law Board for a period of three years, it shall be declared to be void. Under Section 250(4) it shall be declared to be void for a period of three years. That was the answer that was given.

Secondly, Shri Gupta wanted to know whether we were contemplating any action under Section 250(3). I have got with me the Company Law

[Shri D. R. Chavan]

Book with the relevant Section—Section 250(3). If the transfer has already taken place then the provisions of this Section are attracted. Here we do not know whether the transfer had taken place. We do not know whether the enforcement directorate has come to the conclusion or not; unless the enforcement Directorate goes into all matters and it comes to the conclusion that actually the transfer has taken place, maybe by somebody, how can the freezing order be passed under Section 250(3). That is the point. You raised another point concerning the two companies of Shaw Wallace whose shares have been purchased by Shri B. P. Poddar, one of the directors of Shaw Wallace & Company.

About that I may mention to the hon. Member that the books of accounts of the company were inspected. And the inspection report has been sent to the headquarters. It has been examined and this inspection report is before the Company Law Board.

You raised another point as to why the Government is still not contemplating to appoint some Government Directors on the Board of Directors of Shaw Wallace & Co. under Section 408. That also is under consideration of the Company Law Board. I may say that the Company Law Board is seized of the matter. It is before them and a summary has been prepared and I may assure the hon. Member that a decision with regard to this would be taken within about eight or ten days time about the appointment of additional directors under section 408.

As regards the point raised that under section 250(4) it is only for three years and what would happen after three years....

SHRI JYOTIRMOY BOSU: Whom are you shielding?

SHRI D. R. CHAVAN: I am not shielding anybody. Under section 250 (4) it is for a period of three years. I think three years is a reasonably long period and it is expected that the affairs of the company are likely to settle down in this period. What action should be taken after the period of three years will be decided at the appropriate time when the period is about to expire.

As I said, the inspection of the books of account of the company has been made and the inspection report has been received. That is being looked into by the Company Law Board. They are likely to decide very soon.

SHRI INDRAJIT GUPTA: What about the employees' offer to buy the shares?

SHRI D. R. CHAVAN: That is also being looked into by the Company Law Board, which is a statutory body. All these matters including the representation from the Employees' Federation are being looked into by them.

SHRI JYOTIRMOY BOSU: On a point of order, Sir. I have made clear and categorical allegations against the inactivity of the CBI Reserve Bank etc. We want an answer to them. He is trying to run away from the issue.

MR. CHAIRMAN: I cannot force the Minister to speak in a particular way.

श्री ज्योतिर्मय बसु : मिर्चा साहब कागज पत्र लेकर आये हैं वह भी हमको बता दें क्योंकि सी० बी० आई० बैंक इन सबका है। (व्यवधान)

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIR-DHA): The CBI is not at all concerned with this matter. It is the Directorate of Enforcement which is looking into the foreign exchange violations in the matter. Mr. Kalyan Bosu was arrested and produced before a magistrate for alleged contraventions of certain provisions of the Foreign Exchange Regulations Act. He has been let off on bail. We have asked the permission of the court to continue the investigations. The court has al-

lowed a few months time to finish the investigations. The matter is still in our hands. We have issued the various notices necessary under the Foreign Exchange Regulations Act to Shri Kalyan Bosu to explain certain facts, etc. Every possible action under the Foreign Exchange Regulations Act is being taken.

MR. CHAIRMAN: The House stands adjourned till 11 A.M. tomorrow.

18.35 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Tuesday, April 17, 1973/Chaitra 27, 1895 (Saka).

LOK SABHA

Tuesday, April 17, 1973/Chaitra 27,
1895 (Saka)

*The Lok Sabha met at Eleven of
the Clock.*

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Changes in the Judicial System in the Country

+

*741. SHRI BIRENDER SINGH
RAO:

SHRI MUHAMMED
SHERIEF:

Will the Minister of LAW, JUSTICE
AND COMPANY AFFAIRS be pleased
to state:

(a) whether Government have con-
sidered any change in the judicial
system in the country in the near
future;

(b) if so, the salient features there-
of; and

(c) the steps taken by Government
in this regard?.

THE MINISTER OF STATE IN THE
MINISTRY OF LAW, JUSTICE AND
COMPANY AFFAIRS (SHRI NITI-
RAJ SINGH CHAUDHARY): (a) No,
Sir.

(b) and (c). Do not arise.

SHRI BIRENDER SINGH RAO: The
Constitution envisages a judicial
system free from political and execu-
tive interference and it clearly lays
down the procedure for appointment
of Judges of the Supreme Court and
High Courts. As the hon. Minister
knows, it is specifically provided that

the Rashtrapathi would issue the order
under his own hand and seal. Would
the hon. Minister be pleased to say
whether it is not a fact that, against
the spirit of the Constitution, the
Judges of the High Courts and the
Supreme Court are appointed today
on the recommendations of the Chief
Ministers in the case of States and
the Prime Minister in the case of the
Centre? What steps does he propose
to take to eliminate this interference
by politicians so that we can have a
really independent judiciary?

THE MINISTER OF LAW, JUSTICE
AND COMPANY AFFAIRS (SHRI
H. R. GOKHALE): I can answer this
question, but it does not arise out of
the main question. The main ques-
tion is whether any change is intended
in the judicial system. The answer
is that no structural change is intend-
ed at the moment.

SHRI BIRENDER SINGH RAO:
Does he not consider it necessary to
implement the Directive Principles
of the Constitution and for that pur-
pose, if necessary, change the struc-
ture of the judiciary today? Has the
judiciary been separated from the
executive in all States in the coun-
try? Does he purpose to take away
the powers from the executive
Magistrates under the Code of Crimi-
nal Procedure for security cases,
which involves a lot of harassment of
people at the instance of politicians?

SHRI NITIRAJ SINGH CHAU-
DHURY: The amendment Bill for
the Code of Criminal Procedure,
which will be considered by the
House provides that all measures
shall be decided by the judicial
magistrates except those under sec-
tion 107, where only the executive
magistrates will come in. The separ-
ation of the judiciary from the

executive has been done in most of the States. It is a State subject.

SHRIMATI SAVITRI SHYAM: Is it not a fact that justice is delayed? If so, what steps the Government propose to make to remove delays?

MR. SPEAKER: The question is about the judicial system. You are asking for an opinion which is not the subject matter of a supplementary.

SHRI D. B. CHANDRA GOWDA: In view of the recommendations made by the S.R.C. Report about the transfer of judges from one High Court to another, what steps Government propose to take in this regard?

SHRI H. R. GOKHALE: We are really going very much outside the scope of this Question.

SHRI SAMAR GUHA: I want to know from the Government whether it is a fact that the back-log of cases, both in the criminal courts and in the civil courts, has become so much and the figures are so fantastically high that according to the axiom "Justice delayed is justice denied", and I would like to know what are the actual figures....

MR. SPEAKER: It is not related to this Question.

SHRI SAMAR GUHA: It relates to the whole judicial system. The whole judicial system is responsible for that.

MR. SPEAKER: It is not relevant here; I am not allowing that.

SHRI SAMAR GUHA: It relates to the whole judicial system and its functioning....

MR. SPEAKER: You may put a separate question. You give a separate notice. It does not arise out of this Question. Here, the Question

is "whether Government have considered any change in the judicial system" and the answer is "No, Sir" and "Does not arise".

SHRI SAMAR GUHA: I want to know from the Government whether it is a fact that fantastic delays are being caused both in civil and criminal courts to the extent of some cases are even 10-15 years old and, if so, whether the Government is going to change the judicial system so that the cases may be dealt with expeditiously and justice may be done.

MR. SPEAKER: I have failed to convince him. Let the Minister do it.

SHRI H. R. GOKHALE: About the question of delay, I do agree that there has been a back-log of cases-- it is rather serious--both in civil and criminal courts. As to the actual figures, I cannot give the figures now because the back-log is not only in the High Courts and in the Supreme Court but it is at all levels. If an independent enquiry can be made, the figures can be supplied. Generally speaking, I agree, there has been a back-log of cases.

It is not necessary to make a structural change in the system for meeting this problem. We have already undertaken several measures and many more will be undertaken to see that delays in procedures and in the disposal of cases, as well as costs involved, are cut down. As I mentioned, the Civil Procedure Code is being amended. We have got the Report of the Law Commission recently. We are examining it. We will bring forward a Bill before the House to see that delays in the conduct of cases are cut down to the extent possible.

As regards the Criminal Procedure Code, an amendment has already been passed by the other House. It will be brought before this House in due course and that will also contribute substantially to the cutting down of delays in the disposal of cases in criminal courts.

Even constitutional changes have been made when we amended article 133 during the last session with the result that unnecessary appeals merely based on valuation of property are not allowed to be taken to the Supreme Court.

The measures of this type and other measures that are also being thought of will be taken to see that delays as well as costs are cut down. Additional number of judges are being appointed. Wherever the demand is made for appointment of more judges for the disposal of cases, this has been sanctioned and the strength has been increased.

SOME HON. MEMBERS rose—

MR. SPEAKER: The answer to the main Question is "No, Sir" and "Does not arise". Everything is arising out of it now.

SHRI G. VISWANATHAN: In view of the fact that certain ruling party members, including Central Ministers, have recently denounced the judicial system and judges, I would like to know from the hon. Minister whether they will take Parliament also into confidence and tell us what is wrong with our judicial system and how they are going to bring about changes in the judicial system. If there is something wrong with the judicial system, why do they not come forward with changes before Parliament instead of speaking outside?

SHRI H. R. GOKHALE: I do not know to which statement or which Minister he is referring. As far as I know, there has been no denunciation of the judicial system and judges by Ministers.

SHRI P. G. MAVALANKAR: The original question refers to the judicial system, but the hon. Minister's reply is that he does not see any need for any structural change. In view of the fact that the commoner in this country

finds the judicial system very expensive and full of delays, may I know what concrete steps he is contemplating to take in the immediate future with a view to mitigating these difficulties?

MR. SPEAKER: He was saying about the same.

SHRI P. G. MAVALANKAR: He says about the structure, but 'system' is a wider term.

MR. SPEAKER: He has made it very clear in his earlier statements.

SHRI H. R. GOKHALE: I have said that, at the moment, no such changes are contemplated. Therefore, the other things do not arise.

SHRI R. S. PANDEY: The question that was put was: 'whether Government have considered any change in the judicial system', and the answer given is 'no'. As was very correctly pointed out by the hon. Member, Shri P. G. Mavalankar, the poor man has to spend a lot of money in order to seek justice. It is very costly and justice is also delayed. May I know whether the Government is contemplating to have any system by which the poor man will get justice quickly and cheaply?

SHRI H. R. GOKHALE: Most of the points, I have already mentioned. I would only add this. The delay and costs, with regard to which questions have been asked, are undoubtedly a very serious problem which has to be met. But we feel that, at the moment, we can do so by making changes in substantive law and procedure. With regard to procedure, I have already mentioned. Even with regard to substantive law, for example, I can mention that the hierarchy of appeals which are provided for now may be cut down; that is under consideration. It is also under consideration as to

how the delay in the execution proceedings—which are inordinately delayed—can be cut down. All these can be done without any change in the basic system, by only changing either the substantive law or the procedure.

SHRI SOMNATH CHATTERJEE:

The system of giving appointments to retired judges in various forms of commissions, committees, etc., has become a part of our judicial system unfortunately, and it appears that the retired judges are looking forward to such appointments. May I know from the hon. Minister whether there is any proposal before the Government of India to bring a suitable legislation to stop this?

MR. SPEAKER: The only alternative is not to retire them.

SHRI SOMNATH CHATTERJEE:

This is being criticised by the Supreme Court Bar Association, and it is agitating the minds of all right-thinking lawyers. I would like to know from the hon. Minister whether there is any proposal to stop this.

SHRI H. R. GOKHALE: The appointment of retired judges is not part of the judicial system, first of all.

SHRI SOMNATH CHATTERJEE: It has become a part of our judicial system.

SHRI H. R. GOKHALE: Secondly, it becomes necessary in some cases. For example, when something happens, there is a demand from all the parties and principally from the Opposition that there must be a judicial inquiry. It is not possible to find sitting judges to do protracted inquiries. We have found that there is such a backlog of cases in courts that the courts are not willing to spare sitting judges to do inquiries. Even then, in the last 1½ years—I know many instances—I have

taken steps to see that, wherever possible, appointments are made from sitting judges and quick disposal of these inquiries is made. But I can not say that it will be possible altogether to obviate the appointment of retired Judges in the circumstances which arise from time to time.

Offer of 2 million tonnes of crude oil by Iraq

+

SHRI M. S. PURTY:

***742. SHRI M. S. SANJEEVI RAO:**

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government of Iraq have offered two million tonnes of crude oil to the Government of India recently;

(b) whether Government have accepted the offer; and

(c) if so, with what results?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) to (c). A Contract was signed between the Iraq National Oil Company and the Indian Oil Corporation on the 4th September 1972 by which INOC would be supplying 1.95 million tonnes of crude oil to I.O.C. during the period September 1972 to March 1975.

An agreement was signed on the 6th April, 1973 between the Government of Iraq and the Government of India whereby a credit of US \$50 million in the form of crude oil is being extended to meet a part of the foreign exchange requirements of the Mathura Refinery Project and allied facilities. An agreement between INOC and I.O.C. was also signed in this behalf on the 6th of April 1973.

श्री एस० एस० गुप्ता : मंत्री महोदय ने बतलाया कि ईराक नेशनल आयल कम्पनी से भारतीय तेल निगम को 1975 तक 1.95 मीटरी टन क्रूड प्राप्त होगा। मैं जानना चाहता हूँ कि क्या इससे तेल की हमारी सभी आवश्यकता की पूर्ति हो जायेगी? यदि नहीं, तो इसकी पूर्ति के लिये सरकार क्या उपाय करेगी?

श्री देवकान्त बरुआ : इससे आवश्यकता पूरी नहीं होगी। इसके अलावा आई० ओ० सी० ने दस साल के लिये 3 मिलियन टन सालाना देने की मंजूरी दे दी है। लेकिन इससे भी हमारी आवश्यकता पूरी नहीं होगी। इसलिये हमें देश के अन्दर भी तेल पैदा करना पड़ेगा और दूसरी जगहों से भी खरीदना पड़ेगा।

SHRI INDRAJIT GUPTA: Is the Minister in a position to tell us, now that the agreement has been concluded, the extent to which the terms on which this Iraqi crude will be supplied to us is more favourable than the terms which are being demanded by the foreign oil companies for bringing their crude from outside sources?

SHRI D. K. BOROOAH: First thing, the Iraqi company has agreed to give us a contract for ten years which no other company or Government is willing to do. In fact, no company to-day is willing to enter into any long-term or short-term agreement.

They are giving us 3 million tonnes which is a sizeable quantity of oil. For ten years, the total quantity will be 30 million tonnes. I think they have done a good turn to us more than any other company.

SHRI INDRAJIT GUPTA: What about the prices?

SHRI D. K. BOROOAH: So far as the price is concerned, the price will be the international price, and it will be reviewed annually on the basis of the world prices.

SHRI INDRAJIT GUPTA: I wanted to know whether the price that is being demanded by the foreign oil companies is higher than the international price.

SHRI D. K. BOROOAH: The foreign oil companies cannot demand a price higher than the market price. All that they can do is not to give us the crude. In this case, they have given us the crude and the price will be the international market price which will be reviewed annually.

SHRI N. K. SANGHI: May I know from the hon. Minister whether the supply of crude from Iraq is also linked up with our railway projects in that area and if so, by what time do you expect the feasibility report to be completed and negotiations finalised?

SHRI D. K. BOROOAH: It is true that co-operation between Iraq and India is more comprehensive than the sale and purchase of crude oil and certainly it includes also our assistance to them in building up their railway system and a Joint Commission has been set up, of which the Minister for Oil, Iraq and the Minister for Petroleum and Chemicals, India, are members and they are looking into all those areas of co-operation in which both countries can co-operate with each other.

SHRI DINESH CHANDRA GO-SWAMI: The Minister stated that crude from Iraq will not be sufficient to meet our needs. Sir, considering the fact that oil is going to play important role in domestic and international politics in the recent future, may I know whether Government is

formulating any policy planning for the next 25 years, at least in the matter of oil?

SHRI D. K. BOROOAH: There is absolute necessity of finding oil of our own in order that we can reduce our dependence for oil on other countries. We have also entered into agreement with Iraq for exploring oil. Plans for drilling for oil have been taken up.

SHRI K. LAKKAPPA: Is there any global conflict which is operating so far as our oil policy of this country is concerned? If so, to what extent the Government has taken action to counter this global conflict or tension, which is operating internationally, which is weakening the system of Indian polity? Iraq is playing into the hands of those countries which have global interests like America and this is weakening our Indian polity. I would like to know whether the domestic policy of our country namely, to be self-sufficient, which has been initiated by the Prime Minister.

MR. SPEAKER: I am afraid this is not relevant.

SHRI K. LAKKAPPA: Let the relevant portion of my question be answered.

MR. SPEAKER: If there is any relevancy he is welcome to answer it.

SHRI D. K. BOROOAH: Sir, I would like to bring this fact to the notice of the hon. Member, that Iraq has not played into the hands of the capitalist countries. In fact, Iraq is the one country among many others which has stood up against foreign capitalists.

Imported equipment lying idle at Beas Project due to lack of spare parts

*744. SHRI INDRAJIT GUPTA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether he is aware that large numbers of expensive, imported equipment, like dumpers, tractors and earth-movers etc. are lying idle at the Beas Project site, Talwara due to the lack of spare parts;

(b) whether he is also aware that the U.S. suppliers of equipment did not supply necessary or adequate spare parts; and

(c) if so, the reasons why such defective contracts were entered into by the Project authorities?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER SHRI BALGOVIND VERMA): (a) to (c). A Statement is laid on the Table of the House.

Statement

(a) to (c). The Beas Project at Talwara involves lot of earth work and therefore employs large amount of earth-moving equipment consisting of shovels, dumpers, tractors, motor graders, compactors, trailers, cranes etc. This equipment was partly obtained by transfer of used machines from the Bhakra Project and most by purchases both from indigenous sources and outside the country. The total number of such earth-moving machines at Talwara is 324. Out of these, 61 are from indigenous sources leaving a balance of 263 which are of imported origin. The particulars regarding the 263 imported units are given in the statement laid on the Table of House. [Placed in Library. See No. LT-4817/73.] Out of the imported machinery transferred from Bhakra 39 numbers are out of commission. Out of the machinery procured from abroad, 36 numbers of rear Dumpers are out of commission. These machines have exceeded their economic life. No other machine is lying idle for lack of spare parts. Spares worth Rs. 22.8 lakhs are on order and are awaited. There are no cases where U.S. suppliers did not supply adequate spare parts.

SHRI INDRAJIT GUPTA: I find from the statement that the Minister has relied on the figures supplied to him by the project authorities. In putting the question I have relied on what information I had obtained because I was in Talwara on the 18th of last month. Even according to the Minister's statement, there are at least 55 items of heavy earthmoving equipment and machinery which are out of commission. Has he satisfied himself whether it is not a fact that the real reason for this is not that these machines have exceeded their economic life (as is claimed by the project authorities) but that the maintenance of these costly machines is not quite up to the mark, and whether it is not a fact that due to delayed arrival of spare parts, many of these machines have been rendered idle, lying there in a vast area which looks like a junk yard full of such equipments? Has he at all satisfied himself on the point whether maintenance is defective or up to the mark?

- THE MINISTER OF IRRIGATION AND POWER (SHRI K. L. RAO): I cannot say I have satisfied myself or I have seen them myself or gone into the details. The General Manager is there. The main point is out of these 55 units as many as 39 units are used ones from Bhakra. Here also it is a heavy amount of work. Most of these are rear-dumpers which had already been used at Bhakra. The hon. Member may be correct. I will ask the officers to examine once again before we completely condemn.

SHRI INDRAJIT GUPTA: According to the statement spares worth Rs. 22.8 lakhs are on order and are awaited. I would like to know from the hon. Minister when these orders for the spare-parts were placed and when they are expected to arrive? Also, whether in the contracts which have been made with the foreign suppliers, who are mainly Americans, there is any in-built clause in the contract ensuring regular supply of spare-parts throughout the period of economic life of these machines? If

there is no such clause has the hon. Minister gone into the way in which these contracts are negotiated and to ensure that we are not left in a vulnerable position?

DR. K. L. RAO: Some of the spare-parts which are on order have arrived and some of them are yet to be shipped. The date of order vary from 6th July 1972 to February, 1973. Spares come from time to time and all these spares are used and some are preserved for use some time later on.

SHRI INDRAJIT GUPTA: Sir, my question is about the inbuilt clause in the contract. Whether those contracts provide for regular supply of the spare-parts by the original suppliers or not?

DR. K. L. RAO: Along with the machines we get about 10 per cent to 15 per cent of spare parts. The contract provides for certain percentage of spares.

DR. KAILAS: I would like to know from the hon. Minister whether there is coordination between the Irrigation Deptt. and other public undertakings like MMTC where a large number of dumpers etc. are lying idle and are in working order. Whether orders were given after making enquiries from other public undertakings or not?

DR. K. L. RAO: I am happy to know that these machines are available with MMTC but I do not think it is a correct information. I will make enquiries. Generally useful machinery is not available from other projects. We always make enquiries from other public undertakings before placing orders.

Re-naming of Payradanga Station on Eastern Railway as Nityananda Shaha Station

*745. SHRI SAROJ MUKHERJEE: Will the Minister of RAILWAYS be pleased to state:

(a) whether the local people of Nadia District (West Bengal) especially those living around Payradanga Railway Station on Eastern Railway have been consistently demanding that the name of that Station be changed in the memory of Nityananda Shaha, a martyr in the Goan freedom struggle in 1957; and

(b) whether his Ministry propose to erect another Railway Station to commemorate the said martyr near his house which was near the Railway line?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) A representation was received in 1971 for changing the name of Payradanga Railway Station to Nityanandpur.

(b) There is no such proposal.

SHRI SAROJ MUKHERJEE: May I know the reaction of the railway authorities to that representation of the people?

SHRI MOHD. SHAFI QURESHI: As per the policy decision, it is the State Government which has to recommend for the change of name of the station to the Ministry of Home Affairs and if the concurrence of the Home Ministry is obtained, we shall have no objection to changing the name.

SHRI SAROJ MUKHERJEE: May I know the reasons for not accepting this proposal of the people to commemorate the martyrs of Bengal and Maharashtra who sacrificed their lives in the freedom struggle, by changing the name of the railway stations?

SHRI MOHD SHAFI QURESHI: As I have already stated, we have not received any representation from the State Government. It is for the State Government to move in this matter to get the concurrence of the Ministry of Home Affairs and refer the matter to us, and if they do so, we shall certainly change the name.

SHRI SUMAR GUHA: As the hon. Minister himself has admitted, the railway authorities have received a memorandum from the people of Payradanga. I would like to know whether they have sent back that memorandum to the Government of West Bengal in the Home Department to get their reaction to it.

SHRI MOHD. SHAFI QURESHI: One representation was received from Mrs. Bibha Goswami who in her letter had said that she was speaking on behalf of the people of this area. So, we have sent it to the State Government and it is for the State Government to move in the matter and not for the railway authorities.

Increasing demand for diesel oil and extent of Import

+

*750. SHRI RAM KANWAR:

SHRI SUKHDEO PRASAD VERMA:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether there has been a progressive increase in the demand of diesel oil;

(b) if so, the quantum thereof; and

(c) the extent to which this demand can be met from the domestic sources and the extent to which the country will have to resort to additional imports?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) to (c). A statement containing the required information is laid on the Table of the House.

Statement

The demand for High Speed Diesel (HSD) and Light Diesel Oil (LDO) has been registering a progressive increase for the last several years. The actual consumption of these products during the last three years and the estimated demand for the current year is shown below:—

	('000 MTS)			
	1970	1971	1972	1973
HSD .	3735	4221	4616	5291
LDO .	1047	1190	1383	1461

Against the total anticipated demand of 52.91 lakh and 14.61 lakh tonnes of HSD and LDO in 1973, indigenous production is expected to be about 48.30 lakh and 10.86 lakh tonnes respectively. The deficit requirements of 4.61 lakh tonnes of HSD and 3.75 lakh tonnes of LDO are being met from imports.

श्री रामकंवर : अध्यक्ष महोदय, मैं जानना चाहता हूँ कि ईराक से जो अभी अभी हमारा समझौता हुआ है उस समझौते के अन्तर्गत कितना पेट्रोल हमें मिलेगा और कितना पैसा देना पड़ेगा ?

अध्यक्ष महोदय : वह तो हो चुका ।

श्री रामकंवर : दूसरा मेरा प्रश्न यह है कि बाहर देशों में पेट्रोल की कीमत बढ़ती जा रही है तो क्या हम कोई ऐसा उपाय करने जा रहे हैं ताकि हम अपने यहाँ की कीमतों बढ़ा कर कमी की पूर्ति

कर सकें, इसके लिये क्या मंत्री महोदय कुछ कर रहे हैं ?

श्री देवकान्त बरुआ : मेरी जितनी जानकारी है उसके अनुसार बाहर से हम पेट्रोल नहीं मंगाते हैं । इसलिये बाहर पेट्रोल का बढ़ता है तो उससे हमारा कोई सम्बन्ध नहीं मालूम होता है ।

श्री रामकंवर : कुछ डीजल हम मंगाते हैं । उस के लिए क्या कर रहे हैं ?

श्री देवकान्त बरुआ : हाँ कुछ डीजल मंगाते हैं । तो डीजल का हमारा उत्पादन कम नहीं हुआ । लेकिन डीजल की मांग बढ़ रही है । इसलिये डीजल की कमी हुई और हम बाहर से डीजल मंगाते हैं । वह इसमें लिखा है कि एच एस डी और एल डी ओ हम बाहर से मंगाते हैं ।

SHRI SEZHIYAN: The hon. Minister has given the figures of the demand on the basis of the expectations of the supply last year. This year, in view of the shortage in the production of electricity in the country, the demand for diesel oil is going up. May I know what steps Government are taking to meet the acute and immediate shortage of diesel oil throughout the country?

SHRI D. K. BOROOAH: As I have said, the production has not gone down. But because of the shortage of power, there is great demand for diesel oil all over the country. There has been a demand for diesel from most of the States in India, particularly those who are advanced in agriculture as well as industry, and to meet that we had to import in 1973 219,000 tonnes of high speed diesel oil and 3,85,000 tonnes of light diesel oil. On top of it, this year we are also trying to buy diesel oil abroad in order that we may supplement the shortfall in requirement.

SHRI B. V. NAIK: Is the hon. Minister aware that in some of the cities like Bangalore already diesel oil is being informally rationed out at the rate of about 10—15 litres per truck with a capacity of 100 litres and there has already started an incipient black market in diesel oil at higher prices?

SHRI D. K. BAROOAH: It is true that there is a shortage all over. It is within the authority of State Governments and also their responsibility to ration, if they so desire. But I think that wherever there is a shortage, some kind of premium marketing also takes place.

SHRI M. RAM GOPAL REDDY: For more production in our own country, is the Minister having any plan to have off-shore drilling?

SHRI PILOO MODY: Deep sea drilling.

SHRI M. RAM GOPAL REDDY: No, off-shore drilling.

SHRI D. K. BOROOAH: Yes, Sir.

पांचवीं योजना में उर्वरक कारखाने स्थापित करने के लिये विदेशों से सहायता

-1-

* 751. श्री विभूति मिश्र :

श्री सी० टी० दण्डपाणि :

क्या पेट्रोलियम और रसायन मंत्री पांचवीं योजना के दौरान उर्वरक कारखाने स्थापित करने के बारे में 20 मार्च, 1973 के अंतरांकित प्रश्न संख्या 3876 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का विचार पांचवीं पंचवर्षीय योजना के दौरान 11 उर्वरक कारखाने स्थापित करने का है :

(ख) यदि हां, तो पांचवीं योजना के दौरान उर्वरक कारखाने स्थापित करने के लिये कितनी विदेशों में कितनी सहायता मांगी अथवा आवश्यकता होगी तथा उन देशों के नाम क्या हैं जिनसे सहायता प्राप्त की जा रही है ; और

(ग) इन कारखानों की अनुमानित उत्पादन क्षमता कितनी होगी ?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) Details regarding additional fertilizer capacity required to be set up during the Fifth Plan Period are being worked out. It seems that about 10—12 new plants would have to be set up to meet the projected level of demand by 1978-79.

(b) M/s. Engineers (India) Limited have submitted a proposal for setting up of five fertilizer plants with Japanese cooperation and credit. The foreign exchange requirements for these plants are estimated at \$220 million. Government of Japan have been approached for extending the necessary credit facilities in this regard.

The foreign exchange requirements of the remaining fertilizer plants along with the possible sources of financing are being worked out separately.

(c) The capacity envisaged, at present, for the new plants is of the order of 900 tonnes/day ammonia for inland locations and 1,300 tonnes/day ammonia in coastal locations.

श्री विभूति मिश्र : अध्यक्ष महोदय, मंत्री जी ने जवाब दिया दस या बारह। कोई निश्चित जवाब नहीं है कि दस हो या बारह हो। मुझे यह जानना है कि जापान के सिवाय क्या और किसी देश ने मदद करने का आखालन नहीं दिया है और जापान ने जितने कारखाने लगाने में आपको मदद देने का आश्वासन दिया है? जापान के सिवाय और किसी देश से मदद नहीं मिलती है तो अपने देश में अपनी ताकत से ये दस या बारह कारखाने लगाने की क्षमता क्या आप रखते हैं या नहीं?

श्री देवकान्त बरुआ : अध्यक्ष महोदय, सदस्य महोदय ने जो पूछा है कि जापान का छोड़कर दूसरे किसी और मुल्क के साथ कुछ इसके बारे में चर्चा हुआ या नहीं तो चर्चा तो हुआ है

श्री विभूति मिश्र : वह कौन कौन से देश

श्री देवकान्त बरुआ : इंग्लिस्तान भी हुआ है, साइमन कार्बर्ज, हम्फ्रीज, ग्लासगो से भी बात चल रही है और फ्रेंच इंस्टीट्यूट आफ पेट्रोलियम से भी बात चल रही है। तीन और मुलकों ने भी इसके बारे में कुछ आग्रह दिखाया है। लेकिन अभी इसके बारे में कुछ कहना मुश्किल है।

दूसरी बात यह है कि दस बारह जो है तो दस भी हो सकता है, बारह भी हो सकता है और उसके बीच के समन्वय में 11 भी हो सकता है।

जहां तक प्रश्न है कि हम स्वयं इन कारखानों को बनायें—इसके बारे में हमारे पास टेक्नोलोजी है। ऐसी बात नहीं है कि हमारे पास टेक्नोलोजी नहीं है। लेकिन 10—12 कारखाने बनेंगे, इसलिये कारखानों के वास्ते नई टेक्नोलोजी भी चाहिये साधजन भी चाहियें, फौरन-एक्सचेंज भी चाहिये, इसलिये हम चाहते हैं कि हम अपनी टेक्नालोजी और बाहर से जो मदद और टेक्नालोजी मिलेगी, उनका समन्वय करके इंजन कारखानों को लगायें।

श्री विभूति मिश्र : इस सदन में अगले महीने पांचवी पंच वर्षीय योजना पर चर्चा होगी—ऐसा सरकार ने मान लिया है। अगली पंचवर्षीय योजना में खेती से सरकार जो उत्पादन चाहती है, उसको दृष्टि में रखते हुये फर्टिलाइजर कारखाने लगाने का काम फौरन शुरू होना चाहिये। अध्यक्ष महोदय आपको भी अनुभव होगा, क्योंकि पंजाब हिन्दुस्तान में खेती के मामले में सिरमौर है, हमारे पास जितना फर्टिलाइजर है और जितने फर्टिलाइजर की क्षमता हम चाहते हैं—इस बात को ध्यान में रखते हुये मैं सरकार से जानना चाहता हूं कि सरकार ने ये कागजी प्लान बनाये हैं या वास्तविक प्लान बनाये हैं। यदि वास्तविक बनाये हैं तो इस प्लान के द्वारा कब तक फर्टिलाइजर पैदा करके पांचवी पंच वर्षीय योजना के सफलीभूत करने बात सोच रहे हैं?

श्री देवकान्त बरुआ : पांचवीं पंचवर्षीय योजना की तो अभी शुरुआत नहीं हुई है

श्री बिभूति मिश्र : अगले साल होगी ।

श्री देवकान्त बरुआ : हां, अगले साल होगी । इसके लिये जो सिद्धान्त तय किया गया है, वह सही है कि पांचवीं पंचवर्षीय योजना की परिकल्पना के अन्दर ही उसको बनाया जायेगा । जब पांच साल का समय रखा गया है तो मेरे खयाल में पांच साल में यह काम समाप्त हो जायेगा ।

SHRI MOHANRAJ KALINGA-RAYAR: Will the hon. Minister tell us, out of these 10, 11, 12 or 13 fertiliser plants that are going to be set up, which are the States in which these fertiliser plants are going to be set up, and how many fertiliser plants will be set up in Tamil Nadu?

SHRI D. K. BOROOAH: We have only planned for five just at this moment. Out of these five, three will be based on fuel oil produced by the Mathura refinery. One will be in Mathura itself; another will be at Bhatinda in Punjab; and the third one would be in Haryana, either in Karnal or in Panipat.

Two plants would be located on the sea-coast, and for this, we have found that the eastern coast needs more fertiliser factories. Therefore, it has been decided to set up one in Paradip, which is a good port. For the other, Kakinada is one of the names which is being very favourably considered.

SHRI KRISHNA CHANDRA HALDER: I would like to know from the hon. Minister whether the Government will be in a position to meet the requirements of fertilisers at the end of the fifth Plan?

SHRI D. K. BOROOAH: I think it will be a happy day if our fertiliser supplies remain behind the requirements, for, that will indicate that our cultivators are up and doing and are so progressive that it will be difficult to meet their demands.

SHRI KRISHNA CHANDRA HALDER: That shows your inefficiency.

SHRI D. K. BOROOAH: Not necessarily. It shows that our cultivators are up and doing and are progressive.

SHRI JAGANNATH RAO: The Minister was pleased to say that one of the fertiliser units would be located at Paradip in Orissa. I would like to know what is the annual capacity of this unit and when the construction of it is likely to start.

SHRI D. K. BOROOAH: As I have said earlier, the coastal fertiliser factory will produce 1,300 tonnes of ammonia per day.

SHRI B. K. DASCHOWDHURY: Keeping in view the Government of India's policy and their approach to remove the regional imbalances, may I know from the hon. Minister whether he will deeply consider the matter to set up some of the fertiliser factories in the backward regions of the country, and of course one should be in the North Bengal area?

SHRI D. K. BOROOAH: Certainly the removal of regional imbalances is a necessity which cannot be overlooked. I also agree that North Bengal is a somewhat backward part of the advanced States of West Bengal.

SHRI SAMAR GUHA: In view of the objective of our Fifth Plan to achieve a self-reliant economy, is the Government going to utilise the know-how and technology, engineering and design capacity and technocrat management that has been developed by the Fertiliser Corporation of India very successfully, before taking foreign assistance from foreign collaborators as had been done in the

case of Toyo and also utilise the possibilities of the planning and development division of the Fertiliser Corporation?

SHRI D. K. BOROOAH: Yes, Sir.

श्री नाथू राम मिर्चा : आपने जिन 10-12 यूनिट को लगाने के बारे में बताया है, मैं जानना चाहता हूँ कि राजस्थान के अन्दर जो फास्फेट और पाइराइट्स का अतुल भण्डार है उसके उपयोग के बारे में भी विचार किया है? आज फास्फेट फर्टिलाइजर इम्पोर्ट किए जाते हैं, उस इम्पोर्ट को रोकने की दृष्टि से क्या राजस्थान के इन मिनेरल्स के उपयोग करने की बात ख्याल में रखी गई है?

श्री देवकान्त बरुआ : राक-फास्फेट के बारे में एक विशेष चर्चा हो रही है। इसमें कोई सन्देह नहीं है कि राजस्थान में राक-फास्फेट और पाइराइट्स का काफी भंडार है, लेकिन यह काम क्या रूप लेगा, इस बारे में अभी कुछ कहना मेरे लिये सम्भव नहीं होगा।

Lease of Fallow Land along Railway track to Railway Employees for Growing Food Crops

*752. SHRI J. G. KADAM: Will the Minister of RAILWAYS be pleased to state:

(a) whether the former Railway Minister had announced in Lok Sabha that the fallow land along the Railway tracks will be given on temporary lease to the Railway employees for growing food crops;

(b) if so, how many hectares of such land was given on lease in the years 1971-72 and 1972-73 and how many employees have taken the advantage of the scheme; and

(c) what is the result of this scheme?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes Sir, the former Railway Minister had announced that the surplus cultivable railway land will be used for grow more food and other purposes by allotting such land to Railway employees.

(b) and (c). The information is being collected and will be placed on the table of the House.

SHRI J. G. KADAM: How much time will the hon. Minister need for placing the information on the Table of the House?

SHRI MOHD. SHAFI QURESHI: I cannot give a definite date but I think the beginning of the next session.

श्री रामावतार शास्त्री : क्या यह बात सच है कि भूतपूर्व रेल मंत्री की इस प्रकार की घोषणा के बावजूद 1971-72 और 1972-73 में गैर रेलवे मजदूरों को भी रेलवे की इस तरह की जमीन लीज पर दी गई है? अगर दी गई है तो इसका क्या औचित्य है?

श्री मुहम्मद शफी कुरेशी : ऐसा हो सकता है कि जो बाहर के लोग हैं उनको भी जमीन दी गई है। इसमें कोई शक नहीं है कि कुछ जमीन सूबाई सरकारों को दी गई हैं, उन्होंने उसका इस्तेमाल किया है और कुछ जमीन उन लोगों को भी दी गई है जो रेलवे के मूलाजिम नहीं हैं।

श्री शंकर दयाल सिंह : अध्यक्ष महोदय, भूतपूर्व रेल मंत्री ने जो नीति निर्धारित की थी, उसमें केवल रेल मजदूरों और रेल

कर्मचारियों की बात कही गई है। मैं जानना चाहूंगा—क्यों नहीं, सरकार रेलवे की ऐसी भूमि को उन लोगों को दे, जो भूमिहीन हैं और जो किसी सब्सि में भी नहीं हैं ?

श्री मुहम्मद शफी कुरेशी : रेलवे के पास इस वक्त जो जमीन फालतू पड़ी है और जो इस्तेमाल नहीं हुई है, हमारा विचार है कि उसमें सबसे पहले तरजीह उन ग्रेजुएट्स को दी जाय जो एग्रीकल्चरल यूनिवर्सिटीज से निकले हैं और उनको नौकरी नहीं मिली है। वे अगर चाहे तो रेलवे की जमीन ले सकते हैं। उसके बाद उन लोगों को दी जाय जिन के पास जमीन नहीं है, वे भी इस जमीन का इस्तेमाल कर सकते हैं। उनके बाद रेलवे एम्पलाइज उस जमीन का इस्तेमाल करना चाह तो कर सकते हैं।

SHRI MUHAMMED KHUDA BUKSH: May I know from the hon. Minister as to what is the quantum of land we have decided to give to the agricultural landless etc.?

SHRI MOHD. SHAFI QURESHI: It is about 35,531 acres of land.

SHRI MUHAMMED KHUDA BUKSH: I would like to know from the new Railway Minister as to whether he is thinking of leasing out the railway spare lands to the agricultural landless labourers or not?

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): At this stage I have no information to depart from the present policy.

श्री श्रींकार लाल बरवा : श्रीमन्, मैं माननीय मंत्री जी से जानना चाहता हूँ क्या सरकार को ऐसी शिकायत मिली है कि कुछ अधिकारी अपने नीचे के अधिकारियों के नाम से

जमीन लेकर खुद का अधिकार उस पर जमाये हुए बैठे हैं और सारी फसल खुद ले लेते हैं ?

श्री मुहम्मद शफी कुरेशी : ऐसी कोई शिकायत नहीं मिली है।

श्री श्रींकार लाल बरवा : एक रेल कर्मचारी को डेढ़ बीघा जमीन दी जाती है जबकि बीस-बीस बीघे जमीन लेकर वह बैठे हुए हैं।

SHRI MADHURYA HALDAR: Last year when this question was raised by Shri Vajpayee, the then Railway Minister, Shri Hanumanthiya said that the agricultural land by the railway side would be distributed to the local landless but preference will be given to the scheduled castes and scheduled tribes.

Now, the Railway Minister, Shri Qureshi is giving us a different story. I want to know whether it is the policy that the railway employees are taking the cultivable land on lease which is lying by the railway station. They are leasing it at a higher rate, that is, at Rs. 100 per bigha.

I want to know whether they have changed this policy or not.

SHRI MOHD. SHAFI QURESHI: Out of a total of 1,17,000 acres of land, the Railways have given about 32,163 acres to the railway employees. We give preference to certain people if they want to have the land nearer their home. As regards the land which is available with the railways, the policy, as enunciated to-day is that we shall give preference to the unemployed agricultural graduates and to the landless people and to the railway employees who want to cultivate.

Diversification of Production by Foreign Pharmaceutical Companies -

+

*753. SHRI N. K. SANGHI:

SHRI H. N. MUKHERJEE:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether all the foreign pharmaceutical firms were licensed in India under the priority sector for the manufacture of life saving drugs;

(b) whether some of these companies have now diversified their production and are now producing non-essential goods; and

(c) whether the profit margin of these companies has gone up through the production of non essential items and so also their quantum of foreign remittances?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) to (c). A statement is laid on the Table of the House.

Statement

(a) to (c). Under the revised industrial licensing policy announced in February 1970, industries were not classified as priority or non-priority for purposes of industrial licensing. They have been classified as (i) Core industries and (ii) Key industries for purposes of industrial licensing. Besides these two categories, some industries which were not included in the Core industries or in the Key Industries were categorised as priority industries. The priority industries include those to which priority would be given for the purpose of allocation of foreign exchange for import of capital goods. According to the above policy, essential Drugs and Pharmaceuticals (including intermediates and contraceptives) are included in the list of Key industries.

313 LS—2

Under the revised Industrial Licensing Policy which came into force on the 16th February, 1973, all undertakings owned by foreign companies, their branches or subsidiaries or by companies in respect of which more than 50 per cent of the paid up equity share capital is held directly or indirectly by foreign companies, their branches or subsidiaries, or by foreign nationals or non resident Indians, are required to be in possession of Industrial licences within six months from the date of issue of the notification.

Foreign firms are not eligible for diversification under the diversification policy announced by the Ministry of Industrial Development in their notification dated the 17th July, 1970. Many firms manufacturing drugs are also engaged in the manufacture of non drug items which valid industrial licences having diversified earlier.

At present the prices of drugs and medicines are controlled under the Drugs (Price and Control) Order 1970 while there is no price control on non-drug items. It is likely that the profits of the company have shown increase mainly on account of non-drug activity. But as far as drugs and pharmaceuticals are concerned, the preliminary assessment of the working in respect of 34 foreign firms reveals the following:

	1969	1971
Profitability on sales turnover of formulations	18.80%	11.10%
Profitability on capital employed	19.09%	16.48%

The information regarding foreign remittances in the years 1969, 1970 and 1971 by foreign firms engaged in manufacture of drugs has been furnished in reply to Unstarred Question

No. 1191 answered in the Lok Sabha on 27th February 1973.

SHRI N. K. SANGHI: May I know from the hon. Minister whether the foreign pharmaceutical firms which are not eligible for diversification as per the notification of 17th July, 1970, if those pharmaceutical firms have started their diversification earlier have now been regularised? If not, what action had been taken to stop the diversification earlier?

SHRI D. K. BOROOAH: A decision was taken that no diversification would be permitted. We have not allowed any diversification earlier. Action was taken to take advantage of the liberalisation policy for production of non-drug items. According to the revised policy the undertakings belonging to or controlled by the larger houses, foreign companies or subsidiaries cannot diversify without the proper and valid industrial licence. There were formerly some firms as we all know. So, we have controlled it and we would also like to go into the question whether we could try to reduce the diversification which has already taken place.

SHRI N. K. SANGHI: My question was, under this notification, you have stopped diversification from 17th July 1970. What about those pharmaceutical firms who had diversified their production earlier? Have they been regularised or action will be taken against them?

SHRI D. K. BOROOAH: They have been asked to take a proper valid industrial licence for that.

SHRI N. K. SANGHI: They are manufacturing talcum powder, chewing gums, energy tablets etc. Has any action been taken against them or not?

SHRI D. K. BOROOAH: This question will be looked into. I understand they have been asked to take a valid licence for it.

SHRI K. S. CHAVDA: In order to reduce the huge profits made by the foreign firms on non-drug items, do Government intend to control the price of these non-drug items?

SHRI D. K. BOROOAH: I will certainly consider this suggestion.

Companies in which Monopoly Houses have controlling interest

*755. **SHRI B. V. NAIK:** Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the total number of Companies in which the monopoly houses have a controlling interest; and

(b) the total value of the assets of these Companies as shown in their balance sheet?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) and (b). A statement is laid on the Table of the House.

Statement

The term "monopoly house" has not been defined in the Monopolies and Restrictive Trade Practices Act or in any other legislation. Presumably, what the Hon'ble Member has in mind are the undertakings which are covered by Chapter III of the M.R.T.P. Act relating to the concentration of economic power. It may be indicated that the new industrial licensing policy announced on February 2, 1973 also states that "the definition of larger industrial houses to be adopted for licensing restrictions should be in conformity, in all respects, with that adopted in the M.R.T.P. Act in 1969" Section 20 of the M.R.T.P. Act lays down the undertakings which are covered by the provisions of Chapter

III of this Act. According to this Section, this Chapter applies to—

(a) an undertaking if the total value of

(i) its own assets or

(ii) its own assets together with the assets of inter-connected undertakings is not less than Rs. 20 crores; and

(b) a dominant undertaking the value of whose assets or the sum total of the value of the assets of all its inter-connected undertakings is not less than Rs. 1 crores.

It is significant that this Section also does not use the term 'monopoly houses' but only the expression "inter-connected undertakings". Every undertaking, which is covered by Section 20 of the Act, is legally obliged to register with the Central Government under Section 26 of this Act. In accordance with these provisions, 902 undertakings have registered themselves with the Central Government so far. Of these, the registration of 59 undertakings has since been cancelled under sub-section (3) of Section 26 of the M.R.T.P. Act. The total number of undertakings, which today stand registered under Section 26 of the M.R.T.P. Act, is therefore 843. The sum total of the value of the assets of these undertakings as shown in their balance sheets is approximately Rs. 4,800 crores. It may also be mentioned that according to the list of large industrial houses prepared by the Industrial Licensing Policy Inquiry Committee, there were 48 houses which had assets of Rs. 20 crores and above and which therefore *prima facie* attracted the provisions of Section 20 of the M.R.T.P. Act. Of the 843 undertakings which are registered under Section 26 of the M.R.T.P. Act, 657 are known to belong to these 48 industrial houses. The assets of these 657 undertakings are Rs. 3,637 crores approximately.

SHRI B. V. NAIK: From the statement, I find the total assets of 657 undertakings have been shown as

about Rs. 3637 crores. I would like to know whether among the large industrial houses numbering about 48, any classification is possible as to the good ones and the bad ones?

SHRI D. R. CHAVAN: That classification has not been made.

SHRI B. V. NAIK: I asked, is that classification possible?

SHRI D. R. CHAVAN: We would look into it.

SHRI B. V. NAIK: I presume he has answered it in the affirmative and it will be done. May I know whether he is aware of the suggestion made from the shipping industry as well as by the National Shipping Board that regarding the restriction placed under the MRTP Act, there should be a relaxation of the Act so far as shipping concerns falling under the category of large industrial houses are concerned? If so, what are the reactions of his ministry thereto?

SHRI D. R. CHAVAN: The recommendation for complete exemption has not been accepted but as far as possible proposals from the shipping industry are not referred to the MRTP Commission.

श्री आरखंडे राय : क्या मंत्री महोदय बतावेगे सरकार ऐसी सूचना देने की निम्ति में है, मोनोपली कमोशन के मुताबिक 75 मोनोपली हाउसेज हम लोग जानते हैं, क्या कमोशन की रिपोर्ट के बाद उनकी संख्या में कोई वृद्धि हुई है ? यदि हुई है तो कितनी ?

SHRI D. R. CHAVAN: The number has not gone up.

SHRI JAGANATH RAO: May I know whether any effective steps have been taken to under section 27 to see that there is diffusion of the

concentration of economic power in the hands of the 48 large houses?

SHRI D. R. CHAVAN: No, Sir. No reference has been made under section 27. So far as the other sections are concerned, concerning the establishment of the undertaking and substantial expansion under section 21, effective steps are taken, and, where necessary, such type of cases are referred to the MRTP Commission.

WRITTEN ANSWERS TO QUESTIONS

Complaint against Officials of Divisional Accounts Office, New Delhi (Northern Railway)

*743. SHRI LALJI BHAI: Will the Minister of RAILWAYS be pleased to state:

(a) whether a complaint has been received by the Railway Administration from a Member of Parliament against some officials of the Divisional Accounts Office, Northern Railway, New Delhi in the month of February, 1973 regarding tampering with the old record of paid vouchers;

(b) if so, whether any investigations have been made; and

(c) if so, the results thereof and the action proposed to be taken in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes Sir.

(b) The investigations are still in progress.

(c) Does not arise at this stage.

Length of Railway Lines sanctioned and constructed during Fourth Five Year Plan, Zone-wise

*746. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the total length in kilometres of the Railway lines in each one of the nine zones at the end of the 3rd Five Year Plan as also at the end of the financial year 1972-73; and

(b) the total length in kilometres of Railways (a) sanctioned and (b) constructed for each one of these nine zones during the Fourth Five Year Plan?

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): (a) The total length of Railway lines on Zonal Railways at the end of the Third Five Year Plan and at the end of the Financial year 1972-73 was as follows:—

Railway		At the end of the Third Five Year Plan i.e. on March 31, 1966.	At the end of the Financial year 1972-73, i.e. on March 31, 1973.
		Route kilometres	Route kilometres
Central	.	8,910	6,020
Eastern	.	4,040	4,217
Northern	.	10,408	10,698
North Eastern	.	4,961	4,976
Northeast Frontier	.	3,621	3,625
Southern	.	10,221	7,472
South Central	.	*	6,173
South Eastern	.	6,282	6,842
Western	.	9,955	10,147
TOTAL		58,398	60,170

*This zone was carved out of Central and Southern Railways on October 2, 1966.

(b) The total length in Kilometres of Railway Lines completed and sanctioned in the Fourth Plan for each zone is as follows:—

Railway	Completed (Kms.)	Sanctioned (Kms.)
Central . . .	254.26	117.72
Eastern . . .	57.56	..
Northern . . .	104.66	..
Southern . . .	25.85	380.00
South Eastern . . .	..	154.01**
Western . . .	100.75	253.02

Setting up of Synthetic Rubber Plant near Baroda by I.P.C.L.

*747. SHRI RAJDEO SINGH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Indian Petrochemicals Corporation Ltd., is setting up a polybutadiene synthetic rubber plant near Baroda;

(b) whether it will cost some foreign exchange and involve foreign collaboration; and

(c) if so, the broad outlines thereof?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) Yes, Sir.

(b) Yes, Sir.

(c) This plant with an annual capacity of 20,000 tonnes envisages capital outlay of Rs. 13.50 crores inclusive of foreign exchange component of Rs. 3.43 crores. The Corporation has entered into foreign collaboration agreement with M/s Polysar International, Switzerland, for

process know-how, basic engineering and expatriate assistance. It is a down stream unit of Naphtha Cracker Project of the Gujarat Petrochemical Complex. It is likely to be completed during May-November 1975. The plant will produce 20,000 tonnes per annum of polybutadiene synthetic rubber.

Protection to religious places due to diversion of Kangra Valley Railway

*748. DR. H. P. SHARMA: Will the Minister of RAILWAYS be pleased to state:

(a) whether the Kangra Valley Railway line is being diverted from Jawanwala Shahr station due to the construction of Beas Dam (Pong Dam) in Himachal Pradesh;

(b) whether a Railway bridge is being constructed over Dehar Khud near Jawanwala Shahr station as a result of which many religious places and temples of gods and goddesses at Haridwar of Jawali village have been damaged; and

(c) the arrangement made by Government to protect these religious places?

THE MINISTER OF RAILWAYS (SHRI L. N. MISHRA): (a) Yes, Sir.

(b) A railway bridge is being constructed across Dehar Khud in connection with this diversion, but this does not involve damage to any religious places or temples.

(c) Does not arise.

Offer from Italian firm for setting up five Fertilizer Plants

*749. SHRI S. R. DAMANI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Fertilizer Corporation of India has received an offer from M/s. Sham Progetti an Italian

**Includes Rail link to Haldia (69.70 km.) of which 59.45 Km. portion was opened in Jan., 1969.

Firm, for collaboration in setting up five fertilizer plants in the country; and

(b) if so, the main terms of the offer and Government's reaction thereto?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): (a) and (b). Yes, Sir. M/s Snam Progetti have offered assistance to the Fertilizer Corporation of India for setting up one, three or five fertilizer plants each with a capacity of 900 tonnes/day ammonia and 1000 tonnes/day urea. The offer is being evaluated and a team of Fertilizer Corporation of India experts is scheduled to visit one of the Snam Progetti urea plants in Italy shortly and for holding further discussions.

Increase in Cost Estimates of Irrigation and Power Projects in 4th Plan

*754. SHRI G. Y. KRISHNAN:
SHRI D. B. CHANDRA
GOWDA:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether there has been an increase in the cost estimates of a number of irrigation and power projects included in the Fourth Plan; and

(b) if so, the extent thereof and the steps taken by Government to economise in the execution of these projects?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a) and (b). The total cost of 59 Major Irrigation Schemes, spilling into the Fourth Plan and still under construction is assessed now as about Rs. 2700 crores. As compared with the cost at the time of sanction, the percentage increase is about 112 per cent. The cost of 50 continuing thermal and hydro power schemes is now assessed

as about Rs. 1500 crores. As compared with cost at the time of sanction, the percentage increase is about 60 per cent.

(c) The reasons for increase in cost estimates are mainly the following:

(i) Non-assessment by State Governments of revised costs of certain projects at the time of formulation of Fourth Plan, though these were due to revision by that time.

(ii) Increase in the period of construction due to paucity of funds and consequent long gestation period when prices rise and establishment continues to be maintained.

(iii) Continuous rise in cost of construction material and labour.

(iv) Inadequate investigation in a few cases.

(v) Inadequate provision in the original estimates.

(vi) Change in the scope of projects to increase the benefits, after the estimates have been sanctioned.

(vii) Changes in design, specifications, detailed estimates, detailed planning etc. including additional requirements and works.

(viii) Increase in land acquisition rates.

(ix) Increase in cost of rehabilitation measures and increase in scales of such measures.

(x) Poor performance of equipments and procurement problems.

(xi) Shortage of important construction materials like cement, steel, construction equipment, leading to delay in execution.

The State Governments have been advised to set up control boards for all important projects so as to keep a close watch on the construction of the projects. The State Governments have also been advised to set up cost control cells for getting information

on the running costs and take remedial measures wherever costs go up. The need for more detailed investigations before framing project estimates also has been emphasised. Admixtures like puzzolons are used to reduce cement. Works are constructed in masonry wherever practicable in order to reduce higher cost of concrete. A Committee of Experts has also been constituted to look into the question of rising costs and their report is expected in the near future.

भारतीय उर्वरक निगम द्वारा उर्वरकों के वितरण के लिए बनाये गये नियम

*756. डा० लक्ष्मीनारायण पांडेय : क्या पेट्रोलियम और रसायन मंत्रों यह बताने की कृपा करेंगे कि :

(क) भारतीय उर्वरक निगम द्वारा रासायनिक खादों के वितरण हेतु अधिकृत एजेंटों, विनरों या विक्रेताओं को नियुक्ति के लिये सामान्यतया कौन-कौन से नियम बनाये गये हैं; और

(ख) इस समय कहां-कहां ऐसे वितरक एजेंट या विक्रेता नियुक्त किये गये हैं।

पेट्रोलियम और रसायन मंत्री (श्री देवकाश बरुआ) : (क) भारतीय उर्वरक निगम द्वारा, डीलरों का नियुक्ति का साधारण विधि निम्न प्रकार है :

1. साधारण रूप से एक क्षेत्र के लिए, जिसमें निगम के उत्पादों की मांग 2000 मोटरो टन प्रति वर्ष तक है भारतीय उर्वरक निगम का एक डीलर होता है। एक क्षेत्र का प्रगाढ़ विस्तार एक डीलर के लिए ब्लाक या तालुका हो सकता है। विस्तृत क्षेत्र एक जिला या जिलों का एक समूह हो सकता है।

2. जब नये डीलरों को नियुक्ति करना होती है तो क्षेत्रीय प्रेस में (अंग्रेजी और स्थानीय भाषा में) विज्ञापन दिये जाते हैं जिनमें डीलरशिप के लिए न्यूनतम योग्यता दी होती है और निर्धारित फार्म पर प्रार्थना पत्र लिये जाते हैं।

3. प्रार्थना पत्र के लिए कोई फीस नहीं ली जाती।

4. तदर्थ नियुक्तियों के लिए विज्ञापन नहीं दिये जाते परन्तु क्षेत्र कर्मचारियों द्वारा सकारिण किये गये उचित प्रार्थियों को कृषि विभाग के स्थानीय अधिकारियों के परामर्श से नियुक्त किया जाता है।

5. निर्धारित प्रार्थना पत्र कार्य का आकृष्ट प्रार्थियों की जानकारी प्राप्त करने के लिए प्रयोग किया जाता है।

6. बैंक मन्दर्भ सहित सन्दर्भों की जाच की जाती है।

7. डा० ए० आ०/बी० डी० आ० की भी रिपोर्ट प्राप्त की जाती है या इन्टरव्यू के समय राज सरकार के प्रतिनिधि को सम्मिलित किया जाता है।

8. जहां आवश्यक होता है प्रतिष्ठा और गोदाम सुविधाओं की स्थानीय जाच एक अधिकारी, जो सेल्स अधिकारी के पद के नीचे नहीं होता, द्वारा की जाती है।

9. चयन समितियों में जोनल मैनेजर/मार्केटिंग मैनेजर/जनरल मैनेजर अध्यक्ष और मार्केटिंग और वित्त से एक एक अधिकारी सदस्य होते हैं।

10. चयन का अन्तिम निर्णय जनर मैनेजर/जोनल मैनेजर द्वारा किया जाता है ।

11. नियुक्ति पर प्रत्येक डीलर द्वारा एक निर्धारित समझौते पर हस्ताक्षर किये जाते हैं ।

12. आरम्भ में नियुक्ति दो वर्षों तक होती है जिसमें तीन माम के नोटिस पर किसी भी ओर से समापन की व्यवस्था है ।

13. 2500 रुपये की जमानती डिपोजिट ली जाती है ।

भारतीय उर्वरक निगम, ब्रेरोजगार सनातकों को और 1971 की भारत-पाक युद्ध के बिकलांग सैनिकों को भी अपना डीलर नियुक्त करता है जिनके लिए उपरोक्त शर्तों पर जोर नहीं दिया जाता ।

(ख) इस समय भारतीय उर्वरक निगम के 2000 से भी अधिक डीलर सारे देश में फैले हुए हैं । जिन स्थानों पर ये डीलर नियुक्त किये गये हैं उनके नाम एकत्र करने में लगने वाला समय और श्रम उनसे प्राप्त लाभ के सम्मेष नहीं होगा ।

Dispute between the Lawyers of Allahabad High Court and its Lucknow Bench

*757. SHRI RAMAVATAR SHASTRI: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether a serious dispute has arisen between the lawyers of Allahabad and Lucknow over the respective jurisdiction of the Allahabad High Court and its Lucknow bench; and

(b) if so, what efforts have been made by Government to settle the dispute?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI H. R. GOKHALE): (a) and (b). It is true that such a dispute has arisen and the matter is being examined by the State Government in consultation with the Chief Justice of the High Court.

Linking of Brahmaputra with Ganga

*758. SHRI B. K. DAS-CHOWDHURY:

SHRI SAMAR GUHA:

Will the Minister of IRRIGATION AND POWER be pleased to refer to the reply given to Unstarred Question No 3774 on the 20th March, 1973 regarding the linking of Brahmaputra with Ganga and state:

(a) the broad outlines of the project to link Ganga with Brahmaputra with estimated cost thereof; and

(b) the expected time to implement the project and the expected benefits of the project?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a) and (b). The scheme to link the Ganga with Brahmaputra is in a conceptual stage. It is not possible to give details at this stage as they are yet to be worked out.

मध्य प्रदेश के गांवों का विद्युतीकरण

*759. श्री फूल चन्द वर्मा : क्या मिचाई और विद्युत् मंत्री यह बनाने की कृपा करेंगे कि :

(क) मध्य प्रदेश के कितने प्रतिशत गांवों में अब तक बिजली पहुंच चुकी है और कितनी प्रतिशत जन संख्या को उनका लाभ मिला है ; और

(ख) मध्य प्रदेश के पिछड़े हुए क्षेत्रों में, जहां आदिवासी बड़ी संख्या में रहते हैं, बिजली पहुंचाने के लिये सरकार ने क्या व्यवस्था की है ?

मिचाई और विद्युत् मंत्री (डा० के० एल० राव) : (क) मध्य प्रदेश में 70.414 गांवों में से 9,573 गांव 31-1-1973 तक विद्युतीकृत कर दिये गये थे जो कि 13.6 प्रतिशत है । इस प्रकार इसमें लगभग 25 प्रतिशत ग्रामीण जनता को लाभ हुआ , और

(ख) ग्राम विद्युतीकरण के लिये कार्यक्रम विभिन्न राज्य सरकारों द्वारा तैयार तथा कार्यान्वित किये जाते हैं और इस प्रकार मध्य प्रदेश के पिछड़े हुए क्षेत्रों को बिजली देने के लिये भारत सरकार द्वारा कोई अलग कार्यक्रम तैयार नहीं किया गया है । ग्राम विद्युतीकरण निगम, जिसकी स्थापना जुलाई, 1969 में केन्द्रीय क्षेत्र में की गई है, राज्य बिजली बोर्डों को योगात्मक

राशियां उनकी ग्राम विद्युतीकरण स्कीमों के निष्पादन के लिए देते हैं । निगम ने मध्य प्रदेश को अब तक 40 ग्राम विद्युतीकरण स्कीम स्वीकृत की हैं जिनमें 1,912 गांवों के विद्युतीकरण, 64,551 पम्पसेटों के ऊर्जन और 3,971 लघु उद्योग तथा कृषि उद्योगों की विद्युत् आपूर्ति के लिये 1848.296 लाख रुपये की ऋण सहायता की परिकल्पना की गई है । इन 6 स्कीमों के अन्तर्गत वे क्षेत्र भी आते हैं जिनमें आदिवासी लोग बड़ी संख्या में निवास करते हैं ।

Grants to Mysore for electrification in tribal areas under Rural Electrification Scheme

*760. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Central Government have taken any steps to give grants to the Mysore State for electrification in tribal areas under Rural Electrification Schemes; and

(b) if so, the names of the areas for which grants have been given?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO): (a) and (b). The Rural Electrification Corporation which has been set up in Central Sector provides additive finances to State Electricity Boards for implementation of their rural electrification schemes. The Corporation have so far sanctioned 23 schemes including one rural electric co-operative of Mysore State envisaging loan assistance of Rs. 1127.90 lakhs for electrification of 1,311 villages and energisation of 19,032 pumpsets. Six of these schemes relate to 'backward' areas in Bijapur, Gulbarga, Dharwar, Bidar and Bellary districts.

The Mysore State Electricity Board have not so far sponsored any scheme for electrification in Tribal areas.

Supply of P.V.C. Resin to a leading industrial unit by M/s. Shri Ram Vinyls

7180. SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government are aware that M/s. Shri Ram Vinyls which used to supply PVC Resin to a leading industrial unit engaged in the manufacture and export of PVC leather cloth had suddenly stopped its supplies of this raw materials; and

(b) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). A leading manufacturer and exporter of PVC leather cloth has recently represented to Government about the inadequate and irregular supplies of PVC Resins made to their unit by M/s. Shriram Chemical Industries. The undertaking has stated that from November 1972 M/s. Shriram Chemical Industries have not supplied any quantity of PVC Resin to them. Government have taken up the matter with M/s. Shriram Chemical Industries.

Foreign Technicians employed by Foreign dominated Drug Manufacturing Firms

7181. SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the number of foreign Technicians employed by the foreign dominated drugs manufacturing firms in the country; and

(b) the names of the firms and the salaries and other perquisites sanctioned for each foreign technician?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The information is being collected and will be placed on the Table of the House.

**तेल तथा प्राकृतिक गैस आयोग के बारे में
मालवीय समिति का प्रतिवेदन**

7182. श्री धनशाह प्रधान : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या तेल तथा प्राकृतिक गैस आयोग के पुनर्गठन के बारे में मालवीय समिति द्वारा प्रस्तुत प्रतिवेदन पर सरकार ने इस बीच विचार कर लिया है ; और

(ख) यदि हां, तो सरकार ने कौन-कौन सी सिफारिशें मान ली हैं और उनके कार्यान्वयन के लिये क्या प्रयास किये गये हैं और यदि नहीं, तो इन पर अनुमानतया कब तक विचार हो जायेगा ?

पेट्रोलियम और रसायन मंत्रालय में उपायुक्त (श्री दलबीर सिंह) : (क) और (ख). सरकार द्वारा रिपोर्ट पर काफी विचार हो चुका है और यह पूरा होने वाला है। आशा है कि विभिन्न सिफारिशों पर सरकार से निर्णयों को शीघ्र ही अन्तिम रूप दिया जायेगा ?

Scheduled Castes/Scheduled Tribes Officers in Research, Designs and Standards Organisation

7184. SHRI A. S. KASTURE: Will the Minister of RAILWAYS be pleased to state:

(a) the number of permanent and temporary officers upto Class II in Railway Research Designs and Standards Organisation;

(b) the number of the Scheduled Castes/Scheduled Tribes Officers in the Railway Research Designs and Standards Organisation; and

(c) what additional measures are proposed to increase the number of such officers belonging to Scheduled Castes/Tribes in Railway Research, Designs and Standards Organisation?

THE DEPUTY * MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) and (b). There are 162 permanent officers and 106 temporary officers in the Research, Designs and Standards Organisation. Of these, one belongs to Scheduled Caste and one to Scheduled Tribe.

(c) Research, Designs and Standards Organisation in a highly technical organisation engaged in Research and Design work pertaining to Indian Railways. Most of the gazetted posts in this organisation are filled by transfer of suitable officers from Railways on tenure basis. However, while appointing officers to this organisation, the claims of those belonging to Scheduled Castes/Scheduled Tribes communities are given due consideration in accordance with the extent orders issued by the Department of Personnel.

Increase of Scheduled Castes/Scheduled Tribes Accountants, Assistants, Clerks and Stenographers in Railway Board

7185. SHRI A. S. KASTURE: Will the Minister of RAILWAYS be pleased to state:

(a) the number of permanent and temporary Accountants, Assistants, Clerks and Stenographers in the Railway Board,

(b) the number of employees belonging to Scheduled Castes/Scheduled Tribes; and

(c) what special measures are in view to increase the number of such employees in the establishment of the Railway Board?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

Posts operated and filled at present.

(a) Category Permanent Temporary

1. Accountants . . .	16	15
2. Assistants . . .	395	97
3. Upper Division Clerks . . .	95	62
4. Lower Division Clerks . . .	205	60
5. Stenographers Grade II . . .	153	44
6. Stenographers Grade III . . .	74	37

(b) Category Scheduled Castes Scheduled Tribes

1. Accountants . . .	..	—
2. Assistants . . .	84	5
3. Upper Division Clerks . . .	10	..
4. Lower Division Clerks; . . .	35	6
5. Stenographers Grade II . . .	12	..
6. Stenographers Grade III . . .	12	..

(c) The appointment of accountants in the Board's office is made by transfer of suitable staff in the same grade working in Zonal railways. Suitable accountants belonging to Scheduled Castes/Scheduled Tribes have not been volunteering for transfer to the Board's office. The posts of assistants and stenographers grade II are filled by direct recruitment through the U.P.S.C., or by promotion from the lower grade. The posts of Upper Division Clerks are filled by promotion from among Lower Division Clerks.

The shortfall in direct appointments is due to the inadequacy of nomination on the results of the examination held by the U.P.S.C. Full consideration is given to the claims of Scheduled Castes/Scheduled Tribes employees for promotion to higher grades of assistants, stenographers and Upper Division Clerks in accordance with the procedure laid down by the Department of Personnel. The posts of Stenographers Grade III and clerks are filled through the Institute of Secretariat Training and Management. Here also the shortfall is due to the paucity of Scheduled Castes/Scheduled Tribes candidates nominated on the result of the examinations held by the Institute.

Increase of officers of Scheduled Castes/Scheduled Tribes in Railway Board

7186. SHRI A. S. KASTURE: Will the Minister of RAILWAYS be pleased to state:

(a) the total number of permanent and temporary officers in the Railway Board;

(b) the number of Scheduled Castes/Tribes officers in the Railway Board; and

(c) what special measures are proposed to be taken to increase the number of officers belonging to Scheduled Castes/Tribes in the Railway Board?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). There are 279 permanent officers and 109 temporary officers in the Railway Board. Of these, 13 belong to Scheduled Caste and 1 belongs to Scheduled Tribe communities.

(c) A large number of Gazetted posts in the Railway Board are filled by transfer of suitable officers from Railways on tenure basis. However, while appointing officers in the Railway Board, the claims of those belonging to Scheduled Caste/Schedule Tribe communities are given due consideration in accordance with the extant orders issued by the Department of Personnel.

Class III and Class IV Scheduled Castes/Scheduled Tribes staff in RDSO

7187. SHRI A. S. KASTURE: Will the Minister of RAILWAYS be pleased to state:

(a) the number of permanent and temporary Class III staff and Class IV staff (Peons and Daftries only) in the establishment of Railways Research, Designs and Standards Organisation;

(b) the number of permanent and temporary Class III and IV staff (Peons and Daftries only) belonging to Scheduled Castes/Tribes in the Organisation; and

(c) what special measures were undertaken in the past and what additional measures are in view to increase the number of such employees belonging to Scheduled Castes/Tribes in Railways Research, Designs and Standards Organisation?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The number of permanent and temporary Class III staff and Class IV staff (Peons and Daftries only) in the

Research, Designs and Standards Organisation is as under:—

	Pt.	Ty.
Class III	1110	1100
Class IV	5	168

(b) The number of permanent and temporary Class III and Class IV staff (Peons and Daftries only) belonging to Scheduled Castes/Tribes in RDSO is as under:—

	Pt.	Ty.
Class III	86	87
Class IV	3	22

(c) While making appointment of Class III & IV staff in the R.D.S.O., extent orders issued by the Deptt. of Personnel regarding reservation of posts for candidates belonging to Scheduled Castes/Scheduled Tribes are strictly followed. In the case of recruitment to Class III/IV posts from the open market, advertisement notices are sent to the Scheduled Castes/Tribes associations and the Employment Exchanges.

**Increase in equity investment by
M/s. Glaxo Laboratories**

7188. SHRI BHALJIBHAI PARMAR: Will the Minister of PETROLEUM AND CHEMICALS be pleased to refer to Unstarred Question No. 13809 on the 20th March, 1973 and state:

(a) the fresh investment from abroad referred to in reply to Part (c) of the question; and

(b) the amounts repatriated by H.J. Foster and Co./Glaxo Laboratories (I) Ltd., year-wise since 1950 in the shape of profits, dividends, royalties and technical know-how fees?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The required information is being collected and will be placed on the Table of the House.

Initial and present Capital investment of Foreign Drug Manufacturing firms with 26 per cent Foreign Equity

7189. SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the initial and present capital investment of all the foreign drug manufacturing firms, with foreign equity exceeding 26 per cent; and

(b) how much of it was from out of the profits earned in India and how much by fresh investment from abroad?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The information is being collected and will be placed on the Table of the House.

**Sanction of inter-State lines in
Madhya Pradesh**

7190. SHRI RANABAHADUR SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether there are some of the inter-State lines submitted by the Madhya Pradesh Government like the Barwaha-Baroda 400 KV lines, Satpura-Guna-Rana Pratap and Guna Manipuri 400 KV lines are waiting for the sanction of the Central Government; and

(b) the reasons for delay in according sanction and when the final decision is likely to be taken?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The proposal in regard to construction of Baroda-Barwaha 400 KV S/C line has been recommended to Planning Commission. The proposals in regard to the Satpura Guna-Rana Pratap Sagar and Guna-Mainpuri 400 KV inter-regional lines are under examination.

विदेशी कम्पनियों द्वारा अपने लाभ बढ़ाने के लिए कथित घोटाले

7191. श्री धनशाह प्रधान : क्या विधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार के ध्यान में यह बात आयी है कि भारत में अपने लाभ बढ़ाने के लिये कुछ विदेशी कम्पनियों अपनी मुद्रा का उपयोग करने के स्थान पर भारतीय मुद्रा का उपयोग करने के लिये बैंकों से ऋण ले लेती है ;

(ख) यदि हां, तो क्या विदेशी कम्पनियों की उक्त कार्यवाहियों को देखने हुये सरकार ने कुछ उपाय किये हैं ; और

(ग) यदि हां तो क्या ?

विधि न्याय और कम्पनी कार्य मन्त्रालय

में राज्य मंत्री (श्री डॉ० आर० सहाय) :

(क) सरकार को यह जानकारी नहीं है कि कुछ विदेशी कम्पनियों ने अन्तः निती मुद्रा के स्थान पर, भारतीय मुद्रा के उपयोग के लिये भारतीय बैंकों से ऋण लिये हैं, व इस प्रकार भारत में अपने लाभों में वृद्धि की है ।

(ख) और (ग). उत्पन्न नहीं होते ।

बनापुरा (मध्य रेलवे) के रेलवे कर्मचारियों के क्वार्टरों में पानी

7193. श्री गंगाचरण दीक्षित : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य रेलवे के बनापुरा में रेलवे कर्मचारियों के क्वार्टरों को पानी की सप्लाई उसे अच्छी तरह साफ करने के पश्चात् की जाती है ;

(ख) क्या अधिस्तन रेलवे कर्मचारियों तथा उनके परिवारों के सदस्य मार्च, अप्रैल तथा मई के महीनों में पेट की गड़बड़ी के कारण पीड़ित रहते हैं क्योंकि इन महीनों में सप्लाई किया जाने वाला पानी अच्छी तरह साफ नहीं किया जाता ; और

(ग) यदि हां, तो सरकार का इन बारे में क्या कार्यवाही करने का विचार है ?

रेल मंत्रालय में उपभोक्ता (श्री गुरुमन्त्र शर्मा कुंभारी) : (क) बनापुरा में पानी की सप्लाई कुंभारों से की जाती है और उसे छानने या साफ करने की आवश्यकता नहीं होती। पीने के पानी वाले सभी कुंभारों और ऊारी टंकियों को नियमित रूप से तथा समय-समय पर कीटाणु-निहत किया जाता है और क्लोरीन में शुद्ध किया जाता है।

(ख) और (ग). रेलों को इस तरह की कोई जानकारी नहीं है। फिर भी सम्बन्धित अधिकारियों को इस बात पर निगाह रखने के लिये यह दिया गया है कि उपभोक्ताओं को समुचित रूप से साफ किया हुआ और क्लोरीनशोधित पानी की सप्लाई किया जाये।

मध्य प्रदेश में ज्वायंट स्टाक तथा प्राइवेट लिमिटेड कम्पनियां

7194. श्री गंगाचरण दीक्षित : क्या विधि, न्याय और कम्पनी-कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश में वर्ष 1971-72 में कुल कितनी ज्वायंट स्टाक तथा प्राइवेट लिमिटेड कम्पनियां कार्य कर रही थीं ; और

(ख) उनके पंजीकृत मुख्यालय कहाँ स्थित हैं ?

विधि, न्याय और कम्पनी कार्य मंत्रालय में राज्य मंत्री (श्री ड० प्र० चं०) : (क) और (ख). मध्य प्रदेश में, वर्ष 1971-72 की समाप्ति पर, कुछ हिस्सों द्वारा सीमित, चार सौ चौदह ज्वायंट स्टाक कम्पनियां कार्यरत थी। इन कम्पनियों के पंजीकृत कार्यालयों के पते विभाग के प्रकाशनों में 1958-59 से 1970-71 की अवधि हेतु "ज्वायंट स्टाक कम्पनियों की वर्णक्रम सूची" और 1-4-71 से 31-3-72 तक के कम्पनी न्यूज एण्ड नोट्स में प्रकाशित हुये हैं। (इन प्रकाशनों की प्रतियां सम्बन्धित विभागों में नियमित रूप से प्रदत्त की जाती हैं) 1-2-72 से 31-3-72 तक की अवधि की यह सूची मद्रासधीन है।

Grant of refused leave/extension of service and Re-Employment to officers (Director, Additional Member and Member of Railway Board)

7195. SHRI K. SURYANARAYANA: Will the Minister of RAILWAYS be pleased to state-

(a) the names and designations of officers of the rank of Director, Additional Member and Member in the Railway Board's Office who were due to retire during the year 1972-73 and were granted (i) refused leave, (ii) extension of service and (iii) re-employed,

(b) whether no suitable officers in the relevant Service were available;

(c) the names and designations of such officers who are due to retire during the year 1973-74; and

(d) those out of them who are likely to be granted (i) refused leave (ii) extension of service or (iii) re-employed?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The following officers, who were due to retire during the year 1972-73, were granted extension of service or were refused leave:

Granted extension

- (i) Shri B.S.D. Baliga, Chairman, Railway Board and ex-officio Principal Secretary to the Government of India.
- (ii) Shri K.S. Sundara Rajan, Financial Commissioner, Railways and ex-officio Secretary to the Government of India.

Refused leave

- (i) Shri K. S. Sundara Rajan, Financial Commissioner, Railways and ex-officio Secretary to the Government of India.
- (ii) Shri K. V. Kasturi Rangan, former Additional Member Staff, Railway Board.

There was no case of re-employment during the period in question.

(b) The decision in each case was taken in public interest.

(c) The following officers are due to retire during the year 1973-74:—

- (i) Shri B. S. D. Baliga, Chairman, Railway Board and ex-officio Principal Secretary to the Government of India.
- (ii) Shri K. S. Sundara Rajan, Financial Commissioner, Railways and ex-officio Secretary to the Government of India.
- (iii) Shri H. M. Chatterjee, Member Mechanical and ex-officio Secretary to the Government of India.

(iv) Shri K. S. Bhandari, Additional Member, Finance and ex-officio Additional Secretary to the Government of India.

(d) No such proposal is under consideration at present.

Selection for the Post of Member (Judicial) Income-tax Appellate Tribunal

7196. SHRI K. SURYANARAYANA: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 1015 dated the 21st November, 1972 regarding the selection for the post of Member (Judicial) Income-tax Appellate Tribunal and state:

(a) whether the information referred to in reply to parts (c) and (d) has since been collected;

(b) if so, whether it would be laid on the Table; and

(c) the number of persons who were put on the Waiting List and the number out of them who have since been issued appointment letters?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI NITIRA SINGH CHAUDHARY): (a) and (b). Yes. In addition to the names of five persons mentioned in the statement being laid on the Table in fulfilment of assurance given to parts (c) and (d) of Unstarred Question No. 1015 dated 21st November, 1972, appointments of the following three persons have also been made in the vacancies in the post of Judicial Member of the Income-tax Appellate Tribunal:—

S/Shri (1) Ch. Sree Rama Rao.

(2) T. N. C. Rangarajan, and

(3) A. R. Halder.

(c) As already stated in reply to parts (c) and (d) of Unstarred Question No. 1015 answered on 21st of November, 1972, it is not in public interest to disclose the number and names of persons kept on the waiting list.

**Officers of Mechanical Engineering
Department of Railway on Study
Leave in U.S.A.**

7197. SHRI K. SURYANARAYANA:
Will the Minister of RAILWAYS be
pleased to state:

(a) the number of officers of the Mechanical Engineering Department of the Railways who are at present on study leave in U.S.A. since 1970;

(b) the leave with and without allowances granted to them; and

(c) the number of officers who have been granted extension of leave from time to time upto 31st January, 1973 and the reasons therefor?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
MOHD. SHAFI QURESHI): (a) None.

(b) and (c). Do not arise.

**Promotion of Junior Scale Officer to
Senior Scale**

7198. SHRI K. SURYANARAYANA:
Will the Minister of RAILWAYS be
pleased to refer to the reply given to
Unstarred Question No. 209 on the
14th November, 1972 regarding Pro-
motion of Junior Scale officer to
Senior Scale and state the considera-
tions which have weighed with the
Railway Department in computing the
leave without pay also while counting
four years' of service for promotion
to the Senior Scale of the Service
and the reasons for not making a
specific provision in this behalf in the
Establishment Manual?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
313 LS—3

MOHD SHAFI QURESHI): (a) as
indicated in reply to Part (c) of
Question No. 209 answered in the
Lok Sabha on 14-11-72, promotion of
a Junior Scale Class 'I' officer to Senior
Scale is ordered on consideration of
the overall fitness of the officer and
not merely on completion of four
years of service. In view of this, a
specific stipulation that period of
leave without pay should not be com-
puted while calculating the four years'
service in the Junior Scale for the
purpose of promotion of a Junior
Scale Class I officer to Senior Scale
is not considered necessary.

**Transfer of Parcel Clerks of Saharan-
pur Railway Station**

7199. SHRI M. S. SANJEEVI RAO:
Will the Minister of RAILWAYS be
pleased to state:

(a) whether certain Parcel Clerks
at Saharanpur Railway Station were
ordered to be transferred in Decem-
ber, 1972; and

(b) whether those orders of trans-
fer were later on cancelled, if so, the
reasons therefor?

THE DEPUTY MINISTER IN THE
MINISTRY OF RAILWAYS (SHRI
MOHD. SHAFI QURESHI): (a)
and (b). Orders for transfer of one
Parcel Clerk from Saharanpur were
issued initially. Later on as it be-
came administratively necessary to
transfer out another Parcel Clerk, the
initial orders had to be changed.

**Yard Stick followed in case of transfer
of Parcel Clerk at Saharanpur.**

7200. SHRI M. S. SANJEEVI RAO:
Will the Minister of RAILWAYS be
pleased to state:

(a) whether according to the yard
stick laid down by the Railway, junior
Parcel Clerks with longer stay at a
particular Railway station are con-
sidered for transfer before senior Par-
cel Clerks with shorter stay?

(b) if so, whether this yard stick has not been followed in the case of transfer of Parcel Clerks at Saharanpur, ordered in the month of March, 1973; and

(c) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) and (c). The matter is being examined and information will be laid on the Table of the Sabha.

बर्मा शैल द्वारा ईराक से आयातित कच्चे तेल को साफ करना

7201. श्री चन्नुलाल चन्नाकर :
पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बर्मा शैल ने भारतीय तेल निगम द्वारा ईराक से आयातित कच्चा तेल साफ करने की अपनी इच्छा प्रकट की है ;

(ख) यदि हां, तो किन शर्तों पर ;
और

(ग) क्या एस्तो और काल्टेक्स विदेशी कम्पनियों की शर्तों बर्मा शैल से भिन्न हैं ?

पेट्रोलियम और रसायन मंत्रालय में उपमंत्री (श्री दशबीर सिंह) : (क) से (ग). बर्मा शैल, एस्तो और काल्टेक्स तेल कम्पनियां, ईराक से भारतीय तेल निगम द्वारा आयात किये जा रहे मार्च इमेसह कूडमाल को उक्त

निगम की ओर से साफ करने के लिये सिद्धान्त रूप में सहमत हो गई हैं। भारतीय तेल निगम और सम्बद्ध कम्पनियों के बीच शर्तों के बारे में इस समय बातचीत हो रही है।

Petrol dealership of Indian Oil given ... to unemployed engineers

7202. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state;

(a) whether and dealership in petrol has been given to unemployed engineers or the educational unemployed during 1972; and

(b) if so, the number of such persons, State-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The required information is being collected and will be laid on the table of the House.

Increase in Cost of Production of Railway Wagons and Rail Engines

7203. SHRI AMBESH: Will the Minister of RAILWAYS be pleased to state:

(a) the amount allotted during last three years, year-wise, for the production of Railway wagons and Rail engines, separately;

(b) whether the actual cost of production increased in each case; and

(c) if so, the reasons therefor? -

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) The funds provided in the Budget Estimates for Railway wagons and loco-

tives during the last 3 years are given below:

		Funds provided in the Budget Estimates.	
		(Figures in lakhs of Rs.)	
		Wagons	Locomotives
1969-70	. .	3919	4326
1970-71	. .	4813	3955
1971-72	. .	3592	4223

(b) The actual expenditure booked under the heads 'wagons' and locomotives' was as under:

		Actual expenditure booked	
		(Figures in lakhs of rupees)	
		Wagons	Locomotives
1969-70	. .	3522	3519
1970-71	. .	3347	3666
1971-72	. .	2945	4141

(c) Does not arise, since the actual costs were less than the budget provision.

पश्चिम रेलवे में रेलवे सम्पत्ति की चोरी

7204. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन महीनों में पश्चिम रेलवे में रेलवे सम्पत्ति की चोरी होने की कितनी घटनाएँ दर्ज की गई हैं ;

(ख) कितने व्यक्तियों के विरुद्ध रेलवे सम्पत्ति की चोरी के मामले दर्ज किये गये हैं ; और

(ग) इन मामलों में कितने मूल्य की रेलवे सम्पत्ति की चोरी हुई है ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) पिछले तीन महीनों में अर्थात् जनवरी, 1973 से मार्च, 1973 तक पश्चिम रेलवे पर रेल सम्पत्ति की चोरी के 85 मामले दर्ज किये गये थे ;

(ख) इस सम्बन्ध में 31 व्यक्तियों के विरुद्ध मामले दर्ज किये गये थे ।

(ग) 1,09,760 रुपये ।

मध्य रेलवे में रेलवे सम्पत्ति की चोरी

7205. श्री हुकम चन्द कछवाय : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) गत तीन महीनों के दौरान मध्य रेलवे में रेलवे सम्पत्ति की चोरी की कितनी घटनाएँ हुई हैं ;

(ख) कितने व्यक्तियों के विरुद्ध रेलवे सम्पत्ति की चोरी के मामले दर्ज किये गये हैं ; और

(ग) इन मामलों में कितने मूल्य की रेलवे सम्पत्ति की चोरी हुई है ?

रेल मंत्रालय में उपमंत्री (श्री मुहम्मद शफी कुरेशी) : (क) 99

(ख) 11

(ग) 44,329 रुपये

Co-operation in oil Field between India and Iraq

7206. SHRI VAYALAR RAVI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Iraq's Minister of Oil has recently visited India for negotiations for co-operation in oil-field; and

(b) if so, the nature of discussions held and the outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The Minister of Oil and Minerals, Government of Iraq visited India from the 1st April, 1973, to the 8th April, 1973, at the invitation of the Government of India with a view to develop, extend and consolidate economic, technical and trade relations between the two countries. Cooperation between the two countries in the field of oil was also one of the subjects discussed between the visiting Minister and the Government of India. An agreement for a US \$50 million credit by Iraq in the form of crude oil supplies to meet a part of the foreign exchange requirements of the Mathura Refinery was signed. The Agreement also provides for the purchase of crude oil by India from Iraq on a long term basis. Heads of Agreement for a 'service contract' for oil exploration in Iraq by the ONGC were also signed with the Iraqi National Oil Company. An agreement, in principle, was reached to strengthen cooperation between the two countries in the field of engineering design for Petroleum industry.

राजस्थान में केन्द्रीय सहायता प्राप्त सिंचाई योजना

7207. श्री श्रींकार लाल बैरवा : क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या झालावाड़ जिला (राजस्थान) में, जो कि एक पिछड़ा हुआ क्षेत्र है, केन्द्रीय

सहायता प्राप्त कोई सिंचाई योजना आरम्भ करने का प्रस्ताव है ; और

(ख) यदि हां, तो उसकी मुख्य बातें क्या हैं ?

सिंचाई और विद्युत् मंत्रालय में उपसंत्री (श्री बालगोविन्द वर्मा) : (क) और (ख). सिंचाई राज्य का विषय है तथा सिंचाई की कोई केन्द्रीय प्रायोजित स्कीम नहीं है। सिंचाई परियोजनाओं का कार्यान्वयन राज्यों द्वारा अपनी विकासात्मक योजनाओं के अन्तर्गत किया जाता है। राजस्थान के झालावार जिले में निम्नलिखित दो मध्यम स्कीमें पहले से ही निर्माणाधीन हैं :—

स्कीम	अनुमानित लागत	लाभ.
	रुपये लाखों में	(हेक्टेयर)
1. काली सिंध	170 लाख	8097
2. भीम सागर	185 लाख	50100

ये पांचवीं योजना में पूर्ण होनी प्रत्याशित

राजस्थान की राज्य सरकार द्वारा झालावार जिले में कोई नई बृहत अथवा मध्यम सिंचाई स्कीम प्रस्तावित नहीं की गई है।

**Promotion to Upper Division Grade in
Railway Board's Office**

7208. SHRI P. GANGADEB:
SHRI R. N. BARMAN:

Will the Minister of RAILWAYS be
pleased to state:

(a) whether in B. S. Vadera Vs. Union of India, the Supreme Court has held that regular promotions from 1st December, 1954 to the Upper Division Grade, which is styled as Grade I, were to be made as envisaged under the Scheme dated the 5th February, 1957 i.e. on the basis of merit with due regard to seniority;

(b) whether the Supreme Court had also held that the rules, unless they can be impeached on grounds such as breach of Part III, or any other constitutional provision, must be enforced, if made by the appropriate authority; and

(c) whether the rules, as envisaged in the Scheme dated 5th February, 1957 were enforced in making regular promotions to the Upper Division Grade in the Board's Office from 1st December, 1954 and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) As already indicated in reply to Unstarred Question No. 4747 put by Shri Krishna Kumar Chatterjee on 17th December, 1968, in the Lok Sabha, all promotions and appointments to Grade I (Upper Division Grade) of the Railway Board Secretariat Clerical Service were required to be regulated in accordance with the provisions contained in the Railway Board Secretariat Clerical Service Scheme as modified subsequently. In this context the relevant portion of the judgement of the Supreme Court on the writ petition of Shri Vadera is reproduced below:

"TO CONCLUDE, on this aspect,
we are satisfied that the

Scheme, Annexure 4, as modified by Annexure 7, framed by the 2nd respondent, Railway Board, such as it is, must have effect, as it does not suffer from any defect in its making and does not offend against the Constitution."

(b) Yes.

(c) The appointments were made on the basis of seniority subject to the rejection of the unfit as provided in the modified Scheme.

**Opening of a New Division at Quilon
(Kerala) to Increase Operational
Efficiency**

7209. SHRI VAYALAR RAVI: Will
the Minister of RAILWAYS be pleased
to state:

(a) whether Government are aware that the operational efficiency of Railways in Kerala region is quite inadequate to satisfy the traffic and operational needs of the area;

(b) if so, the steps Government propose to take during the Fifth Plan to remove defects; and

(c) whether Government propose to open a new Division with Quilon as Head-Quarters to increase the operational efficiency of Railways in this area?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). The Madurai and Olavakkot Divisions of the Southern Railway which serve the State of Kerala are catering adequately to the needs of that State. These divisions are amongst the light divisions on the Indian Railways and their operational efficiency has been improving during the recent years. In view of this there is no justification at present for opening a new division at Quilon or any other place in Kerala.

Setting up of new Fertilizer Plants in the Fifth Plan with the help of Foreign Countries

7210. SHRI VAYALAR RAVI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) a brief outline of the progress made so far in the negotiations with foreign Governments and firms regarding the setting up of new fertiliser plants in India during the Fifth Plan period;

(b) the countries which have shown interest in the scheme and made offers for co-operation and the conditions on which these offers have been made; and

(c) whether Government noticed criticism in Indian Press that the new scheme will discourage indigenous know-how; and if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) and (b). M/s. Engineers (India) Limited have submitted proposals for setting up five fertilizer plants with Japanese co-operation and credit. The Government of Japan have been requested to extend the necessary credit facilities for setting up of these plants. Recently, an official delegation visited Japan for discussions with the Govt. of Japan in this regard.

The Fertilizer Corporation of India have received an offer from M/s. Snam Progetti of Italy for setting up one, three or five fertilizer plants. A team of FCI experts is scheduled to visit one of the Snam Progetti urea plants in Italy shortly and for holding further discussions.

Some other foreign parties for example from the U.K., Denmark, France, etc. have also evinced interest in setting up fertilizer plants in India during the Fifth Plan Period. No

detailed proposals have been received from them so far.

The Foreign Exchange requirements of the fertilizer projects other than those posed for the Japanese Govt. aid are being worked out separately. The possibility of financing these fertilizer projects under credits from various countries and the World Bank is also being examined.

(c) Yes, Sir. These projects will be executed, as in the case of other projects, with maximum possible utilisation of services and supplies available within India. This would mean that external assistance will be utilised only to the extent required to fill up gaps in the design and engineering fields in which also efforts are being continued to secure maximum self-reliance.

Construction of Irrigation Projects in Kerala

7211. SHRI VAYALAR RAVI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) irrigation Projects in Kerala under different stages of completion and the work done on each project so far;

(b) whether the construction work on any of these projects has lagged behind due to paucity of funds; and

(c) if so, the steps taken to ensure adequate financial assistance for the earliest completion of these Projects?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). Seven major irrigation projects are under construction in Kerala. The progress of work on each of these projects is indicated in the attached statement. The Govt. of Kerala have reported that the works on these projects are progressing satisfactorily keeping in view the resources available in the State Plan.

The Government of Kerala have however been urging that special central assistance outside the State Plan frame work may be provided to them for bettering the progress of the irrigation projects in their State. The question of providing such assistance to selected major irrigation projects in the country, including some projects of Kerala, whose accelerated construction can help to create significant additional irrigation potential in the next three years, is being looked into by the Planning Commission.

Statement

Progress of works on irrigation projects in Kerala

1. Periyar Valley:

The barrage at head works across Periyar including deviation canal and all connected works have been completed. Main canal has been completed. 65 per cent. of the distributories and branch channels have been completed. The Kothamangalam distributory has been commissioned. Works on major and minor distributaries and field channels are in progress.

The project is estimated to cost about Rs. 11.50 crores. The expenditure so far is about Rs. 7.11 crores. An area of 42000 acres (net) is expected to receive irrigation by the end of 1972-73.

2. Kallada

The foundation excavation of dam is in progress. Construction of dam at Parappan is in progress. Weir and Right Bank Canal head regulator at Ottakkal is almost completed.

The estimated cost of the project is about Rs. 45 crores. The expenditure so far incurred is about 3.4 crores.

3. Pamba

89 per cent. of barrage, half the length of tunnelling work in the main

canal, 10 out of 21 aqueducts, and 90 per cent. of the excavation of canals have been completed. Balance work is in progress.

The estimated cost of the project is about Rs. 17.9 crores. The expenditure incurred so far is about Rs. 5.6 crores. Benefits from the project are expected to start flowing in from 1973-74.

4. Kuttiyadi

About 75 per cent of masonry dam, 90 per cent. of the earthen dams and 50 per cent. of the work in the canal system are completed. Works in the remaining portions of canals are in progress.

The estimated cost of the project is about Rs. 12.60 crores. The expenditure incurred so far is about Rs. 9.56 crores. The project is already supplying water to about 6000 acres.

5. Chitturpuzha

All masonry works and roadway decking in respect of Moolathara regulator has been completed. Erection of embedded parts for the single tier shutters have been completed and for the double tier shutters, it is in progress. All works except erection and fixing of shutters in Thembaramadakky anicut has been completed. The bridge-cum-regulator has been completed. All the cross drainage works in the High Level canal have been completed.

The estimated cost of the project is about Rs. 5.37 crores. The expenditure so far is about Rs. 1.85 crores. 4000 acres is expected to be irrigated by the end of 1972-73.

6. Kanhiraluzha

About 90 per cent. of the foundation for masonry dam and 75 per cent. of the excavation for key trench have been completed. Construction of masonry dam on the right bank head portion, formation of earth dam, left bank main canal upto 11,000 M are

in progress. Formation of Right bank main canal has been arranged and is in progress.

The estimated cost of the project is about Rs. 9.26 crores. The expenditure so far is about Rs. 2.46 crores. Partial Benefits are expected to start flowing in from this project in 1974-75.

7. Pazhassi

30 per cent of barrage at Kuilur has been completed, the remaining work is in progress. Formation of canal at different reaches are in various stages of execution.

The estimated cost of the project is about Rs. 13.20 crores. The expenditure so far is about Rs. 3.71 crores. Partial benefits are expected to start flowing in from 1974-75.

ग्रामीण विद्युतीकरण निगम द्वारा ग्रामीण विद्युतीकरण योजनाओं के लिए सहायता

7212. श्री भागीरथ भंडार : क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) चालू वर्ष के दौरान विभिन्न राज्यों में ग्रामीण विद्युतीकरण निगम द्वारा कितनी ग्रामीण विद्युतीकरण योजनाओं को सहायता देने का विचार है ; और

(ख) इन योजनाओं की मुख्य रूपरेखा क्या है और इन योजनाओं को कब तक कार्यान्वित किया जाएगा और इससे कितने गाँव लाभान्वित होंगे ?

सिंचाई और विद्युत् मंत्रालय में उपमंत्री (श्री बालगोबिन्द वर्मा) : (क) और (ख). ग्राम विद्युतीकरण निगम ने 1972-73 के दौरान सभी राज्य बिजली बोर्डों की 201 ग्राम विद्युतीकरण स्कीमें स्वीकृत की हैं जिनमें 17,832 गाँवों के विद्युतीकरण, 1,58,843 पम्पसेटों के ऊर्जन और 27,391 लघु और कृषि उद्योगों को विद्युत की सप्लाई के लिये 9333.814 लाख रुपये की ऋण सहायता परिकल्पित है। इन स्कीमों को 3 से 5 वर्ष की अवधि में पूरा करने का कार्यक्रम है।

1973-74 के दौरान ऋण सहायता विभिन्न राज्य बिजली बोर्डों द्वारा प्रायोजित स्कीमों की संख्या पर और ग्राम विद्युतीकरण निगम द्वारा बनाये गये निर्देशनों के अनुसार उनके द्वारा दी गई स्वीकृति पर निर्भर करेगी।

Ban on the Use of Anti-Bacterial Drug-Hexachlorophene

7213. SHRI BISHWANATH JHUN-JHUNWALA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state.

(a) whether some of the India-based units are using an anti-bacterial drug-Hexachlorophene which has since been banned in several countries, for the manufacture of soaps which are being used for the wash of new born babies in Indian hospitals;

(b) whether the drug content has been found to be injurious to children and is capable of brain damage and has led to death of many children in France as reported in the 'Hindustan Times' dated the 15th January, 1973; and

(c) if so, whether Government have considered the desirability of banning immediately the use of the drug for manufacture of soaps and powder and the names of companies which are at present using it for manufacturing cosmetics?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) to (c). A toilet soap being produced by M/s. Godrej Soap Pvt., Ltd, Bombay is the only soap which contains hexachlorophene.

According to the information available from the Minister of Health and Family Planning, recent studies carried out in the USA have raised certain questions regarding the toxicity of hexachlorophene preparation. The Food and Drugs Administration in the USA, in consultation with the experts, has concluded that use of hexachlorophene for bathing infants in hospitals, nurseries or at home, is not advisable. The Committee on Safety of Drugs in the United Kingdom has recommended discouraging the use of hexachlorophene preparations. The Drugs Consultative Committee which met in Delhi in March, 1972 considered the question whether products containing hexachlorophene should be permitted to be manufactured and marketed in the country. The Committee, *inter alia*, suggested that manufacturers of soaps should be asked to cooperate with the Government by not using hexachlorophene in soaps. The Ministry of Petroleum and Chemicals, who are concerned with the manufacture of soap but not with cosmetics advised soap manufacturers in the organised sector in December 1972 to discontinue use of hexachlorophene in soaps.

Import of hexachlorophene has been banned from 1st April, 1973.

Yardstick of Work-load of Sabarmati Goods Shed.

7214. SHRI CHANDRIKA PRASAD: Will the the Minister of RAILWAYS

be pleased to refer to the reply given to Unstarred Question No. 4104 on the 12th December, 1972 regarding "Operation Sabarmati" launched by Western Railway, and state:

(a) the prescribed yardstick for creation of the posts of Goods Clerks on the Indian Railways for Booking, Delivery, Transhipment and other miscellaneous works;

(b) the staff required according to the above yard-stick at Sabarmati Goods Shed of Western Railway and actual strength provided there at present;

(c) the deficiency, if any, and the reasons therefor; and

(d) whether Government have received registered notice from the All India Railway Commercial Clerks Association in regard to the shortage of staff and heavy loss to the Railway revenue, on 13th November, 1972 addressed to the General Manager, Western Railway, and copy to the Divisional Superintendent, Baroda and action taken by Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (d). The information is being collected and will be laid on the Table of the Sabha.

Time-Limit to Raise Undercharges against Station Staff by Accounts Department

7215. SHRI CHANDRIKA PRASAD:
SHRI ONKAR LAL BERWA:

Will the Minister of RAILWAYS be pleased to state:

(a) whether any time-limit has been prescribed by the Railway administration to raise the under charges against the Station staff by the Accounts Department;

(b) if so, the copy of the orders in this regard and the paras of the Railway Codes and Manuals prescribing the time-limit;

(c) the name of the machinery set up by Government to ensure strict implementation of the orders referred in part (b) above, and whether All India Railway Commercial Clerks Association has issued a Notice to the General Manager, Western Railway, Bombay in this regard during December, 1972 or January, 1973; and

(d) if so, the contents of the Notice and Government's reaction thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes, subject to certain exceptions.

(b) A statement is attached.

(c) Traffic Accounts Organisation on each zonal Railway, General Manager, Western Railway, did not receive any Notice.

(d) Does not arise.

Statement

Extract of Para 2803 of Indian Railway Code for the Accounts Department Part II-Traffic Accounts, Revised Edition (Provisional Issue) 1971

2803. (1) Undercharges upto the limit prescribed by the Railway Board in individual items of Coaching and Goods (including Money Coal) earnings may not be debited against stations unless they present special features such as undercharges arising from failure to recover minimum freight, fares etc. Any tendency on the part of the station staff to take undue advantage of this concession should be prevented. For this purpose, all such undercharges should be entered in a register which should be reviewed monthly by the Accounts Officer.

(2) Except in special circumstances and in case of errors detected by the Inspectors of Station Accounts and Officials of the Audit Department, no debit will, ordinarily, be raised against stations more than six months after the month of account of transaction in station returns.

(3) If any document is not susceptible of check for want of any information from the station staff or traffic authorities and the required information has been called for within six months' limit but the station staff or the Traffic authorities have failed to supply the information in time and if, on receipt of the information, it is found that an undercharge exists in the transaction, such an undercharge will not be considered as time-barred even if period of six months from the month of account has elapsed. The undercharge so detected should be debited against the station with the approval of the Accounts Officer quoting reference to the correspondence with the station staff/Traffic authorities on the Error Sheets.

(4) An undercharge coming to notice after the expiry of the time limit referred to above for which debits could not be raised due to the negligence of the Accounts Office, should be recorded in a Register, which should be put up to the Accounts Officer every month. Such undercharges should be dropped without bringing the same to account, suitable action being taken against the staff at fault in the Accounts Office.

Extract of Para 2704 of the Indian Railway Commercial Manual Volume II

2704. Time limit for raising debits against stations. Except in special circumstances and in case of errors detected by the Inspectors of Station Accounts and the officials of the Audit Department, no debit will ordinarily be raised against stations more than six months after the month of account of transactions in station returns.

Upgradation of Supervisory Structure of Commercial Departments in Railways

7216. SHRI CHANDRIKA PRASAD: Will the Minister of RAILWAYS be

pleased to refer to the reply given to Unstarred Question No. 4073 on the 6th July, 1971 regarding upgradation of posts of Supervisory Structure in Commercial Department of Indian Railways and state:

(a) whether the Zonal Railways have since finalised the issue under reference;

(b) if so, whether the position in the Commercial Department has been brought at par with the Operating Department in each Zonal Railways;

(c) the comparative position of higher posts in Operating Department *vis-a-vis* Commercial Department as on 1st April, 1969 and as on 31st October, 1972, separately on each Division of each Zonal Railway; and

(d) if not, the reasons for the delay and the time likely to be taken by Government in finalising the same.

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (d). The information is being collected and will be laid on the Table of the House.

Uniform Policy of Promotion of Commercial Staff as Commercial Inspectors

7217. SHRI CHANDRIKA PRASAD: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 2153 on the 28th November, 1972 regarding Uniform Policy for promotion as Commercial Inspectors on Railways and state:

(a) whether any decision has so far been taken by Government in regard to the channel of promotion over the South-Eastern Zone where the question was under consideration;

(b) if so, the broad outlines of the decision taken; and

(c) if not, the reasons for delay and the time likely to be taken by Government in taking the decision?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS. (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) and (c). The Railway's proposal is to reclassify the category of Traffic Inspectors (Commercial Inspectors) in scale Rs. 335—425 as 'Non-selection' and to restrict the avenue to the Commercial staff. Reply from one of the recognised unions regarding acceptance or otherwise of the Railway's proposal has not been received so far. The time likely to be taken in arriving at a decision would depend upon when the above reply is received.

Employment of contract and casual labour on Central Railway

7218. SHRI G. C. DIXIT: Will the Minister of RAILWAYS be pleased to state:

(a) whether any contract or casual labour are being employed in violation of Section 10 of Contract Labour (Regulation and Abolition) Act, 1970 in Central Railway for loading and unloading of coal ash, loading and unloading of parcels and goods at Railway stations and goods sheds;

(b) whether any representation has been received for abolishing contract labour or casual labour for these jobs; and

(c) if so, the decision taken thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) The employment of contract labour for loading and unloading of coal ash, parcels and goods on the Central Railway has not been prohibited by the Central Government so far in consultation with the Central Advisory Contract Labour Board under Section 10 of the Contract Labour (Regulation and Abolition) Act, 1970. The conditions of such contract labour are regulated by the other provisions of the Act.

Casual labour employed departmentally on these jobs are not governed by the aforesaid Act.

(b) Yes.

(c) In view of the reply given to part (a) above, contract system is being continued in these employments.

Grant of funds to Madhya Pradesh for repairs of essential irrigation works

7219. SHRI G. C. DIXIT: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government of Madhya Pradesh have approached the Central Government for grant of funds for repairs of essential irrigation works; and

(b) if so, the reaction of the Central Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The Government of Madhya Pradesh requested the Central Government for Rs. 14.97 crores for relief works out of which Rs. 4.78 crores was proposed for irrigation works.

A Central Team visited the State between 21st to 25th February, 1973. The team recommended that all expenditure on account of additional employment created at Major/Medium irrigation projects and other works of productive nature would qualify for Central assistance and no ceiling in financial terms was laid down. The

following ceilings were adopted for other items:—

Relief Items

(Rs. in lakhs)

1. *Water supply arrangements*

- (i) Transportation of water 5.00
- (ii) Deepening of tube-wells 15.00

Total: Water Supply 20.00

2. Gratuitous relief 4.00

3. Subsidy on transportation of Cattle fodder 20.00

4. Transportation of foodgrains 3.00

Total : Relief Items 47.00

Loan Items

5. Purchase of Compressors & Tractors 50.00

6. Purchase of fast moving rigs 24.00

7. Purchase of tools and plants 23.00

Total Loan items 97.00

Grand Total 144.00

In addition, Rs. 5.81 crores was provided by Government of India to the State Government under the Emergency Agricultural Production Programme for the implementation of the

following minor irrigation programmes:

<i>Scheme</i>	<i>Amount approved (Rs. in crores)</i>
1. Loan to State Electricity Board for energisation of 7219 tubewells/dugwells .	2.00
2. Loan to State Electricity Board for transmission lines to energise pumpsets	0.90
3. Installation of 1,218 Departmental pumpsets .	0.83
4. Supply of 5,889 pumpsets to farmers (Loan through Cooperatives)	2.00
5. Lift Irrigation for utilisation of dead storage on tanks by Irrigation Department	0.08
TOTAL	5.81

Wagons for Cultivators of Fruits at Nimbhora, Raver and Savda in Maharashtra (Central Railway)

7220. SHRI G. C. DIXIT: Will the Minister of RAILWAYS be pleased to state:

(a) whether the wagons are supplied by the Railway Department to the Banana cultivators of Nimbhora, Raver and Savda in Maharashtra State according to their demands; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) and (b). The demands for the supply of wagons during 1972-73 were fully complied with, except for a marginal short-supply during the last week of September, 1972 on account of a temporary shortage of stock in the area.

Dredging operation of Brahmaputra

7221. SHRI ROBIN KAKOTI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether two dredgers for dredging of the Brahmaputra have been received;

(b) if so, when the dredging operation will start; and

(c) if not, when they will arrive?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). The dredgers which are being manufactured by Messrs. Garden Reach Workshop Ltd. are expected to be delivered by the end of June, 1973. The dredging operations are likely to start after the floods of 1973.

Setting up of thermal power stations in North Eastern States

7222. SHRI ROBIN KAKOTI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the total number of thermal power stations in the North Eastern States of Assam, Nagaland, Manipur, Tripura and Union Territories of Mizoram and Arunachal; and

(b) total number of Thermal Power Stations proposed to be installed in the above named states during 1973-74 (State-wise)?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) There are three thermal power stations in the North-Eastern Region. The stations located in Assam area:

- (i) Namrup thermal power station 3x25 MW
- (ii) Garo Hills thermal power Station 2x25 MW
- (iii) Chandrapur (Gauhati) thermal power station (Assam) 1x30 MW

(b) The following thermal power schemes are, at present, under implementation:—

Name of Scheme	Installed capacity MW	Remarks
1. Namrup thermal power station—Ist Extension (Assam)	1x30	Expected to be commissioned by the end of 1974.
2. Namrup gas turbine unit (Assam)	1x12.5	The unit has been shifted from Gauhati. Its conversion from oil to gas/firing is expected to be completed by the end of 1973.

Mysore Government proposals for new Railway lines in Mysore

that the line is financially not viable.
(v) Rayadurg-Chitradurg (MG)—Survey is in progress.

7223. SHRI K. MALLANNA:
SHRI C. K. JAFFER SHARIEF:

Will the Minister of RAILWAYS be pleased to state:

Diversion of water to Tamil Nadu from reservoir of Sabarigiri project of Kerala

(a) whether any requisition has been received from Mysore Government to put up more Railways; and

7224. SHRI RAMACHANDRAN KADANNAPALLI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(b) if so, Government's reaction thereto?

(a) whether any representation has been received from the State Government of Kerala to the effect that water is unauthorisedly being diverted to Tamil Nadu from the reservoir of the Sabarigiri project of Kerala State; and

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):
(a) and (b). Representations have been received from the Mysore Government *inter-alia*, suggesting certain new lines. These lines and their position are as under:

(b) if so, the action taken by Government thereon?

- (i) Hubli-Karwar (BG)
- (ii) Kottur-Harihar (MG)
- (iii) Talguppa-Honavar (MG) — reports are under examination.
- (iv) Chamarajanagar-Satyamangalam (MG) Survey reports have revealed

} Survey

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA):
(a) No, Sir. *

(b) Does not arise.

Supply of low-grade coal to power stations

7225. SHRI E. V. VIKHE PATIL: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) since when low-grade coal is being supplied to various power Houses causing adverse effect on power production; and

(b) what steps have been taken to get coal of standard grade suited to their requirement?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). As a policy, low grade coal is being supplied to the thermal power stations which are designed for burning such coal from the very beginning. Some of these power stations could not give their full output continuously on account of frequent maintenance necessitated by the use of washery middlings and inferior quality of coal. Government of India have reconsidered the question of using low grade fuels and as a result thereof various measures such as blending of middlings with better quality coal, conversion of two stage washeries into three stage washeries have been taken up.

Expansion of Jiyajeerao Cotton Mills, Gwalior

7226. SHRI INDRAJIT GUPTA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether M/s. Jiyajeerao Cotton Mills, Gwalior have applied for a Rs. 7.5 crores' expansion project sanction in respect of their Chemical Division at Porbandar;

(b) whether an order of investigation is pending against this concern for fraudulent and illegal acts; and

(c) if so, whether the application for expansion has been rejected?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) M/s. Saurashtra Chemicals (Prop. Jiyajeerao Cotton Mills Ltd., Gwalior) have applied for effecting expansion in their capacity for manufacture of soda ash.

(b) On the basis of inspection of the books of accounts of the Jiyajeerao Cotton Mills Ltd., Gwalior under section 209(4) of the Companies Act, 1956, an investigation was ordered under section 237(b) of the said Act in 1967. The company filed a writ petition which was allowed by the Madhya Pradesh High Court. The Government has filed an appeal before the Supreme Court which is pending.

(c) The application for expansion is under consideration.

Selection of Stenographers by Headquarters and Divisional Offices (Northern Railway)

7227. DR. LAXMINARAIN PANDEYA: Will the Minister of RAILWAYS be pleased to state:

(a) whether during the selection recently held in Northern Railway Headquarters Office for the posts of Stenographers in Grade Rs. 210—425 the procedure laid down by Railway Ministry in their letter of July, 1971 has violated inasmuch as duration of dictation and the percentage of mistakes allowed, were not adhered to;

(b) whether Divisional Offices of the same Railway have been following the rules laid down by the Railway Ministry; and

(c) if so, whether Government are considering cancellation of the above selection and propose to hold a fresh selection in lieu thereof in accordance with the procedure laid down by the Railway Ministry?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) The orders issued in July, 1971 read with the clarification issued in May, 1972 by Railway Board required that for a test to be conducted for Stenographers at the speed of 100 words per minute, the dictation should be of seven minutes' duration with mistakes upto 10 per cent of the words dictated being permitted. It was further provided that no English test need be held. In the stenographic test conducted in the Headquarters Office of the Northern Railway in August—October 1972 for promotion to the posts of Stenographers Grade Rs. 210—425 the duration of the test was only 5 minutes as against the 7 minutes prescribed. The prescribed percentage of permissible mistakes was followed after seeking a clarification in March, 1973 from the Railway Board.

(b) Yes.

(c) No such proposal is at present under consideration.

Fixation of Seniority of Clerks, Grade I (Direct-Recruits) vis-a-vis Promotees in Accounts Department (Northern Railway)

722. SHRI ONKAR LAL BERWA: Will the Minister of RAILWAYS be pleased to state:

(a) whether seniority of Clerks Grade-I (direct recruits) vis-a-vis promotees was determined with reference to the date of confirmation;

(b) whether there has been an erroneous fixation of seniority of Clerks Grade-I (direct recruits) vis-a-vis promotees in the Northern Railway Accounts Department due to mis-interpretation of the term 'date of entry into the grade' used in the Railway Board's letter No. E(NG)61-SR/16 dated the 31st October, 1961; and

(c) if so, the reaction of Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) Yes.

(b) and (c). According to the Railway Board's letter No. E(NG)61-SR6/16 dated 31-10-1961 seniority of directly recruited Clerks Grade I vis-a-vis promotees from Clerks Grade II, should be determined only with reference to the date of entry into the Grade irrespective of the date of confirmation of each individual subject to the maintenance of inter-se-seniority. Practice on the Northern Railway was contrary to these instructions and has therefore been revised accordingly.

रक्षा मंत्रालय द्वारा मथुरा में तेल शोधक कारखाना लगाये जाने का विरोध

7229. श्री भारत सिंह चौहान : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि रक्षा मंत्रालय ने मथुरा में प्रस्तावित तेल शोधक कारखाना स्थापित किये जाने का इस आधार पर विरोध किया है कि रक्षा के दृष्टिकोण से यह स्थान कतई उपयुक्त नहीं है ?

पेट्रोलियम और रसायन मंत्रालय में उप-मंत्री (श्री बलबीर सिंह) : जी नहीं ;

Applications by Foreigners for taking Indian Children Outside India

7230. SHRI LALJI BHAI:

SHRI DEVINDER SINGH
GARCHA:

Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the number of applications made to courts by or on behalf of foreigners for the purpose of taking Indian children out of India and then adopting them during 1970-71 and 1971-72; and

(b) the number of Indian children who have been taken out of India under these applications?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI NITIRAJ SINGH CHAUDHARY): (a) and (b). The information is being collected from the State Governments and Union territory Administrations and will be laid on the Table of the House when received.

Gamma Globulin as patented Medicine

7231. SHRI P. K. DEO: Will the Minister of PETROLEUM AND CHEMICALS be pleased to refer to the reply given to Unstarred Question No. 2867 on the 12th March, 1973 regarding indigenous manufacture of Gamma Globulin drug and state:

(a) whether Gamma Globulin drug has since been patented; and

(b) if so, its present availability and price?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) No patent has been taken out by M/s. Curewell (India) Ltd. for the drug Gamma Globulin.

(b) Gamma Globulin is presently available in the market and the maximum retail prices of the finished pro-

ducts put up by this party are as under (local taxes extra):

10%, 1 ml amps .	Rs. 17.50
15%, 1.7 ml amps .	Rs. 44.00
16.5%, 1 ml amps .	Rs. 28.50
16.5%, 2 ml amps .	Rs. 48.00

Work-charged staff employed on the Beas Project

7232. SHRI INDRAJIT GUPTA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the number of "work-charged" staff employed on the Beas Project, Talwara;

(b) whether most of them have gained specialised and technical experience by working earlier on the Bhakra and other Dam projects and if so, the reasons for not regularising them; and

(c) whether it is proposed to re-trench them on completion of the Beas Project?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) There are 14,644 work-charged staff employed on the Beas Project Unit II, Talwara.

(b) Some of the above staff have gained experience by working on Bhakra and other Projects. Their services cannot be regularised because the project construction work is temporary.

(c) Efforts will be made to secure preferential treatment for surplus workmen of this project for appointment on other projects in the region.

Opening of new High/Higher Secondary Schools run by Railway Administration

7233. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the number and names of the Railway High/Higher Secondary Schools run by the Railway Administration in the country, zone-wise, together with the places of their location and the States in which they are situated;

(b) whether it is proposed to open new High/Higher Secondary Schools during the financial year 1973-74;

(c) if so, the names of the places, zone-wise, for which such proposals

are being considered; and

(d) the names of the places with the Railway zones and States where the 3 Intermediate Colleges run by the Railway Administration are located?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) The information is furnished in the statement laid on the Table of the House. [Placed in Library See No LT-4811/737].

(b) and (c). The following Railway Schools are being upgraded to High/Higher Secondary Schools during the financial year 1973-74:

Railway	Name of the School	Place	State in which situated
Central	Railway Middle School	Itarsi	Madhya Pradesh
South-Central	Railway Mixed School	Rajahmundry	Andhra Pradesh
	Railway Girls U.P. School	Lallaguda	Andhra Pradesh

(d) The Intermediate Colleges run by the Railway Administrations are located at the following places:—

Railway	Place	State
Eastern	Mughalsarai	Uttar Pradesh
Northern	Tundla	Uttar Pradesh
South Central	Secunderabad	Andhra Pradesh

Trains discontinued during last 3 years on Northern Railway

7234. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the names of the Railway trains which have been discontinued or abolished during the past three years on the Northern Railway; and

(b) the reasons for taking this step?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) and (b). Statement showing cancellation of passenger carrying trains on Northern Railway during the last three years (1-4-1970 to 1-4-1973).

Train No.	Sections on which cancelled	Reasons for cancellation
49 Up/50 Dn Howrah-Jaunpur Express.	Zafrabad-Jaunpur	Due to extension of these trains to and from Lucknow via Sultanpur to meet the pressing demands from the public.
1 BQ/2BQ .	Batala-Qudian	Due to poor utilisation.
1 DNS/4 DNS	Hazrat Nizamuddin-Safdarjung.	Due to poor utilisation.
3 AT/4 AT.	Akbarpur-Tanda	Due to poor utilisation.
2 GD .	Ghaziabad-Dankaur	Due to extension of 6 DG and 1 DGR as 2DGK/1 KR to and from Khurja by cancellation of 2 GD.
1JA/4JA } 5JA/6JA }	Jullundur City-Amritsar.	Due to poor utilisation. {
333 Up	Ludhiana-Jullundur City	Do.
3JL/4JL . . .	Do.	Do.
1 RBL/2RBL . . .	Balamau-Rosa	Do.
131Dn/132Up Janta	Madras-New Delhi	Do.
1VMA/2VMA . . .	Chunar-Varanasi	Do.

3PBJ/4PBJ . . .	Do.	Do.
1PB/2PB } 3PB/4PB }	Pathankot-Baijnath Paprola.	Do.

Facility of air-conditioned I Class coaches in trains

7235. PROF. NARAIN CHAND PARASHAR: Will the Minister of RAILWAYS be pleased to state:

(a) the names of the trains, zone-wise and inter-zonal, which have air-conditioned I Class coaches in them;

(b) whether it is proposed to extend this facility to other trains as well; and

(c) if so, the names of the trains which are being considered for the provision of this facility?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) A statement is laid on the Table of the House. [Placed in Library. See No. LT-4812/73].

(b) and (c). There is no proposal, at present, to provide air-conditioned first class coaches on any other train.

Loans sanctioned for Electrification of villages by R.E.C.

7236. SHRI RAJDEO SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether loans totalling Rs. 9.8 crores have been sanctioned by the Rural Electrification Corporations for 22 more projects to extend electricity to more than two thousand villages in 13 States;

(b) if so, the break-up of the villages, State-wise;

(c) whether the sanctioned projects will benefit the backward areas in the country; and

(d) if so, to what extent?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA):

(a) and (b). The Rural Electrification Corporation in its 38th meeting held on the 29th January, 1973, sanctioned 22 rural electrification schemes of 13 State Electricity Boards envisaging loan assistance of Rs. 982-814 lakhs for the electrification of 2,054 villages and energisation of 17,843 pumpsets. The

break-up of vilages and pumpsets covered, State-wise is given below:—

S. No.	Name of State	COVERAGE	
		Villages	Pump-sets
1.	Bihar . . .	238	2,475
2.	Gujarat . . .	30	370
3.	Himachal Pradesh	276	142
4.	Jammu & Kashmir	175	3
5.	Kerala . . .	9	144
6.	Madhya Pradesh	153	4,400
7.	Maharashtra .	299	2,160
8.	Orissa . . .	164	1,569
9.	Rajasthan . . .	153	1,650
10.	Punjab . . .	253	1,270
11.	Tamil Nadu . .	85	2,600
12.	Uttar Pradesh .	98	562
13.	West Bengal . .	131	498
TOTAL . . .		2,064	17,843

(c) and (d). Out of these 22 schemes, 11 schemes relate to 'backward' areas and specially underdeveloped hill/desert/tribal areas in the States of Bihar, Himachal Pradesh, Jammu and Kashmir, Maharashtra, Orissa and Rajasthan. These 11 schemes involve loan assistance of Rs. 512.283 lakhs for the electrification of 1,229 villages and energisation of 7,455 pumpsets.

Control of Posts of Asstt. Block Signal Inspectors (South Eastern Railway)

7237. SHRI RAJDEO SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) whether the control over posts of Assistant Block Signal Inspector in South Eastern Railway has been decentralised whereas in all other Zonal

Railways they are controlled by Headquarters of those Railways;

(b) the reasons for singling out South Eastern Railway for the purpose; and

(c) whether Government propose to remove this disparity?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Only on the South Eastern and Western Railways, posts of Assistant Block Signal Inspectors are controlled by the Divisions. The difference in practice is due to the fact that each Railway Administration is competent to prescribe channels of promotion of non-gazetted staff keeping in view the local requirements and in consultation with organised labour.

(c) No.

Cumulative effect of Punishment inflicted on Station Masters and Assistant Station Masters

7238. SHRI RAJDEO SINGH: Will the Minister of RAILWAYS be pleased to state:

(a) whether there are some Station Masters and Assistant Station Masters who have been punished once, twice, thrice and even more times with stoppage of increment;

(b) if so, the exact number, zone-wise and Division-wise from 1970 to 1972; and

(c) whether this punishment has had any cumulative effect?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). The information is being collected from the Railway administrations and will be laid on the Table of the Sabha.

Setting up of a holding company for fertilizer industry

7239. DR. H. P. SHARMA:

SHRI SHIV KUMAR SHASTRI:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) when a decision on the proposal to set up a holding company for fertilizer industry is expected to be taken;

(b) the broad outlines of the contemplated holding company; and

(c) the reasons prompting the setting up of the holding company?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c). A plan for the reorganisation of the Fertilizer Corporation of India is under consideration. Whether a holding company should be formed will also be considered in this context.

Progress made in setting up of fertilizer plants with Japanese Co-operation

7240. SHRI S. R. DAMANI:

SHRI H. N. MUKHERJEE:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the progress made in the setting up of five fertilizer plants with the Japanese Co-operation and credit;

(b) the terms offered by the Government of India to the Japanese firm; and

(c) whether Government have explored the workability of joint sector concept in this regard and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) An official delegation visited Japan recently for holding discussions with the Government of Japan in this regard. The final reactions of the Government of Japan are awaited.

(b) The offers received from the Japanese firms are being evaluated.

(c) This question has not arisen in connection with the offers made by Japanese firms.

Railway Communication in Chanda District of Maharashtra

7241. SHRI J. G. KADAM: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is only one Broad gauge Railway track in Chanda District in Maharashtra running from Nagpur to Hyderabad and the District needs more Railway lines for proper development; and

(b) what steps Government intend to take to develop Railway Communications in the District?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI):

(a) and (b). Apart from the Nagpur—Hyderabad BG line, two BG branch lines also serve Chanda District, namely, Mauri-Rajur (partially) and Tadali—Ghugus. The existing BG railway facilities together with the narrow gauge line from Chanda Fort to Nagbhair and beyond are considered to be adequate.

Inflation of drugs prices by Foreign Pharmaceutical Companies

7242. SHRI N. K. SANGHI: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether foreign pharmaceutical companies load on the cost of production of a particular drug the overhead incurred by the firms on other accounts to inflate the cost of the drug for sale;

(b) what are the items that are permissible for calculation of sale price of drugs produced by these companies and whether any enquiry has been made to find out whether the provisions of the Drug Control Act are not being circumvented by smuggling into these calculations, other items, not permissible; and

(c) whether the above enquiries have revealed any lacunae in the Act itself and if so, the nature of the lacunae and what steps Government propose to take to plug the loopholes?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) No such instance has come to the notice of the Government so far.

(b) and (c). The items that are permissible for calculation of sale prices of drugs-formulations are:

1. raw materials cost;
2. conversion cost;
3. packing charges including cost of packing materials;
4. process loss; and
5. a suitable mark-up, depending upon the essentiality of the products contained in the formulation, as notified in the Drugs (Prices Control) Order, 1970. Norms for conversion cost and packing charges have also been provided in the said Order. The Order also provides for the

elements based on which the cost for bulk drugs are to be worked out for price approval.

While the data submitted by the manufacturers of Bulk drugs are scrutinised in the Ministry in the first instance and if considered necessary referred to the Cost Accounts Branch for verification of the cost data before fixing the selling prices for Bulk drugs, the data in respect of formulations are examined by the Drugs Prices Review Board, set up under the aegis of this Ministry.

In the circumstances no enquiry has been made in this matter.

Power cut in Rajasthan

7243. SHRI N. K. SANGHI:

SHRI SHRIKISHAN MODI:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the large and medium scale industries in Rajasthan have been brought under 50 per cent power cut; and

(b) whether this cut has been imposed on supplied received by the State from Bhakra and Chambal or this has also been imposed on supplied received from the Atomic Plant?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA). (a) Industries in Rajasthan drawing 25 KW or more have been brought under a 50 percent power cut.

(b) The cut has been imposed mainly on account of load growth although Rajasthan is receiving the entire current output of RAPP, Rajasthan's full share from Chambal and Satpura and Rajasthan's proportionate share from Bhakra.

Appeal by Wireless Operators, Wireless Traffic Supervisors and Signallers against Seniority Lists (Southern Railway)

7244. SHRI T. S. LAKSHMANAN: Will the Minister of RAILWAYS be pleased to state:

(a) the total number of Wireless Operators, Wireless Traffic Supervisors and Signallers on Southern Railway who appealed against the seniority lists issued during the last three years;

(b) the number of cases pending in each category as on date; and

(c) the number of cases filed in courts and the decisions thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Since 1st April 1970, four such staff have represented against the seniority assigned to them. The seniority of a Wireless Traffic Supervisor of Tiruchirappalli Division who represented in July, 1971 has been correctly fixed and he has been informed accordingly. The seniority of a Signaller of Madras Division who represented in November, 1972 was revised in December, 1972. The representations of one Wireless Operator and one Wireless Traffic Supervisor are under examination.

(c) Nil.

Major Irrigation Schemes for Fifth Plan

7245. SHRI RAMAVTAR SHASTRI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) what are the major irrigation schemes to be taken up during the Fifth Plan; and

(b) what is the estimated cost of each of these schemes?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). Details of the Fifth Plan programme have not yet been drawn up.

बिहार बिजली बोर्ड द्वारा मंत्री को दिया गया ज्ञापन

7246. श्री रामावतार शास्त्री : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत 18 मार्च को पटना में उन्हें बिहार बिजली बोर्ड की ओर से कोई ज्ञापन दिया गया था ;

(ख) यदि हां, तो उसका संक्षिप्त विवरण क्या है ; और

(ग) उस पर सरकार की क्या प्रतिक्रिया है ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जो नहीं ।

(ख) और (ग) प्रश्न नहीं उठता ।

रेलवे इम्प्लाईज कोऑर्डिनेशन कमेटी, दानापुर द्वारा प्रस्तुत ज्ञापन

7247. श्री रामावतार शास्त्री : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या गत 17 मार्च को दानापुर रेलवे स्टेशन पर रेलवे इम्प्लाईज कोऑर्डि-

नेशन कमेटी, दानापुर ने उन्हें कोई स्मरण पत्र दिया था ;

(ख) यदि हां, तो उसका ब्यौरा क्या है ; और

(ग) इस बारे में सरकार की क्या प्रतिक्रिया है ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जो हा ।

(ख) ज्ञापन में निहित मांगें संलग्न विवरण में दी गयी हैं ।

(ग) इस प्रकार के विषय तत्तम-समय पर मान्यता प्राप्त श्रम संगठनों द्वारा उठाये जाते हैं और विभिन्न स्तरों पर वार्ता तंत्र तथा संशुक्त परामर्श तंत्र की बैठकों में विचार-विमर्श के जरिये तथ किये जाते हैं ।

विवरण

रेल कर्मचारी समन्वय समिति, दानापुर द्वारा प्रस्तुत ज्ञापन में निहित मांगें ।

1. मापदण्ड के अनुसार काम ।
2. इमदादों दरों पर आवश्यक वस्तुओं की सप्लाई ।
3. मकान किराया भत्ते की स्वीकृति ।
4. विकोटिकृत कर्मचारियों को वैकल्पिक नियुक्ति ।
5. समय आबद्ध पदोन्नतियां ।
6. इंजन के कोयला खलासियों को रेल कर्मचारी मानना ।

- 7 लिफिक वर्गीय कर्मचारियों का पदोन्नति के कोटे का प्रतिशतता में वृद्धि
- 8 लिफिक वर्गीय और चतुर्थ श्रेणी के कर्मचारियों को प्रोत्साहन ।
- 9 बोनस और आवश्यकता पर आधारित न्यूनतम वेतन ।
- 10 रेल कर्मचारियों के विरुद्ध उत्पीड़न के मामलों को वापिस लेना ।
- 11 रेल कर्मचारियों के अन्तिम पावने का शास्त्र निन्दारा ।

Embankment scheme along river Tista from Jaipalguri to Jhahsingheswar, under the Supervision of North Bengal Flood Control Commission

7248. SHRI B. K. DASCHOW-DHURY:

SHRI R. N. BARMAN:

Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether embankment scheme along the river Tista from Jalpaiguri to Jharsingheswar now being constructed under the supervision of the North Bengal Flood Control Commission is quite adequate to safeguard the local area from any threat of further flood and also to have the Railway lines from Jalpaiguri to Haldibari;

(b) if so, the main features thereof; and

(c) when it will be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). The embankment

scheme along river Teesta from Jalpaiguri to Jharsingheswar envisages construction of an earthen embankment 37 km long, out of which 3 km will be armoured by stone boulder pitching. It is estimated to cost Rs. 3.24 crores and is scheduled to be completed by June, 1973. The embankment is designed to provide protection to an area of 19800 hectares (48200 acres) and also the Jalpaiguri Haldibari railway line against floods with peak discharges upto 20860 cumecs (7.3 lakh cusecs).

Labour strength in upper Krishna canal work

7249. SHRI C. K. JAFFER SHARIEF: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have advised the State Government of Mysore to raise the labour strength in Upper Krishna Canal work from existing 500 to 1,000, establishing labour camps with the capacity of 1,000 each, at a distance of three miles in the works areas; and

(b) if so, the reaction of State Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). The Government of Mysore have reported that under the Upper Krishna Project, construction of Narayanpur Left Bank Canal and its Branches namely Shahpur, Javeri and India have been taken up to provide employment to scarcity affected labour in Gulbarga and Bijapur Districts and that on an average about 8 to 10 thousand labour are being daily employed on these works.

Crash Programme for increase in the power generation capacity in the Country

7250. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have drawn up any crash programme for immediate increase in the power generation capacity in the country; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). Immediate large scale increase in the power generation capacity by a crash programme is impracticable as this inherently requires substantial time. Steps have, however, been taken (i) to install Diesel Generating sets, (ii) to maximise generation from the existing power stations (iii) to expedite commissioning of the power projects under construction by providing additional finances, (iv) arranging for scarce construction materials like steel by import and (v) identifying and removing any difficulties by continuous monitoring and visits by Expert Teams to the projects.

Incorporation of Amendments Recommended by Law Commission into Statutes

7251. SHRI H. N. MUKHERJEE: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state what steps have been taken by Government so far for incorporating into the statutes amendments recommended (and also provisionally drafted) by the Law Commission in order to strengthen socio-economic legislation and plug loopholes authoritatively identified?

THE MINISTER OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI

H. R. GOKHALE): Recommendations contained in the Forty-Seventh Report of the Law Commission for the amendment of Foreign Exchange Regulation Act, 1947, have been taken into consideration while drafting the Foreign Exchange Regulation Bill which has been introduced in Parliament in 1972. With regard to such of the recommendations of the Report as have been accepted by the Government a Bill seeking to amend the Customs Act, 1962, The Gold (Control) Act, 1968, and the Central Excise and Salt Act, 1944 has already been introduced in Lok Sabha on 18th December 1972. The recommendations pertaining to other legislations are under various stages of implementation.

Setting up of Fertilizer Plant in Mysore

7252. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether there is any proposal under the consideration of Government to establish a fertilizer plant in Mysore; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Some studies are presently under way in regard to the possible locations where additional fertilizer capacity could be created during the Fifth Five Year Plan. These studies also cover some locations in Mysore.

(b) Does not arise.

Technical equipment for D.E.S.U. Project Lying Idle

7253. SHRI M. RAM GOPAL REDDY: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether technical equipment worth crores of rupees purchased for D.E.S.U. for 220 k.w. project is lying idle; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). It is reported by Delhi Electric Supply Undertaking that only a part of the equipment for installing 220 KV sub-stations at Narela, Najafgarh and Patparganj valued at Rs. 180 lakhs (approx.) has been received.

Balance equipment is under delivery. The progress of the various connected works has received set-back mainly because of the following reasons:

- (i) Late receipt of approval to the route alignment of 220 KV transmission line from local authorities.
- (ii) Delay in handing over of clear physical possession of lands for 220 KV sub-stations.
- (iii) Opposition to carrying out of construction work by the cultivators/landowners.
- (iv) General shortage of steel and non-availability of adequate quantities of the required structural steel sections.
- (v) General shortage of railway wagons for movement of cement, steel and hardwares etc.

(vi) Lower period of deliveries of circuit breakers offered by the suppliers and also delay in the delivery of insulators, hardwares etc.

(vii) Coming up of unauthorised houses along the approved route alignment and resistance offered in the execution of the work by the occupants.

Execution of medium and major Irrigation Projects in Orissa

7254. SHRI ARJUN SETHI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the number and names of the medium and major irrigation projects in Orissa which are under the process of execution; and

(b) the number of projects which are expected to be completed before the commencement of 5th Plan?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). 5 major and 16 medium irrigation projects as indicated in the attached statement are under execution in Orissa. Out of these, remaining works on the Hirakud and Salandi projects and 8 medium projects namely Salia, Salki, Budhibudhiani, Dhanei, Bahuda (Stage-I).

Hiradharbati, Pitamahar and Baghua are expected to be completed before the commencement of the Fifth Plan.

Statement

Irrigation projects under execution in Orissa

Major

1. Hirakud (Stage-I)
2. Mahanadi Delta
3. Salandi

4. Darjang
5. Anandpur Barrage

Medium

1. Salia
2. Salki
3. Budhabudhiani
4. Godahado
5. Dhanei
6. Bahuda (Stage I)
7. Hiradharbati
8. Pitamahar
9. Uttei
10. Baghua
11. Dahuka
12. Ong
13. Sundar
14. Kala
15. Dadraghati
16. Saipala.

Composition of Khurda road Divisional Committee on Railways

7255. SHRI ARJUN SETHI: Will the Minister of RAILWAYS be pleased to state:

(a) whether Khurda Road Divisional Committee on Railways has been constituted;

(b) if so, the names of the Members, especially the people's representative;

(c) whether Members of Parliament are ex-officio members thereof; and

(d) the number of meetings held since 1971 and the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Yes. The Divisional Railway Users' Consultative Committee for Khurda Road has been constituted for a period of two years from 1st January 1972 to 31st December 1973. A list of Members nominated thereon is laid on the Table of the House. [Placed on Library. See No. LT-4813/73.]

(c) No. Two Members of Parliament are nominated on each Divisional Railway Users' Consultative Committee who are non-official members.

(d) Eight. The suggestions and advice of the Members at the meetings were found useful in improving the services provided for the rail users.

Introduction of Fast Train on Howrah-Waltair Section

7256. SHRI ARJUN SETHI: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 6718 on the 3rd August, 1971 and state the reasons for not introducing a fast train on the Howrah-Waltair section so far?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): The question of speeding up of passenger trains was further examined. It was decided that the present permissible speed of 100 Kmph on Howrah-Waltair Section should continue until:

- (i) further developments in speed-mix of different train composition have been watched;
- (ii) overcrowding has been dealt with; and
- (iii) the financial position of the railways improves to permit diversion of some resources to improve quality of service in respect of speed on 'medium distance inter-city trains.

.Electrification of stations on Khurda Road Division

7257. SHRI ARJUN SETHI: Will the Minister of RAILWAYS be pleased to state:

(a) what are the specific criteria of electrification of a Railway station;

(b) the number and names of the stations in Khurda Road Division of South Eastern Railway which are yet to be electrified;

(c) how many of these stations at present do not fulfil the criteria of electrification; and

(d) the names of the stations for which public demand for electrification has been made and the reactions of Govt. thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) It is the policy of the Railway Administration to electrify all stations where reliable low tension power supply is available nearby at reasonable service connection charges and tariff. Commercial importance of the station, the number of night trains halting at the station, availability of maintenance staff are also taken into consideration. Stations are also electrified alongwith the introduction of electric traction or colour light signalling. Suggestions of the Railway Users' Committee and Members of Parliament are also taken into consideration in determining *inter-se* priority for electrification of any station.

(b) 25 stations as per statement attached.

(c) 14 stations.

(d) Representations have been received regarding electrification of the following seven stations:—

Chilka

Retang

Kaipadar Road

Solari

Bhusandpur

Gangadharpur

Humma

Of these, Bhusandpur is already electrified. Gangadharpur and Humma stations have been programmed for electrification in 1973-74. At the balance 4 stations, electricity is not available nearby.

Statement

1. Birpurusottampur
2. Chilka
3. Garhmadhupur
4. Jakhapura
5. Joranda Road
6. Kaipadar Road
7. Narasimhampur
8. Retang
9. Salegaon
10. Solari
11. Summadevi
12. Surla Road
13. Machapur
14. Radhakishorepur
15. Nayabaghirathipur
16. Sadashibpur
17. Joypur
18. Rohama
19. Somepur
20. Gangadharpur
21. Gurudijkatia
22. Kenduapada
23. Humma
24. Motari
25. Ghantikhal.

कश्मीर मेल में तीसरे दर्जे के अधिक कोच लगाना और इस मार्ग पर एक अन्य गाड़ी चलाना

7258. श्री श्रीकार लाल बरवा :
क्या रेल मंत्री यह बताने को कृपा करेंगे कि :

(क) क्या दिल्ली से चलने वाली कश्मीर मेल में तीसरे दर्जे के केवल 2 डिब्बे ही लगाए जाते हैं;

(ख) क्या तीसरे दर्जे में भारी भीड़ को देखते हुये सरकार का विचार इस मार्ग पर एक अन्य गाड़ी चलाने का अथवा कश्मीर मेल के साथ तीसरे दर्जे के और डिब्बे लाना है ; और

(ग) यदि हां, तो कब तक, और यदि नहीं, तो इसके कारण क्या है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं। दिल्ली से चलने वाली कश्मीर मेल में, तीसरे दर्जे के शयन यानों के अतिरिक्त, गमियों में तीसरे दर्जे के तीन सामान्य डिब्बों और नदियों में तीसरे दर्जे के पांच डिब्बों के बराबर स्थान की व्यवस्था की जाती है ।

(ख) और (ग) 1-5-1973 से, डीजल इंजन लगाये जाने के कारण इस गाड़ी में एक तीसरे दर्जे का और एक 2-टियर शयन यान और बढ़ाने का प्रस्ताव है ।

कोटा बकशाप क हेल्परी की भर्ती के लिए हिन्दी में फार्म देना

7259. श्री श्रीकार लाल बरवा :

क्या रेल मंत्री यह बताने को कृपा करेंगे कि :

(क) क्या कोटा बकशाप (बैंगन रिपे-एर शाप) में हाल ही में हेल्परी का भर्ती के संबंध में दिये गये सभी आवेदन पत्र फार्म अग्रजा में छाये गये थे ;

(ख) यदि हां, तो इसके क्या कारण हैं; और

(ग) क्या सरकार भविष्य में आवेदन-पत्र के फार्म हिन्दी में उपलब्ध करायेंगी ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) कोई आवेदन-पत्र फार्म नहीं दिये गये थे ।

(ख) और (ग) प्रश्न नहीं उठता ।

पश्चिम रेलवे में बुकिंग लिडकियों पर बुकिंग लिपिकों की तैनात किया जाना

7260. श्री श्रीकार लाल बरवा :
क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) पश्चिम रेलवे में ऐसे कितने स्टेशन हैं जहां बुकिंग लिडकियां 3 और लिपिक 2 हैं; और

(ख) इसके क्या कारण हैं ?

रेल मंत्रालय में उप मंत्री (श्री सुहृन्मव शक्ती कुरेशी) : (क) और (ख) सूचना इकट्ठी की जा रही है और समा पटन पर रख दी जायेगी ।

Loktak Hydro Electric Project in Manipur

7261. SHRI JAGANNATH MISHRA: Will the Minister of IRRIGATION AND POWER be pleased to state;

(a) whether cost on Loktak Hydro Electric Project in Manipur will be more than estimated; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The cost will be more than what was originally estimated.

(b) The main reasons for escalation of cost are increase in (i) Cost of land acquisition, (ii) labour rates, (iii) cost of material (iv) quantities of works and charges for design and Engineering and (v) higher rates tendered by contractors over those provided in the estimates.

समुद्र की लहरों से बिजली पैदा करना

7262. श्री भारतरत्न डॉ. चौहान : क्या सिंचाई और विद्युत् मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या एक इंजीनियर समुद्र की लहरों से बिजली पैदा करने की योजना पर कार्य कर रहा है ; और

(ख) यदि हां, तो क्या उसकी योजना को पूरा करने में उसकी सहायता करने का सरकार का विचार है ?

सिंचाई और विद्युत् मंत्रालय में उपमन्त्री (श्री बालगोविन्द वर्मा) : (क) जी, हां ।

(ख) समुद्र की लहरों से विद्युत् उत्पादन की सम्भाव्यता के लिए पर्याप्त व्यौरा नहीं भेजा है ।

Removal of Fish Plates Between Chinatalapalli and Yelgur Stations

7263. SHRI SUKHDEO PRASAD VERMA: Will the Minister of RAILWAYS be pleased to state:

(a) whether fish plates were found removed between Chinatalapalli and Yelgur Railways stations in Kurnool District on the 17th March, 1973;

(b) whether an investigation has been made in this respect; and

(c) if so, the results of the investigation and action taken thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes, but the area falls in Warangal District and not in Kurnool District.

(b) and (c). Government Railway Police, Kazipet has registered a case and are investigating the same.

Creation of Gazetted posts for implementation of Language (Amendment) Act, 1967 (Western and Central Railways)

7264. DR. KAILAS: Will the Minister of RAILWAYS be pleased to state:

(a) whether Ministry of Home Affairs has lifted ban on creation of

posts for the implementation of Official Languages (Amendment) Act, 1968;

(b) whether the Western and Central Railways had asked for creation of Gazetted posts about 1 1/2 years ago; if so, when these are to be sanctioned; and

(c) what are the causes for delay in creating these posts?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) While there is no ban as such on creation of gazetted posts, gazetted posts chargeable to revenue are created only if they are considered demonstrably inescapable.

(b) and (c). Two Class II posts of Assistant Hindi Officers have been sanctioned on each of the Zonal Railways (except Southern Railway). Proposals for creation of two additional posts were received from Western Railway in November '71 and March '72 and one from Central Railway in March '72. The proposals were examined but it was found that justification given for creation of additional posts was not sufficient. On the basis of additional data received from the Railway the matter is being re-examined keeping in view the paramount need for economy in creation of gazetted posts.

Refining of Iraqi Crude by Esso and Caltex

7265. SHRI H. N. MUKERJEE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Esso and Caltex have agreed to refine Iraqi crude;

(b) if so, on what terms; and

(c) the quantity of Iraqi crude to be refined by these two companies?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c): Esso and Caltex have agreed, in principle, to refine on behalf of Indian Oil Corporation North Rumaila crude oil being imported by the Indian Oil Corporation from Iraq. The terms and conditions are at present under negotiation between IOC and the respective companies.

पांचवीं योजना अवधि के दौरान बैंगनों का निर्माण करने वाले नये कारखाने की स्थापना

726 . श्री एम० एस० पुरती : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पांचवी पंचवर्षीय योजना अवधि के दौरान बैंगनों का निर्माण करने के लिए नये कारखाने स्थापित करने का सरकार ने निर्णय किया है ; और

(ख) यदि हां, तो तत्सम्बन्धी व्यौरा क्या है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं ।

(ख) प्रश्न नहीं उठता ।

रेलवे कालोनी, दिल्ली किशनगंज में औषधालय का विस्तार

शेष 2.21 लाख रुपया अग्रानीत किया जायेगा और यह काम बाद में पूरा किया जायेगा ।

7267. श्री महादीपक सिंह शाक्य :

क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

इंजन ड्राइवरों को सतर्क रखने के लिए रेलवे इंजनों में यंत्र लगाना

(क) क्या दिल्ली में किशनगंज में रेलवे कालोनी की रेलवे डिस्पेंसरी के विस्तार की कोई योजना विचाराधीन है ;

7268. श्री महादीपक सिंह शाक्य :
क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(ख) यदि हां तो इस बारे में वर्तमान स्थिति क्या है और विस्तार योजना की मुख्य बातें क्या हैं ; और

(क) क्या रेलवे कमीशन ने सरकार से सिफारिश की थी कि इंजन ड्राइवरों को सतर्क रखने के लिए रेलवे इंजनों में यंत्र लगाए जायें;

(ग) इस को कब तक क्रियान्वित किये जाने की संभावना है ?

(ख) क्या गत 5 वर्षों से अब तक इस बारे में कोई कार्यवाही नहीं की गई है; और

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हां ।

(ग) यदि हां, तो इस बारे में विलम्ब के क्या कारण हैं और इस पर सरकार की क्या प्रतिक्रिया है ?

(ख) और (ग) बहिरंग रोगियों के उपचार के लिए एक्स-रे, रोग विज्ञान और प्रयोगशाला और छोटे-मोटे शल्योपचार की सुविधाओं की व्यवस्था करने के लिए दिल्ली-किशनगंज के मौजूदा चिकित्सालय के विस्तार का प्रस्ताव है । इस काम की लागत 3.37 लाख रुपये है । यह काम 1972-73 के अंतिम निर्माण कार्यक्रम के रूप में प्रारम्भ किया जा चुका है जिसके लिए वर्ष 1972-73 में 16 हजार रुपये और 1973-74 में 1 लाख रुपये के परिव्यय की गयी है ।

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) जी हां ।

(ख) और (ग). कार्रवाई की जा चुकी है । मुख्य लाइन के बड़े के कुल लगभग 1200 डीजल इंजनों में से 543 में सतर्कता नियंत्रण यंत्र लगे हैं और इसके अलावा 135 इंजनों में डैडमैन पेडल लगे हैं । मैसर्स बैनी एण्ड कम्पनी लिमिटेड, कलकत्ता को 280

सतर्कता नियंत्रण यंत्रों के और आर्डर दिये गये हैं। अभी तक सन्तोषजनक देशी नियंत्रण यंत्रों के उपलब्ध न होने के कारण सतर्कता नियंत्रण यंत्रों को लगाने का काज तेज नहीं किया जा सका।

इंजनों के साथ ब्रक वेन तथा पार्सल वेनका लगाया जाना

7269. श्री महा बीपक सिंह शाक्य : क्या रेल मंत्री यह बताने की कृपा करेंगे कि रेलवे आयोग ने इस बात पर खेद व्यक्त किया है कि ब्रेक वेन और पार्सल वेन को मेल तथा एक्सप्रेस गाड़ियों में इंजनों के साथ नहीं जोड़ा जाता है जिससे कि दुर्घटनाओं के समय हताहतों की संख्या कम हो; और यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी) : सम्भवतः आशय रेल सुरक्षा आयुक्त की 1971-72 की वार्षिक रिपोर्ट से है जिसमें यह कहा गया था कि गाड़ियों के विन्यास से सम्बन्धित अनुदेशों के उल्लंघन की घटनाएं आयोग के देखने में आयी हैं। सवारी डिब्बों के विन्यास से सम्बन्धित अनुदेशों का अधिकांशतः निष्ठापूर्वक पालन किया जाता है और अनुदेशों के पालन में होने वाली चूक के विरुद्ध उपयुक्त कार्रवाई की जाती है। फिर भी, इसमें से अधिकांश मामले

चूक अथवा सवारी गाड़ियों के गठन में ठीक अन्तिम क्षण में किये जाने वाले परिवर्तन के होते हैं।

Allotment of Bookstalls at Railway Stations to educated unemployed

7270. SHRI P. M. MEHTA:

SHRI SHRIKISHAN MODI:
Will the Minister of RAILWAYS be pleased to state:

(a) whether he made an announcement recently that Book Stalls at the Railway Stations will be given to the educated unemployed;

(b) the number of educated unemployed who have applied for the same; and

(c) in how many cases Government have taken a decision?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) An announcement was made that serious thought was being given to the problem whether it would be possible to allot bookstalls to cooperatives of educated unemployed youngmen at different stations.

(b) Applications have been received from eleven parties.

(c) The applications will be considered on merits when the details of the scheme are finalized.

**Coastal Railway Line in Kutch
Gujarat**

7271. SHRI P. M. MEHTA: Will the Minister of RAILWAYS be pleased to state:

(a) whether a decision on the coastal Railway line in Kutch in Gujarat which is pending consideration of Government since 1949 has been taken;

(b) when the construction on the Railway line is likely to be undertaken; and

(c) the amount of expenditure likely to be incurred thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b): Presumably, the reference is to Gandhidham-Lakhpat MG/BG rail link. If so, no survey were carried out for this rail link in 1949, though surveys were carried out in this area in 1946-47 for a rail link from Bombay to Sind, part of which would have served Kutch area. An engineering and traffic survey was however carried out in 1970-71 for the Gandhidham-Lakhpat rail link and survey reports are at present under examination. A decision on the project will be taken after the survey reports have been examined from all angles.

(c) As per the survey report, the estimated costs of construction of this project excluding cost of rolling stock and interest charges is:

- (i) Rs. 22.41 crores for a BG alignment Gandhidham-Bhuj-Mandvi-Lakhpat including conversion from MG to BG between Gandhidham and Bhuj;
- (ii) Rs. 19.80 crores for BG alignment Gandhidham-Mundra-Mandvi-Lakhpat.
- (iii) Rs. 15.51 crores for MG alignment via Gandhidham-Mundra-Mandvi-Lakhpat.

जामनगर-दिल्ली रेलगाड़ी के प्रथम श्रेणी के डिब्बों में "अटेंडेन्ट" की नियुक्ति

7272. श्री मूलचन्द डागा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि जामनगर से दिल्ली चलने वाली ट्रेन के प्रथम श्रेणी के डिब्बों में अजमेर से दिल्ली तक क्या कोई अटेंडेन्ट नहीं रहता और यदि हां, तो इसके क्या कारण हैं ?

रेल मंत्रालय में उप-मंत्री (श्री मुहम्मद शफी कुरेशी): जामनगर-दिल्ली पहले दर्जे के डिब्बे में, इस समय, अजमेर और दिल्ली के बीच सप्ताह में दो बार डिब्बा-परिचरों की व्यवस्था की जाती है । 1 मई, 1973 से, दस डिब्बे में सप्ताह में सातों दिन परिचर नियुक्त करने की व्यवस्था की जा रही है ।

समदड़ी-भिल्लड़ी लाइन पर चलने वाली गाड़ियों को पालनपुर तक बढ़ाना

7273. श्री मूलचन्द डागा : क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) समदड़ी-भिल्लड़ी लाइन पर रोजाना चलने वाली दोनों गाड़ियों को पालनपुर तक क्यों नहीं बढ़ाया जाता ताकि बम्बई आने जाने वाले यात्रियों को समय की भारी बचत हो सके; और

(ख) क्या रेलवे विभाग इस प्रस्ताव पर गत तीन वर्षों से विचार कर रहा है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) और (ख). समदड़ी-भिल्लडी खण्ड पर चलने वाली दो गाड़ियों का चालन-क्षेत्र पालनपुर तक बढ़ाने के बारे में सुझाव मिले थे । सुझावानुसार चालन-क्षेत्र बढ़ाने का, फिलहाल, न तो वर्तमान यातायात की दृष्टि से औचित्य है और न यह परिचालनिक दृष्टि से व्यावहारिक ही है क्योंकि इस मार्ग पर यथेष्ट लाइन-क्षमता का अभाव है ।

“सोडा राख” की आवश्यकता, उत्पादन और सन् 1970, 1971 और 1972 में इसका आयात

7274. श्री मूलचन्द डागा : क्या पेट्रोलियम और रसायन मंत्री यह बताने की कृपा करेंगे कि :

(क) इस समय देश को “सोडा राख” की कुल कितनी आवश्यकता है और कितना उत्पादन देश में होता है और सन् 1970, 1971 और 1972 में कितना-कितना आयात किया गया; और

(ख) “सोडा राख” में आत्मनिर्भर बनने के लिये सरकार ने क्या कदम उठाये हैं या उठायेगी ?

पेट्रोलियम और रसायन मंत्रालय में उपमंत्री (श्री बलबीर सिंह) : (क) वर्ष 1973 में सोडा-राख की आवश्यकताओं का 5.50 लाख मीटरी टन का अनुमान लगाया

गया है । गत तीन वर्षों के उत्पादन और आयात के आंकड़े निम्न प्रकार हैं —

वर्ष	उत्पादन (मीटरी टन)	आयात (मीटरी टन)
1970	4,46,443	557
1971	4,78,941	11,110
1972	4,85,971	2,000 (अगस्त 1972 तक)

(ख) प्रति वर्ष 1.8 लाख मीटरी टन की अतिरिक्त लाइसेन्सकृत क्षमता कार्यान्वयन अधीन है । इसके अतिरिक्त, प्रति वर्ष 8.90 लाख मीटरी टन की क्षमता आशय पत्र के अन्तर्गत दी गई हैं । यह सुनिश्चित करने के लिये, कि लाइसेन्सकृत क्षमता का शीघ्रता से प्रतिस्थापन हो, परियोजनाओं के कार्यान्वयन का निर्यात रूप से पुनरीक्षण किया जाता है ।

Survey Reports for Railway Link in Balurghat under West Dinajpur

7276. SHRI PRIYA RANJAN DAS MUNSI: Will the Minister of RAILWAYS be pleased to state:

(a) whether his Ministry has received the latest Reports of the survey with regard to the Railway link in Balurghat under West Dinajpur; and

(b) if so, the decision of the Ministry in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Does not arise.

**Memorandum from Farrakka Barrage
Project Employees' Association**

7277. SHRI PRIYA RANJAN DAS
MUNSI: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Government have received any Memorandum from the Farrakka Barrage Project Employees' Association recently;

(b) if so, what is the nature of the Memorandum; and

(c) the decision taken by Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VARMA): (a) A Memorandum has been received from the Farrakka Barrage Project Workers' Union (not the Farrakka Barrage Project Employees' Association).

(b) The main demands of the workers as contained in the Memorandum are as follows:—

- (i) About 2900 Workcharged and regular employees of the Farrakka Barrage Project be declared permanent.
- (ii) Suitable alternative employment be found for the surplus staff.
- (iii) Bhagirathi Dredging works be entrusted to the Project Workers.
- (iv) Holiday on 2nd Saturday and 12 days casual leave in a year be allowed to the Workers of the project.
- (v) Declaration of Quasi-permanency/conversions to regular establishment for all work charged staff who have completed three years service be made.

(vi) Honorarium be sanctioned to all the remaining staff of the project for the coffer dam works.

(c) The demands of the workers are under examination.

**Participation of Railway Board in
proposed Ganga Bridge Project at
Patna**

7278. SHRI VARKEY GEORGE: Will the Minister of RAILWAYS be pleased to state:

(a) whether the technical committee of Railway Board has examined the feasibility of participation in the proposed Rs. 32 crores Ganga bridge project at Patna; and

(b) if so, the outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b) The question of Railway's participation in the proposed Ganga bridge project at Patna is under examination.

**Shed at Ajmeri Gate siding of New
Delhi Railway Station for unloading
of Cement**

7279. SHRI K. LAKKAPPA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is no shed at Ajmeri Gate siding of New Delhi Railway Station for the purposes of unloading of cement;

(b) whether Railways have to pay huge claims to cement dealers on account of cement damaged by rains and if so, amounts paid for the last three years on this account; and

(c) the steps taken by Government to minimise such claims?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) There is a covered shed at Ajmeri Gate siding for the purpose of unloading of cement.

(b) The total amount of claims paid on account of cement damaged by rains for the last 3 years, was as under:—

1970-71	Nil
1971-72	2,037
1972-73	9,615

(c) A proposal to extend the platform at Bhusa line Ajmeri Gate by 150' with covered shed is under consideration and will be included in the future years Works Programme, subject to availability of funds.

Construction of a shed at Shakur Basti siding for unloading of Cement

7280. SHRI K. LAKKAPPA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is no shed at Shakur Basti Siding in the Union Territory of Delhi for the purposes of unloading of cement;

(b) whether Railways have to pay huge amounts to cement dealers on account of damage caused by rains and if so, the amounts paid during the last three years on this account; and

(c) whether Government have any proposal to construct a shed at Shakur Basti Siding and if so, by what time the shed is likely to be constructed?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes. There is no shed at Shakurbasti Siding for the purpose of unloading cement.

(b) No amount has so far been paid on account of damage caused by rain after unloading of cement consignments at Shakurbasti. Claims for Rs. 9,084 are, however, pending.

(c) A proposal to construct a shed on cement siding is under consideration and the same will be taken up in the future years works programme, subject to availability of funds.

Sanction of Rural Electrification Schemes for Tehsil Saran, District Allahabad

7281. SHRI VISHWANATH PRATAP SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether the Government of Uttar Pradesh have asked the Central Government for the sanction of two rural electrification schemes for Tehsil Saran, District Allahabad; and

(b) if so, the decision of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The Rural Electrification Corporation which has been set up in Central Sector since July, 1969, provides additive finances to State Electricity Boards for implementation of their rural electrification schemes. The Corporation has so far sanctioned 48 rural electrification schemes of Uttar Pradesh envisaging loan assistance of Rs. 2861.911 lakhs for electrification of 5,884 villages, energisation of 31,347 pumpsets and power supply to 12,094 small scale and agro industries. These schemes also include three schemes of Allahabad District envisaging loan assistance of Rs. 241.496 lakhs for the electrification of 431 villages and energisation of 3,333 pumpsets in Mehja, Karchana and Phulpur Tehsils. No scheme for electrification of Saran Tehsil has so

far been received by the Rural Electrification Corporation from Uttar Pradesh State Electricity Board; and

(b) Does not arise.

Railway Electrification Schemes for Fifth Plan period

7282. SHRI S. A. MURUGANANTHAM: Will the Minister of RAILWAYS be pleased to state:

(a) what are the proposals before Government for the electrification of Railway lines during the Fifth Plan period; and

(b) of these, what are the schemes Government intend to take up in Tamilnadu?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Specific decisions about the particular portions to be electrified during the Fifth Plan, would be taken after carrying out surveys and cost-cum-feasibility studies.

Protection of pay to ex-works mistries and Ex-AIOWs absorbed as Clerks on South Eastern Railway

7283. SHRI HUKAM CHAND KACHWAI: Will the Minister of RAILWAYS be pleased to state:

(a) whether some Works Mistries were rendered surplus on South Eastern Railway and absorbed as Clerks without allowing them pay protection;

(b) whether the Calcutta High Court on 11th May, 1971 has directed the Railway Administration to give these Works Mistries full pay protection during the period they were absorbed as Clerks.

(c) if so, whether all cases similar to those of these Works Mistries are regularised as directed by the Calcutta

High Court and whether the case of A.I.O.Ws of Western Railway absorbed as Clerks in the year 1966 is also similar to those of the said Works Mistries; and

(d) if so, whether they shall also be given pay protection during the period they were working as Clerks, and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Works Mistries rendered surplus on the South Eastern Railway were absorbed in alternative posts of Office Clerks, Trains Clerks, Commercial Clerks, etc. In terms of extant orders, surplus railway servants absorbed in the alternative posts in lower grades, are given weightage of their previous service for higher fixation of pay in the alternative posts in which they are absorbed, by grant of advance increments/ personal pay corresponding to the number of completed years of service rendered in the post from which they are rendered surplus. Pay of these staff was fixed accordingly.

(b) Yes, to the petitioners.

(c) and (d). No. The Calcutta High Court *vide* their order dated 29th May, 1972, made it clear that the benefit of the judgement dated 11-5-1971 is confined to the petitioners only. Accordingly the pay of surplus A.I.O.Ws on Western Railway as well as elsewhere, absorbed as Clerks, has been regulated as per extant orders quoted in the reply to (a).

Conversion of Railway Officers Saloons into Passenger Coaches on Indian Railways

7284. SHRI HUKAM CHAND KACHWAI: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is a heavy shortage of Passenger Coaches on Indian Railways;

(b) whether there is any proposal to convert Railway officers' saloons into passenger coaches for the convenience of the public and to meet the problems of rush in trains; and

(c) whether he is considering any other proposal for reducing the privileges of the Railway Officers?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) and (c), There is no proposal to convert Inspection Carriages used by Railway Officers into Passenger Coaches. Moreover, they are mostly old wooden bodied coaches built on non-standard underframes and their conversion for use as Passenger Coaches would not be feasible. The use of these carriage has now been restricted to functional purposes.

उच्चतम न्यायालय के पास विचाराधीन मामले

7285. श्री हुकम चन्द कछवाय :
श्री भालजीभाई परमार :

क्या बिधि, न्याय और कम्पनी कार्य मंत्री यह बताने की कृपा करेंगे कि :

(क) इस समय उच्चतम न्यायालय के पास कितने मामले विचाराधीन हैं; और

(ख) तीन वर्षों से अधिक विचाराधीन मामलों की संख्या क्या है ?

बिधि, न्याय और कम्पनी कार्य मंत्री (श्री एच० आर० गोखले) : (क) 1-1-1973 को 10846 मामले लम्बित थे ।

(ख) 1-1-1973 को ऐसे मामलों की संख्या 2116 थी ।

New River Valley Projects from Kerala

7286. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Kerala Government have sent some new river valley projects under centrally sponsored category for approval;

(b) if so, the salient features thereof; and

(c) the present position thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). Irrigation is a State subject. There is no Centrally sponsored scheme of irrigation and irrigation projects are planned, investigated and constructed by the State Governments as a part of their developmental plans. Central assistance to State Plans is provided in the form of block loans and grants for the State Plans as a whole and is not related to any individual head of development or project.

The Government of Kerala have proposed the following new irrigation projects for inclusion in their developmental Plans:—

Name of Project	Estimated cost (Rs. lakhs)	Benefit in lakh acres
1	2	3
<i>Major</i>		
Edamalyar . . .	1967	2.88
Banasurasagar . . .	1137	0.59
Tirunelli . . .	650	0.22
Kerala Bhawani (Tail race utilisation) . . .	805	0.80

1	2	3
<i>Medium</i>		
Karapuzha Irrigation	389.00	0.23
Attappady Irrigation Project . .	476.00	0.153
Noolapuzha	290.00	0.21
Manjat	318.00	0.12
Thendar	299.00	0.15

Edamalar, Kerala Bhawani and Karapuzha irrigation schemes are under examination in the Central Water and Power Commission. Replies to the comments of the Central Water and Power Commission on the other projects are awaited from the State Government.

Population and Area on an Average served by 100 kilometres Railway Lines in Kerala

7287. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of RAILWAYS be pleased to state:

(a) the population and area on an average served by 100 kilometres Railway line in Kerala; and

(b) the All India figures in comparison thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) 4,367 square kilometres of area and a population of 2,398,000 are served by each 100 kilometres of railway lines in Kerala.

(b) The comparative all India figures are 5,302 square kilometres of area and a population of 909,000.

Electrification of Villages in Kerala

7288. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of IRRIGATION AND POWER be pleased to state the names of the villages

electrified, District-wise, during 1972-73 and proposed to be electrified, District-wise; in Kerala during 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): A Statement is laid on the Table of the House. [Placed in Library. See No. LT-4814/73.]

Public Limited Companies

7289. SHRI VAYALAR RAVI: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the total number of non-Government Public Limited Companies at the end of March, 1973 and their total paid-up capital;

(b) the number of companies in which the different monopoly houses and foreign collaboration have got more than 50 per cent shares and their total paid-up capital; and

(c) the total capital issued by these companies during the last three years and their year-wise break-up?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) The number of non-Government Public Limited Companies at work in the country as on 31st December, 1972, the latest date upto which the information is available was 6693. The total paid-up capital of these companies as on that date amounted to Rs. 1833.2 crores.

(b) The Public Limited Companies in which foreign holding companies held more than 50 per cent of their share capital numbered 138 and had an aggregate paid-up capital of Rs. 253.80 crores as on 31-3-1971.

The information regarding the number of companies in which the Monopoly Houses have got more than 50 per cent shares, is being collected and will be laid on the Table of the House.

(c) The amounts of capital issued (shares and debentures) by non-government, non-financial public limited companies through Prospectuses during the last three years are as under:—

Year ending	Amount of capital issued (Rs. crores)
December 1970 . . .	42.09
December 1971 . . .	29.27
December 1972 . . .	66.01

Loan from Canada for setting up Fertilizer Plant at Koyali in Public Sector

7290. SHRI M. M. JOSEPH: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether any fertilizer plant is being set up in Public sector at Koyali near Baroda, and if so, the main features thereof; and

(b) whether any Canadian loan has been received for the purpose, and if so, the salient features of the agreement signed in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) No, Sir.

(b) Does not arise.

Assets, Turnover and Profits of Larger Industrial Houses

7291. SHRI JOYTIRMOY BOSU: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the names of large industrial Houses, as per Government's recently

announced "Industrial Policy Statement"; and

(b) the total assets, turnover and profits of the concerns under the control of these larger houses as in 1968-69 and 1971-72?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) and (b). The information is being collected and will be laid on the Table of the House.

Indian Tube Company Ltd., Calcutta

7292. SHRI JYOTIRMOY BOSU: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) the principal share-holders of Indian Tube Company Limited, Calcutta;

(b) the number and percentage of shares held by each share-holder:

(c) the composition of the Board of Directors of the Company;

(d) whether there were any charges of restrictive trade practices against this company, and if so, what; and

(e) what action, if any, has been taken against the company in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) to (c). Information is being collected and will be laid on the Table of the House.

(d) The Monopolies and Restrictive Trade Practices Commission has received a complaint under section 10(a) (i) of the M.R.T.P. Act alleging that monopolistic and restrictive trade practices are being indulged into by Indian Tube Co. Ltd. The Commission has directed the Director of Investigation to make a preliminary investigation under section 11 of the Act and

the investigation by the Director is not yet completed.

(e) Does not arise.

Demand for Naphtha and its Supply from Indigenous Sources and Imports

7293. SHRI JYOTIRMOY BOSU: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) current demand of naphtha in India;

(b) current supply from indigenous sources and imports; and

(c) what steps, if any, are being taken to meet the growing shortage of this vital raw material?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH):

(a) to (c). Naphtha is obtained in a refinery as a light distillate when crude oil is distilled. It is possible to vary the relative yields of naphtha and motor spirit by converting naphtha into motor spirit and the extent to which this can be done in a given refinery will depend on the characteristics of the naphtha as well as the facilities available in the refinery for upgrading the product into motor spirit. The anticipation indigenous production and demand for naphtha and mogas for 1973 are shown below:—

('000MTs)

	Motor Spirit	Naphtha	Total
Production	1703	1522	3225
Demand	1703	1887	3590
Deficit	..	(—)365	(—)365

The entire deficit is shown as naphtha since it will be cheaper to import naphtha than motor spirit.

The Indian Oil Corporation is making arrangements to firm up imports of naphtha to meet this deficit.

Naphtha is required mainly by the fertilizer and Petro-Chemical units and therefore the actual consumption will depend on the actual demand of these plants.

Paid up Capital, Assets and Profits of 20 Larger Industrial Houses

7294. SHRI JYOTIRMOY BOSU: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state the Paid-up Capital, gross assets, turnover, and gross profits of 20 Larger business Houses, as defined by the Industrial Licensing Policy Inquiry Committee as in 1969-70 and 1970-71?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): The requisite information is given in the statement laid on the Table of the House. [Placed in Library. See No. LT-4815/73.]

Private Practice by qualified Cost Accountants Employed in Railways

7295. SHRI JYOTIRMOY BOSU: Will the Minister of RAILWAYS be pleased to state:

(a) whether the qualified Cost Accountants employed in the Railways are not allowed to practise as cost consultants in their sparetime outside office hours, while persons qualified in medicines, surgery etc., are allowed to do so in the aforesaid manner;

(b) whether representations in this regard from qualified Cost Accountants to the competent authority are withheld by lower authority without assigning any reason; and

(c) if so, Government's reaction thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) It has been the policy of the Government,

ordinarily, not to grant permission to a railway servant, to undertake a work which is of the nature of regular remunerative occupation, even if the work is done outside office hours. In view of this, the Cost Accountants are not allowed to practise as cost consultants, in their sparetime outside office hours, in terms of the relevant Conduct Rules. The Railway Doctors, who are not in the administrative rank, are, however, allowed to attend to the railwaymen's families etc., unable to come to hospital and charge fixed nominal amounts as per rules laid for restricted practice.

(b) and (c). The information is being collected and will be laid on the Table of the Sabha.

पहलेजाघाट से महेन्द्रघाट तक स्टीमर सेवा के लिए लिया जाने वाला किराया

7296. श्री कमल मिश्र मधुकर :
क्या रेल मंत्री यह बताने की कृपा करेंगे कि :
(क) क्या पूर्वोत्तर रेलवे में पहलेजाघाट से महेन्द्रघाट तक रेलवे द्वारा गंगा नदी में यात्रियों के लिए स्टीमर सेवाएँ दी जाती हैं और यद्यपि पहलेजाघाट से महेन्द्रघाट तक की दूरी 10 किलोमीटर है तब भी किराया 43 किलोमीटर के लिए लिया जाता है; और

(ख) यदि हाँ, तो पहलेजाघाट से महेन्द्रघाट तक यात्रियों से 43 किलोमीटर के लिए किराया लेने के क्या कारण हैं ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) : (क) सीधे जाने वाले यात्रियों की जरूरतों को पूरा करने के लिए रेलवे द्वारा पहलेजाघाट और महेन्द्रघाट के बीच गंगा नदी पर स्टीमर फेरी सेवाओं की व्यवस्था की गयी है। पहलेजाघाट स्टेशन के ऊँची सतह वाले घाट और महेन्द्रघाट के बीच लगभग 18 किलोमीटर की दूरी है। इसका किराया 41 किलोमीटर की बढ़ी हुई दूरी पर लिया जाता है।

(ख) 41 किलोमीटर का किराया घाटों के अनुरक्षण और स्थान परिवर्तन तथा तट सम्पर्कों आदि के काम पर होने वाले आवर्ती खर्च सहित फेरी का संचालन व्यय पूरा करने के लिये लिया जाता है।

सोनपुर से पहलेजाघाट तक की दूरी के लिए रेलवे द्वारा अधिक किराया लेना

7297. श्री कमल मिश्र मधुकर :
क्या रेल मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पूर्वोत्तर रेलवे में सोनपुर और पहलेजाघाट के बीच की दूरी केवल 6 किलोमीटर है;

(ख) क्या इस दूरी के लिए रेलवे 12 किलोमीटर की दूरी का किराया लेती है;

(ग) यदि हाँ, तो सरकार द्वारा इस गलती को अभी तक न सुधारने के क्या कारण हैं; और

(घ) सोनपुर के पहलेजाघाट तक की दूरी के लिए यात्रियों से अधिक किराया लेने की बजाए वास्तविक दूरी का सही हिसाब से किराया कब से लिया जायेगा ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरेशी) :

(क) जी हां । (ख) जी हां ।

(ग) किराये भारत दूरी के आधार पर, न कि वास्तविक दूरी के आधार पर, सही लगाये जाते हैं । इसका कारण यह है कि नदी के अनिश्चित रुख के कारण घाट स्टेशनों के स्थल परिवर्तनशील होते हैं, जिसके फलस्वरूप घाटों के अनुरक्षण कार्य और स्थान परिवर्तन तथा तट संस्वन्धों के परिक्षण आदि पर आवर्ती व्यय करना पड़ता है ।

(घ) भाग (ग) के उत्तर के को देखते हुए यह प्रश्न नहीं उठता ।

Assistance for Creation of Water Grid in Gujarat

7298. SHRI RAMSHEKHAR PRA-SAD SINGH: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Gujarat Government are considering a proposal to create water grid connecting all major rivers, in the State;

(b) if so, whether Centre has agreed to give financial help; and

(c) if so, to what extent?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND

VERMA): (a) The Government of Gujarat have reported that they are contemplating a Scheme to join some major rivers of the State to form a water grid. They have stated that the scheme can, however, be worked out only after the scope of the Narmada project is known.

(b) and (c). Do not arise.

Recognition of North Eastern Railway Mazdoor Union

7299. SHRI BHOGENDR JHA: Will the Minister of RAILWAYS be pleased to refer to the reply given to Unstarred Question No. 3859 on the 20th March, 1973 regarding restoration of recognition to North Eastern Railway Mazdoor Union and state:

(a) whether the consideration of the matter with regard to grant of recognition to the formally registered North Eastern Railway Mazdoor Union has since been completed; and

(b) if so, the outcome thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b) The matter is still under consideration.

Residential accommodation for Road side Maintenance Staff of Signal Department (North Eastern Railway)

7300. SHRI BHOGENDR JHA: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is no provision of residential accommodation for road-side maintenance staff of Signal Department in the North Eastern Railway; and

(b) if so, steps being taken to provide the same?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURASHI): (a) Quarters at various stations are pooled and all staff including those for road-side maintenance in Signal Department are equally considered for allotment of the same.

(b) Does not arise.

Appointment of Apprentice Chargeman against Quota Reserved for Promotion from Rank on North Eastern Railway

7301. SHRI BHOGENDRA JHA: Will the Minister of RAILWAYS be pleased to state:

(a) whether North Eastern Railway management is contemplating any action to take apprentice Chargemen against the quota reserved for promotion from ranks in the Mechanised Workshops and other units and representation to the contrary has been made by the North Eastern Railway Mazdoor Union; and

(b) if so, whether Union's point of view is being accepted and if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) No.

(b) Does not arise.

Take over of Tektar Railway Station (N. E. Railway)

7302. SHRI BHOGENDRA JHA: Will the Minister of RAILWAYS be pleased to state:

(a) whether Tektar Railway Station under Samastipur Division of North Eastern Railway is being run on contract for the last several years;

(b) whether it is proposed to end the system of contract and run this station Departmentally; and

(c) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) This is being run as a contractor operated halt since 1963.

(b) and (c). The proposal to run this halt station departmentally has been examined but was not accepted as it was found not financially justified.

Codification of Muslim Personal Law

7303. SHRI FATESINGHRAO
GAEKWAD:

SHRI D. K. PANDA:

Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether Government's attention has been drawn to the recent statement of Mr. Justice V. Khalid of the Kerala High Court stressing the need for codification of the Muslim Personal Law to form the "Corpus Juris of India"; and

(b) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI NITIRAJ SINGH CHAUDHARY): (a) Yes, Sir.

(b) It is the policy of the Government that initiative for any reform in the personal Law of a minority community should come from that community itself.

Future of Employees of Indian Railway Conference Association

7304. DR. RANEN SEN: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is an organisation called Indian Railway Conference Association working under the Railway Board since the British days;

(b) whether under the present lay out this organisation has no specific role to play; and

(c) if so, whether Government propose to give a fresh look to the existence and working of the organisation and the future of its employees?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) and (c). The organisation was formed with a well defined role to play under the conditions prevailing when it was established. The Government propose to give a fresh look about the utility of the organisation under the conditions prevalent now.

Absorption of Ex-martin Light Railway Employees in M.T.P. Calcutta

7305. DR. RANEN SEN: Will the Minister of RAILWAYS be pleased to state:

(a) whether clerks of ex-Martin Light Railways and other employees have been posted under various Railways outside West Bengal;

(b) whether the M.T.P. (U Railway, Calcutta) is recruiting people for their work in Calcutta; and

(c) if so, whether Government have any scheme to absorb the ex-Martin Railway employees in the M.T.P.?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) No recruitment to class III and IV staff is resorted to.

(c) Instructions exist that individual request from such staff may be considered favourably for transfer to the Metropolitan Transport Project, Calcutta.

Cases of removal of fish plates in Andhra Pradesh

7306. SHRI R. R. SINGH DEO: Will the Minister of RAILWAYS be pleased to state:

(a) whether a number of cases of missing fish plates, dog-spikes and keys on both sides of the rail in various parts of Andhra Pradesh have come to the notice of Government; and

(b) if so, the security measures taken to ensure normal running of trains?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) Besides such measures as patrolling of track, escorting trains in affected areas, collecting intelligence and exchanging the same with Government Railway Police etc. which are normally taken to ensure security of Rail travel, the security arrangements in Andhra Pradesh, where many such incidents occurred during the recent 'Mulki' agitation, were tightened up by providing re-inforcements of Central Reserve Police, Border Security Force and Railway Protection Special Force battalions. Also, the Territorial Army personnel were deployed to man the trains in this area.

Enquiry into closure of Third Atmospheric Unit of Gujarat Refinery due to corrosion of pipes ...

7307. SHRI VASANT SATHE: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether the Third Atmospheric Unit of Gujarat Refinery had to be closed down due to corrosion of pipes resulting in failure to supply fuel oil by the Indian Oil Corporation to the Dhuvaran Power-Station;

(b) if so, whether Government have instituted an enquiry into the matter with a view to fixing up responsibility on the officers responsible for the national loss of crores of rupees caused as a result thereof; and

(c) other steps taken or proposed to be taken in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) The Third Atmospheric Unit of Gujarat Refinery was shut-down for a fortnight from 19th February, 1973 for usual annual inspection and repairs. The shutdown did not result in the failure of supply of fuel oil to Dhuvaran Power Station as sufficient stocks had been built up in advance to maintain the supplies to the Power Station.

(b) and (c). Do not arise in view of the answer given to part (a) above.

Paraffin Wax Quota in Orissa

7308. SHRI ANADI CHARAN DAS: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state: who are the parties or persons lifting the paraffin wax quota in Orissa State?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): The information is being

collected and will be laid on the table of the House in due course.

Irrigation Projects sanctioned in Orissa

7309. SHRI ANADI CHARAN DAS: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) the number of irrigation projects sanctioned by Government in Orissa during the last three years; and

(b) the new projects likely to be sanctioned during 1973-74?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The following irrigation projects of Orissa have been accepted by the Planning Commission for inclusion in the developmental plan of the State during the last three years:

Major

Anandpur Barrage and Potteru.

Medium

Ong, Sundar, Saipala, Kala and Dadraghati.

(b) This will depend on the results of examination of new projects proposed by the State Government and the resources likely to be available with the State for taking up new projects.

Opening of a Railway Station at Rajender Nagar town between Patna Junction and Gulzaribagh

7310. SHRI R. P. YADAV: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is a proposal by the Railway Ministry to construct a Railway station near Rajender Nagar town between Patna Junction and

Gulzarbagh Railway stations and if so, the main features of the proposal;

(b) whether the proposal to construct this Railway station is pending since long and if so, the main reasons therefor; and

(c) by what time the said Railway Station is likely to be completed and what expenditure is expected to be incurred in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) to (c). A proposal for opening a train halt/flag station for passenger traffic near Rajender Nagar Goods Shed was examined in September 1971, but it was not accepted as its opening would have resulted in heavy financial loss besides being operationally not feasible. Moreover, the area is well linked with several roads and served adequately by alternative modes of transport.

Harassment of passengers at odd hours by Porters

7311. SHRI R. P. YADAV: Will the Minister of RAILWAYS be pleased to state:

(a) whether Government are aware that the porters and coolies at New Delhi and Old Delhi Railway Stations and Patna Junction misbehave with and harass the passengers at odd hours and charge exorbitant rates; and

(b) whether in view of the above, Government propose to advise the concerned Station Masters and other Railway authorities to enforce the regulations properly to protect the innocent passengers from harassment at their hands?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Complaints of this nature have been brought to the notice of the Government in respect of New Delhi and Old Delhi Railway Stations.

(b) Instructions already exist and these have been repeated to the Railway Administrations that the working of the licensed porters should be watched and disciplinary action, as provided in the rules, taken against the licensed porters found harassing and over-charging the passengers.

Commission earned by I.D.P.L. from Sale of Bulk Drugs Imported by S.T.C.

7312. SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to refer to the reply given to Unstarred Question No. 3808 on the 20th March, 1973 and state:

(a) the commission earned by the I.D.P.L. on the sale of bulk drugs imported by the S.T.C. and distributed by it during each of the years 1970-71 and 1971-72;

(b) whether each of the two Public Sector undertakings viz. the S.T.C. and the I.D.P.L. is charging commission on the sale of such drugs and thereby adding to the cost of these drugs; and

(c) whether canalisation and distribution of such drugs through the I.D.P.L. have improved its financial position and reduced its losses to a considerable extent?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c). No commission is being charged by the I.D.P.L. in respect of sale of bulk drugs imported through S.T.C. and distributed by the I.D.P.L. The S.T.C. levy charges towards overheads etc. varying from 3 per cent to 6.5 per cent from various categories of users. So far as the goods distributed through IDPL are concerned, a charge of 5 per cent on cif value towards service charges etc. is paid by it to S.T.C. In working out the pooled prices of items within the production range of IDPL, the landed cost of imported drug is taken

into account which includes cif rates, 5 per cent service charges paid to STC, customs duty at the prescribed rates and port and handling charges.

The sale prices of imported drugs distributed by the IDPL have been fixed by Government on the basis of the weighted averages of both indigenous and imported drugs.

The IDPL's Marketing Division distributes both the indigenous and imported drugs in their range at the same fixed pooled prices. Under the pooling scheme, the indigenous producers, whether in the public or private sectors are reimbursed the difference between the notified indigenous price and the pooled price. The benefit of the lower pooled prices is passed on to the consumer while fixing the prices of formulations under Drug Prices Control Order, 1970.

Action against Foreign Dominated Drug Firms for producing Drugs in Excess of Permissible Limit

7313. SHRI K. S. CHAVDA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether at the 8th All India Drugs and Pharmaceutical Manufacturers Conference held on the 24th March, 1973, the manufacturers made the point that they should be allowed to utilise the installed capacity to the maximum extent possible; and

(b) whether some of the foreign dominated Drug manufacturers are producing drugs much in excess of the permissible limit and, if so, whether the question of taking penal action against such firms is under active consideration of Government?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) Yes, Sir.

(b) The drug manufacturers who are producing drugs much in excess of their licensed capacity include some foreign drugs manufacturers. The question of taking action in the matter of production in excess of licensed capacity is under consideration, taking into account the essentiality of the drugs and the country's requirement of the same.

Seniority of Promoted Class IV Telephone operators of Northern Railway

7314. SHRI PANNA LAL BARU-PAL: Will the Minister of RAILWAYS be pleased to state:

(a) whether the promoted Class IV Telephone Operators of Northern Railway have been regularised;

(b) whether the seniority of such Telephone Operators has been assigned from the date from which they have been continuously working; and

(c) if not, the reasons why they have not been given seniority from that date?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes.

(b) No.

(c) These staff had been working as Telephone Operators on *ad hoc* basis till their appointments were regularised by the Railway Board on 17-8-1968. They have also been assigned seniority from 17-8-1968. It would not be correct to allow them seniority from a date before their appointment was regularised.

मिट्टी के तेल का वितरण

7315. श्री आर० बी० बड़े : क्या पेट्रोलियम और रसायन मन्त्री यह बताने की कृपा करेंगे कि :

(क) विभिन्न राज्यों में मिट्टी के तेल की वितरण पद्धति क्या है; और

(ख) क्या इण्डियन प्रायल कम्पनी ने प्रत्येक जिले में एक डीलर नियुक्त किया है ?

पेट्रोलियम और रसायन मंत्रालय में उप-मंत्री (श्री दलबीर सिंह) : मिट्टी तेल को सप्लाई तथा वितरण व्यवस्था, तेल कम्पनियों द्वारा माहवारी आधार पर की जाती है। किन्तु इसका अनुमानित मांग के आधार पर राज्यवार आवंटन, मन्त्रालय द्वारा किया जाता है। ये कम्पनियों के लिए मोटे रूप में मार्ग-निर्देशन का कार्य करते हैं। अन्यथा आम तौर से उनके पास ये अनुदेश होते हैं कि वे विभिन्न क्षेत्रों की आवश्यकताओं को पूर्ण रूप से पूरा करें। मन्त्रालय द्वारा किये गए आवंटनों के बारे में सम्बन्धित राज्य सरकारों को भी सूचना दे दी जाती है। विभिन्न राज्यों में मिट्टी के तेल को सप्लाई केवल सीमित डीलरों (वितरकों) द्वारा की जाती है।

(ख) भारतीय तेल निगम किसी विशेष

क्षेत्र में मिट्टी के तेल के डीलर (वितरक) की नियुक्ति तब करती है जब जब उस क्षेत्र में ग्राहकों की संख्या को ध्यान में रखते हुए ऐसा करना न्यायोचित हो। तथापि भारतीय तेल निगम की, अपने मिट्टी के तेल के व्यापक वितरण व्यवस्था के विस्तार की प्रगति इस वस्तु का मांग के आधार पर हो रही है।

Companies Manufacturing Wax

7316. SHRI D. P. JADEJA:

SHRI ARVIND M. PATEL:

Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) the names of companies manufacturing wax in India; and

(b) the total quantity of wax manufactured during the last three years, year-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The quantity of wax manufactured by the various companies during the last three years was as under:—

Name of Co. manufacturing wax	Type of wax	Quantity manufactured (in tonnes)		
		1970	1971	1972
Assam Oil Co., . . .	Paraffin Wax	36675	37429	45857
Barauni Refinery . . .	Slack Wax	..	1179	5237
Madras Refineries Limited	Slack Wax	Being ascertained. Will be laid on the table of the House in due course.		

Import of Wax

7317. SHRI VEKARIA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state;

(a) the total quantity of wax imported during the last three years, year-wise; and

(b) the name of the country from which imported?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). The following quantities of Microcrystalline Waxes only were imported from U.S.A. and Japan during the last three years by the IOC.

	Quantity Imported	Country of Import
1970-71	618 tonnes	U.S.A.
1971-72	Nil	..
1972-73	400 tonnes	U.S.A.
	110 tonnes	Japan

Shortage of Covered Wagons for Loading of Salt in Saurashtra Region of Gujarat

7318. SHRI ARVIND M. PATEL: Will the Minister of RAILWAYS be pleased to state:

(a) whether there is a great shortage of wagons, specially covered wagons, during monsoon for loading of salt in Saurashtra region; and

(b) if so, the action taken by Government to solve the problem?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). There is no great shortage of wagons during monsoon for loading of salt in Saurashtra region. Apart from Salt, there is heavy offering of other higher priority traffic like foodgrains,

fertilisers, cement etc., from stations in the Saurashtra Region during the monsoon period. Though the fleet of covered wagons on the Railways is being augmented on a programmed basis, there is heavy pressure on the available covered wagon fleet during the monsoon period. Within these constraints, efforts are made to supply covered wagons to the maximum possible extent for salt loading.

Annual Requirement of Wax

7319. SHRI ARVIND M. PATEL: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state, the approximate requirement of wax yearly in the country?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): The requirement of Paraffin Wax for the year 1973 is estimated at 46000 tonnes.

Non-Payment of Dividend to Burma Company on its Share Capital in Oil India

7320. SHRI P. M. MEHTA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether Government of India have stopped the dividend of Burma Oil Company on its share capital in Oil India for 1971;

(b) whether this has been done because of gross irregularity in Oil India's activities for which Burma Oil Company is being held responsible and if so, the nature of irregularities; and

(c) what action Government propose to take against Burma Oil Company?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c). The annual accounts of the Oil India Limited for 1971 have not

yet been finalised because of certain differences having arisen between the partners, viz., the Government of India and the B.O.C., *inter alia* on the interpretation of agreements between the parties, which impinge on the financial results of the Company. These matters have been under discussion between the partners. Meanwhile, an interim dividend for 1971 has been declared. Final dividend for 1971 will be declared after the outstanding differences have been resolved and accounts have been passed by the Board of Directors of the company

Employees Rendered Surplus on Introduction of Computerisation on Central Railway

7321. SHRI CHANDRIKA PRASAD: Will the Minister of RAILWAYS be pleased to state:

(a) how many employees have been rendered surplus by Central Railway due to computerisation;

(b) how much money has been saved by reduction in staff, separately, in Executive and Accounts Departments and what is the expenditure on (1) Hiring charges of computers (2) Maintenance charges of Computers (3) Travelling Allowance and conveyance charges paid to staff on this account and (4) Stationery, yearwise;

(c) whether the paper used in computer machines is imported from foreign countries and if so, how much foreign exchange is spent for Central Railway only; and

(d) whether his Ministry is considering proposal to entrust the work pertaining to establishments at Jhansi to Computer Cell, Northern Railway, New Delhi instead of Bombay, being more economical and time saving?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QUARSHI): (a) 107.

(b) Figures in thousands per year (Approximately)

Executive . 212

Accounts . 203

1969-70 1970-71 1971-72

55 अप एक्सप्रेस गाड़ी के देरी से आने के कारण पिलखवा में 6 एम० डी० सवारी गाड़ी का रोकना जाना

7322. श्री नाथूराम अहिरवार : क्या रेल मन्त्री यह बताने की कृपा करेंगे कि :

(क) गत तीन महीनों में 55 अप एक्सप्रेस गाड़ी हापुड़ स्टेशन पर कितनी बार समय पर पहुंची है;

(ख) क्या उपरोक्त गाड़ी के लेट होने की स्थिति में 6 एम० डी० सवारी गाड़ी को पिलखवा में रोकना पड़ता है;

(ग) यदि हां, तो गत तीन महीनों के दौरान 6 एम० डी० सवारी गाड़ी हापुड़ कितनी बार समय पर पहुंची है; और

(घ) क्या इस बारे में रेल यात्री संघ, हापुड़ से रेलवे प्रशासन को कोई शिकायतें

मिली हैं और यदि हां, तो इस पर क्या कार्य-वाही की जा रही है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरैशी) : (क) 4 दिन ।

(ख) जी हां, कुछ मौकों पर ।

(ग) 33 दिन ।

(घ) जी हां । इस गाड़ी के समय पालन पर प्रतिदिन निगरानी रखने और इस गाड़ी के समय पालन में सुधार करने के उद्देश्य से सभी परिहार्य अवरोधों के सम्बन्ध में कार्रवाई करने के लिए उत्तर रेलवे द्वारा आवश्यक कदम उठाये गये हैं ।

हापुड़ से चलने वाली 55 अप एक्सप्रेस गाड़ी के रवाना होने के समय को पुनः निर्धारित करना

7323. श्री नाथूराम अहिरवार : क्या रेल मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या 55 अप एक्सप्रेस गाड़ी के लेट होने की स्थिति में 2 एन० डी० एच० शटल गाड़ी रात को हापुड़ में विलम्ब से पहुंचती है;

(ख) क्या 55 अप एक्सप्रेस गाड़ी के विलम्ब से पहुंचने की स्थिति को देखते हुए सरकार का विचार हापुड़ से इसके चलने का समय 18.27 बजे की बजाए पुनः 19-08 बजे करने का है; और

(ग) क्या ठीक समय पर चलने वाली एन० डी० एच० शटल गाड़ी को गाजियाबाद

आउटर सिगनल पर सुबह के समय तक रोक लिया जाता है और यदि हां, तो इस बारे में क्या कार्यवाही की जा रही है ?

रेल मंत्रालय में उप मंत्री (श्री मुहम्मद शफी कुरैशी) : (क) कुछ अवसरों पर 55 अप गाड़ी के विलम्ब से चलने के कारण 2 एन० डी० एच० गाड़ों को थोड़े समय के लिए रोकना पड़ा है ताकि 55 अप गाड़ी को बहुत अधिक विलम्ब होने से बचाया जा सके ।

(ख) जी नहीं ।

(ग) गाजियाबाद स्टेशन पर प्रातः काल बहुत अधिक गाड़ियों के लगभग एक साथ आने के कारण कुछ अवसरों पर 1 एन० डी० एच० गाड़ी को गाजियाबाद के बाहर भामूलो सा विलम्ब हुआ है । इस प्रकार के विलम्ब से बचने के लिए सभी सम्भव कदम उठाये जा रहे हैं ।

दिल्ली और मुरादाबाद के बीच एक अतिरिक्त रेलगाड़ी चलाना

7324. श्री नाथूराम अहिरवार : क्या रेल मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली और मुरादाबाद के बीच एक अतिरिक्त रेल गाड़ी चवाने का विचार है;

(ख) यदि हां, तो यह रेलगाड़ी कब तक चलाई जायेगी; और

(ग) दिल्ली गाजियाबाद खण्ड पर कितनी रेल-पथ क्षमता है और इसका कितने प्रतिशत उपयोग किया जा रहा है ?

रेल मन्त्रालय में उपमन्त्री (श्री मुहम्मद शफी कुरेशी) : (क) जी नहीं ।

(ख) प्रश्न नहीं उठता ।

(ग) 1971-72 के व्यस्त मौसम के दौरान गाजियाबाद दिल्ली खण्ड पर निर्धारित क्षमता और उसका वास्तविक उपयोग इस प्रकार रहा :—

खण्ड	निर्धारित क्षमता	वास्तविक उपयोग	प्रतिशत उपयोग
दिल्ली—दिल्ली शाहदरा	55	43	78.2
दिल्ली-शाहदरा—साहिबाबाद	56	44.1	78.8
साहिबाबाद—गाजियाबाद	63	60.5	90.0

Supply of Wagons to Industry in Jodhpur Division (Northern Railway)

7325. SHRIMATI KRISHNA KUMARI OF JODHPUR: Will the Minister of RAILWAYS be pleased to state;

(a) whether Government are aware that the wagon supply position for the industry in Jodhpur Division of Rajasthan is not satisfactory; and

(b) if so, the steps Government propose to take to improve the wagon supply position there?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) Yes, the Government are aware of the large number of indents outstanding on Jodhpur Division of Northern Railway.

(b) The main difficulty in meeting the demands on the Jodhpur Division arises from the fact that inward traffic for stations on Jodhpur Division is considerably less than the demand for wagons for outward traffic. This imbalance has been sought to be made good by moving empty wagons from adjacent Divisions. By this method, it was possible to step up the loading on this Division by 8 per cent from a daily average of 306 wagons during 1971-72 to 330 wagons during 1972-73. Every effort will continue to be made to meet the demands wagons on Jodhpur Division of Northern Railway.

Electrification of Villages in U.P.

7326. SHRI NARENDRA SINGH BISHT: Will the Minister of IRRIGATION AND POWER be pleased to state the number of villages which have been electrified, District-wise in U.P.?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): A Statement is laid on the Table of the House [Placed in Library. See No. LT-4816/73].

Small and Medium Irrigation Schemes for Farmers

7327. SHRI NAWAL KISHORE SHARMA: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether there is a proposal under the consideration of Government to introduce medium schemes of irrigation for the benefit of small farmers to reduce their dependence on monsoon; and

(b) if so, the broad outlines of the proposed schemes, State-wise?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) and (b). Since the Plans were initiated, 339 medium irrigation

schemes have been completed by the State Governments, and another 159 are under construction. State-wise information is given in the Statement attached.

Statement

Setting up of Thermal Power Station near Calcutta

7328. SHRI R. P. DAS: Will the Minister of IRRIGATION AND POWER be pleased to state;

(a) whether Government have agreed to consider immediate setting

up of a 60-MW Thermal Power Station near Calcutta;

(b) if so, the features of the proposal; and

(c) when Government propose to start working on the Project;

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) to (c). There is no proposal for setting up of 60 MW Thermal Power Station near Calcutta. However, a proposal of the West Bengal State Electricity Board for installation of two 20 MW Gas Turbines at an estimated cost of Rs. 7 crores is under consideration

West Bengal Scheme for upper Kangsabati Project

7329. SHRI INDRAJIT GUPTA: Will the Minister of IRRIGATION AND POWER be pleased to state;

(a) whether the West Bengal Government have formulated a concrete scheme for the Upper Kangsabati Project in the district of Purulia and Bankura costing Rs. 8.25 crores and have forwarded it for approval to the Central Water and Power Commission;

(b) whether the State Government have also indicated that the Project work can begin as soon as necessary funds are made available; and

(c) if so, Government's reaction in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The report on the Upper Kangsabati Project received from the Government of West Bengal in the CW & PC in November, 1972 does not contain required details of hydrological, topographical investigations etc. The report is not adequate for being processed further. The State Government have been requested for a com-

plete detailed report on the project for further processing of the scheme in the CW & PC and Planning Commission.

(b) The Government of West Bengal have stated that they are prepared to take up the execution of the project as soon as the clearance is obtained and necessary fund is made available.

(c) The State Government have been requested to send a complete detailed report of the scheme. The CW & PC has been requested to expedite the scrutiny of the project report when received from the State Government and process it through the Technical Advisory Committee of the Planning Commission.

Misappropriation of Money in Kolhapur Sugar Mill

7330. SHRI E. V. VIKHE PATIL: Will the Minister of LAW, JUSTICE AND COMPANY AFFAIRS be pleased to state:

(a) whether attention of Government has been drawn to the Press reports about misappropriation of huge amount of money in Kolhapur Sugar Mill;

(b) whether Government have also received representations for taking necessary action against the persons involved in the misappropriation, and

(c) whether Government have taken or propose to take any action in this regard and if so, the nature of such action?

THE MINISTER OF STATE IN THE MINISTRY OF LAW, JUSTICE AND COMPANY AFFAIRS (SHRI D. R. CHAVAN): (a) Yes, Sir.

(b) Yes, Sir.

(c) The allegations made are being enquired into.

Promotion of Lower Division Clerks as Upper Division Clerks in Railway Board

7331. SHRI DHARAMRAO AFZAL-PURKAR: Will the Minister of RAILWAYS be pleased to state:

(a) whether there are a number of posts in Upper Division Clerk's grade lying vacant in the Railway Board on account of seniority of Lower Division Clerks not having been finalised, and

(b) the action proposed to be taken by his Ministry in the matter?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) and (b). Some 50 posts of Upper Division Clerks have to be filled by promotion of Lower Division Clerks on the basis of seniority subject to fitness. The seniority of Lower Division Clerks has since been finalised and a list is being drawn up of such clerks considered suitable for promotion as Upper Division Clerks, with a view to fill the existing vacancies.

Showing profit in Balance sheet of F.C.I. by Deferring Expenses

7332. SHRI JAGANNATH MISHRA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether current marketing expenses worth crores of rupees have been deferred for adjustment in the coming five years to show profit in the Balance Sheet of Fertilizer Corporation of India for this year;

(b) whether Government agree with this practice; and

(c) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) to (c). In the year 1971-72, the Corporation had carried forward as Deferred Revenue Expenditure, Selling

and Distribution Expenses to the extent of Rs. 83.07 lakhs, out of a total of Rs. 153.23 lakhs incurred during the year. This expenditure does not relate to the year under review but represents expenditure on market development in various areas where new units are being or are to be set up and will be written off in equal annual instalments in the next 4 years. To the objection raised by the Auditors that these expenses should have been charged to the Profit and Loans Account for the year, the Comptroller and Auditor General of India has commented as under:—

“In the light of the seeding programmes undertaken for development of market for future sales of products of new/expansion projects, which are at various stages of implementation, the expectation of a benefit to be derived from a part of the expenditure incurred in selling the products of the existing plants outside their respective economic marketing zones and deferment thereof for charging against future operations cannot be ruled out entirely.

In the absence, however, of the detailed identification of such expenditure with seeding operations, the extent of deferment of expenditure representing the benefit likely to be derived in future out of sales of the entire products of the new/expansion plants when they come up, is not accurately quantifiable.”

The Board of Directors of the Fertilizer Corporation have decided to take steps, as early as possible, to establish a procedure whereby the detailed identification regarding budgeting and account of expenditure relating to seeding operations is possible.

Ramganga Dam project

7333. SHRI BIRENDER SINGH RAO: Will the Minister of IRRIGATION AND POWER be pleased to state:

(a) whether Rs. 130 crores power-cum-irrigation Ramganga Dam project

in Garhwal is four years behind schedule;

(b) if so, the reasons therefor;

(c) whether Government propose to inquire into the circumstances under which the project is behind schedule; and

(d) if not, the reasons thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI BALGOVIND VERMA): (a) The Ramganga Project was sanctioned by Uttar Pradesh Government in 1961-62. The target date set in 1961 was 1968-69 but this was changed in 1965 to 1972. In November 1972, the programme of completion of the project was again reviewed by the Technical Advisory Committee of the project. The revised schedule of completion of the various components of the project is as under:—

	Target date of completion
1. Main dam .	April, 1974
2. Saddle dam .	December, 1974
3. Civil Works of Power House	June, 1974

The irrigation channels (under Unit II-B) were originally scheduled for completion by 1973 and the present schedule proposes completion of channels by 1974-75.

The originally targeted and now anticipated dates of commissioning of the three generating units are as follows:—

	Original target	Anticipated dates of Commissioning
Unit—I	December, 1972	December, 1974
Unit—II	February, 1973	May, 1975
Unit—III	April, 1973	September, 1975

(b) It has been reported by the Government of U.P. that difficulty in procurement of equipment, materials like cement, oxygen and acetylene gases, spare parts, labour unrest, unprecedented floods of 1966, agitation by Gazetted Officers and certain technical difficulties experienced have contributed to the delay and these were due to circumstances beyond the control of the project organisation.

(c) No, Sir.

(d) There is a Reviewing Committee for the Ramganga Project under the Chairmanship of a Member of the CW & PC at the Central level to watch the progress and problems of the project. The Ramganga Control Board under the Chairmanship of the Chief Minister of Uttar Pradesh, Technical Advisory Committee and Standing Committee of the Project at the State level keep watch on every phase of work of the project.

Survey in District Bahraich of U.P. for finding natural resources

7334. SHRI B. R. SHUKLA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether any geological survey has been made in the District of Bahraich and other Districts adjoining Nepal in Uttar Pradesh, with a view to explore the possibilities of oil, gas, lime stone etc.;

(b) if so, the outlines thereof; and

(c) if not, whether Government intend to undertake such a survey?

THE DEPUTY MINISTER IN THE MINISTRY OF PETROLEUM AND CHEMICALS (SHRI DALBIR SINGH): (a) and (b). With a view to explore for oil and natural gas, geological mapping had been carried out in the past in the foothill area of Tanakpur in Pilibhit District and adjoining areas. During the course of this, the

geology was studied, the stratigraphy established, and the structure was mapped.

(c) Does not arise.

Strength of Typists in Railway Board's Offices

7335. SHRI PANNA LAL BARUPAL: Will the Minister of RAILWAYS be pleased to state:

(a) total sanctioned strength of Typists, Gradewise in the Offices of the Railway Board;

(b) whether the Typists working in the office of Railway Board are allowed honorarium or overtime, for their working beyond the prescribed yardstick;

(c) if so, the amount of honorarium or overtime paid to them for the period from January, 1972 to December, 1972, month-wise; and

(d) what is the prescribed yardstick laid down for a Typist on Indian Railways?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD. SHAFI QURESHI): (a) There is no separate category of Typists in the Railway Board's office. The Lower Division Clerks in the Board's Office attend also to typing work in addition to other work.

(b) The Lower Division Clerks are allowed honorarium overtime for performing work beyond office hours on the same basis as in the other Ministries of the Government of India.

(c) The expenditure incurred on Overtime paid to Clerks in the Railway Board's Office during January, 1972 to December, 1972 month-wise is given in the attached statement.

(d) 500 to 600 lines per typist per day. Attention in this connection is invited to the reply against item (a) of Unstarred Question No. 2228 answered in the Lok Sabha on 15th June, 1971.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

REPORTED INDEFINITE STRIKE BY THOU- SANDS OF TEXTILE WORKERS IN DELHI

SHRI M. C. DAGA (Pali): I call the attention of the Minister of Labour and Rehabilitation to the following matter of urgent public importance and request that he may make a statement thereon:

The reported indefinite strike by about twenty-seven thousand textile workers in Delhi.

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHU-NATHA REDDY): Sir according to

the information made available by the Delhi Administration, the employees in the five textile mills in Delhi, namely, (i) Delhi Cloth Mills, (ii) Swatantra Bharat Mills, (iii) D.C.M. Silk Mills, (iv) Birla Cotton Spinning and Weaving Mills and (v) Ajudhia Textile Mills are on strike from April 11, 1973. The unions have put forward several demands. The main demand of all the workers relates to the enhancement of dearness allowance, and pending settlement of this issue, payment of an interim relief of Rs. 50 per month. The dispute regarding the adequacy of dearness allowance had earlier been referred by the Delhi Administration for adjudication, on the basis of a settlement signed on 26th February, 1970 by the Kapra Mazdoor Ekta Union, Textile Mazdoor Sangh and Kapra Mill Mazdoor Sangh and the managements of 4 textile mills. Later on, however, the unions raised objections about the maintainability of the industrial dispute regarding dearness allowance before the Tribunal. The Tribunal over-ruled the objections and held that Tribunal had jurisdiction to deal with the dispute regarding dearness allowance. The unions then filed a writ petition in the Delhi High Court. The Delhi Administration has stated that the matter is still pending as the stay granted by the High Court continues.

Following the recent strike notices by the unions, the Industrial Relations Machinery of the Delhi Administration has been holding discussions with the parties. Shri Bahl, Executive Councillor has also held several discussions with the workers' and employers' representatives in an effort to promote an amicable settlement. A proposal put forward by the Industrial Relations Machinery of the Delhi Administration was (a) 5 per cent. increase in emoluments by way of an interim relief, and (b) arbitration of the dispute by Shri Hidayat Ullah retired Chief Justice of the Supreme Court. The proposal was, however, not acceptable to the workers who

wanted a minimum interim relief of Rs. 30 per month and the same was not acceptable to the employers.

The Central Government feels deeply concerned about this strike. The Delhi Administration who as the "appropriate Government" are directly concerned, are seized of the matter and are continuing their efforts to bring about an early settlement. I understand that Shri Bahl has already held several discussions with the parties on April 13, 14 and 16, 1973. The Chief Labour Commissioner (Central) is also helping the Delhi Administration to resolve the dispute. The latest information is that Shri Bahl and employers' representatives are going to meet today evening at 5 p.m. to discuss this matter further.

श्री मूल चन्द डागा : अध्यक्ष महोदय, मुझे एक सेंटेंस याद आता है कि "जो नैतिक मान्यताओं के मध्य रहते हैं और उन्हें स्वीकार करते हैं ऐसे संघर्ष के प्रति उदासीन नहीं रह सकते जिसमें मानवता और सभ्यता की सर्वोच्च मान्यताएँ दांव पर लगी हुई हों।"

अध्यक्ष महोदय, मैं आप को इसलिये धन्यवाद देता हू कि आपने एक महत्वपूर्ण प्रश्न को उठाने का अवसर दिया है। 27,000 मजदूर आज सात दिन से बेकार है और उनकी अपनी एक मांग है कि जो आपने संविधान में बात कही थी कि हम ऐसे शोषण विहीन और वर्गविहीन समाज की स्थापना करना चाहते हैं और जगह जगह आपने यह बात कही कि देश के अन्दर हम एक ऐसा समाज बनाना चाहते हैं जिसमें विषमता नहीं होगी। लेकिन मैं उस भूमिका को सामने रखते हुए आप से पूछना चाहता हूँ कि 7 दिन होने के बाद भी हम लोग मजदूरों की सही मांगों को

भी पूरा नहीं करा पाये। मजदूरों ने यह बात रखी थी, पहली उन की मांग यह थी कि उन्हें कम से कम 300 रु० मासिक वेतन दिया जाय, प्रत्येक मजदूर को न्यूनतम 300 रु० दिया जाय। दूसरी मांग यह थी कि उस के रहने के लिये मकान दिया जाय, और अगर मकान नहीं दिया जाय तो उसे 20 प्रतिशत मजदूरी के रूप में भत्ता दिया जाय। और तीसरी मांग यह थी कि महंगाई भत्ता इतना हो कि वह महंगाई को सम्हाल सके और ठेके पर लगाने की मजदूरों की पद्धति को समाप्त किया जाय। य बार उनकी मांगें थी, और उन्होंने यह सवाल उठाया कि बम्बई और अहमदाबाद में मजदूरों को जो कुछ मिल रहा है दिल्ली वालों को उन से कम नहीं मिलना चाहिये। यह प्रश्न अब दिल्ली के 27,000 मजदूरों का प्रश्न नहीं रहा बल्कि 672 टैक्सटाइल मिलों का प्रश्न बन गया है जिसमें 9 लाख 41 हजार टैक्सटाइल मजदूर काम करते हैं। उनका मवाल है कि बम्बई के अन्दर जो दिल्ली के मजदूर से 64 रु० ज्यादा मिलता है वह दिल्ली के मजदूरों को भी मिलना चाहिये। दिल्ली के मजदूर यह भी कहते हैं कानपुर, जो 'बो' श्रेणी में आता है वहाँ के मजदूरों को भी दिल्ली के मजदूरों से 22 रु० ज्यादा मिलता है।

जब कभी सरकार अपने कानून से आगे नहीं बढ़ती और धीरे धीरे चलती है तो मजदूर समाज में उन शोषण करने वालों के खिलाफ बगावत होती है, उसके विरोध में अपनी आवाज बुलन्द करता है। जब कोई प्रथा सड़न की अवस्था में पहुँच जाती है तो जनता में उस प्रथा के खिलाफ जनमत खिलाफ हो जाता है और हमारा कर्तव्य होता है कि ऐसे क

[श्री मूलचन्द डागा]

बनाये जाय जो समयानुसार हों, बदलते हुए जमाने के साथ कानून को बदलना होगा। यदि आप कानून की बारीकियों को लेकर मजदूरों के हित को धकेलना चाहते हैं तो स्वाभाविक है कि मजदूर उसके खिलाफ आवाज उठायेगा। दिल्ली के मजदूरों की मांग है कि उन्हें 300 रु० मासिक वेतन मिलना चाहिये। उन्होंने कहा कि कानपुर के मजदूरों से हमें 22 रु० कम क्यों मिलता है, उन्होंने कहा कि बम्बई के मजदूर की तुलना में हम 64 रु० कम नेते का तैयार नहीं हैं। आप देखें कि बम्बई में कितनी बार रिवाइज हुआ उनका वेतन स्तर? समझ में नहीं आता कि जब आप लोगों को दुनिया में बताना चाहते हैं, हमने कहा है कि हम शोषण विहीन समाज चाहते हैं, हम मजदूरों को आगे बढ़ाना चाहते हैं और जब मजदूर आगे बढ़ना चाहता है तो उसको कानून की बारीकियों से आप रोकना चाहते हैं, यह कहाँ तक न्याय संगत है। कानून तो एक मकड़ी का जाला है जिसमें गरीब फँसता है और धनवान छूट जाता है।

मन्त्री महोदय ने जो उत्तर दिया उससे कोई बात स्पष्ट नहीं होती है कि आप क्या करना चाहते हैं। एक तरफ आप कहते हैं कि हम समाजवादी समाज की रचना करना चाहते हैं और जब मजदूर उस दिशा में बढ़ने के लिये आवाज उठाता है तो कानून की बारीकियों का सहारा लेकर उसके कदमों को आगे बढ़ने से रोका जाता है। आज कुछ लोग शायद कहेंगे कि 22 लाख रुपये दिल्ली के मजदूरों को जो मिलने चाहिये थे वह नुकसान हो रहा है, या कुछ लोग यह समझते होंगे कि हड़ताल की वजह से उत्पादन में नुकसान हो

रहा है, और माननीय चम्हाण साहब यह समझते होंगे कि सवा लाख रुपये रोज के उत्पादन-कर का नुकसान हो रहा है, लेकिन मैं एक बात कहना चाहता हूँ कि देश के उत्पादन के नाम पर मजदूरों को भूखे रहने के लिये बायदे करना किसी भी तरह उचित नहीं है। अगर आपने उत्पादन के नाम पर मजदूरों को भूखे रखने का निर्णय ले लिया है तो इसको मजदूर लोग कभी बर्दाश्त नहीं करेंगे। जब मजदूरों का कदम आगे बढ़ जाता है तो वह पीछे कभी नहीं हटता है। देश में इनकलाब लाने के लिये द्रो कौमें हैं, एक मजदूर और दूसरे विद्यार्थी, और जब मजदूर अपनी सही बात कहता है और पूँजीपतियों में उसके प्रति उदारता नहीं है, जिन्होंने उसका शोषण किया है, तो बगावत होना स्वाभाविक हो जाता है।

आपने जापान की तनख्वाह का हाल देखा होगा। जापान ने यह किया कि ज्यों ज्यों मजदूरों की तनख्वाह बढ़ायी त्यों त्यों वहाँ उत्पादन बढ़ा। देश को आगे बढ़ाया। मैं आप को कुछ आंकड़ें बतलाना चाहता हूँ :

"...if one considers that wage increases have gone up successively by 12.1 per cent in the year 1967, by 13.3 per cent in 1968, then by 15.6 per cent in 1969, and now finally by 17.5 per cent."

वहाँ के एम्प्लायीज कहते हैं कि उनका उत्पादन भी बढ़ना चाहिये और उनकी मजदूरी भी बढ़नी चाहिये। वहाँ के मालिक लोग भी यही चाहते हैं। आप लोग अपने देश में एक अच्छी नीति कायम करना चाहते हैं। आप ऐलान करते हैं कि हम एक डीसेंट लिविंग देना चाहते हैं। आप की घोषणा यह है कि :

"The right to work under humane conditions and a living wage sufficient to assure a decent standard of life."

आज मजदूर लोग इसी के लिये आवाज उठा रहे हैं। कुछ पहले श्री बालगोविन्द वर्मा ने अपने एक भाषण में कहा था कि :

"Inaugurating the first meeting of the Central Advisory Contract Labour Board at New Delhi on June 14, 1972, the Union Deputy Labour Minister, Shri Balgovind Verma, called for total abolition of the contract labour system or, in the alternative, its control and regulation, in view of the present, alarming conditions of contract labour in unorganized industries where no trade unions are functioning."

मैं जानना चाहता हूँ कि आपने इन दोनों नीतियों के बारे में क्या किया ? आपने वेतन नीति के मामले में क्या किया ? जब 1972 में सीमेंट उद्योग के मजदूरों ने हड़ताल की थी तब श्रीमती इन्दिरा गांधी ने आश्वासन दिया था कि वर्ष के अन्त तक हम एक राष्ट्रीय वेतन नीति कायम करेंगे। 1972 के बाद योजना मन्त्री, श्री धर ने श्री चक्रवर्ती को मुकर्रर किया इस काम के लिये। लेकिन उनको यह नहीं मालूम कि मजदूरों की पगार क्या है। वह तो ऊपर की मंजिल में बैठते हैं, 2,000 रु० तनख्वाह पाते हैं। उन्होंने कह दिया कि मजदूरों के वेतन के सम्बन्ध में प्रति व्यक्ति 40 रु० मासिक व्यय का आधार मान लिया जाये। मैं कहना चाहता हूँ कि इससे मजदूरों के अन्दर असन्तोष पैदा होगा। मैं पूछना चाहता हूँ कि आखिर सरकार की नीति में फर्क क्या हो गया है ? पहले श्री खाडिङ्कर साहब थे और अब श्री रघुनाथ रेड्डी आ गये

हैं। मैं कहना चाहता हूँ कि सरकार को जरा तेजी के साथ चलना चाहिये। बदलते हुए जमाने के साथ कानून को भी बदलना चाहिये।

मैं जानना चाहता हूँ कि सरकार ने सात दिन के भीतर क्या किया ? सात दिनों से 27,000 मजदूर अपने हकों के लिये लड़ रहे हैं। दिल्ली में रहते हुए आपने खुद जाकर मजदूरों से बात करके उनको समझाया या नहीं ? एक प्रश्न तो मेरा यह है।

आज अध्यक्ष महोदय ने मुझ को इजाजत दी कि मैं इस सामाजिक प्रश्न को यहां उठाऊँ। अगर इसके लिये संघर्ष किया जाये तो पार्लियामेंट का प्रत्येक सदस्य इस संघर्ष में मेरे साथ है क्योंकि मजदूरों के साथ उनकी सहानुभूति है। जब, अध्यक्ष महोदय, आपने मुझ को मौका दिया है तब मैं पूछना चाहता हूँ कि क्या इन सात दिनों के अन्दर श्री रेड्डी ने मजदूरों के नुमाइन्दों से बात की ? क्या उन्होंने साहसपूर्ण शब्दों में उन लोगों से कहा कि पूंजीपतियों के दिन अब खत्म हो गये ? जो यह पूंजीवादी प्रथा है उसके खिलाफ कई आन्दोलन मजदूरों के अन्दर हुए। मैं कहता हूँ कि इस प्रथा को बदलो। इस प्रथा के रहते हुए न हम किसी को न्याय दे सकते हैं और न किसी की मदद कर सकते हैं। क्या मन्त्री महोदय चाहते हैं कि यह प्रथा चलती रहे और मजदूरों का जीवन सुखी न हो ? क्या मन्त्री महोदय इन सात दिनों के अन्दर मजदूरों के बीच में गये और उनसे कहा कि तुम्हारी मांगों के बावत हम यह कदम उठा रहे हैं ? जहां तक बम्बई के कारखानों का सवाल है, मजदूरों के कानून समय समय पर रिवाइज होते रहते हैं। लेकिन आप उस स्थिति को पहुंचना नहीं चाहते। (व्यवधान)

[श्री मूलचन्द डागा]

आज मजदूरों को, जो देश को आगे बढ़ाना चाहते हैं, आपका सहयोग चाहिये। आप को अपने पुराने कानून को बदलना चाहिये। आप इंडस्ट्रियल डिस्प्यूट ऐक्ट को लेकर चल रहे हैं जो कि बाबा आदम के जमाने का कानून है। यह कानून आखिर आपको कब तक मदद करेगा? इनको पत्रटो, एक दिन में पत्रटो, एक घंटे में पत्रटो, इसी वक्त पत्रटो। अगर इसको नहीं पलटा जाता तो इन मजदूरों को कोई मदद नहीं मिलती।

मन्त्री महोदय ने कहा कि हमने बहल साहब को भेजा है 27,000 मजदूरों के साथ बात करने के लिये। मैं जानना चाहता हूँ कि बहल साहब काम करेंगे या श्री रघुनाथ रेड्डी करेंगे? आप थोड़ी सद्भावना से काम लीजिये। आपने सात दिनों के अन्दर ठेकेदारी प्रथा की बाबत और मजदूरों की मांगों की बाबत कोई सक्रिय और ठोस कदम नहीं उठाया। इसके न उठाने के कारण उत्पादन कम हो रहा है। लेकिन मुझे उत्पादन का उतना दुःख नहीं है, मजदूरों को भूखा रखना उचित नहीं है। अगर समाज को आगे बढ़ाना है तो मजदूरों को ठीक वेतन देना होगा, उनकी न्यूनतम आवश्यकताओं की पूर्ति करनी होगी। जब मजदूर को उचित मजदूरी मिलेगी तो उत्पादन भी ज्यादा बढ़ेगा और देश भी आगे बढ़ेगा।

SHRI RAGHUNATHA REDDY: I am in full agreement with the philosophical part of the statement made by the hon. Member.

As far as the settlement of the dispute concerned, the industrial relations machinery of the Delhi Administration, which is the appropriate authority to deal with this matter and it is already seized of the mat-

ter. I have also brought to your kind notice that Mr. Bahl who is in charge of this on behalf of the Delhi Administration has met the persons concerned on the 13th, 14th and 16th and this evening he is expected to meet the representatives of the employers and have further discussion in the matter. I also had discussion with Mr. Bahl and we have placed the good offices of the Chief Commissioner of Labour who is an officer of the Central Government at the disposal of the Delhi Administration to deal with this matter. I assure the hon. House that I will intervene at the appropriate time if my services are required.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Sir, he is naming somebody who is not here in this House to defend himself. Mr. Bahl is not here to defend himself. Why is he taking his name?

MR. SPEAKER: I am very happy that you have become a defender of absentees.

SHRI INDRAJIT GUPTA (Alipore): This strike which has now entered its seventh day, has once again brought sharply into the limelight, the basic question which is not a new one but which has been plaguing the workers of this country, in the textile and other industries, for several years and that question is one to which we expect some clear reaction from the Labour Ministry on behalf of the Government of India.

That question is this.

(1) It is not disputed by anybody that there is a phenomenal rise in prices. Even in the short period which has passed since the presentation of the last Budget, a price rise to the extent of 15 per cent or more has taken place, even in this capital city of Delhi—a rise which has affected even those items of consumption on which no excise duties or taxes were placed and we were assured that there would be no reason for any rise in prices of

those untaxed commodities. Nevertheless, such are the market operations under the blessings of this Government that there has been a rise in all these items.

So, firstly, the actual real wages of the workers have suffered a decline already. The real wages have gone down already. This is a common feature which is taking place over the years in many industries in most parts of the country. Secondly, there is the cost of living index figure which is compiled by the Labour Bureau whose office is in Simla. Times without number the central trade union organisations in this country have stated emphatically at the Indian Labour Conference and other forms that they have no confidence whatsoever in the way in which these cost of living figures get compiled by that Labour Bureau. It is done in a defective way, in a partisan way. It is done in such a way that the actual extent of rise is not at all reflected. The hon. Minister knows very well that the question of the very basis of this compilation of the cost of living figure was taken up by the workers in Bombay, Gujarat and other places and a strike was threatened on that very issue. A special Committee had to be set up to go into the thing, to find out the way in which those figures were being compiled, and that Committee came to the conclusion that some revision was necessary in the actual procedure of compilation. Otherwise workers were being defrauded of the dearness allowance to which they are rightly entitled on the basis of the actual rise. But what we find is that the same old procedure is still continuing.

Then, thirdly, the workers are demanding a dearness allowance which gives them 100 per cent compensation for rise in the cost of living. I would like to ask the Minister whether he considers this demand to be unjustified. All that the workers say is that the existing real wages should be maintained and should not be reduc-

ed at all. It does not mean rise in wages at all. All it means is only compensation for the rise in the cost of living so that their actual real wages are not eroded but that they will be maintained at that same level. This is what their demand is. This is why the strike has taken place. There may have been some slight difference between some of the unions on the actual date of such strike. But I want to make it quite clear that all the Unions in Delhi representing the textile workers without exception are united on this question and this is their unanimous demand and they are united on the question of strike. The persons whom we are confronting are not employers who have not got the capacity to pay. After all, who are these persons? They are the largest monopoly houses, one is the House of the Birlas the other belong to the Shri Ram Group. They are the main employers with whom the workers have to contend with in this struggle. And, I was told, a few days ago, at the beginning of the strike, these employers had conveyed that they were willing to give an increase of Rs. 12 per month. Now, I am told, in the subsequent negotiations they had gone back even on those commitments and said that they had never offered any such thing and now they are not prepared to give any rise at all. This is the position. The workers have proved by facts and figures that unless 100 per cent neutralisation is given by way of DA, their real wages are getting eroded and will be further eroded. Traditionally the wage in the Delhi textile mills used to be higher than that of Kanpur. But recently, as the Minister knows, there was a strike in Kanpur and there was intervention by the UP State Minister, Mr. Ganesh Dutt Bajpai, and an ad hoc increase of Rs. 35 per month was given to the Kanpur workers. But, as a result of that increase now, I do not say, this was adequate, the Kanpur workers are getting more than Delhi workers, although Delhi workers were traditionally higher paid than the Kanpur workers.

[Shri Indrajit Gupta]

In such a situation, how do you assume that discontent will not crop up? Is this not sufficient justification for the strike? At the moment the workers are just on the streets. They cannot be told, your case will go to arbitration, adjudication, and all that. The Minister may stick to his routine reply and say that the appropriate authorities are looking into the matter. There is this gentleman Mr. Bahl in respect of whom the workers have got all kinds of opinions and have no confidence in him.

And then the Central Labour Commissioner has been added. I would just say that in a serious situation like this where the textile industry is closed down; where production of lakh of metres of cloth is being lost everyday there one does not always take shelter behind the technical niceties of the law in the sense as to who is the appropriate authority and who is not the appropriate authority. In such a matter many a time Labour Ministers have themselves personally intervened. They had called conferences, meetings, etc. at top level and taken some initiative to break the deadlock and bring about a settlement on the basis of the justified demands of the workers. Am I to take it that this Sri-ram Group and Birla Group are pleading financial incapacity? These are some of the biggest mills in the country. If these mills are not in a position to increase the dearness allowance of these workers so as to compensate them for the rise in the cost of living, then I would humbly suggest that a thorough probe should be ordered into the financial administration of these companies to find out how they are handling their finances and if necessary, these mills should be taken over.

I hope the Minister is not under any illusion. May be reports have been given to him that the strike is likely to fizzle out. I would only say there is no chance of the strike fizzling out. On the other hand, it will become a

prolonged trial of strength, which is not good for anybody. Workers do not go on strike for fun. Therefore, I would request the hon. Minister to assure the House that he will not stick to the niceties of the Industrial Disputes Act but in view of the seriousness of the crisis he will take the initiative to break the deadlock and see to it that the monopoly tycoons of these textile mills are compelled to accept the legitimate demands of the workers so that an early settlement is brought about.

SRI RAGHUNATHA REDDY: Sir, I would very respectfully submit to you that I do not have any illusions about any matter. I do not suffer from any illusions. As far as this matter is concerned, the Central Government is seriously concerned with what is happening and about the strike. This evening Mr. Bahl who is incharge of Labour is meeting the representatives of the employees for holding further discussions. Discussions were held on 14th, 15th and 16th and some negotiations were going on. This evening the representative of the Delhi Administration is meeting the employers for this purpose. I am just watching the development. As I have already said, whatever necessary action is called for would certainly be thought of but the hon. Members should give some time to the Delhi Administration.

(Interruptions)

SHRI RAGHUNATHA REDDY: I assure you that I am second to none in this House in appreciating the anxiety and also the difficulties of the workers. I do not want to say anything more because negotiations are going on.

(Interruptions)

MR. SPEAKER: There cannot be any point of order during the Question Hour or calling-attention-notice. I am not permitting him.

SHRI RAGHUNATHA REDDY: I have not completed my answer. In Bombay, a worker gets Rs. 281 while

in Delhi he gets Rs. 226 and so there is a difference of about Rs. 55 or so. The wages are certainly higher in Bombay than in Delhi. But this is not something now. This is known already.

I may also state in this connection, that there were various settlements after reference to a tribunal on adjudication and so on, and the matters were taken to the High Court and the High Court had given a stay order. I do not want to go into the merits of the matter. The High Court's stay order is continuing. (Interruptions)

MR. SPEAKER: The hon. Member knows the rule. I am not permitting any hon. Member whose name is not there. No other Member can ask any question. I am not permitting him. He is speaking without my permission. Let him not interrupt.

SHRI RAGHUNATHA REDDY: No new facts have been given by the hon. Member....

MR. SPEAKER: The hon. Minister may please kindly sit down, because I have not allowed the hon. Member.

Now, Shri S. P. Bhattacharyya.

(Interruptions)

MR. SPEAKER: The Member whose name is not on the Order Paper cannot ask any question.

(Interruptions)

MR. SPEAKER: By writing to me, he does not become entitled.

SHRI INDRAJIT GUPTA: I had understood the hon. Minister to say that he had not completed the reply to my question.

SHRI RAGHUNATHA REDDY: As far as the figures are concerned, there is nothing new about them. Everybody knows about them. There is a difference of about Rs. 55 or so in the wages of a textile worker in Bombay and that of a textile worker

in Delhi. The matter is being negotiated, and by the evening, I expect that some developments might take place.

श्री जगन्नाथ राय बोशी (शाजापुर):

दिल्ली में जो हड़ताल चल रही है 12 तारीख को यह विषय इस सदन के सामने लाया गया था और उसी समय हम अपेक्षा वह करते थे कि मन्त्री महोदय इस पर ध्यान देकर और इस विषय में सदन को भी विश्वास में लेकर कुछ जानकारी और तथ्य सामने रखते। क्योंकि 27 हजार मजदूर इस तरह बेकार होकर और अपने काम से हाथ धोकर बैठ जायें, यह बात तो मैं समझता हूँ कि मन्त्री महोदय भी उचित नहीं समझेंगे। किन्तु सवाल यही है जैसा मेरे मित्र श्री इन्द्रजीत गुप्त ने आज की बढती हुई महंगाई की स्थिति को सामने रखा, उसको देखते हुए क्या मन्त्री महोदय इस बात को उचित समझते हैं जैसे अभी उन्होंने स्वयं स्वीकार किया कि बम्बई में जितना वेतन मिलता है और दिल्ली में जितना वेतन मिलता है उसमें अन्तर है, तो मजदूरों ने जो मांगें सामने रखी हैं क्या मन्त्री महोदय उसको जायज समझते हैं या नहीं, इसका मैं कैटेगोरिकल रिप्लाई मन्त्री महोदय से चाहता हूँ। जो बातें हम सामने रखते हैं उनका सीधा सीधा जवाब मिल जाय तो कोई कठिनाई न हो। मजदूरों ने जो मांगें सामने रखी हैं जसे कांट्रेक्ट लेवर की बात है, यह ठेके पर काम करवाने की पद्धति रेलवे में भी चलती है जिस के विरोध में कई बार हम यहां आवाज उठाते हैं, तो जब मजदूर भी इसके विरोध में आवाज उठाते हैं तो क्या मन्त्री महोदय इसको उचित मानते हैं या नहीं वेतन में जो असमानता है उस असमानता को दूर करने के लिए जब वह अपनी उचित मांग को लेकर सामने आते हैं तो उनका न्याय का

[श्री जगन्नाथ राव जोशी]

पक्ष लेकर मन्त्री महोदय क्या करना चाहते हैं यह भी हम जानना चाहते हैं। जैसे अभी मेरे मित्र ने बताया कि शिमला में बैठ कर लेबर व्यूरो जो अपना काम करता है वह हम जानते हैं होलसेल प्राइस को लेकर वह करता है हालां कि सामान्य मजदूर का होलसेल प्राइस से कोई वास्ता नहीं होता है, उसका रिटेल प्राइस से वास्ता होता है। इसलिए हमेशा उन का असली बेतन मारा जाता है। इसलिए उन की जो असली मांग हैट सेंपरसेंट न्यूट्रलाइजेशन की, जितनी महंगाई बढ़ती है उतना उनको मिले और असली वेजेज उनकी घंटे नहीं, क्या इस बात को मन्त्री महोदय उचित समझते हैं या नहीं? यदि वह इस को उचित समझते हैं तो मैनेजमेंट के साथ बैठ कर इतने दिनों से उन्होंने क्या किया यदि है मैनेजमेंट उनकी उचित मांगों को मानने के लिए तैयार नहीं है तो मैनेजमेंट को मनवाने के लिए आप क्या करने जा रहे हैं

और भी एक बात मैं पूछना चाहता हूँ। जैसे मेरे मित्र ने बताया कि इसमें सभी यूनियनों हैं। कोई भी यूनियन ऐसी नहीं है जो इस हड़ताल में शामिल नहीं है। . . . (गवबान) . . . इसलिए मैं बड़ी निष्पक्षता से बात कर रहा हूँ

My assessment is an objective assesment, not subjective like that of Shri Indrajit Gupta or of Shri Jyotirmoy Bosu.. (Interruptions).

Mr. SPEAKER: Order, order. May I tell Shri Bosu that none of the observations of members who are not permitted by me will come on record? Only the remarks of members whose names appear on the list will come

on record. Why do you interrupt and fight against each other when you know that they do not mean anything?

श्री जगन्नाथराव जोशी: मैं तो यही कहना चाहता था कि मेरी यूनियन न होने के बाद भी जायज मांगें हैं मजदूरों की इसलिए मैं उसके समर्थन के लिए खड़ा हुआ हूँ। इसलिए मैं ने कहा कि माई अससेसमेंट एन आबजेक्टिव अससेसमेंट और इसलिए मैं यह बार-बार पूछ रहा हूँ कि आप समानता की बात करते हैं और असमानता जब मंत्री महोदय स्वीकार करते हैं तो उसको दूर करने के लिए अपनी मांगों को लेकर मजदूर जब सामने आते हैं तो इतने दिनों से मंत्री महोदय ने क्या किया? और सभी यूनियनों इसमें शामिल हैं जैसे मेरे मित्र ने बताया कि कोई आगे करने वाली थी कोई पीछे करने वाली थी लेकिन इस बात में सब एक मत थे कि हड़ताल हो। इस संबंध में मैं एक बात और कहना चाहता हूँ कि क्या प्रेस्टिज का प्वाइंट बना कर इंटक के साथ ही बैठ कर समझौता करें या न करें ऐसा तो नहीं है या जो भी इसमें शामिल हैं उन सभी यूनियनों के प्रतिनिधियों के साथ बैठ कर सरकार इसका हल जल्दी से जल्दी निकलवाने की कोशिश करेगी?

SHRI RAGHUNATHA REDDY: As far as the demands are concerned, the Indian National Trade Union Congress has championed the cause of the workers in respect of these demands. As far as the difference between the Bombay and Delhi wages is concerned, I have already stated that there is a difference between the Bombay and Delhi wages.. (Interruptions).

MR. SPEAKER: Mr. Bosu, please do not do it. No question of submission now.

SHRI RAGHUNATHA REDDY: All these matters are under discussion between the representatives of the employees and the employers and also the Delhi Administration, and as I submitted, at 5 O'clock this evening, we expect something... (Interruptions).

MR. SPEAKER: He does not allow you to speak. I have already told Shri Bosu that he is not allowed to speak.

(Interruptions)

MR. SPEAKER: There is a procedure laid down for it.

(Interruptions)

MR. SPEAKER: Shri Jagannath Mishra.

Mr. Bosu, you know the procedure. Knowingly you come and you are doing it deliberately. I am very sorry; I do not approve of it.

(Interruptions)

MR. SPEAKER: If you do not allow, may I stop it? You are interrupting. Please sit down.

(Interruptions)

MR. SPEAKER: Why are you interrupting on a motion which belongs to others?

(Interruptions)

MR. SPEAKER: Do not talk like that.

श्री जगन्नाथ मिश्र (मधुबनी) : अध्यक्ष महोदय, कानून और नियम का काम है शान्ति स्थापित करना, लेकिन शान्ति तब तक स्थापित नहीं हो सकती है जब तक कि वह सोशल-जस्टिस के आधार पर न हो।

श्री आइ०एन०टी०यू०सी० के झण्डे के नीचे 27 हजार मजदूरों ने हड़ताल की है—और यह सब उसी का दुष्परिणाम है। जहाँ दिल्ली की टैक्सटाइल मिलों में काम करने वाले मजदूर कम पाते हैं, वहाँ दूसरे बड़े शहरों में टैक्सटाइल मिलों में काम करने वाले मजदूर बहुत ज्यादा पाते हैं, इसी लिए यहां के मजदूरों में असंतोष और आक्रोश की भावना स्वाभाविक है और फलतः उन्होंने स्ट्राइक का निर्णय लिया है।

मैं स्ट्राइक के सम्बन्ध में बहुत कह कर समय नहीं लूंगा, क्योंकि यह मानी हुई बात है कि इस स्ट्राइक को सभी का समर्थन प्राप्त है, हर पार्टी का, हर व्यक्ति का समर्थन प्राप्त है। मैं सरकार से कुछ जानकारी प्राप्त करना चाहता हूँ और इस उम्मीद से कि सरकार का ध्यान उधर जाये और वह इस हड़ताल को हटवाने, तुड़वाने में पहल करे। इस प्रसंग में मेरा पहला प्रश्न है—

1. क्या यह सही नहीं है कि मजदूरों और उनके परिवारों को भोजन, कपड़ा और जीवन की अन्य आवश्यक वस्तुओं के लिए पूर्णतः मजदूरी पर निर्भर करना पड़ता है—इसलिए मैं जानना चाहूंगा कि क्या उन्हें नीडबे-स्ड-मिनिमम वेज दिया जा रहा है ?

2. गत बार जब उनकी मजदूरी निर्धारित हुई, उस वक्त सामान के मूल्यों में और आज के सामान के मूल्यों में कितने परसेन्टेज का अन्तर है ?

3. क्या दिल्ली से बाहर के मजदूरों को ज्यादा मजदूरी दी जा रही है और यह

[श्री जगन्नाथ मिश्र]

के मजदूरों को कम दी जा रही है ? यदि हाँ, तो क्या उनका ज्यादा के लिये मांग करना युक्तिसंगत नहीं है ? यदि युक्तिसंगत है तो दिल्ली प्रशासन इस स्ट्राइक को हटाने के लिये और मजदूरों की मांगों की पूर्ति की दिशा में क्या कार्यवाही कर रही है ?

4. सुना जाता है कि स्ट्राइक के पूर्व कार्यकर्ताओं के प्रतिनिधि और मिल-मालिकों के प्रतिनिधि तथा दिल्ली प्रशासन के प्रतिनिधि मिले थे और उनकी आपस में बातचीत भी हुई थी। मैं जानना चाहता हूँ कि इन दोनों में किन-किन मुद्दों पर सहमति हुई और जिन मुद्दों पर असहमति हुई उनके निवारण के लिए क्या किया जा रहा है ?

आज स्ट्राइक का सातवाँ दिन है, 27 हजार मजदूर भूख से मर रहे हैं, उनकी स्थिति चिन्ताजनक हो रही है। इस विषय को लेकर बड़ी चिन्ता की भावना व्याप्त है। इसलिए मैं केन्द्रीय सरकार से आग्रह करूँगा कि इस स्ट्राइक को तुड़वाने और मजदूरों को उनका हक दिलवाने में सरकार शीघ्र कार्यवाही करे।

मैं सरकार का ध्यान इस ओर भी आकर्षित करना चाहूँगा कि टैक्सटाइल मिलों में जो मशीन पर काम करने वाले मजदूर हैं, रुई का अंश और अन्य गन्दगियाँ उनके शरीर के भीतर जाने के फलस्वरूप व तपेदिक से बीमार हो जाते हैं और उनकी असमय में मृत्यु हो जाती है, उनका जीवन दुखमय हो जाता है। अब धूँगि स्ट्राइक चल रही है और यह मानी

हुई बात है कि यह स्ट्राइक कल-परसों में टूटेगी, जब सुलह की बात चल रही है तो क्या उन गरीबों की दशा पर भी अलग से विचार किया जायेगा तथा उनकी दशा को सुधारने के लिए सरकार कुछ करेगी ? दिल्ली एक यूनियन टेरिटरी है, इसलिए इस विषय के निवारण के लिए सरकार इस पर कार्यवाही क्यों नहीं कर रही है ?

SHRI RAGHUNATHA REDDY:
It is true that the INTUC is leading the strike... (Interruptions) C.I.U. C.I.T.U., A.I.T.U.C. and other unions are also in the strike. The strike is total. Government are deeply concerned over this matter... (Interruptions).

MR. SPEAKER: Do not intervene. I have not permitted any Member now.

SHRI RAGHUNATHA REDDY:
Government are deeply concerned about the welfare of the workers. I do hope that all the concerned parties would appreciate the deep anxiety of the Government for finding a proper and just solution in this matter.

As for the points raised by Mr. Jagannath Mishra, I have already made a statement. It is true that there are differences in Delhi, Bombay and Kanpur. All these matters can be taken up. At 5 O'clock the representatives of employees as well as employers are meeting; the Delhi Administration is taking action... (Interruptions).

MR. SPEAKER: The hon. Minister has replied. I cannot force the hon. Minister to state what the hon. Members like. Papers to be laid... (Interruptions).

12.50 hrs.

PAPERS LAID ON THE TABLE

ANDHRA PRADESH MOTOR VEHICLES TAXATION (AMDT.) ACT, 1973, ANDHRA PRADESH ENTERTAINMENT TAX (AMDT.) ACT, 1973, CENTRAL EXCISE (THIRD (AMDT.) RULES, NOTIFICATIONS UNDER CUSTOMS ACT AND AMENDMENTS TO ANDHRA PRADESH EXCISE RULES.

THE MINISTER OF LABOUR AND REHABILITATION (SHRI RAGHU-NATHA REDDY): On behalf of Shri K. R. Ganesh.

I beg to lay on the Table—

(1) A copy each of the following President's Acts (Hindi and English versions) under sub-section (3) of section 3 of the Andhra Pradesh State Legislature (Delegation of Powers) Act, 1973:—

(i) The Andhra Pradesh Motor Vehicles Taxation (Amendment) Act, 1973 (President's Act No. 2 of 1973) published in Gazette of India dated the 31st March, 1973.

(ii) The Andhra Pradesh Entertainments Tax (Amendment) Act, 1973 (President's Act No. 3 of 1973) published in Gazette of India, dated the 31st March, 1973. [Placed in Library. See No. LT-4804/73.]

(2) A copy of the Central Excise (Third Amendment) Rules, 1973 (Hindi and English versions) published in Notification No. G.S.R. 261 in Gazette of India, dated the 17th March, 1973, under section 38 of the Central Excises and Salt Act, 1944. [Placed in Library. See No. LT-4805/73.]

(3) A copy each of the following Notifications (Hindi and English versions) under section 159 of the Customs Act, 1962:—

(i) G.S.R. 150 published in Gazette of India, dated the 17th February, 1973 together with an explanatory memorandum.

(ii) G.S.R. 152 published in Gazette of India, dated the 17th February, 1973 together with an explanatory memorandum.

(iii) G.S.R. 208 published in Gazette of India, dated the 3rd March, 1973 together with an explanatory memorandum.

(iv) G.S.R. 173(E) published in Gazette of India, dated the 20th March, 1973 together with an explanatory memorandum.

(v) G.S.R. 193A(E) published in Gazette of India, dated the 2nd April, 1973 together with an explanatory memorandum. [Placed in Library. See No. LT-4806/73.]

(4) A copy each of the following Notifications (Hindi and English versions) issued under the Central Excise Rules, 1944:—

(i) G.S.R. 177(E) published in Gazette of India, dated the 24th March, 1973 together with an explanatory memorandum.

(ii) G.S.R. 289 published in Gazette of India dated the 24th March, 1973 together with an explanatory memorandum.

(iii) G.S.R. 326 published in Gazette of India dated the 31st March, 1973 together with an explanatory memorandum. [Placed in Library. See No. LT-4807/73].

(5) A copy of Notification No. 769-TI/72 (Hindi and English versions) published in Andhra Pradesh Gazette dated the 13th February, 1973 making certain amendments to the Andhra Pradesh Excise (Arrack and Toddy Licences General Conditions)

[Shri Raghunatha Reddy]

Rules, 1969, under sub-section (4) of section 72 of the Andhra Pradesh Excise Act, 1968 read with clause (c) (iii) of the Proclamation dated the 18th January, 1973 issued by the President in relation to the State of Andhra Pradesh. [Placed in Library. See No. LT-4808/73].

MR. SPEAKER: I call Shri D. K. Borooah to make a statement.

(Interruptions)

MR. SPEAKER: About the communal riots in Hazaribagh, we are all very sorry. This is a State matter. I shall look into it and try to find a way-out. I am not permitting you, Mr. Bosu. How can you bring a State matter to Parliament?

I have also been thinking on the same line. It is very unfortunate. This House should know about it. I am telling you that we shall find a way as to how to get the information on this.

12.55 hrs.

STATEMENT RE. REDUCED SUPPLY OF RESIDUAL FUEL OIL TO DHUVARAN AND AHMEDABAD POWER PLANTS

MR. SPEAKER: Statement by Shri D. K. Borooah. If it is a long statement he may lay it on the Table.

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI D. K. BOROOAH): Yes, Sir. I beg to lay the Statement on the Table.

STATEMENT

The last wage agreement between the Oil and Natural Gas Commission and its labour unions expired in January, 1971. Soon thereafter the Unions placed demands for fresh negotiations for revision of pay scales, pay etc. Their main demand was that the pay scales and pay should be brought up so as to be at par with

those of the employees of the Indian Oil Corporation.

However, before the negotiations for a new agreement could be started, there was a heavy influn of refugees from Bangla Desh followed by hostilities with Pakistan because of which negotiations could not be held. The negotiations finally commenced in August, 1972. A large number of meetings were held between the ONGC management and the Unions from time to time. However, no agreement could be reached and strike notices were issued by the Unions. The matter was therefore taken up in conciliation by the Deputy Chief Labour Commissioner, Government of India; the proceedings are still pending.

Nevertheless, negotiations between the ONGC management and the Unions were continued from time to time; but no understanding could be reached. Consequently the employees in Gujarat resumed their agitation in the form of work-to-rule commencing from the last week of March, 1973.

The last round of negotiations was held at Dehra Dun on 10th April 1973 and 11th April 1973. No mutually satisfactory understanding between the management and the Unions has, however, been reached.

As a result of this agitation, the ONGC's operations in Gujarat have been adversely affected in recent days. Although production of crude oil from the Ankleswar field is being somehow maintained at normal levels, there has been reduction in production from the North Gujarat oil-field.

As a result of reduced production of crude oil from North Gujarat oil-fields during the first 15 days of April, the Gujarat Refinery has not been able to make supplies of Residual

Fuel Oil to Dhuvaran and Ahmedabad Power Plants to the full extent. The shortfall in April 1973 in the case of Dhuvaran power plant as compared to supplies of both RFO and fuel oil made in January-March 1973 is about 4 per cent and in the case of Ahmedabad power plant about 16 per cent. Detailed month-wise statistics are shown in the enclosed table. In addition, there has been depletion of stocks of crude oil and RFO. To ensure the regular supply of RFO it is necessary that normalcy should be restored as quickly as possible.

I hope that the negotiations between the management of ONGC and the Unions will be resumed with the object of evolving a satisfactory solution. Meanwhile, it is of the utmost importance that pending settlement of the matter, the employees of ONGC exercise restraint and perform their duties normally so that work in this vital section of oil production is not allowed to be hampered thereby harming the nation's interest. With this objective in view, I have requested the Minister of Labour, Government of Gujarat to use his good offices in the matter.

Enclosure

Average of Crude Oil supplies (Tonnes/day) to Gujarat Refinery

	January 1973	February 1973	March 1973	April (1st to 15th) 1973
From South Gujarat Oil-fields	8278	8356	8361	8166
From North Gujarat oil-fields	1598	1745	1770	808 (no supplies on 14-4-73 and 15-4-73).

Supplies of RFO & FO to Power Stations

MATTERS UNDER RULE 377

(i) LAY OFF OF TEXTILE WORKERS IN AHMEDABAD.

MR. SPEAKER: Shri Mavalankar may invite the attention of the House to a matter under Rule 377. No speech. You just invite the attention of the House.

SHRI P. G. MAVALANKAR (Ahmedabad): Sir, I must thank you for granting me permission to raise this urgent matter. A grave situation has arisen because nearly 15,000 textile workers in Ahmedabad have been laid off due to the 50 per cent power cut which has come into operation since yesterday. This power cut is very extraordinary and unprecedented in Gujarat because this 50 per cent harsh power cut is in addition to the already existing power cut of 15 per cent and a number of other restrictions like staggering imposed since last October. The textile workers of Ahmedabad have been suffering for quite some time. This 50 per cent power cut has rendered 15,000 textile workers idle. There is a great alarm and dismay in the textile and industrial world of Ahmedabad. If this alarming situation goes on, I am afraid 40,000 to 50,000 textile workers would be out of job in a matter of days. I want, therefore, the Government, particularly the Ministers concerned, to look into this matter carefully and urgently. The other difficulty is that the coal crisis is also deepening. The coal supply position for textile mills is day by day becoming precarious. Therefore, I invite the attention of the Government and the Minister concerned to the very serious situation where the textile workers in Ahmedabad are plunged in great difficulties. Already, they are living in hell. On top of it, there is this 65 per cent power cut resulting in thousands of workers getting out of job. The Government have not

done anything for the last few days. Though negotiations with ONGC workers are going on for last two years, no decision has been taken. Government should look into the matter urgently and give some immediate relief to the workers.

13 hrs.

(ii) ATTEMPT TO DEMOLISH STATUE OF DR. B. R. AMBEDKAR AT BAYANA, RAJASTHAN.

PROF. MADHU DANDAVATE (Rajapur): I want to draw attention to a very disgraceful event that has taken place. On the 14th April the entire country celebrated the fifth anniversary of Dr. B. R. Ambedkar, the maker of our Constitution and a great social rebel. In the Central Hall here we celebrated his birthday. On that day one of the Deputy Ministers at the Centre, Shri Pahadia, had unveiled the statue of Dr. Ambedkar at Bayana in Rajasthan in the morning. In the same evening some gangsters attacked the statue of Dr. Ambedkar and tried to demolish it. Dr. Ambedkar was born as an untouchable in this country and, unfortunately, because of our orthodoxy he died as an untouchable to the lasting shame of all. Even the statue of Dr. Ambedkar has been treated as an untouchable and attacked, even though he was the maker of our Constitution and a great social rebel. It should not be treated as a mere technical matter saying there is no obligation on the part of the Minister to make a statement. Dr. Ambedkar in this country stands on a high pedestal. So, I demand of the Minister that he should make a categorical statement that immediately an investigation would be instituted and those who are responsible for this act would be punished in a deterrent way so that in future the orthodoxy will not act in a manner which will betray the confidence of the people of this country.

श्री बी० पी० मोर्य (हापुड़) : अध्यक्ष जी, जिस स्थान की दुर्घटना है, बयाना, भरतपुर की, वहीं के विधायक श्री नत्थी सिंह जी का पत्र मेरे हाथ में है और इसी पत्र के द्वारा मुझे इस दुर्घटना का पूर्ण रूप से ज्ञान हुआ है। उन्होंने इस पत्र में मुझे लिखा है कि "मान्यवर, मुझे यह सूचना देते हुए अति दुःख होता है कि 14-4-73 को भारतीय संविधान की जनक, शोषित जनता के मसीहा तथा सर्वोच्च व्यवस्था के जनक पूज्य बाबा साहब डा० बी० आर० अम्बेदकर की बयासिबी जन्म गांठ का आयोजन नगरपालिका, कस्बा बयाना, राजस्थान की ओर से किया गया था तथा वहां की उपासक जनता की ओर से शहर में मुख्य-मुख्य स्थानों पर जुलूस निकाला गया था जिसमें लगभग 20,000 व्यक्तियों ने भाग लिया था। इस अवसर पर एक आम सभा का आयोजन किया गया था जिसकी अध्यक्षता श्री श्रींकार लाल चौहान, मंत्री समाज कल्याण, राजस्थान सरकार ने की तथा इस पुण्य अवसर पर बाबा साहब डा० अम्बेदकर की शिल्प मूर्ति का शिलान्यास, केन्द्रीय उप मंत्री, श्री जगन्नाथ पहाड़िया जी के कर कमलो द्वारा हुआ। यह समारोह अति धूम धाम के साथ मनाया गया। लेकिन इस सभा में कुछ विरोधी तत्वों ने बाबा साहब डा० अम्बेदकर के विरुद्ध नाना प्रकार के गंदे नारे सभा के होते हुए लगाये जिस के कारण सभा को समाप्त किया गया और दो घंटे तक इस तरह का विरोध सभा में होता रहा। कोई भी पुलिस की ओर से कार्यवाही नहीं हुई। दुर्भाग्य की बात है कि 15-4-73 को जब बाबा साहब पार्क में बाबा साहब डा० अम्बेदकर के उपासक दर्शनार्थ गये तो उन्हें मालूम पड़ा कि बाबा

साहब की पवित्र मूर्ति पर, डामर के काले घब्रे उनके चेहरे पर थे तथा उस मूर्ति के शरीर पर अनेकों चोटें पहुंचायी गयी हैं। यही नहीं उनके गले में जूतों की माला डाली गयी थी। इस अद्भुत घटना को देख वहीं की उपासक जनता ने विरोध में जलूस भी निकाला और यह मांग की कि जो लोग इसमें मुजरिम हैं उनको गिरफ्तार किया जाए। आम सभा के जरिये से कस्बे की जनता ने उस बात पर शोर मचाया किया। यही नहीं इस घटना की रिपोर्ट नगरपालिका बयाना ने अपनी ओर से पुलिस थाना, बयाना में की।" यह पत्र बहुत लम्बा चौड़ा है, इस को पूरा पढ़ कर सदन का समय खराब नहीं करूंगा। उन्होंने कहा है कि इसमें स्थानीय पुलिस बिल्कुल असमर्थ रही है। उनको मालूम था, वहां रिपोर्ट भी हुई है, लेकिन अभी तक कोई गिरफ्तारी नहीं हुई। अगर इसमें मजबूत कार्यवाही नहीं हुई तो अन्त में वह कहते हैं कि "मैं आमरण सत्याग्रह लोक सभा के सामने करूंगा, इसके लिए मुझे जिम्मेदार करार न दिया जाए।"

मैं आप से कहता हूं कि परम पूज्य डा० अम्बेदकर साहब केवल शोषितों के ही मसीहा नहीं थे, पंडित जवाहर लाल नेहरू की इच्छानुसार उन्हें इस देश की संविधान की ड्राफ्टिंग कमेटी के चेयरमैन का पद भी प्राप्त हुआ। वे एक तरह से संविधान के दाता थे, विघाता थे। यह संविधान की अवहेलना है, देश की अवहेलना है और एक महापुरुष का अपमान है। मैं आप से प्रार्थना करूंगा कि गृह मंत्रालय के जरिये मुख्य मंत्री के द्वारा बहुत सख्ती के साथ इस मामले की जांच करायी जाए। अगर मुल्जमान एक महीने के अन्दर गिरफ्तार

[श्री बी० पी० मौर्य]

नहीं किये गये, तो हमारे बाजुओं में भी बदला लेने की ताकत है और हम जा कर मौके पर बदला लेंगे, यह मैं कहना चाहता हूँ। मैं पुनः कहना चाहता हूँ कि अधिक से अधिक एक महीने के अन्दर अन्दर मुल्जमान गिरफ्तार होने ही चाहियें।

MR. SPEAKER: I will pass it on to the Minister concerned. We are completely at one with you. It is very shocking that such things should happen. It is only a few months back that a very beautiful statue of Gandhiji—a lot of money was spent on it—was put up in Amritsar and somebody did mischief and cut off its arm and the head. This tendency to spoil and destroy the statues of eminent people and our great leaders is highly condemnable. I think the Ministry of Home Affairs should take very serious action on it.

श्री जगन्नाथ राव जोशी (शाजापुर) : अध्यक्ष महोदय, ऐसी घटना 14 तारीख को हुई और आज तक कोई पकड़ा न जाए, यह बात समझ में नहीं आती।

MR. SPEAKER: I now pass on to the next item.

13.8 hrs.

DEMANDS FOR GRANTS—(contd.)

MINISTRY OF AGRICULTURE—contd.

MR. SPEAKER: The House will now take up further discussion and voting on Demands for Grants under the control of the Ministry of Agriculture.

Shri Chandra Bhal Mani Tiwari was on his legs.

श्री चन्द्रमाल मनी तिवारी (बलरामपुर) : अध्यक्ष महोदय, जैसा कि मैं कल बोल रहा था उसी विषय में फिर जा रहा हूँ कि हम ने खेती के डेवलपमेंट पर अगर अपने पूर्ण साधनों से, सारे उपयोगी साधनों से कार्य प्रारम्भ नहीं किया तो देश की वह दुर्दशा भी अपने सामने देखने को मिलेगी जैसा कि आप को मालूम है कि रशिया में अपने प्रारम्भिक काल में, जब वह डेमोक्रेटिक शासन में आया, तो उसे 18 साल भोगनी पड़ी। उस इतिहास के दोहराने में भारत का कल्याण नहीं होना है।

भारत की आबादी आज करीब 55 करोड़ है। यदि भारत की यह पौपुलेशन इस सुधार पर अपनी निगाह डालेगी, हमारे मंत्री जी इस पर विशेष ध्यान देंगे तो शायद इसकी यह दुर्दशा नहीं होगी। अब मैं कुछ खास बातों पर आऊंगा। देहात में और शहर में कुछ भेद दिखाई पड़ते हैं। जैसा इन्सान शहर में है वैसा ही इन्सान देहात में है, लेकिन दोनों के स्टैण्डर्ड आफ़ लिविंग में अन्तर है। इस का कारण यह है कि हमारे देहात का विकास, देहात की प्रोग्रेस बिल्कुल रुकी हुई है। इसका क्या कारण है? क्या मंत्री महोदय ने कोई कम्पेरेटिव चार्ट तैयार नहीं किया? अगर तैयार किया है तो मैं चाहूंगा कि अपने उत्तर में उस पर रोशनी डालें। मैं उसके बारे में कुछ बुनियादी जरूरतों पर निगाह डालने की कोशिश करूंगा। जो शहरों को सुविधायें देनी पड़ी हैं, जैसे सड़कों की बिजली की सुविधायें देहात में भी प्रदान करनी होंगी ताकि यहां भी आदमी एनलाइव्ड हो जायें और अपने को देखें कि वह भी

शहर के बराबर आ जायें। देहात का हर आदमी अभी इस स्थिति में नहीं है कि वह आप के संविधान को समझ सके। आखिर इस का कारण क्या है? इसका कारण यह है कि आज वहां एजुकेशन नहीं है। एजुकेशन के सम्बन्ध में मैंने देखा है कि गांवों में स्कूल नहीं हैं, और स्कूल भी हैं तो टीचर्स नहीं हैं। मैं मानता हूं कि यह स्टेट की जिम्मेदारी है, लेकिन केन्द्रीय सरकार को भी इस सम्बन्ध में उन को लिखना चाहिये उन की तम्बीह करनी चाहिये ताकि स्कूलों में आज जो दुर्दशा है वह ठीक हो और हमारे बच्चे पढ़ें और पढ़ कर हमारे देश के अच्छे नागरिक बन सकें तथा अच्छी खेती कर सकें।

कमजोर वर्ग के लिये ऐग्रीकल्चर लोन देने की व्यवस्था की गई है। हमारे यहां लीड बैंक खोले गये हैं। लीड बैंकों में जो पुस्तकें अथवा हैंडबुक दी गई है वह अंग्रेजी में है। भला आप बतलाइये कि हिन्दी समझने वाले तो वहां हैं नहीं, अंग्रेजी समझने की शक्ति किस में है? क्या मैं मंत्री महोदय से उम्मीद करूं कि इस स्थिति पर विचार किया जायेगा और वहां हिन्दी की हैंडबुक भेजी जायेगी?

स्टेट सरकारों ने जमीन की सीलिंग कर दी है जो 18 एकड़ से ले कर 27 एकड़ तक और 10 एकड़ से ले कर 18 एकड़ तक है। अलग-अलग स्टेट्स में अलग-अलग नियम हैं। जब लोगों के पास जमीन अधिक

थी तब उन को जोतने के लिये बीज बड़े बड़े ट्रैक्टर खरीद सकते थे। आज ट्रैक्टर की कीमतें कहीं भी 25,000 रुपये से कम नहीं आती हैं। मैं पूछना चाहता हूं कि क्या आज 10 और 18 एकड़ तक का किसान 25,000 रुपये का ट्रैक्टर खरीद सकता है? इस के लिये मैं मंत्री महोदय से निवेदन करूंगा कि वह इस पर ध्यान दें और देश में 10 से 15 हजार रुपये तक के ट्रैक्टर बनवायें या बाहर से मंगवायें। यदि ऐसा प्रबन्ध नहीं होता है तो सरकार खुद साल दो साल के अन्दर इतना भारी नुक्सान उठायेगी कि अभी जो गल्ला उस को इस साल मंगाना पड़ रहा है, दैवी प्रकोप के कारण या बिजली की कमी के कारण, हो सकता है वह और भी बट जाए, और उतना ही मंगाना पड़े जितना हम पहले मंगाया करते थे।

मैं निवेदन करूंगा कि हमारे यहां आज जो अच्छे किस्म का बीज दिया जाता है, जिस की भूमिका श्री सुब्रह्मण्यम ने अपने पीरियड में बड़ी कामयाबी के साथ बनाई थी, शायद उस की गति आज धीमी हो गई है। इस का कारण मैं यह समझता हूं कि हमारे मंत्री महोदय अपनी बृद्धावस्था के कारण शायद इस ओर अधिक ध्यान नहीं दे पा रहे हैं। लेकिन हमारे और मंत्रीगण हैं, मैं समझता हूं वह इस में अपना सक्रिय हाथ डालेंगे। मैंने देखा कि पिछले पांच-सात सालों से कोई नई वेराइटी की बीज सामग्री नहीं आ रही है। हमारे यहां कुछ धान सन्धान के बहुत कम केन्द्र हैं। जैसे उत्तर प्रदेश में केवल दो हैं। एक तो पन्ना जिले में

[श्री चन्द्र भाल मनी तिवारी]

हैं और एक कानपुर में हैं । पन्त नगर पूरे उत्तर प्रदेश की आवश्यकता को पूरा नहीं कर सकता । इस के केन्द्र बनाये जाने की बहुत आवश्यकता है । हमारे यहां की पापुलेशन की 70 फीसबी जनसंख्या खेती करती है । इस के लिये ज्यादा से ज्यादा सुविधायें प्रदान करने की आवश्यकता है ।

हमारे देश की जो वन सम्पत्ति है उस की रक्षा करने का उत्तरदायित्व हमारे मंत्री महोदय पर है लेकिन वह पूरा नहीं हो पाता है । इस से हमारे देश में पानी कम मिलने लगा है । पानी कम मिलने से फसलों की क्षति होती है । मैं समझता हूं कि मंत्री महोदय इस स्थिति को सुधारेंगे ।

कृषि ऋणों के सम्बन्ध में बहुत सी गड़बड़ियां नजर आती हैं । हमारे बैंक लोन देते हैं, लेकिन किसानों को बहुत परेशान करते हैं । जब मेरे जैसे संसद् सदस्य को तकलीफ उठानी पड़ती है तो भला आप सोचें कि जो हमारे छोटे काश्तकार हैं, जो बिल्कुल ही अन्ट्रेन्ड हैं, अनपढ़ हैं, उन की क्या क्या दुर्गति नहीं होती होगी । क्या मंत्री महोदय कोई सर्कुलर बैंकों को भेजेगे कि किसानों को जो असुविधायें हो रही हैं उन को जल्दी से दूर करें । जो हमारे लीड बैंक खोले गये हैं जब हम उन की प्रगति के बारे में सोचते हैं तो वह हमको ० प्रतिशत मालूम पड़ती हैं । हमारे ऐन्थनी साहब, इस को नहीं मानते हैं ।

श्री फेंक एन्थनी (नामनिर्देशित-ग्राम भारतीय) : मानते हैं ।

श्री चन्द्र भाल मनी तिवारी : अगर मानते हैं तो मैं उनको घन्यवाद देता हूँ ।

हमारे यहां कुछ सोसायटियां हैं कोआपरेटिव की जो लड डेवेलपमेंट का काम करती हैं । उन सब में बड़ा अष्टाचार है । हो सकता है कि गुजरात में सोसायटियां अच्छी हों, जैसी कि हम तारीफ सुना करते हैं, हमारे श्री शिन्दे उन की बड़ी तारीफ करते हैं, लेकिन देश के और क्षेत्रों में यह सोसायटियां ठीक काम नहीं करती । हम ने उत्तर प्रदेश की बहुत सी सोसायटियों को देखा है जहां करोड़ों रुपयों के घोटाले हुए और कसेज भी दर्ज हुए है । मुकदमे भी वहां होने जा रहे हैं । जब तक इस घाटाले को दूर नहीं किया जायेगा तब तक मैं नहीं मानता कि उन के कामों में सुधार हो सकता है ।

मेरा एक सुझाव है । गांवों में किसानों के बीच में लीडरशिप की आवश्यकता है । अगर वह लीडरशिप हर सोसायटी में फार्म होती है तो उन का कन्टेक्ट हो सकता है । स्टेट से, उन का कन्टेक्ट हो सकता है केन्द्र से । अगर यह सुविधा प्रदान की गई तो आज जो भी असुविधायें उनको हैं उन को दूर किया जा सकता है और उन लीडरों के द्वारा सारे साधन उन तक पहुंचाये जा सकते हैं

हमारे यहां जमीन की सीलिंग कर दी गई है, मैक्सिमम सीलिंग कर दी गई है । इस से मुझे अफ हो रहा है कि कोई भी देहात

का आदमी किसी असेम्बली या पार्लियामेंट के चुनाव में भाग नहीं ले सकेगा। इस का कारण यह है कि शहरों की स्थिति रोज व रोज ठीक होती जा रही है, उनकी शक्ति बढ़ती जा रही है और हमारे देहातों की शक्ति घटती जा रही है। विकेन्द्रीकरण नहीं हुआ है। सारी शक्ति केन्द्रित होती जा रही है। आज शहरों का स्तर बढ़ता जा रहा है और उसके मुकाबले में देहातों का स्तर नीचे गिरता जा रहा है। इस तरह से हमारे देहातों का प्रतिनिधित्व नहीं रहेगा, जिस की बहुत बड़ी आवश्यकता है। इसके न होने पर हमारे देहात सफर करेंगे। इसके सुधार के लिये बहुत ही आवश्यक है कि कोई विवेकपूर्ण कदम मंत्री महोदय उठावें।

हमारे देश में बहुत सा जमीन का हिस्सा रेगिस्तानी है या बंजर पड़ा हुआ है। मैंने हरियाणा में देखा कि वहां की सरकार ने करीब करीब अपने पूरे रेगिस्तानी हिस्से को पम्पों के द्वारा उपजाऊ बनाने की कोशिश की है और निरन्तर प्रयोग कर रही है।

क्या यह प्रोग्राम देशव्यापी आधार पर नहीं चल सकता है? झांसी और बुन्देलखंड के इलाके में, वाटरलागिंग से नष्ट हो रहे इलाके में, क्या यह प्रोग्राम नहीं चल सकता है? क्या इस प्रोग्राम को देश के कोने कोने में लागू नहीं किया जा सकता है? मैं समझता हूँ कि ऐसा किया जा सकता है? यदि केवल राजस्थान की सहायता दी जाये, तो वह पूरे देश को सपोर्ट कर सकता है।

हमें खेती पर क्या क्या प्रयोग करने हैं, इस पर हमारा ध्यान जाना चाहिए। इसके लिए हमें नई वैरायटी के बीज, खाद और पानी चाहिए। यद्यपि सिंचाई का विषय मौजूदा मंत्री महोदय के डिपार्टमेंट में नहीं है, लेकिन वह खेती के लिए बहुत आवश्यक है। मैं निवेदन करूंगा कि मंत्री महोदय मेरे सुझाव को डा० के० एल० राव तक पहुंचा दें।

जब हमारे देश में सरफेस वाटर बहुत है, तो फिर ग्राउंड वाटर की खोज क्यों हो रही अगर हम अपने सरफेस वाटर का पूरी तरह उपयोग करें, तो देश का एक इंच भी असिंचित नहीं रह सकता है। पिछले साल हिमाचल प्रदेश के चोक मनिस्टर, श्री परमार, से मेरी बात हुई। उन्होंने कहा कि अगर हिमाचल प्रदेश में बांध बनाया जाये, तो हम उत्तरी भारत को इतना पाना दे सकते हैं कि एक इंच जमीन भी असिंचित न रहे। जमीन के नीचे से पानी प्राप्त करने की कोशिश करने के बजाये जमीन के ऊपर बांध क्यों नहीं बनाए जाते हैं और पानी का स्टोरेज क्यों नहीं किया जाता है? ग्राउंड वाटर के सम्बन्ध में कई प्रकार की परेशानियां होती हैं। उसके बारे में सोचने के बजाये मंत्री महोदय सरफेस वाटर की तरफ क्यों नहीं ध्यान देते हैं?

मुझे आशा है कि मंत्री महोदय इस बुनियादी जरूरतों की तरफ ध्यान देकर खेती की समस्याओं को हल करेंगे।

श्री बरबारा सिंह (होशियारपुर) : अध्यक्ष महोदय, हिन्दुस्तान की इक्तासीवी ज़िन्दगी में ज़राअत का एक बहुत बड़ा हिस्सा है। हमारे मुल्क में ज्यादातर खेती पानी मिलने पर होती है। मैं इस बारे में कुछ और ज्यादा आगे चल कर कहूंगा। इस हाउस में पानी पर बहुत बहस हो चुकी है। लेकिन अगर हमारे इरिगेशन मिनिस्टर साहब यहां होते, तो मैं बताता कि एग्रीकल्चर और इरिगेशन में कितने कोऑर्डिनेशन की ज़रूरत है।

आज हमारे यहां नये ढंग की खेती शुरू हुई है। बहुत पुराने ज़माने में, जब कि फ्यूडल सिस्टम कायम था, बड़ी ज़मीनों पर बहुत कम पैदावार होती थी। लेकिन इम साइंटिफिक एज में नये इम्प्लीमेंट्स और नये इनपुट्स आये हैं, जिनकी वजह से हमारी पैदावार में इज़ाफ़ा हुआ है और वह इज़ाफ़ा होता चला गया है।

13.24 hrs.

[MR. DEPUTY-SPEAKER in the Chair]

मैं यह समझता हूँ कि किसी का यह कहना दुस्त नहीं है कि हम अपने लिए सारे अनाज का इम्पोर्ट करते हैं। मेरे पास इस बारे में स्टैटिस्टिक्स मौजूद हैं। 1966 में 10.34 मिलियन टन अनाज इम्पोर्ट किया गया, जो कि 1972 में घट कर आधा मिलियन रह गया। यह ठीक है कि इस साल हमने दो मिलियन टन अनाज बाहर से मंगाया है, लेकिन उसकी वजह है। दो साल पहले हमारे मुल्क में बहुत से लोग यह कहते थे

कि हमें फ़ौरन जंग के लिए तैयार होना चाहिए और बंगला देश को फ़ौरन मान्यता देनी चाहिए। हमने बंगला देश को मान्यता दी और उसी वक्त जंग हुई, जिस का वजह से हमें कई मुश्किलात का सामना करना पड़ा जो लोग उस वक्त बड़े जोश से कहते थे कि हमें जंग करनी चाहिए और बंगलादेश को मान्यता देनी चाहिए, लेकिन जब हमने वह जंग जीत ली और बंगला देश बन गया, तो यही लोग कहते हैं कि अनाज की कमी क्यों हुई है। उन को पता है कि जो इलाका पाकिस्तान से कट कर अलग देश बन गया है, और हमारा मुआबन बन रहा है, सिर्फ़ फ़ौजी नुक़्ता-ए-नज़र से उसकी मदद करने की नहीं, बल्कि अनाज देकर उसको कायम रखने की ज़रूरत थी। जब बंगलादेश की ज़रूरत को पूरा किया गया, तो हमारे भंडार में कमी होना लाज़िमी था।

लेकिन मैं अर्ज़ करना चाहता हूँ कि सिर्फ़ हिन्दुस्तान में ही नहीं, बल्कि सारे संसार में ड्राउट, खुश्क़साली, हुई है। ऐसे कुछ देशों के अनाज के भंडार भी खाली हुए, जिनके बारे में हम कहते हैं कि वे हमसे बहुत आगे बढ़े हुए हैं। हमने पढ़ा है कि दो साल पहले बारिश भी कम हुई और सोवियत रूस में बर्फ़ भी कम पड़ी, जिसका नतीजा यह हुआ कि वहां पानी कम मिला। पिछले साल से पहले सोवियत रूस की अनाज की पैदावार 190 मिलियन टन थी, लेकिन ड्राउट और कम पानी मिलने की वजह से पिछले सीज़न में उसकी पैदावार 170 मिलियन टन हुई।

इसलिए सोवियत रूस ने अपने भंडार को पूरा करने के लिए बाहर से अनाज मंगाया है ।

सी० पी० एम० के मेरे दोस्त ने कल बहुत कुछ कहा । मैं इस बात में बहुत ज्यादा नहीं जाना चाहता हूँ कि चीन में क्लनरल रेवोल्यूशन भी अनाज की पैदावार पर असर-अंदाज हुआ है और वहाँ की पोलिटिकल सिचुएशन ने इक्विसादी हालत को खराब किया है । लेकिन मैं बताना चाहता हूँ कि वहाँ भी ड्राउट हुआ है और उसकी वजह से वहाँ की पैदावार में कमी हुई है । पिछले साल चीन की पैदावार 250 मिलियन टन थी, जब कि इस साल तकरीबन 245 मिलियन टन हुई । यह हालत उम देश की है, जो कहता है कि वह सब से आगे है और कम्युनिज्म की आखिरी तस्वीर है, लेकिन हमारे दोस्त उसको सपोर्ट करते हैं और उसकी मिसाल देते हैं । मैं उनको बताना चाहता हूँ कि चीन ने कौनेडा से 3.3 मिलियन टन, यू० एस० ए० से 0.5 मिलियन टन और 0.3 मिलियन टन और आस्ट्रेलिया से 1 मिलियन टन, इस तरह कुल 5 मिलियन टन के करीब, अनाज मंगाया है । जैसा कि मैंने बताया है, इसकी वजह यह है कि वहाँ पर ड्राउट पड़ा और खुश्कसाली हुई ।

हमारे देश में मुश्तलिफ़ सूबों में जो भयानक ड्राउट पड़ा है, उसकी एक मिसाल यह है कि महाराष्ट्र में मवेशियों के लिए मौलेसिज से बना हुआ फ़ीड मुहैया किया गया है और इस बात के लिए कानूनी बन्दोबस्त करना पड़ा है कि पानी खेतों में न दिया जाये,

ताकि वह लोगों को पीने के लिए मिल सके । ऐसी हालत में से हम गुजर रहे हैं ! इस सिलसिले में हमारी सरकार ने जो काम किया है, हमें उसकी दाद देनी चाहिए । पाकिस्तान में भी बहुत गन्धुम पैदा होता है, लेकिन उसने भी 1.4 मिलियन टन अनाज बाहर से मंगाया है । मिर्र हम ही बाहर से अनाज मंगाने वाले नहीं हैं । हमारा अनाज का इम्पोर्ट घट कर आधा टन रह गया था । अगर नार्मल हालत रहती और वक्त पर बारिश हो जाती, तो हम उसको भी खत्म कर देते ।

हम को गवर्नमेंट को दाद देनी चाहिए कि उसने इन मुश्किलात के बावजूद प्रॉडक्शन को बढ़ाने के लिए इमर्जेंसी एग्जीक्यूटिव प्रोडक्शन प्रोग्राम के तहत लॉग-टर्म मेज़र्ज के लिए 152 करोड़ रुपया दिया है । उसने शार्ट-टर्म प्रोग्राम के लिए पहले 60 करोड़ रुपया दिया था, लेकिन इस साल उसको बढ़ा कर 100 करोड़ रुपये कर दिया है, ताकि लॉग अपनी खेती को बढ़ाने के लिए जल्दी काम कर सकें । गवर्नमेंट ने प्रोडक्शन को बढ़ाने के लिए रुपये की कमी नहीं होने दी है । उम रुपये का इस्तेमाल मुश्तलिफ़ स्टेट गवर्नमेंट्स ने कैसे किया है, उसके बारे में मुझे इश्तिलाफ़ है । उसका जिक्र करना कोई माकूल बात नहीं है । लेकिन क्योंकि इनकी तरफ से जो चला गया नीचे उसका इम्प्लीमेंटेशन किस हद तक हुआ है या किस हद तक नहीं हुआ यह तो वह जानें, मैं इनको सिर्फ़ इतना अर्ज़ करता हूँ कि जरा पुल अप कीजिये उनको । बस और कुछ नहीं कहना चाहता ।

[श्री दरबारा सिंह]

डाई फामिंग का भी काफी अच्छा तजर्बा उन्होंने किया। उसकी हाई ईन्डिंग वैराइटी ज्वार की बाजरे की हुई है। ठीक है कि कहीं कीड़े उस को खा जाते हैं। लेकिन उसको भी रोकने की कोशिश है। काफी कुछ यह कोर्स ग्रेन भी पानी न मिलने की वजह से ज्यादा हो नहीं सका है। पल्लेज और दूसरी चीजें जो है जिनको हम जरूरियात जिन्दगी समझते हैं उनकी कमी वाकई हुई है और इस सब की एक ही वजह है कि पानी की कमी हुई।

इसके साथ साथ मैं अर्ज करना चाहता हूं कि इंटेसिव कल्टिवेशन हो सकती है। लेकिन उसके लिए पानी चाहिए। आज भी इस जमीन में यह ताकत है कि टूटू श्री टाइम्प ए ईयर वह क्राप दे सकती है, ऐसे जराये इस्तेमाल किए जा सकते हैं। सोयल कंजर्वेशन करने की जरूरत है। मैं एक अर्ज और करना चाहता हूं, उसके मिनिस्टर साहब यहां हैं नहीं, शेलो ट्यूबवेल्स जो हैं, ठीक है बिजली की कमी हुई, बारिश नहीं हुई तो हमारे रिजर्वॉयर भरे नहीं, आगे पानी नहीं निकला, न खेती को गया, न जनरेशन हुई पावर की और पावर नहीं मिला तो ट्यूब वेज नहीं चले। लेकिन फिर भी मैं यह कहना चाहता हूं कि सरकार को ज्यादा से ज्यादा जेनेरेटर जितने भी मंगवाए जा सकते हैं फौरी तौर पर उनका इन्तजाम करना चाहिए क्योंकि शार्ट टर्म की स्कीम में ज्यादा काम करने की जरूरत है बनिस्बत इसके कि 50 साला स्कीम पानी की कहीं दे दी जाय कि गंगा का पानी कावेरी में जायगा। यह पचास साला स्कीम

आप इमें मत दीजिए। हम तो फौरी तौर पर चाहते हैं और उसके लिए जो भी इन्तजाम आपने किए हैं उनको लागू कीजिए।

पंजाब शुरू से 68-69 से पैदावार का 40.5 प्रतिशत सेंटर के भंडार को देता रहा है और इस साल 60 परसेंट से ऊपर आपके भण्डार में आएगा।

श्री राम सहाय पाण्डेय (राजनंदगांव) :
पंजाब का ही भरोसा है।

श्री दरबारा सिंह : अब मैं क्या कहूँ, आपको ? भरोसा रखेंगे तो कुछ हो जायगा।

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा साहिब पी० शिन्दे) : पंजाब पर पूरा भरोसा है।

श्री दरबारा सिंह : बात यह है कि हम यह चाहते हैं कि ऐसा हो। लेकिन एक बात याद रखिये, हमेशा के लिये पंजाब ऐग्रोकल्चर सूबा नहीं रहना चाहता। वह भी कामशियल क्राप उगाना चाहता है। इसलिये हर एक स्टेट को सेल्फ एफिसिएंसी को ओर ध्यान देना होगा। क्यों न जहां अनाज हो सकता है वहां उनके लिये कोशिश अपने अपने सूबों में करें ? हम पत्थर में नहीं चाहते कि वहां अनाज पैदा होगा लेकिन उनके वहां जो जमीन काबिले काश्त है वहां क्यों न अनाज पैदा किया जाय ? लेकिन वह एक अलाहिदा सबाल है, उसके बारे में मैं कम कहूंगा।

दस हजार ट्यूब वेल और एक हजार डीप ट्यूब वेल के लिये पंजे जाब से एक स्कीम आपको भेजी गई है और आपसे यह कहा

है कि इससे दो लाख टन फाजतू व्होट और एक लाख टन राइस हम देंगे। तो इसको आपको निकालना चाहिये। हुआ क्या कि गैस टर्बाइन के लिये आर्डर दे दिया। आपकी सरकार ने उसको रोका है। तो निकालिये उसको। गैस टर्बाइन अगर हमें मिल जाता है तो हम फाँरी तीर पर आपको अश्वोर करते हैं कि पंजाब 60 नही 70 परसेंट अनाज देने के लिये तैयार हो जायेगा। इसलिये यह थोड़ी सी बात मैंने पंजाब की भी की है क्योंकि आपका ज्यादा से ज्यादा अनाज पंजाब और हरियाने से आता है। हरियाने से 30 परसेंट आता है, यू० पी० से 15 परसेंट आता है। यह सारी फिगर्स मौजूद हैं। इसलिये उसके बारे में ज्यादा जिक्र नहीं करता। ... (व्यवधान) ... यह घटी कुछ जल्दा बज गयी।

MR. DEPUTY-SPEAKER: Now, the hon. Member should try to conclude. I have been requested by his Whip to give fifteen minutes to the first two....

श्री दरबारा सिंह 15 मिनट अभी हुए नहीं हैं।

MR. DEPUTY-SPEAKER: Speakers and ten minutes to the others from the Congress Party.

SHRI DARBARA SINGH: It is not yet 15 minutes.

MR. DEPUTY-SPEAKER: It is going to be 15 minutes. I am just giving the warning.

SHRI ANNASAHAB P. SHINDE: He is a very senior Member of our party.

MR. DEPUTY-SPEAKER: If I start making that kind of discrimination, then I would be in for trouble.

श्री दरबारा सिंह: मैं इरीगेशन के बारे में अर्ज करना चाहता हूँ कि हमारी टोटल इरीगेशन 19.9 प्रतिशत है और सारी इरीगेशन का 1/7 हिस्सा हम इस्तेमाल करते हैं। 6/7 हिस्सा अभी तक ऐसे ही पड़ा है। इस के बारे में मैं कृषि मंत्री या और दोस्तों से यह अर्ज करूँगा कि आप इस बात के ऊपर गौर करें, यह बात गलत है कि इरीगेशन अपना पार्ट अलहिदा लिये जाय और उसका कोमोडिनेशन ऐग्रीकल्चर के साथ कतई न हो। इन मुद्दों में कोमोडिनेशन बहुत जरूरी है। यह नहीं कि वह पचास साल की स्कीम बनाये और आप पैदावार बढ़ाना चाहते हैं कल, तो पचास साल की स्कीम से तीस कल अनाज ज्यादा पैदा नहीं होगा। इसलिये छोटी छोटी टर्म की योजनाएँ शार्टेंज में ज्यादा फायदा दे सकें हैं, उनके ऊपर ज्यादा ध्यान दिया जाय।

न्यूक्लीयर पावर प्रोजेक्ट के बारे में आप का कहना है कि यह कोज माइंस से 500 मील दूर होना चाहिये। यह आपके प्लानिंग कमिशन के चेंबरमैन को प्रोर दूसरों की रिपोर्ट है। तो दो आगे दिये हैं, एक यू० पी० में और, एक जगह और। हम यह नहीं कहते कि हम हिस्सेदार बनना चाहते हैं। वैसे बनना चाहिये। जो राजस्थान में है उसका कुछ हिस्सा हमें मिलना चाहिये। लेकिन अगर हरियाने और पंजाब के लिये आप इन न्यूक्लीयर प्रोजेक्ट दे तो ज्यादा अच्छा होगा क्योंकि पंजाब 500 मील दूर है उस इलाके से और पांच सौ मील की दूरी आप

[श्री दरबारा सिंह]

चाहते हैं कोल माइन्स से। कोल माइन्स जहां हैं वहां थर्मल प्लांट लग सकता है। न्यूक्लीयर प्लांट उससे दूर होना चाहिये। इसलिये पंजाब जो उत्तरी दूरी पर है उसके लिये ऐग्रीकल्चर मिनिस्ट्रो को कहना चाहिये कि न्यूक्लीयर प्लांट उसके लिये दिया जाय।

वाटर डिस्प्यूट भी आपके पास है। यह वाटर डिस्प्यूट तो आप खत्म करें। एक जोनल कान्फ्रेंस हुई थी तो उसमें हमने बहुत जोरों से कहा था कि हमारा मिशन है कि थ्रीम डेम का फैसला होना चाहिये। आज उसका फैसला नहीं हो पाता कि यह जमान किसकी है, किसके हिस्से में यह आता है पानी किसका होगा, किसका किना शेयर होगा, मैं कहना चाहता हू कि यह जमान न मेरी है न आपकी है। जमीन हिन्दुस्तान और हिन्दुस्तान के सूत्रे है। यह क्या मिल कर उसको तय नहीं कर सकते कि पानी की जरूरत किसको है, पावर की जरूरत किसको है, यह अपने अपने उसके बाप दादा बने हुये हैं, यह बात आपकी तोड़नी चाहिये। तो इसके लिये आप कुछ ध्यान दीजिये।

फ्लड कंट्रोल में 149 करोड़ का आप को नक्सान हुआ। पावरटी डर करने की

कंट्रोल करने में नाकामयाब रहे हैं। उनकी मदद तो आप कर रहे हैं। आप उन लोगों की मदद कर रहे हैं। आप सरकार की मदद कीजिए। जो सूत्रे की सरकारें हैं वह कुछ नहीं कर पाई हैं। सिल्टिंग हो जाता है पानी बाहर बह जाता है... (व्यवधान)

लैण्ड सोलिंग के बारे में मैं अर्ज करना चाहता हू। आप ने एक हदबन्दी मकरंर की। हदबन्दी हो गई। 30 एकड़ से किसी जगह पर 18 एकड़ हो गई। उप के लिए अगर आप ने छोटा यूनिट बनाया है और आप कहते हैं कि उस घेरे में वह बायबिल बन सकता है तो उस के लिए स्माल ट्रैक्टर की बहुत जरूरत है। मैं नहीं मानता कि 20 हजार का ट्रैक्टर हो। ट्रैक्टर की कीमत दस हजार से कम होनी चाहिए। क्यों कि जमीन वाला उम में से पैदा कर के उस की कीमत दे सकता है। बाहर से कहीं नं० 2 का पैसा उस के पास नहीं आने को है। इसलिए स्माल ट्रैक्टर बनाए जाने चाहिए ताकि वह उस के घेरे में आ सके। अपने खेत पर वह उस से काम कर सके। यह नहीं हो कि वह जमीन छोड़ता जाय और पैदावार कम हो।

दूसरे आप को सर्विस स्टेशन बनाने चाहिए। सरकार सर्विस स्टेशन बनाए जिस से कि गवर्नमेंट लीन आउट करे, लोगों को किराये पर दे। इस के अलावा इनपुट्स वहां अवैलेबल हों ऐसे सर्विस स्टेशन बनाए जाने चाहिए। सबों में ऐसा चलता

किन्तु वह करते कुछ नहीं हैं इस के लिए।

करेंगे कि आप ने क्रेष प्रोग्राम सन् 73-74 में खत्म कर दिए या चालू रखे ? लेकिन बैंक्स का जो रुपया है, काफ़ी अवेनेबिलिटी है मगर उस में सुधार करना होगा क्यों कि बैंक के अन्दर काम करने वाले जो हैं वह गरीबों का काम निकलने नहीं देते उस का पैटर्न आप को बदलने की जरूरत है। उस के ऊपर कमेटी बनाने की जरूरत है और विजिनेस रखने की जरूरत है। वरना पैसा तो उन्होंने बड़े बड़े आदमियों को ही जाता है। रिक्सेवाले को और छोटे लोगों को नहीं जाता, दण पन्द्रह एकड़ वालों को नहीं जाता। दूसरे लोगों को जाता है। इसलिए इस का कोई इन्तजाम कीजिए।

मैं एक बात बताने के बाद बैठ जाता हूँ। 1961 में जो पोलुनेशन था और उस के बाद 1971 में जो पोलुनेशन है, उस के हिसाब से आप पर कैपिटल इन्कम को बढ़ाने रहे, आवादी बढ़ गई, इस नियम इन्कम भी बढ़ गई। मैं इस की डिटेल्स में नहीं जाना चाहता, लेकिन जो कैपिटल प्राप्त करने हैं, मैं चाहता हूँ कि उस का नये ढंग से नया सर्वे कराये ताकि पता चले कि आज जो सरकारें यह कह रही है कि हमारे यहां 300 हो गया है, 400 हो गया है—वेसे तो कहते हैं कि हमारे लोग गरीब हो गये हैं, लेकिन साथ में अपनी अमीरी को दाखल भी सुनाते हैं, आप इस का नये ढंग से सर्वे कीजिये।

पंचायती राज के बारे में भी कहना चाहता था—इस में काफ़ी काम करने की जरूरत है, हमें इस सिलसिले में डीसेन्ट्रलाइज्ड रहे हैं,

इस लिये डीसेन्ट्रलाइजेशन की तरफ तबज्जह दी जाय।

श्री सारबण्ड राय (घोसी) : मान्यवर, कृषि मन्त्रालय का अमलनामा नाकामयाबियों की कसूर कहानी रहा है। कोई भी इस बात से नतीजा निकाल सकता है कि 25 सालों के बाद हमारी यह स्थिति है कि अगर एक बार सूखा पड़ जाय तो हम उस को सम्भाल नहीं सकते और हमारी पूरी अर्थ व्यवस्था, कृषि व्यवस्था का अन्जर पंजर ढीला पड़ जाता है। एक बार फसल कमजोर हो जाय तो हम दूसरे देशों के मोहताज हो जाते हैं। जिस बात का गर्व दो साल पहले किया था कि हम खाद्यान्न समस्या में आत्मनिर्भर हो गये हैं, वह गर्व समाप्त हो जाता है, हमारे देशों से अन्न मंगाने के लिये विवश हो जाते हैं। एक झटका भी बरदाश्त करने की शक्ति 25 सालों की आजादी के बाद भी प्राप्त नहीं हुई—इससे बड़ा सबूत हमारी नाकामयाबी का और क्या हो सकता है? कृषि मन्त्रालय अपने लक्ष्यों में बिलकुल सफल नहीं हुआ।

किसी भी जनान्वितिक व्यवस्था को कायम करने के लिये सामान्यतः व्यवस्था की समाप्ति बहुत जरूरी होती है। भूमि समस्या ही वास्तव में हमारे देश की मुख्य समस्या है और उस का आधार है कि जमीन का बटवारा सम्पन्न रूप से किया जाय। यह कम शर्म की बात नहीं है कि 25 सालों के अन्दर भी हम सबसे पहला काम अभी तक नहीं कर सके। इस में हमें चीन का उदाहरण लेना चाहिये। जो काम 5 वर्ष में यानी 1947 की आजादी के बाद 1952 में ही

[श्री मारखंडे राय]

जाना चाहिये था—क्रांतिकारी उग्र भूमि-सुधार की सम्पूर्णता—वह आज तक नहीं हुई। जब कि यह काम आज भी उतना ही जरूरी है जितना पहले था। कांग्रेस सरकारें पूरे देश में फैली हुई थी—लेकिन असफल हो गईं। उस के बाद विनोबा जी इस काम के लिये उठे, उन्होंने लक्ष्य बनाया कि पांच करोड़ एकड़ भूमि हिन्दुस्तान से वे दान मांगें और इस समस्या का समाधान करेंगे, लेकिन, मान्यवर, वह बात भी सफल नहीं हुई और राज्य की सहायता के बिना विनोबा जी का आन्दोलन भी पूरी तरह से असफल हो गया और उन्हें हार कर बैठ जाना पड़ा। वे केवल 41 लाख 76 हजार एकड़ जमीन ही प्राप्त कर सके, जिस में 18 लाख एकड़ जमीन बिल्कुल बेकार थी, किसी काम के लायक नहीं थी। बहुत सी ऐसी जमीन भी थी, जिस का पता ही नहीं कि वह जमीन कहाँ है, आसमान में है या रसातल में है। इसी से ऊब कर भूतपूर्व खाद्य मन्त्री बाबू जगजीवन राम जी ने एक बार कहा था—उन्हें तो ऊबड़ खाबड़ भूमि ही मिलती है, कहीं कहीं तो ऐसी भूमि दी गई जिस का पता ही नहीं चल पाया कि वह कहाँ है।

इस तरह से कांग्रेस सरकारें असफल हुई, विनोबा जी का आन्दोलन पूरी तरह से असफल हुआ—लेकिन काम होता बहुत जरूरी है। हमारे देश की राष्ट्रीय आय का करीब करीब 50 फीसदी खेती से आता है, जब कि बहुत से दूसरे देशों में कृषि आय का प्रतिशत उनकी राष्ट्रीय आय में बहुत कम है, इंग्लैंड में 5 फीसदी है, जापान में 1 फीसदी है। इस लिये जब तक हम कृषि की नींव

को मजबूत नहीं करेंगे, हमारे उद्योगों का भी विकास नहीं होगा—यह जड़ है, आधारशिला है, सुपर स्ट्रक्चर का, औद्योगीकरण का। इस लिये मैं सब से पहली बात यह कहूंगा कि केन्द्रीय सरकार राज्य सरकारों के साथ जितनी सख्ती सम्भव हो, उतनी सख्ती कर के, क्रांतिकारी भूमिसुधारों के लिये आगे बढ़े। मन्त्री जी गरीबी हटाने की बात करते हैं, लेकिन गरीबी कम करने का सब से पहला और आसान तरीका ज़मीन का बटवारा है। मेरे पास जमीन नहीं है—मुझे अगर पांच एकड़ जमीन मिल जाये जो अच्छी हो तथा थोड़े साधन मुहिया कर दिये जाय तो एक फसल के बाद हम को और हमारे बाल बच्चों को हल्वा पूड़ी या मुर्गे मसल्लम तो नहीं, लेकिन रोटी दाल मिल सकती हैं। इस लिये गरीबी कम करने के वास्ते अर्किवन और भूमिहीन लोगों को रोटी दाल देने का सबसे-पहला तरीका है—जमीन का बटवारा—लेकिन उस में भी यह सरकार पूरी तरह से असफल हुई है।

आज कल प्रधान मन्त्री जी देश के विभिन्न प्रदेशों में और खास कर उत्तर प्रदेश में भाषण करती फिर रही हैं—लेकिन कोई लक्ष्य सामने नहीं है। आज कल जोर कृषि और लघु उद्योगों पर है, उस के पहले बड़ी इन्डस्ट्रीज पर जोर था—लगता है कि कोई दिशा सामने नहीं है, कोई लक्ष्य स्पष्ट नहीं है, दिमागों में भ्रम है। जब जो चीज मुंह से निकल जाय, जब जिससे फायदा दिखाई पड़े, स्टन्ट के रूप में उस को ले लिया जाय, लेकिन कोई स्पष्ट रूप-रेखा मालूम नहीं पड़ती। अभी इन्दिरा जी ने रायबरेली के भाषण में कहा है कि भूमि सुधार में जो भी

अच्छे, डालेंगे, चाहे वे उन की पार्टी के भी हों, सरकारी अधिकारी हों, उन के खिलाफ सच्चे कार्यवाही की जायेगी। मैं धमकियां सुनते सुनते कांग्रेस वाले भी हंस देते हैं, अधिकारी तो बरसरे-इकतदार, मुल्क के मालिक हैं ही, उन की क्या बात है।

18 परसेंट जमीन हमारे यहां वैस्ट-लैण्ड है। अमरीकन एक्सपर्ट कमेटी ने इस बात का आग्रह किया था कि इस 18 फीसदी जमीन का काफी हिस्सा खेती में लाया जा सकता है, कम से कम फोरस्ट्री के लिये, घास पैदा करने के लिये तो उस का इस्तेमाल हो ही सकता है। पं० जवाहरलाल नेहरू ने भी 1959 में नागपुर कांग्रेस के बाद कहा था कि लैण्ड रिफार्म हमारा "आर्टिकल आफ फेथ" है। जोड़िये—कितने वर्ष हो गये 1959 के बाद, आज तक कार्यान्वित नहीं हुआ, चरितार्थ नहीं हो सका—वह सपना आज भी अधूरा है।

हमारे देश में, सान्यबर, 3 करोड़ से ज्यादा भूमिहीन खेतमजदूर हैं। क्या इन को रोटी-दाल का सहारा दिये बिना किसी समाज की कल्पना की जा सकती है। समाजवाद की बात तो छोड़ दीजिये, वह तो क्रायस ही नहीं हो सका, किसी भी बुजुर्ग पार्टी की सरकार समाजवाद कायम नहीं किया करती, सोशलिज्म की फिलास्फी तो छोड़ दीजिये, लेकिन रैडिकल बुजुर्ग रिफार्म क्रिये बिना भी क्या 3 करोड़ व्यक्तियों को हम रोटी दे सकते हैं? नहीं दे सकते। इन को रोटी दिये बिना गरीबी हटानो के नारे की बात छोड़ दीजिये, एक तिल भी गरीबी कम करने की कल्पना नहीं कर सकते।

हमारे देश में बड़े बड़े सामन्ती प्रेत हैं—जरा उन को मुलाहिजा फरमाइये। मैं बिहार से शुरू करता हूँ—टाटा की जमींदारी खत्म करने का फैसला हो गया है, लेकिन अमल नहीं हो रहा है। चम्पारन, सहरसा मधुबनी, दरभंगा और दूसरे जिलों में जबर-दस्त खेत मजदूरों के आन्दोलन चल रहे हैं, हजारों जमीन सम्बन्धी केसेज उन पर चल रहे हैं—क्या यह सम्भव नहीं है कि सरकार उन के मुकदमे फ्री कराये, उन खेत-मजदूरों को मदद दे। बैंकों से ऋण मिलने की कोई सुविधा नहीं है, क्योंकि सम्पत्ति चाहिये, जिसके बल पर वह जमीन उन को मिल सकती है। हमारे देश में 70 फीसदी किसान हैं जिनमें 57 फीसदी ऐसे किसान हैं जिनका एकड़, जिनका रकबा दो एकड़ से कम है। दूसरी ओर हिन्दुस्तान में सबसे बड़े जमीन चोर 5 हैं, पांच तरह के हैं—बड़े बड़े पूजापति, बड़े बड़े सामन्त, पुराने राजा महाराजा, कुछ ताल्लुकेदार, कुछ बड़े बड़े हाकिम जो नये सामन्त बन गये हैं आजकल और कुछ राजनीतिक नेता जिनमें, माफ कीजिएगा, आप ही की तरफ के हैं। आप कुछ मुलाहिजा फरमाइये, हिन्दुस्तान का सबसे बड़ा जमीन चोर घनश्यामदास बिरला जिसके पास 80 हजार एकड़ जमीन है। सहोली शुगर मिल, सीतापुर, उत्तर प्रदेश के पास 2800 एकड़ जमीन है। हिन्दुस्तान शुगर मिल हरदोई के पास 3300 एकड़ जमीन है, महाराजा पटियाला के पास 2500 एकड़ जमीन है। नैनीताल तराई में 5 हजार से ऊपर 3 फार्म हैं। 1 हजार से 5 हजार तक के 12 फार्म हैं। 5 सौ से 1 हजार के 250 फार्म हैं और एक सौ से 5 सौ के 1000 फार्म हैं। कैरि-

[श्री झारखण्डे राय]

यप्पा और थिमैया जो सबसे गरीब हैं उनको पांच पांच हजार एकड़ के फार्म आपक मन्त्रालय ने मैसूर में दिए हैं। मैं सरकार से यह जानना चाहूंगा क्या यह सही है कि आपके मन्त्रालय ने बीकानेर जोधपुर की सरहद पर कानपुर के किसी उद्योगपति को 50 हजार एकड़ का फार्म भेड़ पालने के लिए दिया है।

श्री नाथू राम मिर्चा : (नागौर) : यह बिल्कुल गलत है। मैं जानता हूँ इस बात को, मुझे राजस्थान की जानकारी है इसीलिए मैं कहता हूँ यह बिल्कुल गलत है और प्रोपैगण्डा है। . . (व्यवधान)

श्री झारखण्डे राय : बिहार में 14 हजार एकड़ का फार्म रघुवश नारायण सिंह (पूर्णिया) के पास है। दो लाख एकड़ जमीन बेतिया राज के पास है जो बेकार पड़ी है, जिसका इस्तेमाल नहीं हो रहा है। 22 हजार एकड़ जमीन रामगुलाम साहू (भागलपुर) के पास है। इसी प्रकार से शुगर फार्म के नाम पर सैकड़ों फार्म बनाए गए हैं। वहां पर शुगरकेन बोया नहीं जाता है, वह जमीन पड़ती पड़ी रहती है। उस जमीन का बढ़िया इस्तेमाल नहीं होता है।

इसी प्रकार से हमारे उत्तर प्रदेश में एक जमनाबाद फार्म है 4 हजार एकड़ का नैनीताल में। एक कलेक्टिव फार्म है 10 हजार एकड़ का नैनीताल जिले में। टी०पी० भल्ला (भूतपूर्व आई०जी०), ओंकार सिंह (भूतपूर्व डी०आई०जी०), इसलाम अहमद (अतिरिक्त आई०जी०), राजा भदरी, मेजर चिमनी, चीनी मिलों के फार्म सभी पुराने साल्लुकेदारों ने, हाकिमों ने उत्तर

प्रदेश के नैनीताल, गोरखपुर, पीलीभीत, शाहजहांपुर की तराई में बनाये हुए हैं। यह जमीन के चोर, सामन्ती प्रेत जब तक इस धरती पर हैं वह किसी न किसी बहाने से कानून को वाई पास करके जमीन को अपने पास रखें हैं तबतक कैसे भूमि सुधार होगा और कैसे गरीबी कम होगी—इस बात को तो आप छोड़िये। मैं आपके आग्रह करूंगा कि सबसे पहले इस विषय पर क्रान्तिकारी कदम साहस के साथ आगे बढ़ायें। इसमें सारा देश आपको साधुवाद देगा और हम सभी इसमें आपके साथ हैं।

मान्यवर, हमारे देश में खेती सबसे ज्यादा होती है। हिन्देशिया में 29 फीसदी पर खेती है, अमरीका में 14 फीसदी पर खेती है, कनाडा में 14 फीसदी खेती है और भारत 41 फीसदी पर खेती है, हमारा यहां खेती का ज्यादा एक्जेंट है फिर भी हम अन्न की समस्या में अपने पैरों पर नहीं खड़े हो सके। एक साल हुआ हमने बड़ी खशी मनाई, अपने हाथ से अपनी पीठ ठोंकी लेकिन फिर ढाक के तीन पात, जहां के तहां पहुंच गए। 10 वर्षों में एक हजार करोड़ रुपया गो मोर फूड पर व्यय किया गया लेकिन नतीजा उतना ही हुआ जितना होना चाहिए था। श्री राधाकमल मुकर्जी जो कि एक निर्विवाद एकोनामिस्ट रहे हैं लखनऊ यूनिवर्सिटी के उन्होंने भी इस बात को स्वीकार किया है कि 18 एकड़, 20 एकड़ से ज्यादा जमीन किसी परिवार के पास देश में कभी नहीं होनी चाहिए, इतनी जमीन काफी है एक परिवार के खाने कमाने के लिए जबकि परिवार के सभी लोग उसमें काम करें।

श्रीमन, मुझे एक चीज याद है, एक पुरानी बात है, पं० जवाहरलाल नेहरू ने किसी भावावेश में कहा था :

"I will have a million revolutions in this country rather than have millions of our peasantry living on the verge of starvation."

आज हम खुद स्वीकार करते हैं कि 22 करोड़ आदमी हमारे देश में पावर्टी लाइन से नीचे रहते हैं। उस महान पुरुष का स्वप्न जहां का तहां घरा रह गया। यह सरकार की नीतियों का फल है। (व्यवधान) मैं आपको फोटो दिखा सकता हूं हमारे यहां जो राजनीतिक जमीन चोर हैं—यह आंध्र का फोटो है, यह फोटो मध्य प्रदेश का है जिसमें एक कुत्ता भी जमीन चोर है। यह मैसूर का है, यह राजस्थान का है और यह महाराष्ट्र का है। (व्यवधान)

अब जहां तक धतूरा मिले हुए माइ गो (बाजरा) का सवाल है या मिल्क पाउडर की बात है जोकि अखाद्य घोषित कर दिया गया, उसकी कहानी यहां पर बहुत कही जा चुकी है, मैं उसको दोहराऊंगा नहीं लेकिन मैं यह कहूंगा कि यह राजनीतिक अपराध है जिसका अपराधी यह मन्त्रालय है। यह एक नेशनल फ्राइम कमिट किया है। इसमें मन्त्रालय के भी लोग, बड़े बड़े ऊंचे अधिकारी और बाहर भीतर के लोगों ने मिल कर सभी ने किया है। आपके जवाब से हम कभी भी सन्तोष नहीं कर सकते हैं। इस देश के करोड़ों लोगों ने महसूस किया है कि कहीं न कहीं कुछ काला है जो देशवासियों की जान से खेला जा रहा है।

अब रही उन्नत बीज और उन्नत खेती की बात। यह विशेषज्ञों की राय है कि 3 करोड़ 20 लाख एकड़ जमीन पर वैज्ञानिक ढंग से खेती की जाये तो देश में अन्न की समस्या हल हो जायेगी। यह मेरी अपनी राय नहीं है, विशेषज्ञों की राय है। उसी तरह से कुछ एक्सपर्ट्स ने यहां तक कहा है कि भारत अपनी सम्पूर्ण कृषि योग्य भूमि का अगर केवल 5 फीसदी खेती में लगाये, नये ढंग से, तो फिलहाल जो देश की आबादी 55 करोड़ है उसके लिये खाद्य समस्या का समाधान हो सकता है। यह उन विशेषज्ञों की राय है जिन्होंने सरकार की सहायता से सर्वेक्षण किये हैं और कुछ परिणाम निकाले हैं। सरकारी आंकड़े भी कहते हैं कि 6 करोड़ एकड़ जमीन हमारे देश में थी और 5 करोड़ एकड़ तो ऐसी जमीन थी जोकि थोड़ी मेहनत से खेती लायक बनाई जा सकती थी। इस 11 करोड़ एकड़ जमीन में 3 करोड़ एकड़ जमीन हम तोड़ पाये हैं और बाकी पड़ती पड़ी है। तो क्या उस पड़ती जमीन और जंगल के नाम पर घिरी हुई पड़ती बंजर जमीन का बंटवारा नहीं हो सकता? हम जंगल के खिलाफ नहीं हैं लेकिन जंगल के नाम पर पड़ती जमीन घेर ली गई है जहां पर एक भी भरमेरिया का पेड़ तक नहीं लगा है। ऐसी जमीन को खाली छोड़ना नेशनल फ्राइम है। कम से कम जंगल लगाने तक के लिए क्या उसको बांटा नहीं जा सकता है?

मान्यवर, उन्नत बीज ने हमारे देश की कृषि पर प्रभावशाली असर डाला है, इसको स्वीकार करेंगे और यह अस्विकृत है। उन्नत

[श्री झारखण्डे राय]

बीज के बारे में कोई दो राय नहीं हैं। इसमें मैं एक चीज की तरफ आपका ध्यान खींचूंगा। गंगानगर के कुलवन्तराय नाम के प्राइवेट किसान ने कुछ आविष्कार किया है, उसकी सूचना राजस्थान सरकार को है, भारत सरकार को, आपके मंत्रालय को भी वह सूचना दी जा चुकी है। बीज भेजा जा चुका है, बालें भेजी जा चुकी हैं, मेरे पास भी उसका सैम्पल मौजूद है मैं दिखा सकता हूँ। अब तक जितने बीज, हीरा, मोती, सब निकले हैं उन सबके बारे में मैं कह सकता हूँ। मैं भेज दूंगा, आपके पास, उसका पौधा ड्यूडा है। कहीं तो ऐसे बीज हैं कि जिनके पौधे छोटे होते हैं, अनाज जरूर ज्यादा होता है, लेकिन पौधे छोटे होने की वजह से भूसे की समस्या हो जाती है। लेकिन इसमें दोनों बातें हैं, पौधा भी बड़ा होता है और अनाज भी ज्यादा निकलता है। मैं आपको वे बालें भेज दूंगा जो श्री कुलवन्तराय ने निकाली हैं, यह उन्होंने नया आविष्कार किया है। किसी डंठल से जो छोटी डंठल निकलती है उसमें अब तक दाना नहीं आता था, उसके बारे में आपके पूसा इंस्टीट्यूट में काफी खोज बीन हुई भी थी, लेकिन वह इसमें सफल नहीं हुए पर श्री कुलवन्तराय ने जो आविष्कार किया है जिसके द्वारा छोटी डंठलों में भी दाने निकल रहे हैं, इसकी जांच होनी चाहिये पूसा इंस्टीट्यूट के जरिये और उनको प्रोत्साहन मिलना चाहिये। और अगर सिद्ध हो जाय तो सारे देश में इसका परिचालन करना चाहिये। इस पर आपके ऐक्सपर्ट्स ने जो प्रारम्भिक जांच की है उन्होंने श्री संस्तुति

अच्छी दी है, राजस्थान सरकार ने जो लिखा है वह भी अच्छी रिपोर्ट है।

14.00 hrs.

मान्यवर, खाद्यान्नों का रख रखाव इतने पुराने और आउटडेटेड तरीकों से किया जाता है कि उससे देश की बहुत क्षति होती है। इसके लिये जरूरी है कि सारे देश के अन्दर वैज्ञानिक तरीके से खाद्यान्नों को रखा जाय। अब आप गेहूं के थोक व्यापार में आ गये, चावल में आने की आपकी हिम्मत नहीं हुई, जब कि अहमदाबाद में आपकी पार्टी ने फैसला किया था, लेकिन चावल का थोक व्यापार अपने हाथ में लेने में अपना कलेजा हिल गया। गेहूं में आप आये हम उसका स्वागत करते हैं। श्रीमन्, बीस साल से कहते कहते हम लोगों के बाल सफेद हो गये बोलते बोलते हम लोग थक गये, 20 साल के बाद एक काम आपने साहस का किया कि गेहूं का थोक व्यापार आपने अपने हाथ में लिया जिसका हम समर्थन करते हैं। तो इस अनाज को रखने के लिये बहुत बड़े बड़े भंडारों की जरूरत पड़ेगी। अभी जो खाद्यान्न रखने की पुरानी व्यवस्था है उससे मेरा अनुमान है कि एक करोड़ सत्तर लाख टन अनाज बर्बाद होता है, जिसका अगर रखरखाव वैज्ञानिक कर दिया जाय तो इतनी मात्रा अनाज की हम बचा सकते हैं और हमको अपनी जरूरत के लिये अमरीका, कनाडा, आस्ट्रेलिया या न्यूजीलैण्ड से अनाज आंगने की जरूरत नहीं पड़ेगी। हम विदेशों के सोहताज नहीं रहेंगे। इसलिये पहला कदम यह होना चाहिये कि आधुनिक वैज्ञानिक तरीके से खाद्यान्नों को जिला स्तर पर, तहसील स्तर पर या जो भी स्तर आप सुनासिब समझें,

रखने का इंतजाम किया जाय जिससे कि यह समस्या हमेशा के लिये समाप्त हो जाय ।

मान्यवर, एक, दो बातें और कहूंगा । कोआपरेटिव के बारे में मेरी धारणा यह है कि पूँजीवादी व्यवस्था के समुद्र में कोआपरेटिव का जो टापू है, आइलैण्ड है, यह ठहर नहीं पा रहा है । और इनको अगर कहा जाय कि यह डकैती और डकैतों के अड्डे बन गये हैं तो कोई अतिशयोक्ति नहीं होगी । जितना करप्शन कोआपरेटिव में पाया जाता है उतना शायद किसी भी संस्था में नहीं है । 882 मामलों में जांच हुई जिसमें सवा करोड़ रुपये का घोटाला मिला । उत्तर प्रदेश के एक जिले का एक आदमी पकड़ा गया है जो 4 लाख रुपये का गबन किये हुये बैठा है । तो केन्द्रीय सरकार से या राज्य सरकारों से खपपा ले कर सहकारिता के नाम पर जो एक दम नग्न और नृशंस भ्रष्टाचार किया जा रहा है या तो इसकी रोकथाम कीजिये वरना इसको बाइन्ड अप कर दीजिये ।

सेन्ट्रल बक्फ बोर्ड की मीटिंग हुई थी 9 मार्च को । 19-8-72 को माननीय फखरुद्दीन अली अहमद की अध्यक्षता में तय हुआ कि हरियाणा, हिमाचल प्रदेश और पंजाब के तीनों बक्फ बोर्ड अलग अलग हो जायें । लेकिन आज तक नहीं हुये । पुराने बक्फ बोर्ड के जो चेयरमैन हैं, मैं उनका नाम नहीं लूंगा, उनके खिलाफ जबरदस्त शिकायतें हैं आपके यहां । आप क्यों नहीं उनकी जांच कराते ? एक भूतपूर्व केन्द्रीय सरकार के डिप्टी मिनिस्टर, श्री युनुस सलीम को

25,000 रु० पंजाब ट्रस्ट और शिमला ट्रस्ट से दिया गया नकद

MR. DEPUTY-SPEAKER: I do not think it is relevant. What are you trying to establish by this?

श्री शारखंडे राय : बक्फ बोर्ड को रोमागो-नाइज़ किया जाय । पंजाब, हिमाचल और हरियाणा का जो एक साथ मिला हुआ बोर्ड है, इस को तीन हिस्सों में अलग अलग प्रान्त के लिये कर दिया जाय । और जो शिकायतें हैं उन की जांच की जाय ।

MR. DEPUTY SPEAKER: What has this got to do with Agriculture? No, please. This has nothing to do with Agriculture. Please try to conclude now.

श्री शारखंडे राय : यह मैं इसलिये कह रहा हूं कि माननीय कृषि मंत्री उस विषय के भी मंत्री हैं ।

MR. DEPUTY SPEAKER: But, it has nothing to do with this Demand. You have exceeded your time.

श्री शारखंडे राय : खैर मैं उस को छोड़ता हूं । गेहूं का जो थोक व्यापार किया गया उस का हम ने समर्थन किया । लेकिन उस बारे में आप को अगाह करता हूं कि जिस तरह से प्रतिक्रियावदी शक्तियां उस मामले को ले कर चारों तरफ झगड्ठी हो रही हैं, उस से आम हिलिये मत, आगे बढ़िये । और जो प्रगतिशाल शक्तियां हैं हम सब आप की मदद करेंगे ।

आखिर में कुछ सुझाव देना चाहता हूँ । सब से ज्यादा जोर केन्द्रीय सरकार और राज्य सरकारें अब भी 25 साल बाद कृषि पर, सिंचाई पर और विद्युत पर दे । दूसरी बात यह है कि चीनी के कंट्रोल और उस के वितरण की व्यवस्था पूरे देश में जो अभी एक सामान नहीं है उस को एक रूप बनाना चाहिये । गंगा-कावेरी योजना नहीं बल्कि घाघरा, राप्ती और गंडक योजना बनायी जाय जो ज्यादा जल्दी सकल होगी और अधिक कारगर और लाभदायक सिद्ध होगी । कृषि, सिंचाई और विद्युत मंत्रालय एक होना चाहिये, तीन नहीं, तभी इस में कोऑर्डिनेशन और कोऑपरेशन बढ़िया हो पायेगा । तभी हम गरीबी को दूर कर पायेंगे और समाजवाद की तरफ बढ़ेंगे । हम आशा करते हैं कि मंत्रालय इस पर गौर करेगा क्योंकि क्रान्तिकारी भूमि सुधार कर के हो परिवर्तन की ओर बढ़ा जा सकता है या रक्त रंजित क्रान्ति ही होगी इस के अलावा तीसरा और कोई विकल्प नहीं है । इसलिये मैं चाहता हूँ कि मंत्रालय 25 साल के बाद भी अब भी हिम्मत के साथ इस तरफ बढ़े ।

14.09 hrs.

JOINT DECLARATION BETWEEN GOVERNMENT OF INDIA AND PEOPLE'S REPUBLIC OF BANGLADESH

MR. DEPUTY-SPEAKER: I have to interrupt the proceedings for a short while. At the conclusion of the visit of the Bangladesh Foreign Minister, certain agreements were reached between India and Bangladesh. Shri Surendra Pal Singh to lay that Paper on the Table of the House.

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH): Mr. Deputy-Speaker, Sir: I beg to lay on the Table of the House the Joint Declaration between the Government of India and the People's Republic of Bangladesh, which is being issued today. [Placed in Library. See No. LT-4810/73.]

14.11 hrs.

DEMANDS FOR GRANTS—Contd.

MINISTRY OF AGRICULTURE—Contd.

श्री नाथू राम मिर्धा (नागौर) : उपाध्यक्ष जी, कृषि मंत्रालय की मांगों पर बहस करने के लिये मैं खड़ा हुआ हूँ । मैं इन मांगों का समर्थन करता हूँ और इन मांगों का समर्थन करते हुए थोड़े समय में कुछ मुद्दे सुझाव के रूप में पेश करना चाहता हूँ ।

MR. DEPUTY-SPEAKER: May I remind you that your Party has decided to allot ten minutes to each. Kindly co-operate.

SHRI NATHU RAM MIRDHA: But, now it is 2.10 and I will finish at 2.20.

माननीय झारखंडे राय का भाषण मैंने वड़े गौर से सुना और वह गरीब आधे घंटे तक बोले ।

MR. DEPUTY-SPEAKER: 23 or 24 minutes only. And, that was his Party's time.

श्री नाथू राम मिर्धा: तो मैं कह रहा था कि उन्होंने जमीन से शुरू किया, वह जमीन पर बोल रहे थे, जमीन चोरों का जिक्र कर रहे थे, और जहां तक मैं समझ पाया मेरो स्टेट के सम्बन्ध में बिल्कुल गलत प्रचार कर रहे थे । यह यू० पी० में मिनिस्टर रह चुके

हैं थोड़े समय पहले । अभी यू० पी० के बड़े बड़े जमीन चोरों का जिक्र कर रहे थे । यह मंत्रालय उन के हाथ में था । उस समय उन्होंने चोरों की छुट्टी क्यों नहीं कर दी थी ? जिस समय उन का काम करने का वक्त था उस समय श्रोमान् जो मूर्ति बन कर बैठे थे और आज यहां पर भाषण देने के लिये खड़े हैं । यह केवन उन को पार्टी का स्टन्ट है और प्रोगेन्डा के लिये है । इस लिये मुझे इस का कोई दुःख नहीं है ।

मैं तो सिर्फ एक ही निवेदन करना चाहता हूं कि कृषि हमारे देश के लिये बहुत ही अहम विषय है और यह मंत्रालय बहुत अहम मंत्रालय है । किसानों की कमाई का जरिया, जो देश की कुल आबादी का 75 फीसदी हिस्सा है, कृषि है और इस कृषि पर ही सारे देश की अर्थव्यवस्था आधारित है । जब हम कृषि की बात करते हैं तो पशुओं की बात आती है और जब जमीन को पैदावार की बात आती है तो उस में वन और जंगल भी आते हैं । और इसी से जुड़ी हुई व्यवस्था के जो मामले हैं उन का इस मंत्रालय से सम्बन्ध है । चूंकि इस का इतना बड़ा दायरा है, इस लिये दस मिनट में बहुत कुछ कहना सम्भव नहीं है । फिर भी मैं इतना जरूर कहना चाहता हूं कि हमारे देश के कृषि मंत्रालय ने, केन्द्रीय मंत्रालय ने देश की योजनाओं का इस प्रकार गठन किया और सारे काम को इस तरह से आगे चलाया कि राज्यों का सारा विषय होते हुए भी जितना तालमेल सम्भव था उस के अनुसार नीतियों का निर्धारण करते हुए इस देश के कृषि उत्पादन को बढ़ाया । जिस समय हम आजाद हुए

थे हमारे देश का कृषि उत्पादन सिर्फ 500 लाख टन था, खाद्यान्नों का । वह बढ़ कर आज करीब 1100 लाख टन तक पहुंच गया है । हम को चतुर्थ पंचवर्षीय योजना में 1290 लाख टन तक पहुंचना है । हो सकता है कि उतना हम न पहुंच पायें लेकिन फिर भी जो कमी रहेगी उस को हमें पांचवीं पंच-वर्षीय योजना में पूरा करना है क्योंकि इस देश की आबादी काफी तेजी से बढ़ रही है । आज हमारी आबादी 54-55 करोड़ के लगभग है । उस को हम को खुराक देनी है । खाद्यान्न भी हैं और बाहर के तत्व भी उस में है जो हम को खाने पीने की चीजों के साथ देने है । कृषि से उत्पादित होने वाली वह चीजें हैं तेलहन, दालें, गन्ना और उस के साथ साथ कपास आदि भी है । हम को इन चीजों का भी इतना उत्पादन करना है जिस से हम देश के लोगों की जरूरतों को पूरा कर सकें । न केवल हम को अपने देश के लोगों की जरूरतों को ही पूरा करना है बल्कि उस से भी आगे बढ़ कर हम इस योग्य हों कि हम उन का एक्सपोर्ट कर सकें ।

इन चीजों के करने के लिये जितना अनुसन्धान और ज्ञान है वह हमारे पास प्रचुर मात्रा में है । हम इन सारी चीजों का उत्पादन बढ़ाने की क्षमता रखते हैं । हमारे पास सारा ज्ञान और टेक्नालोजी मौजूद है पर उस ज्ञान और टेक्नालोजी को धरती पर उतार कर किसानों के घर तक पहुंचाने की पूरी व्यवस्था हमारे पास नहीं है । इस में हम को सुधार करने की जरूरत है । इस में हम को अपनी सहकारी संस्थाओं और पंचायत राज संस्थाओं का सहारा लेना पड़ेगा । हम

[श्री नाथू राम मिर्धा]

न आज जो कुछ भी व्यवस्थाएँ जमाई हैं उन में बहुत कमियाँ हैं । आज जो भी सहकारी संस्थाएँ हमारे देश में काफ़ी असें से चल रही हैं वह सारे लेवेल पर हैं, चाहे बड़ फ़ीडिट संस्थाएँ हों या मार्केटिंग संस्थाएँ हों । उन्होंने सारा बोझ अपने जिम्मे ले लिया है, पर उन को मजबूत करने की जरूरत है ।

हम को कृषि के अन्दर जितने उतार चढ़ाव देखने पड़ रहे हैं उस का मुख्य कारण है हमारे देश को कृषि हाट बाजार व्यवस्था । जब तक हम इस देश के किसानों को इस बात की गारंटी नहीं दे पाते कि जो चीज़ें खेतों से पैदा होती हैं या पशुओं से पैदा होती हैं उन का दाम एक निश्चित लेवेल से नीचे किसानों को नहीं मिलेगा तब तक हमारा उत्पादन नहीं बढ़ सकता । हम ने आज इस के बारे में कदम उठाया है और रबी में गेहूँ के व्यापार का सरकारीकरण करना चाहते हैं और होलसेल डालर्स को बोच में से रोकना चाहते हैं । चावल का भी अगले फसल से सरकारीकरण करना चाहते हैं । लेकिन हम को काफ़ी दूर की मंजिल तक पहुँचना पड़ेगा क्योंकि कुछ राज्यों में कोर्स ग्रेन भी अपना महत्व रखा है । कोर्स ग्रेन के व्यापार को भी इसी तरह से अगले सीजन से अपने हाथ में करना पड़ेगा । जब तक हम कीमतों में टिकाउपन नहीं ला सकते तब तक सारे देश की अर्थ-व्यवस्था में स्थायित्व नहीं आ सका । यही कारण है कि जब कभी किसान के यहाँ गन्ना ज्यादा पैदा होता है तब मिल वाले उस को ले लेते हैं और सस्ते दामों पर लेते हैं । इसी तरह से अगर जूट

ज्यादा पैदा हो जाये तो उस में भी कई बिचो-लिये बैठे होते हैं और किसानों को उस का पूरा रिटर्न नहीं मिलता । यही हाल काटन का है । हम ने काटन कारपोरेशन बनाया है । इसी तरह से आयल सीड्स के वास्ते व्यवस्था करनी पड़ेगी । उस की मार्केटिंग के वास्ते हम को सारी व्यवस्था में बदलाव लाना पड़ेगा । यह बहुत पेचीदा काम है । इस के लिये कृषि मंत्रालय का जो अपना प्राइस कमिशन है उस को बहुत मजबूत करना पड़ेगा । उन का एक ही दृष्टिकोण है और वह यह है कि जो एग्रीकल्चरल क्मोडिटीज किसान पैदा करता है किस तरीके से उस का उचित मूल्य किसान को दे सकें और सारी चीज़ की गारंटी कर सकें कि जितना उत्पादन होगा, जिन तरीकों से उत्पादन होगा और जिन चीज़ों का होगा उन को निश्चित मूल्य पर खरीदने के लिये वह तैयार होंगे । इस तरह से एकरेज का बैलेंस भी आयेगा और चीज़ों के उत्पादन में भी निश्चितता आयेगी । इस के हिसाब से हम देश के उद्योगों की रिक्वायरमेंट्स भी पूरी कर सकेंगे और किसानों को एक फिक्स्ड प्राइस भी दिला सकेंगे । साथ ही अगर हम इन चीज़ों को मैन्युफैक्चरर को सही दामों पर बेच देंगे तो मैन्युफैक्चरर से भी अपेक्षा करेंगे कि वह भी एक फिक्स्ड प्राइस के ऊपर चीज़ों को उद्योगियों को मुहैया करा सकें ?

इस सारी व्यवस्था के अन्दर हम ने जो महान् शुरुआत की है उस को हमें दूर तक ले जाना होगा । इस से हमारी सारी अर्थ-व्यवस्था को एक स्टेबिलिटी मिलेगी । यह शुरुआत हम को एग्रीकल्चरल क्मोडिटीज से करनी होगी और उस के बाद हम को इसी तरीके से आगे

जाना पड़ेगा। हमारे यहां अभी दालों की कमी है उस के उत्पादन को बढ़ाना है। खास तौर से बीज के बारे में, खाद के बारे में क्रेडिट के बारे में जो सिफारिशें कृषि आयोग ने सरकार के सामने पेश की हैं उन के अनुसार पुरानी नीतियों में परिवर्तन करने की आवश्यकता है। हम को यह देखना होगा कि इन नीतियों में क्या खामियां हैं और उन को कैसे दूर किया जाये। इन सारी बातों में जा कर के करीब चौदह अरब मुद्रों पर उस ने सरकार के सामने रिपोर्ट पेश की है? अगर हम उन सिफारिशों पर विचार कर के तुरन्त निर्णय ले सकें और उन का उपयोग पांचवीं योजना में कर सकें तो निश्चित रूप से कृषि उत्पादन बढ़ाने में सारी दिशाओं से बल मिलेगा और हम तेजी के साथ उन कमियों को दूर कर के कृषि उत्पादन को बढ़ा सकेंगे। साथ ही खास तौर से मार्केटिंग के बारे में भी आयोग ने सोचा और उस के बारे में कुछ सिफारिशें बुनियादी तौर से सरकार के सामने करना चाहता है।

जब हम कृषि उत्पादन की बात करते हैं तब मैं एक मिनट में पशु पालन के सम्बन्ध में भी कुछ कहना चाहूंगा। पशु पालन इस देश के लिये एक अहम विषय है। हमारे यहां की चार योजनाओं के अन्दर जितना जोर इस पर देने की आवश्यकता थी उतना हम नहीं दे पाये हैं। खास तौर से कैटल डेवलपमेंट का बहुत बड़ा पोटेंशल हम इस देश में देखते हैं। इस के लिये हम को यहां पर फारेन ब्रड लाइन है और फ्रांस ब्रीडिंग को बढ़ाना है। कैटल ब्रीडिंग के सिलसिले में अगर हम यहां पर बाहर की शीप का ब्लड इंट्रोड्यूस करें तो हमारे यहां की क्वालिटी और क्वांटिटी

दोनों में दुगुने या ढाई गुने का फर्क आ सकता है, जिस से हम को फारेन एक्सचेंज मिल सकता है। इसी तरह हमारे यहां ऊन का भी पोटेंशल बहुत है। हाईब्रीडिंग कैटल के लिये हम यहां पर बाहर का ब्लड इंट्रोड्यूस करें। इस के बारे में मंत्रालय कुछ प्रयत्न कर रहा है लेकिन वह बहुत कम है। इस दिशा में जितना काम हो रहा है उस में और ज्यादा बढ़ोतरी करने की जरूरत है।

मैं एक मुझाव यह भी देना चाहता हूं कि जो कैटल आप के फार्म पर आते हैं वहां पर उन की देख रेख जिस तरीके से होनी चाहिये वह नहीं हो पाती है। इस लिये काम तेजी से नहीं चलता। आप चाहें तो इस में प्राइवेट एलिमेंट को भी कुछ शर्तों के साथ ले लें ताकि जो प्रोजेनी पैदा हो उन को हम दूसरों को आगे दे सकें। अगर प्राइवेट कैटल ब्रीड्स से भी यह काम करवाया जाय तो हमारे देश में इस काम को आगे बढ़ाने का मौका मिलेगा।

इसी तरह से हमारे यहां फिश का भी बड़ा भारी पोटेंशल है। अगर आप देखेंगे तो इस साल हम ने करीब 50 करोड़ की विदेशी मुद्रा इस से कमाई है। शायद इस में ट्रालर्स न होना एक बड़ी बाधा है। तो चाहे आप ट्रालर्स रशिया से लें या अमरीका से लें। अगर ज्यादा पैमाने पर आप ले सकें तो आप उस से डीप सी फिशिंग करे और सी के नजदीकी जो स्थान हैं उन को छोटे लोगों के लिये छोड़ दें। इस बड़े पोटेंशल से हमारे देश के लोगों को प्रोटीन और रिच फूड भी मिल सकता है। इनलैंड फिशरीज का डेवलपमेंट कर के हम छोटे लोगों की मदद कर सकते हैं। इस तरह से

[श्री नाथू राम मिर्चा]

देश के अन्दर पशुपालन की ओर अधिक ध्यान देने की जरूरत है ।

अन्त में मैं यही कह कर खत्म करना चाहता हूँ कि हमारे देश के फारेस्ट हमारे लिये बहुत अहमियत रखते हैं । दुनिया के देशों में जहाँ एक एकड़ फारेस्ट में 200 रुपये का नेट प्राफिट मिलता है वहाँ हमारे यहाँ पर एक एकड़ फारेस्ट से 10 रुपया मिलता है । इस पर हम को बड़ी गम्भीरता से विचार करने की जरूरत है । आयोग ने एक रिपोर्ट खास तौर से मंत्रालय को पेश की है और इस के लिये कहा है कि एक लाख हैक्टेयर जंगल को काट कर मेनमैड फारेस्टिंग को बढ़ावा दिया जायेगा तो इस से लेबर को एम्प्लाय किया जा सकेगा और सारी इंडस्ट्रीज का कोऑर्डिनेशन किया जा सकेगा । इस पर विचार करने के लिये एक प्लेनिंग सेल आप को इस साल सारे देश के लिये बनाना है । कार्पोरेशन्ज बनाकर उस रिपोर्ट का इम्प्लीमेंटेशन करने से हमारे देश का जंगल का धन बहुत ज्यादा बढ़ाया जा सकता है । जब दुनिया के लोग एक एकड़ से 200 रुपया नेट कमा सकते हैं, तो हम लोग केवल दस रुपये क्यों कमायें ? मैं उस रिपोर्ट की ओर मंत्रालय का ध्यान आकर्षित करना चाहता हूँ ।

मुझे बहुत सी बातें कहनी थीं, लेकिन चूँकि मैंने सिर्फ दस मिनट का वायदा किया था, इसलिये मैं इन सुझावों के साथ अपनी बात समाप्त करता हूँ ।

*SHRI M. S. SIVASWAMY (Tiruchendur): Hon. Mr. Deputy-Speaker, Sir, I rise to express my views on behalf of my party, the Dravida Munnetra Kazhagam, on the Demands for Grants of the Ministry of Agriculture. I need not say that the Agriculture Ministry is an important and vital Ministry. The Demands for Grants of the Ministry of Agriculture include the Demands for Grants of the Department of Food, of the Department of Cooperation and of the Department of Community Development. Initially a duration of six hours was fixed for the discussion of these Demands for Grants and later on the duration was extended to nine hours. I am personally of the view that this time also is not enough for the discussion of Demands for Grants of the Ministry of Agriculture. I would appeal to the hon. Minister of Parliamentary Affairs, Shri Raghuramaiah, that four more hours should be allotted for this discussion. Then only the hon. Members participating in this debate can do justice to the problems involved in agricultural development.

Sir, agriculture is the backbone of the entire country. Out of the total population of 55 crores in our country, 7.82 crores are cultivators and 4.75 crores are agricultural labourers. Out of 55 crores of people, 12.57 crores are engaged in agriculture. The remaining population of 42.43 crores are fed by the sweat and labour of these 12.57 crores of people engaged in agriculture. From this you can very well imagine the importance of agriculture in our country. I would also refer to another paradoxical situation in our country. 20 per cent of the total cultivated area in our country is tilled by 62 per cent of the farmers who happen to be small farmers owning less than 2 hectares. In this country where socialism has become the watchword of the high and low, there is this unfortunate situation that the fruits of labour are not enjoyed by those who labour but by some others.

The people owning 5 acres and less are larger in number, but the area of land cultivated by them is just 20 per cent of the total cultivated area. Though the people owning large areas of cultivable land are smaller in number just 38 per cent, they happen to cultivate 80 per cent of the total cultivated area. In this land, where the Government day in and day out swear by the establishment of an egalitarian society at the earliest, this distressing disparity continues to persist even after two and half decades of independence. I have no hesitation in saying that unless this disparity is done away with quickly, there can be no meaningful agricultural development. In order to give land to the millions of landless agricultural labour, the Central Agricultural Ministry should evolve a uniform land policy throughout the country. If there is no land ceiling legislation on an all-India level, such disparities will continue to bedevil our agriculture. I would urge upon the Minister of Agriculture to bestow his personal attention on this important problem.

Sir, I am sure that the hon. Minister of Agriculture in his reply to the debate will refer to Small Farmers Development Agency and to the Marginal Farmers and Agricultural Labour Agency, which are meant to assist these people. I consider it my duty to explode this myth. One Small Farmers Development Agency is meant to cover 50,000 small farmers and there are 46 such agencies in our country covering about 23 lakhs of small farmers. Similarly, one Marginal Farmers and Agricultural Labour Agency is meant to cover 20,000 marginal farmers and we have 41 such agencies covering about 8.20 lakhs of marginal farmers. Out of the total of 12.57 crores of agriculturists in our country, these two projects together cover 31.20 lakhs of small farmers and marginal farmers. What have the Central Ministry done to improve the lot of remaining 12.26 crores of farmers? And, how long

will the Agriculture Ministry at the centre take to cover all the 12.57 crores of agriculturists in our country by these projects? Sir, you will definitely be astonished to know the paltry sum allotted to these two projects. A sum of Rs. 1.5 crores has been allotted for one Small Farmers Development Agency and Rs. 1 crore to one Marginal Farmers and Agricultural Labour Agency. Under these two schemes, a small farmer will be getting Rs. 66 per annum and a marginal farmer a sum of Rs. 43 per annum. What is he expected to do with this niggardly amount? Can he utilise this money for installing a pump-set in his field or for digging a well or for purchasing improved varieties of seeds or for buying the required quantities of fertilisers? I am constrained to say that these projects will serve only to quench the propaganda thirst of the ruling party. You will agree with me if I say that with these meagre allocations these projects are not meant to meet the needs of the small farmers and the marginal farmers. I appeal to the hon. Minister of Agriculture that more funds should be provided for these projects if the Government really want to assist the farmers.

After four Five Year Plans, the total investment in irrigation projects comes to Rs. 2700 crores and a total sum of Rs. 4,800 crores has been invested in power projects. The investment of Rs. 7,500 crores in irrigation projects and in power projects is meant mainly to serve the interests of agriculturists in our country. But, a noted German Economist, Dr. Schmacher, who recently visited India, was compelled to remark that 80 per cent of the rural population in India lives in an intellectual ghetto I do not think that he has in any way exaggerated the existing situation in our country because of the fact that even in 1973-74 Economic Review of the Central Government it has been mentioned that on account of failure of monsoon in 1972-73 there is fall in agricultural production. I do feel that

[Shri M. S. Sivaswamy]

the Central Government should feel ashamed to make such a statement after the implementation of Four Five Year Plans. Don't you agree, Sir, that it is shame to say, especially after investing 7,500 crores in irrigation projects and in power projects, that agriculture is still dependent on the vagaries of weather?

From 1949 to 1965 the rice production was going up by 3 per cent, but during the period 1966 to 1972, the rice production went up by only 1 per cent. During the past decade, the production of pulses had been stagnant. The most important commercial crop, sugarcane, has also not been maintaining a uniform level of production. I am not, as a member belonging to the Opposition Party, saying all this as a matter of criticism. All these are statements of facts contained in the Central Government's latest 'Economic Review'. It has also been categorically stated in the Approach Document to the Fifth Five Year Plan that the Central Agricultural Ministry has not so far brought about meaningful agricultural reforms and if the Ministry want to help the small farmers and the marginal farmers, there must be immediate re-organisation of institutional set-up. Shri Minhas, a Member of the Central Planning Commission has expressed his opinion that 90 per cent of the agriculturists have not derived any benefit from the huge investments made in irrigation projects and in power projects. From the massive investment of 7500 crores in irrigation projects and in power projects all the benefits have accrued only to 10 per cent of the agriculturists in our country. I, who belong to the D.M.K. Opposition Party, do not say this. It has been specifically stated by a Minister who has been holding office continuously for the past 25 years at the Centre. Shri Jagjivan Ram has made this remark. I wonder what has been contribution of the Central Ministry of Agriculture so far for the welfare of agriculturists and for the development of agriculture in the

country. I hope that the Ministry of Agriculture will now at least wake up to the situation and formulate worthwhile proposals, from which all the agriculturists in the country will be able to derive the maximum benefit.

Having accepted that the agriculture in our country is dependent upon the vagaries of weather, let us see what the Central Government have done so far in finding a permanent solution to the recurring drought situation. From 1970-71 to 1972-73, a sum of Rs. 67.79 crores has been spent on drought relief programmes. You will be surprised to know that the annual loss of food-grains due to drought has been estimated to be of the order of Rs. 300 crores. I have no words to explain the passivity of this Government. You know, Sir, that last year there was acute drought in many parts of the country. The Central Government sent many teams of high officials to all the States afflicted by the drought to study the situation and to assess the financial requirements of the States to tackle the worsening situation. These Central Teams recommended a sum of Rs. 192.84 crores for giving as assistance to the drought affected States. But the Central Government exposed their munificence by allocating just Rs. 123.54 crores. If the actual requirement as assessed by the Central Team of officials is not to be sanctioned, what is the need for sending such teams to the States? One such team recommended that a sum of Rs. 14.66 crores should be given to Orissa, but the Central Government sanctioned only Rs. 6 crores. The Team that visited Tamil Nadu in October last recommended Rs. 1.5 crores as drought relief to Tamil Nadu. But, probably because an opposition party is ruling the State, the Central Government did not give even a single rupee under this assistance programme—not even a few lakhs of rupees as an eye-wash. Similarly, West Bengal was recommended a sum of Rs. 10.08 crores, but the sanctioned

amount was only Rs. 5.04 crores. I do not understand why the Central teams of officials should be sent to the States, if their recommendations are not to be accepted.

Sir, I come from a dry area. My constituency, Tiruchendur, and the nearby districts like Tuticorin, Ramathapuram etc. get rain for three days in a year. The cultivators are to depend on the three days' rain in a year for doing their agriculture. Even if it happens that there is a spring-well in a dry area, the Commercial Banks refuse to give advances or loans to the farmers from dry area. They have also no other source of revenue. I would appeal to the hon. Minister of Agriculture that he should ensure that at least the 14 nationalised Banks give loans and advances to the farmers from dry area whose sufferings cannot be recounted in this House in a few minutes.

Sir, during the past twenty years, the total loss incurred by the agriculturists due to floods in the form of damage to foodgrains, destruction of their cattle and their tenements, amounted to Rs. 650 crores. But, the Government have so far spent Rs. 230 crores on flood control measures. I would like to urge upon the hon. Minister of Agriculture that immediately permanent solutions should be found out for tackling the ever recurring drought and floods in our country. These cannot be brushed aside as mere natural calamities.

Sir, the performance of the Central Agriculture Ministry presents a dismal picture. In 1970, the Ministry formulated a proposal to open 5000 agro-Service Centres throughout the country during the Fourth Plan period. In 1971-72 only 260 agro-service centres were opened. The target in 1972-73 was 1000 agro-service centres. But the hon. Minister of Agriculture has sympathetically conceded that this target is not possible of achievement. The Ministry plans for 5000 Agro-service centre, but only 260 centres

have so far been opened. The programme started with a bang and seems to have ended in a whimper. I have no other name except to call them as 'Thughlak' schemes serving the propaganda interests of the ruling party. If the Ministry cannot implement such a scheme, I wonder how the Ministry should have the gumption to formulate such a proposal.

Sir, there is acute shortage of foodgrains throughout the country, necessitating the import of foodgrains last year to the tune of 22 lakh tonnes. There is universal power scarcity in the country. The improved varieties of seeds, the agricultural implements like tractors etc., and the fertilisers are in short supply. It is feared that if the monsoon fails again the situation may become uncontrollable. When this is the position prevailing in the country, I strongly condemn the failure of the Agriculture Ministry in utilising fully the allotted money. In 1970-71 under the Demand No. 30—Agriculture, the Ministry surrendered a sum of Rs. 2.95 crores! For instance, in my State, the Ministers are vying with one another to get more allocations for their Departments so that they can implement more welfare schemes. But, here the Central Ministry of Agriculture surrendered a huge sum of Rs. 2.95 crores meant for agricultural development. I have to term this failure as a heinous crime. I also do not hesitate to say that the officials responsible for this unpardonable lapse, a lapse which should be treated as a crime committed under the Indian Penal Code, must be brought to book under the I.P.C. It is not that I have found out this lapse on the part of the Agriculture Ministry. The Public Accounts Committee of this House in their 369th Report on page 67 has referred to this in highly critical terms. I would urge upon the Minister of Agriculture that strict measures should be adopted to ensure that the allocations are spent fully.

I come from an area where fisheries predominate. In the whole of east-

[Sri M. S. Sivaswamy]

coast in my area, fisheries have an important role to play in the livelihood of many millions of people. Still, the commercial banks refuse to give loans and advances to fisheries on the ground that under the Reserve Bank of India Act fisheries have not been treated on par with agriculture. The Central Government accepted the contention that fisheries should be treated on par with agriculture and promised to amend the R.B.I. Act. But so far it has not been done. I would appeal to the Minister of Agriculture that he should use his good offices in getting the R.B.I. Act amended for this purpose.

This Ministry has eminently succeeded in one respect and that is in respect of using Hindi in the Ministry and in the offices under its charge.

In the Annual Report of the Ministry you will find elaborate reference to this aspect of their work. I want to know from the hon. Minister whether all the 13 crores of agriculturists have their mother-tongue as Hindi. Has food production gone up by greater use of Hindi? Has the Ministry been able to stop by the use of Hindi the destruction of foodgrains by millions of rats in the country, quantities of foodgrains which can feed 4 crores of people annually? I want to know whether greater use of Hindi in the Ministry has led to any reduction in the damage to grains in the godowns of Food Corporation of India, which is reported to be of the order of Rs. 200 crores a year.

Sir, last year the Central Government imported 20 lakh tonnes of foodgrains from abroad in spite of heavy strain on our slender foreign exchange resources. But from January 72 to February 73, 15,114 tonnes of foodgrains had got damaged in the foodgrain godowns of Food Corporation of India. It is also reported that another 16,240 tonnes of damaged foodgrains are in the hands of the Food Corporation of India. I would like to know the reasons for such colossal damage to foodgrains in the godowns of Food Corporation of India.

*The original speech was delivered

Before I conclude, I would refer to the requirements of Tamil Nadu. In the Indian sub-continent, the Punjab and Tamil Nadu are standing in the forefront in the matter of foodgrains production. In 1972-73 the Tamil Nadu Government wanted 2.74 lakh tonnes of nitrogen, but the Central Government allotted only 50 per cent of the requirement, i.e. about 1.49 lakh tonnes of nitrogen. In the recent Zonal Conference held at Bangalore, the Tamil Nadu Government has demanded for the current khariff crop 1.20 lakh tonnes of nitrogen, 20,935 tonnes of phosphate, and 10866 tonnes of potassium. I urge upon the Minister of Agriculture that the requirement of fertilisers by Tamil Nadu should be met in full.

Sir, the Tamil Nadu Government has paid a sum of Rs. 4 lakhs to Bharat Electronics Bangalore for the purpose of setting up a Liquid Nitrogen Plant for storage of animals semen as recommended by the Dairy Development Corporation. But there has been inordinate delay in setting up this unit for want of machinery etc. I request the hon. Minister to look into this also.

One word more and I have done. Under an Indo-German Nilgiri Project, a German organisation gave as a gift fertilisers worth Rs. 70 lakhs for potato cultivation in the Nilgiris. Our sympathetic Central Government have not hesitated to charge excise duty on the consignments. There is a proverb in Tamil Nadu which means that Perumal begs with his bowl, but that bowl is snatched away by Hanuman. The action of the Central Government in charging excise duty on gift consignments has supplanted this proverb in Tamil Nadu.

With these words, I conclude.

*SHRI K. SURYANARYANA (Eluru): Mr. Deputy-Speaker, Sir, almost all the State Governments passed laws with regard to the land reforms and also framed rules to provide for allotment of Government fallow lands

in Telugu.

and surplus lands on a priority basis to landless labourers including Schedule Castes, Schedule Tribes and other backward classes. Because the distribution of surplus land is not being done according to the policies that were laid down by the Government, I am happy to note, the decision of the Central Government to set up a land reform centre at the Gokhlay Institute of Politics and Economics at Poona. So far the Government have estimated that 5 million acres of land would be surplus. Out of this 20 lakhs 40 thousand acres is suitable for distribution in the States. So far they have been able to distribute 10 lakhs 25 thousand acres of land to the landless poor. Because of the insufficient and inadequate policies of the State Government in the question of distribution of surplus land some difficulties are being faced.

In my own constituency an agitation is going on. In that connection I would like to read a telegram which has been received by me:

"Convey Prime Minister our thanks for helping water for second crop. Requesting to represent atrocities of Murthiraju against fishermen and agricultural coolies in Kolleru area. Murthiraju pressing two bags paddy per acre as if water given by his generosity and also poisting false cases—Fishermen Agadallanka Agricultural coolies.

In connection with the same matter 245 fishermen and others who are effected have submitted a memorandum to the Collector and sent a copy of it to me for submission to you here. I would quote a few sentences from that memorandum:

"Shri Murthiraju, MLA, and Ex-Minister is very powerful in our parts. He has founded a society

known as Thokalapalli Co-operative Joint Farming Society in or about the year 1956 and ever since he has been in full control over it taking the lands on periodical leases from Government. The said society was subsequently bifurcated into five societies. Though there are nominal boards for the above societies with Presidents, Secretaries etc., he has been managing to admit only such members as are subservient to him. He has been collecting 2 bags per acre over the 1100 acres of land taken by the society on lease from the Government. Besides he has been selling away the fishery rights in the said lands and realising large amount."

The memorandum further states:

"We have been representing to Sri Murthiraju from 1969 onwards that it was not just and proper on his part to sell the fishing rights in Society lands and Samsta lands and we, who have been having fishing licences and depending on fishing may be permitted to carry on fishing without any interference from him."

As per the Government of Andhra Pradesh orders which state,

"That the lessees of land shall have the right to fish or dispose the fishery available in Jadas and Gundams formed in Collair lake and in the plots leased out to them for cultivation. The fishery licence holders can enjoy the fishing available in Jadas and Gundams before the transplantation of the second crop (which commences generally in early February) without causing any damage to the Buda."

This order has been flouted by him and the Government is not in a position to check him. Several people who agitated were victims of false cases that were foisted upon them. Another petition has been submitted to Collector Eluru on 14th of this month when

[Shri K. Suryanarayan]

a false case has been foisted against them because they protested against unlawful exploitation of the resources of the lake when such an exploitation is permitted any amount of land reform would not do good to the people.

Even before the advent of the irrigation in Godavari delta area project, in Kolleru lake several families are producing good crop in that area. They were cultivating that land for the last 200 years. The Government has not done anything to distribute this land to these people who are working on it. I have written to the Government of Andhra Pradesh in the matter. I have suggested that all these lands should be surveyed and distributed as quickly as possible. The Government replied stating that "Regarding the suggestion to grant pattas for the lands to the cultivators to enable them to secure long term loans, etc. by collecting from them market value at the rate of Rs. 500 per acre on the average, this Government hold the view that the proposal of assignment of Kollair lands may be deferred till the lands are rendered fit for dependable wet cultivation after the drainage schemes contemplated by the Mitra Committee report for the area are completed." It is seven years since Mitra Committee submitted its report. Because of lack of funds with the Government they are not able to implement the recommendations of that Committee. The land which is about 30,000 acres has not so far been distributed. Some influential landlords are taking advantage of the situation. I submit that the Centre should suggest to the State Government to distribute that land among the farmers who are already working at an early date. This is an opportune time the State is under President's rule.

I suggest that this land may be taken over by the State Farms Corporation. If it is taken over then the policies of the Government could be very effectively implemented. In this connection I would suggest further that the Chairman of the State Farms

Corporation should go into the feasibility of taking over and submit a report to the Government.

The land in the Kollaru area is being given on one year lease. The farmers are deprived of their rightful due by some influential landlords. I may add that 20,000 tons of fish is being produced every year and is being exported to Calcutta. Middlemen are making exorbitant profits while the fishermen are exploited and paid only a rupee a kilo whereas it is sold at the rate of Rs. 7 per kilo in Calcutta.

Two years back hon. Shri Shinde, came to that area to lay the foundation stone for a transformer for electricity. We are able to electrify 10 to 12 villages in that area with the help of State Electricity Board.

I would like to mention here another important matter about sugar factories. We proposed to construct about 40 new sugar factories in the country. Out of which 30 of them are proposed in the Cooperative Sector. These factories are not coming up as expected because of the lack of necessary materials like cement, iron and steel etc. Because of delay in the construction of the factories the prices have gone up and the estimates were boosted up. One sugar factory at Bhimadole whose estimate has increased from 2 crores 75 lakhs to 3 crores 40 lakh is a case in point. I therefore submit that the loans that were sanctioned by the Notional Cooperative Development Corporation should be suitably enhance to meet the price rise. Otherwise the licences would lapse and a serious impediment would result in the progress of Cooperative Sector in the field of sugar industry.

Another point I would like to mention is about the food production. The farmers are working very hard, and are producing considerable amount of

foodgrains. They are facing difficulties in getting loans and fertiliser at reasonable terms. I had an informal talk with the hon. Minister Shri Barooah yesterday. I am glad that he has agreed in principle to the suggestion that there should be fertiliser factory in the Circars districts. So far we are getting fertilisers from other States. The other States are not able to utilise their quota completely. You all know the importance and necessity of fertiliser in the cultivation of high yielding varieties of crops. Here I would like to state that the marginal farmers are facing great difficulties in securing loans after the implementation of land reforms. Neither the Government is giving loans nor the cooperative societies have any money with them. While concluding I would like to submit that the farmers in my district are also facing these difficulties.

In this Rabi season in West Godavari district we have produced 2 lakhs 40 thousand tonns of foodgrains of high yielding varieties. This is inspite of the political turmoil which overtook my State. I am proud of the performance of the farmers as well as the agricultural labourers in the matter.

Finally I would submit here that the farmers in my State would be able to his best when peaceful conditions return after the bifurcation of the State of Andhra Pradesh as desired by them. I assure the Government that much more foodgrains would be available from the State of Andhra Pradesh if such a step is taken by the Government.

. कृषि मंत्रालय में राज्य मंत्री (प्रो० शेर सिंह) : उपाध्यक्ष महोदय, हमारे राष्ट्र के जीवन में कृषि का बहुत महत्व है और हमारी राष्ट्रीय आय का करीब आधा भाग हमको कृषि से मिलता है। इसके अतिरिक्त बहुत सारे उद्योग-धन्धे भी ऐसे हैं जो कृषि पर आधारित हैं इसलिए हमारे

राष्ट्रीय जीवन में कृषि का महत्व कम नहीं कहा जा सकता। कृषि का बहुत बड़ा महत्व है।
15 hrs.

[SHRI K. N. TIWARY in the Chair.]

और कृषि उत्पादन बढ़ाने के लिए यह बात भी ठीक है जो माननीय सदस्यों ने कही कि सब से आवश्यक चीज जिससे हम कृषि का उत्पादन बढ़ा सकते हैं वह पानी है, सिंचाई है। उसके बगैर हम चाहे कितना ही अच्छा बीज डालें, कितनी ही खाद दें या और साधन हों, उन सब साधनों का उपयोग तभी हो सकता है जब सब से पहले हमारे पास पानी उपलब्ध हो। इसलिए पानी का सब से बड़ा महत्व है और कृषि मंत्रालय ने इस बात पर अधिक जोर दिया है कि हम अपनी जो स्कीमें बनायें उस में अधिक से अधिक जोर हम सिंचाई के बढ़ाने पर दें। और इसलिए ग्राउंड वाटर डेवलपमेंट और रूरल इलेक्ट्रिकेशन, इनके ऊपर हर वर्ष 250 करोड़ रु० करीब ग्राउंड वाटर डेवलपमेंट के ऊपर और 150 करोड़ रु० रूरल इलेक्ट्रिकेशन पर खर्च होता रहा है। और उसके द्वारा कितनी नई भूमि को सिंचाई मिली है यह भी मैं आंकड़े आपके सामने उपस्थित कर दूँ। 1968-69 में आज से पांच साल पहले चौथी पंचवर्षीय योजना आरम्भ हुई तब हमारे देश में डग वैल्स की कुल संख्या थी 56 लाख 95 हजार और इस चौथी पंचवर्षीय योजना के अन्त में उन की संख्या 65 लाख हो गई। इसी तरह प्राइवेट ट्यूब वैल्स की संख्या 2 लाख 66 हजार थी और वह इस पंचवर्षीय योजना के अन्त तक 8 लाख 73 हजार हो जायेगी। इसी तरह पब्लिक ट्यूब वैल्स की संख्या जो 15,000 थी वह 20,000 हो जायेगी। इलेक्ट्रिकल

[श्री० शेर सिंह]

पम्पस 10 लाख 89 हजार थे, 1968-69 में, जब चौथी योजना आरम्भ हुई, और अब उनकी संख्या 25 लाख 884 हजार हो जायेगी। इस तरह डीजल पम्प सैट्स 8 लाख 37 हजार थे और इस योजना के अन्त तक उन की संख्या 14 लाख 37 हजार हो जायेगी। इस तरह जो सरफेस माइनर इर्रिगेशन स्कीम्स और ग्राउंड वाटर के द्वारा जिनका विवरण मैंने रखा, उसके द्वारा जहां 12.88 मिलियन हैक्टेयर्स को सिंचाई उपलब्ध थी 1950-51 में, वह अब 23.50 मिलियन हैक्टेयर्स को पानी मिल जायेगा चौथी पंचवर्षीय योजना के अन्त तक तो अगर आप इसका हिसाब देखें तो करीब 90 प्रतिशत के करीब वृद्धि हुई है ग्राउंड वाटर डेवलपमेंट और सरफेस माइनर इर्रिगेशन स्कीम्स के द्वारा जो सिंचाई हुई उस से।

यह प्रश्न किया गया कि क्या बात है कि जब सिंचाई बढ़ी तो पैदावार क्यों नहीं बढ़ी? लेकिन मेरे सहयोगी ने बताया था कि जहां पहले 55 मिलियन टन्स, यानी साढ़े पांच करोड़ टन अनाज का हमारा उत्पादन था 1956 के करीब वहां 1970-71 में 10 करोड़ 80 लाख टन के करीब पहुंच गया। तो इसका अर्थ यह है कि 90 प्रतिशत के करीब सिंचाई बढ़ी। उसी के अनुपात से, बल्कि उससे भी अधिक, हमारी पैदावार बढ़ी। इसलिये यह कहना कि हमारी पैदावार नहीं बढ़ी है यह गलत है।

यह ठीक है कि पिछले वर्ष देश के काफ़ी इलाकों में सूखा पड़ा और सूखा पड़ने के कारण

जो मोटे अनाज हैं, तिलहन, दाल वगैरह की पैदावार में कमी हुई। लेकिन उस समय कृषि मंत्रालय ने कदम उठाये कि इस दौरान में भी जितना पानी उपयोग में ला सकते हैं लाना चाहिये, और इसलिये अमरजैसी ऐग्रीकल्चर प्रोडक्शन प्रोग्राम चालू किया गया और उसके फलस्वरूप हमारा अंदाजा है कि शायद 30, 40 लाख टन के करीब अतिरिक्त अन्न को पैदावार हुई इसी के कारण जो हमने अमरजैसी ऐग्रीकल्चर प्रोडक्शन प्रोग्राम लिया। और उसके द्वारा (व्यवधान)

सभापति महोदय : आप बराबर व्यवधान न कीजिये।

श्री० शेर सिंह : कोई साढ़े सात लाख एकड़ के करीब नई भूमि को सिंचाई मिली और उसके कारण वृद्धि हुई। तो यह कहना कि कोई सिंचाई का लाभ नहीं पहुंचा यह गलत बात है, आंखें बन्द करना है तथ्यों से।

हमारे सहयोगी ने बताया था कि सूखे का प्रभाव काफ़ी व्यापक है, हमारे देश तक ही सीमित नहीं था, और देशों भी था और बहुत सारे देशों को और देशों से भी बाहर से अनाज लेना पड़ा। हमारे देश ने सब से कम लिया, और हम अपने देश की प्रशंसा खुद नहीं करते, बल्कि एफ० ए००० के लोगों ने स्वीकार किया है। पिछले वर्ष में रशिया का भी उत्पादन कम हुआ है, इस साल भी कम हुआ है। चाइना के अन्दर भी कम हो रहा है और भी एशिया के देशों के अन्दर कम हो रहा है। लेकिन जो कदम भारत ने उठाये उनके फलस्वरूप जितना

अदेशा था उस के हिसाब से यहां पर कमी नहीं आई, बल्कि पिछले दिनों जो कदम उठाये उसका फायदा यह हुआ कि रबी की फसल पिछले साल से तगड़ी है। पिछले साल गेहूं 2 करोड़ 65 लाख टन के करीब था। इस साल हमारा अन्दाजा है कि शायद 3 करोड़ टन के करीब उत्पादन पहुंच जायगा। इसलिये यह कहना कि कोई लाभ नहीं हुआ सिचाई का यह गलत बात है।

जमीन के बारे में माननीय झारखंडे राय ने एक बात कही कि बहुत सारी परती जमीन पड़ी हुई है जिसका उपयोग हम नहीं करते हैं। उस का उपयोग अगर करें तो काफी वृद्धि पैदावार में कर सकते हैं। उस का उपयोग चाहे जगलों के लिये करें, चाहे खेती के लिये करें, लेकिन उस का उपयोग होना चाहिये। हमारे देश में पहली बार एक वैज्ञानिक दृष्टिकोण से इस बात पर विचार लगा है, और पंचवर्षीय योजना में लिये प्रोग्राम बना रहे हैं कि सब से पहले जो भूमि हमारा सब से बड़ा साधन है इस देश का, उस साधन के बारे में पूरी जानकारी जो हमें नहीं है, वह पूरी जानकारी प्राप्त हो। उसके लिये हम सोइल सर्वे करें, बहुत बड़े पैमाने पर सोइल मैप तैयार करें जिससे हमें जानकारी हो कि कौन सी जमीन किस फसल के लिये उपयुक्त है, कौन सी फसल वहां पर लगानी चाहिये, क्या वहां पर क्रीपिंग का पैटर्न होना चाहिये। उस के सम्बन्ध में वैज्ञानिक ढंग से विचार करके कोई 10 करोड़ रु० के करीब हमने मांगा है कि अगली पंचवर्षीय योजना में इस बात के लिये पैसा रखा जाये जिससे यह तो जान लें कि जो

भूमि हमारे पास है, जो साधन हैं, उन साधनों का उपयोग किस जगह और किस चीज के लिये कितना कर सकते हैं, उससे कितना लाभ कमा सकते हैं, कौन सी जमीन में खेती करें, कौन सी जमीन में हाई यील्डिंग बैराईटीज की खेती करें, कौन सी जमीन में तेल, तिलहन पैदा हो सकता है और कौन सी जमीन में गन्ने की बेती करें, कौन सी जमीन में पास्चर डवलप करें ताकि पशुपालन कर सकें। तो हम अपनी जमीन का किस ढंग से ऑप्टिमम उपयोग कर सकते हैं, कौन सी जमीन किस लायक है, उस के सम्बन्ध में विचार किया है।

इसी तरह से जो बहुत सारी जमीन हमारी डेम के नीचे आ गयी, वाटर लॉगिंग हुआ, वैसे हमारे देश में जो सरफेस इर्रिगेशन की मेजर और माइनर स्कीम्स थीं, दुर्भाग्य की बात है कि उस की करीब एक तिहाई जमीन हमारी खराब है। जो नहरें हमने निकालीं उस के आस पास की जमीनों में वाटर लॉगिंग हुआ, सेम आयी, और उस की वजह से कोई 6 मिलियन एकड़ जमीन पर असर हुआ। उस जमीन की भी हम लाइनिंग करें, जो सारी नहरें हैं उनको पक्की करें, सी पेज ड्रेनेज का इन्तजाम करें, जमीन का रिक्लेमेशन करे। काफी बड़ी माइत्रा में जो जमीन बेकार हो गई है पानी की कमी की वजह से उसको रिक्लेम कर के हम काम में ला सकते हैं। और उत्पादन बढ़ा सकते हैं इसके लिये भी योजना बनाई गयी है इसी तरह से जो बड़े बड़े रिजर्वायर हैं, वाटर शेड्स हैं जहां मिट्टी बहकर आ सकती है बारिश के साथ, जिस से सिल्टेशन होता है, उन की लाइफ छोटी होने का अन्देशा हो रहा है। इस के लिये भी

[प्रो० शेर सिंह]

हमने प्रोग्राम बनाया है। इतनी बड़ी प्रोजेक्ट्स के ऊपर पिछली पंच-वर्षीय योजना में 25 करोड़ रुपया खर्च किया गया था और अगली पंच-वर्षीय योजना में और अधिक हम खर्च कर रहे हैं। इसी तरह से फ्लड्स के बारे में भी कुछ कदम उठाने हैं। इन सब का उद्देश्य यही है कि हम अधिक से अधिक पानी को ठीक ढंग से इस्तेमाल कर सकें और जमीन खराब न हो, तथा जिस जमीन में से जो उपज हम ले सकते हैं वह ले सकें। इस के लिये विशेष रूप से ठोस कदम उठाये गये हैं।

SHRI B. V. NAIK (Kanara): Has the hon. Minister given any thought to the reclamation of saline land around India's coast-line of 3,500 miles?

प्रो० शेर सिंह : सैलाइन लैंड के लिये भी रिक्लेमेशन का कार्य चल रहा है। कर्नाल में जो हमारा इन्स्टीट्यूट है वह इस पर गौर कर रहा है। सैलाइन लैंड से हम कौन सी फसलें उगा सकते हैं इस बारे में जांच हो रही है। उसमें अगर बीट उगा सकते हैं अथवा दूसरी फसलें उगा सकते हैं या नहीं, इस के बारे में अनुसंधान हो रहा है। उसी ढंग से जो जमीन खराब हो गई है, सैलाइन हो गई है, वाटरलॉगिंग हो गई है उस को किस तरह से हम रिक्लेम कर सकते हैं इस के बारे में काफी काम हो रहा है। यह कोई बहुत बड़े कार्यक्रम नहीं है लेकिन बिचार चल रहा है।

एक बात और कही गई कि जितना हमारा सिंचाई का कार्यक्रम चलाया गया और कृषि उत्पादन बढ़ाने की बात चलाई गई, उसका लाभ बड़े किसानों को हुआ, बड़े जमींदारों को हुआ, छोटे किसानों तक उसका लाभ नहीं पहुंचा। इस बात में काफी हद तक सच्चाई

है। यह ठीक बात है कि पिछले दिनों में जितने हमारे बड़े बड़े कार्यक्रम चले कृषि से उत्पादन को बढ़ाने के लिए और सिंचाई जमीन को और अधिक देने के लिये उसका अधिकतर लाभ बड़े बड़े लोगों को पहुंचा है। यह बात नहीं कि उसका लाभ छोटे किसानों को नहीं पहुंचा, उनको भी पहुंचा है, लेकिन देश में छोटे किसानों की आबादी बहुत है और जमीन उनके पास थोड़ी है—हमारे यहां 70 फीसदी छोटे किसान है लेकिन उनके पास करीब 30 फीसदी जमीन है। इस लिये जो भी लाभ पहुंचता है छोटे किसानों को सिंचाई बगैरह का अगर एक एक किसान के हिसाब से देखा जाय तो छोटे किसान को लाभ तो पहुंचता है लेकिन थोड़ा पहुंचता है। यह ठीक बात है कि जो उत्पादन के नये तरीके अपनाये गये, वैज्ञानिक ढंग अपनाये गये उनका लाभ छोटे किसान नहीं उठा पाये। लेकिन चूंकि उनके पास साधन नहीं थे इस लिये जितना लाभ वह उठा सकते थे उतना नहीं उठा पाये। इसी लिये जो कमजोर वर्ग हैं, जो छोटे किसान हैं उनके लिये हम ने विशेष कार्यक्रम चलाये। उनकी चर्चा भी यहां पर हुई।

स्माल फार्मर्स डेवलपमेंट एजेंसी और माजिनल फार्मर्स ऐंड ऐग्रीकल्चरल लेबरर्स के लिए पाइलट प्रोजेक्ट्स बने। 46 पाइलट प्रोजेक्ट्स स्माल फार्मर्स डेवलपमेंट एजेंसी के लिये बनाये गये और 41 पाइलट प्रोजेक्ट्स माजिनल फार्मर्स ऐंड ऐग्रीकल्चरल लेबरर्स के लिये बनाये गये। पहले वर्ष में यह काम कुछ थोड़ा हुआ क्योंकि पहले तो इस बात का निर्णय करना था कि किसी एक क्षेत्र में छोटे किसान कितने हैं। उनका आइडेंटिफिकेशन

करना था। इसी तरह से मार्जिनल फार्मर्स ऐंड ऐग्रीकल्चरल लेबरर्स का आइडेंटिफिकेशन करना था। उसके बाद ही उनको सुविधायें पहुंचा सकते थे। इसकी तैयारी करनी थी। उसके बाद 1971-72 और 1972-73 में काफी काम हुआ है। मैं आपकी आज्ञा से एम०एफ०डी०ए० और एम०एफ०ए०एल० के लिये जो काम हुआ है उसके बारे में बतलाना चाहता हूँ। नम्बर आफ पार्टिसिपेंट्स आइडेंटिफाइड—22,62,000/10,80,000 छोटे किसानों का आइडेंटिफिकेशन किया गया। इसी तरह से मार्जिनल फार्मर्स और ऐग्रीकल्चरल लेबरर्स का आइडेंटिफिकेशन किया गया। इस कार्यक्रम की तहत अब तक जो काम किया गया वह इस प्रकार है :

	एस०एफ० डी०ए०	एम०एफ० ए०एल०
वेल और ट्यूब		
वेल	48341	5250
पम्पसेट	12935	2442
माइनर इरिगेशन		
वर्क्स और दूसरे		
छोटे वर्क्स	16996	391

छोटे किसानों को दूसरा सहारा देने के लिये, दूसरा रोजगार देने के लिए यह प्रयत्न किया गया कि वह पशुपालन कर के अपनी आमदनी में वृद्धि कर सकें। इस कार्यक्रम के तहत 22566 मिल्च कैटल एस०एफ०डी०ए० में दिये और 13313 मिल्च कैटल एम०एफ० में दिये। इसी तरह से पोल्ट्री यूनिट्स 2655

एस०एफ०डी०ए० क्षेत्रों में दिये और 2066 एम०एफ०ए०एल० क्षेत्रों में दिये। इसी प्रकार रूरल आर्टिजन्स की बात है। जो देहात के कारीगर हैं उनमें से 1044 को एस०एफ०डी०ए० में मदद दी गई और 13 को एम०एफ०ए०एल० में मदद दी गई। इसी तरह से रूरल वर्क्स के बारे में है। इसकी तहत भी 15711 लोगों को रोजगार मिला एस०एफ०डी०ए० में और 5560 लोगों को रोजगार मिला एम०एफ०ए०एल० में।

इनके बारे में थोड़ा भ्रम था और माननीय सदस्य ने अभी कहा कि जो रुपया इसके अन्दर रखा गया है वह एम०एफ०डी०ए० में एक आदमी के पीछे 1 हजार 66 रु० और एम०एफ०ए०एल० में 46 रुपया आता है। इससे क्या बनेगा? इतना इतना रुपया हर व्यक्ति को देना है। उसे साधन देने होंगे, सुविधायें देनी होंगी, उनको कर्ज दिलवाने हैं जिससे वह अपना कारोबार कर सकें। इस लोन की सहायता देने के बाद उनको सन्निडी मिल जाये। अगर ऋण मिलने में कोई दिक्कत हो तो उसकी गारंटी सरकार दे दे, रिस्क फंड बना ले। इसके लिए 1.50 करोड़ रुपया एस०एफ०डी०ए० के अन्तर्गत रखा गया और 1 करोड़ रुपया एम०एफ०ए०एल० के अन्तर्गत रखा गया। जो रिस्क फंड बनाया गया है उसका यह मतलब नहीं है कि केवल इतना ही रुपया उसको मिल सकेगा। इसके लिये कोआपरेटिव को मार्फत कर्जा मिला है, एस०एफ०डी०ए० के अन्तर्गत 27 करोड़ 19 लाख का शार्ट-टर्म लोन मिला है और एम०एफ०ए०एल० प्रोजेक्ट्स में 2 करोड़ 42 लाख रुपया मिला है। मोडियम टर्म लोन

[प्रो० शेर सिंह]

एस०एफ०डी०ए० के अन्तर्गत 6 करोड़ 41 लाख मिला है और एम०एफ०ए०एल० के अन्तर्गत 1 करोड़, 69 लाख, 75 हजार मिला है। इसी तरह से लांग टर्म लोन 16 करोड़, 45 लाख, 50 हजार एस०एफ०डी०ए० प्रोजेक्ट्स में और 1 करोड़, 58 लाख, 85 हजार एम०एफ०ए०एल० में मिला है। इसी तरह से कामर्शल बैंक्स से भी मिला है।

इस तरह से देखा जाय तो हमारा यत्न यह है कि हम अपने निग्रमों में सुधार करें जिससे छोटे किसानों और माजिनेल फार्मर्स को सहायता मिल सके। इसी प्रकार हमारे यहां जो ऐग्रीकल्चरल लेबरर्स हैं और दूसरे लोग हैं उनमें बेरोजगारी बहुत है। कल शायद एक माननीय सदस्य ने कहा था कि हमारे देश में देहात में ढाई करोड़ के करीब आदमी बेरोजगार हैं। वह रोजगार की तलाश में हैं लेकिन उनको रोजगार नहीं मिलता। इसके लिए विशेष कार्यक्रम हमने चलाया। 1971-72 में कृषि प्रोग्राम फार रूरल एम्प्लायमेंट के सम्बन्ध में 32 करोड़ रुपये खर्च किये गये। चूंकि यह काम देर से शुरू हुआ था, काम के लिये छः महीने बाकी थे, इस लिये थोड़ा काम हुआ। 50 करोड़ रुपये रबे गये थे लेकिन 32 करोड़ रुपये खर्च हुए। लेकिन इसमें 800 लाख मैन डेज लगे। अगर हम इसको 200 से डिवाइड करें तो 4 लाख आदमियों को 200 दिन काम मिला। इस वर्ष हमें आशा है कि 50 करोड़ से भी ज्यादा खर्च हो जायेगा। पिछले साल का बचा हुआ जो पैसा है वह भी दिया है। यह सब पैसा स्टेट्स को जा चुका है। कुल मिला कर

51 या 52 करोड़ रुपया हो जायेगा। इससे हो सकता है कि यह 800 मैन डेज के बजाय 1200 मैन डेज तक पहुंच जाये।

इसी तरह से कुछ प्रोजेक्ट्स बने थे इस बात की जांच करने के लिये कि हमारे देश में बेरोजगारी कितनी है। वैसे तो इसके लिये एक कमेटी पहले ही बैठी थी, भगवती कमेटी, लेकिन वह एक सीमित प्रोग्राम था जो हर जिले में चलाया गया था एक हजार आदमियों को दस महीने काम देने के लिये। हम चाहते थे कि इस प्रोग्राम को और बढ़ाया जाये। इसकी देखने के लिए कि कितने आदमी हैं जिनको काम मिलना चाहिए, हम ने जांच की। इस के लिये हम ने सारे देश में पंद्रह प्रोजेक्ट्स बनाये। हम समझते थे कि एक क्षेत्र में शायद 2800 और 3000 के करीब आदमी पंद्रह साल और उनसठ साल के बीच की उम्र के ऐसे होंगे, जिनको काम चाहिए। लेकिन अलग-अलग प्रोजेक्ट्स से हमारे पास जो सूचनाएँ आ रही हैं, उन से पता लगता है कि एकचुअली जो लोग काम पर आ रहे हैं, उनकी संख्या बहुत ज्यादा है। डाउट एफ़ेक्टिव एरिया में बहुत बड़ी संख्या में लोग आये— 40 हजार आदमी आये। कहीं 7 हजार आये, कहीं 8 हजार आये, कहीं 15 हजार आये और कहीं 20 हजार आदमी आये। हम इसके बारे में अध्ययन कर रहे हैं। हम इस अनुभव से लाभ उठा सेंगे और हम को पता चलेगा कि कितने लोग बेरोजगार हैं, कितने दिनों के लिए बेरोजगार हैं, कौन से महीनों में बेरोजगारी ज्यादा होती है, कौन कौन से काम गांवों में चालू किये जा सकते हैं, जिनके द्वारा हम गांवों में ही लोगों को काम दे सकते

हैं और बेरोजगारी को समाप्त कर सकते हैं, आदि ।

सूखा पीड़ित इलाकों—ड्राउट प्राउन एरियाज—का कार्यक्रम 1970-71 से चालू है । उसके अन्तर्गत सारे देश में 54 जिले चुने गये और उसके लिए 100 करोड़ रुपया—हर जिले के लिए 2 करोड़ रुपया—मखसूस किया गया । पहले वर्ष में कुछ थोड़ा काम हुआ, लेकिन इन तीन वर्षों में जों काम हुआ है, हमारा अन्दाजा है कि उसमें 100 करोड़ रुपये में से 70 करोड़ रुपये का उपयोग इस साल के अन्त तक हो सकेगा । दिसम्बर, 1972 तक 52 करोड़ रुपया खर्च होने की सूचना तो हमारे पास आ भी चुकी है । उसके बाद के तीन महीनों में काफी तेजी से पैसा खर्च हुआ है । हमारे पास कुछ राज्य सरकारों की यह सूचना आ रही है कि जितना पैसा उनको दिया गया है, शायद वे उससे ज्यादा पैसा खर्च करेंगी । उनकी मांग है कि उनको और ज्यादा पैसा दिया जाये । जो 30 करोड़ रुपया बचा है, वह अगले वर्ष खर्च करना है ।

इस साल कुछ कटौती की बात चल रही है । लेकिन श्री फखरुद्दीन अहमद साहब ने वित्त मंत्री महोदय को पत्र लिखा है कि यह पैसा सूखा-पीड़ित इलाकों के गरीब आदमियों के लिए है, इस लिए उसमें कटौती न की जाये, बल्कि पूरा पैसा दिया जाये, ताकि देश के 54 जिलों के सूखे से दुखी आदमियों को पैसा मिल सके ।

हमारा ड्राई लैंड फार्मिंग का कार्यक्रम भी चला रहा है । उस में भी नये अनुसन्धान

हुए हैं कि कौन कौन सी फसल किस किस इलाके में उगाई जा सकती है, ताकि हम थोड़ी बारिश होने पर भी ज्यादा पैदावार कर सकें और उन इलाकों में रहने वाले छोटे किसान अपना जीवन-यापन ठीक ढंग से कर सकें । हमारे ये अनुसन्धान काफी उपयोगी सिद्ध हुए हैं ।

कुछ माननीय सदस्यों ने पशु-पालन का भी जिक्र किया है । यह ठीक है कि अगर देश के देहात में बसने वाले करोड़ों आदमियों को कोई रोजगार देना है, तो उसका सबसे बड़ा साधन पशु-पालन हो सकता है । इस सम्बन्ध में पशुओं का दूध बढ़ाना, पशुओं की नस्ल सुधारना, बाहर से अच्छे पशु ला कर संकर-प्रजनन की व्यवस्था करना, आदि महत्वपूर्ण कार्यक्रम हैं । लेकिन, जैसा कि श्री मिर्धा ने कहा है, दूध के बेचने और किसान को उसकी ठीक कीमत दिलाने का प्रबन्ध भी करना चाहिए । अगर हम दूध बढ़ाने के कार्यक्रम को आगे बढ़ायें और उसके बिकने और किसान को ठीक मूल्य दिलाने की चिन्ता न करें, तो फिर हमें सफलता नहीं मिल पायेगी ।

इसी लिए आपरेशन फ्लड का प्रोग्राम चलाया जा रहा है । हमारे चार बड़े शहरों में रोजाना दस लाख लिटर दूध की खपत होती है । हम चाहते हैं कि उन शहरों में साढ़े सताईस लाख लिटर रोज की खपत हो । हम चाहते हैं कि हम शहरों की खपत को पूरा करें और गांवों के जिन किसानों ने स्माल फार्मर्स और माजिनल फार्मर्स के कार्यक्रम के अन्तर्गत पशु लिये हैं, उनको और बड़े शहरों के आस-पास मिल्क शेड एरियाज के किसानों

[प्रो० शेरसिंह]

को भी लाभ हो सके। इस लिए साढ़े सताईस लाख लिटर रोजाना दूध के प्रासेसिंग का इन्तजाम करने के लिए डेरी के एक्सपेन्शन का कार्यक्रम चल रहा है। कुछ काम इसी वर्ष चार पांच महीने में पूरा हो जायेगा।

उसके बाद मदर डेरीज के जरिये कोई 14 लाख लिटर और दूध सप्लाई करने की योजना है। उसके लिए भी चारों जगहों पर काम चालू है। हमें उम्मीद है कि अगले साल, 1974 में, ये सब डेरीज बन कर खड़ी हो जायेंगी। हम बाकी शहरों के लिए भी योजना बना रहे हैं।

इन चार शहरों के इर्द-गिर्द दस स्टेट्स के कुछ जिलों में, जो मिल्क शेड एरिया बने हैं, आपरेशन फ्लड के ढंग का हमारा कार्यक्रम चल रहा है। हम पांचवीं पंच-वर्षीय योजना में उसको और बढ़ाना चाहते हैं। कानपुर, लखनऊ, अहमदाबाद, पूना, बंगलौर और हैदराबाद जैसे दस लाख से ज्यादा आबादी के नगरों के आस-पास भी कुछ और जिलों को लेकर, जो मिल्क शेड एरिया हैं, हम पांच छः और काम्प्लेक्स कायम करना चाहते हैं ताकि हम दूध की पैदावार बढ़ा सकें और उसका मार्केट क्रीएट कर सकें।

इस वक्त हम स्किमड मिल्क पाउडर और बटर आयल से जो दूध बना रहे हैं, उसको हम खत्म करना चाहते हैं। हम नहीं चाहते कि हम आगे भी बाहर से स्किमड मिल्क पाउडर पर ही अपने देश में दूध का काम चलाते रहे। हम चाहते हैं कि हम अपने देश में ज्यादा दूध पैदा करें और उसके बाद बाहर से स्किमड मिल्क पाउडर लाना बन्द कर दें। आपरेशन फ्लड का मतलब यही है कि हम अपने देश में

ज्यादा दूध पैदा करके ज्यादा से ज्यादा लोगों को फ्रेश मिल्क पिलायें।

जहां तक फ़ारेस्ट्स का सम्बन्ध है, श्री मिर्धा ने मैन-मेड फ़ारेस्ट्स के बारे में जो रिपोर्ट दी है, उन्होंने विशेष रूप से उसका जिक्र किया है। यह ठीक है कि ग्राम तौर पर फ़ारेस्ट्स ऐसे इलाकों में हैं, जहां हमारे आदिवासी और दूसरे गरीब लोग बसते हैं। अगर हम फ़ारेस्ट्स का डेवेलपमेंट कर सकें उनसे आमदनी बढ़ा सकें और उन के एक एक्सपेंशन के काम को आगे ले जा सकें, तो हम अपने आदिवासी लोगों को, उन करोड़ों लोगों को, जो जंगलों में बसते हैं, काम दे सकते हैं और उनकी मदद कर सकते हैं।

मैन-मेड फ़ारेस्ट्स की स्कीम में यह सुझाव दिया गया है कि हम सब स्टेट्स में कार्पोरेशन बनायें और सारा काम ठेकेदारों को देने के बजाये इंस्टीट्यूशनल फ़िनांस की सहायता से फ़ारेस्ट्स से सम्बन्धित सब काम—फ़ारेस्टेशन, फ़ेलिंग, लांगिंग, इंडस्ट्रीज के लिए रा मैटीरियल सप्लाई करना और इकानोमिक प्लान्टेशन आदि—उन कार्पोरेशन की मार्फत हो। राज्य सरकारों के पास साधन कम हैं। सब से बाद में फ़ारेस्ट्स का महकमा आता है। जब सब जगह धन बट जाता है, तो मामूली सा पैसा फ़ारेस्ट्स के लिए मिलता है। सेंट्रल बोर्ड आफ़ फ़ारेस्टी ने इस सुझाव को मान लिया है।

SHRI B. N. REDDY (Niryalguda): I am not putting any question. Just I seek a clarification about forests. Is there any proposal before the Government to give cultivable land in the forests to the landless labour as part of the deforestation programme?

PROF. SHER SINGH: No.

SHRI VASANT SATHE (Akola):
We want afforestation, not deforestation.

श्री० शेर सिंह : तो फारेस्ट के बारे में यही निवेदन मैं कर रहा था कि फारेस्ट के साधन बढ़ाये जाये, एफारेस्टेशन और ज्यादा हो, हम और ज्यादा एफारेस्टेशन कर के बहुत सारी जो इंडस्ट्रीज हमारी हैं उनको रा मँटी-रियल दें और उसका लाभ ट्राइवल लोगों को मिले यह हमारी योजना है ।

वाइल्ड लाइफ का बिल आप ने पिछले दिनों पास किया । उस के ऊपर भी अमल चल रहा है । लेकिन अभी एक टाइगर प्रोजेक्ट 4 करोड़ रुपये का शुरू कर रहे हैं । 90 प्रतिशत उस का जो पैसा है वह मजदूरी में लेकर को जायेगा और ट्राइवल लोगों के काम आएगा । वह ले वर इंटेसिव स्कीम है । इस प्रकार फारेस्ट के द्वारा हम ने अन्दाजा लगाया है कि 50 मिलियन मैने डेज एक साल के अन्दर जो होते हैं इतना काम हम दे सकते हैं । इसके लिए अगर हम फारेस्ट के काम को आगे चल कर बढ़ाएं तो बहुत सारे ट्राइवल लोगों को काम दे सकते हैं । यह मैं ने इसलिए निवेदन किया —————(व्यवधान)

कुक्कुट पालन का काम हमारे देश में बहुत बढ़ा है । पिछले पाच सात वर्ष में इतने ज्यादा कुक्कुट हो गए और इतने ज्यादा अंडे हो गए कि खाने वाले थक गए हैं खिलाने वाले, पैदा करने वाले नहीं थके हैं ।

इन शब्दों के साथ मैं सभापति महोदय, आप का धन्यवाद करता हूँ कि आप ने मुझे समय दिया और यह थोड़े से तथ्य मैंने आप के सामने रखे हैं ।

श्री ज्ञानेश्वर प्रसाद यादव (कटिहार) : सभापति महोदय, आपने कृषि अनुदान पर बोलने का अवसर मुझे दिया, उसके लिये मैं आपका आभारी हूँ । कृषि हमारे आर्थिक जीवन का एक मेरुदण्ड है और हमारी राष्ट्रीय आय का आधा भाग कृषि के उत्पादन पर ही निर्भर करता है । आजादी के गत 25 वर्षों में कृषि पर जितना चतुर्दिक ध्यान देना चाहिये था उतना नहीं दिया जा सका । इसके कारण कृषि के उत्पादन में अगर कभी कभी चढ़ाव दिखाई पड़ता है तो फिर गिरावट भी नजर आती है ।

भारत भूमि शस्य श्यामला भूमि, काफी उपजाऊ भूमि रही है । लेकिन आज देश का आधा से अधिक भाग सूखे से ग्रस्त है और बिल्कुल अकाल की काली छाया देश के ऊपर विराजमान है । मैं यह नहीं कहता कि कृषि मंत्रालय ने कुछ काम नहीं किया । कुछ ऐसे काम उन्होंने किये हैं । कृषि अनुसन्धान में लगे हुये जो विशेषज्ञ हैं उन्होंने उन्नत किस्म के बीज का आविष्कार करके किसानों को "ग्रो मोर फूड", अधिकतम अन्न उपजाओ, में बहुत बड़ी सहायता प्रदान की है । भारत किसानों ने भी उन्नत

[ज्ञानेश्वर प्रसाद यादव]

कृषि के ढंग को अपना करके, उन्नत बीज को अपना करके अधिकतम अन्न उत्पादन में अपना योगदान दिया है। यह बात सत्य है कि उन्नत बीजों को छोटे किसानों ने और मध्यमवर्गीय किसानों ने अंगीकार नहीं किया और अधिकांश अन्न उत्पादन का फायदा देश के बड़े बड़े किसानों को ही मिला। आज भले ही कृषि मंत्रालय इस बात पर खुशी प्रगट करता हो कि हम कृषि के मामले में आगे बढ़े हैं लेकिन मैं कहना चाहता हूँ कि इस देश के अन्दर बड़े बड़े काश्तकारों ने ही कृषि में किये गये वैज्ञानिक अनुसन्धानों का, उन्नत बीजों का लाभ उठाया है। फिर भी हम कृषि वैज्ञानिकों और अधिकतम अन्न उत्पादन में लगे हुये किसानों को बढ़ाई दिये बिना नहीं रह सकते।

अधिकतम अन्न उत्पादन हो उसके लिये इस बात की आवश्यकता है कि हम उत्तम बीज, खाद और पानी का प्रबन्ध आम किसानों को मुहैया करें। लेकिन आज उर्बरक को ही आप ले लें, विगत पांच वर्षों में खाद की क्या स्थिति हुई है और इस पर विचार करें तो किसानों को खाद आज से पांच वर्ष पहले जिस कीमत पर मिलती थी क्या उस कीमत पर आज मिलती है? लगभग दुगुनी कीमत पर किसानों को खाद आज मुहैया की जा रही है और साथ साथ जितनी खाद की आवश्यकता है अधिकतम अन्न उत्पादन के लिये उतनी खाद का प्रोडक्शन भी इस देश में नहीं हो रहा है। इसलिये मैं चाहूंगा कि एक और खाद के उत्पादन का विस्तार जहां हो रहा है उसके साथ साथ कृषि मंत्रालय इस बात

पर भी विशेष ध्यान दे कि ग्रोन मैन्योरिंग के लिये किसानों को प्रेरित किया जाय। अपने अनुसन्धान में लगे वैज्ञानिकों को इस बात के लिये संकेत दे कि ग्रोन मैन्योरिंग से भी किसान अपने खेतों की मैन्योरिंग कर सकें उसके ऊपर भी वह ध्यान दें।

दूसरी बात पानी की आती है। पानी के बारे में सोचते हैं तो कभी कभी तो हमको, इस बात पर काफी चिन्ता और कष्ट होता है कि भारत की नदियों जो वास्तव में वरदान थीं वह नदियां आज अभिशाप बन गई हैं। नदियों के कारण कहीं पर बाढ़ की स्थिति दिखाई देती है तो कहीं पर कटाव की स्थिति दिखाई देती है। कई सदस्यों ने आपसे मांग की है कि आपके विभागों में समन्वय होना चाहिये। मैं तो यह चाहता हूँ कि लवु सिंचाई विभाग आप अपने जिम्मे रखें। उसके द्वारा आप किसानों की बहुत सी समस्याओं का समाधान कर सकते हैं। आज यह नदियां जो अभिशाप बन गई हैं क्या वह वरदान नहीं बन सकतीं? क्या नदी किनारों पर छोटे छोटे पम्प बिठाकर आप किसानों के खेतों में पानी नहीं पहुंचा सकते हैं? क्या नदियों का पानी जो समुद्र में जा कर बेकार गिर जाता है उसका अधिकतम उपयोग नदी के किनारे पर काश्त करने वाले जो छोटे छोटे किसान हैं उनके खेतों में पानी पहुंचा कर आप नहीं कर सकते? क्या उनके खेतों में उन नदियों का पानी उठा कर आप नहीं दे सकते? जरूर दे सकते हैं। अगर सरकार थोड़ा सा भी ध्यान इस ओर दे तो वास्तव में इस योजना से किसानों को अधिकतम लाभ पहुंचेगा।

बिहार के अन्दर अकाल के इस समय में थोड़ा सा ध्यान इस बात पर दिया गया है। नदी किनारे पर छोटे छोटे पम्प बीस बीस हास पावर के, दस दस हास पावर के लगा करके इस सुखाड़ का मुकाबिला बहुत कुछ सरकार ने किया है। उसके लिये भी मैं सरकार को बधाई देता हूँ और साथ साथ कृषि मंत्रालय से आग्रह करता हूँ कि इस प्रकार की एक विशद योजना ले कर आप देश में चलें तो वास्तव में आज आप जो तत्काल लाभ चाहते हैं कि अधिकतम उत्पादन हो, उसमें आपको तत्काल लाभ पहुंचेगा।

आज देश में सिंचाई की आपने जो व्यवस्था की है उसमें लगभग 48 करोड़ एकड़ भूमि देश के अन्दर कृषि योग्य है जिसमें से केवल 7.25 करोड़ एकड़ भूमि में आप सिंचाई कर सके हैं। उसमें भी आंकड़ें तो जरूर आपने दिये हैं कि हमने इतनी भूमि में सिंचाई की व्यवस्था की है, लेकिन अगर मैं कोसी नहर की ओर कृषि मंत्रालय का ध्यान आकृष्ट करूं तो कोसी नहर के द्वारा जो खेतों की सिंचाई की व्यवस्था की गई है उस व्यवस्था के बारे में सारे उत्तर बिहार का किसान और खास कर के पूर्णिया और सहरसा जिले के किसान रो रहे हैं। उनकी हालत को देखने वाला कोई नहीं है। नहरों में पानी नहीं है उसमें बालू भर गया है। करोड़ों रुपये खर्च किये गये। बड़ी सिंचाई योजना के बारे में लोग हल्ला करते हैं, मैं तो कहना चाहूंगा कि आपकी बड़ी सिंचाई योजना किसानों के लिये कतई कारगर नहीं हो सकती है। उसमें लम्बी अवधि लगती है और पैसा भी ज्यादा खर्च होता है। हमको तो छोटी योजना चाहिये जिससे

किसानों के खेत में पानी पहुंच सके। आपने नहरें जो बनाई हैं उसके कमांड एरिया में बहुत बड़ी भूमि आपने दिखा दी। नतीजा क्या होता है कि किसानों पर इर्रिगेशन टैक्स लग जाता है। आज मैं जिस क्षेत्र से आता हूँ पूर्णिया और कटिहार अनुमंडल का फलका, कोटा, मनिहारी और बरारी क्षेत्र जो हैं वहां का किसान रो रहा है। ऐसे ऐसे किसान को भी इर्रिगेशन टैक्स की नोटिस दी गई है जिनके पास काश्त की जमीन वहां नहीं है और जिनका खेत नहर एरिया से मीलों दूर है जहां एक भी चुल्लू पानी नहर का नहीं पहुंच पाता है। ऐसे किसानों को भी इर्रिगेशन टैक्स की नोटिस दी गई है। अगर इस प्रकार की सिंचाई व्यवस्था करके आप यह सोचते हैं कि इतने एकड़ भूमि सिंचित हो गई है तो मैं कृषि मंत्रालय से अनुरोध करूंगा कि उसका सर्वे वह कराये और तब पता चलेगा कि इस देश को कितनी भूमि सिंचित है और कितनी असिंचित है। इसके बावजूद कृषि के उत्पादन में हमारे किसानों ने जो योगदान दिया और कृषि मंत्रालय में लगे हुये वैज्ञानिकों ने जो परिश्रम किया उसके फलस्वरूप 1969-70 में 6.7 प्रतिशत और 1970-71 में 7.3 प्रतिशत की वृद्धि हुई है। परन्तु थोड़ा सा झोंका प्रकृति के प्रकोप का आया। देश के पूर्वी हिस्से में थोड़ी सी बाढ़ की छाया दिखाई दी, उड़ीसा में तूफान न आ जाय, कहीं पर ज्यादा जोर की वर्षा हो जाय तो हमारी सारी प्रगति ठप्प हो जाती है। कृषि के क्षेत्र में 1969-70 में 6.7 तथा 1970-71 में 7.3 प्रतिशत की जो वृद्धि हमने की थी, वह 1971-72 में 1.7 प्रतिशत उल्का

[श्री ज्ञानेश्वर प्रसाद यादव]

कम हो गई। इतना ही नहीं, 1972-73 के बारे में आने जो प्राक्कृत सन्तोषी की है, उसमें इस बात को स्वीकार किया है कि 1972-73 में कृषि उत्पादन को सम्भावनाओं पर मानून का प्रभाव पड़ा है और वर्तमान संकटों के अनुसार 1972-73 के कृषि उत्पादन के सूचकांकों में कमी होना निश्चित सा है। इस बात को आप भी मान कर चलते हैं।

इसलिये मैं चाहता हूँ कि आप इरीगेशन विभाग की भारी भड़कम योजनाओं पर निर्भर न रहें। अपने मंत्रालय को सूखा और भूखा न रहने दें। आज देश की धरती प्यासी है। किसानों को छोटी छोटी योजनाओं के देने से धरती की प्यास बुझ सकती है, उसके द्वारा ही हम अपने लक्ष्यों को पूरा कर सकते हैं, अन्न का उत्पादन बढ़ा सकते हैं और दुनियां को आप दिखा सकते हैं कि किस प्रकार से अन्न के मामले में हम अधिकतम तेजी से आगे बढ़ रहे हैं।

सभापति महोदय, कुछ कानून भी हमारे मार्ग में ऐसे आये हैं, जिनके कारण हमारे कृषि उत्पादन पर गहरा आघात पड़ा है। शुरू शुरू में भूमि सुधार कानूनों का सारे देश में स्वागत किया। जमींदारी प्रथा का उन्मूलन हुआ, गरीबों और भूमिहीन मजदूरों के अन्दर आशा का संचार दिखाई दिया और इस कांग्रेस सरकार ने नारा दिया—'लैण्ड टू दि टिलर्स'। लेकिन आज वह नारा केवल नारा-मात्र ही रह गया है। उसके बाद आपने लैण्ड-सीलिंग की बात उठाई—लेकिन उससे कितनी भूमि किसानों के अन्दर बटी? आप भूमि की अधिकतम सीमा का ज़रूर

निर्धारण करें—निर्धारण होना चाहिये लेकिन जनसंघ ने मांग की थी कि ग्रामदनी के आधार पर भूमि की सीमा निर्धारित की जाय, आपने हमारे उस सुझाव को ठुकरा दिया है ऐसा मालूम होता है कि सभी जगहों पर एक-से सर्कुलर दे दिये गये—10 से 18 एकड़ तक सीलिंग करो और आज सभी जगह 18 एकड़ का सीलिंग हो रहा है। मैं कृषि मंत्रालय से आग्रह-पूर्वक कहना चाहता हूँ—आप थोड़ा सा विचार करें—केरल में रहने वाला काश्तकार जितने कम एकड़ की भूमि की खेती से अपने परिवार का भरण-पोषण कर सकता है, क्या राजस्थान में उतनी भूमि किसान को दे दी जाय तो वह अपने परिवार का भरण-पोषण कर सकता है? यह टके सेर खाजा, टके सेर भाजो की नीति नहीं चलेगी।

मैं और मेरी पार्टी चाहती है कि भूमि की अधिकतम सीमा निर्धारित की जाय, लेकिन हम चाहते हैं कि आय के आधार पर उसका निर्धारण किया जाय। हमारे राष्ट्रीय आय का आधे से अधिक भाग कृषि आय पर निर्भर करता है, मैं चाहता हूँ कि सारे देश की इकोनोमी 1 और 20 की रेशियो में ले कर चलें—चाहे कृषि उत्पादन क्षेत्र हो, चाहे औद्योगिक उत्पादन क्षेत्र हो और उसको 1 और 10 की सीमा में ला कर बाँधें। आप दूसरों के लिये इस प्रकार की बात नहीं करते, केवल किसानों के लिये ही इस प्रकार की बातें करते हैं। मैं आपसे पूछता हूँ कि हमारे मिनिस्टर्स, बड़े बड़े अफसरों और हमारे राष्ट्रपति की ग्रामदनी का रेशियो क्या है। मैं किसी पर आरोप नहीं लगा

रहा हूं और न मेरी उनके प्रति कोई दुर्भावना है, लेकिन आप एक और विषमता घटाने के लिये लैण्ड सीलिंग की बात करते हैं और दूसरी ओर विषमता पर कोई अंकुश नहीं है। लैण्ड सीलिंग सब चाहते हैं लेकिन उसके लिये एक निश्चित सोमा होनी चाहिये कि 20 साल तक इसमें कोई परिवर्तन नहीं होगा, यदि कोई परिवर्तन होगा तो 20 साल बाद होगा, जिससे किसान कम से कम आश्वस्त तो हो जाय और अपनी पूँजी उस पर लगा सके। लेकिन इस तरह की व्यवस्था आप नहीं करेंगे। समाजवाद के थोड़े नारों से प्रगति के नाम पर, विषमता मिटाने के नाम पर बहुत बड़ी असफलता आपको मिलेगी।

दूसरी बात मैं कृषि मंत्रालय से पूछना चाहता हूँ—आपकी प्रोक्योरमेंट पालिसी क्या है? आपकी अनाज की वसूली की जो नीति है क्या उसको आपने लक्ष्मण रेखा में बांध लिया है, क्या उसमें हेर-फेर नहीं करना चाहते हैं। आपने प्राइस कमीशन बनाया है, क्या सत मजिने पर रहने वाले, एयर कण्डीशन में बैठने वाले आपके अफसरान, आई० सी० एस० आफिसर्स किसानों के दुख दर्द को सुन सकते हैं? उनमें किसान का प्रतिनिधित्व क्यों नहीं? हमारा किसान खलिहान में खड़ा होकर धूर के अन्दर जिस प्रकार से दमाही (Thrashing) करता है, मैं समझता हूँ उस समय हमारे मंत्री जी वहाँ जायें, तो उनको लू लग जायेगी। हमारे एयर कण्डीशन में रहने वाले अफसरान तो वहाँ जाने की हिम्मत नहीं कर सकते—ऐसे लोग हमारी प्रोक्योरमेंट पालिसी का निर्धारण

करते हैं, 72—76 रुपए क्विंटल गेहूँ की कीमत रखते हैं। 1968 के अन्दर जिस पालिसी का निर्धारण किया, वही नीति आज भी चली आ रही है, लेकिन इन पाँच वर्षों के अन्दर कृषि के द्वारा उत्पादित होने वाली वस्तुओं, यहाँ तक कि उद्योगों में उत्पादित होने वाली वस्तुओं के मूल्यों में कितना अन्तर आया है—आप इस पर थोड़ा गम्भीरता से विचार करें। मैं आपसे निवेदन करना चाहता हूँ कि किसान के साथ उचित न्याय नहीं हो रहा है। इस बीच में पानी और बिजली पर कर लगाये गये। इतना ही नहीं, एक उद्योगपति को अपने उत्पादन को देश के किसी भी भाग में ले जाने और बेचने की छूट है, यहाँ तक कि विदेशों में ले जाकर अधिकतम लाभ कमा सकता है, परन्तु किसान के साथ क्या हो रहा है—आपने जोन बना रखी है, एक जिले से दूसरे जिले में भी अपनी उपज को नहीं ले जा सकता। हम लोग जो गंगा और कोसी के दोआब पर रहते हैं, उसको एक तरफ से दूसरी तरफ नहीं ले जा सकते। आपका यह सारे-का-सारा प्रोग्रेसिव कानून केवल किसानों के लिये है।

आप कृषि उत्पादन को बढ़ाना चाहते हैं—कृषि क्रियाओं के संचालन में कितनी अश्वशक्ति की आवश्यकता है। आपकी रिपोर्ट के अनुसार कृषि के विभिन्न क्रिया-कलापों के लिये 12 करोड़ अश्वशक्ति की आवश्यकता है, परन्तु देश में केवल 4 करोड़ 50 लाख अश्वशक्ति उपलब्ध है। इसमें दो-तिहाई आठ करोड़ बैलों द्वारा प्राप्त

[श्री ज्ञानेश्वर प्रसाद यादव]

होती है, बाकी साढ़े सात करोड़ अश्वशक्ति के लिये आपने क्या कदम उठाये हैं। आपने कहा था कि हम 35 हजार ट्रैक्टर मंगायेंगे, 32 हजार का तो नवम्बर तक लदान हो चुका है, ऐसा आपने रिपोर्ट में लिखा है, लेकिन सवाल उठता है कि साढ़े सात करोड़ अश्वशक्ति की पूर्ति कहां से करेंगे? क्या छोटे और कम दाम के ट्रैक्टर तैयार करेंगे?

मैं शेर सिंह जी को बधाई देना चाहता हूँ—उन्होंने पशु-पालन के बारे में कहा है। पशु-पालन के लिये सरकार ने एक योजना को स्वीकार किया और उसके द्वारा छोटे छोटे किसानों को अधिकतम लाभ पहुंचाने की कोशिश कर रहे हैं। एक ओर तो पशु-पालन की नीति सरकार ने स्वीकार की है, लेकिन दूसरी ओर जनसंघ ने गत कई वर्षों में मांग की कि गौ-हत्या पर प्रतिबन्ध लगाया जाय, तो केन्द्रीय सरकार के गले के नीचे वह बात नहीं उतरी—यह दो बातें एक साथ नहीं चल सकतीं—एक तरफ पशु-पालन की बात कही जाय, दूसरी तरफ बूचड़खाने में प्रति दिन गायें कटाई जाय। यह बात समझ में नहीं आती है। देश की एकोनोमी को सुधारने के लिये सीलिंग से सरप्लस लैण्ड को भूमिहीनों में आप कितनी और कब तक बांटेंगे? बिहार में पहले श्री चन्द्रशेखर सिंह ने कहा कि 20 लाख एकड़ जमीन उपलब्ध होगी और अब कहते हैं कि पांच लाख एकड़ जमीन उपलब्ध होगी। लेकिन पता नहीं उसके बाद 50 हजार एकड़ भी जमीन उपलब्ध होगी या नहीं? आखिर सीलिंग का फल कौन भोग रहा है? भोग रहे हैं भोले भाले किसान जिसके घर में कोई मुंशी

नहीं है, जिसका परिवार बट चुका है और जिसके घर में 200 मेम्बर हो गये हैं दादा के नाम पर जमीन है। हमारे बहां श्री रबु-वंश नारायण सिंह, जिनके बेटे दिनेश सिंह बिहार में शिक्षा मंत्री हैं उनके पास बिहार में सबसे बड़ी काश्त हैं, वह सबसे बड़े काश्तकार हैं लेकिन हैं बड़े समाजवादी, समाजवादी सरकार के मंत्री हैं। यह समझ में नहीं आता है इसलिये आपकी नीति साफ होनी चाहिये।

थोक व्यापार के बारे में कहकर मैं भाषण समाप्त कर दूंगा। आपने बिड़ला या दूसरे बड़े बड़े उद्योगपतियों के घरानों में चलने वाले जो उद्योग-धंधे हैं उनको लेने की हिम्मत नहीं दिखाई। थोक व्यापार में किसी का भी एकाधिकार इस देश में नहीं था क्योंकि इस देश में 35 सौ मंडियां हैं और लाखों लोग तिजारत में लगे हुये थे। किसी एक परिवार की उसमें मानोपाली नहीं थी लेकिन अब तो सरकार की मानोपाली हो गई है। गांधी जी की जो सारी की सारी विकेन्द्रीयकरण की योजना थी उसके विरुद्ध सरकार अपने में सभी कुछ केन्द्रित करने जा रही है। नतीजा क्या होगा? आपने ईंधन भी ले लिया और अब गेहूं भी ले लिया फिर इस देश के 55 करोड़ लोग कहां जायेंगे? क्या एफ० सी० आई० के बल पर? एफ० सी० आई० के बारे में पिछले साल लोक सभा में पूरी चर्चा हो चुकी है। मैं उसके अष्टाचार की एक रिपोर्ट दिल्ली में देता हूँ कि डिप्टी मैनेजर जो मरे उनके स्थान पर आपने क्या आदमी दिये। एसोसिएशन में ऐसे तगड़े लोग हैं, ऐसे सब लोग हैं जो

भ्रष्टाचार को प्रोत्साहन देते हैं। मैं शिंदे साहब से कहना चाहता हूँ कि आप जो यह व्यापार अपने हाथ में लिये हैं उसके स्थान पर क्या आप उस पर अंकुश लगाने के लिये कोई दूसरी विधि नहीं लगा सकते थे? क्या आज एफ० सी० आई० को मार्केट में कम्पीटीशन के तौर पर नहीं ला सकते थे? आप भी रोजगार करते और छोटे छोटे व्यापारियों को भी सौ बोरी तक रखने की छूट देते। कुछ बड़े व्यापारी आपको बहुत खलते हैं या कुछ धनी लोग पांच या दस हजार बोरी रखते थे तो आप सप्लाई विभाग के द्वारा सौ बोरी पर लाकर उनको तिजारत करने देते और साफ साथ एफ० सी० आई० को भी यह काम देते। यदि कभी एफ० सी० आई० ने वर्क टू रूल का नारा दिया और एक हफ्ते तक गोल माल चला तो इस देश के 55 करोड़ लोग भूख से मर मरेंगे। इसलिये आप इस पर पुनः विचार करें। मैं आपसे इस कदम का विरोध नहीं करना चाहता हूँ और विवश हो कर मुझे कहना पड़ता है कि आप इस पर पुनः विचार करें। छोटे छोटे दुकानदारों से छीन कर गेहूँ व्यापार को एक समाजवादी बढ़ता हुआ कदम बताया जाता है लेकिन आप कितना मुनाफा कमाते हैं? किसान से तो 72 या 76 रुपये में लेते हैं लेकिन स्वयं बेचते हैं फेयर प्राइस शाप्स पर 86, 89 या 90 रुपये में।

सभापति महोदय : आप अब समाप्त कीजिये।

श्री ज्ञानेश्वर प्रसाद यादव : इसलिये मैं चाहता हूँ कि आप इस विषय पर पूर्ण रूप से पुनः विचार करें। आप कम्पीटीशन के रूप में बाजार में आयें।

अब मैं कुछ सुझाव रखना चाहता हूँ जो अनाज की बर्बादी होती है भंडारण में उसके सम्बन्ध में बतलाना चाहता हूँ। 1967 के सर्वे के मुताबिक 93 लाख कानमी और सीलन के कारण नुकसान होता है, 35 लाख चूहे खा जाते हैं।

सभापति महोदय : आप समाप्त कीजिये।

श्री ज्ञानेश्वर प्रसाद यादव : 40-50 लाख क्विंटल आप विदेशों से मंगा रहे हैं। तो आप भंडारण की अच्छी व्यवस्था करें। इससे बहुत लाभ होगा।

साथ साथ किसान के लिये जो स्माल फार्मर्स और मार्जिनल फार्मर्स एजेंसियां हैं उनको चुस्त और दुस्त करें। मेरा आपसे निवेदन है कि जो देश के बैकवर्ड जिले हैं, जिनको सरकार ने पिछड़ा हुआ घोषित किया है, कम से कम उन क्षेत्रों में ऐसा जरूर करें। स्माल फार्मर्स और मार्जिनल फार्मर्स के बारे में आपने जो कुछ भी किया है उसके बारे में मुझे कहना है कि साढ़े 70 करोड़ रुपया आपने रखा था लेकिन उसमें से केवल 13 करोड़ ही खर्च किया है। इसलिये मेरा निवेदन है कि आप स्माल फार्मर्स एजेंसियां और मार्जिनल फार्मर्स एजेंसियां जो हैं उनको सक्रिय बनायें, सक्षम बनायें ताकि देश के जो छोटे किसान हैं वह उनसे लाभान्वित हो सकें।

श्री नरसिंह नारायण पांडे (गोरखपुर) : सभापति महोदय, मैं आपका बहुत शुक्र-गुजार हूँ कि आपने इस महत्वपूर्ण विषय पर

[श्री नरसिंह नारायण पाडे]

मुझे अपने विचार प्रकट करने का मौका दिया। हमारे देश का यह बड़ा सौभाग्य है कि हमारा खाद्य मन्त्रालय आज खाद्य मन्त्री के अन्तर्गत है। कृषि में जो उत्पादन बढ़ जाता है तो कृषि के उत्पादन का महत्व होता है। खाद्य मन्त्रालय की गतिविधि बड़ी तेज इस देश में हो गई है। मैं ऐसा समझता हूँ कि खाद्य मन्त्रालय और कृषि मन्त्रालय का अलग-अलग अपना स्थान है। कृषि मन्त्री को देश के कृषि के उत्पादन के सम्बन्ध में अपने विचार रखने चाहिए और उसके बाद तत्परता के साथ उसके निराकरण हेतु कोई स्कीम कार्यान्वित करनी चाहिए। यह बात सही है, इससे इन्कार नहीं किया जा सकता है कि यह देश के एक बड़े संकट से गुजर रहा है लेकिन संकट से गुजरने के साथ-साथ हमारे जो मूलभूत साधन हैं उत्पादन के उस क्षेत्र में हमें तरक्की करनी चाहिए। हमें देखना चाहिए एक आज जो हमारे भूमि सुधार कानून हैं जो सही तरीके से देश के उत्पादन को बढ़ाने के लिए, लाखों करोड़ों जो हमारी गरीब जनता है जिसकी आकांक्षाओं का पालन करने के लिए बनाए गए हैं वह सही रूप से लागू होते हैं या नहीं। जब तक हम मौलिक बातों को नहीं देखेंगे तब तक मैं निश्चित तरीके से कह सकता हूँ कि आज जो गरीब झोपड़ियों में रहते हैं जिनके पास आज अन्न की कमी है, जिनके बच्चे आज अन्न के लिए तरस रहे हैं, जिनके घर में आज चिराग नहीं है उन के लिए हम केवल समाजवादी समाज की रचना का नारा देकर सही तरीके से हम कोई परिवर्तन नहीं ला सकते हैं। हमें

इसकी तरफ गौर करना पड़ेगा। आज जितने भी भूमि सुधार के कानून बने हैं वह जिलों में जहाँ के तहाँ रख दिए गए हैं। मैं अपने क्षेत्र की बात जानता हूँ, अपने प्रदेश की बात जानता हूँ कि छोटे किसान पट्टे लेकर आते हैं और कहते हैं कि हमें बसने के लिए जमीन मिली है, सीलिंग ऐक्ट लागू होने पर जमीन मिली है लेकिन हमें कब्जा नहीं मिल रहा है। कलक्टर से कहा जाता है, मिनिस्टर से कहा जाता है लेकिन किसी तरह से उसका निराकरण नहीं होता। हमें मौलिक तरीके से सोचना पड़ेगा। इस देश में करोड़ों के हितों की रक्षा करने वाली जो हमारी पार्टी है जिसका नारा समाजवादी नारा है उस नारे को अगर हमें सही तरीके से पालन करता है तो आज जो हमारी व्यूरोक्रैसी का चगुल है जोकि आज हमारे उन उद्देश्यों की पूर्ति नहीं होने देती है उस पर काबू करना होगा। आज भी जिले में जो कलक्टर बैठा हैं उसको सारी पावर्स दे रखी हैं।

आज उसकी पावर को डीसेंट्रलाइज करना पड़ेगा। जब तक जिला ए.डी. पर अधिकारों का डीसेंट्रलाइजेशन नहीं करते तब तक विकास की गति को जितना तेज करना चाहते हैं, नहीं कर सकेंगे। तो यह मौलिक बात है। आप डीसेंट्रलाइजेशन करें, जिलों में डीसेंट्रलाइजेशन करें, डिस्ट्रिक्ट मैजिस्ट्रेट की पोस्ट को वायसराय की पोस्ट न बनाएं। आप जिलों में ऐसी स्थिति पैदा करें जिसमें हम भी ला एंड आर्डर के जिम्मेदार हों, स्पीकुलस पार्टिसिपेशन जनता का रेप्रेजेन्टेटिव कर सकें। हमसे कहा जाता

है कि पीपुल्स पार्टिसिपेशन करो। लेकिन जिले में हमारी कोई बात नहीं सुनता। इसलिये मैं सरकार से कहना चाहता हूँ कि अगर आप चाहते हैं कि समाजवादी नीतियाँ वहीं तरीके से कार्यान्वित हों तो उसके लिए जरूरी है कि जिला स्तर पर डीसेन्ट्रलाइजेशन करें, जिला परिषद को पावर दो, ऐंजीक्यूटिव अथोरिटीज को पावर दो, तभी देश में समाजवादी समाज की रचना कर सकते हैं।

16 hrs.

हमारा देश कृषि प्रधान है। 50 फीसदी आदमी ऐग्रीकल्चर प्रोडक्शन कर रहा है। जो 50 फीसदी हमारी नेशनल इनकम को बढ़ा रहा है, जो पचास फीसदी हमारे एक्सपोर्ट के साधनों को मुड़ियाँ कट रहा है, उसकी हालत क्या है? आज वह किसान कहता है कि कोई ऐसा कमीशन बनाओं जो कि हमारे द्वारा पैदा की गयी चीजों को देखें कि उनकी क्या कीमत होनी चाहिए और वह जिन चीजों का उपयोग करता है ऐग्रीकल्चर के प्रोडक्शन में उन चीजों के क्या दाम होने चाहिए। तो आप पाँजेगै कि उसके द्वारा पैदा की गई चीजों के दाम और उसके द्वारा उपयोग में आने वाली चीजों के दाम में बड़ा अन्तर है। फिर कैसे वह प्रोडक्शन बढ़ा सकता है।

यह बात सही है कि सूखा पड़ गया, बाढ़ आ गयी, एक ऐसा नक्शा बन गया जिसमें हमारे देश का प्रोडक्शन कम हुआ। कुछ प्रदेशों में सूखा पड़ गया और हमें अनाज भंजना पड़ा। यह देश अजीबो गरीब देश है। यहां कुछ ऐसे वेस्टेड इंडस्ट्रिय हैं, प्रतिक्रियावादी शक्तियाँ हैं जो देखती हैं

कि कहां सूखा पड़ गया, कब बाढ़ आ जाय और जिस समय बाढ़ और सूखा आ जाता है उस समय चीजों के दाम को बढ़ाते चले जाते हैं। मेरा मतलब कंज्यूमर गुड्स से है सरकार को देर नहीं करनी चाहिए। आज सारे उन पदार्थों पर, ऐग्रीकल्चरल गुड्स पर, गेहूँ के होल-सेल ट्रेड पर जिस तरह आपने कब्जा किया, इसी तरह से जितनी भी कंज्यूमर गुड्स हैं उन पर आप को कब्जा करना चाहिए। देर नहीं करनी चाहिए, और इसको ऐम्फेटिकली एम्प्लीमेंट करना चाहिए।

आज स्थिति क्या है? होल सेल ट्रेड को आज राजनीति का अखाड़ा बनाया जा रहा है। मैं उन राजनीतिक लोगों से कहना चाहता हूँ कि आप देश की अर्थव्यवस्था को जानते हैं, क्या आप की समझ में नहीं आता आज 42 लाख टन अगर शुगर खाने वाले इस देश में हों, और 35 लाख टन का प्रोडक्शन हो तो जाहिर है कि राशनिंग करनी पड़ेगी। इस देश में जब गेहूँ की पैदावार कम हो रही हो, चावल की पैदावार आबादी की मात्रा में कम हो रही हो, तो इस देश में राशनिंग नहीं होगी तो क्या होगा? और मैं कहना चाहता हूँ सरकार ने जो निश्चय किया है वह ऐसा निश्चय है कि जिसकी भूरि भूरि प्रशंसा होनी चाहिए। लेकिन हमारे कुछ दोस्त इसको राजनीतिक अखाड़ा बना कर के और चुनाव प्रचार का एक माध्यम बना करके गाँवों में जा करके गलत प्रचार कर रहे हैं, और बड़े-बड़े थोक व्यापारियों का प्रचार कर रहे

[श्री नरसिंह नारायण गांडे]

हैं। वह कह रहे हैं कि तुम गल्ला रोक लो, तुम्हें जितने रुपये की जरूरत हो हमसे ले लो। खलिहान में गल्ला आते ही बड़े किसानों से सौदा करना शुरू कर दिया है कि जितने रु० की जरूरत है, कितना गल्ला बेचना चाहते हो, रुपया उनको दे दिया और गल्ला अपने घर में रख लिया। होल सेल ट्रेडर्स यह कर रहे हैं और वह किसानों को रुपया देकर गल्ला उनके यहां होर्ड कर रहे हैं और अपने प्रोग्राम को स्कटिल करना चाहते हैं जिस से आपका प्रोग्राम चल न सके। आप इस बारे में प्रदेश सरकारों को लिखें। उत्तर प्रदेश सरकार ने कहा कि 31 मार्च तक सारे व्यापारी गोदाम से अरता गल्ला निकाल दें, और अगर उस तारीख तक नहीं निकालेंगे तो उनके खिलाफ सरकार कार्यवाही करेगी। मैं जानता हूँ, 31 मार्च बीत गई, लोगों ने अपना गल्ला नहीं निकाला, लेकिन एक भी होल सेलर अरेस्ट नहीं किया गया। एक को भी जेल नहीं भेजा। मैं जानना हूँ कि क्यों नहीं भेजा? मैंने एक बड़े अफसर से बात की वह कहता है कि यह तो रोज का तमाशा है जो कानून का बनाया गया है। रोज सरकार के आदेश आया करते हैं। सरकार का होल-सेल ट्रेड को टेक ओवर करने का प्रोग्राम फेल हो जाएगा। और फेल करने के लिए उनका हैंड इन ग्लव्स है। इस बारे में आप क्या कदम उठाने जा रहे हैं। आपको सोचना चाहिए। आपको प्रदेशों के मुख्य मन्त्रियों को और खाद्य मन्त्रियों को बुलाकर कानफरेंस करनी चाहिए कि आखिर इस स्थिति को कैसे सम्भालें। अब कोई तरीका

नहीं है सिवाय इसके कि इस देश में खाद्यान्न के व्यापार के बारे में मन्त्री जी एजन्त करें कि जितनी कंज्यूमर गुड्स हैं सबको नेशनेलाइज करेंगे। आपको स्पष्ट चेतावनी देनी चाहिए कि अगर कोई होल सेल ट्रेडर अपने यहां गल्ला रखता है तो उसको डी० आई० आर में अरेस्ट किया जाएगा। तभी जाकर के आपकी मत्था पूरी होगी। आज प्रतिक्रियावादी ताकत आपके इस प्रगतिशील कदम का विरोध करने के लिए तैयार हैं और नाना प्रकार की पार्टीयों को मिला करके पोलिटिकल कैपिटल बनाना चाहती हैं। आपको होशियार होना चाहिए, और इस तरफ आपका ध्यान जाना चाहिए।

देश में दूध के उत्पादन की बात कही गई। 280 मिलियन कैटिल इस देश में हैं और तीन आउन्स डली हमको दूध मिलता है। इस तरफ भी ध्यान देना चाहिए। और सरकार क्या कर रही है कि उन के जो खाने की चीज हैं वह आप बाहर भेज रहे हैं, और उसके बदले क्या ले रहे हैं? 10 करोड़ रुपए का मिल्क पाउडर मिल रहा है। आपको इस नीति को त्यागना पड़ेगा। अगर चाहते हैं कि देश के अन्दर 3 आउन्स रोज दूध मिले और दूध का उत्पादन बढ़ाया जाए तो उसकी तरफ ध्यान देना चाहिए।

गरीबों को जमीन कैसे मिले इस पर पर भी विचार करना चाहिए। बहुत सी जमीन एल्केलाइन सोयल है, उस पर आपकी कमेटी की रिपोर्ट आती है कि उसमें जिप्सम डालें और वह फर्टाइल हो जायगी। इसी तरह जहां एसिडिटी है वहां लाइम डालने के लिए सिफारिश की है जिससे उर्ध्व उपजाऊ

बनाया जा सकता है। लेकिन उन सिफारिशों पर कोई अमल नहीं हो रहा है।

उत्तर प्रदेश में नदियां कहर मचाए हुए हैं और हर साल 100 करोड़ रुपया बाढ़ में चला जाता है।

आपने बाढ़ के लिए कोई स्कीम बनाई आपने फनड प्रोटक्शन के लिए कोई काम किया? आपने बहुत किया, मैं नहीं कहता कि कुछ नहीं किया। आपने छितौनी बांध बनाया, इन्हें निकाली, लेकिन आज भी जरूरत है राप्ती, घाघरा, कुआनों जैसी नदियों को बांधने की। आज जरूरत है कि ऐसी नदियों पर बांध हो। जलकन्डी योजना बहुत दिनों से पड़ी हुई है। उसको लागू करने की जरूरत है। जब तक यह सब चीजें नहीं होंगी तब तक इस देश में खाद्य-उत्पादन का काम कैसे होगा?

मैं एक चीज का बड़ा विरोधी हूं। आज फर्टिलाइजर के कारखाने खुलते चले जा रहे हैं। मैं कहता हूं कि कि घर का खाद का कारखाना आप क्यों नहीं मजबूत करते? जो चीज पत्ते से दूसरी चीजों से बनती है उनको मजबूत करने के लिए आपने कोई कदम उठाया? कम्पोस्ट को मजबूत करने के लिए आपने कोई कदम उठाया? आप इसके ऊपर भी ध्यान दें जिससे हम कम्पोस्ट की खाद को मजबूत कर सकें।

मैं दो मिनट में अपनी आखिरी बात कहनी चाहता हूं। शुगर के नेशनलाइजेशन

का सवाल है। चीनी मिलों के राष्ट्रीयकरण का मामला हमारे लिए जिन्दगी और मौत की बात हो गई है। चीनी मिलों के राष्ट्रीयकरण के लिए जब हम उत्तर प्रदेश के मुख्य मन्त्री से मिलते हैं तो वह कहते हैं कि हमने बिल भेज दिया है, वह केन्द्रीय सरकार की झोली में पड़ा हुआ है। जब केन्द्रीय मन्त्री से हम बात करते हैं तो वह कहते हैं कि रिपोर्ट आ जाने दो, हम तब बात करेंगे। एटार्नी जनरल और एडवोकेट जनरल सब की रिपोर्ट पड़ी हुई है। कम से कम आज भगवान के लिए यह तो कीजिए कि चीनी मिलों का उद्धार कीजिए पूजी-पतियों के पंजे से उनको छुड़ाइये। उनका राष्ट्रीयकरण कीजिए। यह परिस्थिति स्वयं सरकार की कमजोरी की वजह से आई है या क्या है यह तो सरकार के मालिक लोग जान सकते हैं या मन्त्री जान सकते हैं। अब तक चीनी के मिल मालिक कहते हैं, जिन्होंने मिल को सिक मिल डिव्लेयर किया था, कि हम पैसा देने के लिए तैयार हैं इकट्ठा करके, सिक मिल हमें दे दी जाए, हम चलाएंगे। समाजवा के फोरम के लोगों ने एक प्रस्ताव पास किया, अब उसका भी कंट्राडिक्शन शुरू हो गया है। मैं कहता हूं कि इसमें कोई समाजवादी फोरम की बात नहीं है, यह सारी पार्लियामेंट के फोरम की बात है। मैं निवेदन करना चाहता हूं कि इस बात को साफ कर देना चाहिए कि जो सिक चीनी मिलें ली गई हैं उनको वापस करने का सवाल नहीं, चाहे वह करोड़ों रुपया ही क्यों इकट्ठा न कर लें। वह गन्ना किसान के बड़े हमदर्द बन गए हैं, मजदूरों के बड़े हमदर्द बन गए हैं। लेकिन उनकी हमदर्दी

(श्री नरसिंह न रायण पांडे)

के बारे में किसानों और मजदूरों को मालूम है। हमारी भी हमदर्दी उनके साथ है। इस हमदर्दी की बिना पर मैं कहना चाहता हूँ कि कभी कभी अखबारों में मन्त्री महोदय के ऐसे बयान निकलते हैं जिनसे मालूम होता है कि मन्त्री जी भी चाहते हैं, सरकार भी चाहती है कि जल्दी से जल्दी सिक मिलों को वापस दे दिया जाए। मैं कहना चाहता हूँ कि आप ऐसा मत कीजिएगा। चीनी मिलों के बारे में हमें बड़ा कटु अनुभव हुआ है। आप चीनी मिलों का राष्ट्रीयकरण कीजिए तो यह किसानों के लिए, मजदूरों के लिए और करोड़ों पीड़ित जनता के लिए और मानवता के लिए सबसे बड़ी देन होगी।

इन शब्दों के साथ मैं इन मांगों का समर्थन करता हूँ।

16 hrs.

SHRI M. V. KRISHNAPPA: (Hoskote): Sir, while supporting the Demands for Grants of the Agriculture Ministry. I would like to make a few suggestions. Out of the ten minutes given to me I would like to devote five minutes for drought and five minutes for wholesale trade on food.

In India it is said by people who have long experience in agriculture that taking five years as the cycle in Indian agriculture which is divided as follows: out of 5 year cycle one good year, one bad year, one year neither good nor bad and two indifferent years. This is a bad year of that circle. It is not uncommon that India will have to face drought quite often.

There are repeated droughts in chronically deficit areas about which surveys have been made and reports have been submitted. Yet, there is no earnest attempt to tackle the drought pockets in India in a big way, in a planned way, giving responsibility to a department. I am one of those who feel that there should be a separate department for dealing with drought-stricken areas.

It is said, one-fifth of India lies in scarcity areas. One belt of scarcity starts from Gujarat, passes through Maharashtra and then to Andhra, Karnataka and Telangana and extends upto Ramanathapuram in the south. The other belt starts from Gujarat, passes through Rajasthan and parts of eastern U. P. districts, like, Deoria, Basti, Gorakhpur and then extends to parts of Bihar. As a matter of fact, every district in India has a pocket of scarcity. Almost every State has a pocket of scarcity. So, one-fifth of India is always scarcity-stricken. This is the weakest link in our economy. You may have spent crores and crores of rupees and improved agriculture and there may be a green revolution in the valleys and deltas. Even though everything is all right in Indian economy, if scarcity starts in these pockets, a scare is created and it has an effect over the prices. It is the weakest link in the Indian economy. Therefore, it is high time that the Government should take immediate measures and set apart sufficient funds to tackle the situation.

There are enough of experiences for us in the world. Even in India, in these areas, a coordinated and integrated plan is necessary, as of insurance against famine. Then, crop pattern should be changed in these areas. Whether there is plenty of rain water in the tank or not, the traditional crop that the farmer grows is paddy in some of these areas. Paddy requires four times

water as against maize, jowar or bajra. So, in the same area where the farmer grows traditionally paddy, if he takes to maize, jowar or bajra, he could grow it with the available water and raise a successful crop.

Then, some agro-industries could be developed in these areas. There should be minor irrigation. Preservation of every drop of water is very essential so that failure of rain in one particular year should not make the farmer collapse and he can sustain himself. Some fruits could be grown and processing industries developed in these areas. With a limited amount of water, a lot of horticulture could also be developed. There are certain varieties of fruits, citrus variety and other varieties, which could be developed without much water.

In this august House, there was a laughter about poultry-rearing. There was laughter when the Agriculture Minister was talking about poultry. It is such an important thing. In Israel, in one scarcity district, they have developed poultry. They have developed it as a poultry district. There is no or little rain there. But it pays much more than any other district because they have developed poultry there. Poultry is one "tree" that does not require much water or regular rainfall and bears 250 fruits a year. In mythology, there is a story about Kamadenu and Kalpakavriksha. Kamadenu is cow and it gives milk whereas poultry is Kalpakavriksha. No animal that is useful to mankind, either cow or buffalo or sheep or goat, can multiply in such a manner as poultry does. A cow can give you two cows in a year; a buffalo can give you two buffaloes in a year; a sheep can give you two sheep in a year; a goat can give you two goats in a year. But if you take poultry, if there is one hen, it can multiply to 300 in a year. That is why it is like the Kalpakavriksha tree because of its creative capacity or Kalpana—Sakti. Poultry is an important thing. I did not want to

mention about it. Since there was laughter about it, since it was taken lightly, I mentioned about it.

Poultry is a very important industry. The Government of India should pay more attention to it. It requires more and more attention. If you want to get protein food, like milk, poultry is the answer. So, in scarcity areas, poultry should be developed to see that the farmer's economy does not collapse if there is failure of rain. There should be a coordinated and integrated plan about it.

Hundreds of crores of rupees are being spent on scarcity relief works. The final figures have not yet come. This year perhaps the Government of India will have to foot a bill to the tune of Rs. 300—400 crores on scarcity relief works.

Mysore alone is spending Rs. 50 crores. Maharashtra has spent, I am told, Rs. 60 to 70 crores. Rajasthan has also spent some money. Gujarat is spending Rs. 50 to 60 crores. If all these are totalled, the amount spent this year on scarcity relief would not be less than Rs. 300 to 400 crores. But what type of work has been done? It is all useless and a waste—done temporarily without any plan. Only kutcha roads have been constructed. The ringleaders knock away the money, and neither the farmers nor the hard-working labourers are benefited. 'Relief work' means relief to some people and not to the poor people. Therefore, doing these relief workers in a haphazard way should be avoided; there should be an integrated plan. Even if you spend Rs. 300 to 400 crores per year, it does not matter; to develop these pockets, it is very essential.

In Mysore State, things are very bad. In one pocket, in three to four districts, there is continuous famine; nearly 60 lakhs of people come under that. There has been complete failure of rabi and kharif crops and

[Shri M. V. Krishnappa]

people are very much agitated. I request the Food Minister to see that some more foodgrains are sent to that area; otherwise, people will starve. Gulbarga, Bidar, Raichur and Bijapur were growing white jowar, but today because of failure of crop, the people there are starving. There is, therefore, a great need that the Government of India should develop in an integrated and coordinated way the scarcity pockets in India which are the weakest link.

Coming to nationalisation of the wholesale trade, it is said that the Food Ministry has been the graveyard of many reputations....

THE MINISTER OF STATE IN THE
MINISTRY OF AGRICULTURE
(SHRI ANNASAHAB P. SHINDE):
You are a part of it.

SHRI M. V. KRISHNAPPA: I want to give my experience to my successor friend and colleague. I became the Deputy Food Minister when Rafi Ahmed Kidwai was the Food Minister, in 1952. When I entered the Food Department, there was strict and rigorous control, and when I left after ten years, in 1962, we had completely relaxed and people were happy. but that is not the position today. Even after 1962, in Mysore I was in charge of food for five years. With 15 years of experience, I am telling my friend that the wholesale trade take-over by Government is a must because ours is a socialist State. In those days, in 1952, though there was rigorous control, though there was nationalisation of trade, it was not called nationalisation of trade; because of necessity, they had to name it something; under the Defence of India Act they had taken powers to control the entire foodgrains. Ours is a socialist State. A number of friends have repeated the importance, why the wholesale trade in foodgrains should be taken over by Government. A great majority of the people of this country are hard-working labourers; most of them are people who spend 80

per cent of their earnings on food. In a country where nearly 80 per cent of the people spend 80 per cent of their income on food, it is very essential that the prices of foodgrains should be kept as low as possible.

When there was control, with my experience in the Food Ministry, I can say, it was hated by every one. Food debate used to be very critical debate; people hated it. When we removed it, every one was happy; the grower was happy, the consumer was happy, the trade was happy because there was freedom. but now, in this socialist State, we cannot entrust the whole job to the wholesale merchants. We have tried enough. They generally exploit the farmers in a bumper year and in a scarcity year they exploit the consumers and make huge profits. They want to continue this in spite of ours being a socialist State. As I said, this Ministry has been the graveyard of many reputations. It is going to be a very difficult job. When I entered the Ministry 21 years ago, I was hearing less of corruption in the country; but today I hear more of corruption. People do not cooperate now. The wholesale traders will perhaps invest all the Rs. 1,000 or 2,000 crores, which they were investing on foodgrains, on other essential commodities like dhal pulses, oil, etc. and will try to defeat the Government's policy. Most of the Opposition parties are not cooperating with the Government on wholesale trade take-over. With all these difficulties, the Ministry has to see that it is successful. The Food Ministry could raise the reputation of this Government to the Himalayan heights of popularity and they can also take us down to the sea of unpopularity. These two things are possible. So, I wish that they will not take us down to the sea of unpopularity but would take us to the heights of popularity. And, they must be very strict. I am giving you some hints. Having been a Minister for 15 years, I am giving some hints to my friend. Once you said 'controls', it is said

even the gunny bags will start eating. Leave alone others, shortages and deterioration in foodgrains will start. That means that at every stage there is a malpractice, leakage and other corrupt practices and everywhere people indulge in malpractices and leakages occur. Then corruption will increase. They must be strict in dealing with these hoarders and the wholesale merchants, and it should be stricter than it was in the olden days.

Then, about prices, the farmers should get remunerative prices. Otherwise, the farmers will start growing other crops. That always happens. If you do not pay the farmer a parity or remunerative price, then he will switch over to chilli-growing in Andhra or jute-growing in Bihar or he would start growing *Chana* in Punjab or groundnuts in Gujarat. So, switching over to commercial or cash crops will take place and the Food Ministry will very soon be in a soup. So, the farmer should be paid a remunerative or parity price. Otherwise, the Food Ministry will very soon come to difficulties.

With this little advice to my friend, I once again give a word, not one word of caution, but hundred words of caution, that you must remember that this is an item where Gandhiji said that God appears in the form of food to a poor man. An experienced philosopher once said that the difference between a civilised and an uncivilised man is ten meals. If a civilised man misses two meals, sometimes he will start telling lies for food but if he misses five meals, then he starts telling lies regularly and if he continues to starve and misses ten meals, then he commits a murder. So, the difference between a civilised and an uncivilised man, that philosopher says, is only ten meals. You make a civilised man starve and miss ten meals, then he will become a brute. That is the thing you are handling now. So, do not make these civilised people brutes.

Yesterday, Mr. Vajpayee somewhere has made a statement that food riots will start in the country. Food riot not against the Government, food riots will be against those people whom he is supporting—the wholesale traders. People will kill these wholesale traders then they will try to fight against the Government. I may tell Mr. Vajpayee that the riots will be first against the vested interests and then only against the Government.

With these words, I thank you for giving me an opportunity to speak, and I may assure the Food Minister that the next food debate will be as lively as this one.

श्री एस० एस० पूरती (सिंहभूम) :

सभापति महोदय, हमारा भारत एक कृषि प्रधान देश है। यहाँ की अधिकांश जनता कृषि पर ही निर्भर करती है और इस देश का वास्तविक विकास भी कृषि के विकास पर ही निर्भर करता है। कृषि के वैज्ञानिक अनुसन्धान संस्थान द्वारा देश में हरित क्रांति का मार्ग प्रशस्त किया गया है। लेकिन जब तक देश के कोने कोने में इस का प्रचार और प्रसार नहीं किया जायेगा तब तक कृषि के उत्पादन में किसी प्रकार की वृद्धि नहीं होगी और हमें अन्न के लिए दूसरे देशों का मुँह ताकना पड़ेगा। दूसरे देशों से अन्न मंगाने से हमारे देश की क्या हालत हुई है और क्या हालत होगी उस का अन्दाजा अभी हला की जो घटना घटी है माइलो के आयात के संबंध में उस से लगाया जा सकता है। उस से यह स्पष्ट होता है कि अगर हम अन्न के मामले में स्वावलम्बी नहीं हैं तो दूसरे देश वाले हमें शुद्ध अन्न नहीं भेजेंगे बल्कि धतूरे के बीज की मिलावट कर के वह हमारे देश में अन्न भेजेंगे जो हमारे लिए विष का काम करेगा। इसलिए हमें चाहिए कि कृषि

[श्री एस०एस० पूरती]

के विकास के लिए पूरा जोर लगाएं और कृषि के विकास के मार्ग में जो भी समस्याएँ हैं उन मौलिक समस्याओं का समाधान करने का प्रयास करें। हमारी भारत की शस्य श्यामला वसुन्धरा 55 करोड़ लोगों को अन्न देने के लिए ही नहीं बल्कि दुनिया को भी अन्न देने की सामर्थ्य और क्षमता रखती है। अगर सरकार देश में कृषि की समस्या का निराकरण कर के अन्नोत्पादन में लग जाये।

आज कृषि उत्पादन के मार्ग में कई समस्याएँ हैं। उन समस्याओं में पहली समस्या भूमि वितरण के संबंध में है। आज देश में भूमि की असमानता है। किसी के कब्जे में हजारों एकड़ जमीन है तो किसी को खेती के लिए एक इंच भी जमीन नहीं है। सरकार को यह भारी असमानता दूर करनी पड़ेगी, अन्यथा भूमि के असमानता के साथ साथ आर्थिक असमानता देश में मौजूद रहेगी। सरकार ने भूमि की असमानता को दूर करने के लिए लैंड सीलिंग ऐक्ट भी बनाया। लेकिन लगता है कि वह भी कागज पर हो रहेगा। वह भी सैद्धांतिक ही रहेगा। ऐसे हमारे देश बिहार राज्य में लैंड सीलिंग ऐक्ट को 1962 में ही लागू किया गया था। लेकिन इतने लम्बे समय के पश्चात् भी बिहार राज्य में जो भूमि की असमानता है किसानों के बीच में वह अभी तक मौजूद है। इस से लगता है कि यह लैंड सीलिंग ऐक्ट भूमि की असमानता को सुधारने में सफल नहीं होगा। इस के लिए मेरा अनुरोध है कि जो ऐक्ट आप बनाते हैं उस ऐक्ट को आप सख्ती से अमल में लाएं तभी भूमि में जो असमानता है उस में सुधार लाया जा सकता है।

बिहार का दक्षिणी हिस्सा अर्थात् छोटा नागपुर और संथाल परगना पहाड़ों से घिरा हुआ है। प्राकृतिक सुन्दरता वहाँ है। लेकिन पहाड़ों के निकटवर्ती गांवों में निवास करने वालों का जीवन प्रकृति की सुन्दरता के विपरीत कुरूप सा लगता है। वहाँ के लोग अन्न के बिना और गरीबी के मारे परेशान हैं। चारों तरफ हाहाकार मच रहा है। वहाँ उन की आँखों के सामने प्रोटेक्टेड फारेस्ट के अन्दर खेती के लायक जमीन है। लेकिन वह जमीन वैसे ही पड़ी हुई है। न फारेस्ट डिगर्टमेंट भूमिहीनों को देने का प्रयास कर रहा है और न ही केन्द्रीय सरकार इस संबंध में सही कदम उठा रही है। वहाँ पर परती पड़ी हुई जमीन है। उस जमीन को भूमिहीनों के बीच में वितरित किया जाना चाहिए। जंगल के निकट रहने वाले जो वहाँ के निवासी हैं वे गरीब हैं। उन के पास जमीन नहीं है। अगर वह बेकार पड़ी हुई जमीन उन के नाम बन्दोबस्त नहीं होगी तो नतीजा यह होगा कि भूख से मरता हुआ किसान जंगल काटेगा और सैकड़ों रुपये का माल दन रुपये में बेचेगा। इस तरह से जंगल की बरबादी बहुत जल्दी होगी। किसानों की गरीबी भी दूर नहीं होगी और असमानता भी दूर नहीं होगी। इसलिए हमारा अनुरोध है कि जंगलों में खास कर के प्रोटेक्टेड फारेस्ट्स के अन्दर जो बेकार की जमीन पड़ी हुई है वह जमीन भूमिहीन किसानों के बीच में बांट दें तो ज्यादा अच्छा रहेगा।

बिहार में जिला स्तर के और प्रबन्ध स्तर के बहुत से सरकारी कृषि फार्म हैं जो बेकार पड़े हुए हैं। असल में इन का लक्ष्य तो होना चाहिए कि उत्तम बोज पैदा करें और किसानों के बोज में वितरण करें, खेतों के अच्छे तरीके का प्रदर्शन करें। लेकिन ये कोई भी काम इन फार्मों के द्वारा नहीं होते। बल्कि एक साधारण किसान अपने सोमित साधनों के माध्यम से जितना उत्पादन कर सकता है उतना भी इन फार्मों के द्वारा उत्पादन नहीं हो सकता। इसलिए इस संबंध में भी हमारा अनुरोध है कि जा बेकार पड़े हुए सरकारी कृषि फार्म हैं वह भी प्रमि-हीन किसानों के बोज में बांट दिए जायें।

दूसरी समस्या है सिंचाई की। सरकार को और कृषि विभाग को चाहिए कि कृषि के विकास के लिए कृषि उत्पादन में वृद्धि लाने के लिए सब से अधिक व्यय सिंचाई पर ही करे। जहां पानी की सुविधा होगी वहां मेहनत करने वाला किसान पत्थर से भी फसल उपजा सकता है। इसलिए पानी के इंतजाम की ओर विशेष ध्यान सरकार का जाना चाहिए। देश में हर जगह नदियां हैं, नाले हैं जो बारिश आने पर ही पानी ले आते हैं। पानी उन में उमड़ पड़ता है और वह पानी बेकार चला जाता है। इतना ही नहीं वह वर्षा का पानी बाढ़ का रूप धारण कर के जान माल को भी खतरे में डालता है। इसलिए सरकार को चाहिए कि जहां नदी, नाले हैं वहां बांध बांधकर और नहरे निकाल कर उस पानी को सिंचाई के काम में ले आए। साथ ही बाढ़ की भयंकरता को भी रोके।

तीसरी बात में कृषि ऋण के संबंध में कहना चाहता हूँ जो सिर्फ कागजों का बंधन तक ही सीमित है। आज देश के किसान अन्नदाता कहे जाते हैं। लेकिन सही रूप में देखा जाय तो ये बिलकुल गरीब हैं। साल भर के खाने के लिए भी अन्न उन्हें मिलता नहीं है। ऐसा हालात में उन्हें उत्तम बीज खरीदने के लिए, हल बैल खरीदने के लिए और खाद खरीदने के लिए समय पर ऋण मिलना चाहिए। सरकार की ओर से जो कृषि ऋण की व्यवस्था है वह अर्थात्त है और समय पर किसानों को ऋण नहीं मिल पाता। इस के लिए मेरा सरकार से अनुरोध है कि कृषि ऋण वितरण की जो प्रणाली है वह बिलकुल आसान कर दी जाय और समय पर किसानों को ऋण दिया जाय ताकि वह कृषि विकास के काम में आगे बढ़ सके।

अन्तिम बात मैं यह कहना चाहता हूँ कि सरकार ने जो गेहूँ की कीमत निर्धारित की है वह सही माने में उचित नहीं जचती। हाल में ही पंजाब के दोरे पर हम गए हुए थे जगह जगह किसानों ने बतलाया कि 76 रुपये प्रति क्विंटल भाव उत्पादन व्यय के बराबर आ जाता है। उत्पादन में जो व्यय होता है उसी व्यय के बराबर 76 रुपये प्रति क्विंटल है। तो यह देखने की बात है कि जब देश के अन्दर बाजार में दूसरी

[श्री एस० एस० पुरती]

चीजों की कीमत अधिक वृद्धि पर है तो किसान के द्वारा उत्पादन को हुई चोज का कीमत की भी वृद्धि होनी चाहिए और जगह जगह आज किसान मांग कर रहे हैं कि गेहूं की कीमत उचित मिले, गेहूं की कीमत सही रूप में मिले। लेकिन इस ओर सरकार ध्यान नहीं दे रही है। इस ओर भी सरकार ध्यान दे।

श्री राम भगत पासवान (रोसेरा) : सभापति महोदय, मैं कृषि मन्त्रालय द्वारा प्रस्तुत मांगों का समर्थन करने के लिये खड़ा हुआ हूँ। हिन्दुस्तान एक कृषि प्रधान देश है और कृषि प्रधान देश होने के नाते इस की आत्मा कृषि में निहित है। कृषि का विकास हमारे हर विकास का आधार-स्तम्भ है। हमारी हरी क्रान्ति तभी सफल होगी जब कृषि में कार्य करने वाले मजदूरों का कृषि पर आधिपत्य होगा। यह ठीक है कि सरकार ने कृषि उत्थान के लिये, खाद्यान्न की वृद्धि के लिये अनेकों उपाय किये हैं, परन्तु हमारा आर्थिक ढांचा इस प्रकार का रहा है कि इस प्रकार का जो भी लाभ हुआ है वह बड़े बड़े पूंजीपतियों को, भू-स्वामियों को ही मिला है, गरीब और सर्व-साधारण, छोटे तबके के किसान इस लाभ से वंचित रहे हैं। इस प्रकार समाज में आर्थिक समता आने की अपेक्षा आर्थिक विषमता ही फैलती गई है, क्योंकि हम देखते हैं कि जो भू-स्वामी हैं, जो कास्तकार हैं, उन्हें खेती के अलावा दूसरे व्यापारियों

से भी आमदनी है, वे ऊंची शिक्षा प्राप्त कर सकते हैं, बड़े-बड़े पदों को प्राप्त कर सकते हैं। परन्तु दूसरी ओर छोटे-छोटे किसानों के बच्चे गरीबी के कारण उचित शिक्षा प्राप्त नहीं कर सकते, फलतः उनके बच्चों के बीच गरीबी की खाई बढ़ती ही जाती है।

विकास के बात से कार्य हुआ है, हर क्षेत्र में विकास हुआ है, लेकिन हम देखते हैं कि इस विकास से मजदूरों को क्या मिला? उनकी मजदूरी आज भी वही है जो पचास साल पहले थी, जो दो सेर अनाज पचास साल पहले मिलता था, वही आज भी मिल रहा है यद्यपि परिवार के सदस्यों की संख्या बढ़ती जा रही है। उनकी मजदूरी को बढ़ाने के लिए आज तक सरकार ने कोई ठोस कदम नहीं बढ़ाया।

सभापति महोदय, हम देखते हैं कि कृषि की सबसे बड़ी त्रुटि आज यह है कि जो खेती करना जानते हैं उनके पास भूमि नहीं है और जो खेती करना नहीं जानते, उनके पास हजारों एकड़ भूमि है। बहुत से ऐसे स्वाभी हैं जो समाज में प्रतिष्ठा प्राप्त करने के लिए हजारों एकड़ भूमि रखे हुए हैं और इसलिये रखे हुए हैं कि समाज में उन्हें ऊंचा समझा जाय। मैं सरकार से आग्रह करता हूँ कि मैं दिखला सकता हूँ कि सौ एकड़ का एक प्लॉट ऐसा पड़ा हुआ है जिस पर पिछले 50 सालों से कभी हल नहीं चला और अगर कोई गरीब आदमी मांगने के लिए जाता है तो देने के लिए तैयार

नहीं, बल्कि उसका खून कर देने के लिए तैयार हो जाते हैं। इस प्रकार की विषमता को दूर करने के लिए सरकार ने कोई ठोस कदम नहीं उठाया।

सभापति महोदय, लैंड सीलिंग पास हो गया—बहुत दिनों से ऐसी चर्चा सुन रहा हूँ। जब मैं देहातों में जाता हूँ तो गरीब लोग मुझ से पूछते हैं कि कब तक जमीन मिलने वाली है, कब तक हम गरीबों की गरीबी दूर होगी? मैं उसका क्या जवाब दूँ? इसलिए कृषि मन्त्री महोदय से मेरा आग्रह है कि कोई ठोस कदम उठाये इसके लिए कोई निश्चित अवधि मुकर्रर करें कि इतने दिनों के अन्दर जो फाजिल जमीन है, वह गरीबों के बीच बट जायेगी, ताकि उन लोगों को भी सन्तोष हो।

सभापति महोदय, एक शंका यह भी है—जब कभी गरीबों को भूमि देने का प्रश्न आता है—पूँजीपति और भू-स्वामी बौखला उठते हैं, यहां तक कि जो लोग पट्टे की जमीन जोतते हैं वह भी उनसे छीन ली जाती है। जब कभी गरीब अपने हक के लिए आवाज उठाता है तो कोर्ट में मुकदमा करके उस जमीन को छीन लिया जाता है, यहां तक कि उसे अपने घर की थाली-लोटा भी बेचना पड़ जाता है। इसलिए मैं सरकार से आग्रह करना चाहता हूँ कि लैंड सीलिंग से जो फाजिल भूमि निकलेगी, उसका वितरण गरीबों में इस प्रकार से हो कि उसको क्षति न उठानी पड़े। आप हर राज्य के मुख्य मन्त्री को आदेश दें कि सरकार

के उच्च-अधिकारियों और पुलिस अफसरों के माध्यम से उन गरीबों को जमीन मिले। अन्यथा पुलिस के इतिहास में यह रिकार्ड है कि जब भी गरीब और अमीर की लड़ाई हुई है पुलिस ने कभी भी गरीबों के पक्ष में फैवरेबिल रिपोर्ट नहीं दी है। इस लिए मेरा आग्रह है कि भूमि-वितरण की जो परिभाषा है, वह साफ-साफ होनी चाहिये तथा बटवारे का आसान से आसान तरीका अपनाया जाये ताकि गरीबों को क्षति न उठानी पड़े।

सभापति महोदय, अब मैं अपने सूबे बिहार के सम्बन्ध में कुछ कहना चाहता हूँ। बिहार की भूमि बहुत उपजाऊ है, तीन-चार मील पर नदी बहती है। इन नदियों के उपयोग का प्रयास किया जाय तो यह आशीर्वाद साबित हो सकती है, लेकिन दुख है कि इस दिशा में आज तक सरकार ने कोई ठोस कदम नहीं उठाया, जिसके फलस्वरूप बिहार में कभी अधिक बाढ़ आती है, कभी अधिक सूखा पड़ता है, इस दुर्भाग्य का सामना वहां की जनता को हर समय करना पड़ता है। किसानों की हालत इस बाढ़ और सूखे के चक्कर में पड़कर दर्दनाक होती जा रही है। इसलिए नदियों से पानी निकालने के लिए सरकार ऐसी व्यवस्था करे, जिससे किसानों को समय पर पानी मिल सके।

मान्यवर, मैं एक बात और निवेदन करना चाहता हूँ। सरकार ने आध्यात्म को तो अपने हाथ में लिया है, अनाज के अन्धार को अपने हाथ में ले लिया, लेकिन

[श्री राम भक्त पासवान]

अन्न के उपजाने का कार्य अपने हाथ में नहीं लिया। हमारा सरकार से आग्रह है कि हर एक खण्ड में 400 से 500 एकड़ भूमि सरकार एक्वायर करे, जहाँ सरकार की ओर से वैज्ञानिक ढंग से खेती हो ताकि वहाँ के स्थानीय मजदूरों को रोजी-रोटी मिले और सरकार को अधिक से अधिक गल्ला प्राप्त होता रहे। इस तरह के फार्म में कुटीर-उद्योगों की स्थापना भी होनी चाहिये। जो कृषि की वस्तुयें हैं उनके द्वारा दूसरा सामान बनाने के कुटीर-उद्योग लगाये जायें

सभापति महोदय मैं एक निवेदन और करना चाहता हूँ—गरीबों को जमीन दी जायेंगी, वह बहुत छोटे-छोटे टुकड़ों में होगी, इसलिए मेरा सुझाव है कि क्लैक्टिव फार्मिंग सामूहिक खेती की व्यवस्था होनी चाहिए। समय से उन्हें पानी मिले, खेती के साधन मिले—इस प्रकार की व्यवस्था सरकार को करनी चाहिये।

SHRI ANNASAHAB GOTKHINDE (Sangli): I rise not only to support the demands of this Ministry but also to congratulate the Ministers' concerned for their performance during the last few years. I am referring to the drought situation in the country, which was one of the worst in recent history. In some of the areas it was the second or third year in succession. Prompt and effective steps were taken both by the Central as well as the State Governments. They took steps

to rush food supplies and to provide drinking water facilities. The emergency agricultural production programme was also undertaken. It was creditable that when faced with such a vast calamity not a single starvation death was allowed to take place in the country and that too without outside help either in the form of concessional imports or gifts of foodgrains or in the shape of funds. The national objective was self-reliance. The nation has fought the natural calamity of such a vast magnitude with its own resources, without any outside help.

I shall now refer to another aspect of the matter. There is a belt which runs through the entire length of our country. People living in that belt look to the skies with uplifted hands and pray for rains. This belt unfortunately runs through the heartland of India. What efforts are being made to change the face of this poverty belt. I know that they will refer to the drought prone area programme. That is being carried on. But I may point out the deficiency in those programmes. To meet the drought situation on a permanent basis and to reduce the severity of drought in areas where drought occurs frequently a programme has been chalked out so that it can be tackled on a permanent basis. That scheme has been launched in 1970 with a provision of Rs. 110 crores. The scheme has to run for four years beginning from 1970-71 and it ends in this year, 1973-74. Some selected districts have been chosen on some objective criteria like the incidence of

rain, the pattern of rainfall, the percentage of irrigated area, the frequency of droughts in that area and so on. It has been stated in Annexure VIII of the 'Revised' that there are 54 districts in our country, which have been so selected. I ask whether the purpose for which this particular drought-prone area programme was launched, has been fully achieved. If not, is the Government going to treat such natural calamities as a national responsibility? In order to achieve this objective, is the Government going to include additional areas, which are similarly placed, which are under similar conditions, in the drought-prone area programme?

Six districts of Maharashtra have been selected for inclusion in this particular programme. But there are other areas, which are equally suffering under the same conditions. Many districts in Marathwada suffer under similar conditions. There are some adjoining areas in the selected districts also which are similarly situated and which are prone to droughts. Is the Government going to include those areas, not only in Maharashtra but in other States also, in the drought-prone area programme? Secondly, I also want to know whether the Government is going to extend the programme till the end of the Fifth Plan. Results have not been completely achieved.

16.35 hrs.

[DR. SARADISH ROY *in the Chair.*]

No doubt some relief has been given to these areas. But, if the programme is to end by the completion of the year 1973-74, then no tangible or concrete results would be achieved. Therefore, my suggestion would be to extend this particular programme till the end of the Fifth Plan period. Not only would the extension of timelimit suffice but necessary and requisite funds should also be provided for.

In this connection I may be permitted to read a small portion of the letter that was written to me by Dr.

K. L. Rao whom I have asked and also the Agriculture Ministry to include some minor irrigation projects in those drought-prone areas which form part of my District. The particular programme is dealt with by the Agriculture Ministry. And Dr. Rao referred to it. I am quoting him:

"Further, ten new schemes were sponsored by the Maharashtra Government in August, 1972, which include the three mentioned by you (that means I). "The Ministry of Agriculture have informed the State Government in December, 1972 that it is not possible for them to sanction any more schemes under the programme in question, since the available funds have already been committed."

My submission is that under this programme Rs. 2 crores have been allotted to each District. But, if the need is more and if the demand is genuine, should these considerations be not relaxed? Should not the Finance Ministry be approached to allot more funds to these particular projects in order to achieve concrete and permanent results in those drought-prone areas? There is no other better solution to relieve their distress.

My last suggestion so far as D.P.A.P. programme is concerned is this. Many of my colleagues have spoken regarding the inter-State river water disputes. My suggestion would be that the Agriculture Ministry should take up the matter with the Irrigation and Power Ministry in order to take immediate steps to sanction those irrigation projects. Those irrigation projects which will exclusively benefit the drought-prone areas should be cleared immediately without any condition.

Now I would refer to one more aspect. That is about soil salinity. A serious problem in black soil areas of Maharashtra, Mysore and Andhra Pradesh has been created and more attention should be given to those problems in these three States.

[Shri Annasaheb Gotkhinde]

Regarding taking over of the wholesale trade in foodgrains, my suggestion would be this. The Government now relies on the cooperative sectors so far as distribution machinery is concerned. But, we know and the Government also knows the deficiencies—financial and working deficiencies—of the cooperative sectors. As regards storage and transport facilities, if Government is not going to pay some attention for relieving the difficulties of the cooperative sectors, there will be some trouble. Even today we are witnessing the example of grains allotted to the cooperatives as well as their purchase unions not being lifted purposely simply because funds are not available. They have not even reached the person concerned. These things should be looked into. So far as wholesale takeover of foodgrains trade is concerned, a major decision is taken in the national interest for the transformation of the economy involving the interests of millions of growers and consumers. But, I warn the Government that they ought to face the two-pronged attack—the wholesalers who have avowedly declared their intention to non-cooperate with the Government and a section of the Opposition who are warning the Government of food riots. They are inciting the people to thwart these important decisions of Government to relieve the difficulties of millions of growers and consumers. But Government should be more careful in dealing with the situation. For example, in Maharashtra these wholesale traders in some districts observed *bandh* on the bazaar day. The intention was that no trade should take place on that particular day and inconvenience should be caused to the common consumer.

17 hrs.

About the credit requirements of agriculture in general, the Minister has given some figures of credit given to the small farmers' development agency. I am quoting two sentences from the Reserve Bank of India's report for the last year:

"The banks are not fully aware of the credit requirements of agriculture." "The growth of advances to agriculture by commercial banks slowed down during the year."

How are we to reconcile the figures given by the Minister and the Reserve Bank's report?

The solution is this: A comprehensive arrangement for long, medium and short term credit is the most important aspect of the whole problem of agricultural development.

Simply because most of the cooperative institutions are facing this difficulty of overdues, the last man who is to get agricultural credit should not suffer. Care should be taken about this. Why should not this Government which cares, and rightly so, about the loss of crop in the war-affected areas of Punjab also not care for those States where due to recurring failure of rains consecutively for two to three years the cooperative sector has been brought into trouble? Government should give some special assistance to them to tide over these difficulties. It should be seen that the person in the last rung does not suffer.

We are spending crores of rupees on relieving the distress caused by drought. But the Government is not prepared to accept the suggestion of deepening the wells owned by private individuals. If that is done, there will be enough production. Even if this expenditure cannot be given as a grant, at least it can be treated as a *taccavi* loan. Government should make a departure and at least in scarcity areas, it should provide funds for developing the wells belonging to private persons.

"With these words, I support Demands.

श्रीमती सहोदरा बाई राय (सागर) :
 समापति जी, मैं आपको धन्यवाद देती हूँ और मन्त्री जी से प्रार्थना करना चाहती हूँ कि आप ने जो गल्ले का भाव 84 रु० और 76 रु० प्रति क्विंटल रखा है वह ठीक है, लेकिन किसान अगर बैल लेने जाता है तो आजकल एक बैल ढाई हजार रु० का मिलता है, कपड़ा लेने जायों तो महंगा है। हर एक चीज महंगी है। गल्ला तो आपने सस्ता कर दिया लेकिन किसान तो गल्ले से पैसा कमाता है। किसान की आज बड़ी भारी मरम्मत हो रही है क्योंकि उस पर बैल का कर्जा लगा हुआ है, तकावी का बकाया है, बंधान, खाई का कर्जा लगा हुआ है, ट्रैक्टर का कर्जा लगा हुआ है और लेवी भी देनी है। मैं देहात में गई थी, किसानों ने बड़ी गालियां दी, वे कहते हैं कि बड़े बड़े नेता और छोटे-छोटे नेता कहते हैं कि गल्ले का दाम 84 रु० पर बांध दिया लेकिन यह नहीं उन्होंने देखा कि एक जोड़ी बैल 2,500 रु० में आता है। उनका कहना है कि जब गल्ला सस्ता हो गया तो कपड़ा जो महंगा मिलता है, वह भी सस्ता मिलना चाहिए। तो गल्ले के भाव पर भारत में सारी चीज चलती हैं। जब तक इस दिशा में कदम नहीं उठाएंगे तब तक हमारी समस्या हल नहीं होगी। गल्ले के भाव के बराबर जब तक व्यापार की चीजें नहीं लायी जाएंगी तब तक देश का विकास नहीं कर सकते।

हमने नारा लगाया था गरीबी हटाएंगे, लेकिन जब मैं देहात में जाती हूँ तो किसान खोम कहते हैं कि गरीबी तो दूर रही, जमीन पर सीलिंग लगाने से जो जमीन छोड़ी

बहुत निकली भी है, वह भी हमको बांटी नहीं गई। आज किसानों की, खासकर छोटे किसानों की बात मैं कह रही हूँ, उनकी हालत यह है कि वे कहते हैं कि सरकार खेती क्यों नहीं ले लेती हाथ में जिससे हम वहीं मजदूरी कर लें। तो जहां जहां जमीनें पड़ी हैं, जिसको गरीबों में बांटना है, जैसे मध्य प्रदेश में है, धौलपुर के पास ग्वालियर में है जंगल की जमीन वन विभाग के पास पड़ी हुई है, उसको अभी तक नहीं बांटा गया है। वैसे तो जमीन कहीं बची नहीं है, लोगों ने बूझा के नाम, नाना के नाम, मौसी के नाम, यहां तक कि कुत्तों के नाम बांट दी है जिससे हदबन्दी से बच सकें इसलिए जमीन मिलना मुश्किल है। तो जो कृषि पर निर्भर हैं उसकी तरफ आप देखिए कि कहां सिंचाई नहीं है, कूआ नहीं है, कहां तालाब बांधना है, कहां नदियां बांधना है, नाले बांधना है। होता यह है कि जब तक सेशन रहता है आप हमारी बात सुनते हैं, लेकिन देहात की तरफ कोई नहीं जाता, और जब तक आप मौके पर नहीं देखेंगे तब तक उनकी कठिनाइयों का अनुभव नहीं कर सकते और उसके अभाव में कोई काम नहीं कर सकते हैं। हमारे विरोधियों को भी मौका मिल गया, वे कहते हैं कि और दो वोट कांग्रेस को, देखो तुम्हारी जमीन चली गई। जमता में नाना प्रकार के विचार रखते हैं। आज गरीबों को दुकानों से गल्ला नहीं मिलता है जिससे वे भूखों मरने लगते हैं। तो वितरण की व्यवस्था को ठीक कीजिये जिससे हर क्षेत्र में गल्ला मिले।

[श्रीमती सहोदरा बाई राय]

जो आपके कर्मचारी हैं उनको बैठाकर समझाइये कि भ्रष्टाचार न करें क्योंकि देश की हालत को सुधारना है। मैं यह नहीं कहती कि सभी कर्मचारी बेईमान हैं, अच्छे और ईमानदार भी हैं। लेकिन अधिकतर कर्मचारी ऐसे हैं जो 420 करके, दलाल से मिल करके सही काम नहीं होने देते। नतीजा यह होता है कि हम लोग जब अपने क्षेत्रों में जाते हैं तो वहां कुछ कार्य नहीं कर सकते हैं गालियों के मारे।

दूसरी बात यह है कि जैसे आपने बैंक खोले, बैंकों का राष्ट्रीयकरण किया, लेकिन उसमें भी बड़ी भारी कमी है। आपको सरकारी मशीनरी के साथ दो, एक, एम० पी० और एम० एल० ए० को भी रखना चाहिए और शहर से बाहर निकल कर 10, 20 मील के फासले पर तम्बू लगाकर किसानों को बुलाकर पैसा दीजिए ताकि किसानों को पूरा पैसा मिल सके। अभी हालत यह है कि जब पटवारी के पास नम्बर लेने के लिए किसान जाता है और कहता है कि हमें पैसा लेने जाना है, तो पटवारी कहता है कि पहले हमें कुछ रिश्वत दो तब नम्बर देंगे, तहसीलदार के पास जाता है तो वह भी कहता है कि 50 रु० से हमारी भेंट पूजा करो। हालत यह है कि जब तक 100-50 रुपया किसान न दे तब तक उसको बैंक से कर्जा नहीं मिल सकता। ऐसी हालत में यह होता है कि बड़े आदमी ती पैसा ले जाते हैं, लेकिन जो गरीब पैसल चलकर पैसा लेने जाता है उसको पैसा नहीं मिलता वह अगर हजार, दो हजार में से 200 रु० दे दे तो कैसे काम चलेगा।

बैंकों की जिम्मेदारी के बारे में हमने अपने क्षेत्र में देखा है। लोग वहां पर बड़े परेशान हैं। यह हंसने की बात नहीं है। मैं कहना चाहती हूं कि यदि बैंक गरीबों को पैसा देना चाहते हैं तो आप कर्मचारियों को भेजिए और दस मील के एरिये में अपना पाल तानिए। वहां के लोगों को बुलाकर उनके खाते देखिए कि उनके पास कितनी जमीन है। अगर किसी के पास दस एकड़ या पांच एकड़ है तो उसको जमीन मत दीजिए। हरिजन और आदिवासियों को भी जमीन मत दीजिए। यह न सोचिए कि वह नाराज होंगे। आज लोगों के पास चार-चार और छः-छः एकड़ जमीन है। न तो उसके पास बैल है और न हल हैं, न साल भर के लिए उनके पास साधन हैं। अगर उनको जमीन दी जाती है तो जो बगल में बड़े-बड़े किसान हैं, ब्राह्मण और ठाकुर हैं वह उनसे कहते हैं कि यह जमीन का क्या करोगे, हमसे रुपये लो और जमीन हमको दे दो। वह छोटे छोटे लोग 200 से लेकर 1,000 रु० तक में अपनी जमीनों को बेचकर चने जाते हैं। जब भी आप किसी हरिजन या आदिवासी को जमीन दें तो पहले देख लीजिए कि क्या आप उनको बैल दे सकते हैं, हल दे सकते हैं, उनके पास अपने कोई साधन हैं या नहीं। जब तक साधन नहीं तब तक न तो बैल दिए जाएं और न खेत दिए जाएं क्योंकि वहां रोज भूडाफोड़ी होती है। बगल वाले बड़े किसान अपने मवेशियों से उनकी फसलें चरा लेते हैं और कभी-कभी करल तक ही जाते हैं। उनकी कोई सुनने वाला नहीं है। पुलिस वाले भी नहीं सुनते हैं। इसलिए से कहो तो जब तक रुपये

न दो तब तक वह रिपोर्ट नहीं लिखेगा।
जानेदार ऊपर से गाली देता है, कोई सुनने
वाला नहीं है आदिवासियों की बात।

ऐसी हालत में देश का काम कैसे
चलेगा? जब तक आप कड़ें कदम नहीं
उठाएंगे, नजर नहीं रखेंगे, कृषि मन्त्रालय
वाले दौरा नहीं करेंगे तब तक किसानों की
समस्या हल नहीं होगी, तब तक किसानों
की परेशानी बनी रहेगी। एम० एल० ए०
और एम० पी० वहां लोगों की सेवा नहीं
कर सकते। ऐसी स्थिति में वहां दूसरी
पार्टियों के लोगों को मौका मिल जाता
है। वह कहते हैं कि जो हमने कहा था कि
कांग्रेस को बोट मत दो, उसको बोट देकर
अपने पैरों पर कुल्हाड़ी मार ली। अब लेबी
भी देनी पड़ रही है।

मैं कहना चाहती हूं कि आपने गेहूं के
थोक व्यापार का राष्ट्रीयकरण किया बड़ा
अच्छा किया। आप 84 रुपये के हिसाब से
लेंगे। लेकिन उसके साथ साथ जो ऊपर की
चीजें महंगी हैं रोजमर्रा की, बाजार की, देहात
की, शहर की, आने जाने वालों की, खाने पीने
की, जब तक आप उनका एक निश्चित भाव
नहीं रखेंगे, तब तक देश में खेती की उन्नति
बड़ी मुश्किल है। इस वक्त किसान भी
आप से नाराज है। उसको कैसे मनाया जाये?
जब हम गांवों में जाते हैं तो प्रांव
पड़ते हैं, ब्राह्मण और ठाकुरों को नमस्कार
करते हैं। वह कहते हैं कि आखिर यह कैसा
राज्य है, कल से खाने को नहीं मिला, लेकिन
कोई सुनने वाला नहीं है। पुलिस वाले
सुनते नहीं, मिनिस्टर सुनने वाले नहीं...

कृषि मन्त्रालय में राज्य मंत्री (श्री अश्वना
साहिब पी० शिन्डे) : हम सुन रहे हैं।

श्रीमती सहोदरा बाई राय : कोई नहीं
सुनता। वहां जाकर आप देखिये तब आप
को पता चलेगा।

मैं फिर कहना चाहती हूं कि
जो खेत पड़े हैं भूमिहीन लोगों
के लिये, जब तक पहले उनको ट्रैक्टरों
से जुतवा न लें, तब तक आदिवासियों को
मत दें, भूमि हीनों को मत दें। उनको
देने से पहले देखिये कि उनके पास साधन हैं
या नहीं। जब तक साधन नहीं होंगे, तब
तक वह खेती नहीं कर सकते। फिर आप
जमीन कहां देते हैं? जहां पर पत्थर होते
हैं, ऊबड़ खाबड़ होती है, जहां हल नहीं
चल सकते। जब ऐसी जगहों पर आप उनको
जमीन देते हैं तब बड़े बड़े लोग रुपयों के बल
पर उनसे ले लेते हैं। ऐसी हालत में वे
खेती कैसे करें? उनके लिये खेती करना
बड़ा मुश्किल हो गया है।

वैसे तो खेती में काफी उन्नति हुई है।
हमारे मध्य प्रदेश में अच्छा गल्ला हुआ है।
तीन चार प्रदेशों में सूखा पड़ा हुआ है।
अगर उनके मवशियों के लिये परेशानी होती
है भूसा वगैरह की तो यह मध्य प्रदेश से ले
जाते हैं। वहां काफी गल्ला है, जहां सूखा
पड़ा भी वहां राहत कार्य खोले जा रहे हैं।
मुझे कोई बहुत ज्यादा बोलना नहीं है, लेकिन
कृषि मंत्री जी से कहना चाहती हूं कि ऐसे काम
नहीं चलेगा। मेरा कहना है कि जैसे हो
सेशन खत्म हो जाये, कुछ दिनों के लिये वह
पूरे प्रदेश का दौरा करें और वहां जाकर स्थिति

[श्रीमती सहोदरा बाई राय]

को देखें किसानों को समझाये। वहां पर सारी चीजों की व्यवस्था कराई जाये। स्टोक बनाया जाये। जहां पर रजिस्ट्रेशन नहीं है वहां पर स्टोक होना चाहिये। फिर वहां बोरे मैदान में पड़े रहते हैं हर एक जगह पर। वहां पर गल्ला रखने की व्यवस्था की जाये। जहां पर किसानों को रुपया नहीं मिल रहा है वहां पर बड़ी परेशानी है, बहुत जल्दी सूट मार होने वाली है, यह मुझे दिखलाई पड़ रहा है। देहातों में जाते हैं तो लोग कहते हैं कि मांसी जी, गल्ला नहीं है, गेहूं नहीं है, पानी नहीं है, ट्यूब वेल नहीं हैं। कुएं नहीं हैं, हरिजनों में भी मतभेद है, ब्राह्मण ठाकुरों से भी उनकी लड़ाई होती है। मैं कहना चाहती हूं कि वहां कुंएँ अन्न से न खुदवाये जायें हरिजनों और ब्राह्मणों के लिये। एक ही कुंआं हो जिसमें से हरिजन भी पानी भरे और ब्राह्मण तथा ठाकुर भी भरें। वहां पर छात्रावास भी अलग अलग न हों। जो छात्रावास अलग अलग लोगों के लिये चल रहे हैं उनको बन्द करवाइये। ऐसे छात्रावास खुलवाइये जिनमें हरिजन और ब्राह्मण सभी के लड़के रहे। अगर ऐसा नहीं होगा तो छुआ छूत बनी रहेगी। जब तक सब लड़के एक साथ नहीं पढ़ेंगे तब तक उनमें भेद बना रहेगा। हम पुराने लोग तो मर जायें छुआछूत वाले, लेकिन नयी पीढ़ी वाले जब तक एक साथ नहीं बैठेंगे तब तक काम नहीं चलेगा। हजारों साखों से मतभेद चले आ रहे हैं उनको आपको मिटाना चाहिये।

कृषि मंत्री से मेरी प्रार्थना है कि वह खाली गल्ले पर ही तंजर न रखें। हमारे

यहां बैठकर वह कमेटी करें, मेम्बरों की मीटिंग करें, वहां प्रधान मंत्री को बुलायें और सारी ऊपर की चीज बतलायें। जब तक ऐसा नहीं किया जायेगा तब तक विकास का काम हो पाना कठिन है। रोज लड़ाई झगड़े, होंगे, हड़ताल होंगी। रोज बजाजें बजाकरेंगे, कभी जनसंघ आयेगा, कभी स्वतन्त्र पार्टी आयेगी (व्यवधान) .. मैं तो कहना चाहती हूं कि जब हम सही कदम उठावें तो जनसंघ और स्वतन्त्र पार्टी क्या कर सकेगी। जब हमारा बांचा ढीला नहीं होगा, गवर्नमेंट ढीली नहीं होगी तब जनसंघ वाले और स्वतन्त्र पार्टी वाले कुछ नहीं कर सकेंगे।

इसलिये कृषि मंत्रालय सही कदम उठाये, सिंचाई आदि की व्यवस्था करे, बांध हैं, नदियां हैं, नहरें हैं, तालाब हैं, उनकी ठीक व्यवस्था की जाये तभी हमारा काम चल सकता है। हो सकता है कि इसमें दो, चार, दस करोड़ रुपया लग जायें, लेकिन अगले साल वह आ जायेंगे।

मैं कृषि मंत्रालय के अनुदानों की मांगों का समर्थन करती हूं और मंत्रालय को बधाई देती हूं कि वह ढीलेपन को दूर कर रहा है।

SHRI BHALJIBHAI PARMAR (Dohad): I would like to speak on the Demands for Grants, but the time available is very limited and, therefore, I will speak on the main subject. I would like to speak on the food problem which the country is facing today. We know that, in most parts of the country, there are drought conditions and famine conditions. In Gujarat, Maharashtra, Rajasthan and other parts of the country, there is acute shortage of foodgrains and grass. People are not getting enough food. In Gujarat

every individual gets two to five kilos monthly which are not sufficient to meet their needs. They are forced to purchase grains from the open market where the rates are very high. They cannot afford to purchase foodgrains from the open market.

The next point is that the daily wages they get from relief works are very limited. They are getting a daily wage of 60 Paise to Rs. 2. That is not sufficient to purchase their daily needs. So, Government should look into this problem very seriously. Government may also think of giving some subsidy on foodgrains so that people can stand on their legs and survive because the conditions are very hard.

Government have been talking of green revolution and white revolution. But, really speaking, we have had no such revolution till now because revolution must be of a permanent nature. Looking to the past Four Five-Year Plan, we see that the expenditure incurred on agriculture is not adequate. They have not developed forests. When there are no forests, naturally there are no rains. I have seen from the report of the Commission on agriculture that up-till now, in all these 25 years, we have spent only Rs. 210.24 crores on forestry. This is very little. Unless there is development of forests, there can be no development of agriculture. We cannot have regular rains unless we have rich forests and this is the greatest draw-back which we have not till now rectified. So, I request the hon. Minister to look to these problems very seriously.

I have seen that unless we have rich and developed forests in the country, there is no likelihood of regular rains every year and hence agriculture is being affected seriously. Looking to the amount of funds allocated and spent during all the plan periods for development of agriculture and forestry, it does not exceed more than 14.7 per cent and 0.6 per cent respectively in any of the Five Year Plan's total outlay already provided.

Now, we see that India has about 75 million hectares of land under

forests which comes to about 22.7 per cent of the total land area. The cultivated area is about 50 per cent of the total geographical area of India. Although the forest area is a little less than half of the cultivated area, the contribution of forestry sector to the gross domestic product is very small and is not commensurate with its potential. The contribution of forestry (forestry and logging) sector to the Gross Domestic Product in 1959-70 was a mere 1.6 per cent while agricultural sector contributed about 46 per cent during the same period. While agriculture and other ancillary activities in 1961 provided employment to 70 per cent of the rural working force, forestry and logging accounted for only 0.2 per cent. The revenue from India's forests so far has also been very negligible. The national average gross revenue per hectare from India's productive forests under the present system of working is only Rs. 21.50.

Then, I come to another aspect. Because of the inadequacy in the development of forestry, we have not enough fodder for our cattle. The cattle die away in these hard days of famine and drought conditions prevalent in the country. For instance, in famine and drought-affected areas of Gujarat, Mysore, Rajasthan and Maharashtra cattle die away because of non-availability of grass. The Government seems to be a silent spectator. The Government should hasten to the rescue of the poor farmers of the country and supply grass and save the valuable cattle wealth of the country. The Government must make a determination to meet this challenge and see that the white revolution is guaranteed by saving the milch cattle. The farmer should be encouraged and enthused to grow more grass on his field and near about rivers with the help of oil engine pumps. The drought-prone area schemes under forestry development must be implemented vigorously so that we can eradicate famine and drought conditions from the country.

I have found in the District of Panch Mahals in Gujarat that this scheme is

[Shri Baljibhai Parmar]

working very nicely. I hope that this forestry development would be extended to other parts of the country also so that we can have a green revolution in the country.

Now, connected with agriculture is the question of water resources. The river Narmada project is pending since long. This matter is pending for a very long time and memorandum after memorandum has been submitted to the Prime Minister. Yesterday also I reminded the Irrigation Minister, Dr. K. L. Rao, but there is no satisfactory reply coming forth. I hope you may kindly do something in the matter and request the Prime Minister so that she may take an immediate decision and give her award because this is a very long-pending problem. We know that without Narmada, there is no scope for development of agriculture in Gujarat. It is a national problem and it will help in solving the food problem of the country. I hope you will kindly look into this matter very seriously.

Now, I come to the soil conservation programme which is carried on in the country. I would like to suggest that this programme which is carried on under drought and famine conditions must be continued on subsidy basis and the farmers should not be forced to pay any dues so that farmers can get incentives. I hope that all these amounts which will be granted by the Centre will be converted as subsidy. I have learnt from the Minister that about Rs. 115 crores will be given to Gujarat and that amount may be treated as subsidy so that the people can be really helped.

Now I come to the food problem. It is very sad that we have not enough buffer stocks of foodstuffs to meet the challenge on the food front. Now we are going to purchase foodgrains to the tune of Rs. 1.50 crores. We are purchasing millions of tonnes of foodstuffs and thereby being indebted

to other countries also. Our four five-year plans though implemented are not implemented wholeheartedly and hence there is food shortage and other problems facing the country. These problems can be solved if my earlier suggestions of Forestry Development, supply of electricity, supply of fertilizers at moderate rates to farmers and construction of river dams wherever possible are taken up.

The day to day requirements of the people of the country in the form of foodstuffs are not met. I have found in Gujarat that maize is not at all supplied. Kindly look into this matter and give sufficient stock of maize to the people. The poor people are forced to pay the prices in the open market which is beyond their reach. There should be proper supply of these coarse grains.

With regard to house sites for rural landless labourers I would like to suggest that the recommendations of the National Commission on Agriculture should be taken up. I have gone through the report of the Commission on Agriculture. They have suggested a very good scheme and it is in the interest of agricultural labourers. This scheme may be taken up and implemented seriously. The poor people, the scheduled caste people and adivasis can get the benefit out of this. They have recommended 22.5 crores for provision for house sites for harijans and adivasis. This will really help them and I think they should be encouraged to carry on their business and they can in this way get houses on permanent basis. Government may also make suitable legislation in this connection so that they can have this site on permanent basis and they can also be inherited. A separate Rural Housing Board in each state may be started to supervise the implementation of the programmes and the laying down of general guiding principles.

In the end I would like to suggest that the estimated expenditure amounting to Rs. 76,74,088 thousands should be spent judiciously in order to solve the serious food problem of the country. I expect that the hon. Food Minister Shri F. A. Ahmed and his colleagues will strive hard to meet the challenges wholeheartedly considering every man, woman and child of this country as their big family members. They may try to see God and serve God through these unfortunate half-clad, half-starved millions of people of this vast country.

श्री सी० डी० गौतम (बालाघाट) : सभापति महोदय, मैं प्रस्तुत मांगों का समर्थन करता हूँ। हमारा ध्येय गरीबी और बेरोजगारी हटाना है। हमारे देश में 100 में 75 आदमी देहात में रहते हैं और उन में 75 में से 65 गरीब हैं। 10 प्रतिशत ऐसे होंगे जो कि ठीक अवस्था में हैं। तो अगर हमारे देहात के लोगों की उन्नति होगी तभी गरीबी और बेरोजगारी हटने वाली है। आज 18 एकड़ की सीलिंग हो गई है। एक आदमी के अगर पांच लड़के हैं तो तीन तीन चार चार एकड़ उन के हिस्से में आने वाला है। उन्हें उस में अपना गुजारा आगे करना होगा। ठीक है सीलिंग हुई। बहुत अच्छी बात हुई और होनी भी चाहिए। परन्तु जो परिस्थिति सामने आई है वह मैं बताता हूँ। जब तक कि हम खेती का उत्पादन नहीं बढ़ाएंगे तब तक कोई समस्या हल होने वाली नहीं है। आज हमारा उत्पादन क्या है? मैं मध्य प्रदेश के बालाघाट जिले का रहने वाला हूँ। एक एकड़ में 8 क्विंटल धान होता है ज्यादा से ज्यादा मामूली तौर से और दो या तीन

क्विंटल गेहूँ होता है। तो यह दो या तीन क्विंटल गेहूँ जो होता है या पांच क्विंटल धान होता है उस से क्या उन्नति होने वाली है और उस से क्या गरीबी हटने वाली है? इसलिए जब तक हमारे पास सिंचाई के साधन नहीं होंगे, जब तक अच्छा बीज नहीं मिलेगा, बिजली नहीं मिलेगी और अच्छा उर्वरक नहीं मिलेगा तब तक कोई उन्नति होने वाली नहीं है और गरीबी रहने वाली है। सूखा कोई 1971 या 72 में ही पड़ा हो ऐसी बात नहीं है। स्वतंत्रता प्राप्ति के बाद बीच बीच में सूखा पड़ता रहा है। परन्तु हमारी सरकार ने जो टाप्रायरेट्री कृषि को देनी चाहिए वह नहीं दी। अभी तक उन्होंने यह महसूस नहीं किया कि जो यह 100 में 75 देहात के लोग हैं इन की उन्नति अगर करें तो हम बेकारी भी हटा सकेंगे और गरीबी भी हटा सकेंगे। इस बात को उन्होंने महसूस नहीं किया और इसीलिए टाप्रायरेट्री खेती को उन्होंने अभी तक नहीं दिया। नहीं तो जहां जहां तालाब हैं उन तालाबों के पानी को खेती के इस्तेमाल में लाने की योजना सरकार तैयार कर सकती थी। आज भी कई तालाब पड़े हुए हैं जिन की कि दुरुस्ती नहीं हुई है। आज कई जगह ऊपर से पानी बहता है पहाड़ों से जिस को कि रोका नहीं गया है जिस का कि बड़ा अच्छा इस्तेमाल खेती के लिए हो सकता था और उस से फसल बहुत बढ़ाई जा सकती थी। लेकिन उस की भी कोई योजना नहीं है। सेंट्रल गवर्नमेंट से कहते हैं तो वह कहते हैं कि यह स्टेट का काम है और स्टेट गवर्नमेंट कहती है कि हमारे पास फंड नहीं है। इसलिए हम कुछ सुझाव

[श्री सी० डी० गौतम]

नहीं कर सकते । सेंट्रल गवर्नमेंट करती जरूर है, बहुत कुछ उन्नति के काम वह कर रही है, लेकिन मेरा यह कहना है कि टाप प्रायरिटी कृषि को जब तक नहीं देंगे तब तक कोई उन्नति होने वाली नहीं है पूरा मुल्क यह बसा हुआ है देहातों में । इसलिए मेरी यह प्रार्थना है कि दूसरे विभागों को भले ही आप उतनी प्रमुखता न दें, टाप प्रायरिटी न दें, लेकिन ऐग्रीकल्चर को जरूर टाप प्रायरिटी दें ताकि आज जो यह भयंकर समय देखने को मिल रहा है वह दूर हो । हालांकि लोग मरे नहीं हैं, सरकार व्यवस्था कर रही है, लोगों को काम दे रही है, परन्तु स्थिति भयंकर है । पांच पांच मील पर उन्हें काम करने के लिए जाना पड़ता है जो काम आप ने उन के लिए खोल रखे हैं । तो वह उन्हें करना पड़ेगा क्योंकि उन को तो जीना है, अपना पेट भरना है । इसलिए यह टाप प्रायरिटी कृषि को देना बहुत जरूरी है । उस के लिए तालाब खोदने चाहिए, बड़े बड़े बांध बनाए जाने चाहिए । जो बांध आज बने हुए हैं वह बहुत ही अपर्याप्त है । इस साल तो वर्षा की कमी से बहुत से बांध भी नहीं भरे हैं और इसलिए उन से सिंचाई के लिए पानी नहीं मिल पाया । तो यह स्थिति हमारे यहां किसानों की है ।

अब हम ने अभी 76 रुपये प्रति क्विंटल गेहूं का भाव कायम किया है । बाजार में इस के पहले 120 रुपये प्रति क्विंटल गेहूं का भाव था और कहीं कहीं उस से भी ज्यादा था । तो 76 रुपये में किसानों को पूरा पड़ने वाला नहीं है क्योंकि आज खेती पर जो खर्चा होता है वह बहुत ज्यादा होता

है । फिर अगर 76 रुपये के भाव से सरकार गेहूं खरीदती है तो उस के मुकाबिले में दूसरी चीजें भी सस्ती हो जायें तब तो ठीक है, उस को पूरा पड़ जायेगा । लेकिन वह स्थिति नहीं है । आज किसान को फर्टिलाइजर लेना पड़ता है, और बहुत सी चीजें उसे खरीदनी पड़ती हैं । आज चीनी का भाव बाजार में 3 रुपये 80 पैसे प्रति किलो है । ऐसी बहुत सी चीजें हैं जो बहुत ज्यादा महंगी हैं । दूसरे जो अपनी कैश क्राप बोते हैं जैसे मूंगफली हैं, सेब के बागान हैं, आम के बाग हैं, केले हैं इन को तो मनमाना पैसा मिलता है । परन्तु धान और गेहूं का उत्पादन करने वाले जो हैं या ज्वार वगैरह जो भी अनाज पैदा करने वाले हैं उन को बहुत कम पैसा मिलता है । तो थोड़ा सा तुलनात्मक दृष्टि से भी सरकार देखने की कृपा करे और इस ओर ख्याल कर के एक तो सब चीजों के भाव घटाये और या फिर गेहूं का भाव थोड़ा बहुत ऊंचा करे । क्योंकि 76 से 80 रुपये तक जो भाव है उस से पूरा पड़ने वाला नहीं है । हमारे किसान लोग इस से बहुत ही असन्तुष्ट हैं । तो इस पर सरकार ख्याल करे ।

ऋण वगैरह की व्यवस्था के बारे में जो हमारे भाइयों ने बात कही वह बिल्कुल सही है । पूरे देश में यह हालत है किसानों को जल्दी ऋण मिलता नहीं है । जो बड़े लोग हैं उन को मिल जाता है । बड़े लोग भी अब छुट गए हैं । 18 एकड़ की सीलिंग के बाद कोई बढ़ा रहने वाला नहीं है । हाँ, जैसा हमारे भाइयों ने

बताया कि किसी ने रिस्तेदारों के नाम अपने कुत्ते के नाम पर या किसी और के नाम जमीन लिख दी है तो वह कुछ रहने, बाकी और बड़े लोग ज्यादा रहे नहीं हैं। इसलिए खेती की उन्नति के लिए जिन बातों की जरूरत है उन पर ध्यान देना बहुत जरूरी है।

अब सीलिंग से जो जमीन निकलेगी मैं अपने गांव की बताता हूं कि जो जमीन निकलेगी उस में से लैंडलैस जो लोग हैं मुश्किल से दो चार को दो चार एकड़ जमीन मिलेगी अगर मिली तो। दो चार एकड़ में वह करेगा भी क्या? एक तो हजार रुपये की बैलों की जोड़ी वह खरीद नहीं सकता है, न बीज खरीद सकता है न कोई और कोई साधन उस के पास है जिस से खेती कर सके। इसलिए बेहतर तो यह होगा कि सरकार उस को साधन उपलब्ध करावे और नहीं तो फिर ऐसी जो जमीन है उस पर सहकारी खेती कराए और कुछ लोगों को सहकारी खेती के लिए दे दे तो उस में उन का कुछ भला होगा। सब मिल कर सहकारी खेती करेंगे। इसलिये सीलिंग के बाद में गांवों के अन्दर सौ पचास एकड़ जो भी जमीन उपलब्ध होती है उस जमीन पर सहकारी खेती या सामुदायिक खेती कराई जाय तो कुछ लाभ हो सकेगा और उस में सरकार जितनी मदद कर सकती है उतनी मदद सरकार को करनी चाहिए।

श्रृण के बारे में जो बात और सदस्यों ने बतायी वह हमारे यहां भी है। सरकार को खास तौर से उस चीज को देखना चाहिए।

सभापति महोदय, मेरा जिला बालाघाट है मेरे यहाँ ज्यादातर धान की फसल होती है और खड़े धान के साथ हम लोग उतेरा खाते हैं, अर्थात् उड़द, मलसी, लखारी खाते हैं। लेकिन फर्टिलाइजर के उपयोग

की वजह से जमीन इतनी कड़ी हो जाती है कि उतेरा की रबी की जो फसल होती है, वह ठीक तरह से नहीं होती। पहले जितनी होती थी उस की आधी भी नहीं होती। धान ठीक होता है, परन्तु उतेरा ठीक नहीं होती है। दूसरे हमारे यहां जो पहले फाइन क्वालिटी का चावल पैदा होता था, जैसे चिन्नौर, हीरा-नखी, तुलसी-ममूत, जिस में बहुत बढ़िया फलेवर होता था, अब फर्टिलाइजर के उपयोग की वजह से वह फलेवर उड़ गया है और जो फाइन ग्रेन था वह मोटा हो गया है। मैं मंत्री महोदय से अनुरोध करता हूं कि वे इस तरफ ध्यान दें और जो उन के अनुसन्धान करने वाले लोग हैं उन से इस के बारे में जानकारी प्राप्त करें।

*SHRI A. M. CHELLACHAMI (Tenkasi): Hon. Mr. Chairman, Sir, I rise to say a few words in support of the Demands for Grants relating to the Ministry of Agriculture.

Sir, at the outset I would like to quote two 'Kurals' from the immortal Tamil classic, 'Tirukkural' written by the great piet-saint Tiruvalluvar. The name of Tiruvalluvar is well-known to all the hon. Members of the House. I feel it is only appropriate that I should make a reference to Tirukkural which has devoted a chapter on the importance of agriculture in the country.

Sir, in one Kural, the poet Tiruvalluvar says:

SUZHANTRUM AIR PINNATHU
ULAGAM UZHANTHUM UZHAVE
THALAI ATHANAL

It means, Sir, that through whatever walks of life the world wanders, it abides in plough; therefore, with all its hardships, farming is the best anyhow.

[Shri A. M. Chellachami]

In another Kural, the poet says:

UZHUVAR ULAGATHARUKKU
ANI ATHATRATHU APHUVARAI
ELLAM ZORUTHU.

This stanza means that the farmers are the lynch-pin of the ratha of world's men because they sustain those who do not plough but would stray often.

Sir, the great poet of Tamil, Subramania Bharatiar has stated in a song that the world bows its head to those engaged in agriculture and industry. I refer to these to show how for ages agriculture has been treated with utmost importance in the economic development of a nation. It is needless for me to say that agriculture is really the backbone of our economy. We have formulated 5-year plans and have executed 4 such plans. We all know that the objectives of planning have been four-fold, namely, (1) economic development (2) to improve gainful employment (3) to improve the living standards of our people and (4) to improve the employment climate in our country. On this basis we formulated the agricultural schemes with a view to achieve green revolution in the country. It was our earnest hope that by implementing the agricultural programmes the small farmers would greatly benefit. The then Minister for Agriculture, Shri C. Subramaniam formulated a number of meaningful schemes for increasing agricultural production. These schemes went on well for some time but later got into difficulties. The result was, contrary to our expectations, the small farmers did not derive the intended benefits. It is the richer sections of the farming community which exploited these programmes and they grew richer. The small farmers could not take any real advantage under these

schemes. Sir, in our country we have "Free for all irrigation system".

श्री हुकम चन्द कछवाय (मुरैना) : सभापति महोदय, इतना अच्छा भाषण चल रहा है, परन्तु सदन में गण-पूर्ति नहीं है।

MR. CHAIRMAN: Let the bell be rung—Now there is Quorum.

SHRI A. M. CHELLACHEMI: Sir, I was submitting that in our country because of the free for all irrigation system, we find the interests of the small farmers and petty land holders have been grossly neglected. The needs and requirements of these people have not been adequately met. This has been pointed by the Deputy Chairman of Agricultural Commission and presently member of Planning Commission Shri V. Sivaraman in a statement on 27th December 1972. Therefore, Sir, I would appeal to the Government that this matter should be looked into.

Sir, there are as many as five lakh villages in our country and the agricultural labourers from the main bulk of the rural population. Out of these villages in one lakh ten thousand villages no arrangements exist for the supply of pure drinking water. In the same manner there is no hospital for 80 per cent of the villagers and the agricultural labour are not covered under any health scheme on all India basis. I earnestly appeal to the hon. Minister that these minimum facilities become available to the countless number of agricultural labourers living in the villages.

Sir, I understand that under the scheme of distribution of land to the landless agricultural labourer one lakh acres of land were distributed in West Bengal but as a result of this distribution it appears that nearly 68,000 cases were filed in courts in the State. We have land ceiling laws in operation in our country. Under these Acts, according to statement of the hon. Minister, 10 lakh hectares of

land were acquired as surplus land and 5 lakh hectares were distributed. I would like to know to how many cases of litigation this distribution of land has led.

Sir, according to a report of the National Sample Survey it seems that so far as a result of implementation of agricultural programmes, 15,35,000 persons holding more than 30 acres have only derived large scale benefits and that people possessing 5 acres and less, whose number is about 5.25 crores, have not got even marginal benefits.

Sir, after many years of research in the field of agriculture many new modern methods of farming have been suggested by our agricultural scientists. According to Shri M. S. Swaminathan the Director of ICAR and eminent Agricultural scientist who was given a State Award, if the small farmers were to derive any benefit out of this research then changes in the administrative set up would become very necessary. I wonder in which century one reasonably can hope that these changes would really take place. Sir, it is our painful experience that, the major part of the benefits out of the 5-year plans has gone to the people living in the urban areas. It is always the agricultural labour who suffer immensely as a result of gross neglect of their interests by the State and Central Governments and it is they who are worst hit by the natural calamities like floods and drought. We the politicians call upon these poor agricultural labourer time and again to work hard and increase the production of foodgrains. But, what concern do we show for their welfare? Do we honestly believe that the rich landlords would make increased production possible? We know that it is only the hard working small farmers who can make India prosperous. I would like to say it is not at all desirable to paly politics with these millions of agricultural labourer and small farmers.

Sir, we expected that with the nationalisation of the commercial banks, the small farmers would get easy loan facilities. But, what is the picture we see? These poor small farmers are refused loans by these banks on flimsy grounds when they apply for the purchase of oil engines, pump-sets and cattle. Even if some loans are granted, they go to the farmers living near about the urban centres. Several conditions such as that the village should be within a distance of a mile from the office of the bank are imposed which virtually mean that no loans would be given to these farmers. I appeal to the hon. Minister that the situation should be remedied quickly. Sir, the small farmers have not also not benefitted in the least from the Land Development Banks and the Central Cooperative Banks. These Banks only serve the interests of rich and resourceful landlords. In Tamilnadu a number of land development banks are operating under the Central Cooperative Bank. I was myself a Director of one such Bank. I know Sir, that political considerations largely dictate the policies of grant of loans to farmers. Merely because I was in favour of grant of loans, the Tamilnadu Government fearing that my party will become popular among them saw to it that I was removed from the directorship of the Bank. Thus politics dominate the working of these banks. This, of course, is not a solitary instance, if I catalogue the misdeeds of the State Government you will all be greatly shocked.

The Central Cooperative Bank is supposed to help the farmers to obtain loans for the purchase of fertilisers etc. But Sir, only the rich and resourceful farmers get loans from these banks. Even if they default in repayment for three years no action is taken against them. But if the small farmer takes, by chance, the loan he is greatly harassed if he does not repay within a year. Even his property is sought to be attached. Here also discrimination on political considerations prevails.

[Shri A. M. Chellachami]

Sir, coming to irrigation I greatly welcome the proposal to link up Ganges with Cauvery, but Sir, so far as Tamil Nadu is concerned it is only Trichy and Tanjore districts which will enjoy the fruits of this scheme, while Madurai, Ramanathapuram, Thirunelveli and Kanyakumari districts will derive no benefits. Therefore, Sir, in order to cover these districts also I would suggest that along with Cauveri, Ganges should be linked up Tambaravarni river also. If that is not possible, atleast dams should be constructed on the rivers. Vadama-laiaru Keeriyaru Kodaimalaiyaru and Thalayanai which originates from Western ghats so that these districts get assured irrigation. Sir, rural unemployment has become a serious problem. In Kerala it is 13.3 per cent, in Tamilnadu 7.4 per cent, in Bihar 5.8 per cent and so on. Some immediate effects will have to be taken to solve this problem of rural unemployment.

Sir, before I conclude I would once again appeal to the hon. Minister to see that small farmers derive benefits from cooperative banks and nationalised banks, Ganges is linked with Tambravani and also the dam projects on the rivers I earlier referred to are taken up.

With these words I conclude.

SHRI A. K. M. ISHAQUE (Bastihat): Sir, I rise to support the Demands for Grants of this Ministry. I take this opportunity to congratulate the Government on taking over the wholesale trade in foodgrains. If the Government succeed in this venture, they will earn the blessings of the country. We have in this a chance

of terminating the perpetual exploitation of the peasants by the non-peasantry. So long we have seen that the small farmers, the marginal farmers and below-marginal have to make distress sales of produce immediately after the new arrivals. The non-peasants who have the money and the hoarding capacity, purchase the new arrivals at very low prices and hoard them.

18 hrs.

The farmers produce the foodgrains working in the sun and rains and in the mud, but they do not get the fruits of their labour. The non-peasant sophisticated people take overdrafts from banks, buy the foodgrains at low prices, hoard them and sell them later at high prices. So, we see in this takeover of wholesale trade in foodgrains a chance of totally eradicating this perpetual exploitation of the peasants by the non-peasants. Therefore, we would like to see this objective standard as to whether the Government is able to terminate this perpetual exploitation of peasants by the non-peasants. If the Government can ensure a uniform price for foodgrains throughout the year, then and then only we can claim that the policy has been a successful one. If they can do that, the Government will earn the blessings of the people in the country. As you know, of the total workers in the country, 43 per cent alone are cultivators.

MR. CHAIRMAN: He will continue his speech tomorrow.

18.01 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Wednesday, April 18, 1973/Chaitra 28, 1895 (Saka).

LOK SABHA DEBATES

I

LOK SABHA

Wednesday, April 18, 1973/Chaitra 28,
1895 (Saka)

The Lok Sabha met at Eleven of the
Clock.

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

**Proposed Financial Agreement with
Commonwealth Telecommunication
Organisation**

*761. SHRI M. S. SANJEEVI RAO:
Will the Minister of COMMUNICA-
TIONS be pleased to state:

(a) whether it is proposed to sign
a financial agreement with the Com-
monwealth Telecommunication Orga-
nisation; and

(b) if so, the main features of the
proposal?

THE DEPUTY MINISTER IN THE
MINISTRY OF COMMUNICATIONS
(SHRI JAGANNATH PAHADIA): (a)
and (b). A statement giving the in-
formation required is placed on the
Table of the Sabha.

Statement

(a) Yes. The Government of India
have decided to sign a new Common-
wealth Telecommunications Organisa-
tion Financial Agreement, in replace-
ment of the existing Agreement
amongst signatory Commonwealth
Governments.

(b) The new Agreement is basically
the same as the existing one, except
in regard to the principle of financial
settlement amongst the partners for
use of Commonwealth Telecommunica-
tion facilities. While the existing
Agreement provides for sharing of

2

total partnership expenses by each
partner in proportion to revenue earn-
ed by it, the new Agreement provides
for sharing of cost by each partner on
the basis of actual volume of traffic
handled by it.

SHRI M. S. SANJEEVI RAO: I want
to know from the hon. Minister the
reasons that have involved India into
a financial commitment with the Com-
monwealth Telecommunication Orga-
nisation and what are the advantages
that will accrue to us. May I know
whether the financial commitment is
commensurate with the benefits that
will flow from this Organisation?

SHRI JAGANNATH PAHADIA: It
offers the most direct method for divi-
sion of cost and leads to liability
directly proportionate to the volume of
traffic instead of sharing of cost in
proportion to the revenue under the
existing arrangements. It also leaves
partners free to effect any change in
the collection rates for tele-communica-
tion services in their countries without
any repercussion on other partners.
In terms of financial implications, the
studies undertaken have shown that
the new scheme will be financially
advantageous to India as compared to
existing arrangements by about £ 9,000
per annum.

SHRI M. S. SANJEEVI RAO: I want
to know which other Commonwealth
countries have contributed to this
Organisation.

SHRI JAGANNATH PAHADIA:
There are about 23 Commonwealth
countries, including India. These are
Australia, Canada, Ceylon....

MR. SPEAKER: It is all right. You
can lay it on the Table. Is he interest-
ed in any particular country?

SHRI M. S. SANJEEVI RAO: What about Pakistan?

MR. SPEAKER: Pakistan is no more in the Commonwealth.

Widening Gap Between Money Incomes and Standard of Living

*763. SHRI H. N. MUKERJEE: Will the Minister of PLANNING be pleased to state:

(a) whether the gap between money incomes and the standard of living had been widening in the last ten years and if so, the reasons therefor;

(b) whether Government have any precise estimate of this widening gap between the money incomes and standard of living; and

(c) if so, the salient features thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (c). A statement is laid on the Table of the House.

Statement

The relative changes in the per capita income at current prices and at constant prices which broadly reflect the gap between the money incomes and the standard of living, on an average, are given below for the last 10 years. The data for 1971-72 are not yet available.

<i>Per capita income (Rs.)</i>			
	at current prices		at 1960-61 prices
	1	2	3
1960-61 . . .		306.1	306.1
1961-62 . . .		316.0	309.5
1962-63 . . .		327.2	308.5
1963-64 . . .		367.2	318.3
1964-65 . . .		422.8	335.4

	1	2	3
1965-66 . . .		425.0	309.8
1966-67 . . .		482.7	308.4
1967-68 . . .		561.9	329.9
1968-69 . . .		548.8	324.6
1969-70 . . .		597.4	341.0
1970-71 . . .		633.1	348.9

Source: Economic Survey—1972-73.

The gap between the two has been influenced by the changes in real *per capita* income and the level of price. On the whole, the gap has tended to widen because of a faster increase in prices. The gap widened particularly during the years when the increase in real *per capita* income has been low or the rate of rise in prices has been large which have more often coincided or followed the bad agricultural years.

SHRI H. N. MUKERJEE: I am a little astonished that the statement merely points out the difference between *per capita* income figures at current prices and at constant prices with 1960-61 as base. I thought I would get a more sophisticated idea in regard to other reasons which have operated to bring about this imbalance. In view of this tremendous difference between income figures at current prices and at constant prices which is evidence of the continuous rise in prices, has the Planning Commission resigned itself to the present position, that is, the low income leads to low saving, low productivity and then again to low income—a vicious circle continues—and what is the remedy suggested, if at all, by the Planning Commission to break through this particular vicious circle?

THE MINISTER OF PLANNING (SHRI D. P. DHAR): Some of the features which have been included in the statement are undoubtedly not sophisticated because they deal with hard figures. But as far as the aware-

ness of the Planning Commission regarding these imbalances is concerned, I will assure the hon. Member that we have taken this fully into account in the formulation of the Approach to the Fifth Plan, and this has been very elaborately dealt with—this question particularly—and the remedies have also been indicated in the Approach Paper.

SHRI H. N. MUKERJEE: In view of the fact that in 1970-71, for example, the *per capita* income at current prices was Rs. 633 while at 1960-61 prices it was as below as Rs. 348.9, which shows how bad the malaise is, may I know whether the Planning Commission is recommending any immediate steps to deal with such elements in the bringing about of high prices as black market operations which function openly in the economy, the building spree which goes on in cities like Bombay and all that sort of thing, may I know whether the Planning Commission has got any interim plan or, at any rate, for immediate implementation, so that the prices problem can be tackled with some objectivity?

SHRI D. P. DHAR: Some of the main remedies which were suggested in the Planning Commission are, in the first instance, substantial increases in the production of mass consumption goods, secondly, establishment of an adequate public procurement and distribution system for the assured supply of essential consumer goods, at least to the poorer sections at reasonably stable prices, and thirdly, a national programme of minimum needs covering elementary education, medical care, nutrition, homestead for landless labour, rural roads, rural electrification, etc.

SHRI HARI KISHORE SINGH: May I know whether any study has been conducted by the Government to know whether the regional disparity in income has grown in the last ten years affecting the standard of living of the people in the backward regions of the country, and if so, the steps taken to rectify the situation?

SHRI D. P. DHAR: It is undoubtedly true that, where the benefits of development have not reached in a full measure, the money incomes have remained at a low level. Therefore, in the Fifth Plan, the main emphasis of the Planning Commission is going to be on increasing the money incomes of backward sections and backward areas.

SHRI S. B. GIRI: Is it on account of the parallel economy of black money which is going on in this country, as Mr. Chavan admitted, or is it on account of the wrong planning based on lack of increased consumer goods or is it on account of the black marketers who are taking advantage of this parallel economy in this country that the widening gap constantly increased in this country and particularly among the working class people?

SHRI D. P. DHAR: The basic factor which determines either increase or decline in the real incomes of the people is the production in the agricultural sector. If the production in the agricultural sector is poor or suffers from shortages on account of climatic or any other conditions or reasons, it has its snowballing effect on prices in various other fields. There is no doubt that the problem of inflation has its own effect on prices also. That is one of the contributory factors and that is why the emphasis on our part is to remedy the first evil which causes erosion of incomes, namely, the deficiencies in production, particularly, in the agricultural sector. We have also indicated that we are going to work out appropriate fiscal policies by which deficit financing and other inflationary pressures will be kept at the barest minimum.

SHRI S. B. GIRI: I also asked whether the black money is also responsible for the widening gap.

SHRI D. P. DHAR: Undoubtedly, black money does play a black role in this matter. Undoubtedly.

SHRI INDRAJIT GUPTA: Could the hon. Minister tell us as to what position this figure, this *per capita* income

of Rs. 348.9 for India occupies among the developing countries of the world as regards relative per capita incomes.

SHRI D. P. DHAR: I apologise, I would not be able to give the comparative figures which obtain in other developing countries which are large in number. It would be a very very strenuous exercise.

SHRI INDRAJIT GUPTA: We are pretty low down the list.

SHRI D. P. DHAR: I contest that statement. We are not pretty low down.

श्री शंकर दयाल सिंह : अध्यक्ष महोदय, देश को लगभग 50 प्रतिशत आबादी पावर्टी लाइन के नीचे है तथा कुछ प्रान्तों में तो 90 प्रतिशत से नीचे है, जो गरीबी की सीमा के नीचे गुजर बसर करते हैं। मैं सरकार से स्पष्ट रूप से जानना चाहता हूँ कि एक औसत भारतीय को नकद कितना पैसा चाहिये, जिस से वह अपना जीवन निर्वाह ठीक ढंग से कर सके और प्रतिमाह उस में कितने रुपये की वृद्धि होती चली जा रही है—मंहगाई के कारण ?

SHRI MOHAN DHARIA: The statement indicates the *per capita* income. We know that the rise in prices has affected the incomes in the country and as has been already indicated by the hon. Minister, we are trying our level best to meet the challenge.

श्री शंकर दयाल सिंह : आप ने क्या जबाब दिया, मैं ने समझा नहीं। एक भारतीय को कितना रुपया चाहिये जिस से कि वह अपना जीवन यापन कर सके, तथा मंहगाई के कारण प्रति मास उस में कितनी वृद्धि हो रही है— 10-20-25 रु०, कुछ तो बतलाइये ?

SHRI MOHAN DHARIA: Some studies were made in this behalf by some experts and we are of the view that according to the price level of 1970-71, to meet the minimum needs

of the individual, a person should get a *per capita* income of Rs. 40 per month. That is what the study has indicated.

SHRI SHANKAR DAYAL SINGH: I am talking of 1973, not of 1961.

SHRI MOHAN DHARIA: These studies indicate Rs. 20 according to 1960-61 prices and it comes to about Rs. 40 as per present prices.

SHRI KRISHNA CHANDRA HALDER: The huge gap in the incomes and the rise in prices indicates the failure of the Five Year Plans. Is it not so?

SHRI D. P. DHAR: It is my misfortune not to be in a position to agree with the conclusion of the hon. Member.

SHRI G. VISWANATHAN: I want to know from the Minister whether it is not a fact that the *per capita* income in rural areas has not increased much compared to the urban areas as also the increase in the income of the fixed income group in the lower levels is very much less compared to the higher income group. What action is being taken to bridge the gulf?

SHRI MOHAN DHARIA: Studies have indicated that poor sections both in urban and rural areas are the sufferers.

MR. SPEAKER: Members are revolving round the same question in different language and the Minister also is doing the same. I am passing on to the next question.

PROF. MADHU DANDAVATE: I will put a different question. The increased deficit financing is putting inflationary pressures on our economy. This deficit financing ought to be reduced. I would like to know this from the hon. Minister. The deficit financing in the first plan was of the order of Rs. 333 crores and it is now Rs. 1500 crores. It has been stated that at the end of the fifth plan.

the deficit financing will be zero. What is the basis of your optimism? How can you say that? What measures are there which are being taken to see that deficit financing is disposed of?

SHRI D. P. DHAR: I will take this opportunity of correcting the statement of the hon. Member. We have not said in approach document that at end of the Fifth Plan the position with regard to deficit financing will be zero. We have said that we will endeavour to have net zero external aid. We have not said about this. What we have said is, we will keep it at barest minimum. As the House is aware, appropriate fiscal measures are being taken at the present moment.

पुलिस को आवासीय सुविधा उपलब्ध करने के लिये संघ राज्य क्षेत्रों को सहायता

*764. श्री महा दीपक सिंह शास्त्री : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पुलिस कर्मचारियों को आवासीय सुविधायें उपलब्ध करने के लिए सहायता देने के बारे में भारत सरकार की नीति समस्त संघ राज्य क्षेत्रों के बारे में एक समान नहीं है; और

(ख) यदि हां, तो इस के क्या कारण हैं ?

गृह मंत्रालय में उच-मंत्री (श्री एफ० एच० मोहसिन) : (क) और (ख). आवासीय सुविधायें प्रत्येक संघ राज्य क्षेत्र प्रशासन द्वारा अपनी आवश्यकताओं तथा धन की उपलब्धता को ध्यान में रख कर, दी जाती हैं? अभी तक संघ शासित क्षेत्रों में पुलिस कर्मचारियों को समान आवासीय सुविधायें प्रदान करना सम्भव नहीं हुआ है ?

श्री महादीपक सिंह शास्त्री : अध्यक्ष महोदय, मंत्री महोदय ने जो उत्तर दिया है, ऐसा लगता है कि इन की बात उल्टी है, इनका तौर उलटा है, और यह सरकार उल्टी है और सारा काम उलटा है। आप ने बताया है कि प्रत्येक संघ राज्य क्षेत्र प्रशासन की आवश्यकताओं तथा धन की उपलब्धता को ध्यान में रख कर सुविधायें प्रदान की जाती हैं। मैं जानना चाहता हूं कि 1972-73 के दरमियान आप ने ये सुविधायें किस किस संघ राज्य क्षेत्र को प्रदान की हैं तथा कौन कौन से संघ राज्य क्षेत्र उन से वंचित रहे हैं तथा उन के वंचित रहने के कारण क्या हैं ?

श्री शंकर बयाल सिंह : मान्यवर, यह प्रश्न ही उल्टा है।

अध्यक्ष महोदय : उन का कहना था, इस लिये कह दिया, वरना इस प्रश्न से इस बात का कोई सम्बन्ध नहीं है।

SHRI F. H. MOHSIN: It all depends upon funds availability. In Goa, Daman and Diu, out of the total police force of 2042, quarters were provided for 129. This comes to 5.8 per cent. In Pondi, total strength is 973 and quarters 268 making 27.5 per cent. In Mizoram the total strength is 644 and quarters 97, the percentage is 67. In Laccadive Minicoy and Amin-divi, 100 per cent satisfaction is there. In Andaman and Nicobar islands the satisfaction is 54.7 per cent. In Chandigarh it is very low. It is 6.5 per cent. In Dadra, Nagar Haveli the satisfaction is 74 per cent. In Delhi it is 53.8 per cent. In Arunachal it is 100 per cent. Efforts are made, wherever it is necessary, to provide housing accommodation provided funds are available.

श्री महा दीपक सिंह शास्त्री : जिन राज्यों में यह सुविधा प्रदान की गई है क्या मंत्री जी को पता है कि पहली और दूसरी श्रेणी के कर्मचारियों को ही यह उपलब्ध है? समाजवाद की

बुनियादी ईंटें तीसरी और चौथी श्रेणी के कर्मचारी ही हैं। मैं जानना चाहता हूँ कि क्या आप इन कर्मचारियों में से, छोटे कर्मचारियों को इस मामले में प्राथमिकता देंगे? क्या आपके पास इस के बारे में कोई योजना है यदि है तो कब तक आप इस को लागू करने जा रहे हैं?

गृह मंत्री (श्री उमा शंकर दीक्षित) : हम ने कैंस प्रोग्राम स्टेट्स के लिए किया था और हम उसको यूनिटन टैरिटरिज में भी बढ़ाना चाहते हैं। दिल्ली में उस को शुरू कराया था। उस के दो फेज हो चुके हैं। तीसरा अब चल रहा है। जो बाकी की यूनिटन टैरिटरिज हैं उन में भी हम इस को बढ़ाना चाहते हैं। खास कर चंडीगढ़ में तो दूसरी कोई व्यवस्था ही नहीं है। जहां पर विधान सभायें हैं और उस तरह से स्थानीय सरकार है वहां तो उन के बजट में कुछ रुपया है और उन के बारे में भी जो कुछ प्रश्न उठेगा उस पर विचार करेंगे लेकिन खास कर चंडीगढ़ में रेंट फ्री एक मोडेशन नहीं दी जा रही है और उन को आवश्यक मात्रा में सुविधा नहीं है, वहां से हमारे पास योजना आई है और उस पर हम सहानुभूतिपूर्वक विचार कर रहे हैं?

SHRI S. M. BANERJEE: I would like to know from the hon. Minister whether the recommendations of the Khosla Commission which include the recommendation for providing houses to policemen have been accepted by the Government? If not, what are the recommendations which have not been accepted and reasons thereof?

SHRI UMA SHANKAR DIKSHIT: Sir, the present question relates to housing for policemen. Just as in the other sectors of government employees satisfaction varies, in the case of police administration we are taking special care to see that as far as possible satisfaction is increased. On the whole the satisfaction is low.

श्री हुकम चन्द कछवाय : आप ने बताया है कि संघ राज्यों में भी जो प्रश्न है उसको आप

चालू कर रहे हैं। संघ राज्यों में पुलिस कर्मी चारियों के पास पर्याप्त मात्रा में मकान नहीं हैं। केवल 20-25 प्रतिशत लोगों के पास हैं। जिन के पास नहीं हैं वे बाहर जितना किराया देते हैं उतना आप उन को नहीं देते हैं। उन को अधिक से अधिक मकान मिल और जिन को मकान नहीं देते हैं उन को जो किराया दिया जाता है वह उतना ही मिले जितना वे शहर में देते हैं, क्या आप ऐसी व्यवस्था करने जा रहे हैं?

श्री उमाशंकर दीक्षित : यह व्यवस्था राज्य सरकारों को करनी है। उन्हीं का यह विषय है अधिकार है। मंत्रणा या सुझाव हम दे सकते हैं। लेकिन इस के बारे में निश्चय उन्हीं को करना होगा।

श्री हुकम चन्द कछवाय : संघ राज्यों में आप किराया बढ़ा कर देने वाले हैं?

श्री उमाशंकर दीक्षित : संघ राज्यों के बारे में हम ने कहा है कि हम बढ़ाना चाहते हैं। चंडीगढ़ के बारे में हम ने आश्वासन दिया हुआ है। हम उस पर निकट भविष्य में विचार करने वाले हैं?

Fifth Plan Outlay for Haryana

*765. **SHRI BIRENDER SINGH RAO:** Will the Minister of PLANNING be pleased to state:

(a) the amount proposed to be allotted to the State of Haryana during the 5th Five Year Plan period for various schemes relating to agricultural production, irrigation development, increase in the power generation capacity, education for all children under 6-11 years age, providing drinking water in villages and solving rural and urban unemployment problem; and

(b) the total plan outlay likely be made available to the State?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). The Fifth Five Year Plan of Haryana is yet in the stage of formulation by the State Government.

SHRI BIRENDER SINGH RAO: May I know whether the hon. Minister will be pleased to state the criteria that will be adopted for plan allocation of funds to various States, and whether projects intended to serve backward areas will receive priority, and if so, what Government are doing about the Nehru canal project in Hayana, which had been submitted to the Planning Commission a long time ago?

SHRI MOHAN DHARIA: So far as the criteria of Central assistance are concerned, we are governed by the formula of the National Development Council, and at the time of the Fifth Five Year Plan, the National Development Council will meet and take the decision. Regarding the projects in backward areas, it will be our endeavour to see that for the development of backward areas, viable projects are given priority. Regarding the Nehru canal project, as the hon. Minister has already indicated in the House, such projects as are productive and as could be implemented during a lesser gestation period will get proper priority.

SHRI BIRENDER SINGH RAO: Will the hon. Minister be pleased to state whether Government have fixed any target date for supply of drinking water to the villages? May I know also whether he is aware that Mahendergarh district in Haryana is an area where 90 per cent of the villages are even today without drinking water, and this is the district which has contributed the most towards our fighting services and has won the highest number of gallantry awards, and if so, whether anything is being specially considered for such areas?

SHRI MOHAN DHARIA: Government have already made it very clear that during the Fifth Five Year Plan, highest priority will be given to providing drinking water facilities, and Rs. 3300 crores is meant for such minimum needs programmes. In this very Fifth Five Year Plan we shall take care of such districts where such facility is not available, including Mahendergarh district.

SHRI S. M. BANERJEE: May I know.....

AN HON. MEMBER: How is he interested in Haryana?

SHRI S. M. BANERJEE: I was born in Haryana, in Ambala....

MR. SPEAKER: It was Punjab at that time.

SHRI S. M. BANERJEE: It was not partitioned when I was born, but the partition took place much later only.

May I know whether the hon. Minister is aware that unless there is enough power, no State is going to prosper, and if so, whether he is aware that the strike by the Haryana electricity workers is still on and the Chief Minister is not attending to it, and whether they have approached the Centre to see that this is settled? May I know whether this matter has been referred to the Irrigation and Power Minister and other Ministers, and whether they have intervened in the matter to have a settlement in order to see that power supply continues in Haryana?

MR. SPEAKER: Simply because he was born in Haryana, how is this question relevant?

SHRI S. M. BANERJEE: The main question relates to various schemes relating to agricultural production, irrigation development, and increase in the power generation capacity. Power generation has been affected adversely, and they have appealed to the Centre. 52 Members of Parlia-

ment have made an appeal to the Centre.

MR. SPEAKER: How is it relevant to the main question?

SHRI S. M. BANERJEE: Let the hon. Minister ask for notice, but it is for him to say.

THE MINISTER OF PLANNING (SHRI D. P. DHAR): I would submit that this question does not arise directly from the main question. The remoteness is so great that I am afraid I shall not be able to oblige the hon. Member with any reply to this question.

SHRI S. M. BANERJEE: Let him kindly speak to the Labour Minister.

श्री पन्नालाल बारूपाल : राजस्थान और विशेषकर बीकानेर, जैसलमेर, जोधपुर आदि जिलों के सम्बन्ध में एक मुहावरा है कि पीवत पानी और है, नहावन पानी और, धोवन धावन और है, बाहू रे नन्द किशोर । स्वर्गीय प्रधान मंत्री नेहरूजी ने पंद्रह साल पहले कहा था कि मैं चाहता हूँ कि किसी भी कीमत पर राजस्थान के लोगों को पीने का पानी मिलना चाहिये । राजस्थान में खारा पानी है । 25 साल की आजादी के बाद भी पानी पीने के लिए भी उनको मुहैया नहीं हो रहा है । वहां आज भी हरिजन पीने के पानी के लिए स्वर्णों तथा दूसरों पर निर्भर करते हैं । मैं जानना चाहता हूँ कि हरिजनों आदि के लिए आप क्या सुविधा प्रदान करने जा रहे हैं ?

प्रधान मंत्री : कश्चन हरियाणा का है इस में राजस्थान कहां से ले आये आप ?

SHRI MOHAN DHARIA: We shall take care of Rajasthan also so far as drinking water facilities are concerned.

SHRI MADHURYA HALDAR: The hon. Minister, Mr. Dhar, just now said that special attention will be given

to the backward areas. The Sunderban area of West Bengal is a very backward region, and a number of projects have been waiting for a long time. May I know whether they are going to include them at least in the Fifth Plan or not?

MR. SPEAKER: These questions do not relate to Haryana. Next question.

Closure of Small Scale Industries in Mysore

*766. SHRI D. B. CHANDRA GOWDA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there is an acute shortage of raw material for small scale industries in the State of Mysore;

(b) whether some small-scale industries have closed down due to this shortage in the State; and

(c) if so, the steps taken by Government to meet the shortage of raw material in the State?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) to (c). A statement is laid on the table of the House.

Statement

(a) and (b). There has been a general shortage of raw materials in the country including Mysore State. Government of Mysore have reported recently that no units have been actually closed for want of raw materials.

(c) Supply of imported raw materials to Small Scale Units in Mysore has improved as indicated below:—

Value of import licence (Rs. in lakhs)	
1969-70	268
1970-71	389
1971-72	602

Allocation of indigenous scarce raw materials such as E.C. Grade and commercial grade aluminium and zinc has also improved as shown below:

	(Tons)	
	1971-72	1972-73
Steel	3646	7196
E. C. Grade aluminium	567	1022
Commercial grade aluminium	258	262
Zinc	13.5	36.30

Efforts are being continuously made to enhance the allocation of raw materials for small scale industries depending upon their availability.

SHRI D. B. CHANDRA GOWDA: In spite of the creditable performance in the last two decades of planning, the supply of raw materials especially to the small scale industries is not satisfactory. Small scale industrialists even today have to depend upon the materials in the open market where the prices are more than double the control prices. I would like to know from the hon. Minister (a) the concrete steps the Government is proposing to take to meet the supply of coarse raw material to the small scale units and (b) though the statement is encouraging so far as Mysore is concerned, I would like to know whether the figures supplied here are in consonance with the demand made by the Government of the State of Mysore.

SHRI ZIAUR RAHMAN ANSARI: I quite agree with the hon. Member that there is a general shortage of raw material, and the Government is taking so many steps to improve the position with regard to the supply of raw materials to the small scale industries. Especially the import policy with regard to scarce raw materials

has been liberalised, and we are doing something which will improve the situation.

SHRI D. B. CHANDRA GOWDA: The powerlooms in Mysore are very much hit for the want of yarn supply. May I know from the hon. Minister what arrangements the Government propose to make so far as the supply of yarn is concerned, because, especially in Gadag and the districts of Bharwar and Bijapur are subject to a great hardship for want of yarn?

SHRI ZIAUR RAHMAN ANSARI: The question does not come within the purview of the Ministry of Industrial Development. It is a question pertaining to the Ministry of Commerce.

SHRI DEBENDRA NATH MAHATA: May I know whether the Government is aware of the fact that there is an acute shortage of sulphuric acid in Calcutta and as a result most of the factories are affected?

MR. SPEAKER: The main question is about Mysore.

SHRI K. LAKKAPPA: My friend has brought out a very good question so far as Mysore State is concerned. There are two issues involved in this question, which are to be solved by this Ministry. The shortage of raw materials to small industries arises out of two factors. Raw material allotted to Mysore State is not in conformity with the demand made by the Mysore State. Secondly, raw material like stainless steel which was allotted by the Ministry previously for fictitious-registered small scale industrialists who have 'gloriously' sold them in blackmarket at Bombay recently and made a handful margin of profit. This type of fictitious registration results in shortage of raw material to *bona fide* small scale units. This has happened in the heart of my parliamentary constituency. What specific steps have been taken to meet the

shortage of raw material needed by the State and to bring to book people who sold stainless steel in blackmarket in Bombay?

SHRI ZIAUR RAHMAN ANSARI: Although the question is too general... (*Interruptions*) the statement laid on the Table of the House shows that in 1971-72 the allotment to Mysore was 3646 tonnes while in 1972-73 it went up to 7196. This is an improvement over the last year. The Government will deal with the other aspect if specific information about the sale of raw material in black market is given.

SHRI K. LAKKAPPA: I gave specific information.

SHRI MANORANJAN HAZRA: Is the hon. Minister aware of the fact that some industrial units shifted from West Bengal to Mysore on the understanding that raw materials will be supplied to them but their hopes were not fulfilled?

MR. SPEAKER: I am not holding this question to be relevant.

SHRI JAGANNATH RAO: The Estimates Committee recommended the preparation of an inventory of small-scale industries regionwise and industrywise so that it would be possible for the DGTD to assess the requirements of the small scale industry? Have any steps been taken in this regard?

SHRI ZIAUR RAHMAN ANSARI: The small-scale industries board in its 30th meeting recommended that a census of small-scale industrial units be taken and preliminary work in this regard is already being taken up. We hope that after the census of the small scale industries, we would be able to assess the quantity of raw materials required by the small scale industries.

SHRI K. CHIKKALINGAIAH: Is it not a fact that the Mysore National Paper Mills in Mysore State is on the verge of being closed down?

MR. SPEAKER: You are here asking a specific question whereas the question appearing here is of a general nature.

SHRI K. CHIKKALINGAIAH: I am asking the question whether, because of dearth of raw material the Central Government is not giving the necessary funds to it to get a machine for changing the raw materials into pulp?

MR. SPEAKER: Again you are asking a specific question about the paper pulp. The question here is of a general nature. It has no reference to any particular factory.- If you want to ask a specific question then you may have to give a separate notice for that.

SHRI K. CHIKKALINGAIAH: Sir, I am asking a specific question. Is it not a fact that because of dearth of raw materials, the National Paper Mill at Mysore is on the point of being closed down?

MR. SPEAKER: Have you followed my request to you or not?

SHRI K. CHIKKALINGAIAH: There is no raw material available there.

MR. SPEAKER: As I said earlier, if you want to ask a question about a particular undertaking or a factory, you may give a separate notice. Here, the question is of a general nature. Mysore State does not entitle you to go in for each and every factory. Please sit down.

S.Q. Nos. 767 and 768

SHRI R. V. SWAMINATHAN—
Absent.

SHRI LALJI BHAI—Absent.

आदिवासियों तथा हरिजनों के लिये आरक्षण

*769. श्री घनशाह प्रधान : क्या प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यार्डी कमेटी की सिफारिशों के अनुसार आदिवासियों और हरिजनों को शासकीय सेवाओं में उचित प्रतिनिधित्व देने के प्रयोजन से विभिन्न विभागों को प्रमोशन के मामले में रिजर्वेशन सम्बन्धी आदेश जारी किये गये हैं ;

(ख) यदि हां, तो केन्द्रीय सरकार के दिल्ली स्थित कार्यालयों में विभाग-वार कितने-कितने आदिवासियों और हरिजनों को उक्त सिफारिशों के अनुसार प्रमोशन दिया गया है ; और .

(ग) क्या उक्त सिफारिशों को कार्य-रूप देने के लिए केन्द्रीय सरकार ने राज्यों से भी कहा है ?

गृह मंत्रालय तथा कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्षा) : (क) से (ग) . एक विवरण सदन के पटल पर रखा जाता है । [ग्रन्थालय में रखा गया । देखिये संख्या एल० टी०-4823/73]

श्री घनशाह प्रधान : अध्यक्ष महोदय, स्वतंत्रता के इस लम्बे अर्से के बाद भी आज हरिजनों और आदिवासियों पर विभिन्न प्रकार के अत्याचार होते हैं । सरकारी नौकरियों में हरिजन और आदिवासी सरकारी कर्मचारियों की पदोन्नति के सम्बन्ध में विशेष रूप से गड़बड़ियों की जातों हैं । मैं यह जानना चाहता हूँ कि केन्द्रीय और प्रान्तीय सेवाओं में क्लास वन, क्लास टू, क्लास थ्री और क्लास फोर के हरिजन और आदिवासी सरकारी कर्मचारियों की पदोन्नति के लिए सरकार क्या

व्यवस्था कर रही है । क्या यह सत्य नहीं है कि उन की पदोन्नति के समय सवर्ण जाति के लोग घूस देना आदि विभिन्न प्रकार की अनुचित कार्यवाहियां कर के हरिजन और आदिवासी सरकारी कर्मचारियों की जगह पदोन्नति ले लेते हैं ? क्या मैं जान सकता हूँ कि 1971-72 तक कुल कितने हरिजन और आदिवासी सरकारी कर्मचारियों की पदोन्नति की गई है ?

श्री राम निवास मिर्षा : माननीय सदस्य का प्रश्न यार्डी समिति को इस सिफारिश के बारे में है कि पदोन्नति के समय भी अनुसूचित जातियों और अनुसूचित जनजातियों को प्रतिनिधित्व दिया जाये । प्रश्न के उत्तर में जो विवरण मैंने सदन के पटल पर रखा है, उस में मैं ने विस्तार से बताया है कि समय समय पर पदोन्नति के समय कितना रिजर्वेशन हो, उस के बारे में केन्द्रीय सरकार ने क्या कथ आज्ञायें प्रसारित की हैं, और उन आज्ञायों की प्रतिलिपियां भी मैं ने सदन के पटल पर रखी हैं । 1968 में एक विशेष आज्ञा जारी की गई, जिस के अनुसार पदोन्नति द्वारा भरे जाने वाले पदों में आरक्षण की व्यवस्था की गई । 1970 में आरक्षण के प्रतिशत को और बढ़ाया गया । उस के पश्चात् 1972 में एक आज्ञा प्रसारित की गई जिस के अनुसार और ज्यादा रियायतें उन को दी गई ।

इस सम्बन्ध में सरकार के पास प्रतिवेदन आते रहते हैं । कई संस्थायें भी आज्ञायों के उल्लंघन आदि के बारे में लिखती रहती हैं । जब कभी हम जांच करते हैं, तो पता चलता है कि सरकार की जो आज्ञायें प्रसारित हुई हैं, उन का सामान्यतः पालन किया जा रहा है इस विषय में जो कोई भी शिकायत हो, सदन की समिति उस पर विचार करती है । समिति उन प्रतिवेदनों को हमारे पास भेजती है और उन सब की जांच की जाती है ।

माननीय सदस्य ने पूछा है कि कितने व्यक्तियों की पदोन्नति हुई है। मैं ने बताया है कि हम सब आंकड़े इकट्ठा कर रहे हैं। जब वे इकट्ठा हो जायेंगे, तो उन्हें सदन के पटल पर रख दिया जायेगा।

श्री जनशहा प्रधान : क्या सरकार मेरा यह सुझाव मानने के लिये तैयार है, कि जब तक हरिजनों और आदिवासियों की रिज़र्व सीट्स नहीं भरी जाती हैं, तब तक अन्य लोगों की भर्ती रोक कर केवल हरिजनों और आदिवासियों को रखा जाये ?

श्री राम निवास मिर्धा : जब कोई जगह आरक्षित होती है और उस के लिए कोई उम्मीदवार नहीं मिलता है, तो उस को पहले दो साल के लिए आगे बढ़ाया जाता था और अब तीन साल के लिए आगे बढ़ाया जाता है। सरकार की निश्चित नीति है कि अगर किसी स्थान को डीरिज़र्व करना हो, तो बहुत सोच समझ कर दिया जाये। टेक्निकल या विशेषज्ञ स्थानों की बात और है, मगर बहुत थोड़े स्थान ऐसे होंगे, जिन को डीरिज़र्व किया गया होगा। इस बात की पूरी कोशिश की जाती है कि आरक्षण के अन्तर्गत जो भी रियायतें हैं, वे पूरी तरह से मिल सकें।

SHRI P. VENKATASUBBAIAH: In reply to part (b) the Minister said that the information will be collected and laid on the Table as soon as possible. In the absence of any specific information whether the directive has been implemented or not, how can the Minister say that it has been fully implemented to their satisfaction with regard to promotions of scheduled castes and scheduled tribes? Then he said that State Governments have been asked to follow the instructions given. May I know if he is aware of the fact that in many cases the superior officers are denying promotion to scheduled castes and scheduled tribes on the plea that there is no suitable candidate avail-

able? Many instances were brought to the notice of the Government of India. May I know whether Government propose to have a special machinery evolved to see that the follow-up action is taken with regard to the implementation of the directives of the Government?

SHRI RAM NIWAS MIRDHA: Part (b) says:

"If so, the Department-wise number of Adivasi and Harijan employees who have been given promotions in Central Government offices in Delhi in accordance with the said recommendations."

Naturally it will take us some time because the information asked for is very wide. From every department in Delhi we have to collect the information. That is why I have said that we are collecting the information. Then he asked, how can we say that the instructions are being followed? To that I have replied in the earlier part of my reply that we have examined the representations we have received and found that in almost all cases the instructions are being followed. We have examined individual cases also and we will continue to do so if any instances are brought to our notice. Regarding the State Governments, it is not within our direct competence to go into what is happening in the States, but whatever instructions we issue from time to time, we are sending them to the State Governments and we pursue the matter with them. We ask them to maintain a model roster. I myself have written to the Chief Ministers; the Prime Minister has spoken to the Chief Ministers when they came to Delhi. We are urging them to follow at least the reservation standard which the Central Government follows for its employees with regard to direct recruitment as well as promotion.

P. VENKATASUBBAIAH: What about evolving a special machinery?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): When I had a meeting with all the Chief Ministers some time ago, I suggested that they themselves might take charge of this matter by having a small cell under them in each State. I hope they have done so.

SHRI K. S. CHAVDA: Again with regard to part (b) of the question, is the minister aware that every department of the Central Government has to submit quarterly or half-yearly reports regarding the filling of reserved quota for scheduled castes and scheduled tribes? If so, what action is he taking against the defaulting officers who have not submitted this information on time?

SHRI RAM NIWAS MIRDHA: This is one of the methods available to us to pursue it and see that it is implemented, namely, calling for quarterly reports etc. We have asked for the latest information. We do receive the quarterly reports, but they do not show whether the orders have been contravened. They only give us figures of persons who have been appointed etc.

SHRI K. S. CHAVDA: Have you fixed the responsibility and punished the defaulting officials? There is a rule in the Home Ministry that every department has to submit quarterly or six-monthly reports.

SHRI RAM NIWAS MIRDHA: As I said, the reports are received regularly. If they are not received, we ask for it and get it from the various departments.

SHRI R. S. PANDEY: Our Government is committed to look after the Harijans and adivasis. Particularly I want to refer to my State of Madhya Pradesh where one-third of the popu-

lation consists of adivasis. I am happy to hear from the Prime Minister that guidance has been given by the Central Government to the States to have a cell to look after the Harijans and adivasis. May I know whether this cell which is going to be created will look after properly the Harijans and adivasis by providing more jobs and giving preference to them particularly?

SHRI RAM NIWAS MIRDHA: What the Prime Minister mentioned was that in every State the Chief Ministers must have a cell in their own secretariat to see that the various orders issued by the respective State Governments are enforced. We do hope that this is being done.

श्री हुकम चन्द कछवाय : प्रधान मंत्री जी ने बताया है कि मैंने हाल ही में मुख्य मंत्रियों से इस विषय में चर्चा की थी और उनको कहा था कि वे इन नियमों को अपने राज्यों में लागू करें। मैं जानना चाहता हूँ कि कितने प्रदेशों के मुख्य मंत्रियों ने इस पर काम प्रारम्भ कर दिया है ? अभी मंत्री महोदय ने बताया है कि अलग से विभाग खोलने का वचन हर एक मुख्य मंत्री ने दिया है। मैं जानना चाहता हूँ कि उन्होंने क्या अलग से विभाग खोल दिये हैं या खोलने प्रारम्भ कर दिए हैं ? सदन की जो समिति है उसने भी समय समय पर जो रिपोर्ट दी है भारत सरकार को उस पर आपने कितना अमल किया है, कितना काम प्रारम्भ किया है ? क्या यह सही है कि 1970 का जो पक्ष है केन्द्र के अधीन जितने भी कार्यालय हैं, रेलवे है, एल।आई।सी। है, बैंक हैं वे सभी उसका ठीक प्रकार से पालन नहीं कर रहे हैं ? क्या यह भी सही नहीं है कि राज्य सरकारें भी उस का ठीक से पालन नहीं कर रहीं हैं ? यह मैं आपको अपनी जानकारी के आधार पर कह रहा हूँ। वे ठीक से पालन नहीं करती हैं। जो ठीक से पालन नहीं करते हैं उनके विरुद्ध क्या आप कोई कार्रवाई करने का विचार रखते हैं ; यदि हां तो कौसी ?

श्री राम निवास मिर्धा : माननीय सदस्य ने कहा कि जो सदन की समिति रिपोर्ट देती है या जिस बात को सरकार के ध्यान में लाती है उस पर विचार नहीं किया जाता है। यह सही नहीं है। जो भी समिति सरकार को लिखती है या जब भी सरकार के ध्यान में ऐसी बात आती है कि संरक्षण नहीं दिया गया है या पदोन्नति नहीं की गई है तो उस पर पूरा ध्यान दिया जाता है और जांच की जाती है। हमेशा कोशिश की जाती है कि जो भी आज्ञा प्रसारित हो उसका पूर्ण रूप से पालन हो।

श्री हुकम चन्द कछवाय : मुख्य मंत्रियों से चर्चा हुई थी। उन्होंने कहा था कि काम प्रारम्भ करने वाले हैं। मैंने यह जानना चाहा था कि क्या उन्होंने ये विभाग खोलने प्रारम्भ कर दिए हैं।

श्री राम निवास मिर्धा : प्रधान मंत्री जी ने कोई विशेष विभाग को बात कही हो, ऐसी बात नहीं है। उनकी इस बारे में मुख्य मंत्रियों से चर्चा हुई थी। उन्होंने यही कहा कि हरिजनों और आदिवासियों व माइनोरिटीज की जो सामान्य समस्याएँ हैं, सारी माइनोरिटीज की तथा दूसरों की हैं उन पर आप विशेष ध्यान दें और नौकरियों के मामले में उनके वास्ते जो रिजर्वेशन है, उसको भी आप देखें कि पूर्ण रूप से पालन हो रहा है या नहीं। ट्राइबल कोओपरेटिव्स आदि विकास की जो दूसरी बातें हैं तथा माइनोरिटीज और पिछले वर्गों से सम्बन्धित जो बातें हैं उन सब की मुख्य मंत्रियों से प्रधान मंत्री ने चर्चा की थी।

Orders placed with the Firms for supply of components for second unit of Rajasthan Atomic Station

*770. SHRI VISHWANATH PRATAP SINGH: Will the Minister of

ATOMIC ENERGY be pleased to state:

(a) the name of the firm with which the orders for the Calandria and Dump-Tank for the second unit of Rajasthan Atomic Power Station has been placed;

(b) the original date stipulated for the supply of these components; and

(c) the reasons for delay in the supply of the above components?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Orders for the fabrication of Calandria and dump tank for the second unit of the Rajasthan Atomic Power Project have been placed on M/s. Larsen & Toubro Limited and M/s. Walchandnagar Industries Limited respectively.

(b) As per these orders, the Calandria was scheduled to be delivered by 31st July, 1971 and the dump tank by 1st January, 1971.

(c) The reasons for delay in the delivery of these components, which are being fabricated in the country for the first time, can be attributed mainly to the extensive developmental work involved and unforeseen fabrication problems encountered during various stages of their manufacture.

SHRI VISHWANATH PRATAP SINGH: I would like to know from the hon. Minister whether, before giving the orders to a private firm, the possibility of manufacture of these components was explored in the public sector undertakings, particularly, the Heavy Engineering Corporation, Ranchi, which specialises in heavy mechanical and structural equipment and the Bharat Heavy Plate & Vessels Ltd., Vishakhapatnam which specialises in multi-layer high pressure vessels and, if not, why?

SHRI RAM NIWAS MIRDHA: This order was placed on M/s. Larsen & Toubro Limited after a limited tender enquiry had been floated. I am not sure which were the parties which responded to that tender notice. This was done after floating a tender notice to which some firms did respond.

The whole question is this. This is for the first time that a complicated manufacturing process of this nature is being attempted in India and it is as a result of Government's policy of self-reliance that, as far as possible, even complicated engineering structures for atomic plants and other components, like, Calandria should be manufactured indigenously and not imported as was done hitherto. This order was given after all possible consultations by way of a limited tender.

They are having difficulties because of the nature of the work involved. It is a pioneering engineering effort. The delay has been there. We are constantly in touch with the manufacturers. Sometimes, the supply of materials takes time. A very special type of metals are needed for this. This is the reason why this delay has taken place.

SHRI VISHWANATH PRATAP SINGH: My question has not been answered. I wanted to know whether an enquiry had been made from the public sector undertakings before placing this order.

SHRI RAM NIWAS MIRDHA: As I said, a limited tender enquiry had been floated. I do not know which were the parties in private sector or in public sector which tendered for this. But it was given after all possible consultations with manufacturers who tendered for it.

SHRI VISHWANATH PRATAP SINGH: Was there any penalty clause in the contract for supply of the components?

SHRI RAM NIWAS MIRDHA: There is no penalty clause as such,

but there is a provision for some sort of compounded penalty or clause of that nature; where any difficulty or loss is cause to the Government, to the Commission, as a result of this delay, it would be computed and negotiated with them. There is no penalty clause as such but there is a provision which will take note of the delay of this nature.

WRITTEN ANSWERS TO QUESTIONS

भारतीय कम्युनिस्ट पार्टी द्वारा संसद
भवन पर प्रदर्शन

*762. श्री हुकम चन्द कछवाय :

श्री आर० बी० बड्डे :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या 27 मार्च, 1973 को भारतीय कम्युनिस्ट पार्टी ने संसद भवन पर एक प्रदर्शन किया था; और

(ख) यदि हां, तो उनकी मुख्य मांगें क्या थीं ?

गृह मंत्री (श्री उमा शंकर बोसित) :

(क) सरकार को मालूम है कि मार्च, 27, 1973 को बोट क्लब के मैदान में एक प्रदर्शन हुआ था ।

(ख) मांगों की याचिका जो 27 मार्च, 1973 को सदन को प्रस्तुत की गई थी, याचिका समिति के अनुसार माननीय सदस्यों में परिचालित की जा चुकी है ।

Annual Licensing Plan

*767. SHRI R. V. SWAMINATHAN:
SHRI BAKSI NAYAK:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether his Ministry has decided to bring out an annual licensing plan which will have a selective approach in place of the present policy of liberal licensing;

(b) if so, when the first such plan is likely to be issued; and

(c) the main features of the proposed plan and to what extent this will help industrial production?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (c). The orderly creation of capacities with a view to avoid shortages in the economy and meet the requirements for various industrial products during the Fifth Plan, requires as a pre-requisite, the availability of essential information relating to each industry which would help the applicants and also facilitate a decision by Government. The compilation and communication of information on investment opportunities, including Government's views on the economic size, appropriate technology, the market, the preferred location, etc. will help particularly the new and medium entrepreneurs to know the fields where there is scope for investment and to draw up realistic and meaningful schemes which would be acceptable to Government. Accordingly, it is proposed to publish annual guidelines for industrial licensing to be operative for each financial year. The first such guidelines are proposed to be issued as soon as possible in 1973-74.

Deputation of Artistes working in T.V. Centre, Delhi and holding Diplomas from Film and T.V. Institute, Poona to Foreign Countries for Advanced Training

*768. SHRI LALJI BHAI: Will the Minister of INFORMATION AND BROADCASTING be pleased to state: (a) whether no diploma holder from Film and Television Institute, Poona working in Television Centre,

New Delhi has been sent for advanced training in foreign countries so far;

(b) if so, whether there are any proposals to send some of them for advanced training against some of the foreign scholarships; and

(c) how many Programme Executives, Producers, Engineers and personnel of other categories have been trained abroad by the end of 1972?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): (a) and (b). The selection of AIR staff for TV Training in foreign countries depends upon the types of training offered and the requirements of the organization. Diploma holders from the Film and TV Institute, Poona are also considered for deputation abroad, but they are mainly engaged in categories for which few training courses are offered. Recently, however, a diploma holder from the Film and TV Institute was sent on a tour-cum-training visit to West Germany to see the TV stations there and acquaint himself with the equipment.

(c) 92 persons of different categories have been trained abroad by the end of 1972.

Pollution Hazards in the city of Bombay and its Suburbs

*771. SHRI SHANKERRAO SAVANT: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) the extent of pollution hazards of an oil refinery, a steel plant and a fertilizer plant;

(b) what steps are taken to minimise this pollution hazard;

(c) whether the pollution has reached an alarming proportion in the city of Bombay and its suburbs; and

(d) what attempts are made to reduce the pollution hazards in Bombay?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The pollution hazards arising from the discharge of certain substances from oil refineries, steel plants and fertilizer plants, above certain levels, may range from adverse aesthetic consequences and damage to property to deleterious effects on human, animal and plant health through air, water and soil pollution.

(b) Besides employing pollution control technology, administrative and legislative steps are being taken to minimise the pollution hazards.

(c) No. However, air pollution rises to significant levels over certain areas for short periods when unfavourable wind and weather conditions prevail.

(d) Several measures like the enactment of legislation for prevention of water pollution and setting up of suitable machinery to implement its provisions, the establishment of a vigilance committee for air pollution, commissioning of a study of air pollution problems of Greater Bombay area by the Central Public Health Engineering Research Institute, Nagpur, establishment of a special department in the State Government for environmental problems and action under other local Laws have been taken in Bombay.

Direct Dialling system between Delhi and Gandhinagar (Gujarat)

*772. SHRI VEKARIA:
SHRI ARVIND M. PATEL:

Will the Minister of COMMUNICATIONS be pleased to state the time by which Direct Dialling system between Delhi and Gandhinagar (Gujarat) will be introduced?

THE MINISTER OF COMMUNICATIONS* (SHRI H. N. BAHUGUNA):
322 LS—2

Introduction of direct dialling between Gandhinagar and Delhi requires provision of a large number of circuits between the two stations. The present coaxial cable is heavily congested and additional circuits in the route can be provided only after the Delhi-Bombay microwave route is commissioned by about 1976-77. STD between Delhi and Gandhinagar will be possible thereafter.

Memorandum for creation of a new State of Jharkhand

*773. SHRI K. LAKKAPPA:
SHRI P. M. MEHTA:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether a Memorandum was submitted to the Prime Minister on 13th March, 1973 for creation of a new State of Jharkhand comprising 15 districts of Bihar, Orissa, West Bengal; and

(b) if so, the main points of the Memorandum and the reaction of Union Government thereon?

THE MINISTER OF HOME AFFAIRS (SHRI UMA SHANKAR DIKSHIT): (a) and (b). A Memorandum was submitted to the Prime Minister on the 12th March, 1973 on behalf of the Jharkhand Party. The Memorandum contains a demand for creation of a new State of Jharkhand comprising Palamau, Hazaribagh, Ranchi, Dhanbad, Singhbhum and Santhal Parganas districts of Bihar, Sundargarh, Keonjhar, Mayurbhanj and Sambalpur districts of Orissa, Purulia, Midnapur and Bankura districts of West Bengal and Raigarh and Surguja districts of Madhya Pradesh. This demand appears to stem mainly from a feeling that their developmental needs will receive better attention and their backwardness will disappear if these areas are carved out into a separate State. Government's view has always been that the removal of regional imbalances in economic development is es-

essentially a matter to be tackled by the State Government concerned through the mechanism of planning and that creation of separate States comprising the backward areas is no answer to this problem. Government are, therefore, not in favour of such demands.

Pay scales of N.G.Os of Union Territory of Dadra and Nagar Haveli

*774. SHRI D. P. JADEJA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government propose to revise the pay scales of N.G.Os. in the Union Territory of Dadra and Nagar Haveli; and

(b) if so, the main points thereof?

THE MINISTER OF HOME AFFAIRS (SHRI UMA SHANKAR DIKSHIT): (a) and (b). Recommendations regarding the pay scales of N.G.O's in the Union Territory of Dadra and Nagar Haveli are included in the report of the III Pay Commission which was laid on the Table of the House on April 2, 1973. The recommendations are under consideration of Government.

Recommendations of the Committee on Police Training

*775. SHRI JAGANNATH MISHRA:
SHRI VARKEY GEORGE:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Committee on Police Training has commented on low I.O. in Police Services in the country;

(b) if so, whether any reason has been attributed to it; and

(c) the main points of the recommendations made by the Committee in their Report and when they are likely to be implemented?

THE MINISTER OF HOME AFFAIRS (SHRI UMA SHANKAR DIKSHIT):

(a) No, Sir.

(b) Does not arise.

(c) A statement is laid on the Table of the Sabha.

Statement

The main points covered by the recommendations of the Committee relate to:

- (i) Qualifications of candidate for, and the system of recruitment to, all the ranks of the police forces.
- (ii) Detailed recommendations with regard to the basic and refresher training of policemen of all ranks. The re-structured syllabi include elements of the social, behavioural and management sciences appropriately adapted to the needs of the police. The refresher training courses suggested include promotion and specialist courses.
- (iii) Recommendations for the attitudinal reorientation of the existing personnel in the context of their role in the changing socio-economic conditions of the country.
- (iv) It has been suggested that there should be a planning, developing and coordinating agency for all matters relating to police training at the Centre as well as in the States.
- (v) Detailed recommendations with regard to the physical facilities and instructional staff required in police training institutions and the materials and methods of instruction required for police training.
- (vi) Further examination of the Police system in all its aspects other than training, has been suggested. This would include

areas like organisational structure, powers and duties of different ranks, conditions of service and laws and procedures which have a bearing on the effectiveness and efficiency of the police.

- (vii) A number of suggestions have been made for improving relations between the police and the public.

The work relating to the implementation of the recommendations of the Committee has been started on a priority basis. Police being a State subject, a large number of recommendations of the Committee concern the States. Copies of the Report of the Committee have been supplied to the States and they have been requested to examine the implications of the recommendations and to furnish their comments to the Government of India expeditiously. It is proposed to discuss the recommendations in a Conference of Chief/Home Ministers of the States and other concerned officials so that a uniform approach to the acceptance and implementation of the Committee's recommendations, which are of the greatest importance from the point of view of bringing about a reorientation in the attitudes of police officers, could be adopted.

Allotment of Government Accommodation to Local Reporters and Sub-Editors in Delhi

*776. SHRI S. A. MURUGANANTHAM: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the Delhi Press Reporters' Association has pointed out that while highly-paid journalists were allotted Government accommodation at nominal rents, local Reporters and Sub-Editors getting small salaries were denied the same; and

(b) if so, whether Government propose to allot houses to local Reporters and Sub-Editors also?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): (a) and (b). No such representation has been received from the Delhi Press Reporters' Association. However on account of the acute shortage it is not possible to make more houses available for the Press pool of Government accommodation at present.

वर्ष 1973-74 में केरल में शिक्षित नौजवानों के लिये रोजगार

*777. श्री रामावतार शास्त्री : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केरल सरकार ने वर्ष 1973-74 में राज्य के 23 हजार शिक्षित नौजवानों को काम देने की लिये 15 करोड़ रुपये की योजना तैयार की है यदि हां, तो उसकी विशेषतायें क्या हैं ;

(ख) क्या राज्य सरकार ने उक्त योजना को क्रियान्वित के लिये केन्द्रीय सरकार से किसी प्रकार की सहायता मांगी है; और

(ग) यदि हां, तो कितनी सहायता मांगी गई है और उस पर सरकार की क्या प्रतिक्रिया है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) से (ग). केरल सरकार ने 20.5 करोड़ रुपये परिव्यय की रोजगार स्कीमें तैयार की थी जिनकी रोजगार क्षमता लगभग 55,000 शिक्षित व्यक्ति थी । इन स्कीमों में ये क्षेत्र सम्मिलित हैं—स्वरोजगार, प्रशिक्षण कार्यक्रम, उद्योगों में मजदूरी/वेतन पर कार्य, सहकार, शिक्षा तथा समाज सेनाएं । इस कार्यक्रम के कार्यान्वयन

के लिए राज्य सरकार ने 100 प्रतिशत केन्द्रीय सहायता दिए जाने का अनुरोध किया था।

इस सम्बन्ध में केन्द्रीय सरकार ने राज्य सरकार से प्रारम्भिक विचार विमर्श किए। ऐसी विभिन्न स्कीमों पर विचार-विमर्श किया गया जिनका निवेश अपेक्षाकृत कम था परन्तु वे अधिक रोजगार अवसरों की व्यवस्था कर सकती थी। राज्य सरकार को इन विचार विमर्शों को ध्यान में रखते हुए अपनी स्कीमों में संशोधन करने की सलाह दी गई है। केन्द्रीय सहायता की राशि के सम्बन्ध में अन्तिम निर्णय राज्य सरकार के संशोधित प्रस्तावों पर विचार करने के पश्चात् किया जायेगा।

Appointment of a Director of Information and Publicity in Delhi Administration

*778. SHRI R. R. SINGH DEO:
SHRI SHRIKISHAN MODI:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the Director, Information and Publicity in the Delhi Administration has been appointed without the consent of the Union Public Service Commission;

(b) whether the attention of Government of India has been invited to a report in the "Indian Express" of the 15th March, 1973 in this connection; and

(c) if so, the reaction of Government of India in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI I. K. GUJRAL): (b) Yes, Sir.

(a) and (c). Shri V. K. Tyagi was appointed as Director of Information and Publicity on an *ad hoc* basis on

14-3-1973 pending recommendations of the Union Public Service Commission. The Commission recommended him for appointment to this post on 16-3-1973.

Joint Sector Company in Tamil Nadu for Manufacturing Tyres

*779. SHRI P. GANGEDEB: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether any agreement has been reached between a joint Sector Company in Tamil Nadu and a reputed U.S. firm for manufacturing tyres for automobiles, trucks and scooters; and

(b) if so, the salient features of the agreement?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Yes, Sir.

(b) Messrs. Tamil Nadu Rubber Ltd., Madras, a joint venture of the Government of Tamil Nadu have been allowed to obtain foreign technical collaboration from a reputed U.S. firm for manufacturing 4 lakh Nos. each of automobile tyres and tubes (and up to a maximum of 25 per cent in excess thereof) in a new unit to be set up in the Ramanathapuram district (backward area) on the following terms and conditions:—

(a) Royalty at 2 per cent (two per cent) on sales (subject to tax) on the first 3 lakh Nos. of automobile tyres and tubes.

(b) Royalty at 1 per cent (one per cent) on sales (subject to tax) on the balance of 2 lakh Nos. of automobile tyres and tubes.

(c) Royalty of 4 per cent (subject to tax) on sales exports. This Royalty will be payable only on exports over and above the obligatory export, of 10 per cent of total production.

(d) A lump sum payment of \$ 2 lakhs as initial disclosure fee and another payment of \$ 2.5 lakhs as charges for engineering documentation, for facilities of the size and product mix for the manufacture of automobile tyres and tubes.

(e) 3 per cent procurement fee on the f.o.b. value of imported plant and machinery if collaborators' assistance is utilised for the import of plant and machinery.

2. Messrs. Tamil Nadu Rubber Ltd. have since concluded an Agreement with the U.S. firm on the above terms and conditions and have furnished copies of the Agreement for Government approval.

Increase in the number of Industrial Licences to Accelerate Industrial Growth

780. SHRI RAM PRAKASH;
SHRI MOHAMMED
SHERIEF:

Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the Chairman of Industrial Credit and Investment Corporation is reported to have attributed the present slow industrial growth to licensing delay and has suggested to increase the present number to 2000 licences to be issued annually; and

(b) if so, Government's reaction thereto?

THE MINISTER OF INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The Chairman of Industrial Credit and Investment Corporation is reported to have stated that with a view to achieving the higher target of rate of investment required in industry and the rate of growth of industrial production en-

visaged in the Fifth Plan, a larger number of licences, of the order of 2000/2500 industrial licences per annum, will have to be issued.

(b) Speedy industrial growth is dependent on a number of factors, of which the availability of capacity is an important one. The creation of sufficient capacities speedily and in time would require not only the issue of sufficient number of licences but also their implementation. Government have been reviewing the policies and procedures relating to industrial growth over a wide front. The details in this regard have been furnished in the Report of the Ministry of Industrial Development for 1972-73.

Class II Junior C.S.S. Section Officers appointed to Class I posts of Senior Analysts

7336. SHRI JHARKHANDE RAI:
Will the PRIME MINISTER be pleased to state:

(a) whether during the last four calendar years several Class II Junior C.S.S. Section Officers were appointed to Class I posts of Senior Analysts for periods exceeding 6 months in contravention of U.P.S.C. (Exemption from Consultation) Regulations without reference to the U.P.S.C.;

(b) if so, which are the Ministries in which such irregular appointments were made and the number of such irregular appointments since 1st January, 1968; and

(c) whether the Department of Personnel had advised the individual Ministries that such appointments were irregular and should be discontinued forthwith and regularised?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). The required

information is being collected and will be placed on the Table of the House.

‘नेपा’ मिल में कर्मचारी

7337. श्री गंगाधरण दीक्षित : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) मध्य प्रदेश स्थित नेपा मिल के कार्यालय में कुल कितने कर्मचारी हैं ; और

(ख) इनमें से कितने कर्मचारियों को 500 रुपये मासिक से अधिक वेतन मिलता है ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री प्रणव कुमार मुखर्जी) :

(क) 343.

(ख) 65.

Resources mobilised by States to Finance Fourth Plan

7338. SHRI DHARAMRAO AFZAL-PURKAR: Will the Minister of PLANNING be pleased to state:

(a) the names of the States which have informed the Central Government regarding the additional resources mobilised by them to help finance the Fourth Plan; and

(b) the broad outlines of the co-operation extended by Central Government in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) All the States have mobilised additional resources for their Fourth Five Year Plans, although the effort has varied from State to State.

(b) The State Governments have been advised from time to time in regard to the measures that could be

adopted for raising additional resources. Besides, all States, including those having inescapable gaps on non-Plan account, have been allowed to utilise the entire proceeds of their additional resource mobilisation for financing their Plan outlays.

मध्य प्रदेश में गैर कारीगर लोगों को रोजगार देने की योजना

7339. श्री गंगाधरण दीक्षित : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश सरकार ने गैर कारीगर लोगों को रोजगार देने की कोई विशेष योजना बनाई है और यदि हां, तो उसके लिए कुल कितनी धनराशि की आवश्यकता होगी ; और

(ख) क्या केन्द्रीय सरकार उक्त योजना को क्रियान्वित करने के लिए राज्य सरकार को कुछ वित्तीय सहायता देने के लिए सहमत हो गई है ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) :

(क) और (ख). योजना आयोग को मध्य प्रदेश सरकार से ऐसा कोई विशेष प्रस्ताव प्राप्त नहीं हुआ है जो कि गैर कारीगर लोगों को ही रोजगार अवसर सुलभ करने के बारे में हो। फिर भी 1972-73 में राज्य सरकार ने जो विशेष रोजगार कार्यक्रम तैयार किया था उसके अन्तर्गत राज्य के ग्रामीण और शहरी क्षेत्रों में कारीगर तथा गैर कारीगर श्रेणी के लोगों के लिए अनेक कार्यक्रम शुरु किए गये थे। इस विशेष रोजगार कार्यक्रम के लिए 204 लाख रुपये की केन्द्रीय सहायता राज्य सरकार को दी गई थी। 1973-74 में भी इन स्कीमों को चालू रखने का विचार है तथा भारत सरकार ने उतनी ही वित्तीय

सहायता देने की स्वीकृति दी जितनी कि 1972-73 में दी गई थी।

‘क्षेत्र का बन्धन’ हटाने की सिफारिश की है :—

इसके अलावा ग्रामीण रोजगार सम्बन्धी त्वारित स्कीम के लिए 1972-73 में 525 लाख रुपये मध्य प्रदेश सरकार को आवंटित किए गए थे। इस राशि से राज्य सरकार अप्रैल से दिसम्बर, 1972 तक गैर कारीगर लोगों को 86 लाख श्रम दिनों का रोजगार सुलभ करने में समर्थ हुई। 1973-74 में भी इस कार्यक्रम के अन्तर्गत राज्य सरकार को इतनी ही मात्रा में केन्द्रीय सहायता मिलने की संभावना है।

प्रतिबन्धित क्षेत्र में जातियों तथा जनजातियों को मान्यता देने के बारे में लेकर समिति की सिफारिशें

4340. श्री धनशाह प्रधान : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) भारत सरकार द्वारा 1 जून, 1965 को नियुक्त लेकर समिति ने यह सिफारिश की है कि राज्य की सीमाओं में किसी जाति, जनजाति को मान्यता देने के लिए क्षेत्र का बन्धन हटा दिया जाना चाहिए ;

(ख) क्या उनके प्रतिवेदन की पुनरीक्षित सूची में प्रस्तावित जातियों तथा जनजातियों के बारे में क्षेत्र बन्धन न रखने की सिफारिश भी की गई है ; और

(ग) यदि हां, तो इस पर केन्द्रीय सरकार की क्या प्रतिक्रिया है ?

गृह मंत्रालय में उपमन्त्री (श्री एफ. एच. मोहसिन) : (क) और (ख). लेकर समिति ने निम्नलिखित मामलों को छोड़कर

(i) जहां सामाजिक भिन्नता वाला एक ही नाम की दो जातियां हों किन्तु उनमें से केवल एक ही जाति सूचीबद्ध होने के लिये पात्र पाई गई हो।

(ii) जहां कुछ क्षेत्रों में एक जातिगत वर्ग के सदस्य रहते हों जो सूचीबद्ध होने के मानदण्ड पूरा करते हैं जबकि उसी वर्ग के सदस्य अन्य क्षेत्रों में रहते हों और सूचीबद्ध होने के पात्र नहीं हों।

(ग) अनुसूचित जातियों तथा अनुसूचित जनजातियों की सूची में संशोधन करने का सम्पूर्ण प्रश्न विचाराधीन है।

Reservation of posts for Scheduled Castes in Delhi Administration

7341. SHRI G. Y. KRISHNAN: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether only 10.8 per cent of all posts in Delhi Administration had been filled by the persons belonging to Scheduled Castes as against the statutory reservation of 15 per cent; and

(b) if so, the reasons thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The percentage of Scheduled Castes employees working in Class I, II, III and IV posts in the Delhi Administration as on 30th September, 1972 works out to 11.5. The reservation of 15 per cent for Scheduled Castes is against vacancies occurring in a year and not against the total number of posts in the Delhi Administration.

Amongst the posts filled during the year 1972, upto 30th September, 1972, the intake of persons belonging to Scheduled Castes was 19.43 per cent.

The reasons for the shortfall in the overall percentage are as follows:—

- (i) Some suitable candidates belonging to Scheduled Castes who were offered appointments for Class III posts did not turn up to join the posts;
- (ii) A number of Class I posts are cadre posts of the Indian Administrative Service, the Indian Police Service, the Indian Forest Service and the Central Health Service and a number of Class II posts are encadred in the Delhi and Andaman & Nicobar Islands Civil & Police Services. For these posts, reservations are provided in the respective cadres, and therefore the number of Scheduled Castes present in Delhi Administration will not be a true reflection of the position regarding representation of Scheduled Castes.
- (iii) A part of the gap has been due to the fact that the percentage of reservations for Scheduled Castes was increased from 12½ per cent to 15 per cent in March 1970, and the reservation is against vacancies arising in a year and not against the total strength of the posts.

Central Assistance to drought affected District of Jhalawar in Rajasthan

7342. SHRI ONKAR LAL BERWA: Will the Minister of PLANNING be pleased to state:

(a) whether the Central Government have provided financial assistance to the drought affected and economically backward district of

Jhalawar (Rajasthan) during the Fourth Five Year Plan;

(b) if so, the amount of assistance provided for the purpose; and

(c) whether it is proposed to provide financial assistance to this District during the Fifth Five Year Plan?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) During the Fourth Plan, Central assistance is allocated and released on the basis of block grants and block loans for the State as a whole and not on a regional or a district basis.

(b) Does not arise.

(c) The Fifth Plan is yet in the stage of formulation.

Increase in Theft Cases in S. P. Mukherjee Park Colony, New Delhi

7343. SHRI ISHWAR CHAUDHRY: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the number of theft cases in S. P. Mukherjee Park Colony, New Delhi, has recently increased and the residents of the colony are in panic due to such cases; and

(b) if so, the number of theft cases during the past three months, month-wise and the action taken to avoid such cases in near future?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No, Sir.

(b) No case of theft was reported in the last three months (January to March 1973) from S. P. Mukherjee Park Colony, New Delhi. One case of burglary was reported in this period from this area which is under investigation.

P.C.O. in Madan Park, Delhi

7344. SHRI ISHWAR CHAUDHRY: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether there is no P.C.O. in Madan Park, Chunna Mal Park, Manohar Park and Jaidev Park, Delhi-35;

(b) whether there are about 10,000 people there who are facing inconvenience due to non-availability of a P.C.O.;

(c) whether there is any proposal to set up a P.C.O. in the above colonies; and

(d) if so, the time by which Government propose to instal a P.C.O. there?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) There is no P.C.O. provided in the four newly sprung colonies, viz., Madan Park, Chunna Mal Park, Manohar Park and Jaidev Park at present. However, two P.C.Os. Nos. 563485 and 563465 are working at a distance of about $\frac{1}{2}$ kilometer from these localities.

(b) and (c). More than 50 proposals are at present under examination by the General Manager, Telephones, New Delhi.

(d) At present there is no capacity for installing additional P.C.Os. from '56' Exchange which feeds this area. However, P.C.Os., as justified will be provided when additional capacity and spare underground cable pairs become available in this area.

Relaxation of Rules for Pay fixation of direct recruits in Grade IV of the Indian Statistical Service

7345. SHRI S. C. SAMANTA: Will the PRIME MINISTER be pleased to state:

(a) whether Government had relaxed the rules for Pay fixation for

direct recruits in Grade IV of the Indian Statistical Service in 1968 and 1969;

(b) whether the cases of those persons who were in Central Government Service prior to their selection in Grade IV of the Indian Statistical Service were considered; and

(c) if so, the number of persons benefited by such relaxation of rules?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) Normal rules of pay fixation were relaxed in the case of direct recruits to grade IV of the Indian Economic Service and the Indian Statistical Service appointed on the results of the combined competitive examination for recruitment to grade IV of the IES/ISS held in 1967 and 1969 to the extent that officiating pay was protected in the case of those officers who were holding a substantive appointment under the Central Government or a State Government.

(b) Yes, Sir.

(c) No officer appointed to grade IV of the Indian Statistical Service on the results of the examinations held in 1967 and 1969 was eligible for protection of officiating pay under the relaxation of rules mentioned in part (a).

Ad hoc promotees working in Grade IV of the Indian Statistical Service

7346. SHRI S. C. SAMANTA: Will the PRIME MINISTER be pleased to state:

(a) the total number of ad hoc promotees working in Grade IV of the Indian Statistical Service with

Office-wise/Department-wise/Ministry-wise break-up;

(b) the number of the ad hoc promotees whose tenure has not been extended beyond 31st December, 1972 so far and the number of those appointed for unspecified period;

(c) the reasons for not adopting uniform procedure for all the above promotees; and

(d) whether the ad hoc promotees are not being given the benefit of their service for the purpose of increment in the grade; if so, the reasons therefor and the action Government propose to take to set the matters right?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) The total number of persons working in Grade IV posts of the Indian Statistical Service on an ad hoc basis with the approval of the Union Public Service Commission is 116. The number of such officers working in the different Ministries/Departments/Offices is given in the Statement laid on the Table of the House. [Placed in Library. See No LT-4824/73].

(b) and (c). The tenure of none of the 116 officers mentioned in the reply to part (a) of the question has been extended by the Cadre Controlling Authority of the Indian Statistical Service beyond the 30th June, 1973. Information regarding the number of officers appointed for unspecified periods, and the reasons for not adopting a uniform procedure is being collected and will be placed on the Table of the House.

(d) The ad hoc promotees are being given the benefit of their service for the purpose of increments in the pay scale of the grade.

मध्य प्रदेश में पिछड़े क्षेत्रों का विकास

7347. श्री गंगाधरण बोक्षित : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश जैसे पिछड़े क्षेत्रों के औद्योगीकरण की गति को तीव्र करने सम्बन्धी नीति में मूलभूत परिवर्तन करने के लिये केन्द्रीय सरकार पर जोर डाला गया है; और

(ख) क्या सरकार ने इस सम्बन्ध में अपनी नीति में कोई परिवर्तन किया है और यदि हां, तो उसकी रूपरेखा क्या है ?

औद्योगिक विकास तथा विज्ञान और औद्योगिकी मंत्री (श्री० सुब्रह्मण्यम) :

(क) और (ख) योजना युग के प्रारम्भ से ही क्षेत्रों का सन्तुलित विकास एक महत्वपूर्ण नीति विषयक उद्देश्य रहा है और योजनाएं बनाने में इसे प्रगाभीस्म से महत्वपूर्ण स्थान मिलता रहा है। चतुर्थ पंचवर्षीय योजना में देश में जिसमें मध्य प्रदेश के पिछड़े जिले/क्षेत्र भी शामिल हैं उद्यमियों को आकर्षित करने हेतु विशेष अध्याय प्रारम्भ किए गए थे जैसे (1) रियायती धन देने की योजनाएं, (2) सीधा 10 प्रतिशत अनुदान अथवा राज सहायता योजना और (3) परिवहन राज सहायता योजना ।

चुने हुए पिछड़े क्षेत्रों में उद्योगों के द्रुत विकास के लिये संगठनात्मक तथा अन्य आवश्यक परिवर्तन करने पर विचार किया जा रहा है ।

Stamp on World Famous White Tiger of Govindgarh

7349. SHRI RANABAHADUR SINGH: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government propose to bring out a stamp on the world

famous white tiger of Govindgarh; and

(b) if so, when this stamp will be released?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUNGUNA): (a) and (b). The proposal will be placed before the Selection Sub-Committee of the Philatelic Advisory Committee for consideration.

Memorandum submitted to Prime Minister by Freedom Fighters

7350. SHRI C. K. JAFFER SHARIEF: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any memorandum was submitted to the Hon'ble Prime Minister while she was on tour to Mysore, by the Freedom Fighters complaining of delay in providing them relief by Centre as well by the State Government; and

(b) if so, the reaction of Central Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes, Sir.

(b) Efforts are being made to expedite disposal of applications of freedom fighters for grant of pension. It is proposed to examine all applications received up to 31st March, 1973 by the 15th August, 1973 and sanction pension in as many cases as are found eligible. The State Governments and Union Territory Administrations have also been requested to furnish their reports as early as possible and send lists of verified cases for early disposal.

National Policy on Films

7351. SHRI C. K. JAFFER SHARIEF: Will the Minister of IN-

FORMATION AND BROADCASTING be pleased to state:

(a) whether Government have evolved any 'National Policy' on Films envisaging developments in all the inter-related fields of Films; and

(b) if so, the broad outlines thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). Government propose to take a series of steps for the integrated development of the film industry as a whole through a Film Council and a multi-functional National Film Corporation in the public sector.

सलैक्शन ग्रेडों में अनुसूचित जातियों और अनुसूचित जनजातियों के लिये आरक्षण

7352. श्री अम्बेश : क्या प्रधान मंत्री पृथक वरिष्ठता के आधार पर अनुसूचित जातियों और अनुसूचित जनजातियों के लिये सलैक्शन ग्रेड के बारे में 21 मार्च, 1973 को अतारांकित प्रश्न संख्या 3959 के उत्तर के सम्बन्ध में यह बताने की कृपा करेंगे कि :

(क) क्या सरकार ने सीधी भर्ती, कन्फरमेशन, पदोन्नति, तदर्थ नियुक्तियों के बारे में समय समय पर अलग अलग आदेश जारी किये हैं;

(ख) क्या सलैक्शन ग्रेड में आरक्षण देने/न देने के लिये सरकार की राय प्राप्त करने के लिए कुछ विभागों/मंत्रालयों/दिल्ली प्रशासन आदि ने लिखित निवेदन किये हैं; और

(ग) क्या कई लोक सभा सदस्यों ने भी कार्मिक विभाग में राज्य मंत्री को पत्र लिख कर इस सम्बन्ध में आदेश जारी

करने के लिए निवेदन किया है कि सलैक्शन ग्रेड में आरक्षण देने के लिए आदेश जारी किये जायें और यदि हां, तो सरकार ने इस सम्बन्ध में क्या कार्यवाही की है ?

गृह मंत्रालय में तथा कार्मिक विभाग में राज्य-मंत्रों (श्री राम निवास मिर्धा) :
(क) जी हां, श्रीमान् ।

(ख) और (ग). कुछ सेवाओं के सलैक्शन ग्रेडों में पदोन्नति के सम्बन्ध में अनुसूचित जातियों और अनुसूचित जनजातियों के लिये आरक्षण आदेशों के लागू करने के बारे में गृह मंत्रालय तथा शिक्षा मंत्रालय एवं समाज कल्याण मंत्रालय से संदर्भ प्राप्त हुए हैं । दिल्ली प्रशासन के अन्तर्गत अध्यापकों की सलैक्शन ग्रेड में पदोन्नति के लिए अनुसूचित जातियों तथा अनुसूचित जनजातियों के लिए आरक्षण के सम्बन्ध में संसद के तीन सदस्यों ने भी पत्र भेजे हैं । इन मामलों पर सम्बद्ध मंत्रालयों के परामर्श से विचार किया जा रहा है ।

'Compensatory Leave given to Government Employees put on Duty on Sundays and Second Saturdays

7353. SHRI G. Y. KRISHNAN: Will the PRIME MINISTER be pleased to state:

(a) whether Government employees put on duty on Sundays and Second Saturdays are given compensatory leave in lieu thereof;

(b) whether in certain Ministries/Departments the Staff are paid for working on Sundays and Second Saturdays; and

(c) if so, whether Government will remove this disparity by a uniform

practice in all the Departments/Ministries, and if not, the reasons thereof?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). Under existing orders, office staff and comparable categories who are required to work for the full prescribed hours of work on Sundays and Second Saturdays are to be allowed compensatory leave in lieu of such work. In exceptional circumstances where it is not found possible to grant such compensatory leave and a certificate to that effect is given by the appropriate authorities, cash compensation in the form of Overtime Allowance for the work done on such days is admissible. It will not be possible to have uniformity in this matter and to enforce an absolute ban on the grant of cash compensation in the form of Overtime Allowance for the work done on such days as it may not be administratively feasible to grant compensatory leave in some cases due to the exigencies of work.

दिल्ली पुलिस में पदोन्नतियां

7354. श्री एम० एस० पुरती : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या दिल्ली पुलिस में कुछ ऐसे कर्मचारी हैं जो 20 वर्ष पूर्व भरती किये गये थे परन्तु अभी भी कांस्टेबल के रूप में कार्य कर रहे हैं ; और

(ख) यदि हां, तो ऐसे कर्मचारियों की संख्या कितनी है और उनको आगे पदोन्नत न किये जाने के क्या कारण हैं ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मौहसिन) : (क) जी हां श्रीमान् ।

(ख) ऐसे 1968 कांस्टेबल हैं जिन्हें सैलेशन ग्रेड और हेड कांस्टेबल के अगले उच्चतर ग्रेड में पदोन्नत नहीं किया गया है क्योंकि वे पंजाब पुलिस नियम के उपबन्धों/स्थायी आदेश के अनुसार विभागीय परीक्षा/सैलेशन पास नहीं कर सके।

राजधानी में देखे गये स्वतन्त्र काश्मीर
की मांग करने वाले हस्ताक्षरित
इशतहार

7355. श्री एम० एस० पुरती : क्या
गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान 'प्रदीप'
दिनांक 21 जनवरी, 1973 में छपे इस
समाचार की ओर दिलाया गया है कि काश्मीर
जनमत संग्रह मोर्चे पर लगे प्रतिबन्ध हटाने
के दो दिन पूर्व राजधानी में हस्ताक्षरित
इशतहार लगे देखे गये जिसमें स्वतन्त्र काश्मीर
की मांग की गई थी ; और

(ख) यदि हां, तो क्या सरकार ने इस
रहस्य का पता लगाने की कोशिश की है ?

गृह मंत्री (श्री उमा शंकर दीक्षित) :
(क) और (ख). सरकार इस समाचार
से परिचित है। किन्तु जम्मू और काश्मीर
सरकार ने सूचित किया है कि श्रीनगर में ऐसे
कोई इशतहार नहीं देखे गये थे।

Tidal Power Generation

7356. SHRI D. B. CHANDRA-
GOWDA: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the National Committee on Science and Technology has examined the tidal data and prepared a map of the country showing regions

where tidal power generation may be possible; and

(b) if so, the main outlines thereof?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The National Committee on Science and Technology has set up an expert committee to assess the potential in tidal power generation in the country—A map of the country has been drawn showing areas where the tidal range would be suitable for harnessing tidal power.

(b) The expert committee is still continuing its deliberations and has so far not identified any locations where R & D programme could be initiated.

Sale of Truck Tyres in Capital

7357. SHRI VARKEY GEORGE: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether any restrictions were imposed in March, 1973 by Delhi Administration on the sale of Motor and Truck tyres in the capital; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) No, Sir.

(b) Does not arise.

Relaxation in age or Educational Qualifications for Departmental L.D.Cs. and U.D.Cs. for competing for posts on Technical side

7358. SHRI M. S. SIVASWAMY: Will the PRIME MINISTER be pleased to state:

(a) whether any relaxations in age or educational qualifications are granted to the departmental Upper Division Clerks/Lower Division Clerks for competing for posts on the Technical side the duties of which they can satisfactorily perform in the respective Ministries of the Government;

(b) if so, the gist of the relaxations; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). There are no general orders to the effect that in the case of departmental L.D.C.s/U.D.C.s age or educational qualifications prescribed for recruitment to posts on the technical side can be relaxed. Posts on the Technical side, or for that matter, any other posts are required to be filled in accordance with the provisions of the Recruitment Rules for those posts. If, for appointment to a Technical post, possession of certain educational qualifications is considered essential for efficient discharge of the duties of that post and, as such, those qualifications have been duly prescribed in the relevant Recruitment Rules the question of appointing any departmental LDC/UDC in relaxation of the prescribed qualifications would not arise, considering that persons not possessing the prescribed qualifications would not be able to discharge the duties of the post satisfactorily. Even if the departmental LDCs/UDCs possess the qualifications prescribed for the Technical posts, no relaxation of the age limits as prescribed in the Recruitment Rules would be admissible unless the Recruitment Rules, themselves specifically provide for grant of such a relaxation in the case of departmental employees.

Constitution of a Study Team to examine the functioning of the Tribal Research Institutes

7359. SHRI S. M. SIDDAYYA: Will the Minister of PLANNING be pleased to state:

(a) whether a Panel on Welfare of Backward Classes for the Fourth Plan recommended the constitution of a study team to examine the functions and actual working of the Tribal Research Institutes, to explore the feasibility of including within the scope of these institutes the problems of backward classes other than the tribals, and to examine the need for setting up a Central Research and Training Institute for coordinating the activities of the regional institutes and for training personnel;

(b) if so, the main recommendations made and the action taken thereon; and

(c) the considerations that have weighed against the Union Government taking any steps so far to set up a Central Research and Training Institute?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b). The main recommendations of the Study Team on Tribal Research Institutes are laid on the Table of the House. [*Placed in Library. See No. LT-4325/73*]. The Ministry of Home Affairs have constituted a Central Research Advisory Council on the recommendation of the Study Team. The recommendations of the Study Team have been circulated to the Indian Council of Social Science Research, Department Education, National Institute of Community Development, Tribal Research Institutes and all the State Governments having Tribal Research Institutes.

(c) The question of setting up of a Central Research and Training Institute was carefully considered by the Study Team. While appreciating the

need of the functions which such an institute could perform, the Study Team felt that these functions could be performed with equal efficiency by a Central Research Advisory Council for Tribal Research Institutes in the Department of Social Welfare (now Ministry of Home Affairs) at the Centre. The Government of India accepted this recommendation and constituted the Central Research Advisory Council for Tribal Research Institutes *vide* its Resolution No. 12/5/72-RU dated November 23, 1972

Foreign and Indian Investment in Cigarette Industry

7360. SHRI CHANDRIKA PRASAD: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to refer to

the reply given to Starred Question No. 411 dated the 21st March, 1973 regarding Foreign and Indian investment in cigarette industry and state:

(a) the break-up of the foreign and Indian Investment of the equity capital in the cigarette industry in the country—Company-wise; and

(b) the break-up of the capitalised value of the fixed assets of these Companies—Company-wise, separately for foreign and Indian companies?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). The details regarding equity capital and fixed Assets of Foreign and Indian companies are as follows:—

S.No.	Name of the Firm	Equity Capital		Net Fixed Assets
		Foreign	Indian	
(Rupees in lakhs)

Agency to be approached by entrepreneurs for setting up Industries in Backward Districts

7361. SHRI BHAGIRATH BHANWAR: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state the name of the agency who should be approached initially by entrepreneurs for setting up industries in the backward districts?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): Entrepreneurs have to initially approach the District Industries Officer or the representative of the Director of Industries, of the State and Union Territory concerned for setting up industries in the selected backward districts.

Crockery Manufacturing Units in the Country

7362. SHRI BHAGIRATH BHANWAR: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the number of Crockery manufacturing units in the country;

(b) the measures proposed for proper and better organisation of the crockery industry; and

(c) the special facilities being proposed for pottery manufacturers for improved quality and better design?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) There are 16 units borne on the list of DGTD and about 125 units in Small Scale Sector engaged in the manufacture of Crockery items..

(b) and (c). For improvement in the quality and better design, foreign collaboration is being permitted and imports of certain equipments which

are not indigenously available are also being allowed.

In regard to the units in the Small Scale Sector, proposals for setting up of Functional Industrial Estates, Common Faculty Centres, Training of workers, and Process and Production-cum-Quality Testing Laboratories are being considered.

Post Offices in the Backward Areas of Punjab, Himachal Pradesh and Rajasthan

7363. SHRI PANNA LAL BARU-PAL: Will the Minister of COMMUNICATIONS be pleased to state:

(a) how many post offices are proposed to be started in the backward areas of Punjab, Himachal Pradesh and Rajasthan; and

(b) whether a new post office at the new big bus stand at Nangal Dam is proposed to be provided to meet the need of the general public there?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a). Punjab	Nil
Himachal Pradesh	30
Rajasthan	10

There are no areas in Punjab State declared as 'very backward' for the purpose of extension of postal facilities.

(b). There is no such proposal under examination at present.

Definition of Mulki in Telengana area of Andhra Pradesh

7364. SHRI K. SURYANARAYANA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government have taken notice of the Editorial of *National Herald* of New Delhi dated 8th March 1973 regarding "who are Mulki in Telengana Region in the

State of Andhra Pradesh";
and

(b) if so, the reaction of Government of India on the recent judgement of Justice Obul Reddy of the Andhra Pradesh High Court on the definition of Mulki in Telengana area?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Government have seen the Editorial.

(b). The implications of the judgement are being studied.

Cases Pending in Delhi Under Prevention of Untouchability (Offences) Act.

7365. SHRI A. S. KASTURE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number of cases pending in Union Territory of Delhi under Prevention of Untouchability (Offences) Act during the last three years;

(b) the date of institution of the proceeding in the court and the date of decision of the case by the trial court; and

(c) in how many cases, the accused persons were sentenced?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). There are at present three cases pending trial with the courts. Further details regarding the disposal of cases under the Untouchability (Offences) Act 1955 during the last three years are being collected and will be furnished.

Surplus U.D.Cs. Nominated by the Central (Surplus Staff) Cell to the Department of Atomic Energy

7366. SHRI R. V. BADE: Will the PRIME MINISTER be pleased to refer to the reply given to Unstarred Question No. 4159 dated 30th August.

1972 regarding procedure being followed for redeployment of surplus staff in Central Staff Cell and state;

(a) whether consequent upon being declared surplus from the office of the Regional Settlement Commissioner, Bombay on 1st October, 1971, certain Upper Division Clerks were nominated by the Central (Surplus Staff) Cell to the Atomic Energy Department, Bombay in accordance with the Government procedure;

(b) whether subsequently orders of nomination were changed by the Cell authorities and the staff were renominated to the office of the Commissioner of Income Tax, Bombay; and

(c) if so, whether these renominations are in contravention of set procedure?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a). Yes, Sir.

(b). None of the Upper Division Clerks referred to in part (a) was renominated to the office of the Commissioner of Income Tax, Bombay.

(c). Does not arise.

Vacancies of L.D.Cs. Reported by Central Government Offices to the Central Surplus Staff Cell

7367. SHRI R. V. BADE: Will the PRIME MINISTER be pleased to state:

(a) the names of Central Government offices/Departments and the number of vacancies in respect of Lower Division Clerks reported to the Central Surplus Staff Cell during the period from 1st April, 1970 to 30th September, 1970 (Date-wise);

(b) the date (dates) on which each office/Department reported their vacancies (showing the reserved as well as un-reserved) in the above

category during the period from 1st April, 1970 to 30th September, 1970; and

(c) the names of the offices which were given 'No objection certificates' to the effect that the Central Pool had no surplus Lower Division Clerks available for nomination during the period from 1st April, 1970 to 30th September, 1970?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). The required information is being collected and will be placed on the Table of the House.

मध्य प्रदेश में भूमिगत पाकिस्तानी राष्ट्रियों की संख्या

7368. श्री हुकम चन्द कछवाय : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) 31 मार्च, 1972 को मध्य प्रदेश में भूमिगत 164 पाकिस्तानी राष्ट्रियों में से कितनों को खोज निकाला गया और उनमें से कितनों को निर्वासित किया गया; और

(ख) जिला-वार कितने पाकिस्तानी राष्ट्रिक भूमिगत हैं ?

गृह मंत्रालय में उपमंत्री (श्री०एफ० एच० मोहसिन) : (क) और (ख). सूचना एकत्रित की जा रही है और सदन के पटल पर रख दी जायगी ।

छिपे नागाओं द्वारा आत्म समर्पण

7369. श्री हुकम चन्द कछवाय : क्या गृह मंत्री यह बताने की कृपा करेंगे कि गत पांच महीनों में देश के विभिन्न भागों में कितने छिपे नागाओं को गिरफ्तार किया गया तथा, उक्त अवधि में कितने नागाओं ने स्वच्छा से आत्मसमर्पण किया ?

गृह मंत्रालय में उपमंत्री (श्री एफ० ए० मोहसिन) : नागालैण्ड और मणिपुर सरकार द्वारा भेजी गई सूचना के अनुसार 1 नवम्बर, 1972 और 31 मार्च, 1973 के बीच 479 नागा विद्रोही गिरफ्तार किये गये थे और 791 नागा विद्रोहियों ने स्वेच्छा से आत्म-समर्पण किया है ।

Telephone Connection given in Kerala during 1972-73

7370. SHRI VAYALAR RAVI: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the total number of telephone connections given in Kerala during 1972-73 and the number of pending applications; and

(b) what progress has been made in providing adequate exchange equipment and other essential stores in this circle?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a). Total number of telephone connections given in 1972-73 is 6,387.

Number of pending applications is 11,358.

(b). A total number of 400 lines were added to the equipped capacities of the various exchange systems in the Kerala Circle during 72-73.

Other essential stores required are also being allotted to the Circle to the extent possible.

Report of the Commission Appointed to Investigate into the Causes of Shahdara Disturbances

7371. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the commission appointed to investigate into the causes of Shahdara Disturbances has since submitted its report; and

(b) if so, the main features thereof and the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a). No Sir. The Commission is expected to submit its report by the end of April, 1973.

(b) does not arise.

Production of Silk (Tasar) in West Bengal

7372. SHRI GADADHAR SAHA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) what has been done so far for improvement and development of Silk (Tasar) industries in Murshidabad and Birbhum in West Bengal;

(b) whether the State Government of West Bengal have been advised to develop a scheme there for proper study and improvement of the industries and proper cultivation of raw material; if so, the progress so far achieved for this industry; and

(c) the names of the scheme under which financial assistances has been sought or is being sought and given and the amount given?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a). There is no production of tasar silk in Murshidabad District. Efforts are being made to introduce tasar culture in Birbhum District. One Grainage for production of disease-free tasar seed, and one Training Centre for imparting training in tasar spinning on improved machines have been set up.

(b) and (c). There is one scheme for development of tasar industry in the State of West Bengal. The ob-

ject of the scheme is to demonstrate improved methods of Tasar rearings and to distribute disease free tasar layings to the rearers. An expenditure of Rs. 1.57 lakhs was incurred during the Third Plan. During 1973-74 a sum of Rs. 50,000/- will be provided by the State Government out of the 'Plan' allocations for the year.

Conversion of Branch Post Offices in Birbhum District West Bengal

7373. SHRI GADADHAR SAHA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the number of Branch Post Offices and Sub-Post Offices being converted/upgraded into Sub-Post Offices and Head Post Offices in Birbhum District in West Bengal and the conditions laid down for such upgradation;

(b) what are the criteria for opening (Branch) Post offices under the N. R. money deposit scheme; and

(c) the guidelines to be followed during departmental enquiry into proposal for opening new Post Offices in determining the postal income of the area under existing post office?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Branch post offices proposed to be upgraded to Sub-post offices during 1973-74 .. 7.

Sub-post offices proposed to be upgraded to Head Post Offices during 1973-74....NIL.

***Conditions laid down for the upgradation of post offices:**

Branch Post Offices to Extra-departmental sub-post office.

The workload of the office on upgradation should not be less than 3 hours per day and the proposed office should be self-supporting financially.

Branch/Extra departmental Sub-post office to Departmental sub-post office.

The workload of the office on upgradation should not be less than 5 hours per day and loss in upgradation should not exceed Rs. 1000/- per annum in rural areas and Rs. 500/- in Urban areas.

Sub-post office to Head Post Office.

A Sub-Office is upgraded to afford relief to its Head Office and where this would improve mail arrangements and financing of offices. A Head office is bifurcated when the number of offices under its accounts jurisdiction exceeds 60. This standard is relaxable in the case of backward districts.

(b) The criteria for opening branch post offices on realisation of Non-returnable-contribution is as indicated in the statement laid on the Table of the House. [*Placed in Library, See No. LT-4826/73*].

(c) The income of the proposed as well as the parent post offices is determined according to a formula prescribed by the P. & T. Department as indicated in the statement laid on the Table of the House. [*Placed in Library. See LT- No. 4826/73*].

Consultations with West Bengal on its Share in the Fifth Plan

7374 SHRI GADADHAR SAHA: Will the Minister of PLANNING be pleased to state:

(a) whether consultation have been held with West Bengal State Government with regard to their share in the Fifth Plan outlay;

(b) if so, what will be the total outlay for that State; and

(c) the schemes which West Bengal has been advised to draw up and when these will be finalised?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). The West Bengal Government has yet to finalise its Draft Fifth Five Year Plan.

(c) The Planning Commission has issued general guidelines to the States for the formulation of Fifth Five Year Plan advising them about the national priorities as enunciated in the "Approach to the Fifth Plan" and to evolve an integrated strategy on the basis of the experience of the Fourth Plan, the aspirations of the people, the need for augmenting employment and improving the conditions of the poorest sections and backward areas.

Idols Stolen from Temples

7375. SHRI G. Y. KRISHNAN: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the names of temples in the North and South from where idols were stolen and how many of them have been traced and the number of untraceable idol during last year;

- (b) the number of persons arrested;
- (c) whether there has been any hand of foreign elements also; and
- (d) if so, the facts thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) According to the information available with the C.B.I., 299 cases of thefts of idols were reported from both North India as well as South India in 1972. No information is readily available about the names of individual temples from where these idols were stolen. A statement showing the total number of thefts of idols along with number of idols traced out is laid on the Table of the House. [*Placed in Library. See No. LT- 4827/73*]

(b) From the available information, it appears that 188 persons were involved in various cases of thefts of cultural property including idol thefts during the year 1972. The exact number of arrests made for idol thefts is not available.

(c) No, Sir.

(d) Does not arise.

Nomination of U.D.Cs. Declared Surplus in Chief Settlement Commissioner's Office, New Delhi to Central Translation Bureau, New Delhi

7376. SHRI HUKAM CHAND KACHWAI:
SHRI R. V. BADE:

Will the PRIME MINISTER be pleased to state:

(a) whether Orders for nomination of Upper Division Clerks who were declared surplus from the Office of the Chief Settlement Commissioner, Department of Rehabilitation, New Delhi on 1st April, 1971 to the Central Hindi Translation Bureau, New Delhi were passed in the relevant file;

(b) whether subsequently these Orders were changed and the above mentioned Upper Division Clerks were re-nominated to the Office of the Commissioner of Income Tax, Delhi in the month of May, 1971 *vide* Department of Personnel Letter (Order) No. 4/11/71-CS-III; and

(c) if so, why the Upper Division Clerks declared surplus from the same Office with effect from 31st May, 1972 were not allowed a change?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA):
(a) Yes, Sir.

(b) and (c). The U.D. Clerks declared surplus from the office of the Chief Settlement Commissioner, Department of Rehabilitation, New Delhi, on 1st April, 1971, were nominated for absorption in the posts of U.D. Clerk in the newly set up office of the Central Translation Bureau against vacancies reported by them. Subsequently it came to light that the entire work in the said Bureau was required to be done in Hindi, and since these surplus U.D. Clerks did not possess the requisite knowledge of Hindi, the Bureau did not consider them suitable for service under them. They were therefore, renominated against the general unreserved vacancies in U.D. Grade reported to be available in the Office of the Commissioner of Income Tax, Delhi, at the relevant point of time.

The position in regard to the U.D. Clerks declared surplus from the Office of the Chief Settlement Commissioner, Department of Rehabilitation, New Delhi on the afternoon of 31st May, 1972, was different. All these surplus U.D. Clerks belonged to general unreserved category whereas the vacancies in the grade of U.D. Clerk reported to be then available in the Office of the Commissioner of Income Tax, Delhi, were all reserved for Scheduled Castes/Tribes. It was not possible to nominate these U.D. Clerks of general

unreserved category for absorption in vacancies in the grade of U.D. Clerk reserved for Scheduled Castes/Tribes. They were, therefore, nominated against unreserved vacancies in the grade of U.D. Clerk reported to be available in other offices in Delhi at that time where they were ultimately absorbed.

Fall Registered in the Per Capita Availability of Essential Commodities in 1971-72

7377. SHRI INDRAJIT GUPTA: Will the Minister of PLANNING be pleased to state:

(a) whether the *per capita* availability of essential commodities of mass consumption like cereals, pulses, grams, edible oils, sugar and cotton cloth had registered a sharp fall in 1971-72 as compared to the previous year;

(b) if so, the extent of fall registered in the *per capita* availability of these commodities in 1971-72; and

(c) the reasons for the fall?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). Comparative figures of *per capita* availability of essential goods of mass consumption are given in the *Economic Survey* 1972-73. However, these have been given in statement attached.

It may be observed from this Annexure that the *per capita* availability of cereals and vanaspati has been somewhat higher while that of pulses, gram, sugar and cotton cloth has somewhat fallen and that of man made fabrics has remained the same. Fall in edible oils, however, has been significant.

(c) The reasons for short fall have been discussed in the *Economic Survey* 1972-73.

Statement

Per capita availability of essential goods of mass consumption.

Item	Per capita net availability during the year		Percentage increase (+)/decrease (—) in per capita net availability in 1972 over 1971
	1971	1972	
Cereals (Kgs.) . . .	152.5@	153.1	+0.4
Gram (Kgs.) . . .	7.4	7.1	—4.1
Pulses (Kgs.) . . .	18.7@	17.2	—8.0
Sugar (Kgs.) . . .	7.3	6.7	—8.1
Edible Oils (Kgs.) . . .	3.3*	2.7*	—18.2
Vanaspati (Kgs.) . . .	1.0*	1.1*	+10.0
Cotton Cloth (Metres) .	15.2	14.1	—7.2
Man made fabrics (Metres)	1.9	1.9	

@ Latest figures. Other figures as in Economic Survey 1972-73.

* Financial year figures.

Survey of Rural Unemployment

7378. SHRI INDRAJIT GUPTA:
SHRI M. KATHAMUTHU:

Will the Minister of PLANNING be pleased to state:

(a) whether Government have made any estimate of the extent of unemployment and under-employment in the rural areas; and

(b) if so, the findings thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). A sample survey has been undertaken by the National Sample Survey Organisation from October 1972 with the object of collecting data on employment, unemployment and under-employment in urban and rural areas of the country. The field work of the survey will be completed by the end of September, 1973, whereafter the processing of data will be taken up.

A.I.R. Employees Relations as Casual Artistes

7379. SHRI DHAN SHAH PRADHAN: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of casual artistes booked for over 14 days duration in various offices of All India Radio and T.V. Centre in Delhi during the past one year; and

(b) the number of such artistes who are the relations of AIR employees and Staff Artistes?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINGH): (a) 40.

(b) 5.

Charges against a D.S.P. and A.S.I. of Delhi Police

7380. SHRI ISHAQUE SAMBHALI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Home Ministry and C.B.I. have received any petition against a certain D.S.P. and A.S.I. for constructing house on Government land;

(b) whether the Delhi Municipal Commissioner also passed critical remarks on such activities of the Delhi D.S.P. and A.S.I.;

(c) whether any enquiry has been made into the matter; and

(d) if so, the main points thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No, Sir. (b) and (c). Yes, Sir.

(d) The enquiries revealed some unauthorised constructions by the A.S.I. and D.S.P. A part of the unauthorised construction has already been demolished by the Municipal Corporation of Delhi. Action to demolish the remaining unauthorised construction was stayed under the orders of the court and the case was remanded. The A.S.I. has retired from service.

Reimbursement of Medical Charges to Delhi Administration Employees

7381. SHRI DHARAMRAO AFZALPURKAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number of employees of Delhi Administration who have claimed amounts exceeding four thousand rupees on account of reimbursement of medical charges during 1970-71 and 1971-72;

(b) whether these huge amounts are considered justifiable by the Government; and

(c) if not, the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) None of the employees of the Delhi Administration have claimed reimbursement on account of medical charges exceeding Rs. 4,000 during the years 1970-71 and 1971-72.

(b) and (c). Do not arise.

Dearth of Injection Ampoules

7382. SHRI P. GANGADEB: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the country is facing dearth of injection ampoules in the country;

(b) whether Pharmaceutical units have been finding it difficult to obtain glass ampoules these days; and

(c) steps taken to overcome shortage of gas-oxygen?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Government are not aware of any difficulties experienced by the Pharmaceutical Industry in procuring their requirement of ampoules.

(c) As against a tentative target of 180 ml. cu. metres per annum of Oxygen Gas required at the end of the Fifth Five Year Plan, the capacity already licensed is of the order of 82.8 ml. cu. metres per annum and the installed capacity is 75.1 ml. cu. metres per annum. Additional capacity of the order of 68.7 million cu. metres per annum of Oxygen Gas has also been approved already by issue of Letters of Intent and Registration Certificates to various entrepreneurs. Applications for a total capacity of the order of 221 ml. cu. metres of Oxygen Gas per annum are under consideration.

Delegation of Powers to the Managing Director of National Industrial Development Corporation

7383. SHRI INDRAJIT GUPTA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the view taken by Deptt. of Company Affairs that the powers delegated by the Board of Directors of the National Industrial Development Corporation to the Managing Director are not in order, have been upheld by the Law Department; and

(b) if so, the action taken to rectify the decision taken by the said Managing Director under his wrongly delegated powers?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b): The Board of Directors of National Industrial Development Corporation Ltd., vide their resolution dated the 28th October, 1968, delegated certain powers to the Managing Director. A technical flaw about the delegation of powers has been pointed out by the Department of Company Affairs and Ministry of Law though the Articles of Association of N.I.D.C. Ltd., vest almost all powers in the Board of Directors, there is no specific provision for the Board of Directors to delegate powers to the Managing Director. Accordingly, the Corporation has been informed that Managing Director should not exercise these powers.

Implementation of the Decision Regarding Separation of Judiciary from Executive

7384. SHRI S. M. BANERJEE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether all the State have implemented the decision of Government to separate judiciary from the executive;

(b) if not, the names of States which have not been implemented the same and

(c) the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b): Not yet Sir. The Judiciary has been separated from the Executive in Gujarat, Haryana, Jammu and Kashmir (except Poonch and Rajouri districts), Maharashtra, Mysore, Punjab, Kerala, Madhya Pradesh, West Bengal (except 24 Parganas District), Orissa, Tamil Nadu, Bihar, Rajasthan, substantial areas of Andhra Pradesh and Uttar Pradesh and some areas of Assam, Himachal Pradesh and Manipur. Separation has not yet been effected in Nagaland, Tripura and Meghalaya.

(c) The subject 'Administration of Justice' falls in the State's sphere. It is primarily the responsibility of the State Government to take action for separation of the Judiciary from the Executive. However, a Bill which was introduced in Parliament for the enactment of new Code of Criminal Procedure and which seeks, among other things to secure separation of the Judiciary from the Executive all over the country has since been passed by the Rajya Sabha. It is pending consideration in the Lok Sabha.

Selection of Production Assistants for TV. Centres

7385. SHRI DHAN SHAH PRADHAN: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether a selection for the posts of Production Assistant was held in June-July last year for the T.V. Centres;

(b) if so, whether one of the selected candidates was related to the Chairman of the Selection Committee; and

(c) how many amongst the selected persons are the relations of employees of All India Radio, T.V. Centre and other offices of the Ministry of Information and Broadcasting?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir.

(b) No, Sir. None of the selected persons was a member of the Chairman's family, or a blood relation.

(c) Nine among the panel of thirty-four who were approved were relations of employees of All India Radio and Delhi T.V. Centre. We have no record on whether any one of them is related to any employee of other offices under the Ministry of Information & Broadcasting as this information is not obtained from candidates.

The procedure for selection has since been tightened up to ensure that selections are made impartially and on merits. A statement containing a copy of the instructions issued in this regard is attached (other measures are also being taken). The above selection was made prior to the issue of these instructions.

Statement

Copy of Instructions Issued by Directorate General. All India Radio vide Memorandum No. 6/12/72 SVIII dated 24th November, 1972, to all heads of Offices/Stations of All India Radio.

Subject:—Recruitment of Staff Artists and Television Contract Staff.

It has been decided that in future, as and when Staff Artist Television Contract Staff posts are advertised, candidates applying for appointments to the various categories of posts should be required to indicate in their applications the names and designations of relatives, if any, already working in All India Radio, including Tele-

vision Centres. A clause to this effect may be inserted in all future advertisements and also in the prescribed application forms wherever such forms are prescribed.

2. It has also been decided that the above information should be invariably placed before the Selection Committee, including the Outside Assessors, at the time of interview and/or test.

3. The receipt of this memo may please be acknowledged.

Setting up of a Natural History Museum in Delhi

7386. SHRI BIBHUTI MISHRA: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government are contemplating to set up a natural history museum for Delhi; and

(b) the advantages to be derived from this museum?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Yes, Sir.

(b) The main object of setting up of a Natural History Museum in the Capital is to impart knowledge and

acquaint students and laymen alike, on the role of Natural History Sciences in the development of National Economy and Social Welfare. The importance of preservation of environment and ecology from pollution and misuse and conservation of natural resources would be emphasised. This Museum will be an institution working for the enlightening of the common man and the research students alike. It is not likely to bring any revenue.

Duties and responsibilities of Cameramen both in T.V. and Films Division

7387. SHRI LALJI BHAI: Will the Minister of INFORMATION AND BROADCASTING be pleased to refer to the reply given to Unstarred Question No. 7249 on the 24th May, 1972 regarding scales of Pay of News Cameramen, etc. in T.V. and Films Division and state what are the actual duties and responsibilities of the Cameramen in Television and Films Division which is a factor in fixing pay scales of the Cameramen in the two wings of his Ministry?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): A statement showing the duties and responsibilities of Cameramen in Television and the Films Division is attached.

Statement

Duties and responsibilities of Cameramen in Television

(1) Cameraman Grade I (Cine)

To coordinate and supervise the work of Cine Cameramen Grade II, to undertake important coverages and to participate in post-telecast review of coverage.

(2) Cameraman Grade II (Cine)

- (i) To cover topical events including sports for TV newscasts and other magazine type programmes.
- (ii) To do filming for T.V. documentaries.
- (iii) To do filming for TV Features and interviews for TV.
- (iv) To do filming for field-based agricultural programme.

(3) Cameraman Grade II (Electronics)

To handle the Electronic Cameras, essentially on the floor inside the studio, but also in outside coverages on live TV.

(4) Production Assistant—(Photographs)

To take still photographs for production of programmes and to prepare news features etc..

| (8) Photographer: . . . | To take still photographs and to develop print and enlarge still photographs. |

Building of a House by Secretary of N.I.D.C.

7388. SHRI D. K. PANDA: Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the present Secretary of the National Industrial Development Corporation Limited, New Delhi has built a palatial house in one of the posh localities of New Delhi viz. Green Park in the name of his wife;

(b) if so, whether this house was built when he was Loans Officer/ Senior Loans Officer in the National Industrial Development Corporation Limited; and

(c) whether Government have enquired into the financial sources for the said house through any competent agency and if not, the reasons therefor?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Enquiries made from NIDC indicate that the wife of Shri K. C. Bhalla, present Secretary of the NIDC Ltd., constructed during 1960-61, the ground floor of a house at B. II. Green Park, New Delhi, from her own resources that is, from out of the money given to her as gifts by her parents.

In 1972, she constructed a first floor on this building through a loan of Rs. 45,000 arranged by her from her bankers and Rs. 15,000 given to her by Shri Bhalla. This amount was drawn by Shri Bhalla from his provident fund.

(b) Yes, Sir. The ground floor was constructed at that time.

(c) Shri Bhalla has been regularly submitting the necessary immovable property returns, as required under

the rules of the Corporation in respect of the house constructed by his wife. Since no doubt was cast on the integrity of Shri Bhalla in the above matter, the Board of Directors, who are the competent authority, did not consider it necessary to conduct any enquiry into his financial resources.

Criticism by the leader of the Russian Delegation of the functioning of Soviet aided projects in India

7389. SHRI PILOO MODY: Will the Minister of PLANNING be pleased to state:

(a) whether a meeting of the Indo-Soviet Joint Commission was recently held in New Delhi;

(b) whether the leader of the Russian delegation criticised functioning of the Soviet Union aided projects in India; and

(c) the observations made by the leader of the Russian delegation and the reaction of the Government of India thereto?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b) No, Sir.

(c) The question does not arise.

गैर-सरकारी क्षेत्र के उपक्रमों में अनुसूचित जाति और अनुसूचित जनजाति के व्यक्तियों के लिये पदों का आरक्षण

7390. श्री धनशाह प्रधान :

श्री एम० एस० पुरती :

क्या प्रधान मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकारी क्षेत्र के उपक्रमों की तरह गैर-सरकारी क्षेत्र के उपक्रमों में

अनुसूचित जाति और अनुसूचित जनजाति के व्यक्तियों के लिए पदों का आरक्षण करने के बारे में सरकार ने कोई नीति बनाई है अथवा बनाने का विचार है; और

(ख) यदि हां, तो तत्सम्बन्धी मुख्य बातें क्या हैं ?

गृह मंत्रालय तथा कार्मिक विभाग में राज्य मंत्री (श्री राम निवास मिर्धा) : (क) और (ख). चूंकि गैर-सरकारी क्षेत्र के उद्योग सरकार के नियंत्रणाधीन नहीं हैं, इसलिए केन्द्रीय सरकार द्वारा उनके अधीन सेवाओं में अनुसूचित जातियों तथा अनुसूचित जनजातियों को आरक्षण प्रदान करने के सम्बन्ध में, उन्हें कोई निर्देश जारी करने का, जैसा कि सरकारी क्षेत्र के उपक्रमों के मामले में किया गया है, कोई प्रश्न नहीं उठता। तथापि, सरकार के अनुरोध से, नियोक्ताओं के संगठनों ने अपने घटकों से अपील की है कि वे अनुसूचित जातियों तथा अनुसूचित जनजातियों को अपने अधीन रोजगार में समुचित प्रतिनिधित्व प्रदान करें।

बिहार राज्य के लिये सीमेंट का कोटा

7391. श्री विभूति मिश्र : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या केन्द्रीय सरकार विभिन्न राज्यों में और मकानों के निर्माण के लिए उनकी जनसंख्या के आधार पर सीमेंट का कोटा निर्धारित करती है;

(ख) यदि हां, तो वर्ष 1972 के दौरान प्रत्येक राज्य को कितना कोटा सप्लाई किया गया; और

(ग) क्या बिहार की जनता वर्तमान कोटे से असंतुष्ट है तथा क्या सरकार का

विचार बिहार के लिए कोटे में वृद्धि करने का है ?

औद्योगिक विकास मंत्रालय में उपमंत्री
(श्री प्रणव कुमार मुकर्जी) : (क) जी नहीं।

(ख) और (ग). प्रश्न ही नहीं उठते।

Sick Textile Mills in Rajasthan

7392. SHRI RAM BHAGAT PASWAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether some of the closed textile mills taken over by the Centre in Rajasthan are not likely to restart; and

(b) if so, the reasons therefor and the liabilities of these mills?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). The management of three textile mills in Rajasthan viz., Mahalakshmi Mills Ltd., Beawar, Edward Mills, Beawar and Shree Bijay Cotton Mills, Bijainagar, has been taken over by the Government of India. The Mahalakshmi Mills Ltd., and Edward Mills have already gone into production and the third, viz., Shree Bijay Cotton Mills, has not yet restarted for want of power connection. A statement showing the liabilities of these mills as per latest audited balance sheets available is enclosed.

Statement

The liabilities of the mills taken over in Rajasthan as per the latest

audited Balance Sheets available are as follows:—

(i) Edward Mills Company Beawar

Rs.

Balance Sheet as on 31-12-1970 :	
Share Capital	6,40,000
Reserves and Surpluses	9,37,006
Secured Loans	3,77,069
Unsecured Loans and Deposits	15,78,884
Current liabilities	12,94,698
provisions	48,27,657
Amount released by National Textile corporation as on 31.3.1973	Rs. lakhs 6.00
Amounts released by State Government	Rs. lakhs 2.00

(ii) Mahalakshmi Mills Co. Ltd. Beawar

Balance Sheet as on 31-12-1971.	
Share Capital	12,99,680
Reserves and Surpluses	49,07,005
Secured Loans	33,95,212
Unsecured Loans	21,35,939
Current Liabilities	32,16,725
	1,49,54,561

Rs. lakhs.

Amount released by National Textile Corporation	10 '13
Amount released by State Government.	15 '70.

(iii) Shree Bijay Cotton Mills Ltd. Bijainagar

Balance Sheet as on 28-2-1966	
Share Capital	13,50,000
Reserves and Surpluses	18,395
Secured Loans	7,24,302
Unsecured Loans	10,84,960
Current Liabilities and provisions	5,74,932
	37,52,589

Amounts released by National Textile Corporation	Rs. 7.44 lakhs
Amounts released by State Government	Nil

Assistance to Madhya Pradesh for upliftment of backward classes

7393. SHRI G. C. DIXIT: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the Central Government had sanctioned assistance of Rs. 35 crores to Madhya Pradesh for the upliftment of backward classes and others but the State Government have not so far been able to spend even one third of the amount; and

(b) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The total funds sanctioned under Centrally sponsored programmes to Madhya Pradesh for the uplift of the backward classes since the beginning of the First Five Year Plan amount to Rs. 26.76 crores. Out of this, the amount spent by the State Government was Rs. 26.34 crores.

Evasion of Sales Tax in Delhi

7394. SHRIMATI BHARGAVI
THANKAPPAN:
SHRI SUKHDEO PRASAD
VERMA:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether there is a large sales tax evasion in Delhi;

(b) if so, the approximate amount the Exchequer has lost due to this evasion in 1970-71 and 1971-72; and

(c) what concrete steps Government have taken against it?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The Government are not aware of any large evasion of sales tax in Delhi. However some cases of evasion of sales tax have come to the notice of the Delhi Administration and action according to law is being taken. Unless the detected cases are finalised it is not possible to give an estimate of the loss to the exchequer due to evasion of sales tax in 1970-71 and 1971-72.

(c) Some concrete steps which have been taken to prevent evasion of sales tax are indicated below:—

- (i) A reward to the extent of 10 per cent of the additional demand raised and collected is given to an informer on whose information a case of evasion of sales tax is detected;
- (ii) The staff have been instructed to make shop to shop survey of their areas once in a year. Surprise surveys are also conducted.
- (iii) All complaints, written or verbal regarding evasion of sales tax by the dealers in Delhi, are entertained and attended to promptly.
- (iv) Some partnership firms after indulging in tax evading activities used to dissolve themselves and thereby avoid assessments of their liability. The Sales Tax law has been amended with effect from 28-5-1972 to empower the department to assess these firms.
- (v) In order to check claims of sales to registered dealers a

Verification Cell has been established in the Sales Tax Department where such claims are cross-verified with reference to the books of accounts of the purchasing dealers.

Working of Colgate Palmolive India Ltd.

7395. SHRI MUKHTIAR SINGH MALIK: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have made any assessment into the working of M/s. Colgate Palmolive India Ltd., during the last three years;

(b) if so, the nature of irregularities found; and

(c) whether Government of India have ordered an inquiry into the affairs of this firm including a probe into the cost of production of the items manufactured by them and their margin of profits, and if so, the outcome thereof?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (c). A study of the Cost of Production of the items manufactured by M/s. Colgate Palmolive India Pvt. Ltd. had been taken up and the report is under examination.

Financial assistance to Educational and Charitable Institutions by foreign countries

7396. PROF. NARAIN CHAND PARASHAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the names of the Educational and Charitable Institutions in the various States and Union Territories of the Country which get financial assistance from foreign countries and the amount of such assistance received by

them during the years 1970, 1971 and 1972; and

(b) whether Government have satisfied itself that the assistance received by these Institutions is being utilised for the purposes for which it is meant?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Information is being collected and will be laid on the Table of the House in due course.

(b) There is no law requiring such institutions/organisations to maintain and submit for scrutiny accounts of expenditure. Legislative proposals are being finalised for the purpose of imposing suitable restrictions on the receipt of assistance from foreign sources otherwise than in the course of ordinary business. A Bill will be introduced in Parliament at an early date.

Unearthing of foreign exchange racket in Bombay

7397. SHRI RAMSHEKHAR PRASAD SINGH:
SHRI P. A. SAMINATHAN:

Will the PRIME MINISTER be pleased to state:

(a) whether the Enforcement Directorate has unearthed a racket in foreign exchange involving more than Rs. 1.5 crore in an office premises of South Bombay on 8th March, 1973;

(b) if so, the facts of the case; and

(c) action taken by Government against the persons involved?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). Yes, Sir. The Enforcement Directorate have detected a case of suspected violation of the provisions of the Foreign Exchange Regulation

Act, 1947. Two persons were arrested on 13th November 1972 and two others on 6th March, 1973. All the four persons were released on bail by the Chief Presidency Magistrate, Bombay. It is not expedient to disclose any further details of the case as this would hamper investigation.

**बिहार में संथाल परगना और छोटा नागपुर
के विकास कार्यों सम्बन्धी
योजनायें**

7398. श्री कमल मिश्र मधुकर : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार के मुख्य मंत्री ने संथाल परगना और छोटानागपुर में विकास कार्यों के लिए कोई योजना बनाई है जिसमें अपेक्षित व्यय को पूरा करने के लिए केन्द्रीय सरकार से सहायता मांगी गई है यदि हां, तो वह कौन सी योजना है और इस योजना पर कितना खर्च होने की संभावना है;

(ख) क्या केन्द्रीय सरकार ने इस मांग को स्वीकार कर लिया है; और

(ग) यदि हां, तो इस बारे में क्या कार्यवाही की गई है ?

योजना मंत्रालय में राज्य श्री (श्री मोहन धारिया) : (क) जी, हां। छोटा नागपुर और संथाल परगना क्षेत्र के विकास के सम्बन्ध में 1973-74 के लिए हाल ही में राज्य सरकार से 32.86 करोड़ रुपये की राशि के अतिरिक्त प्रस्ताव प्राप्त हुए हैं।

(ख) और (ग). इन प्रस्तावों की और जांच करने की दृष्टि से राज्य सरकार से और सूचना मंगाई गई है।

**Expenditure on tours performed by
Prime Minister**

7399. SHRI C. K. CHANDRAPPA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the total amount still due from Indian National Congress to various States Governments and to the Centre for making various arrangements for the election tour conducted by the Prime Minister, as congress leader, in 1971 for the election to Parliament and in 1972 for the election to various State Assemblies; and

(b) the steps so far taken to collect these dues?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Information is being collected and will be laid on the Table of the House on receipt.

**50 पैसे प्रति दिन की आय वाले व्यक्तियों
के जीवन-स्तर को ऊंचा
उठाना**

7400. श्री फलचन्द वर्मा : क्या योजना मंत्री यह बताने की कृपा करेंगे कि :

(क) वर्ष 1972 में देश में प्रतिदिन 50 पैसे की आय वाले व्यक्तियों की संख्या क्या है; और

(ख) गत दो वर्षों के दौरान ऐसे लोगों के जीवन-स्तर को ऊंचा उठाने के लिए सरकार द्वारा कौन से प्रभावी कदम उठाये गये हैं ?

योजना मंत्रालय में राज्य मंत्री (श्री मोहन धारिया) : (क) आय वितरण की माता के सम्बन्ध में कोई सूचना उपलब्ध नहीं है। फिर भी, राष्ट्रीय सैम्पल सर्वेक्षण ने जो उत्तरोत्तर दौरे किये हैं उनके जरिये उपभोग

की मात्रा के बारे में सूचना उपलब्ध हुई है। क्योंकि निम्न आय स्तर पर बचत करने की संभावना नहीं है, अतः प्रति व्यक्ति उपभोग के अनुमानों को प्रति व्यक्ति आय का सूचक भी माना जा सकता है। राष्ट्रीय सैम्पल सर्वेक्षण के 23वें दौर पर आधारित अनुमान के अनुसार 1968-69 में देश में लगभग 370 लाख लोग ऐसे थे जिनका दैनिक उपभोग खर्च 50 पैसे या इससे कम था।

(ख) देश में अधिक गरीब वर्ग के लोगों का रहन-सहन का स्तर बढ़ाने के लिए पिछले दो वर्षों के दौरान सरकार द्वारा अनेक कार्य किये गये हैं। इनमें से महत्वपूर्ण कार्य निम्न प्रकार से हैं :—

(1) वर्ष प्रति वर्ष योजना परिव्यय में वृद्धि की गई है, विशेषतः 1972-73 और 1973-74 के दौरान (2) विशेष कार्यक्रम चलाये गये हैं ताकि कृषि पर आधारित अधिक से अधिक जन-संख्या जिसमें लघु और सीमान्त किसान तथा सूखे क्षेत्रों के किसान शामिल हैं, को कृषि विकास में शामिल किया जा सके और इससे प्राप्त होने वाले लाभ में वे हिस्सा बांट सकें (3) ग्रामीण रोजगार के लिए त्वरित कार्यक्रम आरम्भ किया गया है; (4) सूखा उन्मुख क्षेत्र कार्यक्रम चलाया गया है; (5) शिक्षित बेकारों को रोजगार सुलभ करने के लिए केन्द्र और राज्यों तथा संघ शासित क्षेत्रों द्वारा स्कीमें चलाई गई हैं; (6) अधिक कमजोर वर्ग के लोगों तथा शिक्षित बेकारों द्वारा अपना धंधा शुरू करने के लिए स्कीमें चलाई गई हैं; (7) सूखे के कारण 1972 में खरीफ की फसल में जो कमी आई थी उसको पूरा करने के लिए 1972-73 के दौरान एक विशेष कार्यक्रम चलाया गया था; (8) आवश्यक खाद्यान्नों का वितरण प्रभावशाली बनाने के लिए सरकार ने गेहूं का गल्ला व्यापार हाल में ले लिया है और सरकारी वितरण प्रणाली का विस्तार व सुधार किया जा रहा है; और (9) प्रारम्भिक

शिक्षा, प्राथमिक स्वास्थ्य केन्द्र, ग्रामीण सड़कें, पेय जल, पोषाहार, गंदी बस्तियों की सफाई व उनमें सुधार तथा ग्रामीण बिजलीकरण सम्बन्धी न्यूनतम आवश्यकता वाले कार्यक्रम को लागू करने में शुरुआत की गई है।

बिजली पैदा करने वाले उपकरणों के बारे में ब्रिटेन से सहायता

7401. श्री फूल चन्द वर्मा : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या ब्रिटिश वाणिज्य प्रतिनिधि-मंडल ने बिजली पैदा करने वाले उपकरणों के क्षेत्र में मदद करने की पेशकश की थी; और

(ख) यदि हां, तो सरकार की इस पर क्या प्रतिक्रिया है ?

औद्योगिक विकास तथा विज्ञान और प्रौद्योगिकी मंत्री (श्री सी० सुब्रह्मण्यम) : (क) सम्भवतः माननीय सदस्य बर्मिंघम चेम्बर आफ कामर्स एण्ड इंडस्ट्री द्वारा आयोजित व्यापार शिष्ट मंडल का उल्लेख कर रहे हैं जो मार्च, 1973 में भारत आया था। इस शिष्टमंडल ने बिजली पैदा करने वाले उपकरणों के लिए कोई भी सहायता देने का प्रस्ताव नहीं किया था।

(ख) प्रश्न ही नहीं उठता।

Decision of Tamil Nadu Government to invoke Defence of India rules to curb profiteering in essential commodities

7402. SHRI C. T. DHANDAPANI:
SHRI P. A. SAMINATHAN:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether attention of Government has been drawn to the Tamil Nadu Government's decision to invoke the Defence of India rules to curb

profiteering in essential commodities; and

(b) if so, whether Central Government are also considering to take such measures?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). Facts are being ascertained from the Government of Tamil Nadu.

Industries producing Milk Powder

7403. SHRI VEKARIA: Will the Minister of INDUSTRIAL DEVELOP-

MENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the names and number of industries which are producing milk powder in India; and

(b) the quantity prepared during the year 1972-73, industry-wise?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). A statement showing the names of units and their production for the calendar year 1972 is attached.

Statement

Sl. No.	Name of the Unit	Production of Milk Powder during 1972
1	M/s. Kaira District Co-operative Milk Producers Union Ltd., Anand, Gujarat.	Tonnes. 2,411
2	M/s. Milk Conservation Project, Rajkot.	415
3	M/s. Mehsana District Co-operative Milk Producers Union Ltd., Mehsana, Gujarat.	1,929
4	M/s. Foremost Dairies Ltd., Muzaffarnagar, U. P.	1,480
5	M/s. Pradeshik Cooperative Dairy Federation Ltd., Lucknow, U.P.	933
6	M/s. Hindustan Lever Ltd., Etah, U.P.	869
7	M/s. Haryana Milk Food, Pehowa, Haryana.	675
8	M/s. Food Specialities Ltd., Moga, Punjab.	1,774
9	M/s. Milk Conservation Project, Amritsar, Punjab.	587
10	M/s. Milk Conservation Project, Vijayawada	1,150 (estimated)
TOTAL :—		12,223

Eucalyptus forest for Newsprint Industry in Tarai area of U.P.

last three calendar years is as follows:—

7404. SHRI RAJDEO SINGH: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

1970— 6,677 tonnes
1971—11,768 tonnes
1972—12,223 tonnes (Estimated)

(a) whether eucalyptus forest raised for the newsprint industry is ready in the U.P. Tarai for harvesting;

(b) The quantity of whole and skimmed milk powder imported during the last three financial years is as follows:—

(b) whether the newsprint factory for which it was grown is yet to be decided; and

1969-70—29,861 tonnes

1970-71—30,535 tonnes

(c) if so, how Government propose to utilise the newly raised forest?

1971-72—40,109 tonnes

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE) (a) and (b). Part of the Eucalyptus forest planted in the U.P. Tarai area is ready for harvesting. Though the intentions were to utilise it for the manufacture of newsprint, Pulp and Paper, it was not grown for any particular unit or factory.

(c) Government have granted a letter of intent to one unit for the manufacture of newsprint, pulp and paper in the Tarai area.

Production of Milk Powder

7405. SHRI D P. JADEJA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the quantity of milk powder produced in India during the last three years; and

(b) the quantity imported during the same period?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The quantity of milk powder produced in India during the

बिहार के आदिवासी क्षेत्रों में छात्रों के छात्रावासों के लिये स्वीकृत की गई धन राशि

7406. श्री एम० एस० पुरती :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) बिहार के आदिवासी क्षेत्रों के छात्रों के छात्रावासों के लिए केन्द्रीय सरकार ने 1972 में कितनी राशि स्वीकृत की तथा कितनी व्यय की गई ; और

(ख) ऐसे छात्रावासों की संख्या कितनी है जिनके निर्माण के लिये केन्द्र सरकार ने धन दिया ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) केन्द्रीय प्रायोजित परियोजनाओं के अन्तर्गत केन्द्रीय सरकार केवल अनुसूचित जनजातियों की छात्राओं छात्रावासों के लिए धन देती है । 1972-73 के दौरान इस प्रायोजन हेतु राज्य सरकार को 80,000 रुपये की एक राशि स्वीकृत की गई थी । आशा की जाती है कि यह समस्त रकम वर्ष के दौरान इस्तेमाल कर ली गई है ।

(ख) भारत सरकार छात्राओं के छात्रावासों के लिए एक मुश्त राशि की व्यवस्था

करती है। बनाये जाने वाले छात्रावासों का स्थान तथा संख्या राज्य सरकारों के विवेक पर छोड़ दी जाती है।

Trial of electronic system for controlling locomotive speed and power

7407. SHRI K. LAKKAPPA:

SHRI P. GANGADEB:

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to refer to the reply given to Starred Question No. 419 on 21st March, 1973 regarding electronic system for controlling locomotive speed and power and state:

(a) whether any experiments of the device on the locomotives have been conducted; and

(b) if so, whether those have proved successful?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Yes, Sir.

(b) The tests on Central Electronics Engineering Research Institute prototypes were successful. One of the prototypes has completed more than two years in service in Indian Railways. The prototypes manufactured by Electronics Corporation of India Limited (ECIL), Hyderabad on the basis of know-how of Central Electronics Engineering Research Institute, Pilani have also undergone successful service trials in Indian Railways.

Price of Salt

7408. SHRI SAMAR GUHA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether due to manipulation by private common salt-manufacturers, price of salt is different in different parts of the country; and

(b) whether Government propose to take steps to regulate price of salt and introduce uniform price of salt throughout the country?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) While the price of salt varies from place to place in the country, the variation is due to the difference in the cost of production of salt which varies from place to place and from producer to producer. Transportation charges also have their impact on the price of salt.

(b) No, Sir.

Price of Salt in West Bengal

7409. SHRI SAMAR GUHA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the price of common salt has gone up abnormally in West Bengal;

(b) the difference between the prices of salt in different States; and

(c) the prices of salt in the salt producing States?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) No, Sir. Statement No. I is laid on the Table of the House. [Placed in Library. See No. LT-4828/73]. giving the comparative prices of salt for the years 1971, 1972 and 1973.

(b) The retail prices of salt in different States are indicated in the statement No. II laid on the Table of the House [Placed in Library. See No. LT-4828/73].

(c) The prices of salt in the salt producing States are indicated in the statement No. III laid on the Table of the House [Placed in Library. See No. LT-4828/73].

Fake passports found with foreign nationals in Goa

7411. SHRI YAMUNA PRASAD
MANDAL:

SHRI M. M. JOSHI:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether some foreign nationals were apprehended recently in Goa in possession of fake passports; and

(b) if so, the action taken against culprit?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) One French national and one German national were arrested in Goa for being in possession of fake passports and material for forgery.

(b) They are being prosecuted.

Problem of unemployment in tribal region of India

7412. SHRI S. N. MISRA:

SHRI MUKHTIAR SINGH
MALIK:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government propose to prepare a programme to tackle the problem of unemployment in the tribal regions of India by setting up small scale industries, preparation of reports on techno-economic survey of the regions, publication of literature, means of transport, availability of land, water and power and the sources of capital for financial resources; and

(b) if so, the broad outlines of the proposal?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The Government of India have prepared a number of schemes for tackling the general problem of unemployment in the country. The important schemes for tackling this problem are Crash Scheme for Rural Employment, Pilot Intensive Rural Employment Project.

During 1973-74 a provision of Rs. 100 crores has been made to generate additional job opportunities for a minimum of 5 lakhs educated unemployed persons. Under this scheme, jobs to be created are to be productive or to lead to the creation of durable assets.

The guidelines issued in this connection by the Planning Commission envisage *inter alia*:

(i) Self-employment schemes particularly in field of industry, commerce and services with pre-investment and post-investment services;

(ii) Training programmes with a view to equip personnel for various development programmes and activities in the Fifth Five Year Plan.

(iii) Investigations, studies and surveys. For purposes of this scheme an educated person has been defined as one who has passed the matriculation or higher secondary examination or holds a certificate from I.T.I. It is expected that State Governments will try to find jobs under this scheme for all the graduates who are unemployed amongst the Scheduled Tribes. The specific programmes under this scheme are being formulated by the State Governments and the Central Ministries.

Allocations made by States for providing employment

7415. SHRI AMBESH: Will the Minister of PLANNING be pleased to state:

(a) the total amount allotted for helping the illiterate, Educated persons, Graduates, Post-Graduates, Engineers and Doctors etc., by the State Governments in the country, State-wise during the last three years; and

(b) the State-wise amount allotted in the current financial year i.e. 1973-74?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). A statement is laid on the Table of the House. [Placed in Library. See No. LT-4829/73].

Wrecked plane found near Khaim Village (State of Manipur)

7414. SHRI JYOTIRMOY BOSU: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether a wrecked plane, stated to be American-made, was recently detected at a place near Khaim Village (State of Manipur) South-West of Chura Chandipur, by a team of Border Road Task Force which is now engaged in building a road in Thanlon area of the district;

(b) whether four skeletons with four pistols and a wrist watch apart from some parachutes were found;

(c) if so, whether any investigations have been conducted; and

(d) if so, the findings thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes Sir. The wreckage of an American plane was found in inaccessible jungle at the top of Kalam Range in Manipur. The

wreckage was first sighted by two villages of Kalam village.

(b) Three rusted pistols, some ammunition, human bones and certain other articles have been found at the site.

(c) and (d). Enquiries indicate that the plane was a B 24-Sr. No. 44-41293 missing on a flight from Luhsien in China to Rupsi in India on 7th August 1945. It had a crew of five. The human bones and other moveable articles have been brought to Imphal and are being transported to Calcutta for being handed-over to the Consulate General of United States of America at Calcutta.

काकोरी कांड के स्वतन्त्रता सेनानियों को परिवार पेंशन देना

7415. श्री महादीपक सिंह शाक्य :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या काकोरी काण्ड में अपने जीवन का बलिदान करने वाले स्वतन्त्रता सेनानियों का योगदान स्वतन्त्रता संग्राम में बहुत महत्वपूर्ण रहा ;

(ख) यदि हां, तो क्या सरकार का विचार इनके परिवार के सदस्यों को परिवार पेंशन देने अथवा इनको राहत देने के लिए इनके लिए सरकारी नौकरियों में आरक्षण करने का है ;

(ग) यदि हां, तो ऐसे कौन कौन से व्यक्ति हैं; औप

(घ) यदि नहीं, तो इनके क्या कारण हैं

गृह मंत्रालय में उपमंत्री (श्री एफ०एच० मोहसिन) : (क) से (घ) जिन व्यक्तियों ने 'काकोरी ड्यंग काण्ड' में अपने जीवन का बलिदान

किया था उन्हें स्वतंत्रता सेनानी के रूप में माना गया है। पेंशन तथा अन्य लाभ जो सामान्यतः स्वतंत्रता सेनानियों के परिवार के सदस्यों को उपलब्ध हैं वे काकोरी षडयंत्र काण्ड में मारे गये व्यक्तियों के परिवार के सदस्यों को भी उपलब्ध होंगे। ऐसे लाभ जिन व्यक्तियों को प्राप्त हुए हैं उनके नाम व व्यौरा उपलब्ध नहीं है।

राम प्रसाद बिस्मिल की बहिन श्रीमती शान्ति देवी को पेंशन देना

7416. श्री महादीपक सिंह शास्त्री :

क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार का ध्यान 14 मार्च, 1973 के दैनिक 'बीर अर्जुन' में प्रकाशित समाचार की ओर दिलाया गया है जिसमें अखिल भारतीय स्वाधीनता सेनानी सध ने अपनी बैठक काकोरी काण्ड में मारे गए राम प्रसाद बिस्मिल की बहिन श्रीमती शान्ति देवी को पेंशन देने की मांग की है; और

(ख) यदि हां, तो इस पर सरकार की क्या प्रतिक्रिया है ?

गृह मंत्रालय में उप मंत्री (श्री एफ० एच० मोहसिन) : (क) और (ख)

: जी हां, श्रीमान् । श्रीमती शास्त्री देवी स्वर्गीय श्रीराम प्रसाद 'बिस्मिल' की बहिन होने के कारण केन्द्रीय योजना के अधीन स्वतंत्रता सेनानियों की पेंशन की स्वीकृति के लिये पात्र नहीं है ? किन्तु उनकी बद्धावस्था, अस्वस्थता और तंग हालतों को ध्यान में रखते हुए उन्हें गृह मंत्री के स्वेच्छा अनुदान निधि से 6,000/- रुपये मंजूर किये गये हैं। वे उत्तर प्रदेश सरकार द्वारा स्वीकृत 651- रुपये मासिक की पेंशन भी ले रहे हैं।

दिल्ली नागरिक पूर्ति विभाग द्वारा सीमेंट के परमितों का बेना

7417. श्री फूलचन्द वर्मा : क्या औद्योगिक विकास मंत्री यह बताने की कृपया करेंगे कि

(क) क्या दिल्ली प्रशासन ने दिल्ली नागरिक पूर्ति विभाग द्वारा दिये गये सीमेंट के परमितों बारे में कोई जांच की है ; और

(ख) सीमेंट के परमित देने संबंधी प्रक्रिया की रूपरेखा क्या है ?

औद्योगिक विकास मंत्रालय में उपमंत्री (श्री प्रणव कुमार मुखर्जी) : (क) : जी, नहीं

(ख) स्टाकिस्टों द्वारा प्राप्त सीमेंट के स्टॉक का 90 प्रतिशत दिल्ली प्रशासन के सिविल आपूर्ति विभाग द्वारा जारी किए गए परमितों पर बेचा जाता है। और बाकी 10 प्रतिशत पहले आग्रा, पहले पाना के आधार पर, प्रति उपभोक्ता को 5 बोरे तक बिना परमित के स्टाकिस्टों द्वारा स्वयं ही छोटे छोटे उपभोक्ताओं को बेचा जाता है।

निर्माण कार्य के लिए सीमेंट का परमित प्राप्त करने के लिए उपभोक्ता को स्वीकृत नक्शापत्र और आवेदक की वास्तविक आवश्यकताओं के बारे में वास्तविक के प्रमाण-पत्र सहित सिविल आपूर्ति विभाग को आवेदन देना पड़ता है, यह विभाग उपभोक्ता की आवश्यकताओं और स्टॉक की उपलब्धता को ध्यान में रखते हुए किण्वों में परमित जारी करता है।

Scheme Submitted by Orissa for Tribal Development Blocks

7418. SHRI ARJUN SETHI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Orissa Government have submitted a scheme for eleven

Tribal Development Blocks to the Centre recently where tribal concentration is 66.2/3 per cent for its approval;

(b) if so, the names of such blocks; and

(c) the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The Government of Orissa submitted a proposal in January 1970, for opening the following 11 T. D. Blocks:—

Block	District
1. Baripada . .	Mayurbhanj
2. Samaskhunta . .	Do.
3. Kuliana . .	Do.
4. Bikjetola . .	Do.
5. Jamada, . .	Do.
6. Bisoi I . .	Do.
7. Tiringi . .	Do.
8. Khunta II . .	Do.
9. Kaptipada . .	Do.
10. Ghatgaon . .	Keonjhar
11. Rayagada . .	Ganjam

Of these only the Ghatagaon Block fulfilled all the prescribed conditions for the opening of a T.D. Block, viz:—

- (1) It should have a population of 25,000 or more;
- (2) Concentration of tribal population in a T.D. Block should be 66.2/3 per cent.;
- (3) The area of a T.D. Block should be between 150-200 sq. miles; and

(4) It should have viability of functioning as a normal administrative unit.

(c) Since a general decision was taken that no new T.D. Block would be opened during the IV Plan due to financial constraints, it was not possible to agree to the proposal of the State Government.

Proposal for Providing Auto-Rickshaws to Unemployed Harijans on Hire-Purchase Basis

7419. SHRI RAJDEO SINGH: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government propose to emulate the example of Kerala Government by organising Harijan Development Corporation all over the country to provide young unemployed Harijans auto-rickshaws on hire-purchase basis; and

(b) whether such quick-return scheme can also be floated through co-operatives of the youth Harijans?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). There is no proposal to set up Harijan Development Corporation on the pattern of the Corporation proposed to be set up by the Kerala Government. The question of setting up such Corporations is, however, primarily to be decided by the State Governments concerned.

There is, however, a general scheme to generate, during 1973-74, additional job opportunities for a minimum of 5 lakhs educated unemployed persons. Under this scheme the jobs to be created are to be productive or lead to the creation of durable assets. Some types of schemes envisaged under this general scheme are:—

1. Self employment schemes;
2. Engineering and technicians co-operatives;

3. Training programmes which will provide employment to teachers etc.,
4. Surveys, studies and investigations;
5. Employment subsidies to Engineering degree and diploma holders;
6. Organisations of Statistical network.

The actual programmes under the scheme are to be formulated by the State Governments and by certain Central Ministries. In the guidelines which have been given to the States, it has been suggested that every effort would be necessary to absorb all graduates who are unemployed among the Scheduled Castes.

Embracing of Buddhism and other Religions by Harijans

7420. SHRI PARIPOORNANAND PAINULI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number of Harijans who embraced Buddhism and other religions during 1970-71, 1971-72 and 1972-73;

(b) whether Harijans have lost faith in Hinduism and continue to suffer from social disabilities; and

(c) what concrete steps are proposed to be taken to eradicate the social disability of Harijans by the end of Fifth Five Year Plan?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Such information is not being collected.

(b) There is no reason to believe that Harijans have lost faith in Hinduism. The practice of untouchability, although on the decline, is still prevalent in certain areas.

(c) The measures undertaken by the Government to remove the social disabilities of the Scheduled Castes in-

clude legislation, publicity and propaganda and programmes directed at raising the socio-economic standard of these classes through various educational, economic and other developmental schemes. Details of these measures are given in the annual reports of the Commissioner for Scheduled Castes and Scheduled Tribes which are laid before the Parliament from time to time. These measures will be stepped up during the Fifth Plan.

Practice of 'Maat' Vogue in Jaunsar-Bawar Area of Dehradun District

7421. SHRI PARIPOORNANAND PAINULI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the practice of 'Maat' is still in vogue in Jaunsar-Bawar area of Dehradun District under which Kolta Harijans continue to be worse than slaves of the caste Hindus;

(b) if so, the steps proposed to be taken to free them from this seridom; and

(c) the quantum of indebtedness among the Koltas and whether the indebtedness continues since generations?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSI): (a) A system of contract labour locally known as 'Maat', whereunder a Kolta debtor works under a money-lender in lieu of interest, is reported to be in vogue in Jaunsar Bawar Area of Dehradun District.

(b) Indebtedness is the root cause for this practice. The economic development schemes for Harijans are directed towards raising their economic level and to free them from indebtedness.

(c) The quantum of indebtedness is not precisely known, but the debts are reported to be of long standing.

Percentage of Literacy among Scheduled Castes and Scheduled Tribes

7422. SHRI K. PRADHANI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the percentage of literacy among the Scheduled Castes and Tribes in the country;

(b) the percentage in Orissa; and

(c) the special steps proposed to be taken for their improvement in the near future?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) According to 1971 Census figures (including age group 0—4), the position in respect of the country as a whole is as under:—

Scheduled Castes	14.71*
Scheduled Tribes	11.29*

(b) The position in respect of Orissa is as under:—

Scheduled Castes	15.61*
Scheduled Tribes	9.46*

(c) The details of the continuing schemes for the educational development of the Scheduled Castes and Scheduled Tribes in Orissa are given in the Statement Attached.

STATEMENT

List of schemes for educational development of the Scheduled Castes and Scheduled Tribes in Orissa.

A. Schemes under the Centrally Sponsored Programme for Scheduled Castes and Scheduled Tribes

1. Post Matric Scholarships Girls Hostels.

B. Schemes under the State Sector Programme

Scheduled Castes

1. Prematric scholarships
2. Hostels
3. Additional Post-matric scholarships

Scheduled Tribes

1. Madhyamik Vidyalayas
2. Pre-matric scholarships
3. Hostels
4. Teachers Quarters in Primary Schools
5. Upgraded Sevashrams
6. Conversion of Madhyamik Vidyalayas into High School
7. Residential Primary Schools
8. Additional Post-matric scholarships
9. Repairs to Sevashrams
10. Training Institute for teachers.

Proposal to Abandon New Schemes for Increasing Generation of Nuclear Power

7423. SHRI MUKHTIAR SINGH MALIK: Will the Minister of ATOMIC ENERGY be pleased to state whether there is any proposal under consideration of the Government to abandon until 1980 all new schemes to increase nuclear power generation in the country?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRI MATI INDIRA GANDHI): No, Sir.

Legislation to Curb Money Lending

7424. SHRI ANADI CHARAN DAS: Will the Minister of HOME AFFAIRS be pleased to state whether Government propose to enact any Central law to control the money lending in the country specially in the tribal areas of Orissa State?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): "Money-lending and money-lenders" is a State subject. There is no proposal to enact any Central law to control money.

*These are provisional and unpublished figures.

lending in the country. In so far as the tribal areas of Orissa State are concerned. The Orissa (Scheduled Areas) Money-Lender's Regulation, 1967 is in force for controlling money-lending.

Payment of Cess by Salt Manufacturers

7425. SHRI D. P. JADEJA:
SHRI VEKARIA:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the amount paid by the salt-manufacturers by way of cess to the Government of India during the last three years, year-wise and State-wise; and

(b) how much of the amount was utilised for the development of salt industry in the States, State-wise during the period?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Statement No. I indicating the cess collections during the last three years. State-wise and year-wise is laid on the Table of the House. [Placed in Library. See No. LT-4830/73].

(b) Statement No. II indicating the expenditure on development and other works during the last three years, State-wise and year-wise, is laid on the Table of the House [Placed in Library. See No. LT-4830/73].

Setting up of Salt Cess Board

7426. SHRI D. P. JADEJA:
SHRI ARVIND M. PATAL:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Gujarat Government have approached the Central Government for establishing the Salt Cess

Board to look after the demands of salt manufacturers and development work in that area; and

(b) if so, the reaction of the Government of India thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) Yes, Sir.

(b) Government are examining the suggestion for the constitution of the Salt Cess Board.

Proposal to Develop Salt Industry in Gujarat

7427. SHRI VAKARIA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the number of proposals sent by the Gujarat State for the development of salt industries in Gujarat during the last three years; and

(b) the number of proposals approved?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b) The information regarding development works proposed by Government of Gujarat is as follows:—

Year	No. of proposals received from the Govt. of Gujarat	No. of proposals approved
1970 . .	11	2
1971 . .	5	4
1972 . .	41	18

Indo-Bangladesh Agreement for Exchange of Registered Letters, Postal Articles and Insured Letters

7428. SHRI M. S. SANJEEVI RAO: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government have decided to conclude an agreement with Bangladesh for exchange of registered letters, postal articles and insured letters; and

(b) if so, the steps proposed to be taken in the matter?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Yes.

(b) Postal services such as the un-registered and registered letter post, insured letter post and parcel service are now available with Bangladesh on an *ad-hoc* basis. Formal agreements for Letter, Registered and Insured articles have been finalised. The agreement for parcels is about to be finalised. All the four agreements will be concluded with Bangladesh Postal Administration shortly.

Setting up of a Centre for National Information on Scientific and Technological Development

7429. SHRI M. S. SANJEAVI RAO: SHRI R. V. SWAMINATHAN:

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government propose to set up a centre for National Information system as an infrastructure for scientific and technological development in this country; and

(b) if so, the salient features of the proposal?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Yes, Sir.

(b) The details of the scheme are being worked out.

Review of the Industrial Production Trade

7430. SHRI M. S. SANJEEVI RAO: SHRI BIRENDRA SINGH RAO:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state.

(a) whether a review of the Industrial production trends in the country has been recently made and its bottlenecks identified; and

(b) if so, the outcome of the review and the time by which decision thereon is expected to be taken?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Yes, Sir. The Annual Administration Report of the Ministry of Industrial Development for the year 1972-73 (which was recently discussed at the time of voting of the Demand for Grants of the Ministry of Industrial Development) devotes a whole chapter to review the trends in Industrial Production and the recent Policies. This chapter, entitled "The year in Retrospect—Trends in Industrial Production and Policies" includes a scrutiny of the problems affecting utilisation of capacity.

Some of the bottlenecks were identified in the Mid-term Appraisal of the Fourth Five Year Plan published by the Planning Commission, and various steps have been taken to solve the problems identified. These include steps to create increased capacity and to obtain better output from the existing installed capacity in the country.

केन्द्रीय मंत्रियों के टेलीफोनों पर

अध्य

7431. श्री हुकम चन्द कश्यप : क्या संचार मंत्री मंत्रियों के टेलीफोनों पर व्यय के बारे में 6 दिसम्बर, 1972 के अतारांकित

प्रश्न संख्या 3360 के उत्तर के संबंध में यह बताने की कृपा करेंगे कि :

(क) क्या अपेक्षित सूचना इस बीच एकत्र कर ली गई है; और

(ख) यदि हां, तो उसकी मुख्य बातें क्या हैं ?

संचार मंत्री (श्री हेमवती नन्दन बहूगुणा)

(क) जी नहीं, अभी कुछ मंत्रालयों में यह सूचना आनी बाकी है ।

(ख) प्रश्न ही नहीं उठता ।

Setting up of Industries in Backward District

7432. SHRI BIRENDRA SINGH RAO:
SHRI BHAGIRATH BHAN-
WAR:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state the number of industries set up so far in each of the industrially backward Districts, since these have been so declared?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): A statement is attached.

Statement

S. No.	Name of the State	No. of Industrial licences issued for location in Backward areas during the period 1-1-69 to 31-12-72	No. of Industrial units granted 10% Subsidy in backward areas upto 31-3-73 as reported by State Governments	* No. of Industrial units in backward areas as sanctioned concessional finance by Financial Institutions upto 30-12-72.

Alleged Flourishing Market in Bombay Under-World of Censored Portions of Indian and Foreign Sex Films

7433. SHRI D. B. CHANDRA GOWDA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether flourishing market has developed in the Bombay underworld for the censored portions of the so-called, Indian and foreign sex films;

(b) if so, whether a number of uncensored versions of feature films, which have otherwise been heavily cut by the censors, have also come to the notice of Government; and

(c) if so, the reaction of Government towards such films?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). No such case has come to notice of the Government.

(c) Does not arise.

Comments of Tamilnadu Chief Minister on Charges of Corruption

7434. SHRI R. V. SWAMINATHAN: Will the PRIME MINISTER be pleased to refer to the reply given to Unstarred Question No. 1224 on the 28th February, 1973 regarding Charges of corruption against Tamilnadu Ministry and state:

(a) whether Union Government have received the comments of Tamilnadu Chief Minister in regard to the charges of corruption contained in a Memorandum submitted to her; and

(b) if so, the decision taken thereon?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) As stated in reply to Unstarred Question No. 1224 answered on the 28th February, 1973, comments of the Chief Minister of Tamil Nadu on the alle-

gations made in the memorandum submitted to the President have already been obtained. However, his comments on the further note and rejoinders sent to the Prime Minister by Sarvashri M. Kalyanasundaram and M. G. Ramachandran are still awaited. The Chief Minister has been reminded in the matter.

(b) Does not arise.

Deputation of Staff Artistes, Camera-men, Editors etc. of T.V. Centre of A.I.R. not sent to Foreign Countries for Advanced Training

7435. SHRI LALJI BHAI: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether staff Artistes, Camera-men, Editors, Sound Recordist in Television Centre of All India Radio are not being sent for advanced training in foreign countries;

(b) whether several foreign scholarships are getting lapsed every year due to this policy; and

(c) if so, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Staff artistes of various categories working in the TV Centre are sent abroad for training depending upon the requirements of the organization.

(b) and (c). Do not arise.

Safety of Workers Working in Atomic Power Stations from Radiological Exposure

7436. SHRI VISHWANATH PRATAP SINGH: Will the Minister of ATOMIC ENERGY be pleased to state the measures taken to ensure the safety of the workers working in our Atomic Plants from radiological exposure?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRI-MATI INDIRA GANDHI): In order to ensure the safety of workers and the environs, atomic plants are designed and operated so that under all operational conditions radiological exposures to the personnel do not exceed the maximum permissible levels.

Disposal of Radio-Active Wastes

7437. SHRI VISHWANATH PRATAP SINGH: Will the Minister of ATOMIC ENERGY be pleased to state the manner in which the radio-active wastes from our Atomic Energy Plants are disposed off?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRI-MATI INDIRA GANDHI): Radio-active wastes contain not only fission products but also corrosion, activation and decay products. Liquid wastes with low levels of radio-activity are diluted and dispersed to the environment with suitable treatment as necessary, while highly radio-active liquid wastes are usually concentrated and contained. Solid radioactive wastes irrespective of the level of radio-activity are conditioned in concrete containments and buried in waste burial grounds. All such disposals under controlled conditions are invariably followed by regular monitoring-cum-surveillance measurements as an additional check to prevent contamination.

Guidelines for Setting up Monitoring Units in States to ensure Implementation of Plan Project

7438. SHRI K. LAKKAPPA:
SHRI P. GANGADEB:

Will the Minister of PLANNING be pleased to state:

(a) whether Planning Commission has formulated some guidelines for setting up monitoring units in States on a scientific basis to ensure proper implementation of plan projects and programmes; and

(b) if so, the broad outlines of the guidelines?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b) The Guidelines are being formulated and will be issued shortly.

Use of Solar Energy as Power

7439. SHRI K. LAKKAPPA:
SHRI P. M. MEHTA:

Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) Whether solar energy is among the sources of power under the consideration of the Department of Science and Technology;

(b) if so, the total quantity of power that the Sun radiates per square kilometre of the earth's surface;

(c) whether sun is one of the very few energy sources with a magnitude sufficient for human needs; and

(d) if so, whether Government purpose to make use of solar energy for power purpose?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) The National Committee on Science and Technology has set up an expert committee to assess the potential in solar energy as an alternative source of energy.

(b) It is estimated that India which lies between latitude 70° North and 37° North receives on an

average solar radiation of 550 calories/cm/day. The intensity of solar radiation is recorded by the India Meteorological Department at several locations in the country.

(c) It has been estimated that the total solar energy reaching the earth is much greater than required by the world population, and technically could replace entirely the conventional sources like fuels and electricity.

(d) The deliberations of the NCT expert committee on solar energy will determine the potentials in promising areas of utilisation. The results of R and D programmes would enable the extent of success to be evaluated so that its utilisation on an extensive scale would be considered.

Direct Dialling facility on Delhi-Ahmedabad-Gandhinagar Line

7440. SHRI D. P. JADEJA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether only a few connections have been provided for direct dialling on Delhi-Ahmedabad-Gandhinagar direct dialling line for the use of Ministers and Secretaries; and

(b) if so, whether Government propose to extend the service to M.L.As' hostels also?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) 8 long distance telephone connections from Ahmedabad telephone System have been given at Gandhinagar as direct connections and junctions to PBX's located at the Secretariat and the Chief Minister's Residence. These lines have access to Delhi etc. similar to other Ahmedabad subscribers.

(b) It is not proposed to provide any more long distance connections to Gandhinagar from Ahmedabad exchanges.

Vigilance Commissions set up in States to check corruption

7441. SHRI S. A. MURUGANANTHAM: Will the PRIME MINISTER be pleased to state:

(a) how many States have set up Vigilance Commissions to check corruption in administration;

(b) whether these commissions are working on the pattern of the Central Vigilance Commission;

(c) how far these vigilance commissions were able to function as an effective check on corruption at the administration level both in the States and the Centre; and

(d) whether there is any proposal to strengthen and improve the functioning of these commissions and if so, the outlines thereof?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (d). The information is being collected from the State Governments and will be laid on the Table of the House.

Enquiry against M/s. Arthur Butler Co., Muzaffarpur

7443. SHRI RAMAVATAR SHASTRI: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the Workers Union and Factory Manager have submitted certain specific charges of embezzlement of company's fund to the investigation committee against the Directors of Messrs Arthur Butler Company, Muzaffarpur;

(b) whether a member of Legislative Assembly had also submitted a memorandum to the Committee in this regard; and

(c) whether Government propose to institute an enquiry against the Directors by the C.B.I., and if so, when and if not, the reasons therefor?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Yes, Sir.

(c) The report of the Investigation Committee is at present under consideration of Government.

पेंशन दिये जाने के खिलाफ शिकायत

7444. श्री रामावतार शास्त्री : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पटना टाऊन में चौक थाना स्वतन्त्रता सेनानी संघ के अध्यक्ष और एक संसद सदस्य ने पटना टाऊन के एक मुखबिर को पेंशन दिये जाने के खिलाफ उनको शिकायत भेजी है ;

(ख) यदि हां, तो इस मामले से सम्बन्धित तथ्य क्या है ; और

(ग) इस सम्बन्ध में सरकार द्वारा क्या कार्यवाही की गई है ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) से (ग) सूचना एकत्रित की जा रही है और सभा पटल पर रख दी जायगी ।

Patna R.M.S. Employees' Protest against bifurcation of P-4 Section of Patna R.M.S.

7445. SHRI RAMAVATAR SHASTRI: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether P-4 Section of the Patna R.M.S. under P.T. Division has been bifurcated by the P&T administration; if so, the reasons therefor;

(a) whether any machinery has been devised or any principles laid down for solving various boundary disputes between States; and

(b) if so, the main points thereof and if not, how the Centre proposes to tackle these disputes?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). As has been stated earlier also, the Government's view is that these disputes can be solved in the light of their own facts and circumstances and it would be difficult to evolve any set principles to fit all such cases. It is, therefore, not proposed to set up any machinery, as such, for resolving such disputes.

Restriction on Employment of Foreign Technicians in Industries

7450. SHRI SHANKERRAO SAVANT: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there are any restrictions on the employment of foreign technicians in industries in India; and

(b) if so, what are they?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). There are no special restrictions other than those under the Foreigners Act, 1946 and Registration of Foreigners Act, 1939, on the entry (and employment) of foreign technicians in industries in India. Income tax concessions for a limited period are given only to foreign technicians approved by Government for employment in industries in India, and for this purpose, the need for and the suitability of the foreign technicians proposed to be employed is examined by the concerned authorities. This examination (and recommendations based thereon) is also helpful in consideration of appli-

cations for grant of long term visas, where such visas are required by foreign nationals.

With a view to determining the need for and screening the suitability of foreign technicians, certain guidelines have been laid down which are kept in view while the various administrative Ministries consider proposals for contracts of service of foreign technicians, for approval. These are:—

- (i) The employment of the foreign technician is unavoidable having regard to the special needs of the project on which he is going to work and the technicians special qualifications in the area of work required to be performed by him.
- (ii) Indian personnel with requisite qualifications and experience are not available.
- (iii) Satisfactory arrangements have been made for the training of Indian personnel under the foreign technician, so that the former might be able to replace the latter as early as possible and, in any event, by the expiry of the term of service of the foreign technician.
- (iv) The salary allowed is reasonable (after making allowance for the fact that he may have to be given an inducement to leave his home country).
- (v) The advantages of the tax benefit accruing to a foreign technician under tax laws should be borne in mind in according approval for his remuneration.

Furthermore, the Foreign Exchange Regulation Act, 1947 seeks to regulate the employment of foreign nationals in positions where they are not necessary by providing that foreign nationals employed without the prior approval of the Reserve Bank of India

are liable to be denied the facilities of transferring abroad any part of their remuneration in India.

Under the same Act, foreign controlled firms and Companies in India are not permitted to accept, without the prior permission of the Central Government or the Reserve Bank of India, appointment as agent or technical or management advisers in India of any person, Company or firm.

The Foreign Exchange Regulation Bill, 1972 which has already been introduced in the Lok Sabha envisages certain further restrictions on the employment of foreigners in India. (Since this Bill is before Parliament, and is yet to be passed, the specific provisions in this Bill on this subject are not being indicated here).

Setting up of Industries in Public Sector in Maharashtra

7451. SHRI SHANKERRAO SAVANT: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government propose to set up any new industries in the public sector in Maharashtra during 1973-74; and

(b) if so, the names of industries, the location and capacity thereof and the capital outlay thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). The information is being collected and will be laid on the Table of the House.

Transfers of Officials in Delhi Administration

7452. SHRI M. M. JOSEPH: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether there have been transfers of the officials holding higher

posts in Delhi Administration recently; and

(b) if so, the facts thereof and the reasons for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Yes, Sir.

(b) The following officers have been transferred recently in public interest keeping in view the administrative convenience:—

- (1) Shri B. R. Tamta, IAS, transferred from the post of Labour Commissioner, and appointed as Commissioner, Food and Supply, Delhi Administration.
- (2) Shri M. B. Kaushal, IPS, transferred from the post of Superintendent of Police (South District), Delhi and appointed as the Inspector-General of Police, Goa.
- (3) Shri R. K. Ohri, IPS, transferred from the post of Superintendent of Police, Manual, on his deputation to the Bureau of Police Research and Development.
- (4) Shri R. K. Sharma, IPS, transferred from the post of Superintendent of Police, Lines, and appointed as the Superintendent of Police (South District) Delhi.
- (5) Shri N. K. Shinghal, IPS, transferred from the post of Superintendent of Police (Central District) and appointed as Superintendent of Police (New Delhi District).
- (6) Shri Kulbir Singh, IPS, transferred from the post of

Additional Superintendent of Police and appointed as Superintendent of Police, Lines, Delhi.

- (7) Shri Kartar Singh, IPS, transferred from the post of Superintendent of Police Manual, and appointed as Additional Superintendent of Police, Delhi.

Loans and Advances to National Small Industries Corporation

7453. SHRI RAM PRAKASH: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the amounts of loans/advances/financial help given to the National Small Industries Corporation during the last three years, year-wise;

(b) the amount of loans/advances/financial help proposed to be given to the Corporation during the financial year 1973-74; and

(c) whether Government propose to grant more loans and advances to the Corporation in view of the bad financial condition of the Corporation?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI):

		(Rs. in lakhs)	
(a)	Year	Grant	Loan
	1970-71	63.65	176.00
	1971-72	111.51	164.08
	1972-73	318.14	166.67

(In 1972-73 Government had agreed ration for a loan of Rs. 3 crores which to stand guarantee to the bankers of the NSIC had proposed to take to the National Small Industries Corporation finance its hire purchase operations)

		(Rs. in lakhs)	
	Year	Grant	Loan
(b)	1973-74	160.53	16.80

(In addition a provision of Rs. 200 lakhs has been made for investment in share capital of the Corporation).

(c) Financial position of the Corporation is under constant review by Government and provisions for 1973-74

have been made after taking into account their actual requirements of funds.

**Joint Experiment with NASA of USA
on Satellite Instructional Television**

7454. SHRI JHARKHANDE RAI: Will the Minister of SPACE be pleased to state:

(a) the terms of the Memorandum of Understanding signed between the Department of Atomic Energy and the National Aeronautics and Space Administration of U.S.A. for conducting joint experiments on satellite instructional television;

(b) the advantages to be derived by India from this agreement; and

(c) when the joint experiments are expected to begin?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) Copies of the Memorandum of Understanding are available in the Parliament Library.

(b) The experiment will provide a system-test of a hybrid system using a satellite in combination with a ground net work for television transmission and reception.

(c) The experiment is now expected to begin in 1975.

Inclusion of Bhandara District of Maharashtra in the list of Backward Districts

7455. SHRI JAGANNATH RAO JOSHI: Will the Minister of PLANNING be pleased to state:

(a) whether Maharashtra Government have requested the Central Government to include Bhandara district in the list of backward districts approved by the centre; and

(b) if so, the reaction of the Central Government thereto?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). Bhandara district has been included in the list of industrially backward districts selected to qualify for concessional finance from the financial institutions.

**चलचित्र परिषद् और राष्ट्रीय चलचित्र
निगम की स्थापना**

7456. श्री शिव कुमार शास्त्री :

श्री एस० एन० मिश्र :

क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि

(क) क्या सरकार का विचार चलचित्र परिषद् और राष्ट्रीय चलचित्र निगम स्थापित करने का है ; और

(ख) यदि हां, तो प्रस्ताव की मुख्य बातें क्या हैं और ये कब तक स्थापित हो जायेंगे ?

सूचना और प्रसारण मंत्रालय में उपमंत्रि (श्री धर्मवीर सिंह) : (क) और (ख) जी हां । सरकार का समूचे फिल्म उद्योग के समन्वित विकास के लिए फिल्म परिषद् तथा सार्वजनिक क्षेत्र में एक बहुमुखी राष्ट्रीय फिल्म निगम के माध्यम से अनेक कदम उठाने का प्रस्ताव है । इनका ब्योरा तैयार किया जा रहा है ।

Talks of Minister of State in the Ministry with Leaders of Non-Gazetted Employees of Andhra Pradesh

7457. SHRI S. N. MISRA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the leaders of the non-gazetted employees of Andhra Pradesh had a talk with the Minister of State for Home Affairs;

(b) if so, the issues discussed at the meeting; and

(c) the reaction of Government of India thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). Shri K. C. Pant, Minister in the Ministry of Home Affairs, held discussions with the representatives of the Andhra NGGOs on the 15th, 17th and 18th March, 1973, for ending the strike by NGGOs in Andhra. The strike by the Andhra NGGOs has since been called off. The Government welcome this step which will further help normalise the situation in the State.

Use of Science and Technology for Removal of Regional Imbalance during Fifth Plan

7458. **SHRI S. N. MISRA:** Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state the special features of the schemes incorporated in the Fifth Five Year Plan to utilise Science and Technology for the removal of regional imbalance?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): One of the objectives of the Science and Technology Plan will be reduction of regional imbalances in the economic development of the country. With this end in view, special emphasis is being given in the improved utilisation of locally available raw materials and other natural resources in backward areas. The S and T Plan is still under formulation and it is too early to give details of schemes.

Activities of Mizo Hostiles

7459. **SHRI S. M. BANERJEE:** Will the Minister of HOME AFFAIRS be pleased to state:

(a) what further steps have been taken to check the activities of the hostile Midos in Mizoram;

(b) whether they have been helped by the foreign powers; and

(c) if so, which are those powers?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a). The entire Union Territory of Mizoram has, by a notification issued by the Administrator on the 1st March, 1973, been declared as a "disturbed area" for a further period of six months under the Assam Disturbed Areas Act, 1955. The Mizoram Administration have also tightened security measures with a view to preventing an increase in such underground rebel activity.

(b) and (c). The House had been informed of the assistance given to the underground rebel movement by Pakistan, prior to the emergence of Bangladesh.

Treatment of Workers of Political Parties as Political Prisoners in Jails

7460. **SHRI S. M. BANERJEE:** Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether political workers belonging to various opposition parties are not treated as political prisoners in jails;

(b) if so, whether any suitable instructions have been issued to the various States for treating these political workers as political prisoners; and

(c) if not, the reasons for the same?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a). Jail rules of most of the States do not provide for separate classification, as

political prisoners, and all prisoners are normally classified into two or three groups, for the purpose of treatment in jails, on the recommendation of the court convicting them.

(b) and (c). 'Jails' being a State subject, the State Governments alone are competent to frame rules for the classification etc. of prisoners.

Solution of Andhra Problem

7461. SHRI S. M. BANERJEE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether any concrete solution has been found regarding Andhra problem; and

(b) if so, what further steps have been taken to improve the situation?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). There has been improvement in the situation and efforts are under way to find satisfactory solutions to the complex problems of Andhra Pradesh.

स्वाधीनता के रजत जयन्ती समारोह के
दौरान स्मारक स्तम्भों का निर्माण
किया जाना

7462. श्री मूल चन्द डागा : क्या गृह मंत्री यह बताने की कृपा करेंगे कि क्या स्वाधीनता की 25वीं वर्षगांठ के रजत जयन्ती समारोह के दौरान पांच हजार स्मारक स्तम्भ निर्माण करने का सरकार का विचार है और यदि हां, तो इस बारे में क्या प्रगति हुई ?

यह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : स्वाधीनता की 25वीं जयन्ती के कार्यक्रम के एक भाग के रूप में

विशेष प्रकार से बनाई गई स्मारक शिलायें, जिनके एक ओर संविधान की भूमिका तथा दूसरी ओर स्थानीय क्षेत्र के स्वतन्त्रता सेनानियों के नाम हैं. देश के प्रत्येक विकास खण्ड में लगाये जा रहे हैं। राज्य सरकारों और संघ शासित क्षेत्र प्रशासनों ने उनको दिए गए नमूनों तथा ब्लूप्रिंट के आधार पर इन शिलाओं को बनाने का कार्य हाथ में ले लिया है। उनमें से कुछ स्थापित भी किए जा चुके हैं।

पाली शहर (राजस्थान) में डाक-तार
कर्मचारियों को मकान किराया भत्ते
की अदायगी

7463. श्री मूल चन्द डागा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या पाली शहर (राजस्थान) में डाक-तार कर्मचारियों को मकान किराया भत्ता दिया जा रहा है ; और

(ख) यदि नहीं तो इसके क्या कारण हैं ?

संचार मंत्री (श्री हमबरीनन्दन बहुगुणा) :

(क) जो नहीं

(ख) मकान किराया भत्ता मंजूर करने के उद्देश्य से सरकार ने शहरों के वर्गीकरण के संबंध में जन संख्या के जो मानक निर्धारित कर रखे हैं, वे पाली के मामले में पूरे नहीं होते।

Next Meeting of Indo-Soviet Joint Commission

7464. SHRI MUKHTIAR SINGH MALIK: Will the Minister of PLANNING be pleased to state:

(a) whether the date of the next meeting of the Indo-Soviet Joint Commission has been fixed;

(b) if so, the subjects proposed to be discussed at the meeting; and

(c) the names of Indian Personnel who are likely to take part in that meeting?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a). No, Sir.

The next meeting of the Indo-Soviet Joint Commission is likely to be held sometime in 1974.

(b) and (c). The subjects proposed to be discussed at the meeting and the names of the Indian personnel who are likely to take part in that meeting will be decided in due course.

Increase in the number of Chances for Assistants' Grade Examination of U.P.S.C.

7465. SHRI MUKHTIAR SINGH MALIK: Will the PRIME MINISTER be pleased to refer to the reply given to Starred Question No. 131 on the 22nd November, 1972 regarding enhancement of age limit and increase in number of chances for Assistants' Grade Examination of U.P.S.C. and state:

(a) whether the position regarding increase in the number of chances from two to three for the Assistants' Grade Examination has been reviewed by the Government following the decision taken on I.A.S. Examination; and

(b) if not, the time by which the decision will be arrived at?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) and (b). The decision to allow 3 chances in the I.A.S., etc. Examination to be held this year is a purely transitional measure. The final position will be known next year when the question

of any changes required in the examination for other services including the Assistant's Grade will be examined.

Reorganisation of Planning Commission

7466. SHRI MUKHTIAR SINGH MALIK:
SHRI ARJUN SETHI:

Will the Minister of PLANNING be pleased to state:

(a) whether there is any proposal under the consideration of Government to re-organise the Planning Commission to improve the functioning of some of its divisions; and

(b) if so, the broad outlines thereof?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). Proposals to reorganise and strengthen the Industry and Minerals Division as well as the Monitoring and Information Division are presently under consideration with a view to improving the process of planning as well as the implementation of programmes in the key sectors of the economy.

Paper and Pulp Project in North Bengal

7467. SHRI R. N. BARMAN:
SHRI B. K. DASCHOWDHURY:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state whether Government propose to establish a Paper and Pulp manufacturing project in the public sector in North Bengal based on local raw material available there in large quantities?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): At present there is no proposal under consideration for setting up a Paper and Pulp manufacturing project in the public Sector in North Bengal.

Backward Region Development Authority

7468. SHRI R. N. BARMAN.

SHRI B. K. DASCHOWDHURY:

Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether his Ministry is considering formation of a Backward Region Development Authority in order to develop infrastructure in backward regions in consultation with the State Governments to augment industrial development; and

(b) if not, what other steps his Ministry proposes to take to bring about a radical change for the development of backward regions?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) and (b). While the Central Government together with the States and financial institution have provided for certain incentives to attract investment and industries to Backward areas/Districts, no final view has been taken on formation of Backward Region Development Authority.

Acceptance of Purses by Ministers at Public Functions

7469. SHRI BHAGIRATH BHANWAR: Will the PRIME MINISTER be pleased to state:

(a) whether Government have evolved a policy regarding the ac-

ceptance of purses by the Central and State Government Ministers at public functions;

(b) whether any rules regarding the utilisation of money received in the form of purses presented at public meetings have been codified or it is left to the discretion of the persons receiving it; and

(c) the number of Central Ministers who have been presented purses at public functions and the amount of money so received during the last two years?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA): (a) to (c). Provisions regarding the acceptance and disposal of purses presented to Ministers are contained in para 3 of the Code of Conduct for Ministers. A copy of this code was laid on the Table of the Lok Sabha on 18-11-1964. That para *inter alia* provides that if any purse or cheque intended for a registered society, or a charitable body, or an institution recognized by a public authority, or a political party is presented to a Minister, he should pass it on as soon as possible to the organisation for which it intended. There is no provision in the Code of Conduct requiring the Central Ministers to report to the Prime Minister the receipt of any purse by them.

Inadequate Communication system in Jodhpur Division of Rajasthan

7470. SHRIMATI KRISHNA KUMARI OF JODHPUR: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Government are aware that the Communication system in the Jodhpur Division of Rajasthan is not adequate; and

(b) if so, the steps Government propose to take to improve the communications system suitably?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Yes.

(b). Due to the limited availability of financial material resources, it has not been possible to make the communication system adequate enough to meet the increasing demands throughout the country. Various schemes like opening of more public call offices and telephone exchanges, conversion of manual exchanges to automatic exchanges, installation of Microwave/Coaxial Systems, introduction of National subscriber Trunk Dialling etc. have been planned for execution in a phased manner. These schemes cover the area falling in Jodhpur Division of Rajasthan also. Microwave Systems will be commissioned in Jaipur-Bikaner, Bikaner-Sriganganagar, Jodhpur-Ajmer and Ajmer-Jaipur routes during the coming years. A Trunk Automatic Exchange has been planned for Jodhpur to be commissioned during the 5th Five Year Plan for providing National Subscriber Trunk Dialling facilities to subscribers of Jodhpur, Bikaner, Sriganganagar and Udaipur.

The Department is also keeping a continuous watch over the pressing requirements of communication channels in the area and are commissioning open wire carrier systems in various sections from time to time.

Setting up of Industries in Jodhpur

7471. **SHRIMATI KRISHNA KUMARI OF JODHPUR:** Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) the names of the large and medium size industries in the public/

Joint sector which Government are planning to set up in the Jodhpur Division of Rajasthan; and

(b) the time by which they will be set up?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). The information is being collected and will be laid on the Table of the House.

Removal of Restraint on Monopoly Houses for establishing industries in Backward Areas

7472. **SHRIMATI KRISHNA KUMARI OF JODHPUR:** Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government propose to remove the general restraint on the monopoly houses which propose to come forward to establish industries in backward areas; and

(b) if not, the reasons therefor?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). Government's policy in regard to large industrial houses is given in the Press Note dated the 2nd February, 1973, copies of which were laid on the Table of the House in reply to Unstarred Question No. 281 for 21st February, 1973.

Raising Status of Extension Centre of SISI

7473. **SHRIMATI KRISHNA KUMARI OF JODHPUR:** Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

LOPMENIT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether in view of the development of engineering industries in Jodhpur (Rajasthan), Government propose to raise the status of the existing Extension Centre of the Small Industries Service Institute of the Government of India to a Branch of the Institute and also strengthen it appropriately by technical personnel and equipment including testing facilities; and

(b) if not, the reasons therefor?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a). No such proposal is at present under consideration of the Government.

(b) While considering proposals for the setting up of new Branch Institutes or raising the status of existing Extension Centres, an all India view of the situation is taken by the Government. Subject to the availability of funds, the proposals considered essential are given priority.

Installed capacity of Minerals Sand separation Plant of Indian Rare Earths, Chavara

7474 SHRI VAYALAR RAVI: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) the total installed capacity of the Minerals Sand Separation Plant of the Indian Rare Earths at Chavara and its actual production during the last three years and its year-wise break-up;

(b) how much of these quantities have been exported and the countries to which these exports have been made; and

(c) the steps taken to develop and improve the functioning of this plant?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) The existing mineral sand separation plant of Indian Rare Earths Ltd. at Chavara (Kerala) was erected to treat 650 tonnes of raw sand per day to produce the following minerals:

Minerals	Capacity	(Figures in tonnes) Actual production during		
		1970-71	1971-72	1972-73
Ilmenite	1,00,000	14,473	80,825	95,870
Rutile	5,000	607	3,464	4,390
Zircon	7,000	1,320	3,644	6,380
Monazite	300	162	186	175
Sillimanite	300	..	..	..

(b). The country wise break up of the exports during this period is given below:—

Mineral	Exports (in tonnes)			Country of destination
	1970-71	1971-72	1972-73	
Ilmenite	19,600	52,600	60,000	Japan.
Rutile	270	..	..	Japan
Zircon	200a	525b	3,500a	Czechoslovakia.
				b Japan.

(c). In addition to installation of equipment necessary for improving sillimanite recovery, the capacity of the plant is being expanded by 30 per cent in order to increase the production of ilmenite to 130,000 tonnes per annum with corresponding increases in the production of other minerals. It is the intention eventually to double the capacity of the existing plant.

Number of persons employed by Delhi Station including Commercial and Yuva Vani Services

7475. SHRI R. R. SHARMA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of persons employed by Delhi Station including Commercial and Yuva Vani Services on long term/short term basis as casual artistes to work as Copyist/Typists and Production Assistants, Announcers and General Assistants during the last three years;

(b) the mode of selection of the artistes;

(c) how many amongst the above artistes are the relations of A.I.R. employees and employees of Ministry of Information and Broadcasting; and

(d) the number of artists referred to in part (a) who were later on taken as Staff Artistes?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) 245.

(b) Panels of casual artists are drawn up after holding Voice/Practical/Typewriting test and interview. Persons so selected are given casual bookings on rotational basis according to programme requirements.

(c) The information is being collected and will be laid on the Table of the House.

(d) 9.

Criteria for Booking Casual Artistes for A.I.R. and T.V.

7476. SHRI R. R. SHARMA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the criteria laid down by the A.I.R./T.V. for the booking of casual artistes for various programmes broadcast/televised; and

(b) how many relations of A.I.R. employees (all categories) have been booked for various A.I.R. programmes during the last two years at A.I.R. Delhi and T.V. Centre (Delhi)?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) The criteria for booking casual artistes for various programmes broadcast on the Radio are:—

The suitability of the artists for the particular programme, the artist's knowledge of the subject of broadcast, quality of his voice and aptitude to write or perform for the sound medium.

Selection of artistes booked for TV is based on their having a telegenic personality, fluency of expression and **experience in the type of programmes** for which they are booked.

(b) As relationship with AIR employees is neither a criterion for booking a casual artiste nor a disqualification, no records exist on the relationship of individual casual artistes with AIR employees.

Number of Artistes booked for Yuva Vani Programmes

7477. SHRI R. R. SHARMA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) how many artistes have been booked in the Yuva Vani programmes (Mehfil, music, talks and drama) from the date of inauguration of the Yuva Vani upto now;

(b) what is Government's policy with regard to these bookings, and how many of the artistes have been given repeat broadcasts; and

(c) whether the relatives of the A.I.R. employees are given special consideration and given bookings repeatedly?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) 27,750 (approximately).

(b) For programmes like Music, Plays and Features, Announcements, What's Happening, Mehfil and in the Groove, artistes are selected on the basis of auditions. For programmes of 'Sports and sportsman' and 'Dialogue' they are selected on their merit. Play-wrights, Short story writers and Poets are offered assignments on the basis of the quality of their scripts. Other participants for Talks, Discussions, Interviews are selected on the basis of their registration.

About 10,000 persons are offered broadcast assignments every year. Of these more than 50 per cent constitute the 'New Talent'. About 4,500 artistes/participants get more than one booking per year. This figure includes persons who are approved for more than one category of programmes.

(c) No, Sir.

Production of 100 Films Suspended due to Impost on Raw Films

7478. DR. KARNI SINGH: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether he is aware that the production of about 100 films has been suspended and the fate of another 300 hangs in the balance as a result of the latest imposts on raw films; and

(b) the measures proposed to be adopted for saving the industry from falling into a state of crises and preventing a large number of people going out of employment?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). Government have received representations from several film industry associations against the proposed enhancement of import duty on Raw Cine Film. The matter is under consideration.

Putting into Operation of the 2nd Unit of Kota Atomic Power Station

7479. DR. KARNI SINGH: Will the Minister of ATOMIC ENERGY be pleased to state:

(a) the time by which the second unit of Rajasthan Atomic Power Station is expected to go into commercial operation;

(b) what will be its capacity; and

(c) the areas to be covered by it?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRIMATI INDIRA GANDHI): (a) and (b). The second unit of the Rajasthan Atomic Power Station will have a capacity of 200 MWE and is expected to go into commercial operation by the middle of 1976.

(c) Power generated by this unit will be fed into the Rajasthan grid for utilisation in the Northern regional system.

Rewards made by a Superintendent of Police, Delhi

7480. SHRI YAMUNA PRASAD MANDAL: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government's attention has been drawn to the news-item in the 'Hindustan Times' of 14th March, 1973 entitled "commendable indeed" regarding rewards made by a Superintendent of Police in Delhi; and

(b) if so, the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The news-item referred to has been seen by Government. According to the report received from the Delhi Administration, the Superintendent of Police, Central District, had awarded the Reader working under him during the year 1972 on many occasions by commendation Certificates and with cash rewards for the commendable work done by him during the year in connection with the various law and order problems.

A.I.R. Engineers' Demand for a separate Engineering Unit

7481. SHRI M. RAM GOPAL REDDY:

SHRI M. M. JOSEPH:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether All India Radio Engineers have demanded separate engineering units independent of Station Directors; and

(b) if so, the reasons put forward by them and the reaction of Government thereto?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) and (b). Representations have been received that the engineering wing at AIR Stations should be under the direct charge of an engineering officer as, at certain stations, senior engineers are made to work under relatively junior Programme Officers.

Various aspects of the representation are to be examined.

विविध भारती द्वारा सिने-गायकों को रायल्टी का भुगतान

7482. श्री शंकर दयाल सिंह : क्या सूचना और प्रसारण मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या विविध भारती तथा आकाशवाणी के अन्य प्रसारणों द्वारा सिने-गायकों अथवा गायिकाओं के रिकार्डों के रेडियो कार्यक्रमों में प्रयोग करने के बदले उन्हें किसी प्रकार की रायल्टी आदि का भुगतान करने की व्यवस्था है ; और

(ख) यदि हां, तो वर्ष 1972 के दौरान प्रत्येक सिने-गायक अथवा गायिका के गीतों के रिकार्ड कितनी बार प्रसारित किये गये हैं और इस के लिये प्रत्येक सिने-गायक अथवा गायिका को आकाशवाणी द्वारा कि राशि का भुगतान किया गया ?

सूचना और प्रसारण मंत्रालय में उप-मंत्री (श्री धर्मवीर सिंह) : (क) जी, नहीं ।

(ख) प्रश्न नहीं उठता ।

टेलीफोन अधिकारियों और व्यापारियों के बीच कतिथ सांठ-गांठ

7483. श्री शंकर दयाल सिंह : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या टेलीफोन अधिकारियों और व्यापारियों के बीच ट्रंक कालों के मामले में सांठ-गांठ होने के कारण सरकार को लाखों रुपये का नुकसान होता है; और

(ख) यदि हां, तो इसकी रोकथाम के लिए सरकार ने क्या कार्यवाही की है और

पिछले वर्ष के दौरान कितने व्यक्ति दोषी पाये गये और उनके विरुद्ध क्या कार्यवाई की गई है ?

संचार मंत्री (श्री हेमवतिनन्दन बहुगुणा) :

(क) सरकार को बड़े पैमाने पर धोखाभंडी की किसी घटना की जानकारी नहीं है ।

(ख) प्रेक्षण (आव्जर्वेशन) सेट पहले ही लगाए जा चुके हैं । ट्रंक कालें मुफ्त न की जा सकें इसकी रोक थाम के लिए ये सेट कार्य कर रहे हैं । जब कभी ऐसे मामले पकड़ में आते हैं, तो दोषी कर्मचारियों के विरुद्ध उपयुक्त विभागीय कार्यवाहियां की जाती हैं । इस तरह के मामलों की ठीक ठीक संख्या कितनी है, यह सूचना इस समय उपलब्ध नहीं है । यदि आवश्यकता हो तो यह सूचना दे दी जाएगी ।

बिहार में कागज का कारखाना

7484. श्री शंकर दयाल सिंह : क्या औद्योगिक विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सरकार को इस बात की जानकारी है कि बिहार के छतरा क्षेत्र के जंगलों से टीटागढ़ और रोहतास कागज मिलों को पूरी मात्रा में बांस सप्लाई किया जाता है ; और

(ख) यदि हां, तो बिहार के हजारीबाग अथवा छतरा में कोई कागज कारखाना स्थापित करने के प्रश्न पर विचार न करने के क्या कारण हैं ?

औद्योगिक विकास मंत्रालय में उप-मंत्री (श्री प्रणव कुमार मुखर्जी) :

(क) छतरा क्षेत्र से रोहतास पेपर मिल, इण्डियन पेपर पल्प कंपनी और बंगाल पेपर मिल को बांस का सम्भरण किया जाता है और टीटागढ़ पेपर मिल को इस क्षेत्र से बांस का सम्भरण नहीं किया जाता है ।

(ख) उपर्युक्त कागज मिलों को बांस का संभरण करने के पश्चात् हजारीबाग और छतरा क्षेत्र में जो बांस बाकी बच जाता है वह आर्थिक दृष्टि से लाभप्रद कागज सयत्र चलाने के लिए पर्याप्त नहीं है ।

राज्यों में आदिवासियों का उत्थान

7485. श्री भारत सिंह चौहान : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या राज्य आदिवासियों का उत्थान करने में असफल रहे हैं ; और

(ख) क्या राज्यों के आदिवासियों में बड़ा असन्तोष फैला हुआ है ?

गृह मंत्रालय में उप मंत्री (श्री एफ० एच० मोहसिन) :

(क) जी नहीं, श्रीमान ।

(ख) जी नहीं, श्रीमान् ।

Regulations made by State Governments relating to Diet, Ex-Gratia Family Allowance of Detenus in Jails

7486. SHRI JYOTIRMOY BOSU: Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Starred Question No. 327 on the 14th March, 1973 regarding issue of instructions by Home Ministry to States in regard to the guiding rules for detainees under MISA and state the details of the regulations made by each State Government relating to diet, *ex-gratia* family allowance man-

ner of treatment, etc., of the detenus in jails?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): Regulations relating to diet, *ex-gratia* family allowance, manner of treatment, etc., of detenus in jails are framed by the State Governments/Union Territory Administrations concerned in exercise of powers available under section 5 of the MIS Act, 1971, and are notified in the respective Government Gazettes. Copies of such regulations that have been framed are being obtained and will be laid on the Table of the House.

Issue of Licence to Coca-Cola Export Corporation

7487. SHRI JYOTIRMOY BOSU: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the Actual Users' Licence given to the Coca-Cola Export Corporation (CCEC) was for an amount of Rs. 97,600;

(b) if so, whether in 1968, Actual User's Licence was converted into a bi-annual licence, thereby doubling the production of Coca-Cola concentrate in India, and the Corporation was issued *ad hoc* licences totalling Rs. 7 lakhs during 1972; and

(c) if so, on what grounds?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUMRAMANIAM): (a) Yes, Sir. on half yearly basis.

(b) The actual user's licence was not converted into bi-annual licence to the benefit of the company. But an *ad hoc* import licence of Rs. 7 lakhs was issued in the year 1971-72.

(c) The reason for *ad hoc* allotment was reduction with effect from 1st April, 1971 in import replenishment against exports from 20 per cent to 4.5 per cent and consequent request for imports to feed existing bottling plants.

Foreign News Agencies operating in India

7488. SHRI JYOTIRMOY BOSU: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the names of foreign news agencies operating in India at present and the country of origin of each of these agencies;

(b) whether some of the U.S. News agencies are, CIA (Central Intelligence Agency of U.S.A.) sponsored; and

(c) if so, the names thereof?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) A statement is attached.

(b) There is no such specific information.

(c) Does not arise.

Statement

The following foreign news agencies are operating in India:—

Researches conducted in the Central Building Research Institute, Roorkee (U.P.)

7489. SHRI RAJDEO SINGH: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the House Building Research conducted by Central Building Research Institute, Roorkee in Uttar Pradesh caters to the needs of providing maximum number of houses at cheap cost and in a very short time;

(b) whether its research in Primary School building caters to the needs of providing maximum number of Primary School buildings with the limited financial resources in much less time; and

(c) if so, whether Government propose to take the results of researches conducted in Laboratories of Central Building Research Institute, Roorkee

(U.P.) to the wider sections of urban and rural people of other States as has been done in Uttar Pradesh?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) Yes, Sir.

(b) Yes, Sir.

(c) Yes Sir. The technique of low cost housing and primary schools has been widely publicised.

Besides the State of U.P., other States such as Madhya Pradesh, Haryana have made enquiries regarding low cost housing and primary schools. Full information has been provided to them and engineers and architects from those States have been invited to see the construction being carried out in U.P.

Demonstration by T.V. Centre Staff Artistes

7490. **SHRI RAJDEO SINGH:** Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether T.V. Centre Staff Artistes held a demonstration regarding the recruitment policy for T.V. Centre and *gheraoed* the Senior Officers of A.I.R. recently;

(b) if so, what were their demands and whether their main demand had been conceded and a quota has been fixed for promotion;

(c) if so, whether the existing rules provide for such policy and the persons selected and appointed fulfil the basic requirements of the post of T.V. producer in respect of age and education; and

(d) the particulars of the persons who have been appointed as a result of this agitation?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND

BROADCASTING (SHRI DHARAM BIR SINHA): (a) There was a demonstration by TV contract staff but no senior officer was *gheraoed*.

(b) The main demand of the Staff Artistes Union was about avenues of promotion to higher posts. They demanded that a quota may be fixed for departmental promotion to the post of Producers (Grade II). This demand is being considered from all aspects.

(c) Pending formulation of the recruitment rules for the TV staff it was decided, apart from direct recruitment, to have a limited departmental selection from amongst those contract staff who have already been working in Television. In the case of experienced departmental candidates age and educational qualifications prescribed for direct recruitment were not insisted upon.

(d) The Selection Committee recommended the following five persons as suitable for being appointed as Producer Grade II in Television:

1. Shri Rajeshwar Nath, Drama Artiste.
2. Shri Kewal Kapoor, Production Assistant.
3. Shri Sudhir Tandon, Camera-man Grade II.
4. Shri S. N. Moitra, Floor Manager.
5. Shri Chaman Bagga, Property Assistant.

But their promotion had nothing to do with the agitation and was done on merits.

Agreement with other Countries for setting up Industrial Estates

7491. **SHRI RAJDEO SINGH:** Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether Government have entered into agreements with some

countries other than Zanzibar for setting up industrial estates; and

(b) if so, the names thereof?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). The Government of India is assisting the following countries in setting up of industrial estates either under the Indian Technical and Economic Assistance Programme, or specific credit agreements or under S.C.A.A.P. (Special Commonwealth African Assistance Plan):—

Afghanistan.

Kenya.

Mauritius.

Nepal.

Tanzania.

Action taken by States on letter written by Prime Minister to Chief Ministers of States about Humane Treatment of Suspected Naxalites

7492. SHRI INDRAJIT GUPTA: Will the Minister of HOME AFFAIRS be pleased to refer to the reply given to Unstarred Question No. 2238 on 16th August, 1972 and state:

(a) whether the Chief Ministers of West Bengal, Kerala and Assam have by now replied to the Prime Ministers' letter of 1st May, 1972 about the need for imaginative and human treatment of Naxalite prisoners;

(b) if so, the nature of the replies and action taken by the State Governments in this regard; and

(c) whether he is aware that Naxalites in different jails in West Bengal are not classified as political prisoners and are kept in detention without trial including many of them in solitary confinement and that their jail conditions are deplorable?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) Reply has been received from the Chief Minister, West Bengal. The Government of Kerala have intimated that the letter received from the Prime Minister is under the active consideration of the State Government. Reply is also awaited from the Chief Minister, Assam.

(b) In his reply, Chief Minister, West Bengal, has expressed general agreement with the approach suggested in the Prime Minister's letter and has also intimated measures already taken in pursuance thereof. These include the provision of facilities for study in jail and for taking public examinations from jails, etc., in case of those who have given up their belief in the politics of violence and murder.

(c) The classification and treatment of detenues in West Bengal is governed by the provisions of West Bengal Maintenance of Internal Security Order, 1972. There is no such classification as "Political Prisoners". The question of improving conditions in jails, with particular reference to facilities for study and work is engaging the State Government's attention.

Proposals Submitted by Scientific Workers of Indian Statistical Institute, Calcutta for Reorganisation of the Institute.

7493. SHRI INDRAJIT GUPTA: Will the Minister of PLANNING be pleased to state:

(a) whether the Scientific workers of the Indian Statistical Institute, Calcutta, had submitted specific proposals for reorganisation of the ISI to the Council of the ISI on 23rd May, 1972;

(b) whether these proposals are for making the internal management of the ISI more broad-based, democratic and collective and

(c) whether Government have examined the proposals and if so their reaction in the matter?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) Yes, Sir.

(b) This is a matter of opinion.

(c) No, Sir. These proposals are addressed to the Indian Statistical Institute, which is an autonomous body. The Council of the Institute is considering these proposals.

Payment of Pensions to Freedom Fighters

7494. SHRI J. G. KADAM: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number of freedom fighters who have been given pensions so far, State-wise; and

(b) how many applications were received and how many are still pending, State-wise, and the time it will take to dispose of all the applications of freedom fighters?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). The information regarding the number of applications received, sanctioned, rejected and pending, (State-wise) as on 31st March, 1973 is given in the statement laid on the Table of the House. [Placed in Library. See No. LT-4831/73]. Efforts are also being made to complete examination of all the applications received upto 31st March, 1973 by 14th August, 1973, that is during the Jayanti Year and pension granted in as many cases as are found eligible.

Inadequate Capacity of Sangli and Miraj, Telephone Exchange in Maharashtra

7495. SHRI ANNASAHEB GOTK-HINDE: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether the telephone exchanges at Sangli and Miraj in Maharashtra are not in a position to meet the demand for new telephone connections; and

(b) if so, what steps are being taken to enhance the capacity of these exchanges and when these are likely to materialise?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) The capacity of telephone exchange at Miraj is sufficient to meet the entire present demand for new telephone connections. While the capacity of telephone exchange at Sangli Main is inadequate to meet the entire pending demand of telephone connections the capacity of telephone exchange at Sangli (Madhavnagar) is sufficient to meet the entire present demand.

(b) In place of the existing 1680 lines manual telephone system at Sangli a 2100 lines automatic exchange is proposed to be commissioned there by about 1975.

Plan Outlay for Mysore State for 1973-74

7496. SHRI K. MALLANNA: Will the Minister of PLANNING be pleased to state:

(a) the plan outlay proposed by Mysore State for the year 1973-74; and

(b) the Central Government's decision thereon?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and

(b) Against Mysore Government's proposals for an outlay of Rs. 87.10 crores for the Annual Plan for 1973-74, the Planning Commission has approved an outlay of Rs. 3237 crores on the basis of an assessment of State's own resources of the order of Rs. 42.22 crores and Central assistance of Rs. 40.15 crores, worked out in accordance with the formula of the National Development Council.

Tribal Development Blocks in Kerala

7497. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the tribal population in Kerala and whether any Tribal Development Block has so far been set up in that State; and

(b) if not, the reasons therefor and the time by which Government propose to set up a Tribal Development Block in Kerala for the proper development of tribal areas there?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS

(SHRI F. H. MOHSIN): (a) According to the 1971 Census the tribal population in Kerala is 2,69,356. There is a Tribal Development Block at Attappady in Kerala which was set up in 1962-63.

(b) Does not arise.

State-wise Location of PRT Offices in the Country

7498. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the total number of Post and Telegraph Offices in the country State-wise at present; and

(b) the number of new Post and Telegraph Offices opened in the State of Kerala during the financial year 1972-73?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Number of Post Offices and telegraph Offices in various states of the country:—

Sl. No.	Name of State	No. of Post Offices	No. of Telegraph Offices
1	Andaman and Nicobar Islands.	44	24
2	Andhra Pradesh	13,960	1,037
3	Arunachal Pradesh	81	19
4	Assam	2,416	367
5	Bihar	9,144	991
6	Chandigarh	36	19

Irrigation Project in Quilon District of Kerala

7499. SHRIMATI BHARGAVI THANKAPPAN: Will the Minister of PLANNING be pleased to state:

(a) whether the Kerala Government have asked the Central Government that the Kallada Irrigation Project in Quilon District should be taken up outside the Plan;

(b) whether the Planning Commission have cleared the first stage of the project and had sanctioned some amount; and

(c) if so, the broad features of the project and the amount sanctioned?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) No such request has been received in the Planning Commission.

(b) and (c). The project was cleared by the Planning Commission in 1966. At that time, the estimated cost of the project was Rs. 13.28 crores. The broad features of the project were:—

(i) construction of a masonry dam across the Kallada river

to impound 524 million cubic metres of water;

- (ii) a pick-up weir about 5 km downstream of the dam; and
- (iii) the left and right bank canal systems to irrigate 52,650 hectares of land in Quilon district.

The estimated cost of the project as now revised by the State Government is Rs. 44.91 crores. The project is now programmed to be executed in stages. The expenditure on the project is being incurred by the State from the State Plan funds and no amounts as such are being sanctioned by the Planning Commission. Upto the end of 1972-73, the expenditure incurred by the State is estimated to be Rs. 3.40 crores.

Misuse of Incentives for Setting up of Industries in Backward Areas

7500. Dr RANEN SEN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether it has come to the notice of Government that the various incentive schemes for setting up industries in the backward areas are being misused;

(b) if so, what action has been taken against those who have misused the schemes; and

(c) what measures have been taken to prevent the misuse of the incentives in future?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) No, Sir.

(b) and (c). Do not arise.

Plan to Boost Indigenous Research and Development in Industries to Reduce Dependence on Imported Know-How

7501. DR. RANEN SEN: Will the Minister of SCIENCE AND TECHNO-

LOGY be pleased to state:

(a) whether Indian industries, particularly private industries, have generally ignored the need to develop indigenous technical know-how;

(b) whether as a result of this, the country had to depend on imported know-how in many fields of industrial activities;

(c) whether the National Committee on Science and Technology had examined this aspect of scientific and technological development in the country; and

(d) if so, whether the Committee has worked out any plan to boost research and development in Indian industries?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) to (d). It is the view of the NCST that the vast infra-structure of institutions and capabilities created in the country have not been utilised by the industry to the full extent and this has resulted in continued dependence on imported know-how in some sectors of economy. With a view to promoting R&D effort in industry which will contribute to increased technological self-reliance, the NCST has suggested the levy of an R&D cess on all industrial units on a graded basis. The funds so raised will be disbursed to those units provided their R&D projects have been approved by the NCST for inclusion as an integral part of the total national effort involved in the concerned sector of economy.

कोटा में चलती-फिरती डाक-सेवा आरम्भ करना

7502. श्री श्रींकार लाल बेरवा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि:

(क) क्या सरकार का विचार कोटा में चलती फिरती डाक सेवा आरम्भ करने का है; और

(ख) यदि नहीं, तो इस के क्या कारण है ?

संचार मंत्री (श्री हेमवतीनन्दन बहुगुणा) :
(क) जी नहीं ।

(ख) चौथी पंचवर्षीय योजना की अवधि के लिए विभाग ने जो नीति निर्धारित की है उसके अनुसार चलते फिरते डाकघर बी-2 शहरों और कुछ अन्य चुने हुए उन शहरों में चालू किए जाने हैं जिनकी जनसंख्या 3 लाख से ज्यादा हो, बशर्ते कि कार्यभार और वित्तीय दृष्टि से उन्हें चालू करने का औचित्य सिद्ध होता हो । चूँकि कोटा शहर की जनसंख्या 3 लाख से कम है और शहरों की उपयुक्त श्रेणियों में शामिल नहीं है, इसलिए चौथी पंचवर्षीय योजना की अवधि में वहाँ चलता-फिरता डाकघर चालू करने का कोई प्रस्ताव नहीं है ।

Inquiry into the Affairs of U.P. Hill Development Corporation

7503. SHRI M. M. JOSEPH: Will the Minister of PLANNING be pleased to state:

(a) whether Government propose to inquire into the affairs of U.P. Hill Development Corporation as urged by the former Chairman of the Corporation; and

(b) if so, the broad outlines of the proposal; and if not the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). It is for the State Government to decide whether an inquiry into the affairs of the U.P. Hill Development Corporation is called for. There is no proposal with the Central Government to hold any enquiry into the affairs of the U.P. Hill Development Corporation.

Setting UP of Second Press Commission

7504. SHRI Y. ESWARA REDDY: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the journalists' associations have demanded the setting up of a Second Press Commission in view of vast changes in the conditions of newspaper industry since the First Press Commission submitted its report about two decades ago; and

(b) if so, what decision has been taken thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir; some journalists' associations have asked for the setting up of a Second Press Commission.

(b) It is felt that there is no need for setting up a Press Commission at this stage.

Satellite Stations to Relay T.V. Programmes

7505. SHRI Y. ESWARA REDDY: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the plan to set up satellite stations to relay television programmes has been finalised;

(b) if so, the number of stations to be set up and their locations;

(c) the estimated cost of the plan; and

(d) when the work on these satellite stations is expected to begin?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): On the assumption that the Question relates to the Satellite Instructional Television Experiment for which the ATS-F Satellite of NASA is to be used the reply is as

follows:

(a) and (b). The proposal to conduct the Experiment has been sanctioned. Under the BAR-NASA Agreement, NASA will make available to India the ATS-F Satellite for a period of one year for conducting the Experiment. The Satellite will be used for relaying Instructional Television Programmes to clusters of television stations in rural areas in six selected clusters in different parts of the country. In addition, according to present plans, rediffusion will also be carried out through Earth Stations in the vicinity of Bombay, Delhi and Srinagar.

(c) The cost of the project as originally sanctioned is Rs. 6.36 crores but this is likely to be revised. The actual revised cost is not yet available.

(d) Work on various aspects of the programme has commenced already. The experiment itself is likely to commence in 1975.

Development of Tribal Blocks in Gujarat

7506. SHRI PRAVINSINH SOLANKI: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the State Government of Gujarat is facing difficulties in the development of Tribal Blocks because of the cut in the provisions imposed by the Central Government; and

(b) if so, the reaction of Union Government in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) and (b). There has been no cut in the financial allocations for the welfare schemes for Scheduled Tribes including the Tribal

Development Blocks Programme in the first four years of the Fourth Plan. However it is likely that some cuts may be necessary in the last year of the Plan viz., 1973-74, not only in regard to Tribal Development Blocks but also in respect of certain other Centrally Sponsored Schemes, as a result of a general cut imposed in the Budget Estimates for the year 1973-74.

Request by Confederation of Central Government Officers/Association to the Prime Minister for Fair Scrutiny of Pay Commission's Report

7507. SHRI BHOGENDRA JHA: Will the PRIME MINISTER be pleased to state:

(a) whether All India Confederation of Central Government Officers' Association has sought a fair scrutiny of the recommendations of the Third Pay Commission relating to administrative and personnel reform; and

(b) whether the Secretary-General of the confederation has demanded the above scrutiny by the Prime Minister's Secretariat; if so, the action taken by Government thereon?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAMNIWAS MIRDHA): (a) and (b). Yes, Sir. An Implementation Cell has already been set up in the Ministry of Finance. The Cell is composed of officers drawn from different Services.

Shortage of Cement in Kerala

7508. SHRI C. JANARDHANAN: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether there is acute scarcity of cement in Kerala; and

(b) if so, what steps have been taken to ensure adequate supply of cement to Kerala?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI PRANAB KUMAR MUKHERJEE): (a) and (b). There is only one cement factory in the Kerala State with an annual capacity of about 50,000 tonnes against their requirements of about six lakh tonnes per annum. Tamil Nadu is the chief source of supply of cement. In view of the power cut to the extent of 75 per cent imposed by the Tamil Nadu State Electricity Board, the Supply position of cement in the Kerala State has been affected from February, 1973.

Arrangements have been made for the supply of about 900 tonnes of cement per day to Kerala against one lakh units of power per day made available by the Kerala State Electricity Board to Tamil Nadu for making it available to the cement industry. An additional quantity of 8000 tonnes per month is also being moved from Tamil Nadu to Kerala State. Travancore Cements, Kottayam is expected to produce about 4000 tonnes per month.

Employment for Educated Persons in States

7509. DR. H. P. SHARMA:
SHRI D. K. PANDA:

Will the Minister of PLANNING be pleased to state:

(a) whether any plans have been drawn out for providing employment to the educated persons in different States;

(b) if so, the State-wise details in this regard and the allocations made to each State in this connection; and

(c) the details of the schemes if any submitted by Rajasthan Government in this regard and Central Government's reaction thereto?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) to (c). It is presumed that the Hon. Member has in view the 'Half a Million Jobs Programme' for educated persons in 1973-74. Although a number of schemes were introduced for providing job opportunities for educated job-seekers from 1971-72, it was clear that an effective impact should be possible only by a massive attack on the problem. The Central Government has, therefore, made a provision of Rs. 100 crores for stimulating creation of additional job opportunities for half a million educated persons during the current year. Preparatory work on this was begun by the Planning Commission early enough and the State Governments and Union Territories were requested in January this year to formulate programmes, on the basis of detailed guidelines given to them. These schemes are under formulation by the State Governments. Proposals have so far been received from 11 States. These schemes are being discussed with the State Governments and the necessary clearance given. The allocations to the various State Governments under this programme are being finalised.

The Government of Rajasthan have forwarded a programme involving an outlay of Rs. 6.8 crores with an employment potential of approximately 19,500 educated persons. The scheme is under examination and it is proposed to hold discussions with the State Government shortly with a view to finalising the programme of action.

Review of the Fourth Plan Projects by the Monitoring and Information Division of Planning Commission

7510. DR. H. P. SHARMA: Will the Minister of PLANNING be pleased to state:

(a) whether the Monitoring and Information Division of the Planning Commission has in a recent review of

the Fourth Plan Projects identified faulty pre-investment planning and lack of co-ordinated scheduling of material supply and works as among the causes of delay in implementation of the plan;

(b) if so, the specific instances of such faulty planning brought home by the said division; and

(c) the steps being taken to avoid such faulty planning in future, especially, under the Fifth Five Year Plan?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) No recent review of the Fourth Plan Projects has been carried out by the Monitoring and Information Division of the Planning Commission.

(b) Does not arise.

(c) Does not arise.

Pakistani Soldiers and Mizo Insurgents Operating in Villages Bordering Chittagong Hills Tracts

7511. DR. H. P. SHARMA:
SHRI D. K. PANDA:

Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether hiding Pakistani soldiers and Mizo insurgents have again become active recently in about 200 villages bordering Chittagong hill tracts of Bangladesh and Mizoram; and

(b) if so, the steps taken to prevent their activities and to round up and liquidate the insurgent elements?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS: (SHRI F. H. MOHSIN): (a) While there have been some recent incidents of violence, sabotage, robbery, dacoity, etc., suspected to have been committed by Mizo hostiles, it would not be correct to say that Mizo

insurgents have again become active in 200 villages bordering the Chittagong hill tracts of Bangla Desh, nor is there any information regarding the involvement of Pakistani soldiers.

(b) The entire Union territory of Mizoram has, by a notification issued by the Administrator on the 1st March 1973, been declared as a "disturbed area" under the Assam Disturbed Areas Act, 1955. A similar notification under the Armed Forces (Special Powers) Act, 1958 has been issued by the Government of Tripura in regard to some of the border villages in that State. Security measures have also been tightened with a view to preventing an increase in underground rebel activities.

मध्य प्रदेश में टेलिक्स सेवाएँ

7512. श्री फूल चन्द वर्मा : क्या संचार मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश में टेलिक्स सेवाओं को सुदृढ़ बनाने हेतु कोई टेलिक्स विस्तार कार्यक्रम तैयार किया गया है; और

(ख) यदि हां, तो मुख्य बातें क्या हैं

संचार मंत्री (श्री हेमवती बहुगुणा)

(क) जी हां ।

(ख) मध्य प्रदेश में 50 लाइनों की क्षमता वाला पहला टेलिक्स एक्सचेंज भोपाल में तारीख 10.9.1970 को खोला गया था । इन्दौर में 50 लाइनों का टेलिक्स एक्सचेंज तारीख 5.4.1972 को खोला गया था । तारीख 20.2.1973 को इन्दौर टेलिक्स एक्सचेंज की क्षमता बढ़ा कर 100 लाइनें कर दी गई । जबलपुर और रायपुर में 50 लाइनों का एक एक टेलिक्स एक्सचेंज खोलने की मंजूरी की जा चुकी है । ग्वालियर में टेलिक्स एक्सचेंज खोलने का प्रस्ताव की जांच की जा रही है ।

Harassment of Ladies in Kashmere Gate, Delhi

7513. SHRI D. K. PANDA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Delhi Police is harassing the General Public particularly ladies in late hours in Delhi specially in Kashmere Gate area; and

(b) if so, the steps Government have taken or propose to take in this regard?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No such complaint was received from Kashmere Gate area. One such complaint was received from the India Gate area.

(b) Supervision over staff on patrol duty has been intensified. Departmental action has been taken against the constables involved in the India Gate incident.

Foreign Tours of Chief Consultant and Managing Director of N.I.D.C.

7514. SHRI D. K. PANDA: Will the Minister of INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY be pleased to state:

(a) how many times the Chief Consultant and the Managing Director of the National Industrial Development Corporation Ltd., New Delhi have undertaken official tours abroad during the years 1971, 1972 and 1973; and

(b) the names of the countries visited, the period of their stay there each time and the purpose of the visit?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). A statement is laid on the Table of the House: (Place in Library. See No LT- 4832/73).

Detenus under Maintenance of Internal Security Act

7515. SHRI SAROJ MUKHERJEE: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether the detenus under Maintenance of Internal Security Act, as referred to in Statistical Information regarding working of MISA Act 1971 which was laid on the Table of Lok Sabha on 7th March, 1973 having Party affiliations, are considered as Political Detenus and given special class treatment in the Jails in India; and

(b) the reasons for not detaining a single person on charges of blackmarketing, hoarding and profiteering as revealed in the Annexure to the said Statement-XI (P.21)?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) No, Sir.

(b) Attention is invited to column 7 of Statement XI of the Statistical Information regarding the working of the M.I.S. Act, 1971, in which it has been indicated that a total of 830 persons were detained during the period 7th May 1971 and 30th June 1972 with a view to preventing them from acting in a manner prejudicial to the Maintenance of Supplies and Services essential to the Community.

आसाम का भाषायी विवाद

7516. श्री विभूति मिश्र :
श्री बरके जार्ज :

व्या गृह मंत्री यह बताने की कृपा करें कि

(क) क्या आसाम के भाषाई विवाद के सम्बन्ध में पेट्रोलियम और रसायन मंत्री द्वारा निकाला गया फॉर्मूला आसाम और त्रिपूरा के छात्रों ने स्वीकार कर लिया है ;

(ख) यदि हां, तो क्या उन्होंने अपना फार्मुला उन्हें भेज दिया है, और

(ग) यदि हां, तो उस पर उनकी क्या प्रतिक्रिया है ?

गृह मंत्रालय में उपमंत्री (श्री एफ० एच० मोहसिन) : (क) से (ग) केन्द्रीय पेट्रोलियम और रसायन मंत्री द्वारा ऐसी कोई फार्मुला नहीं निकाला गया है। असम में शिक्षा के माध्यम सम्बन्धी विवाद में पंचदश मामले समाहित हैं। केन्द्रीय सरकार असम की स्थिति पर निकट सम्पर्क बनाये हुए है और एक सौहार्दपूर्ण हल निकालने के लिये लगातार प्रयास किये जा रहे हैं।

शादियों पर की जाने वाली फिजलखर्ची

7517. श्री विभूति मिश्र :

श्री ए० रामगोपाल रेड्डी :

क्या गृह-कार्य मंत्री -ह बताने की कृपा करेंगे कि :

(क) क्या प्रधान मंत्री ने शादियों पर फिजल खर्ची को रोकने के बारे में विभिन्न मुख्य मंत्रियों को पत्र लिखा है ;

(ख) यदि हां, तो इस पर उनकी क्या प्रतिक्रिया है; और

(ग) क्या सरकार का विचार देश में लोगों से यह अपील करने का है कि वे इस प्रकार का दिखावटीपन न करें ?

गृह मंत्रालय में उपमंत्री श्री एफ० एच० मोहसिन) : (क) से (ग) शादियों तथा अन्य ऐसे अवसरों पर दिखावा करने के बारे में समय समय पर प्रकाशित समाचारों को ध्यान में रखते गए प्रधान मंत्री ने पिछले महीने मुख्य मंत्रियों को दावतों, रोशनी

के आडम्बरी प्रदर्शन इत्यादि में साधानों के व्यर्थ के उपयोग से बचने की आवश्यकता पर बल देते हुए लिखा था। उन्हें कानून को जहां कहीं वह उबार था, कड़ा करने और सरकारी और अर्द्ध सरकारी संगठनों के अधिकारियों के मार्गदर्शन के लिये अनुदेश जारी करने की सलाह दी गई थी। मुख्य मंत्रियों ने आमतौर पर इन सुझावों का स्वागत किया है और उन में से कुछ ने आवश्यक कार्यवाही भी की है। सरकार आशा करती है कि सादगी और सुप्रवृत्ति प्राप्त की जा सकती है यदि सार्वजनिक मत भी इन मामलों में अपरम्परागत मूल्यों के पक्ष में व्यक्त किया जाय।

Laboratory to Scan Skylab Pictures

7518. SHRI BIBHUTI MISHRA: Will the Minister of SPACE be pleased to state:

(a) whether Government propose to set up a laboratory to enable Indians to scan skylab pictures in June to September; and

(b) if so, its utility to the country?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF SPACE (SHRI-MATI INDIRA GANDHI): (a) and (b) The Indian Space Research Organisation has been interested in the application of remote sensing techniques for earth resources surveys. The Space Applications Centre at Ahmedabad has a Remote Sensing and Meteorological Division where research and development work is carried out on the interpretation of data acquired through remote sensing techniques and also on instrumentation required to carry out this technique. The question of Indian participation in the SKYLAB project of the National Aeronautics and Space Administration (NASA) of U.S.A. is under consideration.

Translation of Punjab Telephone Directory

7519. SHRI SUKHDEO PRASAD VERMA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether the Hindi translation job of Punjab Telephone Directory was executed through an unofficial agency; and

(b) if so, the reasons therefor and the actual amount paid therefor?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA).

(a) Yes.

(b) This was in accordance with the departmental practice in this behalf. The claim of the concerned agency has not yet been finally settled.

Reports of Expert, Groups Appointed by the National Committee on Science and Technology

7520. SHRI SUKHDEO PRASAD VERMA: Will the Minister of SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether the expert groups appointed by the National Committee on Science and Technology have since submitted their reports; and

(b) if so, the salient features thereof?

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) No, Sir.

(b) The Science and Technology Plan, in the preparation of which the NCST Panels are engaged, will cover all the important sectors of our economy. Meeting of the minimum needs, technological self-reliance to the maximum extent possible and generation of employment potential are some of the goals set out for the

S & T Plan. The Plan will be based on a detailed assessment of the existing knowledge, competence and potential for development with reference to our socio-economic needs.

Mistakes in Hindi Translation of Punjab Telephone Directory

7521. SHRI SUKHDEO PRASAD VERMA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether PMG Punjab Circle has pointed out a number of mistakes of serious nature in Hindi translation of Punjab Telephone Directory printed recently; and

(b) if so, the action taken against the translating agency?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) The Punjab Telephone Directory in Hindi has not yet been printed. However, some mistakes of routine nature were detected which have been rectified and action has been initiated to send it for printing.

(b) The matter is under consideration of the competent authority.

Performance Bonus Paid to the International General Electric Company in respect of Tarapur Atomic Power Station

7522. SHRI SUKHDEO PRASAD VERMA:
SHRI BIBHUTI MISHRA:

Will the Minister of ATOMIC ENERGY be pleased to state:

(a) whether performance bonus to the tune of Rs. 2.60 crores was paid to the International General Electric Company in respect of the Tarapur Atomic Power Station; and

(b) if so, the details of the performance since the commencement

of commercial operation of the Atomic Station in 1969?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF INFORMATION AND BROADCASTING

AND MINISTER OF SPACE (SHRI-MATI INDIRA GANDHI): (a) Yes, Sir. The amount paid was Rs. 2.62 crores after deducting liquidated damages of Rs. 12.35 lakhs.

(b) The details are as given below:

Year	Revenue	Operating profit (after allowing for all operating and maintenance ex- penditure as well as depreciation)	Peak Genera- tion	Total units Generated
	(Rs. lakhs)	(Rs. lakhs)		(Lakhs Kwh)
1969-70 (11/69 to 3/70)	500.31	223.68	367 MW	8706.79
1970-71	1293.46	567.13	420 MW	24173.89
1971-72	745.78	198.76	406 MW	11893.23
1972-73	636.57	105.00 (Provisional)	336 MW	11327.34

Demonstration by Senior A.I.R. Officials before D.G., A.I.R. for Better Service Conditions

7523. **SHRI ARJUN SETHI:**
SHRI PILOO MODY:

Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether about 100 senior A.I.R. officials ranging from senior Station Directors to Transmission Executives staged a demonstration before Director General in March, 1973 and handed over a memorandum demanding better service conditions;

(b) if so, the broad outlines thereof; and

(c) the reaction of Government thereon?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA): (a) Yes, Sir.

(b) and (c). A statement giving the requisite information is laid on the Table of the House. [Placed in Library. See No. LT-4833/73]

Bhadrak Telephone Exchange without permanent accommodation of its own

7524. **SHRI ARJUN SETHI:** Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether Bhadrak Telephone exchange, Orissa is not provided with permanent departmental accommodation of its own; and

(b) if so, what specific steps have been taken by Government in this direction?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) Bhadrak Telephone Exchange is not provided with a departmental building.

(b) A plot of land measuring 0.94 acres is being selected.

Three chances for appearing in I.A.S. etc., Examinations

7525. SHRI PRABODH CHANDRA: Will the PRIME MINISTER be pleased to state:

(a) whether in the advertisement issued by the Union Public Service Commission for the 1973 I.A.S. etc. examinations, provisions for three chances for appearing in the examinations has been made whereas there were only two chances heretofore;

(b) if so, whether this concession will be given to those candidates who are at present being interviewed; and

(c) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA):

(a) Yes, Sir.

(b) Subject to his satisfying other conditions of eligibility, a candidate

who has already availed himself of two chances can appear in the Indian Administrative Service etc., Examination to be held in 1973.

(c) Does not arise.

Post Offices opened during 1970, 1971 and 1972 in areas with population less than 2,000, 5,000 and 10,000

7526. SHRI PRABODH CHANDRA: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the number of Post Offices opened during the years 1970, 1971 and 1972 in areas which are having a population of less than 2,000, less than 5,000 and less than 10,000; and

(b) what steps Government have taken to provide postal facilities in the rural areas?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA):

(a) Number of Post Offices opened is as follows:—

To serve a population of :

	Years		
	1970	1971	1972
(a) less than 2000	1189	1093	971
(b) Between 2000 to 5000	1346	1520	1549
(c) Between 5000 to 10,000	210	192	204

The above figures do not include the information in respect of Maharashtra and Tamilnadu Circles.

(b) The policy for opening of post offices in the rural areas has been progressively liberalised so as to permit opening of a large number of post offices in the rural areas. In pursuance of this objective, Government have also undertaken to bear considerable loss on the opening and continuance of rural post offices. The number of rural post offices has increased from 18,121 as on 15-8-1947 to 1,02,505 as on 31-12-1972:

322 L.S.—7

Employment of 82,000 persons in P&T Department by Fourth Five Year Plan

7527. PROF. NARAIN CHAND PARASHAR: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it was planned to generate additional employment to the order of 82 thousand persons by the end of the Fourth Five Year Plan, by the Posts and Telegraphs Department;

(b) if so, the actual additional employment generated during the first

four years of the Fourth Five Year Plan;

(c) the break-up of the additional employment circle-wise; and

(d) the break-up for the State covered by the Punjab, Haryana, Himachal Pradesh and the Union Territory of Chandigarh separately?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): (a) to (d). The information is not readily available. It is being collected and will be laid on the Table of the Lok Sabha.

Average area served by Public Call Offices, Combined Offices and S.O.

7528. PROF. NARAIN CHAND PARASHAR: Will the Minister of COMMUNICATIONS be pleased to refer to the reply given to the Unstarred Question No. 3269 dated the 14th March, 1973 regarding State-wise average area served by P.C.O., C.O.

and sub-P.O. and state the average area served by a Public Call Office, Combined Office and S.O. in the case of Punjab, Haryana, Himachal Pradesh and Union Territory of Chandigarh, separately, of the Punjab Circle mentioned in item No. 11 and also in the component States, separately, of the Assam Circle mentioned in item No. 9 therein?

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): A statement showing average area served by a Public Call Office, a Combined office and a Sub-Post Office in Component States of Punjab and Assam Circles is placed on the table of the Lok Sabha.

Statement

Statement showing average area served by one Public Call Office, One Combined Office and one Sub Post office in Component States of Punjab and Assam Circle.

Sl. No.	Name of States	Average area in Sq. Km served by-		
		One PCO	One CO	One SO
I. Punjab Circle.				
1	Chandigarh	2.09 (Local PCO's)	9.00	4.07
2	Haryana	427.72	170.1	120.8
3	Himachal Pradesh.	551	296.0	199.54
4	Punjab	345	138.39	81.89

7	Tripura	574	181	158.74

Tribal Development Blocks in the Country

7529. PROF. NARAIN CHAND PARASHAR: Will the Minister of HOME AFFAIRS be pleased to state:

(a) the number and the names of the regular Tribal Development Blocks in each of the States and Union Territories, at present;

(b) the criteria on which these development Blocks are accepted as Tribal Development Blocks; and

(c) whether any other Block, which satisfies these conditions, would also be accepted as a Tribal Development Block?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) A statement showing the names of States together with the number and the names of T.D. Blocks in them, is laid on the Table of the House. [Placed in Library. See No. LT-4834/73].

(b) The criteria for the opening of T.D. Blocks are:—

- (i) A total population of 25,000;
- (ii) A minimum tribal concentration of 66-2/3 per cent;
- (iii) An area of 150-200 sq. miles; and

(iv) Viability to function as a normal administrative unit.

(c) In view of the financial constraints, it is not possible to open any new T.D. Block in the country during the last year of the Fourth Five-Year Plan. Proposals relating to the Fifth Plan are under consideration.

Small Scale Units in Jaipur

7530. SHRI NAWAL KISHORE SHARMA: Will the Minister of IN-

DUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) the number of small scale industrial units to be set up in Rajasthan with particular reference to Jaipur District during the Fifth Plan Period; and

(b) the extent to which production in the small scale sector will be increased thereby?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): (a) and (b). According to the proposal drawn up by the Task Force on Small Scale Industries about 8,600 new small scale industrial units are envisaged for Rajasthan during the Fifth Five Year Plan period. District-wise details of these units as well as the likely increase in the production thereby are yet to be worked out.

Foreign Exchange Allocation for Small Scale Units in Rajasthan

7531. SHRI NAWAL KISHORE SHARMA: Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state the ratio of the foreign exchange granted for small scale industrial units in Rajasthan during 1972-73?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI ZIAUR RAHMAN ANSARI): During 1972-73 (from April to December, 1972) small scale industries in the country imported raw materials, components and spares worth Rs. 5230 lakhs. Of this, the share of Rajasthan was Rs. 98 lakhs.

Burials of I.N.A. martyrs

7532. SHRI SAMAR GUHA: Will the Minister of HOME AFFAIRS be pleased to state:

(a) whether Government are collecting facts about the burials of the

I.N.A. martyrs who embraced martyrdom in thousands in Manipur, Eastern Assam and Nagaland;

(b) whether the Hindus, the Muslims the Sikhs and Christian Comrades of Netaji's I.N.A. sacrificed their lives, hand in hand, in the historic battle of liberation for their motherland; and

(c) if so, the time by which collection of facts about their burials will be completed?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): (a) to (c). With reference to Unstarred Question No. 3345 answered in this House on 14th March, 1973, an enquiry was made from the Government of Manipur about the existence of graves of I.N.A. freedom fighters around Imphal and other areas of Manipur. The State Government have since reported that, according to the information available from the local I.N.A. Martyrs Memorial Committee, bodies of personnel of the I.N.A. were cremated or buried by the surviving members at various places, but no particular area can be taken as graveyard or cremation ground as no identification marks were left at these places. In view of this no further enquiries are being made in the matter.

Utilisation of Idle Capacity in Industrial concerns in West Bengal

7533. SHRI SAMAR GUHA: Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether capacity is remaining idle in many industrial concerns in West Bengal;

(b) if so, the names of such concerns;

(c) whether by utilising the new 'Joint Sector' policy adopted by Government, efforts are proposed to be

made to utilise idle capacities of these industrial concerns; and

(d) if so, the steps taken or proposed by the Government in this direction?

THE MINISTER OF INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) According to available statistics some idle capacity exists in about 160 units (mostly engineering units) in West Bengal.

(b) A statement is laid on the Table of the House. [Placed in Library. See No. LT-4835/73]

(c) and (d). The recent policy regarding joint sector projects as given in the Press Note dated 2-2-1973 does not envisage Government participation in private industrial undertakings having idle capacities. Various factors leading to under utilisation of capacity include lack of demand, power shortage, shortage of raw material inputs, unsatisfactory labour-management relations as also internal factors such as managerial deficiencies, financial problems etc. These various factors are constantly under investigation and review by Government. Steps are also taken from time to time to improve raw material availabilities. Liberalisation measures for fuller utilisation of existing capacities have been announced in respect of 65 Industries.

Issue of Licences outside West Bengal for Goods manufactured in West Bengal

7534. SHRI SAMAR GUHA: Will the Minister of INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY be pleased to state:

(a) whether new licences to industrial concerns outside West Bengal have been issued for the production of industrial goods for which capacities of many West Bengal industrial concerns are lying idle; and

(b) if so, the names of such industrial concerns to which new licences have been issued and their State-wise break-up?

THE MINISTER OF INDUSTRIAL DEVELOPMENT, SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): (a) and (b). It is understood that there is some idle capacity in West Bengal in respect of industrial such as electric motors, commercial vehicles, road rollers, railway leaf springs, industrial machinery and auto ancillaries. The various factors leading to such idle capacity include lack of demand, transport problems, raw material shortages, unsatisfactory labour-management relationship and internal deficiencies—such as financial management problems. The existing capacities in various industries are always taken into account when licensing new capacities.

Economic growth at national and regional level

7535. SHRI M. M. JOSEPH: Will the Minister of PLANNING be pleased to state the outlines of the new measures proposed to be taken by Government to attain sustained economic growth both at national and regional level?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): The document on Approach to the Fifth Plan, which has already been laid on the Table of the House, outlines the strategy for removing poverty and attaining sustained economic growth. The Main ingredients of the strategy consist of

(i) a rate of growth of 5.5 per cent in gross domestic product;

(ii) expansion of productive employment opportunities parti-

cularly to raise the incomes and the consumption standard of the bottom 30 per cent of the population;

- (iii) accelerated growth in the output of agriculture, and basic industries and industries reducing goods for mass consumption;
- (iv) adequate public procurement and distribution system for assured supply of essential consumption goods and articles particularly to poorer sections at reasonable prices;
- (v) a National Programme of minimum needs covering primary education, medical care, nutrition, drinking water, housing etc. which *inter-alia* will maximise efficiency and productivity;
- (vi) vigorous import substitution and export promotion;
- (vii) an equitable prices-wages-incomes balance;
- (viii) strengthening of machinery for project preparation, evaluation and implementation;
- (ix) professionalisation of administration and management;
- (x) selective and integrated development of backward areas;
- (xi) adoption of multi-level planning and strengthening of planning machinery in States for the formulation and implementation of integrated area development programmes; and
- (xii) involvement of the people in the process of planning at various levels.

Presently the contents of programmes and policies for implementing this strategy are being worked out.

12.00 hrs.

**CALLING ATTENTION TO MATTER
OF URGENT PUBLIC IMPORTANCE**

**FAILURE OF GOVERNMENT IN PROPERLY
DISTRIBUTING YARN**

MR. SPEAKER: Mr. Jagannathrao Joshi....

SHRI P. G. MAVALANKAR (Ahmedabad): Sir, I have a point of order to raise and I seek your guidance and protection.

On this problem of yarn control and distribution, I had tried to raise the matter on the floor of the House on the 4th April, but you were pleased not to allow me. Two days later, the same matter was allowed to be raised by another member, and I drew your attention at that time to this and asked how the member was allowed to raise this last week, on April 10, I showed you and this honourable House over 125 telegrams received on the problem faced by the powerlooms in Gujarat and you told me that I should send a proper notice. I did it the same day, the same afternoon, i.e., on 10th I am given to understand that the Minister was willing to reply to the Short Notice Question, which I had tabled, yesterday, i.e. on the 17th but my Short Notice Question never came up. But, meanwhile, the call attention has been admitted. So far, I had no knowledge of this call attention having been admitted because I was hoping, naturally, that my Short Notice Question would be permitted because the Minister had agreed to reply. Now I find that I am getting the worst of both the worlds.

MR. SPEAKER: The Short Notice Question is in the hands of the Minister and not of the Speaker. He has to answer it. I shall enquire into it as to why, if your question was agreed to be replied to by him, did it not come up yesterday.

So far as this is concerned we found that the background of this call at-

tention was different from the previous request by members. I particularly examined it.

SHRI P. G. MAVALANKAR: With all respect, may I say that I had raised the matter not only with regard to Gujarat alone but had broad-based it by covering the entire country. I wrote to the Commerce Minister on the 10th forwarding all the 125 telegrams, and I also sent a copy of my letter to the Commerce Minister to the Prime Minister and requested that Government should intervene. My Short Notice Question has not been answered by the Minister—I have not been invited to raise it....

MR. SPEAKER: I shall let you know what happened.

SHRI P. G. MAVALANKAR: Now I cannot participate in this call attention. I have so much of information on this.

MR. SPEAKER: Your name may not have been there.

SHRI P. G. MAVALANKAR: What is my fault in that?

MR. SPEAKER: I shall let you know what happened.

Mr. Jagannathrao Joshi.

SHRI PILOO MODY (Godhra): Sir, I think, the Lok Sabha slipped up on having 'Obituary References' in the morning....

MR. SPEAKER: We did not know about anything.

SHRI PILOO MODY: The Socialist Forum has been closed down.

MR. SPEAKER: That must have been a very happy news for you.

Mr. Jagannathrao Joshi.

श्री जगन्नाथ राव बोशी (शाजापुर) :
उपाध्याय महोदय, मैं अविलम्बनीय लोक
महत्व के निम्नलिखित विषय की ओर वाणिज्य
मंत्री का ध्यान दिलाता हूँ और प्रार्थना करता
हूँ कि वह इस बारे में एक वक्तव्य दें :—

“सूत के समुचित वितरण में सरकार
की असफलता के कारण हथकरघा
बुनकरों और सूत के वास्तविक उप-
भोक्ताओं की कथित दयनीय दशा ।”

THE DEPUTY MINISTER IN THE
MINISTRY OF COMMERCE (SHRI
A. C. GEORGE): Mr. Speaker, Sir,
On 9th March, 1973, Commerce Minis-
ter announced statutory control on
pricing and distribution of yarn as
the power cuts in the yarn producing
States and the price spiral which hit
the yarn availability in February, 1973
indicated a further shortage in the
ensuing months. Formal orders dec-
laring the controlled prices and dis-
tribution channels were issued by the
Textile Commissioner on the 13th
March, 1973. After taking account of
the availability of yarn for the decen-
tralised sector, the Textile Commis-
sioner made *ad hoc* allocations to the
various State Governments on 19th
March 1973; these allocations covered
the latter half of the month of March.
The State Governments were called
upon by Commerce Minister to set up
distribution agencies within their
States who were to be responsible for
liaison with the mills from which al-
lotments had been made to the State
Governments, for lifting the yarn
from the mills and arranging distri-
bution to the decentralised sector.
Commerce Minister further requested
the State Governments that in case
Central Government's assistance was
needed, Cotton Corporation of India
would be directed to act as their sole
selling agent. The State Governments
were also called upon by the Textile
Commissioner to intimate their coun-
tywise requirements of the cotton yarn.
At the same time, the mills were also

directed to send their countywise pro-
duction of free yarn so that allotments
based on the actual requirements of
the States could be made from April
1973 itself. It was feared that a size-
able quantity of yarn might have
been cornered by traders which would
further accentuate scarcity conditions
in the decentralised sector; the Tex-
tile Commissioner, therefore, delegated
the powers of eliciting information
from traders regarding stocks of yarn
and the powers of the search and sei-
zure under the Cotton Textile (Con-
trol) Order, 1948 to the Deputy Com-
missioners and Collectors in all the
States and Union Territories. The
Commerce Minister personally inti-
mated all the Chief Ministers, Gover-
nors and Chief Commissioners of the
various States and Union Territories
about the action taken by the Central
Government and soliciting State Gov-
ernments' co-operation in reaching the
cotton yarn to the decentralised sec-
tor. The State Governments have
also been informed that they would
be permitted to utilise such quantities
of hoarded yarn as are recovered by
them, in addition to the quotas al-
lotted by the Textile Commissioner.
Besides, where State Governments
have given additional power to spin-
ning mills, they will be permitted to
appropriate the additional production
of yarn for their own States.

Ad-hoc allocations for the second
half of March 1973 have not, unfor-
tunately, reached the powerloom and
handloom weavers. Most States have
not taken physical delivery of the
yarn which has been allotted to them
and, therefore, have not been able to
arrange for its distribution to hand-
loom and powerlooms. When alloca-
tions issued on 19th March, the State
Governments were asked to intimate
by 15th April the quantities lifted,
the quantities not lifted and the rea-
sons therefor. Till today no State
Government has furnished this infor-
mation to the Textile Commissioner.
In many cases there was a communi-
cation-gap between the distribution

agencies of the State Governments and the mills from whom allotment had been made in favour of such agencies. This has caused accumulation in the mills who are consequentially facing financial difficulties. In some cases a stage of near stalments had arisen on the point of mode of payment for the yarn to be lifted from the mills. A large number of State Governments had so much inflated their requirements on the basis of handloom and powerlooms, that the average monthly requirement of free yarn worked out to 112 million kilograms as against the highest figure so far of 34 million kilograms per month of free yarn consumed by decentralised sector in 1972. The Textile Commissioner had to make allotments for the month of April 1973, again on *ad hoc* basis on 17th April, 1973, because all the State Governments have not so far intimated their countwise requirements to him.

To remove all these bottlenecks and to establish a dialogue between the State Governments, textile industry and the trade, a Review Committee Meeting was held on the 11th April 1973, at Bombay, which was attended by officers of the Government of India and State Governments, representatives of the Industry in the spinning sector, powerloom sector and handloom sector. Besides, the concerned senior officers of almost all the State Governments were specially invited to participate in the deliberations of the Committee. One of the major decisions of this meeting was to appoint a High Level Implementation Committee in each State under the Chairmanship of the Secretary, Industries Department of the State Government so that the State nominees and the mills should get together and activate the lifting and distribution of yarn. Even before the meeting of the Review Committee, special officers of the Central Government had been sent to some State to size up the problem and discuss the difficulties being experienced by State Government. All

the other bottlenecks, of which a mention had been made earlier, would be removed by the decisions taken in the Review Committee Meeting. On 14th April 1973, Commerce Secretary has drawn the attention of Chief Secretaries of all States and Union Territories towards expeditious implementation of these decisions. In the initial stages some difficulties have been felt, but once the State Governments provide the essential feed-back to the Textile Commissioner and activate their distribution agencies, the problems would gradually disappear.

श्री जगन्नाथ राव जोशी : अध्यक्ष महोदय यह क्या दुर्भाग्य है कुछ समय में नहीं आता कि जैसे सरकार किसी चीज को हाथ में लेती है तो चीज गायब हो जाती है और अव्यवस्था पैदा होती है। राजा मिडास के बारे में ऐसा कहा जाता था कि What he touched, it turned into gold.

किन्तु इस कांग्रेस सरकार के बारे में बड़े दुख के साथ कहना पड़ता है कि जिस को यह हाथ लगाती है वह चीज एकदम गायब हो जाती है।

9 मार्च को सूत का व्यापार और सूत का स्टॉक हाथ में लेने की घोषणा की गई थी और एकदम सब गड़बड़ी, सब अव्यवस्था पैदा हो गई। वास्तव में डीसेंट्रलाइज्ड सेक्टर के नाते जिस का उल्लेख आप ने अभी किया वह कई लाख की तादाद में है। लगभग 30 लाख तो हथकरघे के अंदर हैं और 7-8 लाख पावर लूम के अंदर हैं। यह बहुत अच्छी चीज है कि इस विकेंद्रित सेक्टर की सरकार बढावा देती चली जा रही है। पिछले साल भर के अंदर तिगुनी इन की पैदावार हुई है। हम इस का स्वागत जरूर करते हैं। किन्तु साथ साथ हम यह चाहते हैं कि इन की और उचित ध्यान दिया जाये क्योंकि यह जो लम्बा वक्तव्य मंत्री महोदय ने दिया है उस में यह स्पष्ट उन्होंने स्वीकार किया है कि :

"The *ad hoc* allocations for the second half of

unfortunately not reached the power-loom and handloom weavers."

यानी आपने खुद स्वीकार किया कि मार्च का कोटा अप्रैल तक भी नहीं पहुंचा। क्यों नहीं पहुंचा। सरकार जितनी दक्षता से काम करती है इस का स्वयं यह एक उदाहरण है। मंत्री महोदय ने स्वीकार किया है कि जिन जिन सरकारों को काउन्टवाइज अपनी आवश्यकता बताने के लिए लिखा गया था

"Till today no State Government has furnished this information to the Textile Commissioner."

यानी 9 मार्च को इस को आप ने अपने हाथ में लिया और आज अप्रैल आधे से ज्यादा बीत गया एक महीना हो गया आप की स्टेट गवर्नमेंट्स इतना बढ़िया काम करती हैं कि उन की आवश्यकता क्या है यह नहीं बता सकी जब कि हजारों लाखों मजदूर बेकार हो गए। आप ने अखबारों में पढ़ा होगा कि नागपुर और दूसरी जगहों में ट्रकाने लूटने की भी खबरें आई हैं क्यों कि जैसे ही सरकार ने अनाज का व्यापार हाथ में लिया अनाज गायब हो गया..

(व्यवधान)...तो सवाल यह है कि जब काम नहीं है लोग बेकार हैं उन को जो चीज चाहिए वह मिलती नहीं है तो मेरा यह कहना है कि कोई भी चीज करने के पहले उस का जो पूरा विचार होना चाहिए वह होता नहीं है। यह सब से बड़ी भारी बीमारी है। क्यों कि आप इस बात को स्वीकार करते हैं कि वह सब आप के हाथ में लेने के बाद,

"Officers have been sent to site up the problem".

यह हाथ में लेने के बाद मार्च का कोटा गया ही नहीं है। स्टेट्स ने अपनी आवश्यकता भेजी नहीं। बनकर सब बेकार हो गए। इतना ही नहीं इस अव्यवस्था के कारण स्टॉक्स मिल में ही पड़े हुए हैं। कई मिलों ने तो अपने गोडाउन्स में जो कपास रखा हुआ था उस को हटा कर सूत रखा है। यानी उन का स्टॉक पड़ा हुआ है और बनकर बेकार है। स्टेट गवर्नमेंट कुछ करती नहीं है।

वास्तव में जो कमी हो गई थी वह सुपर फाइन यार्न में हुई थी जो 100 काउन्ट और 120 काउन्ट का होता है जिस की सामिलमाद को आवश्यकता थी पावर कट की बगल से थोड़ी कमी पैदा हुई थी। उस में मंहवाई भी बढ़ी थी यह भी मैं मान लेता हूँ। किन्तु सब थोड़े बरह टके, इस न्याय के अनुसार सारा ही सूत का धन्धा शासन ने अपने हाथ में क्यों लिया? यानी फाइन और सुपर फाइन के लिए जो 80 से ले कर 120 काउन्ट तक होता है, उस की कमी थी, किन्तु आप ने सब ले लिया। अब ले तो लिया, किन्तु यह जो ऐडहाक बेसिस पर एलाटमेंट किया गया यह एलाटमेंट भी ठीक नहीं है। यह आप के बगल का जो उत्तर प्रदेश है उस की जो आवश्यकता थी उस का 25 प्रतिशत उन को मिला है। यानी 1 करोड़ 80 लाख किलोग्राम की आवश्यकता हो और सिर्फ 50-60 किलोग्राम की आवश्यकता पूरी हो ती क्या होगा? मतलब यह कि कितने लोग उससे बेकार हो गए यह बात समझ में आ जाती है। गुजरात का यह पत्र मेरे पास पड़ा हुआ है, उन को पावरलूम के लिए 324 किलोग्राम की जरूरत है और दिया गया 25 किलोग्राम तो लह लूमस कैसे चलेंगे? इतना ही नहीं, उन को कोटा उठाने के लिए जो मिलें दी गई हैं उन में से एक मिल तो पश्चिम बंगाल में है और उन्होंने जिन मिलों को पत्र लिखे उन में से एक छोड़ कर किसी ने जवाब ही नहीं दिया। वास्तव में जिन की जगह से उपलब्ध होता था वहां से देने के बजाय दूसरी जगह से देने के लिए कह दिया। जैसे दिल्ली के लिए मैसूर में आए, कोयंबटूर से आए या आन्ध्र वाले के लिए दिल्ली के लिए आन्ध्र से जाय यह जो सारी अव्यवस्था हो गई मंह क्यों हुई? पहले तो उन को वहां से उपलब्ध हो जाता था जैसे गुजरात में उन को वहां से उपलब्ध होता था, अब उनसे कहा गया कि पश्चिमी बंगाल से लीजिए यह आप के हाथ में क्यों किया यह कुछ समझ में नहीं आता है।

[श्री जगन्नाथ राव जोशी]

महाराष्ट्र में जहां मालेगांव है, भिवंडी है, जैसे बड़े पावर लूम के केन्द्र हैं उन को टेक्सटाइल कमिश्नर ने बताया कि आप को 38 किलोग्राम मिलेगा। गुजरात में बता दिया कि आप को 25 किलोग्राम मिलेगा और उत्तर प्रदेश में तो उन की आवश्यकता जितनी है उस का एक चौथाई मिलेगा। इसी दिल्ली में पचास हजार बुनकर बेकार हैं। यानी कम से कम दिल्ली में तो मिलों में सूत है, बुनकर काम करना चाहते हैं तो यहां यह दिक्कत क्यों है? यह जो अव्यवस्था पैदा हो गई यह क्यों हुई।

मैं यह कहना चाहता हूं कि यह जो उद्योग या कारीगरी है, सरकार के एक ऐसे गलत निर्णय की वजह से जब उद्योग ठप्प हो जाता है और कारीगर एक बार जब उद्योग छोड़ कर दूसरी जगह चला जाता है तो देश की सब से बड़ी हानि होती है। फिर आप को कारीगर उपलब्ध नहीं होते हैं। इसलिए जो उद्योग है वह चलता रहे इस बात को देखने को जरूरत है।

महत्व की बात यह है कि सब को उस की आवश्यकता के अनुसार सूत मिलना चाहिए। ये जो आंकड़े हैं, 1971 की अपेक्षा 1972 में इस की पैदावार ज्यादा हुई है 972.10 लाख किलोग्राम जबकि 1971 में 191 लाख किलोग्राम कम हुई थी। यानी आवश्यकता से ज्यादा पिछले साल इसका उत्पादन हुआ है। जनवरी में तो 80 मिलियन किलोग्राम हुआ था और फरवरी में थोड़ा कम हुआ है 67 मिलियन किलोग्राम। किन्तु वह फाइन और सुपर फाइन की कमी थी जिस की वजह से 1 काउन्ट से लेकर 120 काउन्ट तक सब आपने अपने हाथ में ले लिया।

मैं सरकार से मांग करना चाहता हूं कि ये सारे जितने बेकार हुए हैं इनको सरकार सूत दे। इसमें काटन कारपोरेशन करेगा की बात कही गई है। वितरण की व्यवस्था काटन कारपोरेशन करेगा यह कहा गया है। इन्हीं दिनों में बाजार में काटन आएगा। उन को काटन खरीदना है और काटन खरीदते यह सूत का भी विवरण कैसे करेंगे? एक दिया हुआ काम तो ठीक कर नहीं पाते हैं तो दूसरा कैसे करेंगे? मैं बड़े बड़े जो हैं उन की बात नहीं करता, बड़े बड़ों के पक्ष में हम नहीं हैं, एग्जिस्टिंग जो छोटे पैनेल्स हैं उन के हक में हम हैं। उस में जो दिक्कत है वह यह है कि छोटे छोटे जो बुनकर हैं जिन को मास्टर बीवर सूत देता था, वह मास्टर बीवर आज बीच से चले गए। तो या तो कोई बढ़िया कोआपरेटिव सोसाइटी खड़ी हो जिसके जरिए से ठीक ढंग से उचित स्थान पर और उन की आवश्यकता के मुताबिक ये चीजें उन को जल्दी से जल्दी उपलब्ध हों, इस की ओर सरकार को ध्यान देना चाहिए। एक इस का ठीक ढंग से वितरण होना चाहिए। यह कह देना कि अभी तक सरकारों ने हमें कोटा नहीं बताया, यह नहीं चलेगा। यू विल हैव टु स्पेसिफाई सर्टेन टाइम लिमिट। काउन्ट वाइज उन की आवश्यकता क्या है यह आप के पास उन्हें पहले ही भेजना चाहिए। दूसरे, इस के डिस्ट्रीब्यूशन की मशीनरी सिर्फ काटन कारपोरेशन के ऊपर न छोड़ कर आप को अलग रूप से इसकी व्यवस्था करने के बारे में सोचना चाहिए। पहले तो आप यह तय कीजिए कि परमानेंट बेसिस पर करना चाहते हैं या केवल आज भी जो कमी आ गई है शार्टेंज है उस को मीट करना चाहते हैं? परमानेंट बेसिस पर करना चाहते हैं तो मशीनरी परमानेंट बेसिस पर खड़ी करनी होगी। कल को काटन कारपोरेशन के गले बांध दें,

या किसी और के गले बांध दे, इस से काम नहीं चलेगा। इसलिए यदि आप ने यह तय किया हुआ है कि परमानेंट लेना है तो एक अलग मशीनरी इस के लिए खड़ी कीजिए। और जो आप ने एक रिव्यू कमेटी, इम्प्लीमेंटेशन कमेटी बनाई, उस में कौन कौन व्यक्ति हैं? सरकार का इंडस्ट्रियल आफिसर तो जरूर होगा। किन्तु जिस क्षेत्र में सारे बड़े बड़े उद्योग हैं वहां के चुने हुए प्रतिनिधि एम० एल० ए० और एम० पी० जो हैं उन्हें भी उस के साथ रखें तो इम्प्लीमेंटेशन में ज्यादा सुविधा होगी। तो उन को इस के साथ जोड़ा जाएगा या नहीं यह भी बता दीजिए और यह अच्छे ढंग से और सही वितरण की व्यवस्था हो जिस से लाखों लाख बुनकर जो बेकार हैं उन को काम मिले, उन को रोज़ी रोटी मिले, यही मेरी मांग है।

SHRI A. C. GEORGE: I fully share the deep sentiments expressed by the hon. Member about the grievances of the handloom weavers and the people who are in the decentralised sector. The origin of the problem—as was explained in this august House on 9th March—is that the yarn producing States were subjected to severe power cut. In Tamilnadu which produces more than 30 per cent of the yarn, the mills there were subjected to 75 per cent of power-cut. Naturally, there was scarcity. To grapple with this problem it was decided we would evolve a system of distributing this yarn pro-rata. As the hon. Member pointed out, there are more than 27 lakh handloom weavers and 1.7 lakhs authorised powerlooms. Since the availability was less than the requirements, we evolved a system of dividing it pro-rata. When an operation of this magnitude is being taken up, naturally the Government of India can only depend on the machinery of the State Governments.

The alternatives before the Government of India were either to allow the scarcity conditions to continue as they were and the hoarding to continue or attempt to evolve a system whereby an equitable distribution would be made. It was with this purpose in view that on 9th March an announcement was made about the complete take-over of yarn and its distribution through the States.

It has been worked out by the task force that a handloom weaver on an average per day will produce 5 metres of cloth and his requirements will be .5 kg. per day. The moment we decided about this complete procurement of the yarn, we informed the Chief Ministers and the State Governments to gear up their machinery to see that allocations are made in proper form. In this vast country, where there are 27 lakh weavers who are engaged in different types of weaving, naturally. We have to rely on the State Governments. Repeatedly we have asked the State governments to take necessary measures. I may point out in this context that the allocation to State Governments for the second half of March was made on 19th March. Unfortunately, many of the States have not lifted the stocks. When the situation became grave, we called a meeting of the senior representatives of the State Governments on 11th April so that the whole system could be streamlined. In this context, even as early as 9th March when the announcement was made by my senior colleague, the Commerce Minister, of the State Governments were told that if they had got any difficulty to gear up the machinery for distribution the Cotton Corporation of India's machinery would be available. So far no State government has asked for this help. Naturally, we thought they were prepared. In this particular context I am not blaming any particular State Government.

[A. C. G. George]

One can easily imagine the magnitude and complexity of the problem that came up. The State Governments are trying to do their level best to tune up their machinery. It is basically a question of the administrative machinery being ready to take this up. In the case of such a problem, there are bound to be some teething troubles, and a period of gestation has to be allowed. Now, we are quite confident that though may not be able to meet the full requirements of the weavers, an equitable distribution can be made.

SHRI JAGANNATHRAO JOSHI: Why were they not asked to lift the quota from the mills which were nearer? Why should the Gujarat people be asked to lift from Bengal?

श्री नरसिंह नारायण पांडेय (गोरखपुर): स्पीकर सहाब, मैंने पहले भी इस प्रश्न को सदन के सामने रखा था। कांग्रेस पार्लियामेंट पार्टी भी इस को उठाया था और उस की एक्जीक्यूटिव कमेटी ने इस एक्ज्यूट प्राबलम को सोल्व करने के लिये एक कमेटी भी बनाई उस कमेटी की रिपोर्ट प्रधान मंत्री जी के समक्ष पेश की गई थी। जो मेरी ही अध्यक्षता में बनी थी। उस कमेटी में 17 रिकमेन्डेशन दी थीं। माननीय मंत्री जी तथा श्री एल० एन० मिश्रा जी, जो इस विभाग के भूतपूर्व मंत्री थे, स्वयं उस कमेटी की मीटिंग में मौजूद थे। उत्तर प्रदेश और पंजाब के मुख्य मंत्रीगण भी वहां पर मौजूद थे और उन्होंने उस कमेटी के सामने अपने विचार प्रकट किए थे। महाराष्ट्र, मैसूर तथा अन्य राज्य सरकारों के प्रतिनिधि तथा मेम्बरज पार्लियामेंट ने भी अपनी रायें प्रकट की थीं।

एक बड़ी अजीबो-गरीब बात है—इस देश का सब से बड़ा उद्योग धन्धा काटेज-इण्डस्ट्री है, अंग्रेजों के समय में, बल्कि उसके पहले भी जो मोटा कपड़ा था, वह

गरीब वर्ग इस्तेमाल करता था और बारीक कपड़ा एक्सपोर्ट किया जाता था। हम ने अहद लिया था कि जब हम गवर्नमेंट में आयेंगे, सब से पहला काम हम काटेज इण्डस्ट्रीज को डवलप करने का करेंगे। इतना ही नहीं, बल्कि उस के लिए 1964 में एक कमेटी भी बनी थी, उस की रिकमेन्डेशन भी आप के सामने हैं। पिछले दिनों माननीय मंत्री जी ने एक बहुत अच्छा ब्यान दिया था और सारे सदन में उस ब्यान को स्वीकार किया था—कि सरकार ने यार्न को टेक-ओवर कर लिया है। लेकिन आज, श्रीमान्, डिस्ट्रीब्यूशन की क्या हालत है? एक तरफ हम समाजवादी कदम उठाते जा रहे हैं और कहते हैं कि हम जनता की सारी जरूरत की चीजों को मुहिया करना चाहते हैं, लेकिन दूसरी तरफ 35 हजार वीवर्स भूखे मर रहे हैं, उन को सूत नहीं मिल रहा है।

सूत का डिस्ट्रीब्यूशन राज्य सरकारें कर रही हैं—लेकिन किस तरह से कर रही हैं? इन्कमटेक्स के बेसिज पर—जो सब से ज्यादा इन्कम टेक्स देता है उस को दुकाने दी जा रही हैं। मैं उत्तर प्रदेश की बात करना चाहता हूं। मैंने वहां के मुख्य मंत्री, उद्योग मंत्री और वहां के डायरेक्टर हैण्डलूम से कहा कि यह कौन सा तरीका है? अगर बिरला की तोंद को ही भरना है, अगर इस बात को मानकर चलना है कि वे उद्योगपति हैं, इस लिए उन को ज्यादा प्राफिट मिलना चाहिए तो आज जो हम गरीबों की बातें करते हैं, उस के उत्थान की बात करते हैं—यह नहीं चल सकेगा। सारी हैण्डलूम इण्डस्ट्री बन्द है, सारी पावर-लूम इण्डस्ट्री बन्द है, बिजली की कटौती अलग है—यह स्थिति पैदा हो गई है कि उसके पास खाने को भी नहीं बचा है। नेशनलाइज्ड बैंक से उसको पैसा नहीं मिलता है,

सारे बड़े लोग दुकानदार बन गये हैं। इन लोगों की कोआपरेटिव नहीं बनाई जा रही है, मैं चाहता हूँ कि इन की सर्विस कोआपरेटिव बना कर दुकानें दीजिये। मैं आप से पूछता हूँ — क्या गोरखपुर से 25 मील दूर गांव में रहने वाला गरीब बुनकर सूत लेने के लिये गोरखपुर आयेगा—श्रीमन्, इसकी व्यवस्था नहीं की जा रही है।

हमारे यहां रजतपमन्द ताकतें, वे ताकतें जो आज देश में समाजवाद को मजबूत नहीं देखना चाहती हैं — वे खड़ी हो रही हैं। मुझे अफसोस होता है—जोशी जी कहते हैं कि आप ने सूत के व्यापार को टेक ओवर कर लिया है। मैं जोशी जी को बताना चाहता हूँ—टेक ओवर अवश्य करना चाहिए, मिलों का राष्ट्रीकरण करना चाहिए। मैं सरकार से पूछना चाहता हूँ 373 स्पिनिंग मिलें हैं, जिन में 273 कम्पोजिट मिलें हैं, जिन का काम पतले सूत को तैयार करना है। हम को 60 नम्बर का सूत चाहिये, हमारे यहां 30 करोड़ रुपये का माल पड़ा हुआ है, उस को एक्सपोर्ट करने की सुविधा चाहिए—गवर्नमेंट इस सिलसिले में क्या कर रही है?

आप कहते हैं कि 110 नम्बर के सूत का भाव बढ़ रहा है, मेरे पास फिगरस मौजूद हैं—1970 में जिस सूत का भाव 162 रुपये था, वह दिसम्बर, 1972 में बढ़ कर 205 रुपये हो गया है और इस समय तो और ज्यादा बढ़ गया है। तो एक बहुत बड़ी विषम स्थिति है, मैं मंत्री जी का ध्यान इसकी ओर आकर्षित करना चाहता हूँ। जब तक आप राष्ट्रीकरण नहीं करते, प्रोडक्शन पर कब्जा नहीं करते, डिस्ट्रीब्यूशन पर कब्जा नहीं करते तब तक और कोई विकल्प नहीं है जिस से सही

तरीके से हैण्डलूम वीवर्स की हालत को दुस्त कर सकें। मैं चाहता हूँ कि मंत्री जी इस का जबाब दें।

SHRI A. C. GEORGE: I wish to make a categorical reassertion that the basic decision that we have taken about the procurement of hundred per cent yarn is correct. That is the best that is possible, especially to the weaker sectors.

I would like to point out one thing which I probably slipped in my reply earlier to Joshiji. In the meeting that was held on the 11th April, it has been decided that the *ad hoc* allocation of April and the cross-country movement of yarn will be eliminated to the maximum extent possible and that the entire production of the State will be given to the State itself. This is bound to bear some fruit, and this particular re-dislocation in the allocation system will be solved quite soon.

I may also point out that we have addressed the State Government. It is quite possible that there is some hoarded yarn. An inducement was offered to the State Government further, and the Deputy Commissioners and Collectors in the States were given power to seize the hoarded stocks and the State Government was able to seize the hoarded stock with persons in the State which was over and above their normal quota. That was a further inducement in two ways: first, to unearth the hoarded stocks and second, the quota available with the State Government may be further bolstered up.

It has also been indicated to the State Government that if by any chance they are able to provide more power to the spinning sector, this particular additional production will be available for the State Government over and above the quota that is already fixed. These measures have been taken so that the State

[Shri A. C. George]

Government will be further induced to tackle this problem in an alert and prompt manner.

In reply to Mr. Pandey, I may say that the basic intention of the whole decision is to see that the weaker sector is benefited. If there are some instances to show that these licences were issued on the basis of income-tax, we will not fail to see that this malady is rectified. It has been specifically requested of the State Governments that they must form local committees where the trade unions, MPs and MLAs must be represented, and not the officials alone, so that all the people may be heard and the problems in the field can be tackled.

SHRI NARSINGH NARAIN PANDEY: I asked one question, why the co-operative weavers' society is not being formed and why those persons who have been paying higher income-tax are being given these things. What is the policy of the Government?

SHRI A. C. GEORGE: Since the specific point has been referred to in this House, we will definitely address the State Governments to look into this matter and see that necessary preventive measures are taken.

SHRI P. M. MEHTA (Bhavnagar): Mr. Speaker, Sir, the statement made by the hon. Minister will give a shock to lakhs of handloom weavers and powerloom weavers. They are waiting anxiously and eagerly to get yarn and start and work the mills. There is nothing in his statement which gives any assurance or any ray of hope as to when they will get the required quantity of yarn to earn their livelihood.

This Government's scheme regarding the price and distribution of yarn is a very big fraud on lakhs of handloom and powerloom weavers in this country. It is a direct result of the unthinking and hand-to-mouth policy of this Government.

The Deputy Minister is totally wrong in saying that this question has arisen suddenly. It is not so. The situation has not arisen overnight or all of a sudden. Practically the whole of South India experienced power shortage in November, 1972, and since then this question was coming up. Production was declining, but this Government has failed to look into the problem in depth. What has happened?

The mills of Rajasthan, Madhya Pradesh, Maharashtra and Gujarat also suffered loss of yarn production of the order of 20 per cent because of power shortage. Because of power shortage, cloth production also declined correspondingly. There was no acute shortage and so no shooting up of the price of coarse yarn. But the Government imposed controls on all sorts of yarn including coarse yarn; it was neither required nor essential.

While working out the details of the scheme the handloom weavers and the powerloom weavers and all the State Directors of Industries were not taken into confidence. The details were worked out behind closed doors with mill magnates and mill representatives, but the actual users or the representatives of the State Directors were not taken into confidence while working out the details. They are now facing difficulty and they are trying to co-ordinate with the State Government representatives and representatives of the handloom and powerloom weavers. I shall give a concrete example of deficiency or failure of this scheme. The Textile Commissioner had allotted 1,32,000 kg. of yarn in banks to the Government of Gujarat for 34,000 handlooms. According to this allotment, one handloom will get only 14 kgs of yarn per month while the requirement of one handloom is 35 kg. The present allotment will hardly feed the handloom for three or four days. The handloom weavers will remain idle for the remaining 26 or 27 days of the month.

Similarly, very small quantities of yarn are allotted to Gujarat power looms. They have allotted 25 kg per loom against the requirement of 325 kg of yarn per loom. Moreover the allotment is made in such a manner that it has become difficult, almost impossible, for power looms to lift the allotted yarn. Out of 12 mills allotted to them, only one mill has responded.

The Gujarat powerloom Association has brought this matter to the notice of the hon. Chief Minister of Gujarat and I have also written to the hon. Minister of Commerce, Prof. D. P. Chattopadhyaya, and to the Chief Minister of Gujarat on the 5th of April regarding coarse yarn. I have mentioned that 50,000 workers have already been thrown out of employment and a further 50,000 workers will lose their jobs in the future, but nothing has been done so far.

In Gujarat there is public infighting of the ruling party and it seems to have made the administration slack, sluggish and unresponsive. This is the situation not only in the State of Gujarat; more or less it remains in the whole of the country like that; there is this infighting in the ruling party, and consequently there is deterioration in economic conditions and administrative ability. If the Government really wants to solve the crisis, it should remove control on coarse yarn and medium count yarn with immediate effect. Government should allow the yarn spinning mills to produce yarn on the basis of production of the year 1972 in hanks and counts. I ask the hon. Minister through you, Sir, to give categorical answers to my questions: why have the Government not taken concrete steps to solve the crisis till today? What prevents the Government from removing the control on coarse yarn on cones and sized beams? Why do they not make use of accumulated coarse yarn lying in

the godowns of mills and give them to the handloom and powerloom weavers?

When will Government supply yarn to handloom and powerloom weavers according to their requirements? Why should not the Government pay the difference in lost wages to handloom and powerloom weavers retrospectively from the date of imposition of control on price and distribution, that is, from the 13th March, 1973? Why were the handlooms weavers or the powerloom weavers or the State Directorate of Industry not taken into confidence while working out the details of the scheme? Why were the details worked out in a closed door meeting by the officials with the representatives of the Mill management?

SHRI A. C. GEORGE: Sir, I may be allowed to answer his question. The most important question that the hon. Member posed is this. He asked: are we prepared to withdraw the control? There is absolutely no question of removing the control. We want to produce 100 per cent of the requirements so that the weaker sections of the society may be benefited. Regarding coarse yarn, I may inform the hon. Member that the announcement made on 9th March is clear. But, if there is anomaly or discrepancy, we shall try to see that the machinery is geared up to rectify it as early as possible. So, there is no question of our going back upon this decision. Then another point that was made by him was that we have not taken the State Government into confidence. In an earlier answer, I had definitely mentioned that even before the announcement was made on 9th March, the Commerce Minister convened a meeting of the Chief Ministers and the concerned Ministers as also the senior officials as early as on 26th February. That was a daylong session wherein the whole problem was discussed in detail. It

[Shri A. C. George]

was after taking into confidence the State Governments and Chief Ministers—in some cases, the Chief Ministers could not come but the senior ministers were there—and their senior officials this decision was arrived at. The whole programme was chalked out after detailed discussions with them. It was after this deliberation that the announcement was made on the 9th March. Later on also, we were keeping the State Governments informed of the steps that we were taking. So, this was clearly made known in my statement.

SHRI P. M. MEHTA: But, he is not answering my other part of the question. I seek your protection in the matter. He should give the information to the House and to the country as to why this scheme has failed. Why are they not supplying yarn to the handloom weavers and powerloom weavers who are now thrown out of employment?

SHRI A. C. GEORGE: Sir, the scheme has not failed as I explained earlier. There were some teething troubles. In a measure of such vast magnitude, some gestation period has to be allowed. We would try to expedite the process of rectifying the anomaly.

SHRI P. M. MEHTA: This is a disappointing answer.

MR. SPEAKER: Shri Jharkhande Rai.

श्री झारखंड राय (घोसी) : मान्यवर स्थिति अत्यन्त विस्फोटक है। देश में दो करोड़ लोगों की जीविका बुनकरी से चलती है। अकेले उत्तर प्रदेश में चालीस लाख और आंध्र में चालीस लाख लोगों की जीविका इसी पर निर्भर करती है, इसी से वे अपनी आजीविका का अर्जन करते हैं। पूरे मामले के दो अध्याय हैं, पहला 1970 जून से लेकर 9 मार्च 1973 तक जब सूत की महंगाई बढ़ती ही जा रही थी और बराबर

बढ़ती ही गई, दूसरा अध्याय उस समय प्रारम्भ हुआ जब 9 मार्च के बाद सरकारी घोषणा हो जाने पर पूरे हिन्दुस्तान में सूत करीब करीब गायब हो गया। पहले संघर्ष इस बात का था कि बाहर और भीतर सूत की महंगाई रोकी जाए। फिर अध्याय इस बात का शुरू हुआ कि सूत किसी भी दाम पर आज नहीं मिल रहा है और वह बाजार में मिलने लगे। मैं सीधे सवालों पर आता हूँ। क्या सरकार को इस बात की सूचना है कि टैक्सटाइल कमिशनर ने बम्बई से एक आदेश निकाला है केरल की मिलों को कि वे वहां के हैंडलूम और पावर लूम को बिल्कुल सूत न दें? क्या उन्हें इस बात की सूचना है कि आंध्र में भी चालीस लाख बुनकर इस समय मौत और भुखमरी के करार पर खड़े

क्या उनको सूचना है कि 17 और 18 तारीख को नागपुर और काम्पटी में तीन हजार बुनकर ने दो दिन तक पचास बड़ी बड़ी आड़तियों की ट्रकानों को घेरे रखा और वहां से माल निकाला? क्या यह भी सही है कि उस निकाले हुए माल के मामले को अधिकारीगण और पुलिस के लोग तथा बड़े बड़े पूंजीपति दफना देना चाहते हैं?

क्या यह सच है कि हमारे देश में हैंडलूम प्रोडक्ट्स का निर्यात जो पहले 25 करोड़ से बढ़ कर 29 करोड़ हो गया था वह पिछले दो सालों से लगातार घटता जा रहा है?

क्या आप कोशिश करेंगे कि अफ्रीका के देशों में, मध्य पूर्व के देशों में तथा यूरोप के देशों में हमारे हैंडलूम प्रोडक्ट्स की जो मांग बढ़ती जा रही है उस ओर विशेष ध्यान दिया जाए और उसके लिए विशेष प्रयास किया जाए?

बंगला देश में हमारे उत्तर प्रदेश से तथा उत्तर भारत से तथा देश के अन्य भागों

से बहुत बड़ी मात्रा में माल जाता था जो इधर बन्द हो गया है। क्या सरकार उनको बढ़ाने की कोशिश कर रही है ?

क्या आप आल इंडिया हैंडलूम बोर्ड को उस तरह को स्टेचुरी बाडी बनाने का विचार रखते हैं जैसे खादी एंड विल्लेज इंडस्ट्रीज कमीशन हैं या इन दोनों का एक में विलय करके एक ही संस्था इन दोनों की बनाने का विचार रखते हैं ?

उत्तर प्रदेश के पूर्वांचल में आजमगढ़ जिले में मऊ में जो जयपुरिया ने बहुत बड़ी सूत की फैक्ट्री खोली है उस मिल पर आप इस बात का जोर देने का विचार कर रहे हैं कि वहां तैयार होने वाला सूत उस क्षेत्र के बुनकरों को पहले देने का बाद जो बचे वही और जगह भेजा जाए। इस समय उल्टा हो रहा है। करीब कराव सारा सूत बाहर जा रहा है।

क्या यह सच है कि तमिलनाडु में सरकारी आदेशों का पालन बिल्कुल नहीं हो रहा है और स्टेलमेट पड़ा हुआ है। वहां पर भी सूत बिल्कुल नहीं मिल रहा है ?

सभी सूती मिलों का चाहे वे सूत की हों या वस्त्र की, उनका माहम करके आप राष्ट्रीयकरण करने का विचार कर रहे हैं और अगर नहीं कर रहे हैं तो मेरा आखिरी सवाल यह होगा कि सरकार की मौजूदा नीति मौत के सौदागर आदमखोर पूजीपतियों के आगे घुटने टेकने की कब तक चलती रहेगी ? क्या तब तक चलती रहेगी जब तक सैकड़ों और हजारों बुनकर नोजवान अपने कनवेंशनल हथियार ले कर निकल न पड़ें और सड़कों पर खून की होली खेलना शुरू न कर दें और सड़कों पर लाशों का अम्बार न लग जाए ?

THE MINISTER OF COMMERCE (PROF. D. P. CHATTOPADHYAYA): I would like to add only a few points to what my colleague has already stated. We are completely seized of the problem. Even before these issues were raised on the floor of the House, we on our own sent our officers to the different States where this problem has taken an acute form to study the situation. Secondly, we have called a meeting of the senior officers from the different States. You must appreciate that it is a very very large problem which has different aspects and ramifications and the implementation of the scheme depends to a great extent upon the expeditious administrative measures taken by the State Governments. For example, we have requested the State Governments to supply us their count-wise requirements. Unfortunately, we have not got the information. While, in some other cases, we have got complaints from the spinning mills that stocks are accumulating in their godowns, they are not being lifted. This is an anomalous situation. While we are fully aware that weavers are suffering because of lack of supply of yarns, at the same time, in some mills in some States the stocks are getting piled up. So, there is no gainsaying the fact that it is an acute and serious problem. We have taken concrete measures; we have sent our officers for making spot studies, for surveying the magnitude of the problem and for collecting information from the State Governments.

We also called a meeting of the senior representatives of the State Governments. A high-level Review Committee has been formed. It was decided at a meeting of the Review Committee that a high-level Implementation Committee should be set up in each State under the chairmanship of the Industries Secretary so that effective liaison and understanding may develop between the supplier mills and the State Governments.

[Shri D. P Chattapadhyaya]

The situation is no doubt acute. I will humbly submit before the House that it is not a question of apportionment of blame either to the State Government or to the Central Government or the administrative apparatus. It is a serious problem. We have taken every possible measure to solve it. As I said we have sent out officers, we have called a meeting of the State Government officers and information has been collected from the States; so that the distribution takes a very sympathetic and expeditious form in the near future, we will do everything possible at our command and at our disposal.

श्री भारखन्डे राय : अध्यक्ष महोदय, मंत्री महोदय ने जेनेरल पालिसी की बात कही है और सदिच्छा व्यक्त की है, लेकिन मैंने जो कान्क्रीट प्रश्न पूछे हैं, उनका उत्तर नहीं दिया है। मैंने आल-इंडिया हैडलूम बोर्ड को खादी एंड विलेज इंडस्ट्रीज कमीशन की तरह एक स्टेचुटरी बाडी बनाने, या उन दोनों का विलय करने, जो एक्सपोर्ट घट रहा है, उसको बढ़ाने, बंगलादेश से वातचीत करने और टैक्सटाइल कमिशनर द्वारा केरल की मिलों को वहाँ के हैडलूम और पावरलूम को बिल्कुल यार्न न देने के आदेश आदि के बारे में प्रश्न पूछे हैं, लेकिन मंत्री महोदय ने हा या न में उत्तर नहीं दिया है।

MR. SPEAKER: Shri D. D. Dasai.

SHRI D. D. DESAI (Kaira): Mr. Speaker, Sir, the fact of the matter is that today in India we do not have reliable census statistics of the number of powerlooms and handlooms that operate. Neither have we with us the data of the counts which they use. These counts differ according to customer preferences and seasonal requirements. The result is today while on one hand there is shortage of yarn for the weavers, on the other hand, there is the accumulation of stocks in the textile industry, which

even on a conservative value exceeds Rs. 45 crores. The stock pile is increasing. There is a mill even in Delhi which has yarn worth over Rs. 1 crore lying in the godown. To store yarn, certain mills have been obliged to build new godowns and vacate the cotton godown for yarn with the result that cotton purchases have been reduced. The yarn stocks are piling up daily at the rate of about Rs. 1½ crores to 2 crores. The position during the last year was that the production was picking up, except in Tamil Nadu where there was a threatened power cut. I say that the solution which we have adopted in the matter of food-grains could have been adopted, namely, the deficit States could have been isolated from the surplus States.

Unfortunately, the whole country has been put in a situation which has resulted in all the powerlooms and handlooms operating only for about 3 to 4 days in a month. Lakhs of people have been thrown out of employment. The Government, if it is taken at its own words, has said—it is on record—that there are about 3 million handlooms employing 60 lakhs people and about 2 lakh powerlooms employing about 7 lakhs people, altogether 67 lakhs people just having work for only 3-4 days in a month. And for the rest of the month they have no work. Therefore, there is an acute distress among these people. The reason is not the non-availability of yarn stock but the pattern of requirement and distribution which could not be understood or undertaken by the new set-up.

Government has given a solution of the Cotton Corporation taking over the yarn distribution. The Cotton Corporation is not equipped to discharge its own functions satisfactorily. The Cotton Corporation does not have the people who can understand the yarn business. After all, yarn trade is not a trade which is learnt overnight. It requires a detailed knowledge of the business as any other business. Even

barbar's business requires some knowledge and experience. The Cotton Corporation does not have people who can undertake the yarn business. The result is that not a single State has been able to avail of the Cotton Corporation. After all, the proof of the pudding is in the eating. Has any State benefited? I want to know whether any one part of India or other, any State, which belongs to one party or other has approached the Cotton Corporation to intervene and solve the problem? If that is so, I will be delighted to know and correct myself.

I would like to ask a few questions. How are Government going to ensure a smooth corruption-free distribution machinery of yarn of different counts, from 1 count to 120 counts, to cater to the needs of weavers in a vast areas of our country, from Ladakh to Kanyakumari, from Manipur to Dwarka. The looms are located in small isolated villages. The difficulty is in approaching and catering to their individual requirements. How much yarn has been allotted and distributed in the past 5-6 weeks since the yarn control has been enforced? What is the extent of unemployment in the yarn trade? How many persons have been dealing in it? How many will be thrown out of employment? Will the Government withdrew the control once yarn production picks up to normal level?

The hon. Minister of Commerce has mentioned that this matter will be reviewed after 2-3 months when the yarn production and the power-cut are restored. Have not the State Governments inflated their demands? On what basis are you now going to allot yarn to States and looms?

These are very vital questions. With the present stance, there has been an acute scarcity, an acute distress. The Government is blaming the State Governments and the State Governments are blaming the Textile Commissioner. The merry-go-round is

continuing. It has to be broken at some point. I would request the Government to adopt....

13.00 hrs.

SHRI VASANT SATHE (Akola): The solution is to have fuller and more effective control.

SHRI D. D. DESAI: I would be happy if the Minister would answer these questions and also tell us how he proposes to resolve this problem.

PROF. D. P. CHATTOPADHYAYA: Before taking up the specific questions raised by the Hon Member, I would like to dispel a mis-understanding about the role of the Cotton Corporation of India in the matter of distribution of yarn. The responsibility for the distribution of yarn has been taken over by the State Government and its agencies and in case the State Government feels that its agencies are not equal to the task, only then, the Cotton Corporation of India is there to help them. So, it would not be correct to suggest that the whole responsibility for distribution of yarn throughout the country has been given to the Cotton Corporation of India.

Now, coming to the specific question raised by him, I would like to answer them one by one. About the count-wise distribution, as I have already said. The State Governments were requested to furnish the information regarding their total requirements for yarn countwise. Till the 15th April, we, unfortunately, could not have the necessary information from the State Governments.

Secondly, he has asked the total quantity actually given. There is a great difficulty in answering this question. I can only say the total quantity allotted to the State Governments in the two weeks of the month of March, is 17 million kg. Here also, as I said before, the total quantity of 17 million kg. which has

[Shri D. P. Chattopadhyaya]
 been allotted has not been entirely lifted by the State Governments and their agencies. May be they are now lifting.

The third question is: how many people have been unemployed. This also is a question, too big to be answered at this stage because we have not got the necessary information from the State Governments. So, I cannot give any figure.

Lastly, about the question whether there is some sort of a discrepancy between the demand submitted by the State Governments and the actual requirements based on the data of the previous years my answer is 'Yes'. In the year 1972, the actual demand from all the States was something like 34 million kg. Now, the demand put forth by the State Governments taken together amounts to 112 million kg. There must be something going seriously wrong somewhere. We are scrutinising and scanning the demands put forth by them.

I would like to repeat what I said earlier. It is a gigantic task. It is no question of apportioning the blame. All possible steps have been taken and a solution will be possible in the near future.

These are teething troubles. It is a vast problem having different ramifications.

SHRI PILOO MODY (Godhra):
 That always happens with controls...
(Interruptions)

PROF. D. P. CHATTOPADHYAYA:
 The hoarders have done their worst in the matter....*(Interruptions)*.

RE. GRIEVANCES OF STATE
 GOVERNMENT EMPLOYEES
(Interruptions)

MR. SPEAKER: Order, order. I am not allowing any hon. Member.
(Interruptions)

MR. SPEAKER: State matters should not be raised in this Parliament. If it is a matter which relates to the Union Government. I will see that representation and, if it is necessary, I will forward it to the Minister. So far as State employees are concerned, we are not in a position to discuss State matters here. If such demonstrations are held by some State employees, if we allow it in one case, we will have to do it in future in other cases also, which is not proper. So, I am sorry, I am not allowing it.

Shri A. K. Gopalan, I request you to be brief. We do not have much time. I will allow one minute each.

SHRI A. K. GOPALAN (Palghat):
 Sir, there is President's rule in three States and the State Government employees from all over India have come here to present their grievances. As far as their grievances are concerned they are concerning the Government of India also, as it relates to dearness allowance and also some increase in their emoluments. As far as their demands are concerned, they want need-based minimum wages, bonus for all, etc.

SHRI S. M. BANERJEE (Kanpur):
 Sir, I have got a petition which is signed by the State Government employees and addressed to the parliament of India. They wanted to present this petition, but owing to some technical difficulties they could not possibly submit this memorandum. Their demands are confined to payment of bonus—8.33 per cent—which is a Central matter; re-instatement of those employees who were dismissed under Presidents Rule; need-based minimum wages, etc. Kindly allow us to present the petition to you then you will be satisfied that the demands of the State Government employees are fully justified.

PROF. MADHU DANDAVATE (Rajapur): I want to point out that though the demonstration is staged

before the Parliament by the State Government employees the issues that are raised are those in which the Central Government has to adopt a policy, and only by their decision the demands can be granted. The State Government employees want full neutralisation of the cost of living index by way of granting national dearness allowance pending which Central dearness allowance may be granted immediately. Second is need-based minimum wage. All these issues are under the Central Government. They have rightly come to submit the mass petition, but due to technical difficulties they could not.

SHRI SHYAMNANDAN MISHRA (Begusarai): As has been rightly pointed out, some of these issues come under the Central Government. Therefore, we demand that the Central Government should make a statement on these matters.

SHRI G. VISWANATHAN (Wandiwash): The main demand of the 40 lakh State Government employees is that they should be given full compensation for the erosion in real wages. They want equal treatment like Central Government employees. At present, they are not getting the same treatment. Central government should come forward and help the State governments.

SHRI K. LAKKAPPA (Tumkur): Sir, these issues which are confronting the State government employees also concern the Central Government. Therefore, I would like the government to take into consideration those issues which are worth considering and redress the grievances of the State government employees.

SHRI PILOO (MODY) (Godhra): Whatever the constitutional position of this may be, the fact is that great many financial powers have been usurped by the Centre, and, therefore, it becomes the Centre's responsibility to see that a man gets equal wages for equal work throughout the

country, if they want to preserve the integrity of the country. So, depending upon the zones where different price indices may possibly arise, there should be an automatic process based on that by which a man continues to enjoy the same wage and the same materials brought out of that same wage month after month, because he is not really responsible for the inflationary policies of this Government.

श्री जगन्नाथ राव जोशी (शाजापुर) :
राज्य सरकार के कर्मचारी अपनी मांगें लेकर यहाँ आये हैं उन को भी समानता के आधार पर महंगाई या दूसरी सुविधाएं मिलें। जब स्वयं केन्द्र सरकार अपने कर्मचारियों को देता है तो वह प्रदेश के कर्मचारियों का भी मिलना चाहिए। राज्य सरकारें कहती हैं कि केन्द्र सरकार जितनी सहायता देती है, उतनी सहायता मैं वे उन को नहीं दे सकती। इस लिए मेरा मुझाव है कि आप इन मांगों पर ध्यान रखें से विचार करें।

MR. SPEAKER: Now, Papers to be laid on the Table Shri C. Subramaniam.

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): I beg to lay on the Table. . (Interruptions)

अध्यक्ष महोदय : पार्टियां जो बातें अपने कन्वेंशन में, जत्तों में कहती हैं, उन को इस हाउस में कैसे लाया जा सकता है ?

(Interruptions)

MR. SPEAKER: No, I do not allow it. I am not allowing anything.

(Interruptions)

MR. SPEAKER: These matters should be discussed outside the House. I am not permitting them inside the House.

(Interruptions)

MR. SPEAKER: Whatever may happen outside, there are many stages, public meetings, processions and so on. And hon. Members also speak. Why should this House take notice of all that? I am not allowing it.

(Interruptions)

MR. SPEAKER: Nothing was said in this House. I am not allowing it.

(Interruptions)

MR. SPEAKER: Please sit down, all of you.

(Interruptions)

MR. SPEAKER: Everything that has passed outside, how can I allow them to be raised in this House? Why should statements made outside this House come here?

(Interruptions)

अध्यक्ष महोदय : आप जितनी पार्टियां है उन को बहुत कुछ कहते हैं, औरों को कहते हैं, बाहर प्लेटफार्म पर कहते हैं, वह इस हाउस में कैसे आ सकता है ?

(Interruptions)

MR. SPEAKER: You forget that there is a platform outside. Anything that happens on the platform outside, how can I allow it in this House?

(Interruptions)

अध्यक्ष महोदय : जो बाहर की बातें हैं वे बाहर कहे , उन्होंने अपनी पार्टी के कन्वेंशन में कुछ कहा, वह बात यहां कैसे आ सकती है ?

(Interruptions)

MR. SPEAKER: Mr. Gopalan, about Members of your party, from your side,—how can those matters come here in this House?

I am sorry. (Interruptions).

प्रधान मंत्री, परमाणु ऊर्जा मंत्री, इलक्ट्रॉनिक्स मंत्री, सूचना और प्रसारण मंत्री तथा

अंतरिक्ष मंत्री (श्रीमती इन्दिरा गांधी) :
आप इजाजत दें, तो कुछ कूँ ।

MR. SPEAKER: She has volunteered to speak.

SHRIMATI INDIRA GANDHI: Mr. Speaker, Sir, I am not at all interested in what is published in the newspapers. I have said here on many occasions, I do not contradict them. I have stated previously, I think in reply to Shri Shyamnandan Mishra himself, that if I were to start contradicting all such misreporting in the newspapers, I would be doing nothing else every day. I want to make it clear, I do not contradict them. (Interruptions).

If you keep quiet, I can say something. If you want to shout, I shall sit down.

Sir, it is obvious that we, this Government and this country believe in democracy in our country. Everything we are doing is to strengthen democracy; it is not to suppress the Opposition Parties. (Interruptions). We shall certainly blame the Opposition for what they are doing. If the opposition is going to say something. I have a great deal more to say on these questions. Mr. Mishra's party and some of his other friends have long been trying to find something which they could call authoritarian, but no such thing is happening on behalf of this Government ... (Interruptions) I did say that the time had come when the people must decide, not to suppress political parties but, whether they would tolerate political parties misleading them.... (Interruptions).

MR. SPEAKER: Order, please, She has already explained and no more of this please.

13.26 hrs.

PAPERS LAID ON THE TABLE

ANNUAL REPORT OF N.R.D.C. FOR
1971-72

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): I beg to lay on the Table a copy of the Annual Report (Hindi and English versions) of the National Research Development Corporation of India, New Delhi, for the year 1971-72 along with the Audited Accounts and the comments of the Comptroller and Auditor General thereon, under sub-section (1) of section 619A of the Companies Act, 1956. [Placed in Library. See No. LT-LT-4818/73.]

REPORT OF COMPTROLLER AND AUDITOR
GENERAL ON UNION GOVT. ACCTS.
(CIVIL) FOR 1971-72 AND COPY OF
ACCTS.

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH): I beg to lay on the Table—

(1) A copy of the Report of the Comptroller and Auditor General of India, for the year 1971-72, Union Government (Civil), under article 151 (1) of the Constitution.

(2) A copy of Union Government Appropriation Accounts (Civil) for the year 1971-72.

[Placed in Library. See No. LT-4822/73.]

NOTIFICATIONS UNDER ALL INDIA
SERVICES ACT, 1951 AND UNDER ARTICLE
320 OF THE CONSTITUTION

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS

(SHRI F. H. MOHSIN): On behalf of Shri Ram Niwas Mirdha, I beg to lay on the Table—

(1) A copy each of the following Notifications (Hindi and English versions) under sub-section (2) of section 3 of the All India Services Act, 1911:—

(i) The All India Services (Provident Fund) Amendment Rules, 1973, published in Notification No. G.S.R. 310 in Gazette of India dated the 31st March, 1973.

(ii) The All India Services (Provident Fund) Second Amendment Rules, 1973, published in Notification No. G.S.R. 353 in Gazette of India dated the 7th April, 1973.

[Placed in Library. See No. LT-4819/73.]

(2) (1) A copy each of the following Notifications under clause (5) of article 320 of the Constitution read with clause (c) (iii) of Proclamation dated the 18th January, 1973 issued by the President in relation to the State of Andhra Pradesh:—

(a) G.O. Ms. No. 185 published in Andhra Pradesh Gazette dated the 24th August, 1972 making certain amendments to the Andhra Pradesh Public Service Commission Regulations, 1963.

(b) G.O. Ms. No. 1100 published in Andhra Pradesh Gazette dated the 4th January, 1973 making certain amendment to the Andhra Pradesh Public Service Commission Regulations, 1963.

(ii) An explanatory memorandum (Hindi and English versions) explaining the reasons for the issue of above Notifications and for not laying on the Table Hindi versions thereof.

[Placed in Library. See No. LT-4820/73.]

13.27 hrs.

COMMITTEE ON PUBLIC UNDERTAKINGS

THIRTY-FIRST REPORT

DR. KAILAS (Bombay South): I beg to present the Thirty-first Report of the Committee on Public Undertakings regarding action taken by Government on the recommendations contained in their Sixty-second Report (Fourth Lok Sabha) on Central Road Transport Corporation Ltd.

SHRI JYOTIRMOY BOSU (Diamond Harbour): On a point of order; either it should have been Shrimati Subhadra Joshi or Shri Ranen Sen.

MR. SPEAKER. I allowed it; any Member can be allowed by me. You will have to do it yourself, sometime.

SHRI JYOTIRMOY BOSU: No, Sir; I do not think.

13.27 hrs.

CORRECTION OF ANSWER TO S.Q. NO. 223 DATED 7TH MARCH, 1973 RE. SUBSIDY TO UTTARAKHAND

MR. SPEAKER: Shri Subramaniam, you can lay it on the Table.

THE MINISTER OF INDUSTRIAL DEVELOPMENT AND SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): Sir, I lay the statement on the Table.

Statement

After reply to Starred Question No. 223 put by Shri Narendra Singh Bisht in the course of supplementary Questions and answers thereto, the hon'ble Shri Krishna Chandra Halder asked whether the Transport Subsidy Scheme will be available to industries in Darjeeling, Meghalaya, Arunachal Pradesh and Manipur. In reply it was stated that the area was covered by the Transport Subsidy Scheme.

On a point of fact, however, it is now to be explained that since Darjeeling is situated in West Bengal and the Transport Subsidy Scheme is not extended to West Bengal, industries in Darjeeling will not be eligible to the Transport Subsidy. Industries in other areas, viz., Meghalaya, Arunachal Pradesh and Manipur will, however, remain eligible for Transport Subsidy.

Since during the supplementaries some mistake had crept in some of the facts given, the Ministry wanted to make doubly sure about the correct position. The double check caused some delay in preparing the statement.

13.28 hrs.

ARREST OF MEMBER

MR. SPEAKER: I have to inform the House that I have received the following telegram, dated the 17th April, 1973, from the Superintendent of Police, Dhar:—

"Shri B. S. Chowhan, Member, Lok Sabha, was produced before the Magistrate First Class, Dharampuri, on the 14th April, 1973, who remanded him to jail custody till the 17th April, 1973, as Shri B. S. Chowhan did not wish to give Personal Bond or bail."

13.28½ hrs.

CONVICTION OF MEMBER

MR. SPEAKER: I have to inform the House that I have received the following telegram, dated the 17th April, 1973, from the Superintendent of Police, Panna:—

"I am to submit that Hon. Major Narendra Singh (Panna), Member, Lok Sabha, has been convicted and sentenced till rising of the Court

by the Court of Additional District Magistrate (Judicial), Panna on the 17th April, 1575."

13.29 hrs.

STATEMENT BY MEMBER RE.
ALLEGED INACCURACY IN MINI-
STER'S REPLY TO S. O. NO. 234
DATED 7TH MARCH, 1973

SHRI JYOTIRMOY BOSU (Diamond Harbour): On 7-3-1973, I put the following question to Shri F. H. Mohsin, Deputy Minister as a supplementary:—

"If it is or it is not a fact that before November, 1969 the tours undertaken by the Prime Minister for election and other party purposes used to be paid by the party, but since November, 1969, the procedure has been changed and the expenses are now debited to the Exchequer."

To that the Minister's reply was:

"It is not a fact."

I have given supporting document to prove that before amendment was incorporated in the Blue book entitled "Rules and Instructions covering Prime Minister when on tour and in travel" the relevant provision read as follows:

"71(6) It has been noticed that the rostrum arrangements are not always properly made because the hosts are sometimes unable to bear the cost. As the Prime Minister security is the concern of the State, all arrangements for putting up the rostrum and the barriers at the meeting place will be borne by the State whatever may be the occasion for which the public meeting is called, *except election meetings.*"

On 19-11-1969 paragraph 71(6) was amended to read as follows:

"It has been noticed that the rostrum arrangements are not always properly made because the hosts are sometimes unable to bear that cost. As the security of the Prime Minister is the concern of the State, all arrangements for putting up the rostrum, the barriers etc. at the meeting place *including that of an election meeting* will have to be made by the State Government concerned.

In the case of public meetings other than election meetings, all expenditure on the arrangements including provision of rostrum, the setting up of barricades, making lighting arrangements, public address system, etc., will be borne by the State Government. The term 'public meeting' mentioned in this paragraph shall cover not only meetings organised by the State Governments but also those held by the political parties to which the general public has access.

In the case of election meetings, all expenditure on police, setting up of barricades and making lighting arrangements will be borne by the State Government, while expenditure on public address system and any decorative arrangements will be the responsibility of the political party concerned. (The expenditure on all these items may in the first instance be borne by the State Government and then recovered from the political party concerned). In regard to the rostrum, only 25 per cent of the cost of the rostrum or Rs. 2500/- whichever is less, shall be contributed by the party, as the rostrum has to be of certain specifications because of security consideration.

NOTE.—Even though the political party concerned has to meet the cost of some of the arrangements

[Shri Jyotirmoy Bosu]

for an election meeting to be addressed by the Prime Minister, the State Governments have to ensure that the arrangements made fully meet the prescribed require-

You will notice that a substantial change was brought in the procedure, in that the expenses which were not being debited to the State Exchequer, prior to 19-11-1969 are now being debited to the State Exchequer. You will agree that what was stated was basically incorrect, wrong and misleading. Therefore, this is a fit case to be sent to the Privileges Committee for taking action against the Minister.

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F. H. MOHSIN): Sir, I have heard with attention to the statement made by my Hon. friend accusing me of an inaccuracy whilst replying to a supplementary of Starred Question No. 234 on 7th March, 1973. The question which was answered on the 7th March, 1973 related to the percentage of increase in Pay and allowances of Central Ministers *vis-a-vis* other Government servants. The first supplementary Question was regarding the actual expenditure on pay and allowances of Ministers during 1970-71 and 1971-72. The information was furnished in reply. The second supplementary was regarding an explanation for decrease in the expenditure on salary of Ministers. The explanation was also furnished. The third supplementary was by Shri Jyotirmoy Bosu and he asked "if it is or it is not a fact that before November 1969 the tours undertaken by Prime Minister for election and other party purposes used to be paid by the party but since November, 1960 the procedure has been changed and the expenditure is now debited to the Exchequer". It was stated in reply that "It is not a fact".

The reply was factually correct because there have been clear instruc-

tions since 1951 that Ministers should not draw any travelling allowance including daily allowance for tours in connection with election work and these instructions had not undergone any change either in 1969 or 1970. matter issued from time to time was laid on the table of the Lok Sabha on 31st July, 1970 in fulfilment of an assurance given to a supplementary question asked by Shri N. G. Ranga arising from Starred Question No. 1171 dated 18th April, 1969 in the Lok Sabha.

Shri Jyotirmoy Bosu then stated as follows:—

"They are misleading the House. I can prove it by an extract from the Blue Book. In November, 1969, the whole thing was unscrupulously changed."

There was no reply to this observation and the next question was then taken up.

Earlier Shri Jyotirmoy Bosu had, in this letter to the Prime Minister dated 20th August, 1972, referred to expenditure on security arrangements in connection with election meetings addressed by the Prime Minister. Security arrangements are different from expenditure on tours. The factual position in this regard was explained in a reply sent to Shri Jyotirmoy Bosu on 9th November, 1972, by Shri R. N. Mirdha, Minister of State in the Ministry of Home Affairs.

The Statement now made by Shri Jyotirmoy Bosu alleges that the Deputy Minister in his answer to a supplementary question misled the House as regards the expenditure on security arrangements in connection with election meetings. Starred Question No. 234 answered on the 7th March, 1973 did not primarily relate to the expenditure on security arrangements. It was about tours undertaken by Ministers and Prime Minis-

ter. However, even if Shri Jyotirmoy Bosu's supplementary question on 7th March is taken to relate to expenditure on security arrangements for Prime Minister during election meetings the answer furnished by the Minister is factually correct as explained below:—

My Hon. colleague Shri Mirdha had sent a reply to Shri Bosu's letter written by him to the Prime Minister on 20th August, 1972, in which it was stated that instructions issued in 1958 regarding security arrangements referred to as the 'Blue Book', no doubt, made a distinction between expenditure incurred on security arrangements such as construction of rostrums, barricades, etc. for ordinary meetings addressed by the Prime Minister and election meetings, and to provide that such expenditure should be borne by the State Government, whatever may be the occasion for such a meeting excepting election meetings. The Comptroller and Auditor General, however, had taken the view in the same year 1958 that certain essential security arrangements have to be made during the visits of the Prime Minister to the States irrespective of whether these visits are official or not and that all expenditure incurred by the State Government in moving and police and setting up of barricades and rostrums and making light and loud-speaker arrangements and in transporting them from place to place were appropriate charges on the State Governments. The advice of the Comptroller and Auditor General was circulated to all the States. This procedure went on up to 1969.

Early in 1969, it was considered that a distinction should be made between election meetings and other meetings addressed by the Prime Minister. The State Governments were informed that the expenditure incurred for election meetings on (1) public address system, (2) decorative arrangements and (3) Rs. 2500/- or

25 per cent of the cost of setting up of the rostrum, whichever is less should be required to be contributed by the political party. Thus, whereas there was no uniform practice until 1969 regarding the debit of expenditure on security arrangements in connection with election meetings of the Prime Minister, clear instructions were issued only in 1969 that certain items of expenditure should be met by the Political Party concerned. The 1969 instructions did not impose any new obligation on the Government exchequer; on the other hand, the political party concerned was required to meet certain definite items of expenditure on security arrangements in connection with election meetings. The reply furnished to the supplementary against these facts, was thus factually correct.

Sir, you will appreciate that all the relevant factual information had been furnished to Shri Jyotirmoy Bosu long before Starred Question No. 234 was answered on the 7th March, 1973. The answer furnished to the supplementary was also factually correct, whether it is regarded as relating to expenditure on travelling and daily allowances or on security arrangements made in connection with election meetings addressed by the Prime Minister.

SHRI SHYAMNANDAN MISHRA (Begusarai): Sir, on a point of order.

MR. SPEAKER: On what?

SHRI SHYAMNANDAN MISHRA: On the statement made by the Hon. Minister.

MR. SPEAKER: There can be no point of order or questions on that statement made by the Minister or Member.

I am not allowing it. Shri D. K. Panda.

(Interruptions)

MR. SPEAKER: No more Interruptions. Shri D. K. Panda.

13.50 hrs.

MATTERS UNDER RULE 377

(i) HEALTH OF SHRI NAGABHUSHAN PATNAIK

SHRI D. K. PANDA (Bhanjangan): Mr. Speaker, Sir, with your kind permission, I am raising the question of M. Nagabhushan Patnaik, who is being lodged in the Visakhapatnam jail for the last several years. His health condition is abnormally deteriorating and it has reached a dangerous level. Therefore, I bring it to the notice of the hon. Health Minister that, in spite of an order from the Andhra Pradesh High Court that he should be transferred to the Hyderabad hospital, the Andhra Pradesh Governor, the bureaucratic officers and the Jail Superintendent, all of them, have colluded to prevent him from being transferred to the Hyderabad Hospital where at least some treatment could have been given to him.

A letter has been addressed to the Prime Minister, to the Home Minister and also to the Health Minister—the letter is dated 15th April 1973—by Shri Ratan Das, Secretary of Utkal Gandhi Smarak Nidi, Bakharabad, Cuttack. The whole of Orissa, the entire democratic minded people are standing behind this issue; they have demanded his immediate release. Apart from that, commutation of the death sentence has been demanded from all quarters, and 200 Members of Parliament have also signed it. I will read out one portion of the letter written by Shri Ratan Das:

"You might be aware that Nagabhushan is battling with death in his condemned cell, afflicted by serious stomach ulcer. He lost about 30 pounds in two months. Pitying his condition, on a petition by a well-wisher, the Andhra Pradesh High Court ordered his transfer to Hyderabad so that he could get proper treatment at the Osmania

Hospital there. But, unfortunately, the Andhra Pradesh Government has not complied with the order, pleading that Nagabhushan's condition's was not so serious as to need treatment in Hyderabad. This amounts to killing Nagabhushan through deliberate neglect, we think."

This has been stated by no less a person than Shri Ratan Das who believes in Gandhism, a total devotee of Gandhi. What is the conspiracy going on? Such a devoted young man is not lacking in patriotism, who is all-out to defend the country, all-out for reconstruction of the country, all-out for socialism....

MR. SPEAKER: The simple point was, the attention of the Minister was to be drawn to his health condition...

SHRI INDRAJIT GUPTA (Alipore): The simple point is that Andhra Pradesh is now under President's rule. Are they going to comply or not comply with the order of the High Court, ordering the transfer of Shri Nagabhushan to Hyderabad for treatment at the Osmania Hospital? Do they want to finish him off in the jail? People are fighting for commutation of the death sentence, but they want to finish him off in the jail.

SHRI D. K. PANDA: It is also stated in that letter:

"The Superintendent of the Visakhapatnam Jail, Mr. Kapadia, has been acting *mala fide* in the matter from the very beginning. When the High Court ordered his transfer to Hyderabad, the Superintendent tried to transfer him to the Rajahmundry jail. The local medical authorities are colluding with the Jail authorities to deny proper treatment to Nagabhushan. Several telegrams from political prisoners to the State authorities pleading for Nagabhushan's transfer to Hyderabad were not transmitted by the Superintendent and this proves his *mala fide* in the matter."

Therefore, I want to know from the hon. Minister whether immediate steps are going to be taken to bring him immediately to Delhi for treatment in the All India Institute of Medical Sciences.

Secondly with regard to all the ill treatment and conspiracies being indulged in by the Superintendent inside the jail, the only remedy will be his transfer to Delhi and proper medical treatment at the Medical Institute.

Thirdly, when there is a High Court, order, why should it have been violated?

The matter may be referred to the Home Ministry for an answer here and now.

MR. SPEAKER: May I invite your attention to one thing? Every day this 'Zero Hour' which was only meant for half an hour or so, actually goes beyond 1 O'clock and sometimes beyond 2 p.m. also and this is a very undesirable practice that is taking place.... (*Interruptions*) Everybody you do it. You go right upto 1.30 p.m.—and today 2 p.m. After all, there should be a limit.

श्री हुसम चन्द कछवाय : (मुरैना) :
आप चाहते हैं कि हम यहाँ चुपचाप बैठे रहें ?

अध्यक्ष महोदय : चुपचाप की बात नहीं ।
लेकिन यह हाउस है हाऊस का कुछ प्रोसीजर है । यह क्या बात हुई कि इन्हीं बातों में पड़े रहे.....

श्री हुसम चन्द कछवाय : आप ही उलझाते हैं ।

अध्यक्ष महोदय : आप बैठ जाइये, जो बात सही भी बताई जाती है उस में भी सिर अड़ाते हैं । अब देखिये दो बज रहे हैं । आज की डिमांड पर ग़ाम को मिनिस्टर ने जवाब देगा था वह आज नहीं दे सकेंगे ।

The time is so short. There are so many speakers and the time available is not so much. So, I have allowed the Minister—because a request came from the Parliamentary Affairs Minister—that the Minister of Agriculture will reply tomorrow, not to-day, because there is no time left.

SHRI D. K. PANDA: No reply from the hon. Minister?

MR. SPEAKER: What you have raised will be conveyed to him and I think he should come with some statement.

13.58 hrs.

[MR. DEPUTY-SPEAKER *in the Chair*]

(ii) STRIKE BY EMPLOYEES OF
MAZAGAON DOCKS LTD.

MR. DEPUTY-SPEAKER. Mr. Jyotirmoy Bosu.

SHRI JYOTIRMOY BOSU (Diamond Harbour): Rs. 51 per day is a lot of money. I want to give the money's worth to the people of the country.

Nearly 800 employees belonging to the clerical and subordinate staff of Mazagon Dock have gone on strike since 8th April, to protest against the policy of the management in respect of the award of the Industrial Tribunal, which had recommended a substantial wage rise. It will be recalled that both the Unions as well as the management had jointly approached the Tribunal under Sec. 10(2) of the Industrial Disputes Act and it is, therefore, amazing that the Management should now file an appeal before the High Court in order to defer and deny the substantial wage rise secured by the employees.

The Mazagon Dock Ltd. is a public sector concern in the Ministry of Defence Production and it must set an example before the employers in the private sector in respect of an award by the third party. Instead, it seems

[Shri Joytirmoy Bosu]

that the management is bent upon involving the employees in litigation which, in effect, will mean denial of a wage-rise awarded by the Tribunal for another five years

I would like to remind the management that the former British management of the Mazagon Docks from whom the concern was taken over by the Government of India in 1960, displayed a better attitude towards the award of the Industrial Tribunal of Shri Ahmedji which had imposed a burden of nearly Rs 20 lakhs in respect of the demands of the workers.

I strongly protest against the policy adopted by the management. I strongly urge upon the Labour Minister to prevail upon the management to withdraw the appeal and implement Mr. F. H. Lala's award. Not to do so would be tantamount to admission that the public sector is no better than the private sector in respect of the demands of the workers.

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA): The imputations made in the hon. Member's statement are not correct.

Our policy has always been pro-labour and the Mazagon Docks sub-ordinate staff and the clerical staff are one of the highest paid employees in that kind of industry.

14.00 hrs.

So we have gone into appeal to the Supreme Court only because certain wrong and harmful principles were enunciated and we thought that it would be in the best interest of the country that this should be settled properly at the highest tribunal of the land. That is why we have gone to the Supreme Court and it is only to see that proper principles and guidelines are adopted in

such matters. We shall definitely accept whatever decisions are given by the Supreme Court in this matter. I want to say this again clearly that we have done our best to see that they get all the amenities. As I said, it is an undisputed fact that they are one of the best-paid workers in their category, in this industry, in the entire area. Therefore, Mr. Bosu's fears are completely unfounded and I would request him to use his influence—if he has any—to see that this matter is amicably settled to see that our vital national defence industries are not crippled by such unwarranted strikes.

(ii) FALL IN SUPPLY OF ELECTRICITY, DIESEL AND KEROSENE TO SOUTHERN DISTRICTS OF ANDHRA PRADESH

SHRI P. NARASIMHA REDDY (Chittoor): I would like to refer to the grave situation arising in the southern districts of Andhra Pradesh as a consequence of the sudden and steep fall in electricity, as well as diesel and kerosene supplies. As the House is aware, Chittoor district itself has got 90,000 pumpsets. They want electricity and diesel oil for those things. Not only Chittoor but adjoining districts are there which are affected. Whereas the total shortage of electric power is 50 per cent, the actual supply to the agriculturist is less than 25 per cent. And, from 25 per cent also there is this sudden and surprising fall which has taken place during the past few days. Several telegrams are pouring in continuously. Some action should be taken immediately to supply diesel oil to diesel pumpsets. Enough quantity of diesel oil should be supplied to them. Even kerosene is not available. This is a matter of grave concern to all of us and this problem should be immediately looked into and remedied. I request the Minister of Irrigation and Power; I also, request the Minister of Petroleum and

chemicals to look into this matter immediately. They should step up the supply of electricity and regularise it to the agriculturists. They should take urgent action to supply the required quantities of diesel oil, kerosene etc, to these districts of southern Andhra Pradesh. Otherwise lakhs and lakhs of acres of land in this drought-prone and dry areas face imminent danger, which will result in very serious consequences. Therefore I request the Minister of Irrigation and Power and the Minister of Petroleum and Chemical to take immediate action in this regard, so that this situation may be remedied as early as possible. Thank you.

14.03 hrs.

DEMANDS FOR GRANTS, 1973-74—
contd.

MINISTRY OF AGRICULTURE—
contd.

MR. DEPUTY-SPEAKER: We will now resume discussion on the Demands of the Ministry of Agriculture. Shri Ishaque has to continue his speech. But before that, I would like to say that I have received a request from the Chief Whip of the Congress party to the effect that only seven minutes may be given to each speaker from the Congress Party because of the large number of speakers. Shri Ishaque has taken four minutes already. He can take three more minutes only.

SHRI A. K. M. ISHAQUE (Basirhat): Sir, as I was saying, the Government's policy of wholesale trade in foodgrains has the blessing of the country. As you know, of the total workers in the country 43 per cent are cultivators and so the remaining 57 per cent of the total population constitute the consuming community. On the first count a majority of the people do constitute the consuming interest and this class will have blessing for the Government in its policy. Of the cultiva-

tors again, 90 per cent into the class of consuming interest, but they are periodical consumers only. Some consume for three months, some for six months and some for eight months. There are peasants having only two to three bighas of land who have to consume for ten months. Therefore, according to my calculation 96 per cent of the total population do constitute the consuming class. All these people will support this policy of the government to take-over. Only big jotdars and food-grain traders which constitute 4 per cent may oppose it. Therefore, I assure the government that this country is very much behind their policy of take-over. But the government must be pragmatic in implementing this policy otherwise this policy which could be the best friend of the country could also be the worst enemy if we do not or cannot implement it faithfully. I will suggest to the government to ensure people's participation in this policy. No doubt, there are good people in the administration yet I will ask the government to depend on the people's participation to make this policy a success. I will suggest that the issue of licences must be entrusted not to the government officers but with the Anchal panchayats. There are 60,000 anchal panchayats in the country. If we entrust this work to the anchal panchayats we would be ensuring public participation in the government policy and the policy of take-over will be a success.

I will again suggest that the petty traders be exempted from the mischief of licences because there are lakhs of people engaged in this trade who purchase one quintal of rice and wheat in one market and sell the same in the other. That is their only source of living. If these people are put to the restriction of licences they would not be able to pay licence fee and would be put to unnecessary troubles. These people should

[Shri A. K. M. Ishaque]

be kept outside the perview of the licences so that they can continue with petty trade as they are doing at present.

The success or failure of the policy of take-over depends on the question of fixation of prices. If the government cannot fix the price of the foodgrains at a proper price then there is a danger of this policy not only getting a crack but also being exposed to the danger of all-out denunciation. I suggest the fixation of prices should be such as to give incentive to the producers as well as it should be reasonable to the consumer. The newspapers have come out with the report that the government could not make any purchase from Delhi mandi on the first day. There is nothing to be apprehensive of the big jo dars. They will face the problem of storage if they do not sell their stocks. But if the government does not give the producer an incentive price the production itself will be affected and the policy will be exposed to many weaknesses. I would again suggest that government must make a policy statement that the petty cultivators who will sell to the government would again receive foodgrains from the government at the same price, on their personal need.

In my view, that is the crux of the problem. These petty dealers sell the grains at a lower price immediately after the harvesting of the new crops, and the prices then come down. If Government would make a policy statement that all the petty cultivators would be given back the foodgrains again at the same price at which they sold it to the Government, then that policy statement will encourage them to sell all their produce to Government, and Government would also be able to acquire a huge quantum of foodgrains from them.

I would also request Government to infuse in the public servants a commercial attitude in their dealing with these people. The people are very much concerned about the attitude that the Government officers show to them. If the public servant could go about with this commercial attitude in this trade, it will help the trade very much and it will also make the policy successful.

Lastly, I would suggest that Government must do everything to create public opinion in favour of the foodgrains take-over.

MR. DEPUTY-SPEAKER: They are doing that.

SHRI A. K. M. ISHAQUE. I know that they are doing their best. But I would suggest that this policy must be published throughout the country thoroughly through the block development offices. Thousands and thousands of pamphlets must be printed and given to the block development offices for distribution among the people so that the people can come to know about the new policy, and the policy statement which I have suggested if Government agree to it, must be given wide publicity, so that there may be a zeal among the public to sell the foodgrains to Government. That will by itself make this policy a success.

SHRI B. S. MURTHY (Amalapuram) I thank you for giving me this opportunity.....

MR. DEPUTY-SPEAKER: But only seven minutes.

SHRI B. S. MURTHY: Six minutes are enough for me.

I thank you for giving me this opportunity to participate in this debate. I want to co-operate with you so that next time I can get

seven minutes more. I want to speak only on one subject. I am not going to touch the vast subject of the production, storage, distribution and re-sale of foodgrains. I would like to draw the attention of the House today to a forgotten subject, namely panchayati raj and community development.

There were days when the whole of India was buzzing with enthusiasm for community development, and even persons from foreign countries used to come to India to see what wonderful work India was doing at that time in this regard. Ever since the introduction of panchayati raj in 1959, Rajasthan and Andhra Pradesh were the two States which have done excellent work in this sphere. In course of time, the whole country has adopted more or less panchayati raj and community development. There was a time when the whole country looked to the panchayati raj institutions to get some inspiration for every item of development.

Panchayati raj was considered as grass-root democracy and since all the people living in a village are brought together and they sit in the panchayati raj institutions and also discuss their problems in the gram panchayats, they thought that the community as a whole would try to build up a new society and also do everything possible to improve its economy.

Sir, there was at a time, two lakh villages completely covered with panchayati institutions and about 98 per cent of the population were involved, physically, mentally and morally in running these institutions. There were 3,300 panchayat samitis working very efficiently and almost 281 zila parishads were functioning as more or less institutions which

were not merely for administrative purposes but both for developmental and administrative purposes. In those days, each individual without any reference to his caste or creed, wealth or poverty, education or otherwise, was impelled to come forward and help in building a culvert, a road, a bridge, or a school or a hut or a temple and so on, so much so that people's voluntary donation not only in the form of money and in kind but also their own free labour was available.

All of a sudden, somehow or other, something happened, and people thought there was something wrong. It was no doubt to some extent true that panchayati raj institutions were captured by those who were powerful in the villages, so much so that they began to use the panchayati raj not to improve the lot of the people but to improve the lot of the so-called rich and the so-called privileged. But a mistake like this is bound to happen in country like India where we are divided in the name of creed, caste and even sometimes regions. But a good thing like this should not have been ignored and sometimes, if I can use the word, completely shelved. Therefore, I appeal to the Government once again to see that the panchayati raj system as well as community development are brought into existence so that we can take up the threads where we left them and in the course of the next four to five years we can make India self-sufficient and more powerful than it is today.

One word more and I shall finish because I want to keep the promise that I made to you. Recently, there was a conference of the All India Panchayat Parishad Organisation

[Shri B. S. Murthy]

which was presided over by my good friend Mr. De, and was inaugurated by the President of India, Dr. V. V. Giri. Mr. F. A. Ahmed, the Minister in charge, also participated in it. There was a powerful message sent by our Prime Minister. All this indicates that there are bright and better days for panchayati raj. I appeal to the Minister in charge to see that panchayati raj and community development are not left to languish and die an unnatural death but to see that they are brought in once again in full swing.

Another point is, we are thinking of a number of programmes such as take-over of the wholesale trade in foodgrains, removal of poverty, *garibi hatao*, and we want to see that more employment is generated; and again we are thinking about providing occupation to the educated unemployed. For all these things there cannot be any other remedy except panchayati raj which should be fully geared and must be done in its own way.

In this connection, I submit that the Constitution must be changed. Today the panchayati raj and community development are more or less a burden on the States; some times they encourage them; some times they discourage them. Instead of that, let it be a concurrent subject and let the Centre also participate with the States and see that efforts are made so that we shall be able to build a new community.

One word more and I have done. There is a lake called Kulleru lake in West Godavari district. It has several hundreds of thousands of acres and has great potential. Rich landlords are occupying the whole land and make hay while the sun shines. I think the hon. Minister must have gone and seen its potential. Crores of rupees worth land, water and fish are gobbled up if I may use that word, by powerful

people, and they do not allow the poor people to cultivate or benefit by this lake. Wherever there is any suffering, the Harijan comes first. Even yesterday in Rajasthan there were events which substantiate what I say. I am not going into that now due to shortage of time. Kuller lake must be immediately taken over by the Central Government and converted into a State farm.

श्री वीरेन्द्र सिंह राव (महेन्द्रगढ़): एग्रिकल्चर मिनिस्ट्री को साढ़े सात सौ करोड़ से ज्यादा की मांग हाउस के सामने पेश है। चार इसके महकमे है, एग्रिकल्चर, फूड कम्युनिटी डिवेलपमेंट और कोऑपरेटिव्स। मैं एक किसान हूँ अगर किसान के जो ख्यालात आखिरी दो महकमों के बारे में है उनको मैं आधे मिनट में अर्ज कर देना चाहता हूँ। कम्युनिटी डिवेलपमेंट और कोऑपरेटिव बहुत बड़ा धोखा है किसान के साथ, कम्प्लीट फ्राड है। इन महकमों के जरिये किसानों की सारी जत्थेबन्दी होमोजिनिटी, उनकी ईमानदारी, सबको तोड़कर रख दिया गया है। किसान को कुर्रुप्ट कर दिया गया है। आपस में गांव-गांव में लोगों को लड़ा दिया गया है और जो अखत्यारात है वे सारे सरकारी अफसरों के हाथ में हैं। किसान को इस में कुछ भी हिस्सा नहीं मिलता है। कम्युनिटी डिवेलपमेंट की 5 करोड़ की डिमांड है। अगर यह रुपया बिजली पैदा करने में, नहरें निकालने में या गरीबों में भी बांट दिया जाए तो ज्यादा फायदा होगा बजाय इसके कि इस महकमे को कायम रखा जाए।

यही हाल कोऑपरेटिव डिपार्टमेंट का है। कम्युनिटी डिवेलपमेंट और पंचायती राज का काम सिवाय इसके कुछ नहीं है कि जो हां में हां नहीं मिलाता है उस का बस्ता उठा कर मंगवालो, उसके खिलाफ इनक्वायरी करा लो। जो पंचायत सरकार की मर्जी के मुताबिक नहीं चलती है, राय नहीं देती है या

दिलवाती है उसको सस्पेंड कर दो, सुपरसीड कर दो। सरकार ने सारे अखत्यारात लिए हुए हैं। चाहे जिस पंचायत को वह तोड़ सकती है। कानून तबदील किये जा रहे हैं। सब ताकत अपने हाथ में ली जा रही है। यहा तक कि एडमिनिस्ट्रेटर लगाने की भी तजवीजें स्टेटस में हो रही है। पंचायत को तोड़ कर अपनी मर्जी का आदमी वहां लगा दो जो सारी पंचायत को लूट कर खा जाए और कामन लैंडज का मालिक बन कर बैठ जाये। इस तरह का पंचायती राज लोगों को नहीं चाहिए। यह मंशा पंचायती राज का था भी नहीं। लेकिन आज इसी तरीके से ये चल रही हैं।

जहां तक कोऑपरेटिव डिपार्टमेंट का ताल्लुक है, सहकारी योजना का ताल्लुक है अफसर तथा ग्रन्थ पदाधिकारी जो होते हैं, कोऑपरेटिव सोसाइटी के अन्दर जो रकम होती है सब मिलकर खा जाते हैं, यही सहकारी योजना है। जो कभी कर्जा नहीं लेते हैं, उनके जाली दस्तखत करके पैसा खा जाते हैं। यह एक हकीकत है।

एग्रिकल्चर मिनिस्ट्री ने फूड की ट्रेड को अपने हाथ में लिया है। मुझे इस में कोई एतराज नहीं है। मैं इसकी हिमायत करता हूं। मोटी अकल का किसान यह सोचता है कि व्यापारी जो सैंकड़ों साल से उसकी खाल उतार रहा था वह अगर आज चीख रहा है तो इस में कुछ न कुछ किसान का भला जरूर है। अब किसान को व्यापारी की जगह सरकार लूटना शुरू कर दे तो इस बात पर मुझे सख्त एतराज होगा। मुझे डर भी इसी का है। कभी व्यापारी ने ठीक दाम किसान को नहीं दिए। जब होलसेल फूड ट्रेड व्यापारियों के हाथ में थी उस वक्त फूड कारपोरेशन के अफसर और व्यापारी मिल कर खाते थे। मंडियों में व्यापारियों ने कभी भी प्रोक्योरमेंट की मिनिमम प्राइस से ज्यादा किसी भी मंडी में एक पैसा भी ज्यादा प्राइस किसान को नहीं दी। यह रिकार्ड

है। कम भाव में खरीद कर सरकार को ऊंचे दामों में बेचते थे। सुबह से शाम तक किसान को परेशान किया जाता था, तंग किया जाता था। अब आपको एक बात का अध्यन रखना होगा। अब अगर किसान को ठीक दाम नहीं मिले तो इसकी सीधी जिम्मेदारी आप पर होगी। अब आप नहीं कह सकेंगे कि मंडी भाव कम है और हम ज्यादा दे रहे हैं दो तीन रुपये। किसान तब पैदा करेगा जब उसको इंसेटिव प्राइस मिलेगी। आज बगैर सिचाई पैदा होने वाली ज्वार का भाव 155 रुपया क्विंटल है, बाजरे का 160, मक्की का 125 और, जानवरों के खाने की चीज ग्वार का भी 125 लेकिन गेहूं आप खरीदना चाहते हैं 76 रुपये क्विंटल में। आप बताएं कि कौन गेहूं पैदा करेगा, कौन इनको देगा, ? गेहूं की पैदावार करने के तरीके आप दूसरे देशों में सीखे जहां से आप गेहूं मांगते या मगवाते हैं। कनाडा जैसे देश में अगर गेहूं की फसल ज्यादा हो जाती है तो सरकार खड़ी खेती में आग लगवा देती है और इसके लिए कई मिलियन डॉलर किसानों को देती है, फसल को बरबाद कर देती है ताकि भाव न गिरे। यहा किसानों को लूटने की कोशिश की जाती है। इसको आप रोकें। आप एलान करे कि गेहूं का दाम, किसान को इतना दिया जायेगा कि किसान गेहूं पैदा करे शीक के साथ। एक और चीज किसान को बरदाश्त नहीं होगी। लैबी का जो तरीका है, किसान ने जबरदस्ती अनाज वसूल करने का जो तरीका है, यह नहीं चलेगा। किसान अपनी मर्जी से बेचे और चाहे जिस को बेचे। अगर किसान का ज्यादा भाव में बिकता है तो बेचे किसी और को और नहीं बिकता है तो बेचे सरकार को। किसान को छूट होनी चाहिए।

आज एग्रिकल्चर मिनिस्ट्री पर इस देश का सब से बड़ा बोझ है। जहां तक फूड का बोझ ताल्लुक है, हिन्दुस्तान की सौ फीसदी जनता को खिलाना उस की जिम्मेदारी है। इसके

[श्री वीरेन्द्र सिंह राव]

अलावा किसान के मयारेजिन्दगी को ऊपर उठाना और गांवों की हालत को सुधारना भी उस के प्रावजेक्टिवज हैं। हिन्दुस्तान की अस्सी फीसदी जनता देहात में बसती है। इस मिनिस्ट्री को उसके लिए भाँ कुछ करना है।

यह मिनिस्ट्री भी बड़ी मजबूत है। उसकी अहमियत के मुताबिक ही उसके मिनिस्टर हैं। पूरी टीम है मिनिस्ट्रज की। सीनियर मिनिस्टर फखरुद्दीन अहमद साहब हैं। वह बड़े भले हैं, सबके लिए दुआ-ए-खैर करते रहते हैं। शिन्दे साहब तो अपने ऊपर पानी का कतरा भी नहीं ठडरने देते हैं। और प्राफेसर साहब को डबल "शेर" है। यह "शेर" भी है और "मिह" भी हैं और शायद उन के नाम की वजह से ही उन को एग्रीकल्चर मिनिस्ट्री में शामिल किया गया है।

लेकिन मवाला यह है कि जितना कुछ ये मिनिस्टर साहबान कर सकते हैं या करते रहे हैं। प्राफेसर साहब तो सांडों की नस्ल बढ़ाने में लगे हुए हैं। अगर उन को कहें कि गाय खत्म हो रही है और आप सांडों की नस्ल बढ़ाने में लगे हुए हैं, तो उन का जवाब एक ही होता है कि मेरे नाम के पीछे मत जाओ, मैं तो खाली मब्जीखोर हूँ। वह गाय को नहीं बचा सके। शिन्दे साहब इस महकमे के मुताल्लिक खूब जानते हैं। मैं समझता हूँ कि अब तक जितने एग्रीकल्चर मिनिस्टर हुए हैं, इस महकमे के बारे में वाकफियत शिन्दे साहब ने ज्यादा किसी को नहीं रखी है। लेकिन यह किसान के लिए कितना कर सकते हैं या लड़ सकते हैं, इस में मुझे शक है। चूँकि वह खुद भी किसान हैं, इस लिए वह सच बात कहने से घबराते हैं। वह डरते हैं कि कहीं कोई मोटिव इम्प्यूट न करे।

यह मिनिस्ट्री बहुत बड़ी है, लेकिन किसान को जो चाहिए, वह इस मिनिस्ट्री के पास

नहीं है। किसान को चाहिए बीज, लेकिन बीज इस मिनिस्ट्री के पास नहीं है—और अगर है, तो उस मैक्सिकन गेहूँ का बीज है, जिस की रोटी ठीक नहीं बनती है, जिसको हिन्दुस्तान में कोई पसन्द नहीं करता है। देसी फार्म व्हीट की कीमत 82 रुपये मुकरर की जा रही है, लेकिन उसके बीज नहीं मिलते हैं। जो संस्था बीज पैदा करने वाली है—इंडियन कौंसिल आफ एग्रीकल्चरल रिसर्च, उसके लिए मिनिस्ट्री के बजट में 35 करोड़ रुपये की रकम मांगी गई है। इस भारी रकम से नहर निकालते या ट्यूबवैल लगाने के लिए देते। रिसर्च होनी चाहिए, लेकिन यहां क्या होता है कि गमलों में, ग्लाम हाउसिज में, थोड़ी-थोड़ी फसल उगाते हैं, उस पर तर्जुबा करते हैं और उस का एप्लिकेशन करने हैं सैकड़ों एकड़ के हिस्सा में।

इस गवर्नमेंट के ख्याल में किसान बहुत खुशहाल हो गया है और उस को हर जगह ग्रीन रेवोल्यूशन नजर आता है। लेकिन मैं कहना चाहता हूँ कि गवर्नमेंट के स्टेट फार्मर्ज तो बहुत बड़े बड़े हैं। उन में ट्रैक्टर की कमी नहीं है। नहर का पानी सब से पहले वहां मिलता है और सब से ज्यादा ट्यूबवैल वहां लगे हुए हैं। सारा फर्टिलाइजर वहां चला जाता है। लेकिन इन सब बातों के बावजूद एक भी स्टेट फार्म ऐसा नहीं है, जो नुकसान पर न चल रहा हो—सब घाटे पर चल रहे हैं। अगर बड़े बड़े स्टेट फार्मर्ज लास पर चल रहे हैं, तो किसान से कैसे यह उम्मीद की जाती है कि वह थोड़ी थोड़ी जमीन पर सारे इनपुट्स मूहैया करके फायदा उठा ले ?

यह मिनिस्ट्री किसान को ट्रैक्टर नहीं दिला सकती क्योंकि वह महकमा मिनिस्ट्री आफ हैवी इंडस्ट्रीज के पास है। वह किसान को फर्टिलाइजर नहीं दिला सकती क्योंकि वह महकमा मिनिस्ट्री आफ पेट्रोलियम एण्ड

कैमिकलज के पास है। यह मिनिस्ट्री फर्टिलाइजर फैक्टरीज को चालू नहीं कर सकती है। आज उन में इनस्टाल्ड कैपेसिटी का चालीस से पचास परसेंट ही प्राइवशन के लिए यूटिलाइज हो रहा है। जहां उन की कैपेसिटी साढ़े तीन मिलियन टन की है, वहां मुश्किल से डेढ़ मिलियन टन नाइट्रोजन और आधा मिलियन टन से कम फास्फेट पैदा किया जा रहा है। आज हमारे मुल्क को 11 मिलियन टन खाद की जरूरत है, लेकिन उस की इतनी कमी है कि नजर ही नहीं आता।

ये लोग जापान से मुकाबला करने है, लेकिन इस देश का खाद का पर-कैपिटल कनजम्प्शन जापान का 147वां हिस्सा है। हमारी गेहूं की यील्ड मिश्र जैसे देश से भी आधी है और खाद की पर-एकड़ कनजम्प्शन भी उससे आधी है।

इस के अलावा इर्रिगेशन और बिजली भी इस मिनिस्ट्री के हाथ में नहीं है। अब उल्टी गंगा बहाने की बात हो रही है। ये लोग यू० पी० में पानी नहीं दे सकते, लेकिन गंगा को पहाड़ पर चढ़ा कर दक्षिण तक ले जायेंगे। यह गवर्नमेंट बीस साल में देश भर में मिर्फ आठ मिलियन हेक्टेयर जमीन को इर्रिगेट कर पाई है। बिजली में से किसान को सिर्फ 10 परसेंट मिलती है।

किसान को जिन चीजों की जरूरत है, यह मिनिस्ट्री उन्हें नहीं दिला सकते हैं। वह उन्हें मिट्टी के तेल नहीं दिला सकती है। सस्ना कपड़ा नहीं दिला सकती। शूगर के बारे में तो बहुत अन्याय हो रहा है। किसानों के साथ इम्प्राजो सुलूक हो रहा है। शूगर का महकमा इस मिनिस्ट्री के पास है। देहात में शूगर एक आदमी को 200 ग्राम के हिसाब से मिलती है, जब कि शहर में 400 ग्राम के हिसाब से।

अगर यह मिनिस्ट्री किसान का भला चाहती है, किसान को ऊपर उठाना चाहती है, तो वह उस की जरूरियात की तरफ भी ध्यान दे। किसानों को लकड़ी, तेल, सीमेंट खाद, व बिजली की कमी है। उस पर पूरा ध्यान देना चाहिए। जमीन बांट कर, जंगलों को कटवा कर और गोबर को चूल्हों में जलवा कर यह न समझें कि किसान की पैदावार बढ़ाई जा सकती है।

SHRI K. PRADHANI (Nowrangpur): Sir, I rise to support the Demands for Grants of the Ministry of Agriculture. India is a vast country with 80 per cent of its people engaged in agriculture. It had just attained self-sufficiency in food production. But, unfortunately for us, due to the adverse weather conditions and the consequent drought and shortage of water and power, accompanied by shortage of fertilizers, the food production this year was very much below the target. In order to make up the loss, emergency food production schemes have been launched throughout the country, including improvement of minor irrigation projects, and food is imported from abroad. Then, to combat the rise in prices, the distribution of foodgrains through the public distribution system has been stepped up by intensive procurement.

The State Governments have already started taking over the wholesale trade in rice and wheat. In most of the States wholesale trade in wheat has already been taken over. As a result of that the price of wheat has come down in most of the States and in some States it has remained steady.

Coming to land reforms, after the abolition of zamindari and the princely States, the feudal system came to an end. But the big landlords and farmers retained thousands of acres of land in their possession and cultivated them with the assistance of the landless labourers. Land reform is one of the methods by which we can

[Shri K. Pradhani]

expect that some land can be distributed to the landless labourers. The Central Government have laid down some guidelines in this connection which were approved by the Chief Ministers' Conference on the 23rd July 1972. Under those guidelines the ceiling on land for a family is 10 to 18 standard acres. The best land in a State with assured irrigation, which is capable of yielding at least two crops a year, is supposed to have 10—18 acres of land. The "family" is described as husband and wife with three minor children, etc.

After issuing the instructions to the State Governments, some of the State Governments have introduced Bill to amend the Land Reforms Acts according to the guidance of the Centre. But it is noticed that some States are very rigid, not to come down from 18 standard acres and some other States are very reluctant to go beyond 10 standard acres. The definition of "family" varies in various States according to the choice of the State Government. In one State, a major son who is authorised to retain land upto a maximum of one ceiling is not authorised to retain any land in another State. Under the circumstances, with the various deviations from the guidelines of the Centre, there will be a lot of disparities between the land reforms of one State from another State. So, I would request the hon. Minister to be very strict and not to allow any of the State Governments to deviate from the guidelines given by the Centre.

Then, I come to in-puts and machinery. In our country, most of the parts of our agricultural land are without irrigation and without agricultural machinery. Most of the lands are sloppy and hilly. Tractors are not best suited to them. Machinery is also not used properly there because of the high and low levels of the land.

Agro-industries which are being financed by the Centre deal with machinery. Before the tractors go into these low and sloppy areas, it is the duty of the Government to see that bull-dozers are used to level those lands. Then only the tractors can be used there. I hope, the Centre will assist the agro-industries of the backward States to come to the level of developed States.

Due to the indiscriminate cutting of the jungles the rainfall of our country is reduced from day to day and the fertility of the soil is also reduced. I request the hon. Minister to have planned afforestation to attract better rainfall in our country and to see that the sub-soil and under-ground water is best utilised.

Coming to pilot projects of Tribal Development, there are six pilot projects in our country which are functioning since 1971-72. They are located in various parts of the country. According to the present policy of the Government, the backward areas of tribals are to get first priority or the attention of the Government. I find that naked tribals residing in remote corners of Koraput district. I feel, some more pilot projects are opened for the benefit of the tribal people in those areas.

Lastly, I want to say a word about drought conditions prevailing in our country, specially, in our State which is a tribal and a very poor State. There is no popular Government in the State. It is now under the direct control of the President and the Agriculture Ministry at the Centre which is in-charge of agriculture, allotment of funds and all these things, to relieve the starving conditions of people, to release as much funds as possible under the crash programme and other things. I request the hon. Minister to take pains to have more funds released for this State.

श्री छोटे ल ल (चैल) : उपाध्यक्ष महोदय, मैं कृषि मंत्रालय के अनुदानों के समर्थन के लिए खड़ा हुआ हूँ। फिर भी मैं कुछ अपने विचार अवश्य रखना चाहता हूँ। विगत वर्ष 1972 की प्रथम छमाही में सरकार की तरफ से यह एलान किया गया था इस सदन के अंदर कि हमारा मुल्क खाद्यान्न के मामले में आत्मनिर्भर हो गया और अब किसी दूसरे मुल्क से अनाज मंगाने की जरूरत नहीं है। मगर खेद के साथ कहना पड़ता है कि एक सूखे की स्थिति ऐसी आई कि विभिन्न प्रान्तों में सूखे के कारण गल्ले की कमी हो गई और जिन प्रान्तों में गल्ले की अधिकता थी वहां से लेकर के कमी वाले क्षेत्रों की पूर्ति की गई जिस से मारे देश में अनाज की कमी हो गई। फलस्वरूप हमें दूसरे मुल्क से लगभग 20 लाख टन अनाज मंगाने के लिए मजबूर होना पड़ा और इस कमी को देखते हुए ही सरकार को यह भी कदम उठाना पड़ा कि अनाज का और खास तौर से गेहूं का ट्रेड सरकार ने अपने हाथ में इसीलिए लिया कि अनाज की कमी है। अनाज की कमी की वजह से जो व्यापारी वर्ग मूल्यों को मनमाना ढंग से बढ़ा कर के देश के तमाम गरीब लोगों को और मध्यम वर्ग के लोगों को परेशान कर रहे थे, मनमानी कीमत पर उनको अनाज बेच रहे थे और उन का एक प्रकार से शोषण कर रहे थे, इसलिए यह कदम सरकार ने उठाया।

उस का मैं समर्थन करता हूँ और चाहता हूँ कि देश के वे नागरिक जो गरीब हैं जो मध्यम वर्ग के लोग हैं और जो कर्मचारी वर्ग के लोग हैं वह ऐसे राजनीतिक दलों के वहकाय में न आवें कि यह जो गल्ले के ट्रेड के टेक ओवर की स्कीम लागू की गई है उस के विपरीत जाये। उन के वहकावे में आने की कतई जरूरत नहीं है। यह उन्ही की भलाई के लिए कदम उठाया गया है। साथ ही साथ बहुत से किसानों को भी भड़काया

जा रहा है कि वह किसान सरकार को गल्ला न दें ताकि यह स्कीम फेल हो जाय। उस के लिए भी कई बार यहां पर प्रकाश डाला जा चुका है और मैं यह कहूंगा कि किसानों की भलाई के लिए ही यह कदम उठाया गया है। अभी-अभी पूर्व वक्ता ने बताया है कि किसानों को जो पहले व्यापारी लोग परेशान करते थे उन परेशानियों को देखते हुए यह कदम उठाया गया है। तो मैं समझता हूँ कि किसानों की भलाई के लिए ही सरकार ने यह कदम उठाया है।

अब यह देखना है कि आखिर एक झटका कभी मुल्क में सूखे का पड़ गया या कहीं बाढ़ आ गई, कहीं प्राकृतिक आपदा आ गई तो उस के कारण देश में अनाज की कमी हो गयी, ऐसी हालत में सरकार को यह देखना होगा कि हमेशा हमेशा के लिए यह समस्या कैसे हल हो? मैं जहां तक समझता हूँ हमारा देश कृषि प्रधान देश है और कोई कारण नहीं है कि अनाज की कमी यहां पर हो। मेरी समझ में यहां की कृषि की व्यवस्था बिल्कुल गलत है और वह इस प्रकार कि जो खेती करना जानते हैं उनके पास खेत नहीं हैं। जो खेत में रात दिन काम करते हैं वह मजदूर के रूप में काम करते हैं। अगर खेत उनको दे दिया जाय जो वास्तव में काम करते हैं खेत में तो मैं समझता हूँ कि ज्यादा उत्पादन हो सकता है। आज देखा क्या जाता है कि जो लोग दूसरी जगह काम करते हैं उन के पास बड़े बड़े खेतों के पट्टे लिखे हुए हैं और वह कभी भी स्वयं खेती नहीं करते। कभी खेत में उतरते भी नहीं हैं। वह करते क्या हैं कि अपने खेतों को लगान पर और अधिया पर उठा देते हैं। वह जो लगान पर या अधिया पर खेत लेते हैं वह उस में कोई अच्छी खाद वगैरह नहीं डालते, ना उसमें रासायनिक बीज डालते हैं। और ना ही उस में ज्यादा मेहनत करते हैं, पानी की सिंचाई भी कम करते हैं। इसलिये कि उनको इस बात का भय रहता है कि अगले वर्ष उन को यह खेत मिले या न मिले। यह

[श्री छोटेलाल]

एक ऐसी चीज है जो हमारे उत्पादन में बहुत बड़ी बाधक है। इसी कारण से हमारे देश में गन्ने का उत्पादन कम होता है। आज थोड़े से लोगों के हाथों में बड़े बड़े खेत हैं। वे लोग ही अनुसन्धान किये गये नये नये बीजों का, नये नये औजारों का उपयोग करते हैं—प्रश्न यह है कि क्या इन बड़े बड़े खेत मालिकों को रहने दें और वे ही अनाज की कमी की पूर्ति करें या सब को साथ लेकर चलें ?

मैं आप को बतलाना चाहता हूँ—यदि देश की नीयत इस मामले में खराब है तो बरकत कभी नहीं आ सकती। यह देश हमेशा अनाज की कमी से परेशान रहेगा। करोड़ों खेत मजदूर खेतों में काम करता है, लेकिन उन की तरफ ध्यान नहीं दिया जाता। जब कभी खेत मजदूरों की बात उठती है—मैं आप को बतलाना चाहता हूँ, यदि वे लोग किसी कारखाने में काम करते होते, तो उन्हें बहुत सी सुविधाये मिलती, लेकिन इन खेत मजदूरों को क्या मिलता है ? उपाध्यक्ष महोदय, मैं एक नया सदस्य हूँ, मैंने पिछले दो सालों में देखा है, अनेकों बार सदस्यों ने इस बात को यहां पर उठाया है—खेत में काम करने वाले मजदूरों की तरफ कोई ध्यान नहीं दिया जाता और वे आज भी भूमिहीन बने हुए हैं। उन को जो मजदूरी मिलती है, वह ऐसी मिलती है कि एक समय खा सकते हैं और दूसरे समय के लिये झींकते हैं। ऐसी स्थिति में वे क्या काम करेंगे। जो आदमी भूखा रहेगा, वह बजाय हल को गहरा चलाने के केवल लाइन ही खींचेगा, क्योंकि वह कमजोर है, उस में शक्ति नहीं है, उसे पूरा खाना नहीं मिलता है, पूरी मजदूरी नहीं मिलती है, वह हमेशा मानसिक चिन्ताओं में व्याप्त रहता है, परेशान रहता है। इसलिये सरकार को चाहिये कि वह खेतों में काम करने वाले मजदूरों की ओर विशेष ध्यान दें।

मैंने 22 दिसम्बर, 1972 को जब शेडयूल्ड कास्ट कर्मिष्ठों की रिपोर्ट पर इस सदन में बहस चल रही थी और समाज कल्याण मंत्री प्रो० नूरुल हसन साहब उस बहस का जबाब दे रहे थे, एक प्रश्न पूछा था—खेती में काम करने वाले मजदूर अधिकतर शेडयूल्ड कास्ट्स और शेडयूल्ड ट्राइब्स के लोग हैं, उन की समस्याओं के बारे में मैंने जब कभी कोई बात रखी तो कृषि मंत्रालय कहता है कि यह समाज कल्याण की बात है, उन से कहिए। समाज कल्याण से जब कहा जाता है तो वे कहते हैं कि यह लेबर मिनिस्ट्री की बात है, उन से कहिए। लेबर मिनिस्ट्री से कहा जाता है तो वे कहते हैं कि ये अन-आर्गेनाइज्ड लेबर हैं—ऐसी स्थिति में लोग क्या करें ? आज जितने मजदूर हैं, उतने ही मालिक हैं, मालिकों का संगठन अलग है, वे लोग जबरदस्त हैं और खेत में काम करने वाले मजदूर कमजोर हैं। इस लिए ये खेत मजदूर अपना संगठन नहीं बना पाते और उन के बीच में हमारे कार्यकर्ता भी नहीं जा पाते, न ही उन के पास धन है कि वे कार्यकर्ताओं को संतुष्ट कर सकें। इसीलिए मैंने यह प्रश्न प्रो० नूरुल हसन साहब से किया था और उन्होंने कहा था कि सरकार इस पर गम्भीरता पूर्वक विचार कर रही है। इस लिए मेरा आप से अनुरोध है कि आप उन की ओर विशेष ध्यान दें। मैं यह भी चाहता हूँ कि उन के काम करने के घंटे निश्चित किये जायें। सुबह से शाम तक, रात-दिन उन को काम करना पड़ता है, इस लिए उन के काम करने की अवधि निर्धारित की जाए। मैं यह भी चाहता हूँ कि उन के लिए न्यूनतम वेतन आवश्यकता के आधार पर निर्धारित किया जाए।

इन शब्दों के साथ मैं कृषि तथा खाद्य मंत्रालय की मांगों का समर्थन करता हूँ।

*SHRI M. M. JOSEPH (Peermade)
Mr. Deputy-Speaker, Sir, India is an agricultural country. Most of the people in our country, in one way or another, are connected with agriculture. In India most of the working people are agricultural labourers. Therefore, the economic prosperity of our country depends upon how much progress we achieve in agriculture. In short, the basic factor of India's prosperity is agricultural prosperity and it is a fact.

Looking into the Budget you will find that the Finance Minister emphasised the need for achieving self-sufficiency in the food front. 80 per cent of our cultivable land depend upon rains. Only 20 per cent of our cultivable land gets irrigation facilities. This was stated by the Finance Minister. He emphasised the need, therefore, for increasing irrigation facilities. He also said that dry farming techniques should be evolved. These things are said in his Budget Speech.

But if we look at the approach to the Fifth Plan we will be disappointed. The total rate of growth envisaged is 5.5 per cent. The rate of growth envisaged in agricultural is only 3.97 per cent. Out of the total outlay the amount earmarked for agriculture is only 19 per cent. In the Fourth Five Year Plan the amount earmarked for agriculture was to the order of 20 per cent. In short, in the agricultural sector in the Fifth Plan the total allotment is less by one per cent in so far as allotment is concerned. That is the painful state of affairs that we see today. To establish a strong economic condition in the country certainly we have to give more importance to the agricultural sector and more allotment should be made.

As I mentioned earlier, 80 per cent of our cultivable land depends on rains. There are many major rivers in our country which are not harnessed to the fullest possible extent

Neither the State Governments nor the Central Government have done anything decisive in this matter. Medium small-scale and major irrigation facilities should be increased by the Government. Underground water resources should be fully utilised. So far nothing has been done in this direction. Right from the north to south there should be a chain of tube-wells. Only through increasing irrigation facilities we can achieve anything in this field.

I would like to point out one more thing. As far as research is concerned it has a dominant role to play in agriculture. We have not made much headway in this field. Under the guidance of Dr. Swaminathan many research workers have been educated in the agricultural field. But most of these workers confine their work to wheat only. Even the Green Revolution was confined to wheat only. In Bengal and other eastern States and in most of the States in South India the staple food of the people is rice. Research work should be extended to other foodgrains also.

In Kerala the Government has undertaken a major scheme called the Kuttanad Development Scheme for increasing rice production. We want liberal help from the Central Government. Unless help comes certainly we cannot make much progress in this.

Research should not be confined to foodgrains only. It should be extended to cash crops and commercial crops such as pepper, cardamom and other things. As far as Kerala is concerned, coconut is a major cash crop. In my constituency—Peermade—pepper is the most important commercial crop. It brings foreign exchange to our country. But the pepper crop there is withering away because of a disease. In spite of many attempts on research we have not been able to remove the disease. Pepper is known as "black gold". The Central Government must

*The original speech was delivered in Malayalam.

[Shri M. M. Joseph]

do something in the matter and root out the disease.

Ginger is another cash crop in that area. That also has been affected by a disease. The Government must take immediate action to save the crop from this disease.

Sir, in Calicut, in the northern part of Kerala, the Development Council for Spices is functioning. But this Council, I am told, is going to be wound up. The Department of Agriculture has already taken some steps to wind up this Council. I came to know about it from a letter written by the Development Council. I got a letter from them. This is a very sad state of affairs. The Department of Agriculture should not take this action.

As far as agriculture is concerned, marginal and small-scale farmers should be given more encouragement. The Government should give more help to them. More credit facilities, more agricultural implements and more fertiliser should be provided to them. Then only we can increase production.

Surplus land is being distributed to the landless in certain States. In Kerala we have a scheme to distribute land among the landless agricultural labourers. Only those people who will carry out agricultural operations should be given the land and others should not be given. The Government should also give all facilities to those people and encourage them. As far as the agriculture is concerned we must accept the principle "sow less and reap more". That should be our motto.

15.00 hrs.

श्री धर्मराव अरुजलपुरकर (गुलबर्गा) :
उपाध्यक्ष महोदय, कृषि मंत्रालय की मांगों का मैं समर्थन करता हूँ और साथ ही साथ अपने विचारों को भी सदन के सामने रखना चाहता हूँ। भारत एक महान कृषि प्रधान देश है जिस में 75 प्रतिशत लोग खेती पर निर्वाह करते हैं। लेकिन उन को अपनी खेती

के लिए मौनसून पर निर्भर करना पड़ता है जो बिल्कुल गैर-यकीनी है जिस की वजह से केन्द्रीय सरकार ने बड़े बड़े प्रोजेक्ट्स और छोटे प्रोजेक्ट्स का काम अपने हाथ में लिया जिस से ज्यादा से ज्यादा जमीन को आवपाशी मिले। 1951 के अन्दर 588 प्रोजेक्ट्स जो लिये गये इन में से 12 साल के अन्दर 361 प्रोजेक्ट्स ही खत्म हुए हैं जिसकी वजह से आज यह कहा जा सकता है कि 10.9 मिलियन हेक्टेयर्स जमीन को जेरे आब लाया गया है। जब कि देश के अन्दर जल सम्पत्ति बहुत है और उस को हम काम में नहीं ला रहे हैं तो जो हमारी गति है, जो तरक्की हुई है ये समता है कि वह बिल्कुल सुस्त रफ्तार में हुई है। इस को तेज होना चाहिए क्योंकि हिन्दुस्तान की इकानामी खेती पर निर्भर है। खेती की तरक्की से ही हिन्दुस्तान की तरक्की है और इस के लिए जरायत की तरक्की होना जरूरी है। लेकिन इस तरफ ध्यान नहीं दिया जा रहा है।

जहाँ तक प्रोडक्सन का सवाल है कहा जाता है कि 1951 में जो 500 लाख टन पैदावार थी वह आजकल 1100 लाख टन हो गई है। लेकिन जितनी तरक्की जितना इजाफा पैदावार में होना चाहिए था वह नहीं हुआ। जो जमीन के अन्दर पोटेशियलिटी है उससे फायदा नहीं उठाया गया।

साथ ही साथ किसानों के लिए जो सुविधाएँ दी जा रही हैं, किसान की हालत पहले ऐसी थी जैसी कि एक कहावत है कि हिन्दुस्तान का किसान कर्ज में जन्म लेता है, कर्ज में उस की परवरिश होती है और कर्ज में ही मर जाता है, लेकिन इस को दूर करने के लिए सरकार की ओर से बहुत सारी चीजें की गयीं, और खास कर मैं यह कहूंगा कि 1970 में जो 14 बैंकों का राष्ट्रीयकरण किया गया जिस से कि छोटे किसानों को कर्जा आसानी से मिले, वह हमारा मकसद पूरा नहीं हुआ, और तजूर्बा यही बताता है कि छोटे किसानों

को कर्जा नहीं मिल रहा है बल्कि बड़े बड़े किसान उमसे फायदा उठा रहे हैं और ज्यादा दौलतमन्द होते जा रहे हैं। कानून की पेचीदगियों में एक सीधा सादा किसान नहीं पड़ सकता, उस के लिए यह मुमकिन नहीं है कि वह सारे कागजात बैंक के सामने पेश कर सके, इस वास्ते उन को कर्जा नहीं मिलता है। जिस तरह से बकाया रेवेन्यू वसूल किया जाता है उम तरीके से जो भी बैंक का कर्जा है, उस को उसी तरह से 10 एकड़ अगर उस की जमीन है तो पहले उस का वैल्यूएशन किया जाय, इसके लिए हर जिले में वैल्यूएशन अफसर मुकर्रर किये जाये, और उमक वैल्यूएशन के आधार पर जो भी कीमत उन की जमीन की हो सकती है, मान लीजिए कि फ्री एकड़ 1,000 रु० की कीमत है तो 10,000 रु० का वैल्यूएशन सर्टिफिकेट अगर किसान बैंक मैनेजर के पास पेश करे तो उस को पारखक दे दी जाए कि उस का क्रेडिट 10,000 रु० का है और जब चाहे वह रुपया ले सके। लेकिन ऐसा नहीं किया जा रहा है। बैंक का राष्ट्रीयकरण हुआ, लेकिन छोटे किसानों को उस से लाभ नहीं हुआ है। इस लिए इस में सुधार होना चाहिए, कानून को बदलना चाहिए ताकि छोटे किसान इस का फायदा उठा सके जिस से मालदार लोगों के दरवाजे उन को खटखटाने की जरूरत न पड़े।

जहां तक चीनी का सवाल है उस के बारे में सारे देश के अन्दर आप ने एक पौलिसी बना रखी है कि 70 फ्रीमदी चीनी कंट्रोल है और 30 फ्रीसदी डी-कंट्रोल है। लेकिन 70 फ्रीसदी चीनी नहीं मिलती है लेकिन 30 फ्रीसदी शहर हमेशा मिलती है। इस के माने यह है कि जो आपकी शहर पौलिसी है वह ठीक नहीं है। जितने भी व्यापारी को आपरेटिव सोसाइटीज हैं या फ्रेयर प्राइस शोस हैं वे सारी की सारी चीनी का ब्लैक

मार्केट कर रहे हैं। इस को बदलना चाहिए या तो आप सारी चीनी डी-कंट्रोल कर दीजिए, या सारी की सारी कंट्रोल कर दीजिए। जब तक इस नीति में कोई सुधार न हो तब तक शहर का वितरण आप करें और अगर आप नहीं कर सकते हैं तो चीनी को डी-कंट्रोल कर दीजिए। लेकिन अभी जो दुधारी तलवार है यह लोगों को तकलीफ दे रही है। और खास कर जहां अकाल है, सूखा है, वहां पर कोई आदमी चीनी नहीं लेता है, वहां की सारी चीनी ब्लैक मार्केट में जा रही है। मैं चाहूंगा कि इस ओर आप को ध्यान देना चाहिए।

अब मैं फ़ॉरेस्ट के बारे में भी कुछ कहना चाहगा, नेशनल कमिशन आन एग्री-कल्चर की ओर से यह सिफारिश की गयी है कि हर सूबे के अन्दर एक फ़ॉरेस्ट कोरपोरेशन होनी चाहिए, उस को कर्जा दिया जाएगा और उम के तहत अफ़ोरेस्टेशन के काम लिये जायेंगे। इस मिलसिले में मैसूर सरकार ने कर्नाटक फ़ॉरेस्ट कोरपोरेशन बनाया है जिस के तहत पेपर और पल्प की फ़ैक्ट्री बनाना चाहते हैं। उस के वास्ते उन को कम से कम 5 करोड़ रु० का कर्जा देना चाहिए ताकि हर एक जिले के अन्दर, जहां कहीं भी जंगलात हैं उस से फ़ॉरेस्ट वेस्ट इंडस्ट्रीज बनायी जायें जिस से ज्यादा से ज्यादा तादाद में मजदूरों को लगा सकें और उस का लाभ लोगों को मिल सके।

इस के साथ साथ एग्री इंडस्ट्रीज कोरपोरेशन के तहत हर जिले के अंदर एग्री इंडस्ट्रीज का कारखाना होना जरूरी है।

लैंड रिफार्म के तहत जमीनों के टुकड़े किये जा रहे हैं। टुकड़े करने के साथ साथ

[श्री वमराव अरुजलपुरदार]

जब तक आप छोटे छोटे ट्रैक्टर नहीं बनायेंगे, अच्छा बीज सलाई नहीं करेंगे, एग्री इंडस्ट्रीज का कारखाना हर जिले में नहीं खोलेंगे, मैं समझता हूँ कि लैंड रिफार्मिंग में फायदा नहीं होगा। एग्री इंडस्ट्रीज से लोगों की ज्यादा से ज्यादा मदद करने की सख्त जरूरत है।

हर एक डिस्ट्रिक्ट में एक एक एग्रिकल-चरल स्कूल का होना भी बहुत जरूरी है। देश में 75 फीसदी लोग जरायत पेशा है। आज पुगने खेती के जो तरीके थे उनको नज्दोज करके मैकेनाइज्ड फार्मिंग पर जोर दिया जा रहा है, खेती को माडर्नाइज किया जा रहा है। इसके लिए यह बहुत जरूरी है कि लोगों को इसकी तालीम भी दी जाए ताकि वे पैदावार बढ़ा सकें इन तरीकों का इस्तेमाल करके। इसके लिए हर एक डिस्ट्रिक्ट में एक एग्रिकल-चरल स्कूल का होना निहायत जरूरी है।

इसी तरह मैं सूरी में मैं एक एग्रिकल-चरल यूनिवर्सिटी की मांग करता हूँ। वह भी बहुत जरूरी है।

यह कहा जा रहा है कि जो गेहूँ खरीदा जा रहा है इसका डिस्ट्रीब्यूशन फॉर प्राइस गारंटी के लिए होगा। 1 लाख 60 हजार के तरीके कोओप्रेटिव सोसाइटीज देश में हैं जिन में से मैं समझता हूँ कि तकरीबन 50 परसेंट बिलकुल करंट हैं, ज्यादा से ज्यादा ब्लैकमार्केट वे करना चाहती हैं। जिस तरह से आपने प्रोक्यूरमेंट के लिए एक मशीनरी बना रखी है, स्टोरेज के लिए दूसरी बना रखी है उसी तरह से आपको डिस्ट्रीब्यूशन के लिए भी अलग से एक मशीनरी बनाना चाहिए। अगर सरकार फेयर प्राइस गारंटी पर इसके लिए डिपेंड करेगी तो मैं समझता हूँ कि यह एक धोखा होगा और लोगों को अनाज नहीं मिलेगा। कोओप्रेटिव सोसाइटीज जितती हैं उनके खिलाफ इनक्वायरी की जा और उस में अगर कोई गलत साबित हो जाए तो न सिर्फ उसका लाइसेंस रद्द किया

जाए बल्कि उसको कड़ी से कड़ी सजा भी दी जाए।

श्री अग्नि चरण दास (जाजपुर) : आज के जमाने में आदमी की सबसे पहली जरूरत खाद्यान्न की है और खाद्यान्न पैदा करने के लिए जमीन का होना बहुत जरूरी है। जमीन पर किसका अधिकार होना चाहिए? उसका होना चाहिए जो खेती करता है। जो उत्पादन करता है। जो उत्पादन करता है उसके हाथ में आज जमीन नहीं है। जमीन उनके पास है जो बड़े आदमी हैं, पैसे वाले हैं और वे शोषक वर्ग में शामिल हैं। पार्लियामेंट के मेम्बर, एम० एल० ए० तथा राजनीतिक लोगों के हाथ में आज भी बहुत जमीन पड़ी हुई है आदिवासी, हरिजन आदि जो एम. पी. हैं या एम० एल० एज० हैं उनके पास भी जमीन होगी लेकिन बहुत कम। दूसरों के पास बहुत ज्यादा जमीन है। स्वेच्छा से वे जमीन छोड़ना नहीं चाहते हैं। जब कानून बन जायेगा तभी किसी की जमीन ली जा सकेगी। मिनिस्टर, एम पी, एम एल ए सभी कहते हैं कि जमीन जिन के पास जमीन नहीं है उनको मिलनी चाहिये लेकिन कोई अपने आप उनको देता नहीं है। हमारी पार्टी वालों के पास भी बहुत है और विरोधी पार्टी वालों के पास भी बहुत जमीन है। कोई नहीं चाहता है कि जमीन के बारे में नए तरीके से लैंड रिफार्म किया जाए। वे नहीं चाहते हैं कि उनके हाथ से जमीन चली जाए क्योंकि वे समझते हैं कि इससे उनका बड़प्पन कम हो जाएगा। यही वजह है कि आज तक जमीन के बटवारे के बारे में कानून जैसा बनना चाहिए बन नहीं पाया है। पच्चीस साल की आजादी के बाद भी सही तरीके से लैंड रिफार्म नहीं हुआ है। जो हुआ भी है वह भी नहीं के बराबर है। इसका कारण यही है कि बड़े बड़े लोग, शोषक वर्ग के लोग राजनीतिक लोग इसका कराना नहीं चाहते हैं, कराने नहीं देते हैं। यह सच बात है। मैं

समझता हूँ कि जब तक राइट टू प्रापटी कायम रहेगा तब तक कुछ नहीं बन पायेगा। गांव की जमीन गांव वालों के पास होनी चाहिये। जिन गरीब आदिमियों के पास जमीन एक बीघा, आधा बीघा, दो बीघा थी भी वह भी बड़े बड़े लोगों ने हड़प ली है। मनी लैंडिंग हमारे देश में चलता है। जब पैसा वसूल नहीं होता है तो केस करके गरीब लोगों की जमीन छीन ली जाती है। बहुत से तरीकों से गरीबों की जमीन ये लोग छीन कर ले जाते हैं। मैं समझता हूँ कि जब तक राइट टू प्रापटी लैंड पर है तब तक खाम कुछ नहीं होने वाला है। जो छोटे मोटे कानून लैंड रिफार्म के नाम पर बने भी हैं, वे भी कार्यान्वित सही ढंग से नहीं हो पाए हैं। इस ओर आपका विशेष ध्यान जाना चाहिये।

जो शेयर कापर होते हैं उनको भी आज बेदखल किया जा रहा है। वे जब बेदखल होते हैं तो कोई उनकी बात कहने वाला नहीं होता है, कोई उनकी मदद नहीं करता है। बटारीदारों की कोई मुनता नहीं है। कारण यह है कि जो बड़े लोग होते हैं, पुलिस वाले अफसर, कोर्ट्स आदि उनके साथ होती हैं। कोर्ट में भी गरीबों की मुनवाई नहीं होती है, उनसे भी कुछ फायदा नहीं मिलता है।

जहां लैंड रिफार्म लागू किए गए हैं वहां जिस की जमीन दी गई है वह उस पर कब्जा नहीं कर पाता है क्योंकि दूसरे लोगों का उस पर कब्जा है। जब वह कब्जा करने जाता है तो दफा 144, 145, 107, सब लागू कर दी जाती है। उनको इस तरह से जमीन नहीं मिलती। हमारी पार्टी तथा दूसरी पार्टियों के लोग भी नहीं चाहते हैं कि गरीबों को जमीन मिले।

पिछले दो सालों में कुछ प्रगतिशील घोषणाएँ हुई हैं। 18 एकड़ की बात रखी गई है। यह भी उचित नहीं है। अगर 18 एकड़ जमीन एक परिवार के पास रहने की

छूट दी जाएगी तो क्या आपने हिसाब लगाया है कि कितने आदिमियों को जमीन मिल सकेगी? जो बेजमीन हैं उनकी तादाद बहुत ज्यादा है और 18 एकड़ से उनके हिस्से कुछ भी जमीन नहीं आती है। ऐसी स्थिति में 18 एकड़ की बात झूठी बात हो जाती है। उड़ीसा में दस एकड़ उन्होंने रखी थी। यह एक प्रगतिशील कानून था। वहां भी यह कानून पास नहीं हो पाया और इसीलिए वहां की सरकार टूट गई। मेरी प्रार्थना है कि इस कानून को यहां पास किया जाए और जहां तक हो सके इसी मेशन में किया जाए।

आपने क्रेष स्कीम चलाई है। आपने कहा है कि एक, एक डिस्ट्रिक्ट में एक एक हजार लोगों को दस महीने के लिए आप काम देंगे उनको तीन रुपया रोज मिलेगा। मैंने देखा है कि उड़ीसा में ग्रन्य स्टेट्स की तरह मे जितना पैसा इस स्कीम को दिया गया है वह भी खर्च नहीं हुआ है। दस महीने का काम भी उनको नहीं मिलता है। कोई कोई काम है जो दो महीने में खत्म हो जाता है और वे बेकार हो जाते हैं। कान्ट्रेक्टर से आप कार्य करवाते हैं। वह उनको तीन रुपया भी नहीं देता है। इस ओर भी आपका ध्यान जाना चाहिए।

इन शब्दों के साथ मैं इन अनुदानों की मांगों का समर्थन करता हूँ।

रामूजाई

*श्री **शंभूजी पटेल** (दादरा तथा नगर हवेली): सभापति महोदय, मैं केन्द्र शासित प्रदेश दादरा-नगरा हवेली का प्रतिनिधित्व करता हूँ। दादर नगर हवेली प्रदेश 90 प्रतिशत आदिवासी निरक्षर जनता का प्रदेश है। जनता का अधिकांश हिस्सा मेहनत मजदूरी करके जीवनयापन करता है। मुख्यतः सभी भूमिहीन खेतमजदूर हैं। मेरे प्रदेश में कोई खास औद्योगिक विकास नहीं हो पाया है। केन्द्र सरकार की ओर से कोई

राष्ट्रवादी

[श्री ~~संभूषण~~ पटेल]

औद्योगिक प्लान्ट पिछले 18 वर्षों से शुरू नहीं हुआ। मेरे प्रदेश में विपुल मात्रा में घास होता है अतः यदि कागज सम्बन्धी उद्योग वहां डाला जाय तो वहां की पिछड़ी हुई गरीब आदिवासी जनता के लिए वह उद्योग आशीर्वाद के समान बना रहेगा।

इस प्रदेश के सर्वतोमुखी विकास के लिए लघु उद्योग एवं कुटीर उद्योग बड़े ही उपयोगी सिद्ध होंगे।

शिक्षा का प्रसारण भी नहिबन्त है। वहां के लोगों की नई पीढ़ियों को शिक्षा भिमुख करने के लिए छात्रालयों की व्यवस्था के साथ शैक्षिक संस्थाएं बड़े पैमाने पर शुरू करनी होंगी। गरीबी के कारण बच्चों की शिक्षा के लिए सभी प्रकार की सुविधाएं सरकार की ओर से निःशुल्क किये बिना चलने वाला नहीं है। वहां की जनता तकनीकी एवं ग्रेजुएट तालीम एवं शिक्षा चाहती है। बरसों तक पोर्तुगीस शासन में गुलाम रहने के कारण इस जनता का भारी शोषण हुआ है एवं उनके ऊपर जुल्म एवं दमन हुआ है। उनका आर्थिक एवं शैक्षिक विकास नहीं हो सका, उसका मुख्य कारण भी विदेशी शासन की जकड़न ही थी। 1954 में हम परदेशी शासन की हकूमत से मुक्त हुए लेकिन इस विस्तार के उत्कर्ष के लिए जितने जल्द कदम उठाये जाने चाहिये थे वे उठाये गये नहीं हैं। परिणामतः इस विस्तार की आदिवासी जनता आजादी के बाद भी बेचारी एवं गरीब रह गई है।

दादरा-नागर हवेली एक मुक्त प्रदेश हो जाने के बाद भी वहां के जमीनदार सूदखोर चाटुकारों जैसे स्थापति हितों की ओर से जनता पर जुल्म हो रहा है उनका शोषण हो रहा है। सरकारी बाबू लोगों की लाल फीताशाही एवं परेशानियों से जनता पीड़ित है। इस जनता के समूचे

कल्याण के लिए छोटे व बड़े उद्योग शुरू करने के लिए निष्पार्ज लोन एवं बोकेशनल मार्गदर्शन उन्हें मिलने चाहिये। यह सरकार का फर्ज है ऐसा मैं समझता हूं।

दादरा-नगर हवेली में जो थोड़े बहुत छोटे किसान हैं उन्हें सरकार की ओर से कुएं बनाने एवं आयरल इंजिन खरीदने के लिये लम्बी समय मर्यादा में अदा की जा सके ऐसी लोन मिलनी चाहिये। केन्द्र सरकार की ग्राम्य आवास योजना का ज्यादा से ज्यादा लाभ इस प्रदेश को दिया जाना चाहिये।

दादरा-नगर हवेली लैंड रिफार्मिंग रेग्युलेशन 1971 जो माननीय राष्ट्रपति महोदय जी ने दिनांक 8-12-71 के दिन सरकारी गजेट में प्रसिद्ध किया है उसका शीघ्रातिशीघ्र अमल होना अनिवार्य है। अभी तक इस रेग्युलेशन का अमल नहीं हो रहा है। जनता इस रेग्युलेशन के अमल के इंतजार में बैठी हुई है। इस रेग्युलेशन का अमल होने से जमीन संपादित की जायेगी। वह जमीन तथा सरकारी जोतने योग्य जो जमीन है, वे जमीनें यदि वहां के भूमिहीन खेतमजदूरों को जल्द से जल्द मिल जाती है तो उनकी आर्थिक स्थिति में काफी सुधार हो जाएगा, इसमें कोई शक नहीं है। मैं आशा करता हूं कि इस रेग्युलेशन के अमल में अब ज्यादा देरी न होगी।

दादरा-नगर हवेली में जनमत से चुनी गई 'चायत अस्तित्व' में है लेकिन इस पंचायत के पास कोई अधिकार या मत्ता नहीं है। मैं चाहता हूं यदि गुजरात का पंचायत कानून हमारे प्रदेश में भी लागू कर दिया जाये तो हमारी पंचायत जनता के विकास कार्यों में एवं स्थानिक कारोबार में लाभप्रद साबित होगी।

दादरा-नगर हवेली के कलक्टर प्रदेश की भाषाओं से परिचित नहीं है। परिणामतः निरक्षर आदिवासी जनता गुजराती भाषी

कलक्टर की बारम्बार मांग करती रही है। विद्यमान कलक्टर दादरा-नगर हवेली के कल्याण के लिए सरकार की ओर से दी गई गत वर्ष की करीब 12.5 लाख रुपये की धनराशि भी खर्च नहीं कर सके। केवल 5.5 लाख रुपया ही वे जनकल्याण में लगा सके हैं। विद्यमान कलक्टर की उदासीनता से प्रदेश को काफी नुकसान सहन करना पड़ा है। उनके सामने जनता ने प्रदर्शन भी किया है। अतः उन्हें हटाया जाये और उनकी जगह गुजराती भाषी कलक्टर की अविलम्ब नियुक्ति होनी चाहिये।

दादरा-नगर हवेली प्रदेश में कही पूर्ण सूखे की और कही-कही अर्द्धसूखे की परिस्थिति है, फिर भी निम्नान कलक्टर ने उन स्थलों को नूखाग्रस्त घोषित नहीं किया है। वहां राहत कार्य भी नहीं के बराबर चला रहे हैं। यह एक बड़ी शोचनीय बात है।

अन्त में दादरा-नगर हवेली के कर्म-चारियों को केन्द्रीय सरकार के कर्मचारियों के हिसाब से वेतन स्केल एवं महंगाई भत्ता आदि मिल, ऐसा मेरा अनुरोध है।

श्री सतपाल कपूर (पटियाला) : चेयरमैन साहब, पिछले दिनों में हमारे मुल्क में जो एक कहत की सूरते-हाल पैदा हुई, एग्रीकल्चर मिनिस्ट्री ने उस को जिस अच्छे ढंग से कंट्रोल किया, उसके लिए मैं उसको मुबारकबाद देता हूं। इतना बड़ा डाउट हमारे मुल्क में हुआ और हमारे एक्सपोर्ट का खयाल था कि शायद हमें पांच मिलियन टन फूडग्रेन बाहर से इम्पोर्ट करना पड़े। लेकिन मिनिस्ट्री ने इम्पोर्ट के बजाये लोकल रीसोमिज के मुताबिक मुल्क में ही फूडग्रेन्ज की पैदावार बढ़ाने की तरफ ध्यान दिया। इसका नतीजा यह है कि हमारे मुल्क में फूडग्रेन्ज की पैदावार बढ़ी।

इस मुल्क की तारीख में जो एक दूसरा बड़ा काम इस साल कर रहे हैं, वह है फूडग्रेन्ज के टेक-ओवर का। आल-इंडिया फूडग्रेन्ज डीलर्स एसोसियेशन ने और हमारे मुल्क के बड़े-बड़े पूंजीपतियों की संस्था—फिकी—ने पिछले दिनों यह ऐलान किया कि इस मुल्क में ऐसे हालात पैदा किये जाय, जिससे इकानोमिक क्राइसिस और केओस पैदा हो जायें। लेकिन आज उनको मुंह की खानी पड़ रही है, हालांकि हमारे बड़े-बड़े अखबारों में लिखा होता है कि फूडग्रेन्ज का टेक-ओवर नाकाम हो रहा है।

हमारी जुबान की नजाकत देखिये कि जो आदमी एक्सप्लायटर हो, जो ब्लैक-मार्केटिंग करे, जो प्रोड्यूसर को भी लूटे और खरीदार को भी लूटे, हमारी जुबान में उसको होलसेल डीलर कहते हैं। कुछ पार्टियों के मेम्बर यहां पर महंगाई के सवाल पर बड़ी-बड़ी बातें कहते हैं, किसान के सावल पर बड़ी-बड़ी बातें कहते हैं, लेकिन जब किसान और खरीदार को बचाने का सवाल आता है, तब वे प्रोटेस्ट करते हैं। जनपथ, स्वात पट्टी और कांग्रेस (ओ) के दोस्तों को मैं याद दिलाना चाहता हू कि जब एफ०सी०आई० नहीं बनी थी, तो हमारे यहां पंजाब में जब अनाज की पैदावार मंडी में आती थी, तो ये होलसेल डीलर किस भाव पर अनाज खरीदते थे—तीस, चालीस रुपये क्विंटल। हमने प्रोटेस्ट करके, डिमांडस्ट्रेशन करके सरकार पर जोर डाला कि वह अनाज के प्रोड्यूसर्स को बचाये और उनको मिनिमम प्राइस दिलाये। कुछ साल पहले एफ० सी० आई० को कायम किया गया। जिन भाइयों की बुद्धि फिर गई है, या जिनकी हमदर्दी बड़े बड़े पूंजीपतियों से है, मैं उनको बताना चाहता हूं कि अगर सरकार आज अनाज के व्यापार की खुला छोड़ दे और किसान में न खरीदे और उस पर कंट्रोल न रखे, तो जिस एरिया से मैं आता हूं, वहां ये ब्लैक-मार्केटियर्स गन्दुम की कीमत पचास रुपये क्विंटल से ज्यादा देने वाले नहीं हैं, हालांकि गवर्नमेंट 76 रुपये और 84 रुपये

[श्री सत्यपाल कपूर]

दे रही है। और वह कहते हैं कि बड़ी बेकारी होगी, सरकार ने अनाज का व्यापार अपने हाथ में लिया है, उससे बड़ी भारी बेकारी होगी। मैं इनसे कहना चाहता हूँ कि आख खोल कर कभी पंजाब और हरियाने की तरफ चले। वहाँ पर देखें तो इनको दिखाई देगा, हमारे यहाँ पिछले दो साल से कोई होलसेल डीलर नहीं है। 11 हजार कच्चे आढ़ती है जिनकी मार्फत हम प्रोक्योरमेंट करते हैं। 25 ऐसे हैंड्स हैं जो अनाज के प्रोक्योरमेंट और डिस्ट्रीब्यूशन को डील करते हैं। किमान के धर से लेकर मार्केट तक, मार्केट से एफ० सी० आई० के स्टोर तक, एफ सी आई के स्टोर से मिलिंग तक और मिलिंग से डिस्ट्रीब्यूशन सेंटर तक, डिस्ट्रीब्यूशन सेंटर से डिपो तक 25 हाथ ऐसे हैं जो इस प्रोक्योरमेंट और डिस्ट्रीब्यूशन को डील करते हैं। इनमें कोई बेकार होने वाला नहीं है। 24 हैंड्स तो आपके कायम रहेंगे। लेकिन एक जो ब्लैक-मार्केटियर होलसेलर है वह नहीं रहेगा। वह खत्म होगा और सरकार ने जो किया है वह ठीक किया है, हम उसकी पूरी तरह से सपोर्ट करते हैं।

अभी यह कहा गया कि 7 मई से कोर्स ग्रेन का व्यापार होलसेल वाले नहीं करेंगे। एक किस्म का कैम्पेस क्रियेट करने की कोशिश की जा रही है। मैं यह मतालवा करन चाहता हूँ कि आप कोर्स ग्रेन का काम भी अपने हाथ में लीजिए। इन पर डिपेंड मत कीजिए। अगर आप इन पर डिपेंड करेंगे तो आपका काम चलेगा नहीं।

इसके साथ साथ आपका जो एसेंशियल कमोडिटी ऐक्ट है उसमें दाल और खाने के बीज जो हैं, तेल है, वनस्पति घी है, इनको उसमें दर्ज नहीं किया है। तमाम यहाँ पर हल्ला करने वाले लोग जो हैं वह इनका बिजनेस करते हैं। आप इस ऐक्ट को इन पर भी लागू कीजिए।

इस काम में आपको सबसे ज्यादा जो बढ़ावा देने की जरूरत है उसकी ओर आप ध्यान दें। सारी इंडिया में जो आप प्रोक्योरमेंट करते हैं उसका 65 परसेंट पंजाब और हरियाने से मिलता है। उसमें भी होलसेल डीलर इन्वाल्ड नहीं हैं। एफ सी आई जो है, ठीक है उसमें आप एक बहुत एफिशियेंट आदमी को चेयरमैन के रूप में लाए हैं, मैं उसका स्वागत करता हूँ, लेकिन हमारे यहाँ एक दिक्कत आ रही है। वह यह कि एफ सी आई प्रोक्योरमेंट थ्रू कोऑपरेटिव सोसाइटीज नहीं करती। जो हमारे किसानों की कोऑपरेटिव सोसाइटीज है, एफ सी आई दस लाख टन जो वहाँ से डायरेक्ट लेती है, वह थ्रू कोऑपरेटिव नहीं कर रही है, इस चीज को देखने की ओर इसके ऊपर ध्यान देने की जरूरत है।

दूसरे, जितने आप के मिडिल मैन और बिजनेस मैन हैं वह जब कांट्रैक्ट देते हैं, टेंडर देते हैं तो लोअर टेंडर देते हैं। उस का परपज एक होता है कि बाद में अंडर वेटेज कराएंगे, पानी डालेंगे, तमाम चीजें करेंगे ताकि कोऑपरेटिव को बीच से निकाल सकें। इस फूड टेक ओवर के काम को आप तभी कायदाव कर सकते हैं जब आप मैक्सिमम कोऑपरेटिव पर डिपेंड करेंगे। अगर एफ सी आई में आप के लोअर लेवल पर लगे हुए लोग यह समझे कि कोऑपरेटिव को फेल करना है तो आप का यह परपज पूरा नहीं होगा। इसलिए कोऑपरेटिव पर ज्यादा से ज्यादा डिपेंड करने की जरूरत है।

अनाज की पैदावार बढ़ाने की जरूरत है। आप के यहाँ बैठे हुए कुछ एक्सपर्ट्स कहते हैं, आप ने अनाज मंगाया, उस में फूड की जगह फीड आया और वह मिला हुआ आया। तो उस की जगह आप मुल्क में अनाज की पैदावार और बढ़ा सकते हैं। अभी कुछ स्टेट्स ने प्रोपोजल्स आप के पास भेजे हैं कि आप एडिशनल एमाउंट हमें दें तो जैसे पंजाब

सरकार ने कहा है कि 35 करोड़ रुपया आप दें तो एक मिलियन टन अनाज हम आप को बढ़ा कर दे सकते हैं। इसी तरह से हरयाने की सरकार ने कहा है और इसी तरह से यूपी की सरकार ने कहा है। तो आप इम्पोर्ट की तरफ जाने के बजाय यह ऐडिशनल रिसोर्स स्टेट्स को प्रोवाइड करें, बिहार ने भी कहा है और लोगों ने भी कहा है, तो अनाज की पैदावार बहुत बढ़ सकती है और आप को एक्सपोर्ट में जाना पड़ेगा।

इस के साथ साथ ऐग्रीकल्चरल इनपुट्स को आप निक अप कीजिए ऐग्रीकल्चरल प्राइस से। अगर ऐग्रीकल्चरल इनपुट्स की कीमत बढ़नी है तो उस वक्त आप को सोचना पड़ेगा। जैसे आप मराकरी मुलाज्मोन का महंगाई भत्ता निक अप करते हैं अगर इस उम्मीद के आप माने और माने नहीं मानना पड़ेगा, आज नहीं एक साल के बाद, दो साल के बाद मानना पड़ेगा, ऐग्रीकल्चरल इनपुट्स को आप को निक अप करना पड़ेगा प्रोडक्शन से और एक तज्जवीज आर देना चाहता हूँ कि प्रोक्योरमेंट प्राइस और डिस्ट्रीब्यूशन प्राइस आप व्यूरोक्रेट्स पर न छोड़िए कि वह इस का असेस कर के दें। मॉनिटर कैबिनेट मिनिस्टर्स की एक कमेटी बैठ कर इस बात को सोचे कि प्रोक्योरमेंट प्राइस और डिस्ट्रीब्यूशन प्राइस क्या हानी चाहिए।

एक यह एनान करना बहुत जरूरी है कि अनाज के डिस्ट्रीब्यूशन को जो प्राइस आप ने मकरर को है वह किसी कीमत पर भी बढ़ने न दी जाय। सारे मुल्क में अनाज की एक ही प्राइस रहेगी। इस समय व्यापारी केअस क्रियेट करना चाहते हैं। अबबार वाले उन का साथ दे रहे हैं। हमारे भाई मूख्तलिफ रंगों वाले उन का साथ दे रहे हैं।
... (व्यवधान) ... वह सत्याग्रह करेंगे

या उलटाग्रह करेंगे, उस से कोई घबड़ाने की बात नहीं है।

एक दूसरी बात यह न कि शहर को आप इम्मीडिएटली नेशनलाइज कीजिए। शहर का नेशनलाइजेशन आप को इम्मीडिएटली करना चाहिए।

श्री एम० सत्यनारायण राव (करीमनगर) : सभापति जी, अपना भाषण शुरू करने से पहले मैं आप का शुक्रिया अदा करता हूँ कि आप ने मुझे इस अनुदान पर अपनी बात रखने का मौका दिया। गुजिस्ता साल जब इस डिमांड पर चर्चा हो रही थी उस वक्त सब मेम्बर्स ने यह राय जाहिर किया कि यह मिनिस्ट्री बहुत अच्छा काम कर रही है और वह बिल्कुल ठीक भी था। इस राय से मैं भी मुतफिक था। लेकिन इस साल क्या देखते हैं कि ग्रीन रेवोल्यूशन कहा गया? इस लिए मैं इस मिनिस्ट्री को जिम्मेदार नहीं ठहराता। इसलिए कि यह मिनिस्ट्री दूसरी मिनिस्ट्रीज पर मुनहमर है जैसे इरीगेशन और पावर मिनिस्ट्री पर और पेट्रोलियम एंड केमिकल्स मिनिस्ट्री पर यह निर्भर है। आज तो हम देखते हैं कि पानी नहीं है और जो कुछ भी पानी बावलियों में है उस को निकालने के लिए एलेक्ट्रिसिटी नहीं है। अनाज ज्यादा उगाना है तो उस के लिए फर्टिलाइजर चाहिए, लेकिन आज फर्टिलाइजर मार्केट में नहीं है। ये चाजे इन महकमें के हाथ में नहीं हैं। किन्तु इन का असर बहुत काफी पड़ता है। किसान आज कितनी मशकला में है यह आप लोग अच्छी तरह से जानते हैं कि उनका क्या तकलीफात है। उस का कैसे सान्त्व करने जा रहे हैं यह मेरी समझ में नहीं आता। आप अपने साथी दूसरे मिनिस्टर्स से बात कीजिए कि यह कैसे करना है। एलेक्ट्रिसिटी बढ़ानी है, फर्टिलाइजर यहा ज्यादा नहीं है तो इम्पोर्ट कीजिए, इरीगेशन कैसे करना है, यह आप सोचिए और करिए।

[श्री एम० सत्यनारायण राव]

एक चीज पर मैं ज्यादा जोर देना चाहता हूँ और वह है लैंड रिफार्म। लैंड रिफार्मस के लिए मैं सरकार को कांप्रेचुलेट करूंगा जो वह ले आई है। लेकिन कहा तक उन पर अमल हो रहे हैं यह सोचने की चीज है। बिल्कुल अमल नहीं हो रहा है। आन्ध्र प्रदेश की बात मैं कहता हूँ। वहाँ लैंड रिफार्मस आप लाए हैं लेकिन अब तक उस का कुछ इम्प्लीमेंटेशन नहीं हो रहा है। यह बात सही है कि वहाँ इस समय पापुलर गवर्नमेंट नहीं है। लेकिन सेंट्रल ऐडमिनिस्ट्रेशन है। आप के आदमी वहाँ एडवाइजर हैं। वह बहुत कुछ कर सकते हैं। लेकिन वहाँ उस पर कुछ अमल नहीं हो रहा है। इस में पहले भी मैं ने यहाँ यह अजें किया था। उस की वजह से लोगों को कितनी तकलीफें उठानी पड़ रही हैं यह आप अच्छी तरह से जानते हैं। एक आर्डिनेंस लागू है जिस से वह अपनी जमीन को बेच नहीं सकते। वह अपना खेत मार्टिगेज नहीं कर सकते। मार्टिगेज न करने से उन को लोन नहीं मिलता। बैंक वाले कहते हैं कि कानून ऐसा है। मार्टिगेज नहीं कर सकते इसलिए हम कुछ लोन नहीं दे सकते। लोन के बाँर वह काश्त कैसे करेंगे? ज्यादा बड़े बड़े जितने किसान हैं उन को कोई दिक्कत नहीं है लोन आवंटन करने में लेकिन जो छोटे छोटे किसान हैं जो मार्जिनल और स्माल फार्मर्स हैं उन को बहुत तकलीफ हो रही है। वह जब भी वहाँ जाते हैं तो उन को कुछ भी नहीं मिलता है। दूसरे, अगर आप कुछ लोन किसी तरह देते भी हैं तो वह क्या करते हैं कि उस लोन को अपनी फेमिलि को मेंटन करने में लगाते हैं। उस से वह डेवलपमेंट का काम नहीं करते हैं। आप बावलियों के लिए लोन दे रहे हैं, बैल खरीदने के लिये दे रहे हैं, दूसरे इन्पुट्स खरीदने के लिए दे रहे हैं, तो वह उस से यह न खरीद कर के उस रूँते को अपनी फेमिलि पर खर्च

कर के खत्म कर रहे हैं, इस के लिए मेरी रिक्वेस्ट है गवर्नमेंट से कि वह इसको देवे। उन लोगों को लोन देने की बजाय डेवलपमेंट ट्रान्ट दीजिये, जिस से कि वे लोग काम कर सकें। उन को फेमिलि मेंटनेन्स के वास्ते कुछ दीजिये, अगर इस तरह से आप उन को पांच साल तक मेंटन करेंगे तो फिर आगे चल कर वे लोग अपना केन्ट्रीवूशन दे सकेंगे।

कोऑपरेटिव मोसायटीज के बारे में मैंने पहले भी कहा था। वहाँ बड़ा कर्गजन और इन्फिनिशियन्सी है। कोऑपरेटिव के बारे में ज्यादा दिलचस्पी ले कर, कैसे उन को रिफार्म करना है, उस के बारे में सोचने।

मैं इस मिनिस्ट्री का बधाई देना चाहता हूँ। इस लिये कि दूसरी मिनिस्ट्री वाले इस काम में दिलचस्पी नहीं ले रहे हैं, हालांकि हमारे देश के 80 फीसदी लोग खेती पर मुनहमिर हैं। चूँकि यह मिनिस्ट्री उन के लिये दिलचस्पी ले रही है, इस लिये बधाई देना लाजमी हो जाता है। लेकिन हमारे यहाँ जितने मेम्बरज हैं, किसानों के लिये हम लोग मोच रहे हैं, दिलचस्पी रखते हैं, लेकिन यहाँ पर ज्यादातर ट्रेड यूनियन या दुनिया भर की दूसरी चीजों के बारे में शोर होना है, एन० जी० ओज के मुतालिक बातें इतनी हैं, लेकिन जब हम लोग किसानों के बारे में बात कहते हैं, तो हमारे कुछ भाई हम को कुलक बोलते हैं। कुलक क्यों बोलते हैं, क्या वगैर किसान के आप कायम रह सकते हैं, जो किसान मेहनत कर के आप को अनाज देता है उस को कुलक बोलते हैं। अगर कोई उन की वकालत करता है तो उस को कुलक और रीएक्शनरी कहा जाता है

श्री सतपाल कपूर : कुलक और है, किसान और है।

श्री एम० सत्यनारायण राव : यह नहीं होना चाहिये। फार्मस फोरम को कुलक कहा जाता है। यहाँ एग्रर-कन्डीशन में

बैठने वाले किसानों की तकलीफों को नहीं समझ सकते...

श्री रामादितार शास्त्री (पटना) : हम को मालूम है ।

श्री एम० सत्यनारायण राव : अगर मालूम होता तो ऐसी बात नहीं कहते । किसानों को आज क्या तकलीफ है—उमके पास पानी नहीं है, फर्टिलाइजर नहीं है । उन के लिये लैंड, उन को ये चीज दिलवाये, जिस से वे ज्यादा उगायेंगे और पूरी तरह से आप को खिलायेंगे ।

श्री रामचन्द्र बिकल (वागपत) : सभापति महोदय, कृषि अनुदानों पर जो बजट की मांगें हैं, उनका समर्थन करते हुए मैं कुछ बातें सदन के सामने निवेदन करना चाहता हूँ । यह बात सही है कि इस देश के किसानों ने अपना खून पसीना बहाकर इस देश को अन्न के मामले में आत्म-निर्भर किया, लेकिन किसान की कठिनाइयों को गम्भीरता से नहीं सोचा गया, जिस तरह से सोचना चाहिये था और इसी का यह परिणाम हुआ है कि हम जितने आत्म-निर्भर हुए, इन चन्द सालों में फिर पीछे पड़ गये और फिर कुछ बाहर से अन्न मंगाने की बात चल रही है ।

प्रो० शेर सिंह जी के कल के वक्तव्य को मैंने पढ़ा, उनका कहना है कि 40 लाख टन अनाज ज्यादा पैदा होगा

कृषि मंत्रालय में राज्य मंत्री (प्रो० शेर सिंह) : रबी में ।

श्री रामचन्द्र बिकल : जी हाँ, रबी में । अगर ये आँकड़े सही हैं तो मैं इस देश को और इस सरकार को बहुत भाग्यशाली मानता हूँ, क्योंकि देश के कई राज्यों में अकालड़ा हुआ है, बिजली का देश व्यापी संकट है,

इंजीनियर्स की हड़ताल रही है, अनेकों कठिनाइयों के बावजूद भी पैदावार बढ़ रही है तो इसमें कोई शक नहीं कि सरकार और इस देश के किसान बघाई के पात्र हैं ।

लेकिन, सभापति महोदय, यह जरूर कहना चाहूँगा कि ज्यों-ज्यों किसान ने देश के बारे में सोचा, मेहनत की, सरकार का दृष्टिकोण कुछ उस तरफ अभी नहीं गया है । अभी कुछ ही खुशहाली देश में आई थी कि राज कमेटी बैठ गई, उसमें किसानों पर आय-कर का मामला लाद दिया गया । इस राज कमेटी की रिपोर्ट अभी तक हमको हिन्दी में प्राप्त नहीं हो सकी है । इस आय-कर में किसान उलझ जायेंगे, क्योंकि किसान दो बहियाँ नहीं रखता है, अलग में रजिस्टर नहीं रखता है । किसानों के साथ यह सही व्यवहार नहीं किया जा रहा है ।

एक दूसरी समस्या किसानों के साथ भूमि अधिग्रहण कानून की है । चाहे बढ़ते हुए शहर हों या सरकारी योजनायें हों, उनकी जमीन को ले लिया जाता है, मैं समझता हूँ कि यह उनके साथ भेद किया जा रहा है । इसी दिल्ली के अन्दर 3-4 रु० गज का मुआवजा किसानों को दिया गया है, लेकिन उसके बाद मेरी सही जानकारी है—इसी दिल्ली के अन्दर सरकार ने उम जमीन को 2000 रु० गज और 1800 रु० गज में बेचा है और बेच रही है । आखिर किसानों ने क्या कुसूर किया है, सरकार इतना बड़ा मुनाफा क्यों लेना चाहती है—मुझे यह किसानों के साथ भेद-भाव मालूम देता है, जो मिटना चाहिये ।

इसी से सम्बन्ध रखने वाली एक दूसरी बात भी है—योजनाओं के नाम पर बहुत सारी जमीनें ले ली गई हैं, आज भी दस-दास और बीस-बीस साल से जमीनें एक्काई पड़ी हुई हैं, मैं ऐसी हजारों योजनायें गिन सकता हूँ, लेकिन समय नहीं है । जब इस

[श्री राम चन्द्र बिकल]

तरह से किसानों की जमीन का अधिग्रहण किया जाता है और उस पर 20-20 साल से काम न हो, तो देश की पैदावार कैसे बढ़गी। जहां पर भी आपने योजना से ज्यादा जमीन ली है, उस पर खेती कराइये। शास्त्री जी ने तो कोठियों में भी गेहूं उपजाने की बात कही थी तो फिर इन जमीनों को क्यों खाली छोड़ रखा है। हमारे देश पर अन्न का संकट आया हुआ है, अगर हमारे देश की अधिकतम भूमि का इस्तेमाल हो जाये तो हम विदेशों के मोहताज नहीं रह सकते।

सिंचाई के साधनों का इस्तेमाल होना चाहिये। आज हमारे देश में 23 प्रतिशत भूमि सिंचित भूमि है, इस के आंकड़े को बढ़ाइये तो इस देश के किसान इतनी पैदावार करेंगे कि हमको अमरीका की तरफ देखने की जरूरत नहीं रहेगी—लेकिन इसके लिये प्रोत्साहन दीजिये।

सभापति महोदय, किसान की मेहनत और लागत दोनों के मुताबिक सरकार अभी उसको मूल्य नहीं दे रही है, अगर उसकी मेहनत और लागत का हिसाब लगाकर उसको मूल्य दिया जाये तो पैदावार ज्यादा बढ़ सकती है। इस देश में किसानों की उपेक्षा इसलिये है कि वह हड़ताल नहीं जानता, न स्ट्राइक करता है न भूख हड़ताल करता है, न आंदोलन करता है। इसीलिये किसानों की कठिनाइयों को नहीं समझा जाता। सरकारी कर्मचारी जो किसानों से कई गुना ज्यादा तनख्वाह पाते हैं, व हड़तालें करते हैं और सरकार उनके सामने झुक जाती है, उनका वेतन भत्ता बढ़ा देती है, मजबूर होकर बढ़ाती है। लेकिन किसान मजबूर है, वह मुनाफ़ा कमाने का आदी नहीं है—इसलिये सरकार को उनकी समस्याओं पर गम्भीरता से सोचना चाहिये।

सभापति महोदय, कल कोई माननीय सदस्य कह रहे थे कि चीन और रूस भी बाहर

से अन्न मंगा रहे हैं—मैं इसको कोई अच्छा उदाहरण नहीं समझता। आज रूस, चीन और भारत जिन देशों से अन्न मंगा रहे हैं, हमको देखना चाहिये कि उन देशों में—चाहे अमरीका हो, आस्ट्रेलिया हो, कनाडा हो, वहां के किसानों को सरकार की तरफ से क्या रियायतें दी जाती हैं, उनके साथ कैसा सलूक किया जाता है। इस प्रकार के उदाहरण कोई अच्छी उपमा नहीं कहे जा सकते।

बहुत दिनों से किसानों की मांग है कि फसलों और पशुधन का बीमा किया जाय। यहां पर घोषणा भी हुई, लेकिन उस पर राज्यों में अमल नहीं हो रहा है और केन्द्र में भी कोई काम नहीं हो रहा है। साथ ही साथ मैं यह भी कहना चाहता हूं कि केन्द्र और राज्य की योजनाओं में कुछ सामंजस्य नहीं है—चाहे खेती के बारे में हो, वन विभाग के बारे में हो, या पशुधन के बारे में हो। इसलिये केन्द्र और राज्यों में आपसी सामंजस्य होना चाहिये। यदि यह सामंजस्य हो तो मैं समझता हूं कि हमारी पैदावार बढ़ सकती है और हम आत्मनिर्भर हो सकते हैं।

किसानों के साथ बिजली के मामले में भी भेद होता है। बिजली का रेट उद्योगों के लिए भिन्न है और सिंचाई के लिए भिन्न है। सरकार को चाहिये कि इस भेद को मिटाये। सिर्फ बिजली ही नहीं ऋण में भी भेद होता है, किसानों के लिए सूद ज्यादा लगता है, जबकि उद्योगों के लिये कम लगता है। सरकार इन भेदभावों के बार में गम्भीरता से सोचे।

मैं संक्षेप में कहना चाहता हूं कि एटम बम से ज्यादा बड़ी मार अन्न की होती है, नागासाकी और हिरोशीमा में जितने आदमी नहीं मरे, उस से ज्यादा 45 लाख आदमी एक ही दफ़ा में बंगाल में अकाल से मर गये। इसलिये उत्पादन करने वाले किसान को साधन देने होंगे, सामान देना होगा, तब वह इस देश को आत्मनिर्भर बना सकेगा और तब हमें दुनिया के किसी भी देश की तरफ

सहायता के लिये नहीं देखना होगा। जहां हम शस्त्रों में आत्मनिर्भर होना चाहते हैं, वहां अन्न में भी आत्मनिर्भर होना चाहते हैं। यदि अन्न के मामले में देश आत्मनिर्भर होगा तो हमें विदेशों की तरफ नहीं देखना पड़ेगा। इस देश के पसीना बहाने वाले किसान को प्रोत्साहित किया गया तो एक दिन वह स्थिति आ सकती है कि हम दूसरे देशों को अन्न भेज सकेंगे। मगर मैं इतना जरूर कहूंगा कि किसान की तरफ सरकार की उदार दृष्टि होनी चाहिये और किसानों को इस देश में सम्मान और साधन दोनों देने चाहिये।

श्री दलीप सिंह (वाह्य दिल्ली) : सभापति महोदय, मैं कृषि मंत्रालय की मांगों का समर्थन करना चाहता हूं। अभी हमारी सरकार ने जो फैसला किया है अनाज का होल सेलट्रेड अपने हाथ में लेने का, उस का भी मैं समर्थन करता हूं। आज जब यह बात चली है कि गेहूं का ट्रेड सरकार ने अपने हाथ में लिया, तो जैसा मेरे पहले कई माथियों ने कहा और मुझे भी दो, चार दिन हरियाणा और पंजाब के गांवों में जाने का मौका लगा है, मैं ने देखा कि वहां पर किसानों के अन्दर एक प्रोपेगन्डा यह कर रहे हैं कि रुपया देते हैं अनाज मार्किट में न ले जाओ। वह रुपया किसानों को बांट रहे हैं और कहते हैं अनाज मार्किट में न ले जाओ, गेहूं तेज होगा, सरकार सस्ता गेहूं खरीद रही है। माननीय विकल जी ने जो बात कही वह ठीक कही, सभापति जी मैं एक किसान हूं और मुझे पता है कि किसान को कितनी मेहनत करनी पड़ती है और कितनी लागत लगा कर उस को अनाज और गेहूं पैदा करना पड़ता है। बात तो ठीक है कि सरकार ने गेहूं का 76 रु० और 84 रु० भाव मुकर्रर किया। किसान के अन्दर एक आदत रही है हमारे देश के अन्दर कि देश को अनाज की जरूरत होती है तो वह अनाज पैदा करने की पूरी कोशिश करता है, जब जवानों की जरूरत होती है सड़वाई में भेजने के लिये तो वह किसान

जवान भी देता है देश के लिये, फिर भी उस को सम्मानित नहीं किया जाता। आज देश का किसान इस बात को जानता है कि हमारी सरकार और प्रधान मंत्री ने जब जब उस का आवाहन किया तब उन्होंने यह कहा कि देश को अनाज में आत्मनिर्भर बनाना चाहिये तो उस ने खूब मेहनत की और देश को आत्मनिर्भर बनाने की कोशिश की। आपने 76 रु० का भाव मुकर्रर किया तो वह इस बात का स्वागत करता है। आज भी हमारी प्रधान मंत्री और भारत सरकार यह चाहती है कि हम अनाज देश के लिये दें और पूंजीपतियों और ब्लैक मार्केटियर्स से बचें, तो किसान 76 रु० के भाव पर भी गेहूं देने को तैयार है। लेकिन 76 रु० का भाव मेरी समझ में जायज नहीं है, उस को आप ने ठीक करना होगा। मैं कृषि मंत्रालय से निवेदन करूंगा कि किसान को कम से कम बेहतर भाव देना चाहिये, 76 रु० का भाव थोड़ा है। लेकिन फिर भी किसान आप के साथ है, वह 76 रु० पर भी अनाज देने को तैयार है। वह जानता है, एक जमाना था जब किसान की गाड़ी जा कर के मंडी में खड़ी होती थी तो मंडी के सारे लाले चारों तरफ से आ जाया करते थे और उस को नीलाम करते वह लाला लोगों की मर्जी पर निर्भर करता था कि उस के माल को 40 या 50 रु० क्विंटल के भाव पर बेचें। किसान का उस में कोई दखल नहीं रहता था। और आप जानते हैं कि जिस माल का नीलाम होता है वह दिवालिया कहलाता है। जब दिवाला निकलता है तो सब चीजें नीलाम की जाती हैं ताकि कर्जदारों को रुपया दिया जा सके। किसान का माल नीलाम करने में और समझते थे कि वह दिवालिया है। लेकिन कम से कम आज किसानों को यह तो भरोसा है कि 76 रु० और 84 रु० का भाव तो मिलेगा ही। लेकिन मैं मंत्री महोदय से प्रार्थना करना चाहता हूं पिछले दो सालों से यहां कई बार इस बात का जिक्र आया कि हमारे फूड कारपोरेशन के जो इन्स्पेक्टर

[श्री दिलीप सिंह]

महै' दिल्ली के अन्दर नला और नज़फ़गढ़ मार्किट में, और इसी तरह ५० पी० और हरियाणा में जो हमारे इंस्पेक्टर जाते थे वहां पर किसान के माल को पास करने के लिए, आज किसान डरता है, उन्होंने मुझ कहा कि भाव तो ठीक है, लेकिन जो हमारा माल रिजेक्ट किया जायगा उस का जिम्मेदार कौन होगा। वह इंस्पेक्टर एक छोटा सा अधिकारी है जो किसान के माल को रिजेक्ट करता है और वही माल वहां के लाला लोग खरीद कर, 60 रु० में खरीद कर 76 के भाव पर उसी मंडी में अगले दिन किसी दूसरे किसान का नाम ले कर के सरकार को दे देते हैं। मैं मंत्री महोदय से कहूंगा कि अगर इस दफ़ा किसान के साथ यह बात की गयी तो किसान इस बात को बर्दाश्त नहीं करेगा, वह जागृत है अपने अधिकारों के प्रति। उस के माल को ठीक कीमत पर खरीदे ताकि मार्किट में उस का माल खराब न हो और किसी पूंजीपति के पल्ले न पड़।

मैं ने पिछली दफ़ा बताया था कि, माननीय विकल जी ने राज कमीशन की रिपोर्ट का जिक्र किया, मैं ने कहा था कि दिल्ली के इर्द गिर्द पूंजीपतियों, ब्लैक मार्केटियर्स ने अपने बड़े बड़े फ़ार्म बना लिये हैं और वहां पर अंगूर की बेलें लगायी और एक एक आदमी ने अपने फ़ार्म से 30,000 रु० 40,000 रु० की आमदनी दिखायी है जब कि आठ आने किलो अंगूर को कोई नहीं पूछता है दिल्ली के अन्दर अब चूँकि खेती की आमदनी पर भी टैक्स लग गया तो मैं दावे से कह सकता हूँ कि वे लोग अंगूर की बेलों को उखाड़ फेंक देंगे। मैं खास तौर से कृषि मंत्री जी श्री फ़ख़रुद्दीन अली अहमद से कहना चाहता हूँ कि कम से कम उन की गिरदावरी वह कभी कभी गमा कर देखें कि बेइमानों ने जो गरीब आदमी का खून चूसना चाहते हैं आया वह अब अंगूर की बेलें उखाड़ रहे हैं कि नहीं।

अब वह उस ज़मीन को खाली रखेंगे ताकि उन पर इन्कम टैक्स न लगे। मैं चाहता हूँ कि जो आमदनी उन्होंने पिछले सालों में दिखायी है उसी पर टैक्स लगे ताकि उन को भी फल मिले जिस तरह उन्होंने गरीब किसानों को मारा। किसान के ऊपर राज कमीशन ने टैक्स लगाने की सिफारिश की जिस के आधार पर ऐग्रीकल्चर से होने वाली आमदनी पर अब टैक्स लगाया गया है। यह गलत बात है। किसान अनपढ़ है वह नहीं जानता कि इन्कम टैक्स की किताबें कैसे रखें। एक गरीब आदमी का लड़का 5, 6 हजार रुपये साल कमाता है और खेती से भी उस को हजार, दो हजार रु० की आमदनी है तो उस पर 8, 10 हजार रु० पर इन्कम टैक्स लग जायगा। इस पर कृषि मंत्रालय विचार करे और किसानों को इस मुसीबत से बचाने की कोशिश करे।

हमारे साथी विकल जी ने कहा कि दिल्ली के अन्दर किसानों को अपनी ज़मीन के तीन, चार रुपये गज के हिसाब से दाम मिले, जो उन की ज़मीन ऐक्वायर की गयी। सभापति महोदय, मेरा कहना है कि 8 आने से ले कर 3 रु० तक के उन को दाम मिले। मुझे कोई दुख नहीं था अगर वह ज़मीन उन लोगों को दी जाती जिन के पास घर नहीं थे। लेकिन वह ज़मीन उन को दी गयी जिन के पास 5, 7 कोठियां पहले से मौजूद हैं, और मैं इस का सबूत दे सकता हूँ, उन्होंने वह कोठियां अपने रिश्तेदारों के नाम कर के 800, 1200 गज में अपनी नई कोठियां बनायीं। किसानों के पास अपने जीवन यापन के लिए कोई साधन नहीं रह गया है। दिल्ली में 112 गांवों की ज़मीन ऐक्वायर हुई है, आज दिल्ली के मज़दूर, किसान बिल्कुल बेकार हैं, बरोज़गार हैं, उन के पास कोई काम का रास्ता नहीं है, और जो छोटा मोटा मुआवजा मिला भी वह खा गये। तो इस बात का ध्यान रखिये कि किसान की ज़मीन को इस तरह न लूटा जाय।

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE): Sir, I am thankful to you for permitting me to intervene in this debate because my senior colleague would be replying to the debate tomorrow morning. At the outset I wish to put on record my very sincere thanks to all the Members and all sides of the House for very generous observations made in regard to the functioning of my Ministry and general goodwill expressed towards my Ministry. I am not afraid of criticism. In fact, criticism should be always welcome provided it is well-informed criticism.

16.00 hrs.

Before I go into the other matters, I wish to thank the very large number of Members who have participated in the tours arranged by my Ministry. This has never happened. 125 Members have so far participated in the tours organised by my Ministry.

SHRI M. SATYANARAYAN RAO (Karimnagar): It was because you had arranged them.

SHRI ANNASAHEB P. SHINDE: I am thankful to all the hon. Members who undertook the journeys and who were prepared to undergo the inconvenience....

SHRI DASARATHA DEB (Tripura East): Including good food and comfortable travel.

SHRI ANNASAHEB P. SHINDE: I think the tours must have been very useful to the hon. Members. I must apologise for the fact that only at one place in Punjab there was some inconvenience due to some eleventh-hour change in the programme; I am sorry for that, and I hope hon. Members would not mind it because that was due to factors beyond our control.

Shri Darbara Singh had said that Punjab was contributing 40 per cent

out of its total production to the Central pool, and this year, Punjab may contribute more than 60 per cent to the Central pool. I wish to congratulate both Punjab and Haryana, because in one of the most difficult years in the history of agriculture in India, they would be contributing almost five million tonnes of wheat together to the Central pool. Their targets are never paper-targets but are real targets. Therefore, I wish to thank, through Shri Darbara Singh and through you, Sir, the Punjab and Haryana Governments for the valuable contribution that they are making to the agricultural economy of this country.

Even in this difficult year, which has again never happened before, they have contributed 10 lakhs or one million tonnes of rice to the Central pool. They are very small parts of our country, and, therefore, this has to be appreciated, I am going to point out presently that my Ministry also has played a role in helping Punjab and Haryana to bring about this state of affairs.

The usual criticism has been made by some of our hon. Members. I do not know why Shri Jharkande Rao had misunderstood us, because he had also started in the same train. I could have understood Shri B. Reddy who is not here at the moment, and the Jan Sangh Member Shri G. P. Yadav advancing such arguments. The argument advanced is that even after 25 years of freedom, this country is again importing food, and this is the failure of the Congress party and this Government that they have not succeeded in solving the agricultural problems of this country. I would submit that my Ministry is not making a tall claim that we have solved all the problems of this country. But I wish to submit that we must have a real assessment of the state of affairs, so that we could suggest remedies, if there are any drawbacks or shortfalls.

[Shri Annasaheb P. Shinde]

May I submit to the hon. Members that we should compare the situation of 1966-67 when we had a similar drought with the situation in 1972-73? In 1966-67, the level of production was 73 million tonnes; the highest peak that was reached was in 1964-65, and it was 89 million tonnes. There was fall in production as a result of drought to the extent of 19 per cent. Now, what is the fall in production? The highest production that has been reached in this country was in 1970-71 when it was 108 million tonnes. I am just giving broad figures. We understand that it was 104 million tonnes last year; because of drought and some natural calamities, this year, the level would be about 100 million tonnes, and I shall not be surprised if it is 100 million tonnes. This means that there has been a fall of 8 per cent in production, despite such severe drought. Are hon. Members very serious when they say that climatic and weather conditions should not cause any ups and downs in agricultural production?

Many hon. Members know the agricultural economy of the world. I have the figures of many countries of the world. The agricultural economy, unfortunately, not only in India but in all the tropical and sub-tropical regions, is subject to the vagaries of the weather. For instance, take Australia, one of the food exporting countries of the world. In 1966, there was a fall in production of 42 per cent in one year; it is a fantastic figure—almost half. In 1968, there was a fall in production of 26 per cent; in 1964, the fall in production was 26 per cent. Then, Canada; a fall in production of 16 and 20 per cent. USSR: fall in production in 1962 and 1963—25 per cent.

I am not criticising any country. I am only mentioning facts, because, agricultural economy as it is, is more subject to the vagaries of the weather

in tropical regions like India. Therefore, despite such grave calamities and one of the severest droughts in the history of this country, if we have succeeded in having a production of 100 million tonnes, does it not do some credit to all of you, to the Government of India, to the farmers in this country and the scientists of this country? Is it just an accident by which all this has come about?

I should say that in the past, even when there was a good season, good years of rainfall, the maximum production reached was 89 million tonnes, before 1966. Even in the worst year, we are having a production level of 100 million tonnes. Therefore, if we really pass a judgment, a well-informed judgment, we should not speak on the basis of prejudices. If there are any suggestions for improvement, I welcome these suggestions. I am not allergic to these suggestions or even constructive criticisms.

I would make a statement as to how we have managed both the food and agricultural economy of this country. Almost the whole year, from 1st April, 1972 to the 31st of March this year—1973—we have practically managed the food economy of this country without any imports. How do I make that statement? We have made six to seven lakh tonnes of import: two lakhs in February and four lakhs in March; that means six lakh tonnes of import. But, as against that, we have exported nine lakh tonnes to Bangladesh. Practically during one of the worst years in the history of this country, we have managed the food economy without any imports. I think hon. Members will be generous enough to appreciate the performance of this Ministry despite difficulties. I am not making a claim that all this is because I have made an earlier statement that there is no ideology in export-import. Our effort is, we should try to make our country self-sufficient. I have no doubt in my mind that whatever the

temporary setbacks, our agricultural economy is poised today to achieve self-sufficiency, and in the normal years, I have no doubt in my mind that surpluses will emerge in our country as far as food production is concerned.

This year, for instance, we have a target of production of 115 million tonnes. If normal weather conditions are there, I have absolutely no doubt that this level of production will be reached, mind you, with all the handicaps under which we have been functioning in this country, as a Ministry. There was power shortage. The reasons are well known. The House discussed at length all these matters. Then there was a shortage of fertilisers over which my Ministry have no control. Then, the storage of water in the reservoirs was not adequate. Despite all these handicaps—there are many other factors which I would touch a little later on—we have succeeded in having such a high level of production in one of the worst years.

I would only mention one signal point. Had there been adequate equipment and fertilisers and easy availability everywhere, without any additional effort, with the same acreage and same crop, same labour, without power shortage, two million to four million tonnes more of production would have come up. If the current year's production level is to be judged—it would have gone up to 103 million to 104 million tonnes—which is not a bad performance.

One Jan Sangh Member said “we should be ashamed of it.” We are not ashamed. He may be ashamed of it, but we are not. We are proud of the fact that our kisans' programmes in agriculture are going on well. I know the defects, the weaknesses and the drawbacks. I am one of the workers who have known many of the drawbacks of Indian agriculture.

In a country, which has emerged out of colonial role and backwardness and out of feudal land tenure system. These positive aspects have to be appreciated and realised. I shall now turn to the achievements of individual crops. My colleague Prof. Sher Singh yesterday mentioned that we had reached the level of 30 million tonnes of wheat production. But I shall approach this from a different aspect. In 1964, before previous drought, our highest wheat production was 12.3 million tonnes. As soon as the drought came, the wheat production in 1966 went down to 10.4 million tonnes but came up again to 11.4 million tonnes in 1966-67. It never crossed 12.3 million tonnes. This year, despite drought, power and fertiliser shortage, we had reached this production. I wish to place on record what tremendous efforts were made by the Ministry to move massive seeds from Punjab and Haryana to Bihar, Bengal, Maharashtra and Gujarat. A number of steps were taken by my Ministry to organise production programmes. I am happy to mention that North East India, which always happened to be a liability in this country in the food economy of the country, is coming up on the food map of India. Bihar has many difficulties. Land reforms are not implemented there. Many hon. Members expressed their anxiety that share croppers are not getting a rightful share in Bihar. But in spite of this, Bihar is now coming on the map of food production and this year our largest wheat production programme was in Bihar despite many drawbacks. Similarly Bengal, Assam and Orissa are all coming up and a lot of organisational efforts had been put in to bring about this state of affairs.

Cotton is an important crop in this country. This morning Members were agitated over the shortage of yarn, but this year the present yarn shortage is not due to the shortage of raw materials, for which my Ministry is responsible. It is a great

[Shri Annasaheb P. Shinde]
achievement despite the drought and I wish this goes on record. Maharashtra and Gujarat are the premier cotton growing states in this country. The worst drought in history is in Gujarat and in Maharashtra and there would have been a set back in cotton production. This year we expected to produce around 56 lakh bales of cotton and according to trade estimates it is almost 63 lakhs of bales. The highest ever cotton production was 65 lakhs last year. The highest ever production in a good year in the past that is 1964-65 was only about 58 lakhs of bales. Our cotton production has started coming up even in adverse conditions, to the level of the best year in the past. This is due to the contribution made by our scientists. Hybrid—4 variety has been developed, not with the help of any international agency, but by our own scientists and with our own genetic materials. It is making a great contribution and we are now laying great stress on the development of certain command areas; Thungabadhra command area, Nagarjunasagar command area and Rajasthan canal command area. I shall not be surprised if in the next few years, three or four years, India emerges surplus in cotton, relieving the burden on foreign exchange for cotton imports. A lot of efforts had been put in by my Ministry to organise the production programme. Let us take up the oil seed economy. We are in a bad shape this year and the reason is two-thirds of our ground-nuts are grown in Mysore, Maharashtra, Andhra and Gujarat, the same belt which is affected by severe drought condition. A new thing is coming up here and I claim that I had a humble part to play in that. Some years ago I visited the Soviet Union and I saw the sun flower there. I thought that it would be a good crop in India. Our scientists responded very well.

This year we had one lakh hectares of sun flowerseeds in our country. It

has given us still more oil. These seeds are the best ones and we are having a fantastic oil yield from these seeds which is unheard of anywhere in the world. This is a suitable rain-fed crop in this country. This year we have a programme of growing three lakhs hectares of sun flower. This means we shall be having almost three lakhs tonnes of oil from these oil-seeds. You know the oil-content in these flower seeds is more than 40 per cent. And we shall be getting 1½ lakhs additional tonnes of oil. I can assure you that within the next three, four or five years, by our expansion programme, the major deficit in oil will be made up. My colleague will give you the precise figure. The deficit is about two to three or four lakhs tonnes. And this is within our reach. Oilseed economy presents a complex picture. We shall not be in a position to find a solution to this problem. But, fortunately, with these sun flower seeds together with our efforts to encourage production of soya bean, groundnut, castor and other seeds we are likely to be out of the trouble within the next two or three years' time. It may not be a temporary feature but it would be a permanent feature of the oilseed economy in our country in times to come. Since my time is very limited, I would just like to say this much. In this debate, some of the hon. Members both from the Opposition as well as from this side made a very valuable contribution. Though they were not fiery or emotional speeches, they were very constructive. I am particularly thankful to Shri Birender Singh Rao—he is not here at the moment—Shri Murthy, Shri Krishnappa and even to Shri Sat Pal Kapur. I am particularly thankful to Shri Birender Singh Rao because I never expected that he would support the takeover of foodgrains trade by Government. I was surprised at his support. This shows the signs of time; things are changing and a new atmosphere is developing in the country. I congratulate Shri Birender

Singh Rao for supporting us in taking over the wholesale trade in foodgrains.

I should not use the in appropriate word. But, I was very unhappy to hear Shri Yadav, J. S. Member. I thought that, in the beginning when he said this way or that way, he would like to support the land reforms. I also thought that the Jan Sangh was trying to shift their policy because of the new trends that are developing in the country and that they were trying to adjust themselves. But, in his speech, he attacked our policy, so vociferously, of taking over the wholesale trade in foodgrains. I am sorry that his party is engaged in a *satyagraha* outside. They are opposed to this takeover. But, may I appeal to their good sense not to do so? Why are they opposing this takeover of the wholesale trade? He made a statement that Government was not touching the monopoly houses but only the small traders are being touched. I am sorry he does not understand the implication of the food economy of the country. This food economy and marketing of agricultural commodities in this country had been subjected to violent fluctuations in prices, speculation, hoarding and malpractices for centuries and particularly, after the post-independence period.

A major Part of the scheme and other details would be dealt with by my senior colleague. I would touch only two aspects of the problem. I would like to appeal to the good sense of the Jan Sangh members who are opposed to this to please try to understand the spirit of this. Theoretically this is one of the sound propositions that the Government of India has ever made. This is one of the most radical and revolutionary reforms undertaken for the rural development in the interest of landless labour whether he be the farmer, or the fixed income or salaried group. This is going to be one of

the most salutary measures. Every expert committee which has gone into this problem—I would particularly refer to the Inquiry Commission headed by Dr. John Woodhead, a British Officer and a most conservative officer—particularly, the Bengal Famine Inquiry Commission, after this tragedy of the Bengal Famine, had to say this about the foodgrains takeover:

“It is abundantly clear that a policy of *laissez faire* in the matter of food supply and distribution can lead nowhere and would probably end in a catastrophe”.

This is what the most conservative Commission said in 1945, about the foodgrains trade. They said that free trade should not be allowed in foodgrains. Then, there are a number of expert committees which have gone into this matter like the Ashoka Mehta Enquiry Committee, Venkatappiah Committee and Gadgil Committee. All of them came to this conclusion that there must not be free trade in foodgrains; there must be stability to the economy of this country. But, the Jan Sangh Members are very vociferous when they talk about the prices.

What about the spurt in the prices of foodgrains from time to time? You will be surprised to know that in this country due to the violent fluctuations to which our food economy has been subjected, our whole planning process had come into difficulties and even our rupee value has been upset sometimes for which one contributory factor has been the violent fluctuation in the food economy. The producers and consumers are being fleeced, as very ably mentioned by Mr. Krishnappa yesterday. In this country, there is a fashion to refer to the late Shri Rafi Ahmed Kidwai because he introduced decontrol. No doubt he was a great patriot and a stalwart but I do not agree with the common notion that because he introduced decontrol, every problem of the Indian

[Shri Annasaheb P. Shinde]

food economy was solved. He brought about decontrol in 1954. In 1956 the foodgrain prices went up by 28.9 per cent. This year the price rise has been 16 to 17 per cent. In 1957 it was 9.7 per cent. In 1964 it was 24.9 per cent. The price rise was 11 per cent in 1965, 12 per cent in 1966, 31 per cent in 1967 and again this year it is 16 to 17 per cent. This is because friends of Mr. Piloo Mody were allowed to operate freely in the foodgrains trade.

SHRI M. RAM GOPAL REDDY (Nizamabad): If there is a bumper crop, what will happen?

SHRI ANNASAHAB P. SHINDE: The farmers will not suffer. This has been done to eliminate speculation in foodgrain trade. This is very desirable both for shortages and for bumper crops.

The general problem of land ceiling would be dealt with by my senior colleague. I would only like to put the record straight. Mr. B. N. Reddy is one of our great patriots. Though I was present when he was speaking, later I went through the text of his speech because I attach great importance to his speech. But I do not agree with many of the statements he has made. His assessment of Indian agriculture is not correct. He said that according to national guidelines and the ceiling laws, a person has been permitted to hold 27 acres of perennially irrigated land. It is not correct. According to the national guidelines the maximum limit for land with assured irrigation and yielding two crops a year is 10 to 18 acres. We are not allowing any State Government to make a departure. If any State Government makes a departure, either we will withhold presidential assent or will take a written undertaking from the State Government that they will bring about the necessary amendment.

SHRI B. N. REDDY (Niryalguda): For a major, son a separate unit of a family is allowed.

SHRI ANNASAHAB P. SHINDE: Under the Hindu law, any child born in the family is a coparcener. If the child becomes an adult, he is a separate entity. Had we not incorporated it in the national guidelines, there would have been interminable legal cases. The courts would have been saddled with thousands of cases and it would have created great confusion.

SHRI B. N. REDDY: You may not agree with my statement. But I quoted the Government's Economic Survey. What have you to say on that?

SHRI ANNASAHAB P. SHINDE: Shri Jharkhande Rai said that there are many big farms. I know that the old ceiling law had many loopholes. It gave many exemptions. But under the new national guidelines all such loopholes have been eliminated. Now nobody would be in a position to have big farms.

Shri Paswan and Shri Chhotey Lal made one very important observation, namely, that there are many people in this country who own land but who do not cultivate it, in fact who do not know how to cultivate it. This state of affairs has to be ended. Those persons who cultivate land through share-croppers have no right to own land. I would urge the State Governments that the share-croppers must be given the right of owning these lands and cultivating them permanently. The stand of the Government of India on this point is very clear.

A number of suggestions have been made about tractors, fertilizers, seeds and credit by Shri Darbara Singh and Shri Tiwary which we will carefully consider.

Shri Tiwary, one of our party members, made a very wrong statement, apart from saying something very uncharitable about my senior colleague.

which he should not have said. He said that when Shri C. Subramaniam was there, new varieties were introduced but during the last few years nothing has been done. I had the privilege of working with Shri C. Subramaniam and I know that he had made some contribution to the agricultural economy. But to say that after Shri C. Subramaniam left this Ministry no new varieties have been introduced is to make a wrong statement. Take, for instance, Kalyan sonar which has become most popular.

SHRI PILOO MODY (Godhra): The credit goes to the scientists and not to Shri Subramaniam or Shri Ahmed.

SHRI ANNASAHEB P. SHINDE: A number of varieties have been introduced during the last five years. I do not know how Shri Tiwary got the wrong information. I can give him information as to how many new varieties have been introduced in wheat, rice, pulses and other crops.

Then an observation has been made that bureaucracy comes in the way of implementation of the takeover of trade and other policies. The Government of India is seized of the matter of administrative re-organization. My own experience in my Ministry is that I have no difficulty in working with the officers. The administration rises to the occasion when national issues are involved. Take the case of Bangladesh. When my Ministry was saddled with the responsibility of supplying food to Bangladesh, it could do it without any breakdown because my officials did their duty to the best of their ability. As far as my Ministry is concerned, may I assure this House that the officials work as a team and we will be able to discharge our functions well provided there is goodwill of all of you here?

A reference has been made to the Agricultural Prices Commission? I have consulted my senior colleague.

We do feel that there is need to strengthen the Agricultural Prices Commission. I have heard with rapt attention the views expressed on both sides of the House on this question. There is need to strengthen the Agricultural Prices Commission so that we are in a position to arrive at right decisions in regard to the prices of agricultural commodities.

The hon. Members, Shri Sivaswamy and Shri Mirdha, made some observations about fisheries development. I am glad to mention, despite many handicaps, last year's export performance of fisheries has been very good. We have succeeded in exporting fish worth Rs. 58 crores as against only Rs. 10—15 crores. Our exports are increasing very fast. We are thinking of entering into deep sea fishing. Recently, we had an agreement with Poland for deep sea fishing trawlers and we propose to expand our fleet of trawlers, etc. by importing from Poland and elsewhere. I do feel confident that in years to come we shall be in a position to introduce a very large number of trawlers at much faster pace than what we have done in the past.

Then, my hon. friend, Shri Krishnappa made a very good speech and made a very great contribution to the debate. He was suggesting that there should be a plan for drought areas. We have now advised the State Governments that they must have a master plan for drought areas and that all the help which is given to State Governments must go for productive works. I am sorry that Shri Sivaswamy of D.M.K. party made a very uncharitable remark that Tamil Nadu is being discriminated against as far as drought assistance is concerned. I do not think so because the Central team which visits the area makes their own objective study. We do not interfere in their functioning. They make some recommendation. Perhaps, my hon. friend, Shri Sivaswamy is not aware how severe

[Shri Annasaheb P. Shinde]

drought conditions are in Mysore, Maharashtra, Gujarat, Rajasthan and in some parts of Andhra Pradesh. Perhaps, therefore, he made that remark.

I would like to submit that never before in the history of our country such a massive help was given to State Governments for carrying out drought relief operations. If we take into consideration the total amount released to State Governments for drought relief operations, for emergency production programmes, for short-term loans, almost the amount comes to about Rs. 500 crores. Never before such a massive assistance was given to State Governments. We shall continue to help State Governments so long as they are in difficulty.

Today, 70 lakhs people are working on drought relief operations. Earlier, the highest figure that was reached in 1966 was 25 lakhs. Now it is 70 lakhs people. You can imagine the magnitude of drought relief operations and to what extent the Central Government is assisting State Governments. About 97,000 relief operations are on and 70 lakhs people are working on them.

Lastly, some observations have been made about cooperative movement and about the credit difficulties of farmers. We have some difficulties about cooperative movement. We are trying to improve cooperative movement. It is of course a States' subject. May I submit that there is no alternative to cooperatives in this country? For instance, take short-term loans. Today, cooperatives are distributing about Rs. 700 crores in the form of short-term loans in the country. No other agency distributes loans of this magnitude. Then, take for example marketing. See the Punjab Marketing Federation and the way in which it is working. There is no such effective organisation in any part of Asia. I have full faith, as we take over

wholesale trade in foodgrains, many of the cooperatives will be involved. Some of the difficulties can be removed. We have advised the State Governments to democratise the base, to see that democratic elections are held, to see that weaker sections are given proper help and to see that cooperatives are more helpful. We are attending to the problem of credit to small farmers. In the Fifth Plan, we anticipate that the total requirement of short-term credit for small farmers will be about Rs. 900 crores. At the moment, we are providing about Rs. 300 crores a year to small farmers by way of short-term loans. We propose, during the next 4-5 years, to add Rs. 400 crores more. Almost Rs. 700 crores out of 900 crores requirement of small farmers will be met by institutional sources by the end of Fifth Plan. This has to be appreciated. In 1951-52, the cooperatives were supplying only 3 per cent of the total agricultural credit to all farmers including small farmers. But now the percentage in regard to small farmers during the next five years would reach almost 78 to 80 per cent. That would be our endeavour. There are many short comings, many weaknesses. My Ministry has been constantly in touch with the Reserve Bank of India and the Banking Department in the Finance Ministry, and we hope that, by our constant efforts, we shall be in a position to help the small farmers in a bigger way in days to come.

I am thankful to you for giving me this much of time. I would only say that we have been in a position to do whatever humble duty we have been able to do because of the cooperation and good understanding of all the hon. members of this House. I would only seek their cooperation—from all sides of the House. As I have said, I am not allergic to criticism—neither my senior colleague nor myself. Any constructive criticism is welcome. If any member wants any matter to be discussed, he can discuss with us.

Our cards are open; we do not want to conceal anything. If any member feels strongly on anything, he is welcome to discuss it with my senior colleague or myself or with Prof. Sher Singh. We will be happy to have more and more cooperation from all of you.

SHRI KRISHNARAO PATIL (Jalgaon): I rise to support the Demands for Grants of this Ministry. While supporting, I would like to make some observations.

16.38 hrs.

[Dr. SARADISH ROY *in the Chair*]

Our country is passing through a very critical stage; particularly on the economic front, we are facing a number of crucial issue. I remember, a few years back some of our leaders criticised a particular aspect and called it a crisis of character; some called it a crisis of confidence. But now it has been proved that it was a temporary phase in the whole process of planning. It was not a permanent feature; it was only a temporary feature. So, if you take into account the actions and the overall performance of this Department, I think, there cannot be any basis for criticism. If we take into account the background and the context and try to make a qualitative assessment of the performance of this Department, I can claim it—and I claim it rightly—that the psychology of the agricultural community has been changed by the performance in the course of the last 15 to 20 years. This is the greatest achievement, a very good achievement, if we look into the aspect of the qualitative assessment of the performance. I do not want to repeat the number of instances already given or repeat the same arguments. We find a number of good things now. Our agricultural community have acquired qualities such as initiative, drive, strength and confidence. These are the basic qualities so far as democratic planning is

concerned—the strength and confidence to face the odds, calamities and any adverse situations and save the country ultimately. This sort of confidence, this sort of strength and spirit, is the most essential requisite for the success of democratic planning. Hence, I would like to record my sense of appreciation for our agricultural community and also our compliments to our scientists who have done well, who have done their jobs in the best possible way.

If you look to the other side of the coin, that is the implementation part of the schemes, etc., we may find some shortcomings, some failures, some surrenders of plan allocations on some schemes. But, even then, I say that the Government machinery has been very responsive and on the whole, the performance of the Agriculture Ministry has been encouraging.

During the last three years budget speeches of the Opposition Leaders, I observe that the claim of Green Revolution has been criticised as a failure. But most humbly I submit that this process is the process of silent revolution, a very good sign for the success of democratic planning. The agricultural community is not an organized force in this country and hence it deserves all sympathies.

I would like to make a few suggestions which need to be considered by this Ministry. My first suggestion would be—of course, it is not a new one, several members have made a mention about it—that is, the agricultural community must be given remunerative prices for their agricultural produce. When we talk of remunerative prices, a criticism is levelled against this approach. 'Why you only think of remunerative prices for agricultural produce?'. I would humbly ask you about this. So far as the price policy is concerned, this country has no pricing policy based on equality or parity or something like

[Shri Krishnarao Patil]

that. We cannot afford it straightaway. We are not in a position to give substantial and remunerative price to the agricultural producers. But if you want to quicken the rate of agricultural growth, you must not grudge a remunerative price to the agricultural community.

Secondly, pesticides and fertilisers which are essential for agricultural production should be made available at reasonable prices. So also, small agricultural implements on the lines of Japan must be produced and supplied to the farmers in the country on a large scale.

Fourthly, Agro-service centres must be extended to all parts of the country as early as possible. These are the suggestions I offer.

Now, coming to the second part of agriculture, I would like to refer to this policy of take-over. I do not want to repeat the same argument advanced by many of my friends. I can say one thing. The wholesalers have been opposing this policy and programme and they are determined to sabotage its implementation. So, the question now before the country as a whole is whether this progressive policy is to be supported. It is even opposed by some of the opposition parties in the country. I want to know whether they stand with the interests of the 96 per cent of the people in the country or whether they stand with the 4 per cent of the people, viz., the wholesalers and other traders. The wholesalers are misleading the retailers that they are being thrown on the streets by this take-over. But the retailers have got their own scope in the scheme, but they should be properly directed.

When we adopt such progressive policies, then we come across one major difficulty. That is the public distribution system. It is said that we have no such public distribution

system. I would like to recal that some years ago service societies were set up and they were encouraged by our revered leader, late Panditji. There are also the Panchayati Raj institutions. What happened to those institutions? Have you not succeeded in establishing a network of these institutions in the country? If you have succeeded, there will be no difficulty. I think we can very well utilise these institutions for distribution.

Lastly, I must ventilate my grievance also. The Central Government as also some of the State Governments have not paid adequate attention to strengthen the basic movement, that is, credit and the service societies and the Panchayati Raj institutions. I request the Government to pay adequate and full attention to build up these institutions. I would like to place on record our sense of appreciation for the agricultural community as a whole, our congratulations to the Ministry for the progressive policy of take-over and our compliments to the scientists. With these words I conclude.

श्री रामकुंवर (टोंक) : सभापति जी, आप ने मुझे बोलने का समय दिया उस के लिये मैं आप का आभारी हूँ। हमारे देश में कृषि की जो प्रधान समस्या है उस को हम सब को मिल कर के हल करना है। उस की उन्नति करना बहुत ही जरूरी है। आज हमारे देश में दूसरे देशों का उदाहरण दिया जा रहा है, लेकिन मैं इस निर्णय पर पहुँचा हूँ और शायद इस हाउस में जो भी कोई किसान होंगे वह अच्छी तरह जानते होंगे कि सरकार ने किसानों की उन्नति के लिये जितनी भी योजनाएँ बनायीं उन को वह किसानों तक नहीं पहुँचा सकी है। मैं इस सदन में कोई पक्षपातपूर्ण बात नहीं कह रहा हूँ। मैं ऐग्रीकल्चर कमेटी का भी सदस्य हूँ और उस जाते सरकारी फार्म भी हमने देखा है, वहाँ पर

अच्छी उन्नति हुई है और फसल भी बहुत अच्छी मिली जिस के लिये सरकार बधाई की पात्र है । लेकिन हमारी वे योजनायें किसानों तक नहीं पहुंच सकीं ।

सभापति महोदय, मैं मंत्री महोदय से निवेदन करना चाहूंगा कि जितने भी बड़े बड़े जमींदार हैं उन की तरफ सरकार का ध्यान जा रहा है, उन्हीं को सरकार ऊंचा उठाने की ओर लगी हुई है, लेकिन जो छोटे किसान हैं, जो अर्ध श्रेणी के किसान हैं अगर आप उन तक ये योजनायें पहुंचाये तो ज्यादा से ज्यादा लाभ हो सकता है । सभापति जी, कोई भी जो लखपति है उस को दो, चार हजार का फायदा या नुकसान हो जाय तो कोई फर्क उस पर नहीं पड़ेगा, लेकिन छोटा किसान जो दो, चार एकड़ पर खेती करता है उन को जरा भी नुकसान नहीं होना चाहिये । उन लोगों तक आप की योजना नहीं पहुंच पायी है ।

मेरा निवेदन है कि भूमि सुधार के मामले में छोटे किसानों को जो जमीनें अलौट की गयी हैं उन पर झगड़े चल रहे हैं । कितनी ही जमीन व्यक्तिगत लोगों को अलौट की है और कितनी ही जमीन सहकारी समितियों को अलौट की गयी है । मेरा निवेदन है अगर सरकारी योजनायें उन तक पहुंचती तो उनको सिंचित जमीन मिल सकती थी और अनाज की पैदावर काफी बढ़ सकती थी । उससे देश को काफी लाभ मिल सकता था । लेकिन हमारी जो योजनायें हैं वे बड़े बड़े किसानों तक ही पहुंच सकी हैं । आगे से ऐसा न हो इस ओर आपका ध्यान जाना चाहिये ।

मैंने शिन्दे जी का भाषण बड़े ध्यान से सुना है । जहां उनका ध्यान अन्य प्रान्तों की ओर गया है और उनका उन्होंने जिक्र किया है, वहां उनका ध्यान राजस्थान की ओर नहीं गया है । वहां सूखे की जो

भयंकर स्थिति है, जब उन्होंने सूखे की स्थिति का वर्णन किया तो राजस्थान का नाम नहीं लिया इसका कारण शायद यह हो सकता है कि उनकी राजस्थान में कोई विशेष दिलचस्पी नहीं है क्योंकि वह वहां के नहीं हैं.....

SHRI ANNASAHEB P. SHINDE:
I very strongly protest against this remark.

श्री रामकंवर : मेरा पूर्ण विश्वास है कि अगर राजस्थान में भूमि की सिंचाई की ओर विशेष ध्यान दिया जाय तो राजस्थान को हीं बल्कि सारे देश को इससे बहुत ज्यादा फायदा हो सकता है । राजस्थान के लोग अन्य प्रान्तों के लोगों से कम मेहनती नहीं हैं । वे उत्पादन को बढ़ाने में आपकी बहुत ज्यादा मदद कर सकते हैं । शर्त यही है कि उनके वास्ते आप सिंचाई की व्यवस्था कर दें । राजस्थान में बहुत सी नदियां और नाले हैं । अगर उन के ऊपर आप बांध बना कर सिंचाई की सुविधायें प्रदान कर दें तो उससे विशेष लाभ होगा । मेरे ही निर्वाचन क्षेत्र टोंक में बनास नहीं है जो बारह महीने चलती है । इसको जीवन दायिनी नदी कहते हैं । पहले उसकी योजना बनी थी । क्वार्टर वगैरह सब बन गए थे । लेकिन मालूम नहीं कि कहीं उस योजना को खटाई में डाल दिया गया । इसी तरह से दाई, खारी, बाड़ी, मासी आदि कितनी ही नदियां हैं जो जयपुर, टोंक आदि जिलों में हैं उन पर अगर बांध वगैरह आप बना दें तो ज्यादा उपजाऊ जमीन लोगों को मिल सकती है ।

बीज जब भी आप दे अच्छा दें । मेरे जिले में बाजरे का बीज दिया गया था । बीज अच्छा होगी इस वास्ते तब लोगों ने बहुत खुशियां मनाई थीं । लेकिन बाद में स्ट्रे में दाना नहीं निकला । इससे किसानों को बहुत नुकसान हुआ । मेरी प्रार्थना है कि बीज की अच्छी तरह से देखभाल करके और उसका अच्छी तरह से रख रखाव करके ही

[श्री रामकृष्ण रेड्डी]

उसका वितरण किसानों में आगे से किया जाए ।

गेहूं का भाव गिरा दिया गया है । इससे जो छोटे किसान हैं और जो कृषि मजदूर हैं उनके हितों पर आघात पहुंचेगा । किसानों को अगर पैदावार की अच्छी कीमत नहीं मिली तो वे कृषि मजदूर को भी कोई ज्यादा दाम नहीं दे सकेंगे । इस वास्ते आप सोच समझ कर काम करें और छोटे किसानों और कृषि मजदूरों का ध्यान रखें, उनके हितों की रक्षा करें । इनको आप ज्यादा से ज्यादा जमीन एलाट करें । सरकार के पास लाखों और करोड़ों एकड़ जमीन फारेस्ट्स के नाम पर पड़ी हुई है । यह फारेस्ट डिपार्टमेंट के पास है । कितनी ही जमीन मेरे निर्वाचन क्षेत्र में तथा राजस्थान के अन्य क्षेत्रों में जंगलात के लिए रखी गई है और कहा गया है कि इस में दरख्त लगाएंगे लेकिन आज तक दरख्त नाम मात्र के लिए भी नहीं लगाए गए हैं । बेकार वह भूमि पड़ी हुई है । सरकार को चाहिये कि वह उस जमीन को शेड्यूल्ड कास्ट्स लोगों में, गरीब लोगों में बांट दे ताकि ये लोग अपने बाल बच्चों का पालन पोषण कर सकें । बेटी का इनको बहुत ज्यादा तजुर्बा है और ये आपकी पैदावार बढ़ाने में आपकी मदद कर सकते हैं ।

आपने छोटे किसानों, शेड्यूल्ड कास्ट आदि को ऊंचा उठाने के लिए जमीन दी है जो बलान वाली जमीन है, टीले जहां हैं वह भी आप उनको दें और उनको आप साधन भी उपलब्ध कर दें और वे इसको समतल बना कर उपजाऊ भूमि के रूप में परिवर्तित कर सकते हैं । पंचायतों को भी आप कुछ जिम्मेदारियां सौंपें । आपके राहत कार्य चल रहे हैं । वहां बहुत प्रभाव है । ये राहत कार्य कांग्रेस के जो सरपंच हैं उनके ही हृदय गिरे चलते हैं । जो मजदूर बेकार दूसरी पार्टी का इमरान करने लगे

है उसकी कोई कुत्ते वाला नहीं है । इस ओर भी आपका ध्यान जाना चाहिये और वह जो वक्षपात चलता है, इसको आपको समाप्त करना चाहिये ।

SHRI K. RAMAKRISHNA REDDY (Nalgonda): Mr. Chairman, Sir, I rise to support the Demands for Grants relating to the Ministry of Agriculture for the year 1973-74. This important Ministry includes within its scope the Food Department, community development and cooperation. The discussion of the Demands relating to this Ministry is taking place at a crucial period when the drought-prone areas have been affected by failure of monsoons and the failure of crops.

As you are aware, in Andhra Pradesh, out of 21 districts, 14 are backward, and in Rayalaseema and Telengana, many of the districts have been affected by drought. Therefore, the drought-prone areas programme should be continued vigorously in these areas, and more funds should be allotted under this head.

The constituency of Nalgonda which I represent is a very backward one. I have represented already to the Prime Minister to include his district within the drought-prone area schemes, and I am told that it is being considered in the Fifth Plan. Unless and until vigorous efforts are made under this scheme, the country will not go ahead. I would also suggest that action should be taken to form a statutory board for dry farming as well as for prevention of drought, and statutory action should be taken in this regard.

As regards land ceilings, only five or six States such as Madhya Pradesh, Andhra Pradesh, Bihar, Punjab etc. have enacted land ceilings Acts, while others have not done so. Special attention should be paid by the Ministry of Agriculture to see that these Acts are enacted and enforced.

In the same way, I would suggest that urban ceilings should also be effected. Land ceilings and urban ceilings should go together simultaneously. Otherwise, it would mean a discrimination against the rural people and giving priority to the urban areas.

Nagarjunasagar is a very big project, and it is going to irrigate more than 36.50 lakhs acres and generate more than 100 MW of power. I would request the Ministry of Agriculture to recommend the establishment of a fertiliser plant at Nagarjunasagar.

Survey of ground water resources should also be undertaken so that the underground water resources should also be exploited.

Rural electrification programme should be encouraged. Crash programmes for rural areas should be given top priority.

With regard to tube-wells, wherever ground water is available, this should be attended to. In the course of our tours recently as members of Parliament, we had been to the rural areas around Calcutta, and we found shallow as well as deep tube-wells there, and hundreds of acres of land are being cultivated in this way. This kind of thing should be further encouraged.

The schemes with regard to the marginal and small farmers should be encouraged, and cent per cent marginal and small farmers should be involved under these schemes.

As regards community development and panchayati raj, under the programme of decentralisation, panchayati raj systems i.e., gram panchayats, panchayat samitis and zilla parishad Acts have been enacted. These have been doing very well, but some States like Assam have scrapped the panchayati raj system.

17.00 hrs.

In the same way, due to internal quarrels and party feelings, etc., they are thinking of scrapping the panchayati raj system in several States. Even in Andhra Pradesh, I am sorry to say, rather ashamed to mention, that the then Government of Andhra Pradesh has recommended to the Governor to scrap the panchayati raj system, but it has not been done at the high level by the Governor, but such things should not have taken place, because we are thinking of decentralisation for through decentralisation only the country will go ahead.

SHRI DHARNIDHAR DAS (Mangaldai): In Assam, it has not been scrapped. They have improved the system. (Interruptions)

SHRI K. RAMAKRISHNA REDDY: Therefore, the panchayati raj system should be encouraged. As my learned friend Mr. B. S. Murthy said, in the recent conference of the All India Panchayat Parishad, they resolved that the panchayati raj system should be encouraged and some more powers should be given to them. I support the take-over programme in respect of the wholesale trade in foodgrains. They must also be entrusted with such institutions of cooperatives. Unless and until you encourage the panchayati raj system, the whole plan which has gone on till now in community development will not improve.

Unless and until you have the infra-structure programme like water, electricity and other inputs for agricultural production, you cannot be expected to develop the land only by distribution of the land to the landless. As such, the infra-structure programme such as the inputs and more electricity should be given to needy.

With these words, I support the Demands for Grants.

श्री मुहम्मद जमीलुर्रहमान (किशन-गंज) : मोहतरम चैयरमैन, महकमा जराअत ने जो 750 करोड़ रुपये का बजट पेश किया है, मेरे ख्याल में मुल्क के सामने जो गम्भीर समस्या है उस को देखते हुए इस सिलसिले में कंजूसी से काम लिया गया है । इस महकमा को और ज्यादा रकम देनी चाहिए था । जो मांग की गई है, मैं उस की पूरी तौर पर ताईद करता हूँ । लेकिन मैं आप की इजाजत से चन्द बातों की तरफ महकमा जराअत का ध्यान दिलाना चाहता हूँ ।

हम देखते हैं कि खुशकसाली हम लोगों की जिन्दगी का हिस्सा बन गई है । हमें हर साल खुशकसाली का सामना करना पड़ता है और हर साल उस पर पार्लियामेंट में बहस होती है । लेकिन सवाल यह है कि उस सिलसिले में हम क्या कर रहे हैं । जब यह मसला पैदा होता है, तभी हम उस पर गौर करते हैं । मेरी जाती राय में सेंट्रल लेवल पर और प्राविशल लेवल पर ड्राउट कंट्रोल बोर्ड बनाए जाने चाहिए, जो सेंट्रल गवर्नमेंट के मातहत काम करें और जो वक्त से पहले इस मामले की जांच करें और फिर पूरी कुव्वत और ताकत के साथ उस का मुकाबला करें ।

हर साल खुशकसाली होती है और हजारों लाखों मवेशी मरते हैं । हर साल हम सिर्फ रोना रोते हैं कि इतनी बड़ी खुशकसाली हुई और उस में इतने मवेशी मर गये । मेरी जाती राय में जिला लेवल और ब्लाक लेवल पर इस का इन्तजाम किया जाना चाहिए । खुशकसाली का मुकाबला करने के लिए बड़ी बड़ी योजनायें बनाई गई हैं । जैसे बिहार में कोसी योजना बनी है और कई और योजनायें बन रही हैं । लेकिन हम देखते हैं कि लोगों को वक्त पर पानी, खाद और पम्पिंग सेट नहीं मिलते हैं । मेरे अपने हल्के में हजार से अधिक बोरिंग हुए हैं, लेकिन पम्पिंग सेट्स की इतनी कमी है कि लोग

उस का फायदा नहीं उठा पा रहे हैं । इस लिए मेरी राय है कि बिहार में पम्पिंग सेट्स का एक कारखाना फौरन बनाया जाना चाहिए, ताकि छोटे और बड़े किसानों को पम्पिंग सेट्स दिये जा सकें ।

यह ताज्जुब की बात है कि हालांकि हम ने सीलिंग लागू कर दी है, लेकिन ट्रेक्टर की कीमत अभी तक 25, 26, 27 या 28 हजार रुपये हैं । जब जमीन की सीलिंग दस से अठारह एकड़ मुकर्रर की गई है, तो उसी लिहाज से ट्रेक्टर की कीमत भी होनी चाहिए, ताकि जो लोग सीलिंग के मातहत आते हैं, वे ट्रेक्टर खरीद सकें ।

जहां तक कर्जों का ताल्लुक है, आज कर्जा हासिल करना आसमान से तारे तोड़ कर लाने के बराबर है । इस लिए चाहे नेशनलाइज्ड बैंक हों और चाहे को-ऑपरेटिव बैंक, कर्जा देने के रूल्ज में तब्दीली लाने की सख्त जरूरत है । मेरे हल्के में बैंक की कम से कम दूरी बीस, पचीस या तीस किलोमीटर है । किसानों को कर्जा लेने के लिए कई बार आना जाना पड़ता है । श्री शिन्दे ने फिर्गर्ज दी हैं कि को-ऑपरेटिव बैंकों के जरिये करोड़ों रुपये डिस्ट्रीब्यूट किये गये हैं लेकिन छोटे किसानों को न नेशनलाइज्ड बैंकों से और न को-ऑपरेटिव बैंकों से वक्त पर कर्जा मिलता है । इस लिए यह जरूरी है कि हर ब्लाक में नेशनलाइज्ड बैंक और को-ऑपरेटिव बैंक की शाखा खोली जाये, ताकि छोटे गरीब किसान उन से फायदा उठा सकें ।

खाद का मसला भी निहायत संगीन है, लेकिन वह मिनिस्ट्री आफ पेट्रोलियम के मातहत है । इसी तरह एग्रीकल्चर के लिए बिजली की भी जरूरत है, लेकिन वह डा० के० एल० राव और मिनिस्ट्री आफ इर्रिगेशन के हाथ में है । बीज का आसला श्री शिन्दे के हाथ में है । लेकिन इन तीनों

में कोई कोआर्डिनेशन नहीं है । अगर किसान को खाद मिलती है, तो पानी नहीं मिलता है, अगर पानी मिलता है, तो बीज नहीं मिलता है और अगर बीज मिलता है, तो पम्पिंग सेट बगैरह के लिए बिजली नहीं मिलती है । किसान को ये सब चीजें वक्त पर मिलें, इस लिए जरूरी है कि इन तीनों डिपार्टमेंट्स में कोआर्डिनेशन हो ।

पैदावार बढ़ाने के लिए कानसोलिडेशन आफ होल्डिंग्स बहुत जरूरी है । बिहार सरकार ने इस स्कीम को टेक अप किया है । जब हम ने इस बारे में बिहार के चीफ मिनिस्टर से बात की, तो उन्होंने कहा कि हमें भारत सरकार से 28 करोड़ रुपया दिलवाइये । हम ने कहा कि हम 40 करोड़ रुपया दिलवायेगे, लेकिन छः बरस की मुद्दत को घटा कर तीन बरस कीजिए, ताकि किसान साइकालोजिकली परेशान न हों और प्रोडक्शन में रुकावट न पड़े । वह इस काम को करने के लिए तैयार नहीं हैं । मिनिस्ट्री कानसालिडेशन आफ होल्डिंग्स के लिए रुपया दे, लेकिन उस को इस बात पर जोर देना चाहिए कि मुद्दत को छः बरस से घटा कर तीन बरस किया जाये, ताकि किसानों को इत्मीनान हो और वे प्रोडक्शन के काम में लग सकें ।

मैंने पिछली बार भी लैंड लेवलिंग के बारे में जिक्र किया था । इस एक साल में लैंड लेवलिंग के सिलसिले में क्या हुआ है ? मैं ने तो कोई काम नहीं देखा है ।

बिजली की हालत बहुत खराब है । सड़कों पर पोल पड़े हुए हैं, लेकिन उन को खड़ा नहीं किया गया है । जब से मैं इलकट हो कर आया हूं, तब से दो बरस से मेरे हल्के में वायसी, अमौर, जोकीहाट, पलासी, बैसा निकनगंज, ठाकुरगंज, बहादुरगंज और सिकटी बगैरह में सड़कों के किनारे पोल पड़े हुए हैं, लेकिन पता नहीं किस कठिनाई की वजह से उन्हें खड़ा नहीं किया जा सकता है । इस

तरफ फौरी तौर पर ध्यान देना चाहिए, ताकि छोटे किसानों को राहत मिल सके ।

जहां तक पटसन का ताल्लुक है, मैंने 29 मार्च को श्री शिन्दे को खत लिखा था कि आसाम और बंगाल को छोड़ कर सारे मुल्क में पटसन पैदा करने में पूर्णिया डिस्ट्रिक्ट का अक्वल नम्बर है । और वह पटसन बहुत ए क्वालिटी की होती है जिस से लाखों और करोड़ों रुपये की फारेन एक्सचेंज आप कमाते हैं । उस के लिए मैंने अभी 26 मार्च को खत लिखा है कि बीज नं० 878 नहीं मिल रहा है और सब किसान परेशान हैं । आप की इजाजत से मैं यह दरखास्त पढ़ना चाहता हूं । कन्ज्यूमर्स कोआपरेटिव सोसाइटी किशनगंज बीज के लिये परेशान है । उन्होंने बहुत सारे अधिका-रियों के नाम दरखास्त लिखी है ? मैं उस दरखास्त को पढ़ रहा हूं जो मैं आप को दूंगा :

"It is learnt that our Government is desirous to encourage Co-operative Society and with that idea and encouragement our Consumers/Co-operative Stores ventured to approach the August Manager of Seeds Corporation, Purnea for appointment of agent for sale of national seeds, but the stepmotherly treatment of this Officer concerned has amply proved that Co-operative Society of Bihar should not think to get encouragement and help for their development by our Welfare State."

तो यह कोआपरेटिव सोसाइटी दो साल से मुतवातिर परेशान है कि हमें बीज दो तो हम किसानों को सप्लाई करें । लेकिन उन को बीज नहीं मिल रहा है । कहां पर रुकावट है, कहा पर परेशानियां हैं यह आप देखें । यह दरखास्त मैं आप को भेजूंगा । पटसन के बीज की तरफ आप ध्यान दीजिए क्योंकि यह बीज बोने का वक्त है, और लोग परेशान हैं । बीज नहीं मिल रहा है । अगर बीज

[श्री मुहम्मद जसीलुर्रहमान]

नहीं देगे तो पटसन पैदा नहीं होगी और उस से किसान को नुकसान होगा साथ ही साथ मुल्क को भी नुकसान होगा। फारेन एक्सचेंज में कमी आएगी और बहुत सारी बातें होंगी। सूबाई हुकूमत को इस मामलों के ऊपर अल्प चुस्त करें। प्रोप्युएट्स जो हैं उन को आप बो डी ओ बनाएं ताकि ब्लाक की तरफकी हो। जो बेघर और बेजमीन वाले लोग हैं, जब लडलेस को जमीन बांटते हैं तो उन को भी जमीन दें। चाहे वे हरिजन हों, आदिवासी हों, या मुसलमान हों, गर्ज कि जो भी हों, बेजमीन और बेघर वाले हों, फ़ाजिस जमीन उनमें बांटना है।

हजारीबाग में अभी एक हिन्दू मुस्लिम फसाद हो गया। वह एक मद्रसे के नज़दीक गैर-मजूराना नमीन बिहार सरकार की थी उस को लेकर हुआ। 1947 से लेकर आज तक उस जमीन का बन्दोबस्त क्यों नहीं किया सरकार ने ?

क्या वजह है कि इतना बड़ा इंगा फसाद वहां इस के लिए हुआ ? यह एक सोचने की बात है।

बिहार एक बहुत मिछड़ा हुआ इलाका है। आप नार्थ बिहार के लिए एक डेवलपमेंट एथारिटी बन बोर्ड बनाइए जहाँ कि आप कोसी कैनल, गंडक कैनल वगैरह सब बना रहे हैं तो यह एथारिटी वहां बनाइए ताकि वहां के छोटे किसानों की उन्नति हो सके जिनके लिए हम कमिटेड हैं।

एक अर्ज मैं यह कहना कि हम किसानों बारे में सारी बातें सोचते हैं और सारे पदे उन को पहुंचाना चाहते हैं। लेकिन कहां पडती है, बाटिलनेक्स कहां आप देखें, इस को सोचें।

इस में कोई सुझा की बात नहीं है कि इस सिनिस्ट्री ने बहुत से तारीफ के लायक काम किए हैं। लेकिन इस में बहुत सारी बाटिलनेक्स भी आप के यहां हैं। सिर्फ तारीफ ही तारीफ के लायक हैं ऐसी बात नहीं है।

आखिर में होल सेल ट्रेड की बात मैं कहता हूं। यह बहुत अच्छा कदम है। लेकिन आपने जो गहूं का दाम फिक्स किया है उसी के हिसाब से किसानों को घाती खाद और बिजली भी कम कीमत पर सप्लाय करे ताकि किसान को पोसाए, उस को फायदा पहुंचे वरना कन्ज्यूमर मुव्स की क्रिसिस आज आसमान को छू रही है और चीजों के दाम आप कम नहीं कर रहे हैं वो ऐसी हालत में किसान को कैसे फायदा पहुंचेगा। इन बातों के ऊपर आप सोचिए।

मेरे जिले में 50 हजार एकड़ में आप ने बांस लगवाए जंगल निभाने की ओर से लेकिन आप वहां खस कर देखिए 1954 से लेकर 1973 तक 20 वर्ष का भरसा हो गया, अगर एक पाई का भी फायदा हुआ हने तो कोई बात नहीं आप खस कर कीजिए इस काम को। लेकिन पहले खस कर देख लीजिए कि उस से कोई बेनिफिट केन्द्रीय सरकार को या राज्य सरकार को है या नहीं। अगर है तो कीजिए वरना जो 50 हजार एकड़ यह जमीन है इसे भूमिहीनों में बांट दीजिए।

[شروی محمد جمیل الرحمان]

(کھن کلمج) - محکمہ زمین و محکمہ زراعت نے جو 50-60 کروڑ روپے کا بجٹ پیش کیا ہے - میرے خیال میں ملک کے مسلم جو کہ وہاں سسپنڈ ہے اس کو دیکھتے ہوئے اس سلسلے میں کنکوسی سے کام لیا گیا ہے - اس میں محکمہ کو اور زیادہ رقم

پہلی چاہئے تھی۔ جو مانگ کی گئی ہے۔ میں اس کی پوری طور پر تائید کرتا ہوں۔ لوگوں میں آپ کی اجازت سے چلند باتوں کی طرف متوجہ دوا-ت کی توجہ دلانا چاہئے ہوں۔ ہم دیکھتے ہیں کہ خشک سالی ہم لوگوں کی زندگی کا حصہ بن گئی ہے۔ ہمیں ہر سال خشک سالی کا سامنا کرنا پڑتا ہے اور ہر سال اس سے پارلیمینٹ میں بحث ہوتی ہے۔ لیکن سوال یہ ہے کہ اس سلسلے میں ہم کیا کر رہے ہیں۔ جب یہ مسئلہ پیدا ہوتا ہے۔ تب ہی ہم اس پر غور کرتے ہیں۔ موری ذاتی رائے میں سینٹریل لیول پر اور پرنسپل لیول پر دریافت کنٹرول ہرز بلایا جاتا چاہئے جو سینٹریل گورنمنٹ کے ماتحت کام کرے اور جو وقت سے پہلے اس معاملے کی جانچ کریں اور پھر پوری فورس اور طاقت کے ساتھ اس کا مقابلہ کریں۔

ہر سال خشک سالی ہوتی ہے۔ اور ہزاروں۔ لاکھوں موبیشی مارتے ہیں۔ ہر سال ہم صرف دونا دوتے ہیں کہ اتنی بڑی خشک سالی ہوئی اور اس میں اتنے موبیشی مارتے۔ موری ذاتی رائے میں ضام لیوا۔ اور بلاک لیول پر اس کا انتظام کیا جانا چاہئے۔ خشک سالی کا مقابلہ کرنے کے لئے بڑی ہٹی۔

یوچلٹیں پلائی گئی ہیں۔ جیسے بہار میں کوسو یوچلٹیں پلائی گئی ہیں اور کئی اور یوچلٹیں ہیں وہی ہیں لیکن ہم دیکھتے ہیں کہ لوگوں کو وقت پر پالی نہیں کھاد اور پمپنگ سمٹ نہیں ملتے ہیں۔ مہرے اپنے حلقے میں ہزار سے زیادہ ہورنگ ہوئے ہیں۔ لیکن پمپنگ سمٹ کی اقلی کمی ہے کہ لوگ اس کا فائدہ نہیں پا رہے ہیں۔ اس لئے موری رائے ہے کہ بہار میں پمپنگ سمٹ کا ایک کارخانہ فوراً بنایا جانا چاہئے تاکہ چھوٹے اور بڑے کسانوں کو کم قیمت پر پمپنگ سمٹ ملے جا سکیں۔

تعجب کی بات یہ ہے کہ حالانکہ ہم نے سہلنگ لگو کر دی ہے لیکن ٹریکٹر کی قیمت ابھی تک 27, 26, 25 یا 28 ہزار روپے ہے؟ جب زمین کی سہلنگ 10 سے 18 ایکٹر مقرر کی گئی ہے تو اسی لحاظ سے ٹریکٹر کی قیمت میں بھی کمی ہونی چاہئے۔ تاکہ جو لوگ سہلنگ کے ماتحت آتے ہیں وہ ٹریکٹر خرید سکیں۔

جہاں تک قرضے کا تعلق ہے۔ آج قرضہ حاصل کرتا آسمان سے قارے توڑ کر لانے کے برابر ہے۔ اس لئے چاہئے نیشنلائزڈ بینک ہور اور چاہئے نوآپریٹو بینک۔ قرضہ دینے کے روز میں تھیلی لانے کی سخت ضرورت

[شری منعمد جمیل الرحمان]

ہے - میرے حلقے میں بیلک کی کم سے کم دوری 20 - 25 یا 30 کلومیٹر ہے۔ کسانوں کو قرضہ لہتے کے لئے کئی بار آنا جانا پڑتا ہے - شری سلفہ نے فگوز دی ہیں۔ کہ کوآپریٹو، بلنکوں کے ذریعے کروڑوں روپے دستدریہوت کئے گئے ہیں لیکن چھوٹے کسانوں کو انہیں نیشنلائزڈ بلنکوں سے اور نہ کوآپریٹو بلنکوں سے وقت پر قرضہ ملتا ہے - اس لئے ضروری ہے کہ ہر بلاک میں نیشنلائزڈ بیلک اور کوآپریٹو کی شاخ کھولی جائے تاکہ چھوٹے فردیم کسان ان سے فائدہ اٹھا سکیں -

کھاد کا مسئلہ بھی بہت سنگین ہے - لیکن وہ ملستری آف پیٹرولیم کے ماتحت ہے - اسی طرح ایگریکلچر کے لئے بجلی کی بھی ضرورت ہے لیکن وہ ڈاکٹر کے - ایل راؤ اور ملستری آف آرٹیفیکیشن نے ہاتھ میں ہے - بیج کا معاملہ شری سلفہ کے ہاتھ میں ہے - لیکن ان تھلوں میں کوئی کو آرڈینیشن نہیں ہے - اگر کسان کو کھاد ملتی ہے تو پانی نہیں ملتا ہے - اگر پانی ملتا ہے تو بیج نہیں ملتا ہے اور اگر بیج ملتا ہے تو پمپنگ سسٹم وغیرہ کے لئے بجلی نہیں ملتی ہے - کسانوں کو یہ سب چیزیں وقت پر ملوں - اس لئے ضروری ہے کہ ان تیلوں ڈیپارٹمنٹس میں کو آرڈینیشن ہو -

پیداوار بڑھانے کے لئے کنسولیدیشن آف ہولڈنگ بہت ضروری ہے - بہار سرکار نے اس سکیم کو ٹھیک اپ کیا ہے - جب ہم نے اس بارے میں بہار

کے چیف ملستری سے بات کی تو انہوں نے کہا ہے کہ ہمیں بہار سرکار سے 28 کروڑ روپیہ دلوانا ہے - ہم نے کہا کہ ہم 40 کروڑ روپیہ دلوانے لیکن چھ برس کی مدت کو گھٹا کر 3 برس کر دیتے تاکہ کسان ذہنی طور پر پریشان نہ ہوں اور پروڈیکشن میں رکاوٹ نہ پڑے وہ اس کام کو کرنے کے لئے تیار نہیں ہیں - ملستری کانسولیدیشن آف ہولڈنگ کے لئے روپیہ دیر لیکن اس کو اس بات پر زور دینا چاہئے کہ مدت کو چھ برس سے گھٹا کر تین برس کیا جائے تاکہ کسانوں کو اطمینان ہو اور وہ پروڈیکشن کے کام میں لگ سکیں -

میں نے پچھلی بار بھی لیڈ لیونگ کے بارے میں ذکر کیا تھا - اس ایک سال میں لیڈ لیونگ کے سلسلے میں کیا ہوا ہے - میں نے کوئی کام نہیں دیکھا -

بجلی کی حالت بہت خراب ہے - سوکوں پر پول پڑے ہوئے ہیں - لیکن ان کو کھڑا نہیں کیا گیا ہے - جب سے میں ایکٹ ہو کر آیا ہوں تب سے (دو برس سے) میرے حلقے میں ہائوس امور - جو کو ہاؤس - پلاسٹک - کھن گلیج تھاگ گلیج - بھار گلیج اور سکئی وغیرہ میں سوکوں کے کنارے پول پڑے ہوئے ہیں - ان پتہ نہیں کس گتھائی کی وجہ سے انہیں کھڑا نہیں کیا جا رہا ہے - اس طرح فوری طور پر دھیان دینا چاہئے - تاکہ چھوٹے کسانوں کو بجلی ملے اور راحت مل سکے -

جہاں تک پٹ سن کا تعلق ہے۔ میں نے 26 مارچ کو بھیج کیلئے شری سہلے کو خط لکھا تھا۔ کہ آسام اور بلکال کو چھوڑ کر سارے ملک میں پٹ سن پیدا کرنے میں یورنیا ضلع کا اول نمبر ہے اور وہ پٹ سن بہت اے کوالٹی کس ہوتی ہے جس سے لاکھوں اور کروڑوں روپے کی فارن ایکسچینج آپ کمانے میں۔ اس کے لئے میں نے ابھی 26 مارچ کو خط لکھا ہے۔ کہ بھیج نمبر 878 نہیں مل رہا ہے۔ اور سب کسار پریشان ہیں۔ آپ کی اجازت سے میں یہ درخواست پڑھنا چاہتا ہوں۔ کڈجور کو آپریٹو سوسائٹی کشنکلیج بھیج کے لئے پریشان ہے انہوں نے بہت سارے ادھیکاریوں کے نام درخواستیں لکھی ہیں۔ میں اس درخواست کو پڑھ رہا ہوں جو میں آپ کو دونا۔

"It is learnt that our Government is desirous to encourage Cooperative Society and with that idea and encouragement our Consumers Co-operative stores ventured to approach the august Manager of Seeds Corporation, Purnea for appointment of agent for sale of national seeds, but the step-motherly treatment of this officer concerned has amply proved that cooperative society of Bihar should not think to get encouragement and help for their development by our Welfare State."

وہاں تو یہ یگیو سو۔ انتی دو سال سے متواتر پریشان ہے کہ ہمیں بھیج دو تو ہم کسانوں کو سپلائی کریں۔ لیکن ان کو بھیج نہیں مل رہا ہے۔ کہاں پر زکاوٹ ہے۔ کہاں پر پریشانیاں ہیں یہ آپ دیکھیں۔ یہ درخواست میں بھیج نہیں دینگے تو ہمیں پیدا نہیں ہوگی اور اس سے مزدوروں کسانوں کو نقصان ہوگا۔ اور ساتھ ہی ساتھ ملک کو بھی نقصان ہوگا۔ فارن ایکسچینج میں کمی آنیگی اور بہت ساری باتیں ہونگی۔ صوبائی حکومت کو ان معاملوں کے اوپر آپ چست کریں۔ ایکریکچرل کریجیوٹیس جو ہیں۔ ان کو آپ بی۔ سی۔ او۔ بلانیں۔ تاکہ بلاک کی ترقی ہو۔ جر بے گھر اور بے زمین والے لوگ ہیں۔ جب لینڈ لیس کو زمین بانٹتے ہیں تو ان کو بھی زمین دیں۔ چاہے وہ ہری جن ہوں آدمی واسی ہوں یا مسلمان ہوں غرض کہ جو بھی بے زمین اور بے گھر والے ہوں۔ فالتو زمین ان میں بٹتا ہے۔

ہزاری با میں ابھی ایک ہندوچ مسلمان فساد ہو گیا وہ ایک مدرسہ کے نزدیک غور مزورعہ زمین بہار سرکار کی تھی۔ اس کو لیکر ہوا۔ 1947ء سے لیکر آج تک اس زمین کا ہندوستان کھوں نہیں کھا سکا۔

[شری مہند چمپل (پورنہ)]

کہا وجہ اتنا ہوا دنیا فساد وہاں اس کے لئے ہوا۔ یہ سوچنے کی بات ہے۔

بہار ایک پچھڑا ہوا علاقہ ہے۔ آپ نارنگ پور کے لئے ایک ڈویلپمنٹ بورڈ یا اتھارٹی بنائیں۔ کہونکہ آپ کو اس کھٹال۔ کڈنگ کھٹال وغیرہ سب مل رہے ہیں تو یہ اتھارٹی وہاں بنائیں۔ تاکہ وہاں کے چھوٹے کسانوں کی ترقی ہو سکے جن کے لئے ہم کیٹنگ ہیں۔

ایک عوض میں یہ کہونگا کہ ہم کسانوں کے بارے میں ساری باتیں سوچتے ہیں۔ اور سارے فوائد ان کو پہنچانا چاہتے ہیں لیکن رگورٹ گھاس پوتی ہے۔ آپ یہ دیکھیں۔ اس کو سوچیں اس میں کوڑ ہے کی بات نہیں ہے کہ اس سطح پر میں مت سے تعریف کے لائق کام کیے ہیں۔ لیکن اس میں بہت ساری رگورٹیں بھی آپ کے یہاں ہیں۔ صرف تعریف ہی تعریف کے لائق ہیں۔ ایسی بات نہیں ہے۔

آخر میں ہول سول قریب کی بات میں کہتا ہوں۔ یہ بہت اہم قدم ہے۔ لیکن آپ نے جو گھاس کے دام فکس کیے ہیں۔ اس کے حساب سے کسانوں کو پانی کھانہ بچہ اور بچلی بھی کم قیمت پر سپلائی کریں۔ تاکہ کسانوں کو پوس آئے۔ ان کو فائدہ پہنچے۔ ورنہ کنگروم گورنر کی قیمت آج آسمان کو چھو رہی ہے۔ اور چیزوں کے دا آپ کم نہیں کر رہے ہیں۔ تو ایسی حالت میں کسان کو کھسے فائدہ پہنچانے ان باتوں کو آپ سوچئے۔

میں نے پورنہ میں 50 ہزار ایکڑ میں آپ نے بارس لکوا دیے۔ جنگل وہاں کی طرف سے لیکن آپ وہاں چل کر دیکھئے 1956ء سے لیکر 1973ء تک تقریباً 20 برس کا عرصہ ہو گیا۔ اگر ایک پانی کا بھی فائدہ ہوا ہو تو کڑی نہیں۔ آپ ضرور کھسے اس کام کو لیکن پہلے چل کر دیکھئے کہ اس سے کوئی فائدہ سرکار کو یا صوبائی سرکار کو ہے یا نہیں۔ اگر ہے تو کھسے ورنہ جو 50 ہزار ایکڑ زمین ہے اسے بزم میں دلوں میں بک دیکھئے۔

SHRI BANAMALI PATNAIK (Puri): Sir, I congratulate the Agriculture Ministry on their good performance. Agricultural production requires financial resources. For that there are two agencies namely, the cooperative societies and the commercial banks, which recently have started giving finances to the farmers. I want to say a few words about the observation of the Governor of the Reserve Bank of India about the financing of Agriculture. A study of the development of credit by cooperative and commercial banks indicates that whether it is cooperative credit, short-term credit of a longer duration or commercial bank credit, direct or indirect, the bulk of it has been availed of in a few States. This lopsided geographical distribution of credit is related to infrastructure facilities and certain legislative constraints in respect of the State Governments also have to make some efforts.

In this connection, the Government appointed the Talwar Committee which made some recommendations about financing of agriculture by commercial banks. I would like to know what steps have been made to implement those recommendations so that

the agriculturists may receive adequate financial assistance from the commercial banks and cooperative societies.

While financing institutions in the context of the development task assigned to them can be legitimately expected to play a significant role in extension work for such purposes, it is at the same time necessary to point out that the State development agencies should have continued and constant contact with the cultivators and play their due part. The extension agencies of the States have to exert themselves even more than in the past, much more so, so that institutionalisation of agricultural credit is achieved at a faster pace than hitherto.

Another disappointment has been the slow enrolment of new members of cooperatives at the village level. While the Reserve Bank does not favour the financing of defaulters it would draw attention to the fact that there are yet very large numbers—perhaps the majority in absolute terms—of cultivators in most villages who are either not yet members or are non-borrowing members of the cooperative societies. If they can be made active borrowing members of primary societies, the Reserve Bank credit, available to the State Cooperative banks could flow to them and on the strength of this added business one could expect the cooperative system itself to be reactivated.

The hon. minister mentioned about cotton and groundnut but not pulses. Pulses are one of the important food materials in our country. The prices of pulses are rising. There is one pulse research station in Orissa, but the results are not yet known. They are not published in the Agricultural Research Institute's bulletin. Unless we increase the production of pulses, the nutritional content of our food will decrease.

Sometime ago there was a report by Dr. Dakshinamurthi of the FAO that

the milk yield of the cows in the rice producing areas is less because of the presence of some nicotine. That is why in States like Orissa, Tamil Nadu, Andhra Pradesh and Bengal, which are rice-producing States, the cows do not give more of milk while in other States which produce jowar, bajra or wheat the cows yield more milk. Some research stations should be set up and research should be conducted on this subject and effective remedial steps taken so that even in the rice-growing areas there is more of milk production. There should also be research on fodder cultivation and cattle feed because it is very difficult to maintain cattle if there is no availability of cattle feed in sufficient quantity.

Coming to the development of fisheries in Chilka Lake, there was a proposal before the Government of India long ago to finance it with the help of the International Development Agency. That lake has got an area of 1,100 sq. kilometres in the rainy season and 900 sq. kilometres in the other season. Though there is enough of fish in that area, no effort has been made to develop that area. Long ago the Government of Orissa appointed a Committee under the chairmanship of Dr. Parija for the development of fisheries and other agricultural development of that area. That scheme is pending with the Government of India. It should be cleared and work should be taken up with the assistance of the International Development Agency.

In this connection, a recommendation has been made for two fishery harbours, one at Damra and one at Chilka. The reply to a question was that it is under consideration. No steps have been taken in the matter so far. I suggest that it should be finalised soon.

Recently, the Government of Orissa decided to nationalise the kendu leaf trade. For that they require a large number of people trained in forestry. The Dehra Dun Forest Training College cannot supply such a large number of trained personnel. So, I would

[Shri Banamali Patnaik]
suggest that a forest training college should be opened or, in the alternative, the number of students trained in the Dehra Dun Forest College should be increased so that they can take over the kendu leaf trade.

17.22 hrs.

[SHRI K. N. TIWARY in the Chair]

The time is fast approaching when we expand our activities for utilising our vast forest wealth. So far enough attention has not been paid to that aspect. If we do not develop and utilize our forest wealth, our agriculture will suffer. For utilising the forest wealth we have to train personnel in forestry. I hope the Government will make necessary arrangements for that.

SHRI DASARATHA DEB: Mr. Chairman, while intervening in the debate Shri Shinde expressed satisfaction about the performance of his Ministry. Let him remain satisfied; I have no objection. But the reality is that a large number of people in our country are facing starvation death. That itself shows that our performance is not up to the mark.

I welcome the recent decision of the Government to take over the wholesale trade in foodgrains. This is a good step no doubt because the foodgrains trade should not be left entirely in the hands of the individual trader. My only doubt is whether this Government can pursue and execute this policy or it will remain only on paper like the *garibi hatao* slogan. The performance of the wholesale traders, particularly during the lean months, is very bad. They hoard foodgrains and sell only when the prices go up. They should be forced to bring the surplus to the market. If you remain satisfied only with the market surplus, then the Government will not be able to build up stocks. You will be getting foodgrains only from the poor sections

I want to draw the attention of the Government to this. On earlier occasions also we have found and even today morning there was a lot of statement. She has chosen to give a statement. She has chosen to give a threat to political parties, particularly, opposing the Congress. But she has not got a word to say against those black marketeers and hoarders. That is why I express my doubts about that.

Coming to my State, Tripura State is facing a serious crisis, a serious famine, today. No food stocks are there. After discussing it with Mr. Shinde, I went there and I visited so many godowns. They cannot continue ration shops there. About 180 people have died of starvation. We have published their names. That is why I suggest to this Government to build stocks there by immediately air-dropping the stocks there. Otherwise, you cannot meet the situation.

Now, the people have lost their purchasing capacity. They have no money. They cannot purchase food. The price of rice is Rs. 2 to Rs. 2.50 per Kg. Even sometimes if it is available at Rs. 2 per Kg., the people cannot purchase it. So, the Government should supply it at a subsidised rate in the ration shops at not more than 0.50 p. per Kg. Even then, I doubt whether you will be able to meet the situation there. Hundreds of people will die of starvation.

I urge upon the Government to take up this issue with the State Government and provide relief works there so that starvation deaths do not occur.

श्री सुखदेव प्रसाद वर्मा (नवादा) :
सभापति महोदय, मैं कृषि मंत्रालय की मांगों का समर्थन करते हुए . . .

सभापति महोदय : यदि आप भाषण देने के बजाय अपने प्वाइन्ट्स रखें तो ज्यादा ठीक रहेगा ।

श्री सुखदेव प्रसाद वर्मा : मैं इस सत्र में किसी भी डिमाण्ड पर नहीं बोला हूँ, सिर्फ इसी विभाग की मांगों पर बोलने के लिये इन्तजार कर रहा था। अगर दो मिनट बुला कर बैठा देना चाहते हैं तो मैं नहीं बोलूंगा। मुझे लोक सभा में बोलना है, इस दृष्टिकोण से नहीं कि मैं सिर्फ बोलना चाहता हूँ बल्कि मैं चाहता हूँ कि अपनी बातों को कहूँ। इस लिये अगर आप के पास समय हो तो मुझे दीजिये मैं दो मिनट में नहीं खत्म कर सकूंगा।

सभापति महोदय : हम आपको सात मिनट देंगे।

श्री सुखदेव प्रसाद वर्मा : सभापति महोदय, इस में कोई शक नहीं कि सरकार ने गल्ले का थोक व्यापार अपने हाथ में लेकर इस मौके पर बहुत बड़ा काम किया है। लेकिन मैं निवेदन करना चाहता हूँ और जैसा कि कई अन्य माननीय सदस्यों ने भी कहा है—जहां तक मूल्य निर्धारण का सवाल है, मैं समझता हूँ कि कृषि मंत्रालय ने किसानों के साथ न्याय नहीं किया है। आज फीअट कार का मूल्य सुप्रीम कोर्ट तय कर सकती है और उसी मूल्य पर वह सारे देश में बिक रही है, लेकिन किसानों की उपजाई हुई चीजों के बारे में कोई बोलने वाला नहीं है। उन के पास कोई ऐसी संस्था नहीं है जिस के द्वारा वे अपनी आवाज को बुलन्द कर सकें, न रुपये है कि सुप्रीम कोर्ट जायें। केवल कुछ लोग बैठ कर उस का निर्णय कर लेते हैं—यह उचित नहीं है। मैं इस बात से सहमत हूँ कि सरकार ने जो मूल्य तय किया है उस को और भी कम कर दीजिए, घटा कर 50 रुपये क्विंटल कर दीजिये, मुझे उस में आपत्ति नहीं है, लेकिन किसानों की जरूरत की चीजें उसी मूल्य के समानान्तर मिलनी चाहिये। अगर किसानों को वे वस्तुएँ उसी तरह कम मूल्य पर मिलेंगी तो मैं समझता हूँ कि फिर उस में किसी को कोई शिकायत नहीं रहेगी। आप इस बात को जानते हैं कि यदि किसान एक खुरपी भी लेना चाहे

तो जितना पैसे पर पहले मिलती थी, उससे चार-पांच गुना याद दाम देने पड़ते हैं। औजारों के दाम देने पड़ते हैं, सिंचाई पर टैक्स वृद्धि होती जा रही है, उसके सारे खर्चे बढ़ते जा रहे हैं। और उस के मृताधिक किसानों के गेहूँ-चावल का मूल्य निर्धारित न होने के कारण, मैं समझता हूँ, आप के इस निर्णय में बाधा पहुँच सकती है। आप अगर मूल्य कम नहीं करना चाहते तो मैं ज्यादा जोर नहीं देना चाहता, लेकिन मैं इसलिये जोर देना चाहता हूँ कि उन की जरूरत की चीजें उसी तरह से निर्धारित मूल्य पर, नियंत्रित मूल्य पर किसानों को मिलें।

सभापति महोदय, हमारा देश गांवों का देश है और हम इस बात का प्रयत्न कर रहे हैं कि ज्यादा से ज्यादा उत्पादन बढ़े, देश का विकास हो। गांवों के रहने वालों के लिये दो संस्थायें बनायी गयी थीं जिस का विचार प्रारम्भ से संविधान बनाने के वक्त से आया कि आर्थिक विकास के लिये सहकारी संस्थाओं को मजबूत बनाया जाय और विकास और प्रशासनिक दृष्टिकोण से पंचायती राज को जल्द लागू न किया जाय। सारे सूबों में दो तरह के कानून बने। जहां तक बिहार का ताल्लुक है 1947 में पंचायती राज कानून बना, लेकिन आज तक बिहार में पंचायती राज लागू नहीं हुआ। और अभी 30 जून तक लागू होने की बात सरकार ने तय कर दी थी, लेकिन सरकार ने फिर उस को स्थगित कर दिया। मैं जानता हूँ कि अगर सचमुच में देश को आगे ले जाना है तो ग्रामीण स्तर पर इन दोनों संस्थाओं को अगर मजबूत नहीं करेंगे, सहकारिता और पंचायती राज को, तो इस देश का विकास सम्भव नहीं है। आप ने देखा होगा सहकारी संस्थायें हैं, माननीय शिन्दे साहब ने सहकारिता के माध्यम से करोड़ों रुपये खर्च करने की बात की, मैं चाहता हूँ कि बिहार की कोऑपरेटिव संस्थाओं के बारे में कमेटी बना कर के विचार

[श्री सुखदेव प्रसाद वर्मा]

करें। आप के राष्ट्रीयकृत बैंकों से कोई लाभ नहीं है, व्यक्तिगत संस्थायें बनती जा रही हैं। केन्द्र ने एक मॉडल बाई ला बना दिया था चार, पांच सा। पहले लेकिन बिहार में वह आज तक लागू नहीं हुआ, और कुछ व्यक्ति धुमा फिरा कर कोआपरेटिव के पैसों का दुरुपयोग कर रहे हैं जिस से न यह संस्था पनप रही है और न कृषि का विकास हो रहा है। तो मैं कृषि मंत्री जी से कहना चाहूंगा, क्यों कि सहकारिता और ग्राम पंचायत आप के अधीन हैं, कि इस सम्बन्ध में बहुत जोर शोर के साथ गुजरात, महाराष्ट्र में अच्छी संस्थायें चल रही हैं, लेकिन बिहार पिछड़ा है, गरीब है, अगर वह पिछड़ा रहेगा तो देश आगे नहीं बढ़ सकता। इस लिये बिहार को अगर आप आगे लाना चाहते हैं तो इन दो संस्थाओं का सम्बन्ध गांवों के लोगों के साथ जोड़ना जरूरी है, और जब तक ऐसा नहीं होगा तब तक बिहार आगे नहीं बढ़ सकता।

बिहार में काफी सिंचाई देने वाली नदियां हैं, जल के साधन हैं, कोयले की खानें हैं और सारी सम्पदा होने के बाद भी बिहार गरीब है इसलिये कि आप ने उस पिछड़े इलाके की उपेक्षा की दृष्टि से देखा है। अगर इस उपेक्षा की नीति को छोड़ कर ऐसे पिछड़े इलाके को अपनी देख रेख में लेंगे तभी अच्छा होगा। कोसी और गंडक योजना सालों से पड़ी है, हस्ता हुआ कि केन्द्रीय सरकार अपने हाथ में ले कर बनवाये, लेकिन कोई सुनवाई नहीं। इसी तरह से बिहार के अन्दर अनेकों सिंचाई की योजनायें जैसे मुहाने रिजरवायर, सकरी रिजरवायर, तिलैया डीडर्जन रिजरवायर हैं जो कि 10-15 साल से इन्वेस्टीगेशन में पड़ी है। अगर इन योजनाओं को पूरा कर दिया जाये तो दक्षिण बिहार के गया, नवादा, औरंगाबाद, रोहतास, भोजपुर तथा पटना के जिलों की सिंचाई का

पानी मिल सकता है। लेकिन कोई उस बारे में काम नहीं हो पा रहा है परिणाम यह है कि खेती के लिये इन जिलों में पानी नहीं मिल रहा है। यह स्थिति बिहार की है।

यह बात सही है कि पैदावार बढ़ाना आप के जिम्मे है, पानी और बिजली आप के जिम्मे नहीं है। मैं सुझाव देना चाहता हूं कि कृषि से संबंधित सिंचाई की जितनी योजनाएं हैं, बिजली की योजनायें हैं, ये सभी कृषि मंत्रालय की सहमति से कार्यान्वित होनी चाहियें। और इस तरह की योजनायें कब, किस समय और कैसे बने, किस तरह से कार्यान्वयन हो, मैं समझता हूं कृषि विभाग के साथ उस का धनिष्ट सम्बन्ध होना चाहियें।

अन्त में बिहार के सम्बन्ध में एक बात और कहना चाहता हूं, जैसा मैं ने कहा कि बिहार सूखा और बाढ़ से बराबर पीड़ित रहा है। बाढ़ और सूखा मानो बिहार के लिये स्थायी रूप से हैं। कृषि मंत्री महोदय हमारे क्षेत्र में आये हैं, हसुआ, नवादा क्षेत्र में गये हैं, 25 साल का इतिहास वहां का देखिये, हर पांच साल में तीन साल ड्राउट के हैं, एक साल बाढ़ और एक साल सूखा, ऐसे इलाके के लिये जो पैसा आप ने दिया है, उस का समुचित उपयोग करने के दृष्टिकोण से, वह बहुत कम है। दक्षिण बिहार में गया जिले में स्टेट ट्यूब बैल के सिवा और कोई चारा नहीं है। इन क्षेत्रों में स्टेट ट्यूब बैल और बिजली के जरिये विकास करने की कोशिश करें तो अन्न की कमी दूर करने में हम काफी सहयोग दे सकते हैं और तब देश भी आगे बढ़ेगा।

*SHRI APPALANAI DU (Anakapalli): Mr. Chairman, Sir, while supporting the demands for grants of the Ministry of Agriculture I would like to bring a few points to the notice of Minister through you. The fact that the fishery industry is backward in our country cannot be denied. Just now hon. Minister. Mr. Shinde while

intervening said that we are exporting fish worth 58 crores. It is very encouraging to know that. However, I would like to submit here that there is a difference in the development of fishery industry between the East Coast and the West Coast. I am very sorry that this industry could not be developed in the East Coast to the extent that it is developed in the West Coast. Some time back the Minister stated that the State Government are not taking enough initiative as such, the Centre cannot do much in the matter. Whatever may be the reasons, as an allround development in all fields is our aim, it is necessary for the Centre also to see that no area in this country is left lagging behind in the matter of progress.

If you see the conditions of fishermen in the East Coast they are heart-rending. They do not have the facilities even for the minimum necessities of life like fresh water, housing, clothing etc. They do not have cold storage facilities nor they have good transport facilities to transport the product to the markets nearby. The conditions are so bad that after the fishermen reach home with the catch, the ladies take them on their heads in small baskets and reach the nearby towns for selling them after walking for five to six miles. Then only they would be in a position to feed themselves. If you ask my honest opinion, I would submit that these fisher folk depend on very meagre income. Unless they earn something every day they cannot provide food for themselves. This is a very sad state of affairs. I therefore submit that the necessary infrastructure should be developed so that fishery could progress well.

Estimates for a fishing harbour in Visakhapatnam have been submitted two years back to the Government. These proposals have not yet been finalised. Fishing harbour is linked up with outer harbour. I submit that this harbour should be simultaneously taken up with the construction of the outer harbour and completed. Other-

wise the estimates may swell from 3 crores initially to 7 or 8 crores, because of the rising prices. I therefore submit that the Minister should be kind enough to see that this fishing harbour project is taken up and completed early.

*

I would like to submit further that the State of Andhra Pradesh has submitted 7 other small projects to the Centre. I understand that these proposals have been sent to the UN Aid authorities for scrutiny and sanction. Two of these projects have already been studied. I request that the Centre should expedite the sanction of these projects.

Recently I visited Andamans islands. There is great scope for advancement of fisheries. I came to know that people from other contiguous countries come and illegally fish in our waters. As these islands are under the direct control of the Centre much can be done to develop fisheries there. The Centre should create cold storage facilities and supply trawlers for development of deep sea fishing. I know the waters around these islands abound in fish, particularly a variety known as "Tuna". I therefore submit that the Government should take steps to exploit this source. I am sure we will be able to earn considerable amount of foreign exchange by exporting this variety of fish. In this connection I would request that the Government should hand over all those trawlers which have been impounded from the illegal fishers of other countries and hand them over to the Fisheries Department. At present I understand that these trawlers are being handed over to the Police Department.

Coming to my constituency, the farmers there grow considerable amount of sugarcane and convert into jagary. Last year, due to the unsettled conditions and failure of transport facilities a serious situation has developed now. Jagary stocks worth Rs. 2 crores have piled up and is causing anxiety to the farmers as well as the business community. I therefore

[Shri Appalanaidu]

request that this Ministry in liaison with the Ministry of Railways may please see that the wagons are provided on a priority basis to this area so that these accumulated stocks could be cleared. I conclude by thanking you for giving me this opportunity to speak.

श्री चंद्रिका प्रसाद (बलिया) : कृषि मंत्रालय की बजट मांगों का मैं समर्थन करता हूँ। भारतवर्ष कृषि प्रधान देश है। मैं समझता हूँ कि 25 साल में हमारी सब से बड़ी सफलता यह कही जायेगी कि भारत सरकार ने देश के लोगों को भोजन देने की व्यवस्था करने के लिये गेहूँ का थोक व्यापार अपने हाथ में लिया है। यह बहुत ही सराहनीय और ऐतिहासिक कदम है। इसके लिए जितनी सरकार की प्रशंसा की जाए थोड़ी है। हमारे विरोधी भाई जिन में विशेष कर जन संघ शामिल है वे इस पर दुखी हैं। कारण यह है कि उनकी पार्टी को क्षति पहुंची है। साथ ही जो प्रतिक्रियावादी शक्तियां हैं वे इस साहसी कदम का विरोध कर रही हैं। देश को खिलाना है तो इससे अच्छा और उत्तम कदम कोई दूसरा नहीं हो सकता था। कहीं कहीं पर यह सवाल उठाया जाता है कि किसानों को रेट बहुत कम दिया जा रहा है और मांग हो रही है कि इसको बढ़ाया जाए। लेकिन हमारे क्षेत्र के, पूर्वांचल के लोगों का कहना है कि रेट नहीं बढ़ाना चाहिये, रेट बिल्कुल ठीक हैं लेकिन किसान को जो उसकी आवश्यकताएँ हैं जैसे कपड़ा है, डालडा है, चीनी है, लोहा है, सिमेंट आदि हैं, ये सब चीजें परचेजिंग सेंटर पर, जहाँ वे हैं वहीं पर कंट्रोल रेट पर देने की व्यवस्था की जाए ताकि किसानों का साहस बढ़े और उनकी हिम्मत बढ़े। उनकी आवश्यकताओं की पूर्ति की गई तो इससे सभी को लाभ होगा।

उत्तर प्रदेश सब से बड़ा सूबा है।
उसका क्षेत्रफल 294 हजार वर्ग किलोमीटर

है। इसमें से 12,600 वर्ग किलोमीटर इलाका पानी से ढका हुआ है जो कि प्रान्त के कुल क्षेत्रफल का 4.2 प्रतिशत होता है। एग्रिकल्चर के तहत 63 प्रतिशत इलाका है और जंगलात के तहत 13 प्रतिशत। लेकिन इतना होने पर भी इस प्रदेश की उपेक्षा की गई है। जो बजट दिया गया है उसमें पेज 30 पर लिखा हुआ है :

"It is proposed to set up Fish Farmers Development Agencies on a pilot scale in five selected districts in the States of West Bengal, Assam, Bihar, Mysore and Madhya Pradesh under a Central Scheme."

उत्तर प्रदेश को इस में बिल्कुल छोड़ दिया गया है जबकि हमारे यहां बहुत भारी वाटर रिसोर्सिस हैं जहां पर गंगा, घाघरा, ताप्ती जैसे दरिया बहते हैं। हम से और बिहार से लगा हुआ मार्किट कलकत्ता का है। हमारे यहां पर लेबर और रियटिड स्कीमों को हाथ में लिया जा सकता है जोकि गरीबी हटाने की साधन बन सकती हैं। उत्पत्ति के साधन हमारे पास मौजूद है। लेकिन अगर हमें एडिशनल रिसोर्सिस मुहैया कर दिए जाएं तो बड़ा भारी काम हो सकता है। इधर ध्यान नहीं दिया गया है। बड़ी भारी हमारी उपेक्षा हो रही है। विशेषकर जो मल्लाह हैं और जो मछली मारने का काम करते हैं उनकी संख्या हमारे क्षेत्र में पचास हजार है। वे पानी में खेती करते हैं, पानी पर काम करते हैं। उनको फिशरीज के राइट नहीं हैं। बिहार का हमारा कुछ हिस्सा उत्तर प्रदेश में आ गया है। दोनों किनारे अब उत्तर प्रदेश में आ गए हैं। उत्तर प्रदेश में दूसरी जगह इसका ठेका नहीं दिया जाता है लेकिन यहां

केका दिया जा रहा है। जिस तरह से किसान को खेती करने का अधिकार है उसी तरह से उनको भी जल में खेती करने का, फिशरीज का अधिकार दिया जाना चाहिये फ्री फिशिंग राइट उनको मिलना चाहिये। आर्थिक सहायता उनको दी जानी चाहिये। मछलियों की बड़ी भारी झील सुरा है। वहां उसके आसपास टैंक भी बने हैं। वहां बाबू लोग कहते हैं कि हमें पैसा दो तब हम मछलियां पकड़ने देंगे। मैं मांग करता हूं कि जैसे किसान को खेती करने का अधिकार है वैसे ही इन मल्लाहों को मछली मारने का अधिकार होना चाहिये और इस झील को आपको एक्वायर कर लेना चाहिये।

हमारा सूबा सब से बड़ा है। वहां पर एक पन्त यूनिवर्सिटी है। भौगोलिक दृष्टिकोण से उत्तर प्रदेश के पांच हिस्से होते हैं। इन सभी पांच हिस्सों की जलवायु अलग अलग है। जन संख्या हमारे प्रान्त की सभी प्रान्तों से ज्यादा है। भौगोलिक दृष्टिकोण से हमारे यहां चार एग्रिकल्चरल यूनिवर्सिटियां और होनी चाहियें। इस ओर आप ध्यान दें।

हमारे प्रान्त की आबादी के लिहाज से वहां उर्वरक के कारखाने भी नहीं हैं। उर्वरक के दो और कारखाने आपको उत्तर प्रदेश को देने चाहियें।

श्री हरी सिंह (खुर्जा) : श्री मैंने कृषि विभाग में राज्य मंत्री के भाषण को सुना है। उन्होंने हिन्दुस्तान में कृषि जन्म वस्तुओं की उत्पत्ति के मामले में बड़ा आश्चर्यादी चित्र खींचा है। उससे तो ऐसा मालूम पड़ा कि वास्तव में हिन्दुस्तान में तरसकी हो रही है। भाषण को सुन कर तो सन्तोष हुआ। लेकिन क्या कभी सरकार ने सोचा है कि प्रति हेक्टर हमारे देश में औसत पैदावार क्या है और जापान, अमरीका, कनाडा, अस्ट्रेलिया में क्या है? महज करी

लगा देने से हम गल्ले में आत्मनिर्भर नहीं हो सकते हैं। अगर खेती में लगे हुए परिवारों को रोजी-रोटी के मामले में आत्मनिर्भर बनाना है तो ऐसा तभी हो सकता है जैसे जापान ने किया है। जापान के किसान के पास अगर आठ एकड़ जमीन भी होती है तो वह बड़े कैपिटलिस्ट की तरह, कारखानेदार की तरह से जिन्दगी गुजारता है। हमारा प्रति हेक्टर उत्पादन दुनिया में सब से कम है।

देश में यह बताया गया है कि फर्टिलाइजर की कमी है। फर्टिलाइजर एसोसिएशन आफ इंडिया ने एक सर्वे किया था और उसके आधार पर अपनी रिपोर्ट में कहा है कि बारह फर्टिलाइजर प्लांट और हों तब गैप को पूरा किया जा सकता है। क्या आप फर्टिलाइजर की कमी को पूरा करने के लिए इस रफ्तार से काम करेंगे? दसियों सालों के बाद कोरवा के कारखाने का श्रीगणेश हुआ है। आज हिन्दुस्तान का किसान दुनिया के किसानों की पंक्ति में सब से गरीब किसान माना जाता है। दुनिया में शायद ही कोई ऐसा मुल्क होगा, जिसकी जमीन सोना उगलती हो, लेकिन जिसका किसान इतना गरीब हो। इतनी अच्छी धरती होने और इतनी मेहनत करने के बाद भी किसान गरीब क्यों रहे?

मेरा जिला बुन्देलखण्ड वहां से बारह चौदह मील की दूरी पर है। वह जिला दिल्ली की डी० एम० एस० को चालीस प्रतिशत दूध सप्लाई करता है। इसके अलावा वहां से ग्लैक्सो कम्पनी को भी दूध मिलता है और प्राइवेट तोर पर भी काफी दूध वहां से आता है। वहां दूध का उत्पादन काफी मात्रा में होता है और उसके लिए वहां सब साधन उपलब्ध हैं। वहां बहुत से लोगों ने यह धन्धा अपनाया हुआ है। मेरा सुझाव है कि हमारे जिले में दूध की कोई सेंट्रल स्कीम या डेरी कायम की जाये। वहां इसके लिए उपयुक्त स्थान मौजूद है।

[श्री हरी सिंह]

कुछ माननीय सदस्यों ने कहा है कि उत्तर प्रदेश में कृषि विश्वविद्यालय बनाया जाना चाहिये। आबादी और पढ़ने वालों की संख्या के लिहाज से तो उत्तर प्रदेश में कम से कम चार कृषि विश्वविद्यालय बनाना बहुत आवश्यक है। हमारे जिले में लखावटी डिग्री कालेज एक बहुत पुराना कृषि डिग्री कालेज है। उस कालेज में पढ़े हुए लोग हिन्दुस्तान के लगभग हर एक भाग में कृषि विभाग में काम कर रहे हैं। मेरा सुझाव है कि उस कालेज को कृषि विश्वविद्यालय बना दिया जाये। उसके पास जमीन, साधन और एक्विपमेंट है। सरकार को बड़ी गम्भीरता से इस पर विचार करना चाहिए।

मंत्री महोदय ने कहा है कि उन्हें अपनी सर्विसिज पर बड़ा भरोसा है और उनका विभाग बहुत एफिशेंटली काम करता है। लेकिन मैं उन्हें बताना चाहता हूँ कि लखनऊ में राज्य स्तर का जो कृषि विभाग है, उसमें भ्रष्टाचार का बोल-बाला है। बुलन्दशहर में एफ० सी० आई० में बहुत सी नौकरियों के लिए एक इन्टरव्यू हुआ। उस इन्टरव्यू के लिए लखनऊ से जो टीम आई, उसमें जिला बुलन्दशहर का एक अधिकारी भी था। उन लोगों ने खूब शराब की दावतें उड़ाईं, रिश्कों लीं और सिर्फ अपने भाई-भतीजों को ही सिलेक्ट किया। जिन उम्मीदवारों का इन्टरव्यू बुलन्दशहर में हुआ, उन में से किसी को नहीं रखा गया। हापुड़, मेरठ, लखनऊ और बनारस से लोगों को चुन कर लाया गया। अगर उन नगरों के लोगों को ही रखना था, तो फिर बुलन्दशहर में उनका इन्टरव्यू क्यों किया गया और क्यों उस पर उनका रुपया खर्च कराया गया?

मेरी जानकारी है कि अधिकारीगण रिश्कत में हजारों रुपये कमा कर ले गये। हमारे जिले का एक अधिकारी पहले हापुड़ में डिस्ट्रिक्ट मैनेजर था। उसके बाद उसका तबादला हरियाणा में हुआ। फिर वह आगरा गया और इसके बाद वह लखनऊ जा रहा है। उसने हमारे यहां बहुत ज्यादा भ्रष्टाचार और अन्याय मचा रखा है। गवर्नमेंट को उस के यहां छाया मार कर पता लगाना चाहिए कि उसने कितना रुपया पैदा किया है।

हाल ही में माननीय मंत्री, श्री मिर्धा, ने कहा है कि सर्विसिज में कुछ चेंज करने की जरूरत है। मेरा सुझाव है कि कृषि विभाग में नौकरियों के लिए उन उम्मीदवारों को प्रायर्टी देनी चाहिए, जिन के परिवारों में खेती होती हो। जो लोग केवल कागज पर खेती करते हैं, वे कृषि विभाग का काम सुविधा और दक्षता से नहीं कर सकते हैं।

इस शब्दों के साथ मैं कृषि मंत्रालय की मांगों का समर्थन करता हूँ।

श्री गंगा चरण दीक्षित (खंडवा) : सभापति महोदय, कृषि मंत्रालय ने जो कुछ कार्य किया है, वह सराहनीय है। लेकिन योजना आयोग ने मई, 1972 में 'पांचवीं योजना के प्रति दृष्टिकोण' नाम की एक रिपोर्ट निकाली है, जिसमें उस ने यह स्वीकार किया है कि निर्धनता की रेखा के नीचे अपना जीवन गुजारने वालों की संख्या आज भी उतनी ही है, जितनी कि दो दशक पहले थी। क्या कारण है कि उन्नत बीज, सिंचाई के साधन और कीटनाशक औषधियां आदि सुविधायें होते हुए भी निम्न स्तर पर जीवन बिताने वाले लोगों की संख्या आज भी उतनी है, जितनी कि दो दशक पहले थी?

इस में कोई शक नहीं है कि हमने उत्पादन में बहुत ज्यादा तो नहीं, लेकिन

बहुत कुछ काम किया है । लेकिन यह उत्पादन किस ने किया ? क्या यह उत्पादन उन गरीबों और छोटे काश्तकारों ने किया है ? या यह उत्पादन उन काश्तकारों ने किया है, जिन के पास सिंचित भूमि है, जिन के पास कीटनाशक औषधियां प्राप्त करने के लिए साधन हैं और जिन के पास उन्नत बीज खरीदने की क्रय-शक्ति है ? यह उत्पादन उन छोटे और सीमान्त काश्तकारों ने नहीं किया है, जिन को न ये सब साधन मिले और न किसी प्रकार की उन्नति कर पाये ।

मंत्री महोदय के भाषण से मैंने यह तथ्य निकाला है कि हम ने भौतिक उपलब्धियां तो प्राप्त की हैं, लेकिन हम मानवीय उपलब्धियां प्राप्त करने में असफल रहे हैं, जैसी कि चाइना और जापान में प्राप्त की गई हैं । चाइना ने 1949 में आजादी प्राप्त की, लेकिन उस के बाद वह तीन साल के अन्दर ही स्वावलम्बी हो गया । उस का एक कारण यह था कि उस ने हाफ-एंड-हाफ स्कूल खोले, जिन में तीन घंटे की कृषि की शिक्षा अनिवार्य थी । जापान की हालात 1946 में बहुत ही खराब थी, लेकिन उस 830 सीनियर हाई स्कूल के स्तर के कृषि विद्यालय खोले, जिन में 1960 तक 59,000 लड़के हाई स्कूल तक शिक्षा प्राप्त कर के कृषि में दक्ष हो गये । वहां पर तीस राजकीय विद्यालय हैं, जिन में कृषि शिक्षा के विभाग खोल दिये गये । वहां से हर साल छः हजार लड़के कृषि शिक्षा में निपुण हो कर निकलते हैं । आज हमारे यहां कृषि मंत्रालय के अन्तर्गत कितने लोग हैं, जो कृषि की शिक्षा प्राप्त करते हैं ? हमारे देश में काश्तकारों तथा अन्य साधारण लोगों को केवल छिछला ज्ञान है । अगर कोई बांध टूटता है या मशीन टूटती है, तो काश्तकार उस की मरम्मत करने में असमर्थ होता है । उस के लिए उसे को बाहर जाना पड़ता है और उस पर खर्च करना पड़ता है । उस

को इतना ज्ञान नहीं है कि वह अपने पम्प को जोड़ सके या अपने यन्त्र को ठीक कर सके । हम ने यन्त्रीकरण किया है, लेकिन हमने लोगों को यन्त्रों को समझने की जानकारी और क्षमता नहीं दी है । 1946 में जिस वक्त जापान में भूमि सुधार कानून बना उस वक्त दस में से नौ काश्तकार ऐसे थे जो कि उस कानून को समझ सकते थे । आज हमारे यहां काश्तकार के लिए जो कानून हम बनाते हैं, जिन का नौ का हम निर्माण करते हैं उन के समझने की ताकत कितने आदिमियों में है ? कितने काश्तकार ऐसे हैं जो उन को समझ सकते हैं ? मैं समझता हूं दस में से एक भी नहीं है जिन को अपने लिए बनाए गए कानूनों को समझने की ताकत हो । तो हमें चाहिए कि भौतिक पूंजी के निर्माण के साथ साथ मानव पूंजी के निर्माण की तरफ भी शासन ध्यान दे ।

18.00 hrs

अब मैं दो शब्द मध्य प्रदेश के बारे में भी कहना चाहता हूं । मध्य प्रदेश विस्तार की दृष्टि से बहुत बड़ा है । अभी हमारे भाई ने बताया उत्तर प्रदेश के बारे में । इस में कोई शक नहीं कि जहां तक जनसंख्या का सवाल है वह सब से बड़ा प्रदेश है । लेकिन विस्तार की दृष्टि से मध्य प्रदेश भारत में सब से बड़ा राज्य है । उस के पास विशाल साधन हैं । लेकिन उन साधनों के दोहन के लिए जब हम कोशिश करते हैं तो वित्तीय विवशताएं ऐसी बेकारी और ऐसी निराशा की भावनाएं हमारे हृदय में पैदा कर देती हैं कि हमारा मध्य प्रदेश कुछ काम नहीं कर पाता है । मैं चाहता हूं कि केन्द्र से अधिक से अधिक सहायता मध्य प्रदेश को मिले । 184 लाख हेक्टर जमीन उस के पास है जिस में वह काश्त कर सकता है । 64 लाख जोतों में वह बंटा हुआ है । मध्य प्रदेश में सिंचाई केवल आठ प्रतिशत है जब कि भारत इंडिया एकरेज

[श्री गंगा चरण दीक्षित]

सिचाई का 25 प्रतिशत है। तो इस के लिए उस को शासन ज्यादा से ज्यादा मदद देने की कृपा करे ताकि मध्य प्रदेश अपने पिछड़ेपन की संज्ञा से मुक्त हो भारतवर्ष का कामधेनु हो सके।

MR CHAIRMAN: We have an half hour discussion.

THE MINISTER OF PARLIAMENTARY AFFAIRS (SHRI K. RAGHU RAMAIAH): I suggest that we continue this debate 10 or 15 minutes as there are three more Members who want to speak before we close this debate. I had appealed to the opposition and they have agreed.

MR. CHAIRMAN: If the House agree, we may do so. Shri Ramavatar Shastri.

श्री रामावतार शास्त्री (पटना) : सभापति जी, वर्षों के आन्दोलन के बाद सरकार ने पहली अप्रैल से गेहूं के थोक व्यापार को अपने हाथ में लिया। हमारी पार्टियों ने इस का स्वागत किया है। बाजार में गेहूं इस साल 3 करोड़ टन बिकने की उम्मीद है जिस में से 80 लाख टन सरकार खरीदना चाहती है। सरकार का इस कदम का देश की तमाम प्रतिगामी शक्तियां विरोध कर रही हैं और यह सरकार के लिए कसीटी है कि सरकार इस में सफल होती है या विफल होती है। सरकार इस काम में सफल हो, इस के लिए जन-आन्दोलन तैयार करने की जरूरत है। और मैं चाहता हूं कि सरकार अगर सचमुच में गेहूं का थोक व्यापार अपने हाथ में लेने के नियंत्रण को सफल बनाना चाहती है तो वह निम्नलिखित कदम जरूर उठाए :

- (1) इस अभियान को सफल बनाने के लिए सभी खाद्यान्नों के थोक

व्यापार को सरकार अपने हाथ में ले। केवल गेहूं के थोक व्यापार को हाथ में लेने से काम नहीं चलेगा।

- (2) बड़े जमींदारों और धनी किसानों पर ब्रेडेड लेवी लगाई जाये क्योंकि इस के बिना लक्ष्य की पूर्ति नहीं होगी। अभी सरकार गरीब किसानों पर लेवी लगाना चाहती है वह इस नीति को छोड़े।

- (3) खुदरे दुकानदारों को देहातों से गेहूं खरीद की इजाजत न दी जाय तथा उन के द्वारा बेचे जाने वाले गेहूं का दाम निश्चित कर दिया जाय।

- (4) चावल और आटा मिलों के स्टॉक पर सरकार पूरा नियंत्रण रखे।

- (5) सभी शहरों में राशनिंग की व्यवस्था शुरू की जाय तथा गांवों में बड़े पैमाने पर सस्ते राशन की दुकान खोली जाय।

- (6) भूमि सुधार कार्यक्रम को तेजी से लागू किया जाय ताकि बड़े जमींदारों और धनी किसानों की जमाखोरी की शक्ति को तोड़ा जा सके।

- (7) जनता के सहयोग से छिपे गले को निकालने का मुहिम चलाया जाय।

- (8) थोक व्यापारियों को दिए गए लाइसेंस रद्द किए जायें ; और
- (9) खाद्य निगम में घुसे जमींदारों एवं थोक व्यापार के टेक ओवर के विरोधियों को उस में से निकाला जाय ।

जब तक ये कदम आप नहीं उठाएंगे आप का यह लक्ष्य पूरा नहीं होगा । इन कदमों को उठाइए । हिन्दुस्तान की तमाम प्रगतिशील शक्तियां आप का समर्थन करेंगी और सही मानें में आप इस को सफल बना सके तो देश को आगे बढ़ा सकेंगे । चौरबाजारी और गल्ला छिपाने की नीति को आप इस के द्वारा खत्म कर सकेंगे ।

श्री परिपूर्णानन्द पेंगुली (टिहरी मढ़वाल) : सभापति महोदय, मैं कृषि मंत्रालय की मांगों का समर्थन करता हूं और बधाई देता हूं कि फूड ग्रेन्स के होलसेल ट्रेड की बड़ी सफलता के साथ उन्होंने हाथ में लिया है । यद्यपि हमारे देश की कुछ प्रतिगामी शक्तियां एक तरफ गांवों के किसानों को कहती हैं कि आप को ठीक पैसा नहीं मिलेगा और दूसरी तरफ कन्ज्यूमर्स को कहती हैं कि आप को अनाज नहीं मिलेगा, किन्तु इस के बावजूद यह योजना काफी सफल रही है और जनता ने इस का स्वागत किया है । मेरे खयाल में अब तक के इतिहास में किसान को कभी भी 76 रुपये क्विंटल का दाम नहीं मिला जो आज सरकार ने देने का प्रावधान किया है । कृषि मंत्रालय की सफलता इस बात पर निर्भर करती है देश खाद्यान्न के मामले में आत्म-निर्भर हो और हम को किसी के आगे हाथ न फैलाना पड़े । इस के साथ ही यह भी आवश्यक है कि देश के अन्दर कृषि में काम करने वाले मजदूरों की स्थिति में सुधार हो, इस को भी देखा जाय । 1951 में देश में 2 करोड़ 70 लाख भूमिहीन किसान थे

जिन की संख्या बढ़ कर 1961 में 3 करोड़ 10 लाख हो गई । 1971 में यह संख्या बढ़ कर 4 करोड़ 75 लाख हो गई । उन में से उत्तर प्रदेश में 55 लाख भूमिहीन मजदूर हैं । यह संख्या बढ़ती चली जा रही है । आज भी 62 प्रतिशत व्यक्ति ऐसे हैं जिन के पास दो हेक्टर या उस से कम भूमि है । उन को भूमि दिलाई जानी चाहिए ।

भूमि सुधार कानून सब जगह समान रूप से लागू किया जाना चाहिए । कृषि प्रोग्राम की सफलता के लिए मैं सरकार को बधाई देना चाहता हूं जिस में कि 8 करोड़ मेन डेज का 1971-72 में काम हुआ । और इस वर्ष अभी तक जो आंकड़े मिले हैं, दिसम्बर तक के, उस में से 7 करोड़ को काम मिला है । किन्तु जहां तक इस कृषि प्रोग्राम का सवाल है, सारे देश में चूंकि समान स्थिति नहीं है, जैसे खास करके पहाड़ के इलाके में मैदानों से भिन्न स्थिति है, इसलिए वहां के लिए कृषि प्रोग्राम की पद्धति भिन्न होनी चाहिए । पहाड़ों में सड़के बनाने के लिए मैदानों से कहीं अधिक रुपया खर्च होता है । इसलिए मेरा अनुरोध है कि पहाड़ों में कृषि प्रोग्राम के लिए मैदानों से अधिक पैसा दिया जाना चाहिए ।

हमारी नेशनल फारेस्ट पालिसी में आमूल चूल परिवर्तन करने की आवश्यकता है । आज सरकार की नीति है कि पहाड़ों में जंगलों से अपनी आमदनी बढ़ाए और मैदानों को फलड से बचाए । किन्तु वह इस बात के ऊपर ध्यान नहीं देती है कि पहाड़ों को वनों में लाभ हो । मैं खास कर के हिमालय के पहाड़ी क्षेत्र के बारे में निवेदन करना चाहता हूं जहां वन सबसे अधिक संख्या में विद्यमान हैं । वहां वनों का किस तरह से विकास किया जाय इस की ओर समुचित ध्यान नहीं दिया गया है । सरकार अपनी आमदनी की तरफ तो देखती है किन्तु स्थिति में

[श्री परिपूर्णा नन्द पैन्पूली]

जनता को जो उसी पर निर्भर करती है, उन्हें उन वनों से किस प्रकार लाभ हो उस के बारे में नहीं सोचती। यह तभी संभव है जब कि नेशनल फारेस्ट पालिसी में आमूल चूल परिवर्तन हो।

इस संदर्भ में मैं यह भी निवेदन करना चाहता हूँ कि उत्तर प्रदेश के उन इलाकों में जो लोग वनों के आस पास रहते हैं उन के बच्चों की शिक्षा भी इस प्रकार से हो कि उन्हें फारेस्ट की एजुकेशन मिले, हार्टीकल्चर वहाँ पर पढ़ाई जाय ताकि वनों से पैदा होने वाली सम्पत्ति का वे लोग उपयोग कर सकें और उस के आधार पर अपना जीवन यापन कर सकें।

हमारे यहाँ आल इंडिया कोआर्डिनेटेड रिसर्च प्रोजेक्ट आन ड्राईलैंड ऐग्रीकल्चर लागू किया जाना चाहिए। उत्तर प्रदेश के पहाड़ी इलाके खास कर के टिहरी गढ़-वाल जिले में जो कि सूखा इलाका है, वहाँ पर इस योजना को लागू किया जाना चाहिए और इस के साथ ही सोयल कन्जर्वेशन का प्रोग्राम लागू किया जाना चाहिए। इस को क्रेश प्रोग्राम में लागू कर या नागालैंड में जिस पद्धति से लागू किया है उस का प्रवेश वहाँ पर भी कराएँ। उस से एक तो सोयल ईरोजन रुकेगा और दूसरे, लोग वहाँ रोजगार अधिक से अधिक संख्या में पा सकेंगे।

एक और महत्वपूर्ण निवेदन है कि उत्तर प्रदेश के पहाड़ी इलाके, हिमाचल प्रदेश और जम्मू और काश्मीर इन तीनों में क्रेश क्राप, फल सब्जियाँ एक अरब से अधिक रुपये की पैदा होती हैं किन्तु दुर्भाग्य की बात है कि मिडिल मैन इन को एक्सप्लायट करता है और पहाड़ के लोगों के पत्ते कुछ भी नहीं पड़ता।

आप ने गेहूँ और गन्ने के भाव निर्धारित किये हैं, इसी प्रकार केन्द्रीय सरकार को

इन चीजों के लिये भी प्राइस गारन्टी देनी चाहिए। वहाँ के लोगों को ट्रांसपोर्ट सब्सिडी देनी चाहिये, क्योंकि वहाँ की यही एक मात्र इण्डस्ट्री हो सकती है, जिस के आधार पर वे लोग जीवित रह सकते हैं। जब तक केन्द्रीय स्तर पर नीति निर्धारित नहीं करेंगे, लोग आत्मनिर्भर नहीं हो सकेंगे।

उत्तर प्रदेश इतना बड़ा प्रदेश है, लेकिन आप ने उस को दूसरे छोटे छोटे प्रान्तों के बराबर रख दिया है। जिस तरह से दूसरे प्रदेशों में दो-दो बैक्वर्ड जिलों को मार्जिनल फार्मर्स स्कीम, स्माल फार्मर्स स्कीम, ड्राउट स्कीम और दूसरी स्कीमों का प्रावधान किया है और किसानों को इन्सेन्टिव दिया है, उसी तरह से आप ने उत्तर प्रदेश में भी दो जिलों को चुना है। मैं आप को बतलाना चाहता हूँ - खाली उत्तर प्रदेश के पहाड़ी इलाकों की जनसंख्या हिमाचल प्रदेश की जनसंख्या से अधिक है और कई प्रान्त तो ऐसे हैं जो हमारे एक छोटे से जिले के बराबर हैं, फिर भी उत्तर प्रदेश के किसी भी पहाड़ी जिले में आपने ऐसी योजना लागू नहीं की है। अब समय आ गया है जब कि कृषि मंत्रालय को अपनी नीतियों में आमूल-चूल परिवर्तन करना चाहिये।

पंत नगर कृषि विश्वविद्यालय नैनीताल में है, कहने को तो पहाड़ में है, लेकिन मेरे ख्याल से एक प्रतिशत भी पहाड़ के विद्यार्थी उस से लाभान्वित नहीं होते। मैं चाहता हूँ कि पंत नगर विश्व-विद्यालय की शाखाएँ पहाड़ी इलाकों में खोली जायँ तथा हाई स्कूल और इन्टर-मीडियेट के विद्यार्थियों को कृषि शिक्षा दी जाये ताकि वे उस शिक्षा को प्राप्त करने के बाद आत्मनिर्भर बन सकें और अपनी खेती को सुम्भाल सकें।

इन शब्दों के साथ मैं कृषि मंत्रालय की मांगों का समर्थन करता हूँ।

श्री भागीरथ भंडार (झाबुआ) : सभापति जी, आप शायद बहुत कम समय देंगे इस लिये कुछ प्रश्न ही कर सकूंगा। शासन की ओर से यह कहा जाता है कि सरकार द्वारा लिये गये थोक व्यापार को असफल बनाने के लिये विरोधी दल प्रयास कर रहे हैं। मैं आप को चेतावनी देना चाहता हूं यदि आप इस काम को असफल बनायेंगे तो सब से पहले वे लोग होंगे जो आप के कांग्रेसी हैं और व्यापारी के रूप में सब जगह फैले हुए हैं, जो मुनाफाखोरी करते हैं, कालाबाजारी करते हैं। दूसरे वे होंगे जो भ्रष्ट अधिकारी हैं, चाहे नीचे काम करते हों या ऊपर काम करते हों, उन्हीं के द्वारा यह असफल हो सकता है, क्योंकि सब जगह लोग परेशान हो रहे हैं, समय पर लोगों को अनाज नहीं मिलता है। मैं चाहता हूं कि आप सब से पहले अपनी मशीनरी को ठीक करें, अपने स्टाफ को बढ़ायें और व्यवस्थित रूप से लोगों को अनाज मिले इस बात की कोशिश करें।

दूसरी बात मैं यह कहना चाहता हूं कि सूखे से निबटने के लिये मध्य प्रदेश को केन्द्र की तरफ से अभी तक कोई पर्याप्त राशि नहीं दी गई है और न ठीक से उस प्रदेश का अध्ययन किया गया है। इस सम्बन्ध में मध्य प्रदेश विधान सभा में भी चर्चा हुई है—वहां के लोगों में भी बड़ा असन्तोष है। इस लिये आप इस सम्बन्ध में यह बतायें कि मध्य प्रदेश में सूखे से निबटने के लिये आप कितना पैसा दे रहे हैं।

आप ने सीलिंग के सम्बन्ध में कानून पास किया है, अगल अलग प्रदेशों ने अलग अलग नियम बनाये हैं, लेकिन उस में अभी तक कोई भी प्रगति नहीं हुई है। हर जगह जाली रजिस्ट्रियां हुई हैं, लोगों ने उन जमीनों को छिपा लिया है, मतलब नकली नामों से हड़प लिया है। इस की जांच करवानी चाहिये तथा राज्य सरकारों को निर्देश दिया जाना

चाहिये कि वे ऐसी जमीनों को निकाल कछ गरीब हरिजनों, आदिवासियों में बांटें।

आप जो कुछ भी निर्णय करते हैं, इस सदन में या राज्य विधान सभाओं में बैठ कर निर्णय करते हैं। कृषि के सम्बन्ध में जो भी नीति आप निर्धारित करते हैं, नीतियां आप की अच्छी हैं, उद्देश्य अच्छे हैं, लेकिन यहां पास हो जाने के बाद वे कानून कागजों में ही रह जाते हैं, दफतरों में रखे रहते हैं, उन पर अमल नहीं होता है। ग्राम-सेवक या स्टाफ के दूसरे लोग जो खेती की पैदावार के लिये लगाय जाते हैं, उन में कर्षण व्याप्त है। खाद आता है, उस को बेच कर खा जाते हैं, बीज आते हैं उन को बेच कर खा जाते हैं और समय पर ये चीजें न मिलने से कृषक बेचारा परेशान फिरता है, कर्जदार बन जाता है।

आप ने हिसाब लगाया होगा कि खेती पर कितना पैसा खर्च आता है, कितना पैसा खाद पर लगता है, बीजों पर लगता है, पानी पर लगता है, बिजली पर लगता है। आप ने 76 रु० से 82 रु० का भाव निर्धारित किया है—क्या यह उचित है? आज चीजों के बाजार भाव क्या हैं, क्या इस भाव को दृष्टि में रखते हुए उसे तमाम चीजें बाजार में उचित मूल्यों पर मिल जाती हैं? अगर कृषि के साधन सस्ते दामों पर बाजार में मिल जाय, तो कोई भी कृषक आप से अधिक पैसा नहीं मांगेगा, अन्यथा असन्तोष बढ़ेगा और इस का नतीजा यह होगा कि कृषक खाद्यान्न की बजाय दूसरी चीजें पैदा करना शुरू कर देगा, इससे लोगों को अनाज के लिये परेशानी उठानी पड़ेगी।

कुछ शब्द मैं घास के सम्बन्ध में कहना चाहता हूं। देश में जहां जहां सूखा पड़ा है, सब जगह घास की इतनी खराब हालत है कि पशुधन मर रहा है। अगले साल चाहे कुहरत ठीक से पानी बरसाये, लेकिन पशुधन नहीं

[श्री भार्गव शंकर]

होगा बैल नहीं होंगे तो रे खेती नहीं कर पायेंगे उन के पास ट्रैक्टर या आधुनिक औजार नहीं हैं, वे लोग तो सिर्फ दो बैलों से खेती करते हैं, लेकिन जब बैलों को अभाव होगा तो किसान हाथ पर हाथ धरे बैठा रहेगा। इस लिये घास के लिये खास व्यवस्था करनी चाहिये।

हम लोग हमेशा सिंचाई की बात करते हैं, इस लिये कृषि मंत्रालय के साथ इसका सीधा सम्बन्ध आता है। हम चाहते हैं कि सिंचाई विभाग कृषि मंत्रालय से सम्बद्ध होना चाहिये ताकि जो समन्वय की बातें होती हैं, समन्वय न होने के कारण कोई काम ठीक से नहीं हो पाता है, इस लिये समन्वय की दृष्टि से यह विभाग कृषि मंत्रालय के हाथ सम्बद्ध होना चाहिये।

एक बात और कहना चाहता हूँ—देश का जंगल बरबाद हो रहा है—तमाम पहाड़ियाँ सफ हो चुकी हैं, उन में खेती भी नहीं हो सकती है। इस लिये मैं चाहता हूँ कि तमाम पहाड़ियों पर जंगल लगाये जायें। कागजी तौर पर बन-महोत्सव मनाये जाते हैं, करोड़ों रुपया खर्च होता है, लेकिन उस के बाद एक भी वृक्ष देखने जायें तो नहीं मिलेगा। यह कागजी खजाना-पूरी नहीं होनी चाहिये। जमीन के कटाव को रोकने के लिये भी यह जरूरी है तथा सायल-कन्जर्वेशन के लिये भी जरूरी है। बन-सम्पदा की आवश्यकता को देखते हुए नये बन लगाये जायें, वास्तविक रूप से पैसा खर्च हो और उन की देखरेख हो।

18.18 hrs.

CONVICTION OF MEMBER—contd.

MR. CHAIRMAN: I have to inform the House that the Speaker has received the following telegram, dated

the 7th April, 1973, from the Jail Superintendent, Ujjain,--

"Shri Phool Chand Verma, Member, Lok Sabha, was sentenced to undergo simple imprisonment for five days by the Magistrate, First Class, Ujjain, on the 17th April, 1973, for violating section 3/7 of the Essential Commodities Act."

18.19 hrs.

HALF-AN-HOUR DISCUSSION
IMPROPER FUNCTIONING OF CALCUTTA
TELEPHONES

SHRI SAMAR GUHA (Contai): Sir, Calcutta telephone has received not only unjust and unfair but even step-motherly treatment at the hands of the Government. My short comment will be justified by the statistics given by the Government themselves. Let me give comparative figures only for Calcutta, Bombay and Delhi. In 1961 Calcutta had 73,600 telephone lines while Bombay had 47,795 lines and Delhi 32,400 lines. During the Third Plan, Bombay had the privilege of getting an allotment of 58,100 lines plus 30,000 imported, making a total of 88,100. Delhi—28,700 and 13,000 imported, totalling 41,000. Calcutta—only 20,300.

In the Fourth Plan Bombay had an allotment of 92,000; Delhi 62,000 and Calcutta—68,000. In the proposed Fifth Plan, Bombay will have an allotment of 1,18,400; Delhi—1,08,000 and unfortunate Calcutta only 69,000.

If you see the comparative figures in terms of 1961 figure as the base, the allotment increase for Bombay in the First Plan was 187 per cent; Delhi—128 per cent and Calcutta—no increase in percentage. In the Fourth Plan, Bombay had 197 per cent increase: Delhi—212 per cent increase. In the proposed Fifth Plan, Bombay—391 per cent; Delhi—338 per cent. About unfortunate Calcutta, nothing should be mentioned.

At present, Bombay has 1,68,000; Calcutta—1,32,000 and Delhi 99,135. By

the end of the Fifth Plan, that is, by 1982, this will be the position. Just keep in mind the position that Bombay had much less telephone lines in 1961. But after the Fifth Plan, Bombay will be having 4.44 lakhs; Calcutta 2.69 lakhs and Delhi 278 lakhs. What about unfortunate Calcutta? Calcutta is known as the capital of industrial and commercial centre of eastern India. Compared to Bombay, its importance is no less. Calcutta is known as the biggest metropolitan city of the country. If I say Calcutta has received a step-motherly treatment, the figures justify it. The ratio between Bombay and Calcutta is 1:2; 10 years before, Calcutta had a lead over Bombay.

Now, in Calcutta, there is a load of new applications. Nearly 56,000 new applications are outstanding and some of them are 10 years old. It is not the responsibility of the present Minister. I want to know whether he will take some steps before the Fifth Plan is finalised to see that Calcutta's position should be at least at par with that of Bombay because Calcutta's importance, neither from commercial standpoint nor from the industrial standpoint, is in no way less than that of Bombay. Therefore, I hope, before the Fifth Plan is finalised, at least the position of telephone connections in Calcutta and Bombay should be at par.

I would like to draw your attention to another point. In 1964, the Government of India entered into a contract with Bell Telephone Company of Belgium for supply of 48,000 lines telephone exchange equipment and for supply of four trunk automatic exchanges for subscriber trunk dialing. You gave to Bombay—30,000; Delhi—13,000; Madras—5,000 and unfortunate Calcutta—not even one.

About your automatic trunk exchanges, by 1969, Bombay, Delhi, Madras, Kanpur, even small cities have been connected. You have printed a booklet of your own. It is 322 L.S.—13

called the S.T.D.—Subscriber's Trunk Dialling. You have given a map here. In that map, unfortunate Calcutta is missing. You have connection with Madras, Bombay, Delhi, Srinagar, Lucknow, Kanpur and many other innumerable cities. But I do not know what has happened to Calcutta. Calcutta is absolutely missing even from your map. I do not know whether Calcutta will not be missing from India or you do not want to completely isolate Calcutta from trunk exchange. I want to know what steps Government will take about that.

About Calcutta, there is one complaint and that is about mechanical failure of machines. When you take up the phone, there is no tone. Cross-connections, wrong connections, are innumerable. What is the reason for that? They say that spares are not available.

Regarding internal spare parts, recently I have been told that they have been supplied. But I do not know whether there is a dearth of trained personnel. If you had the idea that you were going to supply internal spare parts, at least some planning should have been done in advance for training so that they could handle them. But that was not done.

External spare parts like receiver sets, receiver coils and transmitter sets are not at all available. You can understand what would be the result. Also, the quality of parts and equipment manufactured by the Indian Telephone Industries is very bad. Innumerable complaints are there. I would request the hon. Minister to go there at some suitable time and see that the quality of the parts and equipment manufactured in Bangalore is improved.

About human failure in services like 199, 198, 197, etc., you know what is the fact. They go on ringing for ten or 15 minutes and there is no response. What are the reasons for this? One of the major reasons is

[Shri Samar Guha]

human failure. In Calcutta a large number of those people who handle these services—199, 198, 197, etc.—are ladies. Thousands of them come from far-off places and sometimes they cannot reach in time because of transport difficulties, and when they reach, after a great struggle, they get completely exhausted. I do not complain against them. What can they do? They are ladies. If you really want to improve their condition, I think, as in other industries, certain transport arrangements at least for the ladies should be made, so that they could reach office in time.

There is no hostel for telephone girls. With the help of Social Welfare Board, you should arrange to set up some hostels.

About staff quarters, in Calcutta, the telephone workers have no staff quarters. Government should take some steps immediately to provide the staff with quarters.

Another point is this and this is a dangerous practice. The commercial and industrial concerns pick up the receiver, make the call and keep the connection on for almost the whole day—8 hours, 9 hours and sometimes even 10 hours continuously, thereby avoiding a number of calls. A meter system has to be introduced to avoid this malpractice by the industrial and commercial concerns. As I said, for 6 hours, 7 hours and even 10 hours, the same connection is kept on. Similarly at the other end also, they do the same thing. Therefore, a meter system should be introduced.

Another problem in Calcutta is that the Calcutta Tramways, the Calcutta Electric Supply Corporation, CMDA, the Calcutta Corporation, P.W.D., etc. frequently work on the roads of Calcutta and damage the telephone cables. These people do not care to report these, and that is creating a lot of trouble. I am a member of the Telephone Advisory Board. For about

a month my telephone was out of order. The contractors, particularly of CMDA, etc. do not care for the telephone lines and the damage is not reported. When you go to Calcutta, you should take up the matter with the Government of West Bengal. There should be some sort of a threat. If your telephone line is damaged in any way, then you will take them to task and also threaten them that you would go to court and claim damages. Only that sort of threat can do something.

About wrong billing, I will give you the figures. In 1969-70, there were 22,000 wrong billings. In 1970-71 there were 20,000 wrong billings. In 1971-72 there were more than 14,000 wrong billings. In 1972-73, upto February only, there have been 14,000 wrong billings. They say that they take very prompt action on wrong bills. But why should they be wrong first? It is just a question of taking the meter reading correctly. There is only human failure here and that should be taken care of. About this particular human failure, I think there is a vigilance organization. But the people of Calcutta or the telephone subscribers do not know about it. You have got to improve that organization and the personnel also are not enough. The number of Public Relations Officers is also meagre. People go there and they try to talk to them and express their grievances to them. I would request you that the number of PROs also should be increased.

SHRI R. S. PANDEY (Rajnandgaon): Also their efficiency.

SHRI SAMAR GUHA: Yes, their efficiency also should improve. I think you could just introduce a simple thing a complaint box to be attached to every important post office where complaints about 199 or 198, wrong billing etc. could be lodged. A person may mention the exact time and date and mention the complaint. If you have got something about the persons, handling the equipment, if you ask

for their explanation, at least in the first month, they will grudgingly do it, second month, the number will come down and the third month, it will still be reduced. Some such complaint box should be attached to each post-office. It is a very easy thing.

About other things, about the Own-Your-Telephone, general category telephone, special category telephone here, the industrialists are the fortunate ones—they can get any number of telephones. I would request you to see whether at least their quota could be reduced to some extent and transferred to the general quota. About the special category, my experience is that there are certain business people whose sole aim in attending the meetings of the TAC is to get a number of telephone connections sanctioned. I want that 50 per cent should be the total given to the TAC Board. Special criteria should be carefully laid down—why, how and what reasons and why a person should be given special category. I will just cite one example. Any person by just enlisting a company with Rs. 300 or a co-operative of small scale industries—by paying Rs. 300 they get a licence from the West Bengal Government—they get the telephone under special category. Special criteria and reasons should be completely laid down why and how this special category telephone should be given.

I want to conclude by saying that there are some 56,000 pending applications. Even after the Fifth Plan, you will have 50,000 pending applicants. Unless you take up the matter seriously—the Fifth Plan is yet to be finalised, I hope the hon. Minister is handling it with all earnestness and sincerity as I have seen it and I hope Calcutta will feel that touch of sincerity and earnestness and the problems that I have raised will receive your utmost attention.

MR. CHAIRMAN: Shri Ram Avtar Shastri—absent.

Shri Hukam Chand Kachwai—absent.

The hon. Minister.

THE MINISTER OF COMMUNICATIONS (SHRI H. N. BAHUGUNA): I am grateful to Prof Samar Guha for bringing before us the deficiencies in the Calcutta Telephone system. I admit that Calcutta has lagged behind in regard to telephone development and it is a matter of real sorrow for me that it should be so and I can assure Prof. Guha that it would be my endeavour to bring home to my Department the shortcomings pointed out by him and see that in the matter of exchange capacity and in the matter of providing Calcutta with an efficient and satisfactory system, we will do our very best during the Fifth Plan both qualitatively and quantitatively.

Prof. Guha has correctly drawn out the difference or rather brought out some defects to say that Calcutta has lagged behind. There have been a number of contributory factors for this and I would not go in detail except to say that we will try to do our very best and I hope that men like Prof. Guha will help us in the matter of improving our services so far as it relates to the failure of human component of the whole telecommunication organisation.

So far as joining Calcutta on Subscriber Trunk Dial is concerned with Delhi, with Bombay and the rest of the country, I am sorry to say that in spite of my very best efforts it will not be possible to do anything before 1975. Uptil that time Calcutta would have to be denied this but in 1971 when I joined this Ministry immediately thereafter by November 1971 twenty-two no-delay trunk services were introduced to and from Calcutta and Calcutta Delhi happens to be among those links. The whole question was Calcutta is on broad band coaxial transmission system with Delhi and the entire circuits had been allotted by the time Calcutta had the

[Shri H N. Bahuguna]

capability to get linked to Delhi or the STD. Now, those circuits are already exhausting. We have already ordered equipment for connecting Calcutta with Delhi on broad band microwave transmission system and as soon as that equipment is installed, we are already making our preparation, which will be completed by September 1973 at the Calcutta end and at other ends also so that when that particular facility of transmission system is available Calcutta will have enough circuits to come on STD. STD will naturally require more circuits than we can presently have. The second thing about Calcutta system which I would like to point out is that in 1964 much before I happened to see the face of this august House and at a time when one of Prof. Guha's own friend was heading this Ministry here it was decided to have for Calcutta a new type of system which we call Director Type Strowger System. That is the only type of equipment we were having in the country at that point of time. It was supposed to be the latest in the field. But what has been the result? The result is subsequently in 1964 we went in for new equipment—the BTM crossbar equipment. In a way I congratulate Prof. Guha that he has been spared the troubles of crossbar. It is very sophisticated but also a very complicated system. I have often been saying jocularly to my friends that Christ alone could have carried the 'Cross' but simple and ordinary human beings like me are being called upon to share the responsibility of carrying this cross. In a way, I think, he is lucky he does not have the crossbar at Calcutta otherwise, perhaps, his troubles would be much more than the present ones which Calcutta is facing from the Director system. Now, Sir, when this system was introduced the spares thereof are produced by ITI. ITI being a business house thought why should they produce number of spares which will be needed by one system only. The result was since 1970 Calcutta system did not have any spares

supply from ITI Bangalore. In 1971 November when I went there this thing came to my notice that 25 per cent of the switches of the Director system had been completely blocked because of the lack of spares. I decided to direct the ITI and threatened them by saying that it is not possible for them to deny the spares to that particular institution and now 99 per cent of those switches have been restored back to Calcutta with the result that Calcutta could give in spite of not addition of much new equipment about 10,000 more connections during the last year and, therefore, it has been my constant endeavour to improve the working of that system. That system suffered negligence, at the hands of ITI for which government will have to take responsibility and I quite concede that Calcutta system needs to be looked into rather with great care in the time to come.

So far as the present position is concerned Prof. Guha is right when he talks of billing defects but in that also most of the defects are due to human failures. Now, I cannot be my own meter reader and in that eminent persons like Prof. Guha could play a great role by trying to bring home to our workers the sense of responsibility which should bear on them while discharging their public function like this.

Now, I do not want to say rather from a higher pedestal but, unfortunately, the current trend in the country is not to take of the duties but of the rights only. So, I am great sufferer on that but with the good wishes and help from all friends it should be possible for us to improve the Calcutta system. He is quite right when he says that the Information Service 199, 197 and 198 are not responding. The absenteeism is one of our greatest curses and I am afraid in that also with all his large heartedness Prof. Guha will have to admit that ultimately in this country every government servant cannot expect the government to bring him on duty. In

order to be in time he has to start a little earlier. You know in Calcutta what it means to go to one's office. That is inbuilt in the difficulties of Calcutta. Therefore, Sir, I do not think it is possible for my department to provide all the buses. If I had one colony at one place I would have brought them.

SHRI SAMAR GUHA: At least from Sealdah and Howrah—two or three points—it can be provided.

SHRI H. N. BAHUGUNA: The whole point is we have got a certain type of facility which we can afford. Presently, I do not think it will be possible for me to accept that advice

but I can assure him on housing I am keen to have houses. I have decided to purchase ready-built houses from the government of West Bengal for our co-workers in the P & T and I can assure supply of spares, maintenance effort, tightened supervision, giving Calcutta its due share in the Fifth Plan should bring about a vast and a different sort of system which will be satisfactory to Calcutta and keeping with its honour and dignity.

18.42 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Thursday, April 19, 1973/Chaitra 29, 1895 (Saka).
